

# Dragon Husband 1795

Chapter 1795 Ye Qiongqi

However, Wiliam's reminder was too late.

The people in the red and thin high-rise buildings couldn't bear the oppressive atmosphere, and a few people rushed directly to Su Lanbo.

And Su Lanbo saw this scene with a playful smile on his face, as if he was watching a good show.

"Boom!"

The dark clouds in the sky also seemed to be completely unable to hide, and a thunder that resounded through the heavens and the earth suddenly sounded.

Then—

A flash of lightning actually fell directly from the sky, and was severely criticized on the way forward by the few people in the red and thin high-rise buildings!

Those people in the red and thin high-rise buildings are completely stupid!

Their bodies were stiff in the middle of the road, and a scorched black hole had been split by lightning one meter in front of them!

They can even smell the faint smell of barbecue on their bodies!

There was no lightning strike, but it was still affected by the distance!

This scene made all the people present cluck their tongues in unison!

Is there such a coincidence in the world?

Wiliam looked up and saw the sky!

Above their heads, a dark cloud was still rolling.

A flash of golden lightning can be seen between the dark clouds, as if accumulating strength.

“Who!” Wiliam shouted coldly.

The direction he spoke was actually towards the sky, towards the dark clouds!

“Hahahaha!” On the contrary, Su Lanbo laughed loudly, “Aren’t you going to kill me? Come on, why are you cowardly?”

He was constantly provoking.

But everyone could see that there was something odd here.

Su Lanbo has a strong backer!

At this time, the dark cloud in the sky quickly rolled and condensed!

Then it gradually fell down and hung above everyone’s heads.

This group of dark clouds has become like clouds and fog, and it is incomparable.

As if a gust of wind blows, the black air can be blown away.

“Who! You’re pretending to be a ghost here! Don’t you dare to show your true face!” Su Hongxiu was obviously angry at the moment.

If it wasn’t for her clever disciple just now, wouldn’t this lightning strike kill several people!

How cruel!

“Just because of you, are you worthy of seeing my real body?” A deep and ethereal voice appeared in the black air.

Wiliam frowned, feeling a very uncomfortable feeling in his heart.

It seems that this mass of black air can peep into everything in the world.

Everyone is within his control.

The feeling of being watched all the time but not knowing where to be watched is very disturbing and unpleasant.

“Oh ho ho, unexpectedly happy. There are three ancient things here, it’s so happy.” The black qi laughed again.

He is naturally Su Lanbo’s master, Ye Qiongqi.

At this moment, Ye Qiongqi is in a really good mood.

In his eyes, these people in front of him are just little ants.

No matter how many ants there are, it is enough to just step on them with one foot.

The crowd tactics have long been useless for people of his realm.

At this moment, Wiliam was very tense.

No one has ever been able to give him such a strong sense of oppression in his life.

As if the opposite is an unattainable peak.

He also didn’t understand why Su Lanbo had such a terrifying expert to support him.

And the high level of mental tension also made Wiliam constantly ponder what this person just said.

Unexpected joy...

Three antiquities...

What exactly does this mean?

Is there anything in our group that interests this person?

Appearing here, there is a high probability that the Jiangshan Prayer Seal that I just got is what this guy sees...

Wiliam gradually realized something.

“Ancestor, can you see the person in front of you?” Wiliam had to ask Senior Tianqing Qilin in his heart.

In other words, Senior Tianqing Qilin has not spoken to Wiliam for a long time.

After a while, the voice of the sky blue unicorn echoed in Wiliam's mind.

Tianqing Qilin didn't tell Wiliam what the person in front of him was, why he was able to transform into Qi, and maybe even control lightning.

In the words of Tianqing Qilin, it only needs three simple words.

"Escape quickly!"

When Wiliam heard this, he suddenly felt that something was wrong!

What kind of terrifying existence is the sky blue unicorn?

In the eyes of Tianqing Qilin, the masters Wiliam met in the past were simply dismissive!

Now the sky blue unicorn is the first to make Wiliam run away!

It means that this guy in front of him is enough to attract the attention of Tianqing Qilin!

How terrifying is that!

"Ancestor, what's going on! Can you tell me!" Wiliam couldn't help asking in his mind.

"This person in front of you is simply not something you can handle at your current state. Let me put it bluntly. If he kills you, it's like pinching an ant. Those people buy some time for you first, run away quickly." The old voice of Tianqing Qilin sounded.

At this point, Wiliam is like falling into an ice cellar!

There really is such a terrifying powerhouse coming!

What is he for!

However, the words of Tianqing Qilin made Wiliam a little uncomfortable.

What does it mean to let those people buy themselves some time?

Are you going to let Han Xing Wangqing and the people from the red and thin high-rise go to their deaths to buy time?

Then buy yourself time?

Wiliam has no way to do this...

"Ancestor, how much can you lend me now?" Wiliam asked again.

He needs to have an assessment of the strongest strength he can do.

"Can't you understand? Even if I borrow half of my strength from you, you are still not his opponent. What's more, if I can show a layer of strength now, it would be very good." Tianqing Qilin seemed to be a little dissatisfied with Wiliam, and his tone was also indifferent. some.

Wiliam no longer answered Tianqing Qilin.

He was thinking in his heart if there was any way, with the least cost, in exchange for the greatest survival.

"Wiliam, what should I do now?" Su Hongxiu asked quietly beside Wiliam.

She also felt that the person in front of her was too powerful, not something they could deal with now.

And as soon as she finished speaking, she suddenly felt goosebumps all over her body, as if she was being stared at.

Then!

Su Hongxiu watched helplessly!

Wiliam, who was going to answer her question, suddenly turned pale!

It was as if he was being manipulated, and he couldn't move!

Then, the body slowly floated into the air, hanging there motionless.

At this moment, the black air let out a sneer again.

"Let's start with you first, you guy, it's really a headache. My apprentices have nothing to do with you. Then only I can do it myself."

As he said that, the black air suddenly contracted slightly.

It's like a hand clenched lightly.

Everyone was horrified to see that the sky that was gradually clearing up, suddenly a dazzling lightning flashed across!

He slashed directly at Wiliam, who couldn't move!

A terrifying blood mist burst out from Wiliam's body!
