

Dragon Husband 1747 Part 1

Chapter 1747 Can't be cowardly

A little spicy chicken, instantly detonated the audience's attention!

Everyone looked at Wiliam in astonishment, wondering where this young man had the courage to provoke the most talented person in the cold boat in the past century!

Are you really not afraid of death?

Do you really think that you can be unscrupulous until you reach it!

Moreover, in the case of letting both hands and feet!

Funny!

And Su Lanbo knew that this was Wiliam's provocation, but his anger was ignited at once.

He looked at Wiliam viciously, "You will pay a heavy price for your arrogance!"

With that said, Su Lanbo rushed towards Wiliam directly.

He made a fist with one hand and beat Wiliam's heart fiercely!

The sound of the breaking wind is already frightening!

But Wiliam showed a faint smile.

That expression seemed to be saying to Su Lanbo, "That's it?"

Amid the exclamations of the crowd, Su Lanbo slammed Wiliam's heart with a punch!

The people at the scene were collectively petrified!

Everyone thought that this kid must be so arrogant, there must be something special!

Otherwise, it is really courting death!

Perhaps, this kid's movement skills are not bad. In the case of letting his hands and feet, he can use his movement skills to find another way.

After all, as long as the speed is faster than Su Lanbo, it is possible to be invincible.

The best ending in this way is that no one can beat anyone, and in the end, there is a draw.

But I didn't think of it, this brat!

Not even dodging!

With the attack of Su Lanbo in front of him, the young people present weighed it in their hearts. Would you dare to follow it without any scruples like this?

Not at all!

A dull voice sounded.

This is Su Lanbo's tiger fist smashing William's heart.

Some people have closed their eyes, afraid to see the picture of blood flying.

Even Su Yongcun shouted out, "No!"

It's said that until the end, if the first move is to kill people, it will not be good for the reputation of the Hanzhou people if it is spread out, and there is no way to explain it to the old man Qingfeng.

But the next second, the exclamations came one after another.

Those who didn't close their eyes clearly saw that Su Lanbo's fist was like hitting a stone, and his right hand was obviously folded.

Ordinary people receive this punch, not to mention the flesh and blood flying, even if they are not injured, but their bodies will always be blown away!

Because this punch was so powerful, it hit a cow and the cow had to fly backwards.

And this kid, as if he had practiced the weight of a thousand jins, did not move at all under such a violent bombardment.

Even the breath remains as flat as ever.

What's even more terrifying is that Su Lanbo let out a scream!

His body flew out.

what is happening!

Could it be that Wiliam is not a person, but really a hard rock?

Everyone looked at Su Lanbo who flew out.

After his body hit the ground hard, he rebounded quickly, and finally stabilized.

Su Lanbo's face has become extremely ugly!

Everyone's eyes were on Su Lanbo's right hand.

I saw that his right hand was much red and swollen.

If it weren't for Su Lanbo's ability just now, when his fist touched Wiliam's body, he noticed something strange, even though he took back his strength.

Otherwise, now his right hand has been directly broken!

this kid!

Su Lanbo stared fiercely at Wiliam, as if he wanted to see through what this kid was capable of!

"What's going on here? Why wasn't this young man injured, but Su Lanbo was injured?"

"Hahaha, it's fun, it's really fun, it's rare to see Su Lanbo collapse."

"This battle between the two dragons is really exciting, Su Lanbo, let's go again, don't be shy!"

Some good people at the scene immediately shouted.

Hearing such a voice, Su Lanbo was even more angry in his heart.

However, it made him calm down a little.

The people at the scene didn't know what happened just now, but didn't Su Lanbo know yet?

When his fist touched Wiliam's body, Su Lanbo didn't feel a softness that touched his body.

It's a piece of steel!

As if this kid's body is made of steel plate!

And clearly, Wiliam is flesh and blood.

Su Lanbo was a little confused.

Could it be that this kid has really mastered an iron cloth shirt with a golden bell cover?

Wiliam looked at Su Lanbo, but hooked his little finger again, "Come here."

Bug carving tricks.

After the punch just now, Wiliam has completely seen through Su Lanbo.

Martial arts can only be said to be mediocre.

But it can be called the strongest talent in a century on the side of the cold boat.

It shows that the cold boater group is really not the material for martial arts.

Of course, with the exception of the girl Su Hongxiu.

What if Wiliam gave up his hands and feet to Su Lanbo?

There are still 111,000 ways to beat Su Lanbo.

For example, Wiliam hides the needle in his body, and he can fight back with the long live demon lotus when Su Lanbo hits him.

The punch just now was enough to kill Su Lanbo.

But Wiliam was disdainful.

To deal with such a person, do you have to use the Long Live Demon Lotus?

Standing and letting him fight, he can't do anything about it.

You know, Wiliam can summon the unicorn armor, can Su Lanbo wear the unicorn armor?

Taking 10,000 steps back, Wiliam's body is now completely reborn after being quenched by the blood crystals of the Earth's bones and the peach blossoms.

It is not an ordinary Innate Secret Realm martial artist that can hurt.

And being provoked by Wiliam like this, Su Lanbo's anger suddenly came up.

That's abominable!

Deceiving too much!

He stretched out one hand, and a small seal appeared in his hand.

It is clearly the seal of the four sides.

The Sifang Seal slowly overflowed with a pale green light.

This light is constantly repairing the injury on his right hand.

After a while, Su Lanbo's right hand returned to normal.

And his arrogance returned to normal.

Su Lanbo laughed loudly, "See! What's wrong with your body, what does it matter? As long as I have this thing, I can be invincible!"

Su Lanbo's laughter immediately attracted many people around him to laugh and scold.

"Su Lanbo, you are so shameless! You even healed yourself! This is killing your opponent!"

"The soldiers who bring their own reply are the worst, Su Lanbo please respect yourself."

Su Lanbo felt comfortable when he heard the voice.

Isn't this complimenting him in disguise?

Even, in order to show off more, Su Lanbo deliberately did not stop the green light after the injury on his hand was healed.

He also provocatively raised his chin at Wiliam, "Come here!"

A word was returned to Wiliam, trying to disgust Wiliam with this.

But Wiliam really laughed.

He looked at Su Lanbo and made a move.

"This green light looks pretty good, I can use it too."

“Come here, Green Light.”

As soon as the words fell, the green light of the Sifang Seal in Su Lanbo’s hand, as if alive, surged out of the seal and flew towards Wiliam’s hand frantically!
