While speaking, Bai Fengxue waved casually.

A peach blossom branch with ice residue appeared in his hand.

Her hand was casually between her eyebrows.

In an instant, a chilling wind swept through the audience!

Bai Fengxue's hair instantly turned ice blue!

There was also an ice-blue light between her eyebrows, covering the pattern between her eyebrows.

Faced with this sudden change, the people present were dumbfounded.

Everyone looked at such a white wind and snow, each with a blank look in their eyes.

What's happening here?

Can it be transformed?

Is this woman a human or a ghost?

The blue-haired Blizzard moved slowly, walking slowly.

People with good eyes can clearly see Bai Fengxue's footsteps forming a thin layer of frost.

One step at a time, the frost is extremely cold.

Seeing this scene, Wiliam couldn't help sighing, "Fengxue's strength is indeed getting stronger."

Fengxue's own bloodline is extremely strong, and now he is able to adapt to the Cang Python bloodline very quickly.

In fact, Wiliam also knew that although Feng Xue was bruised and bruised just now, he was not at the point where his life was in danger.

Feng Xue is right, this Su Lanbo is really annoying.

It's better to kill this girl as soon as possible, so as not to be upset.

"Humph! Little worms, do you think you are the goddess of ice and snow? Courting death!" Su Lanbo was not afraid of Bai Fengxue at all, and he rushed up after seeing the wind and snow coming step by step.

A cold wind condensed in his hands, and attacked Bai Fengxue again.

This cold wind is stronger than before.

There was even a bit of crushed ice in the cold wind.

However, Feng Xue only gently lifted the peach blossom frost branch in his hand.

The cold wind seemed to be frozen, and it became quiet in an instant.

Everyone at the scene was stunned!

Can the wind be frozen?

However, this scene is actually happening.

Because everyone can see it with the naked eye, in front of Feng Xue, there is a shape of a frozen wind floating.

When the wind and snow was knocked at random, the shape of the wind shattered into pieces of ice.

Su Lanbo frowned when he saw this.

"Humph! It seems that there is still a little bit of ability hidden! You finally did not let me down! I hope this time, you can last a little longer!" Su Lanbo said coldly.

Feng Xue was silent, just moving towards Su Lan step by step.

The atmosphere at the scene is getting colder and colder.

The people below couldn't help shivering.

"What the hell! Is Su Lanbo so strong now? It can actually drop the temperature several degrees!" Someone directly complained.

"Did Su Lanbo do it? How do I feel, that woman did it?" Someone objected weakly.

Su Lanbo moved again.

He rushed directly to Bai Fengxue and made a fist with one hand.

The fist was instantly wrapped in a vortex of cold wind visible to the naked eye.

This vortex is getting bigger and bigger.

When he was in front of Bai Fengxue, there was already a whistling momentum.

"Death to me!" Su Lanbo shouted loudly, and smashed the vortex in his hand towards Feng Xue!

Bai Fengxue did not dodge, but looked up.

Her eyes were empty and numb, like an ignorant child who was fearless in the face of death.

Seeing that the vortex was about to sweep over the white wind and snow, Su Lanbo showed a crazy smile.

This is Su Lanbo's strongest move!

"The whirlwind of death!"

But in the next second, the jaws of the people at the scene will fall to the ground!

They didn't even see what was going on!

I heard Su Lanbo scream!

Bai Fengxue disappeared in place.

The whirlwind of death hit the ground hard!

The ground was cut with dense openings by the wind.

If this cyclone cuts on a person, it is guaranteed to be torn apart!

When Bai Fengxue reappeared, he was already behind Su Lanbo.

The blue-haired Fengxue casually lifted the peach blossom frost branch in his hand.

Su Lanbo held his head and let out a scream!

The blizzard's offensive has already started.

Allowing Su Lanbo to hold his head, the snowy peach blossom frost branch knocked on his hand again.

Take the lead and knock together.

Blizzard's attack method is single and outrageous, that is, knocking.

Her attack part is also very good, only the head.

"Bang bang bang!"

"Ahhh!"

With the sound of Bai Fengxue's beating on the head, Su Lanbo's screams were endless.

Everyone finally woke up!

Is this scene real!

Why does Bai Fengxue in front of me look like a different person!

Like neurosis?

Everyone finally came to their senses, how caring what the normal Bai Fengxue said just now.

Protect your skull...

This is just a friendly reminder!

After a while, Su Lanbo's voice changed from loud to quiet.

Everyone's mouth continued to grow.

It's not because Su Lanbo is about to be knocked out.

It was because Su Lanbo was gradually frozen into a popsicle!

Everyone had absolutely no idea what was going on.

Su Lanbo was inexplicably subdued by the wind and snow.

Seeing that Su Lanbo was about to freeze completely, someone finally shouted, "Something's wrong! Su Lanbo is going to die!"

Everyone could see that Su Lanbo's face was covered with frozen blood, and a frozen head was opened, like a watermelon.

If you are beaten by the wind and snow a few more times, you may die.

"Save him!" Someone shouted again.

Although everyone hates Su Lanbo.

But Su Lanbo is the person of the cold boat after all.

Internal problems are solved internally.

At this moment, everyone's enemy is this crazy woman.

If Su Lanbo died on stage, it would be a big slap in the face of the Hanzhou people.

Never allow such a thing to happen in front of people.

As a result, a large group of people rushed towards the stage.

But as soon as they got to the stage, everyone started a cold war!

This is so special!

so cold!

It feels like following up in the world of Frost!

What the hell is this!

Some people on the scene have begun to regret it.

However, being crowded with people, there is no room for retreat.

Seeing this scene, Wiliam couldn't help shaking his head.

You are still too young.

Seeing this scene, Su Hongxiu suddenly laughed.

Smile so charmingly.

I thought this was the end of the story.

I never thought that there were still a group of fools who forced the story to continue.

Su Hongxiu knew the characteristics of the blue-haired wind and snow.

Not dizzy.

If everyone didn't go up, Su Lanbo fainted and Lan-hair Fengxue had no enemies, so he would naturally stop.

However, this group of people thought that their heads were too relaxed, so they rushed to get together.

This is a gift for the blue-haired snowstorm.

"Standing in rows, knocking on the head, it's really interesting." Su Hongxiu couldn't help joking offstage.

Wiliam shook his head and looked towards the stage.

The blue-haired blizzard on the stage, his empty eyes turned around the group of people, and a sentence like a three-year-old child came out.

"You guys, are you going to hit me?"
