

Dragon Husband 1750 Part 1

Chapter 1750 Enter the bridal chamber first

William was stunned for a moment, opened the lid of the wine silently, and took a sip of wine.

Then look straight ahead.

I saw that the moon is bright and the stars are here, and the breeze is everywhere.

There is also the sound of crashing waves hitting the rocks.

This is definitely a pure land on earth.

"Not bad." William said slowly after admiring the beautiful scenery in front of him.

"Well, I have vision." Su Yongcun also said casually, and then drank silently.

William didn't know why Su Yongcun suddenly came out and asked him to drink together, let alone why Su Yongcun asked such a sentence inexplicably.

Are you showing off your home?

But William felt that Su Yongcun, who was in front of him at the moment, was completely different from the hearty big man in the daytime.

The person in front of him clearly hides a lot of thoughts, and his expression is extremely vicissitudes.

"But why can't people keep people in such a beautiful place?" Su Yongcun sighed again, and then drank silently.

For a while, Wiliam felt a little awkward in the atmosphere.

If the other party is a woman, do you have to comfort others?

But it's clearly a big man with a beard in front of him, what's the sadness here?

Wiliam got goosebumps all over his body.

After a while, Wiliam felt that the other party should not lead the way.

You have to get into your own rhythm.

"Why did you ask me to drink?" Wiliamzhuang asked casually.

"Because you are an interesting guy." Su Yongcun glanced at Wiliam, and didn't seem to take this issue to heart.

"How?" Wiliam asked back. ,

"Are you pretending to be stupid with me? Great sage?" Su Yongcun finally smiled and looked at Wiliam.

This sentence of a great sage suddenly made Wiliam smile.

Yeah, both of them are playing dumb with each other, is that funny?

"You already recognized me." Wiliam raised the wine jar in his hand.

Su Yongcun also lifted it up, "Nonsense, I have been ferrying thousands of times in my life, but it is only once to the great sage, can I not remember it?"

"So, thank you for helping me out at night." Wiliam took a sip of wine.

What he said was of course the last moment. Su Yongcun said that it was mysterious and mysterious, and attributed Wiliam's ability to call the seal spiritual power to the king of unwarranted energy.

In this way, no one will go to the depths of what is hidden in Wiliam.

It is equivalent to helping Wiliam free from the public eye, and also playing a very wonderful cover for Wiliam.

"It's just a little effort." Su Yongcun didn't care, just drinking.

"Why help me? You know, I'm an outsider." Wiliam smiled.

"What do you think?" Su Yongcun didn't answer directly.

"It shouldn't be that you hate Su Lanbo." Wiliam also began to practice Tai Chi.

The two of them felt extremely boring when they came and went.

Only then did Su Yongcun sigh, and said, "The great sage will not come to our Hanzhou people for no reason, right? He will not come to us as the apprentice of Old Man Qingfeng."

"Well, so you already guessed that I came here with a purpose, so if you say that, you shouldn't help me." Wiliam shook his head.

Dragon Husband 1750 Part 2

"Since it is a great sage, there must be great sages. I will not interfere with the behavior of a great sage casually. I am afraid of being punished." Su Yongcun smiled bitterly.

"Damn?" This sentence made Wiliam feel emotional.

The man in front of him, who obviously doesn't seem to care, is actually afraid of the mysterious saying of God's condemnation.

Perhaps, the fate of the cold boater, let him plant a terrible fatalism in the bottom of his heart.

this sad man.

"What's more, you come here, maybe it has something to do with that matter, so I won't interfere with you." Su Yongcun said inexplicably.

Wiliam looked at Su Yongcun, but didn't answer.

He didn't know how to answer.

What exactly did that matter mean in Su Yongcun's heart?

"Return to the topic just now, is it really good here?" Su Yongcun asked this question again.

This time Wiliam didn't answer.

Because Su Yongcun has already begun to ask and answer his own questions.

"Here is a place where the wind is gentle, the moon is full of stars, and it looks really beautiful at first glance. But, why can't we keep people? Why are everyone trying so hard to get out. My father is, so are my children, and even I The surrounding relatives and friends also have such thoughts. Is it really that good outside?" Su Yongcun sighed.

"I can't describe to you whether it's good or not." Wiliam reluctantly said a word, which was regarded as a response.

Because it is impossible for him to tell a person who has never seen the outside world, how high the sky is outside, how wide the land is, people are passionate, and there are thousands of creatures.

"I also accept my fate. Maybe you already know the fate of our cold boaters? You must not leave here in this life." Su Yongcun glanced at Wiliam.

Wiliam nodded without concealing it.

No need to cover up either.

"Sure enough, so you came here, maybe it's really an opportunity. An opportunity that may break the fate shackles of our cold boaters." Su Yongcun finally said such a sentence.

Wiliam was silent.

"So, what you want to do, just do it, I will turn a blind eye, and I also want to see what kind of prosperity will be born to the cold boaters after breaking the shackles of fate. But there is only one bottom line. , that means you are not allowed to hurt my family." Su Yongcun really believed in fate.

He believed in Wiliam's identity as a great sage, so he also believed that what Wiliam did was a gift from heaven.

Everything is God's will.

"I don't know what to say, but I can assure you that I will not hurt your clansmen. Of course, this is based on the fact that your clansmen will not hurt me, such as today's Su Lanbo." Wiliamliang out of his bottom line.

"Hoho, that fool. How can you be compared with you?" Su Yongcun sneered at first, but his brows furrowed again.

"What? You can't help him?" Wiliam asked curiously.

Su Yongcun shook his head and said, "It's not that I can't help him. It's that I have no way to deal with him under the existing taboos."

"Especially, my daughter will also be the matchmaker for this Color Embroidery Erlang Festival."

"I can't dissuade her. Therefore, there is a high possibility that she will be chosen by that kid Su Lanbo."

"This is what bothers me the most."

Su Yongcun drank the wine fiercely, and then looked at Wiliam with burning eyes.

Wiliam was a little horrified by him, "If you have something to say, just say it."

Only then did Su Yongcun speak, but when he opened his mouth, his words were amazing.

"Are you married? Why don't I help you match tonight and let my daughter enter the bridal chamber first!"
