

Dragon Husband 1730 Part 1

Chapter 1730 The arrogant sea god doctor

Hearing this sentence, Wiliam's heart suddenly turned cold.

Drink the wine of your wool, don't you see yourself dying?

Still thinking about drinking?

As if receiving Wiliam's curse, Qin Zhanxiong collapsed to the end after laughing, completely unconscious.

Everyone was still immersed in the joy of the return of King Qin Zhanxiong, when they suddenly saw the sect master fall to the ground again, and they all panicked.

"Someone! Somebody! Save the Sect Master!" The people at the scene turned into a pot of porridge, shouting frantically.

Qin Nuoshi grabbed Su Qingshan by the side and said eagerly, "Poseidon Doctor, save my father!"

Su Qingshan had always had no sense of existence.

Now that Qin Nuoshi was caught and shouted like this, everyone looked at him.

His presence came up all of a sudden.

So the posture was also pinched all of a sudden.

He held his arrogant head, resisted the sour smell emanating from his body, and said arrogantly: "Hoho, why do you think of me now? Weren't you very capable just now? Isn't that Wiliam very capable? You guys? Look for him, what are you looking for me for?"

The sourness in the words spewed out.

However, Su Qingshan really overestimated this group of people.

This group of people are not people with delicate minds, but a group of vulgar and savage people.

Hearing what Su Qingshan said, Qin Nuoshi turned around and walked towards Wiliam, "Wiliam, save my father! Please!"

Su Qingshan was instantly stunned.

I never imagined that the situation would change to such an extent all of a sudden!

He originally thought that when others came to beg him, he must not pinch himself, and he must not lift the shelf, in order to repay the anger of this group of people who didn't know how to praise.

But he didn't think that Qin Nuoshi didn't hear the arrogance in his words at all, but turned his head to find Wiliam!

Ride a horse!

Do you people have shit in their heads?

Can't turn around!

do not!

come back!

Wiliam looked at Qin Zhanxiong on the ground, smiled and breathed a sigh of relief, and said, "Okay."

"Huh! What a good thing! Do you know how to cure diseases and save people? I'll do it." Su Qingshan couldn't hold it anymore, and said quickly.

I don't know if Wiliam will cure and save Su Qingshan.

After all, what Wiliam showed just now wasn't any medical skill at all.

It's a big gamble.

Fortunately, he won the bet.

But now Su Qingshan wanted to do it himself.

After all, Lanshan Zhige still owes him a lot of money.

Judging from the situation just now, this group of people are all white-eyed wolves.

Not with anything in mind.

Now that they are asking for others again, they have to make a move themselves.

It's just that everything must be negotiated before making a move.

I even got the money back with me.

This is Su Qingshan's truest thought.

Fortunately, the honesty of this group of people was not aimed at Su Qingshan.

Seeing Su Qingshan say this, a group of people turned their heads again and looked at Su Qingshan, "Please ask the sea god doctor to take action, we are very grateful!"

Su Qingshan's proud head lifted up again, "I can make a move, but you must return all the chips you promised me before, and you have wasted my spiritual power of the Quartet, and this account will also be counted on you. on the head. Do you agree?"

"Agree, agree! We all agree! Hurry up and take action!" All the people in Lanshan Zhige nodded in unison.

No hesitation at all.

Being so decisive, Su Qingshan even made Su Qingshan suspect that this group of people didn't even think about what the chips were?

"Agree and bring it soon?" Su Qingshan said.

"However, the situation is so critical now that my father is in danger of his life. He also asked the sea god doctor to take action first. I'll send someone to prepare things to honor you." Qin Nuoshi was still quite knowledgeable, while begging Su Qingshan. , while sending someone to prepare something.

Su Qingshan nodded in satisfaction.

He now understood a little bit.

Qin Zhanxiong's life is the life of this group of people.

Qin Zhanxiong standing is the belief of this group of people.

Qin Zhanxiong finally woke up, they just had the hope of covering the sect.

The result fell again.

The greater the hope, the greater the disappointment.

So at this juncture, no matter how much price they put forward, they will agree.

It's a pity that Su Qingshan is also not sure about the situation, for fear that Qin Zhanxiong will die when he bargains.

Otherwise, how cool is it to sit on the ground and start at a price.

"Please let the sea god doctor do it!" Seeing that Su Qingshan still didn't do it, the people around were anxious again.

Some people started to look at Wiliam.

Seeing this, Su Qingshan didn't dare to take it anymore.

Otherwise, this group of people and dogs would go to the opposite side and bark again.

"Get out of the way, and let's see how I come back to life." Su Qingshan said, walking towards Qin Zhanxiong.

The people around him immediately gave way.

Su Qingshan looked down at Qin Zhanxiong and took out his big treasure again.

Sifang Seal possesses the power of prayer, and can recover from any injury through prayer.

Before Qin Zhanxiong was not considered a disease in the strict sense, that was why Su Qingshan stumbled and gave Wiliam a chance to show off.

Now that Qin Zhanxiong is obviously scarred, healing has become a matter of 100 percent.

"I promise, let your Sect Master catch up with tonight's banquet!" Su Qingshan added another sentence in order to show off.

But after speaking, he suddenly felt two sets of resentful eyes looking at him.

He looked up and found that the owner of these two sets of eyes turned out to be Wiliam.

Eh?

What's the matter with this kid?

No matter how he mocked him before, he was unmoved.

Now that he is not mocking him, why is it like having a revenge for killing his father?

Weird?

Su Qingshan didn't understand, at this moment Wiliam was going to be angry.

If you save people, you will save them. I will not stop you or take credit for you.

But you don't forget to cheat Lao Tzu when you save people, and Lao Tzu will be unhappy.

Later, I will kill you before I drink to death.

Su Qingshan sacrificed the seals of the four directions.

The Sifang Seal suddenly floated above Qin Zhanxiong's body, emitting a faint green light.

Qin Zhanxiong was in the green light, the blood on his body was solidifying at a speed visible to the naked eye, and the blood was completely stopped after a while.

The one that people around look at is called excited!

"Miracle! Miracle! This is the sea god doctor!" Everyone shouted.

Hearing this, Su Qingshan suddenly showed a cold smile.

This is what he is used to seeing.

Although the process was a bit bumpy, it finally returned to a normal rhythm.

Lao Tzu is the focus of the universe!

That Wiliam is nothing!

Su Qingshan was thinking with satisfaction when suddenly a strong premonition struck!

not good!

I saw that Sifang Seal seemed to have lost contact with him.

The faint green light on his body gradually dissipated.

Then "click"!

The seal lost its power to float, and naturally fell down.

He hit Qin Zhanxiong on the forehead fiercely!
