

Dragon Husband 1741 Part 1

Chapter 1741**

“What!” Wiliam actually stood up from the ground and looked at the old man Qingfeng in disbelief.

Back then in the place where the bones were buried, Wiliam knew that the three brothers had taken three of the four emperors’ blood crystals.

Only the last bone blood crystal belonging to the negative book Xuanwu was left.

In fact, Wiliam also thinks when he has free time, who will spend the last piece of bone blood crystal.

Unexpectedly, it appeared at this juncture.

The world is not so peaceful.

Now the last piece of bone blood crystal has been taken away.

The bloodline inheritor of the negative book Xuanwu has officially appeared in the world!

What does this represent!

“Three disasters and troubled times, one magic book slaughter.” The old man Qingfeng said this sentence inexplicably.

Wiliam understands the three disasters, but does this charm refer to the inheritor of the Xuanwu Negative Book?

What is charm?

What does Shutu mean?

Wiliam has a lot of doubts in his heart!

“Who is that person? What does his appearance mean?” Wiliam asked directly.

The old man Qingfeng shook his head and said, “I don’t know who he is. But I can tell you what I know.”

“Xuanwu of the negative book is one of the four ancient demon emperors. His most powerful is the Hetu Luoshu on his body. According to legend, the real Hetu Luoshu knows all things in the world, and has records of the heaven and earth. Mysterious function. In this world, there is only one real Hetu Luoshu, but there are thousands of Hetu Luoshu handed down, and many prophecies come from the Hetu Luoshu.”

“Including what I just said, the judgment of the three disasters and the great sage, including the judgment of the three disasters and troubled times, and the conclusion of a magic book.”

After hearing this, Wiliam couldn't help but be speechless.

This negative book Xuanwu is definitely a great prophet through the ages.

If his inheritor is so powerful, he is simply a hegemon.

To be honest, now Wiliam is looking forward to who this person is.

However, he actually had a strange feeling in his heart.

The three brothers, and the inheritor who has just appeared in this world, can only be friends, not enemies.

Really looking forward to it.

One day, the inheritors of the four ancient emperors will gather together and chat happily!

“Can you be more specific about the effect of that book? What does it mean to record the common people?” Wiliam asked curiously.

“I don't know the specifics, but the general meaning is that any content recorded by this person in the book will have a high probability of happening.” The old man Qingfeng said with some embarrassment.

Obviously there is a lack of information.

And Wiliam was shocked again and his scalp was numb!

What is the recorded content, there will be a high probability of occurrence?

This ride!

is not it**?

Write down whose name, write down how to die, this person will die?

This is too outrageous!

Not scientific!

No, no, no, you must have a good relationship with this person?

Otherwise the name is either written on the book or engraved on the tombstone...

"Okay, this topic ends here. I believe that fate has arrived, and you will naturally meet the last inheritor." The old man Qingfeng obviously didn't want to say more on this topic, and immediately ended the topic.

"Okay, let's go back to the topic at the beginning. When are we going to go to the Cold Boat Race?" Wiliam could only give up.

"Going to the Cold Boat Race? Tomorrow, the journey will take some time. Besides you, is there anyone else who wants to go?" Old Man Qingfeng asked.

Of course Wiliam nodded, "And my wife Bai Fengxue, let's go too."

Wiliam now wants to take the wind and snow wherever he goes.

When Feng Xue became crazy, Wiliam couldn't hold her back, not afraid of her being hurt.

Second, Wiliam also wanted to accompany her day and night to make up for the time and feelings he owed before.

"Oh, in this case, the quota is just right, and I can only take two people with me. But if you two go together, you can't be husband and wife." The old man Qingfeng nodded and agreed.

But this inexplicable sentence made Wiliam stunned, "What does it mean not to be a husband and wife? If I go to a cold boat, I have to divorce my family Fengxue?"

However, the old man Qingfeng said with a smile: "Wiliam, Wiliam, say you are smart, there are few people in the world who can count on you. But say you are stupid, you will become dull when it comes to your own affairs. already."

"How many years have the Cold Boaters been known to me, they have always known that if I go there, I will only bring two followers."

"If you and your wife are commensurate with husband and wife, that will inevitably arouse the suspicion of the cold boaters, won't it? Will it be beneficial to your next actions?"

Old Man Qingfeng's words made Wiliam feel a little ashamed.

It seems so.

If you want to follow Feng Xue, you will have to pretend to be two followers.

"Okay, I understand what you mean, then, I'll bring Fengxue tomorrow to meet with you?" Wiliam finally asked for his opinion.

"Well, no problem." Old Man Qingfeng didn't say anything anymore.

The two drank tea for a while before Wiliam got up to leave.

The next day, Wiliam, as promised, brought Feng Xue to the hut of the old man Qingfeng.

The old man Qingfeng looked at Fengxue and nodded with a smile, "Yes, she is a good person, and only such a woman can be worthy of you, Wiliam."

Feng Xue's face was slightly red, and she was a little shy and did not dare to speak.

After hearing this, Wiliam frowned.

He said to the old man Qingfeng, "Old man Qingfeng, can I borrow a piece of clothes, a room, and a little time?"

The old man Qingfeng didn't know what to do, but he still obeyed Wiliam.

Wiliam brought Feng Xue into a room, and then quickly closed the door.

Bai Fengxue was heartbroken for a while, and stared at Wiliam closely, "What are you doing?"

Wiliam lightly grabbed Feng Xue's shoulders with both hands, and said softly, "Feng Xue, this trip to the cold boaters group, we are in danger, now is the most peaceful moment before danger comes."

"Well, I know, what do you want to say?" Bai Fengxue nodded, with an ominous premonition in her heart.

"Also, after going to the Cold Boat, we can't be husband and wife for the time being, we have to keep a certain distance..." Wiliam said to Feng Xue with a little affection.

When Feng Xue heard this, a heart was about to jump out of his chest.

Now even a fool can hear what Wiliam meant.

The quietest moment before danger comes, isn't it just to have fun?

I can't be a husband and wife for the time being, but I can still do it now, so I have to have fun in time?

This little thing, the courage is getting bigger and bigger.

I can't do it at home. Now I'm going to other people's houses and borrowing rooms...

"No, no, no, no! I can't, I can't stand it! It's in someone else's place, I can't! If you dare to touch me, I'll beat you up!" Bai Fengxue's face was flushed with blush, and her face was green.
