

Dragon Husband 1764

Chapter 1764 twists and turns

How could Bai Fengxue not know what Su Lanbo was thinking.

She was a little regretful at the moment and shouldn't show her true face.

William is right, his appearance is a sin.

A sinful sin.

Just now, you shouldn't be impulsive and show your appearance.

Well now, it is being missed.

Bai Fengxue looked at William, wanting to see some comfort in William's eyes.

With their eyes facing each other, William's eyes were gentle, and he didn't blame Feng Xue at all.

Instead, he nodded towards Feng Xue.

It means like, on this stage, you can break freely.

If something went wrong, William would naturally be behind him.

This kind of boyfriend's powerful eyes instantly calmed Bai Fengxue's heart a lot.

She began to wait and see.

Su Hongxiu didn't think that Su Lanbo's appetite was so great, and he even hit Bai Fengxue directly.

It kind of disrupted her rhythm.

Su Hongxiu frowned and said, "Don't even think about it!"

"Hoho, it's not up to you! What's the matter, I see a woman more beautiful than you, and now I'm jealous, and I'm starting to lose? Su Hongxiu, Su Hongxiu, you are finally sober, you are not the most beautiful in this world! No! You are the strongest! Not everyone has to revolve around you!" Su Lanbo couldn't help but quarrel with Su Hongxiu.

After he finished speaking, he went to ask Su Changsheng again.

Su Changsheng squinted his eyes and said something ambiguous, "Well, it's not impossible to be treated equally."

As soon as these words came out, Su Yongcun's face became extremely ugly.

He also regretted it a little.

In the past, he supported his daughter like this, and promised that all the men in the audience would be subordinate to the skirt.

Now it's time to shoot yourself in the foot.

It became Su Lanbo's favorable promise.

If this is the case, wouldn't it cause a lot of trouble to William.

"No! I said no!" Su Yongcun also stood up and objected.

However, Su Lanbo has completely ignored Su Yongcun's status.

He sneered: "Why, only your daughter is allowed to have such rights, not me. Su Yongcun, Su Yongcun, you are unfair, but Chi Guoguo is written on your face, you are still worthy of today's prize. The host of the Embroidery Festival?"

Su Yongcun never thought that Su Lanbo was so sharp and sharp, but he couldn't find the right words to refute for a while.

"Little lady, ho ho, I'm sorry, tonight, I'm going to appoint you." Su Lanbo looked at Bai Fengxue again proudly.

Bai Fengxue felt disgusting when she saw Su Lanbo's eyes.

But the current situation is really not good for her.

Bai Fengxue thought so.

Since it's your own fault, you have to find a way to solve it yourself.

Bai Fengxue didn't want William to look down on him for not accomplishing anything.

Thinking of this, Bai Fengxue was heartbroken and said lightly, "Want to choose me?"

"Otherwise!" Su Lanbo asked rhetorically, "I choose you, you have no other choice, this is the reality."

"Hoho, isn't it?" Bai Fengxue was indifferent for a while, "Do you really think you are number one?"

"Su Hongxiu's grades don't count, it's naturally my number one, this is an indisputable matter." Su Lanbo thought that Bai Fengxue was delaying time, and his psychological joy blossomed.

This woman can't escape a stab tonight!

"Oh so confident. Okay, I'll apply for Jiangshan's extradition too." Bai Fengxue suddenly said something that made everyone in the audience dumbfounded.

The scene was collectively silent.

What did they hear?

This fairy, also participates in the extradition of Jiangshan?

These words, said from Bai Fengxue's mouth, were more shocking than those from Su Hongxiu's mouth.

Because Bai Fengxue is also a daughter first, according to the established rules, she cannot participate in the extradition of Jiangshan.

But this rule has been broken by Su Hongxiu, and now there is nothing to refute.

The key is that Bai Fengxue is not a member of the Cold Boat Race at all!

How can it be extradited by an outsider ginseng plus the country!

This is the biggest reason why everyone is totally against it.

Since ancient times, Hanzhouzhe has never been extradited by an outsider.

This aspect is naturally due to the fact that the Cold Boat Race is closed all the year round.

But the biggest reason lies in being able to participate in the extradition of rivers and mountains, and those who can extradite spiritual energy can only be done by people of the blood of the Cold Boat.

Without the bloodline of the Cold Boat, there is absolutely no way!

Is this woman crazy?

He even thought of taking part in the competition to delay time.

Even Su Lanbo felt a little stunned.

Is this woman crazy?

Or the more beautiful women are, the crazier they are?

All of them are thinking of participating in Jiangshan's extradition!

are you crazy!

However, after a brief absence, Su Lanbo finally understood why.

It should be this woman who wants to imitate Su Hongxiu and try her luck.

Or to put it more bluntly, want to delay time.

ho ho, is this possible?

How could Su Lanbo let her get her wish?

"Hoho, little girl, are you thinking too much? First of all, you are not a member of our Cold Boat Race. You don't have the blood of our Cold Boat Race. Where do you qualify to participate in Jiangshan's extradition? I advise you, don't It's wasted time procrastinating." Su Lanbo said jokingly.

The people at the scene also thought that Bai Fengxue should be trying to delay time.

But at this time, Wiliam said lightly in the audience: "Oh? I remember that in the taboo of your cold boaters, there is no record that outsiders can't participate in extradition, right?"

In a word, everyone on the scene was dumbfounded.

Everyone frantically recalled the rules in the taboo of the cold boaters, but they discovered a fact in shock!

It's exactly as Wiliam said!

There is only one sentence written on the taboo of the cold boaters.

The brave person participates in the extradition of the country, and the winner can give priority to the selection of the opposite s*x matchmaker.

Here, the meaning of the brave made Su Hongxiu stubbornly caught just now, and let her take part in the competition as a hero.

Unexpectedly, this Wiliam actually caught the loophole in the rules!

The definition of the brave in the taboo of the cold boaters does not include whether it is male or female, nor whether it is a person of this ethnic group.

This is so special!

Everyone looked at Wiliam with extremely complicated eyes.

This kid, when did you study the taboos of the cold boaters?

What Su Hongxiu said just now, or did he casually flip through the taboo of the cold boater before?

very scary!

Su Lanbo wanted to refute again, but at this time, the old man Qingfeng smiled, "It's getting more and more interesting, you won't die."

"Yeah, with twists and turns, it's like watching a play." Su Changsheng also gave a rare smile.

Su Yongcun took a deep breath and looked at Wiliam.

Since Wiliam said so, there must be his reason!

Just trust Wiliam again!

In other words, just trust Wiliam's wife again!

As for the reason for believing, Su Yongcun himself does not know.

"Okay! You can do it without any taboos! I allow you to participate!" Su Yongcun said loudly.
