

Dragon Husband 1738 Part 1

Chapter 1738 Uninhibited indulgence of love and freedom

Su Qingshan's face turned pale when he heard the name.

It was as if he was entangled in a nightmare again.

But when he reacted, he looked at Wiliam indignantly, "How do you know? It's impossible! You know my sister? My sister told you about me? Are you all targeting me?"

It has to be said that Su Qingshan has severe persecution paranoia.

Wiliam laughed when he heard Su Qingshan's words.

Sure enough, I guessed it right.

"Your sister didn't tell me about you, I guessed it." Wiliam replied.

"Impossible! How did you guess!" Su Qingshan still didn't believe it.

Wiliam smiled and said, "Su Qingshan, Su Hongxiu. Isn't it just right for the green shirt to match the red sleeves?"

Of course, this was just a reason Wiliam said casually.

The real basis for Wiliam's guess was that Su Hongxiu showed one of her treasures at the time.

A black paper boat.

The name seems to be called Du Diao Hanjiang.

Paper boat, cold river.

At that time, Wiliam had no idea how to think about it.

Now that Su Qingshan said it, Wiliam thought it was all right.

Paper boats and Hanjiang are easily reminiscent of Hanzhou and Cang Python.

Wiliam was surprised only now.

It turned out that Su Hongxiu came from the Hanzhou people.

At first glance, the woman was not serious, and it turned out that she had a background.

I don't know why she ran out for shit freedom.

After coming out, he became the suzerain of the red and thin high-rise building, which is also amazing.

forty years old...

I don't know how old Su Hongxiu is now, and how many years are left to live.

It seems that I have to ask her for advice again anytime.

After asking these questions, Wiliam couldn't think of anything else to ask.

He said, "Give me your Sifang seal."

As soon as Su Qingshan heard it, he hurriedly handed the Sifang Seal in his hand to Wiliam.

Wiliam complied with the agreement, and it took more than half an hour to fill the four seals.

But Su Qingshan obviously still had some extravagant hopes. He looked at Wiliam and said, "Then can I find you again after I run out?"

In his eyes, Wiliam is now a mobile power bank.

Inexhaustible, inexhaustible, not redemption.

Wiliam looked at Su Qingshan jokingly, and said, "You used those spiritual powers for years, right? And you don't think about it, how much life do you have left?"

Su Qingshan's face froze, and she glared at Wiliam.

It seems to be saying, which pot is not opened and which pot is lifted!

"Okay, if you have nothing to do, you can go first." Wiliam said to Su Qingshan.

"You kid, remember it for me." Su Qingshan said another harsh word before leaving.

The subtext is that you turn your face and don't recognize people.

After Wiliam sent Su Qingshan away, he immediately returned to Zhige in Lanshan.

All the people in Lanshan Zhige are waiting for Wiliam to come back.

When Wiliam came back, he picked up the wine that had been prepared in his hand one by one, and greeted Wiliam to take a seat.

The blue veins on Wiliam's forehead suddenly jumped up.

Failed!

Treading the horse calculated Qin Zhanxiong, but forgot to calculate this group of sons and daughters!

Qin Zhanxiong can't drink anymore, but it doesn't affect these people drinking!

Wiliam took Feng Xue's hand, turned around very smartly, and flew away directly.

Just leave one sentence.

"I still have important things to do, keep this wine, next time I will come to the door to beg!"

The loser does not lose the battle, and the scene still has to be said.

A group of people looked at each other in dismay, not knowing why their benefactor was so eager to leave?

It's just that in their hearts, Wiliam's image has grown a bit taller.

Dedicated to doing good things, never getting paid.

This is probably the saint.

Wiliam was relieved after dragging Feng Xue for a long time.

The wind and snow on the side has long been happy to bend forward and backward, and the flowers and branches tremble.

"Wiliam, I found that the more you enter the arena, the more cowardly you are. You used to be fearless, where is the arrogance that is about to overturn the world?" Feng Xue said with a smile.

Wiliam touched the cold sweat on his forehead, and said gloomily, "Where am I?"

"Hmph, and said there is none, aren't you afraid of the little ladies in the red and thin high-rise buildings? Aren't you afraid of the men like Lanshan Zhige?"

"It's getting dark, let's find a place to sleep..." Wiliam changed the subject rather bluntly, and hugged Feng Xue.

A blush suddenly appeared on Feng Xue's face, she pinched Wiliam's waist, and whispered, "Rogue."

...

After Wiliam rested, he immediately went to find Su Hongxiu.

After all, there was not much time left for him.

This time Feng Xue didn't follow him anymore, he thought it was too tiring to run around all the time.

Wiliam had to single-handedly break into the red and thin tall buildings.

In a small room, Su Hongxiu smiled and looked at Wiliam, "Why are you back? Have you figured it out? Are you ready to join our warm family?"

Wiliam smiled back: "Oh? Is this family so warm now? Wasn't the family warm before?"

When Su Hongxiu heard Wiliam's words, her expression changed slightly, but she immediately returned to her soft and charming look.

She gently lifted the clothes that were about to fall off her shoulders, and said lazily, "Little Wiliam, what do you mean by that?"

Wiliam didn't give a shit, and asked directly: "Why did you leave the Cold Boat? Is it so exciting to go out and explore the arena by yourself?"

Su Hongxiu laughed even more coquettishly, "Tsk tsk tsk! Little Wiliam is so talented, how could he actually find out this kind of information? You know, even in the red and thin high-rise, Sun Qinger, who has been through the storm with me, will not know my past. How do you know?"

"You wanted to kill your brother for a moment." Wiliam pointed out directly.

"Oh ho, you actually met my unruly, indulgent, freedom-loving brother in blue shirt? Why did he want to kill me? Shouldn't he thank me?" Su Hongxiu was a little confused now.

Wiliam was immediately speechless.

What are these two doing?

Wiliam simply explained the reasons why Su Qingshan hated Su Hongxiu.

Su Hongxiu's eyes widened, "No way? Could it be that I have always misunderstood my brother?"

Seeing her innocent look, Wiliam didn't know where to complain.

"I don't want to get involved in the affairs of your brothers and sisters. I'm here this time mainly to talk to you. I want to go somewhere in the Hanzhou Clan." Wiliam knew Su Hongxiu's character, and he didn't know what to do. I didn't even think about being polite.

"Oh ho, it's really straightforward. Look at this time, you went just in time for the Caixiu Erlang Festival. Are you going to grab another wife from there to go home? Does Feng Xue agree? Why don't you come and grab me directly? I'll lie down and be teased." Su Hongxiu said very absurd things with a very serious expression.

Wiliam felt that the veins in his forehead were about to jump again.

"Let's go, I won't help you." After Su Hongxiu finished speaking, her expression suddenly became cold, and her tone was instantly cold.
