Chapter 1811 Eight Desolate Thunder Domain

Li Chunfeng hardly hesitated.

This piece of bleak and gentle, I do not inherit, who will inherit?

Since the road has been like this, we can only go on without hesitation.

She inherited the Chunxin of Wang Wangdi and became an emperor through the ages.

When she left the illusion, her body had already undergone a lot of cleansing.

Li Chunfeng's body is far from Wiliam's tenacity.

But she insisted on holding on with a kind of arrogance.

Before she fell into a coma, she asked Du Zhexing to promise her one thing.

Don't tell Wiliam about the success of her Wangdi inheritance.

Du Zhexing agreed.

Until today, Wangdi has reappeared in the world.

This bleak and gentle atmosphere once again permeated the audience.

In this atmosphere, even Han Xing's forgetful eyes couldn't help but redden.

Li Chunfeng could naturally understand Wiliam's mood at this time.

It's just that there is no way, it's my life, Li Chunfeng, to get to this point.

There is no way out.

In the blink of an eye, Li Chunfeng was already in front of Ye Qiongqi.

Ye Qiongqi looked at Li Chunfeng like this, and suddenly burst out laughing.

"Hahaha, that's true! It's true! You girl, you really have the ancient bloodline, and it is the ultimate bloodline. As long as you win your bloodline, and then deprive the other two people's ancient bloodline for my use, I will definitely be able to. Back to the top! No, I can still reach a higher level, hahahaha!" Ye Qiongqi laughed.

It seems that Li Chunfeng, who is still imposing in front of him, is still not in his eyes.

Li Chunfeng's eyes were indifferent and he made a move.

That magnificent rhododendron in the sky suddenly broke its petals!

"Sususu" fell to the ground!

In mid-air, the illusory rhododendron petals gradually turned into reality.

Turned into hot lava!

The whole scene seems to have turned into a hot hell in an instant!

Ye Qiongqi also waved his hands, and thunder and lightning appeared in his hands.

"boom!"

The thunder and lightning hit the cuckoo magma falling from the sky directly.

The people at the scene only felt a strong shaking of the ground, and some people could not even stand!

The water in the Cang Mang Scorpion also boiled instantly, and slapped the reef frantically!

Everyone stepped back dozens of meters in horror, their eyes horrified!

Is this the strength of Li Chunfeng after inheriting the emperor's heart?

Really scary!

This is also the first time they have seen the people around them have such terrifying power!

At this moment, Li Chunfeng, the realm has already stepped into the wonderland!

It's just that no one can know which realm it has reached!

The bombing in mid-air continued.

Li Chunfeng didn't have the power to be stingy at all, and bombarded Ye Qiongqi recklessly.

Ye Qiongqi kept sneering, waving his hands, and thunder and lightning.

Looking at it, the people at the scene suddenly raised their hearts again.

Li Chunfeng, who incarnates as an emperor through the ages, is still no match for this monster!

The monster seemed to be playing, without the slightest effort.

On the contrary, it was Li Chunfeng, who was dripping with sweat after a while.

You know, this monster has lost half of its strength, and it can still suppress Li Chunfeng!

"Have you had enough?" Ye Qiongqi shouted, and suddenly a strange seal formed between his hands.

In an instant, around Li Chunfeng, an enlarged version of the rune imprint appeared.

Li Chunfeng's eyes narrowed, wanting to escape as soon as possible.

However, Ye Qiongqi's speed was too fast.

He shouted: "Eight Desolate Thunder Territory!"

In this virtual rune seal, dense lightning suddenly appeared!

This is Ye Qiongqi's heart domain – Eight Desolate Thunder Domain.

He was able to form a terrifying realm of thunder.

In this field, thunder and lightning never stop!

Even if Ye Qiongqi is no longer in control, the thunder and lightning will not be affected.

The way to break this Eight Desolate Thunder Territory is very simple.

As long as the heart of the person in it stops beating, the Eight Desolate Thunder Territory will naturally stop.

In other words, the Eight Desolate Thunder Territory will never die!

This is Ye Qiongqi's exclusive ultimate move, in the past against the enemy, there is no disadvantage.

Originally, to kill this little girl, Ye Qiongqi didn't need to use the power of his heart at all.

It's a pity, now that Ye Qiongqi is seriously injured, he doesn't want to delay any longer.

So he suddenly resorted to a killer move.

"Sect Master!" The people at the scene immediately shouted, with stern eyes.

Everyone only saw that Li Chunfeng was trapped in an octagonal illusory rune.

And there was a crackling thunderbolt in the rune.

In a short while, the world of octagonal runes has been flooded with white light!

Li Chunfeng was in it and tried to rush out countless times, but was struck by lightning several times.

After a while, Li Chunfeng was already stained with blood.

Obviously, in the eyes of everyone, she can't break through this so-called Eight Desolate Thunder Territory.

Seeing this scene, Wiliam felt anxious.

In a hurry, a mouthful of blood spilled out from the corner of his mouth.

"Spring Breeze!" Wiliam shouted weakly, his eyes red all of a sudden.

This stupid woman!

Why bother so much!

More and more lightning, more and more dense!

By the end, the power of lightning is getting stronger and stronger!

Li Chunfeng was dressed in white, all of which had been dyed red, and turned into a bloody suit.

However, Li Chunfeng is still insisting!

Heaven and earth, more cuckoo magma has fallen!

These magma smashed into the Eight Desolate Thunder Territory, causing the Eight Desolate Thunder Territory to tremble.

But it doesn't mean anything broken.

"Not enough, far from enough, hahaha! You struggle again!" Ye Qiongqi laughed, with an indescribable pleasure.

"Spring Breeze!" Han Xing's forgetful people cried bitterly one by one.

They hate it!

Hate yourself for being weak, hate yourself for being incompetent!

They watched helplessly as the Sect Master was trapped in the Eight Desolate Thunder Territory, but they were powerless.

"Hahaha, I'm going to refine you alive." Ye Qiongqi laughed, took a few steps forward, and blood spurted out of his body.

But he didn't care at all, his eyes looked at the Eight Desolate Thunder Territory with a strong urge.

After a while, the Rhododendron magma between heaven and earth shrunk.

It can be clearly felt that Li Chunfeng's breath has weakened.

If it goes on like this, it won't be long before Chunfeng will die in this Eight Desolate Thunder Territory.

Li Chunfeng slammed his fist on Leiyu, and his bloody hand stained the blood on Leiyu.

"Hahaha, want to break through my Eight Desolate Thunder Territory? Dream! In the Thunder Territory, unless your heart stops beating, the Thunder Territory's attacks will be endless, haha!" Ye Qiongqi jumped, He jumped directly onto the minefield and stood on top of the minefield.

He looked down at Li Chunfeng who was stubbornly resisting under his feet, and the countdown was already in his heart.

But the moment he lowered his head, he suddenly met Li Chunfeng, who raised his head.

Ye Qiongqi's smiling face suddenly froze at this moment.

Because, he saw that Li Chunfeng, who was on the verge of death in the Eight Desolate Thunder Territory, showed a faint smile.

"You..." Halfway through Ye Qiongqi's words, Li Chunfeng interrupted him.

"Really? Thank you then, and tell me how to solve it. In return, I will also tell you a secret." Li Chunfeng's body suddenly burst into flames.

Among the white lightning, the crimson flames were particularly eye-catching.

"Tell you, Wang Di..."

"It's not intentional!"
