

Dragon Husband 1801

Chapter 1801 Strong!

The scarlet long live demon lotus seemed to have heard Wiliam's words, her whole body flickered, and she rushed towards the invincible Ye Qiongqi without hesitation!

And Ye Qiongqi saw Wiliam rushing over, and his eyes fell on the unicorn armor on Wiliam and the scarlet long live demon lotus.

He didn't mean anything at all, but laughed loudly: "Sure enough! I guessed right, you kid has more than one ancient stuff hidden in it. It seems that there are at least two or three. Come on. Tsk tsk tsk, this ancient bloodline, this ingenious silver needle, is amazing."

"It's a pity that this silver needle can't be used by me." Ye Qiongqi smiled, the black energy flashing from his body.

A black gas barrier is still condensed.

Wiliam's body hadn't rushed in front of Ye Qiongqi, but Long Live Demon Lotus had already bumped into it!

Long live the demon lotus is like hitting a black mountain. The seemingly light and insubstantial black air completely blocks Wiliam's long live demon lotus.

Then, a ripple appeared on the black air barrier, and as soon as the ripple swayed, the Long Live Demon Lotus was swept away directly.

In the blink of an eye, Wiliam was already close to the black barrier.

Wiliam's fist, with the sound of breaking the wind, resolutely smashed on the black air barrier!

"boom!"

The power of the unicorn burst out at this moment!

The ground in front and behind Ye Qiongqi and Wiliam shattered instantly, as if they could not withstand Wiliam's full force blow!

As soon as he hit it, Wiliam had absolutely no intention of retreating!

Going head to head is his strong obsession now!

His fist, his inner strength, and his unicorn power seemed to be slammed on the black air barrier!

If it were an ordinary person, it might have been backlashed by the black air barrier and his hands would have been broken.

Relying on his powerful body and unicorn armor, Wiliam abruptly did not stop the offensive!

Even so, there were still bloodstains on his hands.

"Ah!" Wiliam roared, the energy on his body was forcibly lifted again, and he continued to bombard.

In this scene, the eyes of Su Hongxiu and the others were reddened!

She said silently in her heart, it was useless.

Wiliam had never seen before that the red and thin high-rise buildings gathered together to bombard the black air barrier, but there was still no way to break it.

And Wiliam alone, is it possible to do it?

Head-to-head confrontation is simply impossible to win!

However, Su Hongxiu was still moved by Wiliam's indomitable progress.

The man woke up with the arrogance of dying.

Su Hongxiu couldn't bear to break the man's arrogance.

She only hoped that the time that Wiliam had won over would allow them to recover a little more strength, so that they could fight as soon as possible and help Wiliam even a little bit.

Just, is there enough time?

Su Hongxiu couldn't help looking around.

Everyone is still supporting each other.

And the lightning cage, the speed of moving to the middle seems to have sped up a bit.

After a short while, everyone will be completely cut to pieces by the lightning cage.

All hope lies with Wiliam.

"Hoho, strong arrogance requires strong strength to support. In my opinion, there is no strength, this false arrogance is simply a joke." Ye Qiongqi laughed.

The black energy on his body suddenly swayed!

A lot of electric light instantly grew out of the black air!

These electric lights attacked Wiliam's fists in an instant!

Wiliam seemed to have predicted it long ago. When the lightning struck, his body flashed instantly!

Then, the storm-like attack continued.

"Oh? It's interesting. Am I dazzled?" Ye Qiongqi said with a smile, as if he had discovered something interesting.

At this time, lightning continued to emerge from the black air.

Ye Qiongqi also launched a counterattack!

William's body dodged left and right, but he still kept attacking!

Long live the demon lotus is constantly flying in the air, looking for an opportunity to sneak up on Ye Qiongqi at all times.

Immediately, Ye Qiongqi and William started a counterattack of you chasing me.

In the end, everyone could not even see the silhouette of the two people.

They could only be shocked to see that not far away, a mass of black air was constantly flowing, and electric lights flickered from time to time.

And the red light on William's body never stopped.

William was able to evade quickly under Ye Qiongqi's attack!

This scene really gave everyone on the scene a deep shock and surprise!

You know, they just didn't have time to dodge this monster's lightning attack!

So they can only carry it with their own flesh!

How fast does a person have to be in order to escape the speed of lightning!

Is William so strong?

Ye Qiongqi and William fought for a few minutes before they stopped.

At this moment, William already has many fine wounds on his body.

Naturally, it was caused by lightning on him.

"Oh ho ho, that's true. Your kid's cultivation technique is also very strange. It's interesting to be able to predict my attack in advance." Ye Qiongqi also stopped and laughed.

William didn't have time to talk to Ye Qiongqi at all, so he could only use this opportunity to frantically use metamorphosis to restore his energy.

To predict in advance, it is natural to rely on Wiliam's "The Classic of Medicine of Impermanence".

At this point, Wiliam has been able to predict the opponent's attack at will.

However, the more this is the case, the more horrified Wiliam's heart is.

This monster is really too strong, unfathomably strong.

Obviously, you can predict the opponent's offensive, and if you are in peacetime, you will be invincible.

However, Wiliam still felt an unprecedented threat!

On the one hand, the speed of lightning is too fast!

Often, just after he finished predicting, Lightning was already in place!

Sometimes the body can't keep up with its own consciousness at all!

On the other hand, the opponent's continuous attack speed is too fast.

Often just dodging one catastrophe, the next catastrophe is already on the way!

Even if Wiliam has the ability to predict, he still feels exhausted.

No, if it goes on like this, the consumption will be consumed to death!

I can't keep up with the speed of my response.

At this moment, the Long Live Demon Lotus, who was constantly dancing in the sky looking for opportunities, seemed to have found a flaw.

Several silver needles swishly inserted into the ground and quickly emerged.

Directly plunged into the black air of Ye Qiongqi.

"boom!"

A clear voice reached Wiliam's ears.

Wiliam saw that his long live demon lotus broke through the black gas for the first time!

His heart was overjoyed, but in the next second, his eyes were completely split!

In the black air, a hand was stretched out for the first time in the world!

In his hand, he was holding the three long live demon lotuses that flew in just now!

"Little baby, you also want to sneak attack on me? I don't want to kill this kid directly. How dare you make trouble, little baby!" Ye Qiongqi said coldly, as if his dignity was being provoked!

His hand clenched fiercely, and the lightning flashed in his hand!

Three long live demon lotuses instantly turned into powder in Ye Qiongqi's hands!
