

Dragon Husband 1816

Chapter 1816 The world of the strong

William was also frightened by his own guess.

At his level, a person's body was blasted into powder, and he couldn't die any longer.

However, the reality told him that the world of the strong is not as simple as he imagined!

A fierce white light suddenly descended from the sky and slashed in front of William and the others.

Those cheering voices stopped abruptly!

Everyone looked at this lightning white light stupidly, not knowing why.

After the lightning struck, it did not dissipate like before.

Instead, it was beating and beating, slowly condensing into a human shape.

The human figure gathered by lightning, like the black-and-white TV I watched in the early years was disturbed by the magnetic field, flickering, and the body was pulling from time to time.

"I'm going to kill you! I'm going to kill you!" A mechanical voice emerged from the Lightning Doll.

The anger can also be heard in the voice!

"That monster is not dead!" The people at the scene finally reacted.

This time, everyone was shocked, and obviously, like William, they had never seen the world.

This lightning doll is Ye Qiongqi.

Or to be more precise, Ye Qiongqi's body was indeed killed by Wiliam.

However, the realm of Ye Qiongqi, but the people on the scene dare not even think about it!

Heaven and Earth Realm!

What is the Qiankun Realm?

The Wonderland is divided into seven realms in total.

Like Wiliam, who has just set foot in the fairyland, it is the lowest level of nirvana.

The second state is to build a state of mind. When you reach this state, you can open your mind.

The third realm is Feiyun realm, and the fourth realm is Tianyang realm.

It is this Tianyang realm, as long as you reach this realm, you can cultivate your own Nascent Soul.

The current humanoid lightning is Ye Qiongqi's Nascent Soul.

The physical body has dissipated, and only the Nascent Soul remains.

And Ye Qiongqi is not only in the Tianyang realm, he is the fifth realm – the Qiankun realm!

There is a difference of four realms between him and Wiliam!

You must know that in the normal seeking immortal realm, those cultivators are one realm away, one in the sky and one in the ground.

Leaping the level to kill, only exists in those geniuses with amazing talent.

And the difference of four realms, logically speaking, is simply the distance between Haoyue and the dust!

It is impossible for Wiliam to cause any damage to Ye Qiongqi!

This is also the reason why Ye Qiongqi has always ignored Wiliam and the people at the scene.

The boundary gap is too big.

It's so big that even if you're a monstrous genius for thousands of years, it's not enough to make up for it.

But today!

It was a scene that was unimaginable for Ye Qiongqi!

First of all, Wiliam, a freak, actually came up with a way to use Ye Qiongqi's lightning cage to inflict the first damage on Ye Qiongqi.

Then there is the woman who turned into a cuckoo, who has a very strange and incomparable sound-killing heart, so that he had to destroy his eardrums and escape from the heart in a short period of time.

This is nothing!

Wiliam actually forcibly opened the bloodline again, used the heart domain, and borrowed the power of the ancients!

It's no use killing Ye Qiongqi's body directly!

Damn!

Is the ancient thing really so magical!

He was able to flip through several realms, causing him such tragic damage!

Ye Qiongqi was injured at an early age and has never recovered.

This is also the fundamental reason why he has been looking for ancient things.

He needs the essence of the ancients to repair his injuries.

It's better now, the injury has not been repaired, and the physical body is directly gone!

To restore the physical body, to regain the peak level, it will take at least a hundred years!

Hundreds of years!

Ye Qiongqi thought of this, and murderous intent surged in his heart!

For hundreds of years, can I still sit in that position!

I would rather be a chicken head than a phoenix tail!

After all, it is the highest decision maker of this side's time!

I am afraid that it will be completely wiped out in the bang of Wiliam!

"I killed you!" Ye Qiongqi roared again and suddenly disappeared in place.

The next moment, he appeared under Wiliam's feet!

It was sprayed directly from the soles of the feet and hit Wiliam's body directly.

Wiliam was immediately beaten into the air, and he spat out a mouthful of blood in the air.

But Wiliam borrowed the power of the soldier.

Only to win, only to die!

He forcibly turned around in mid-air!

A picture is seen in consciousness.

The Unpredictable Prophet in the "Impermanent Medicine Classic"!

He punched and blasted to the left!

The moment the fist went out, Ye Qiongqi's lightning figure appeared in that direction!

William's punch hit Ye Qiongqi's body accurately and accurately!

But the next second, William was stunned.

The fist hit Ye Qiongqi's body, and even passed through his chest!

However, Ye Qiongqi in front of him seemed like a streak of air!

Or an illusion!

William didn't feel like hitting the entity at all!

"You still want to hit me? You don't deserve it!" Ye Qiongqi roared, and lightning flashed from his body!

Continue to bombard William!

William was caught off guard this time, and was hit again, he fell straight in the air, and fell to the ground ruthlessly.

"William!" The people at the scene shouted again, and they were extremely anxious.

They know a fact.

The situation in front of them is not something that these ants can intervene.

Any forcible intervention is likely to cause chaos for William.

Not only will it not help, it will help.

William barely got up from the ground, his mind changed sharply.

How to fight now?

This monster!

Compared with the previous one, the power of the humanoid transformed now has doubled!

Not only was his body completely ineffective, he couldn't hit him.

Even the speed has increased rapidly!

Now this monster is not walking or running at all.

It's just an instant move!

Like a flash of lightning, it appeared in a certain place in an instant!

terrible.

Simply invincible!

Is the world of the strong really so terrifying!

While thinking, another flash of lightning struck.

Even if William has the ability to predict the future, it is too late to dodge all of a sudden.

He was hacked again.

Right now, he was like a charred corpse, not a single part of his body was intact.

Whenever he removes the power of the soldier, there is only one result.

die!

And now he barely maintains the strength of the soldier, he is just lingering!

The reality has once again forced William into a desperate situation!

This time, it is a complete desperation!

Because even Wiliam didn't think of a way to deal with monsters that didn't exist!

If you fight, you can't beat it, and if you dodge, the speed is not as fast as the opponent...

Really, are you going to die like this?

Wiliam couldn't help but feel a bit of bitterness in his heart.

The real powerlessness is nothing more than this...

Suddenly, Wiliam's body rose into the air!

Ye Qiongqi knocked Wiliam into the air again.

After that, Wiliam's body froze in midair!

The lightning-shaped Ye Qiongqi appeared in front of Wiliam.

It's amazing!

The blurred Ye Qiongqi was able to grab Wiliam's body when he actively bombarded Wiliam!

I saw Ye Qiongqi grabbed Wiliam's neck with one hand, while the other hand reached out to a pitch-black horn on Wiliam's head!

"I want you to be!"

"Cramp and peel!"

Ye Qiongqi said viciously, using one hand with force!

That pitch-black horn was actually uprooted by him!
