

Dragon Husband 1823

Chapter 1823 Passionate always annoyed by ruthlessness

This "worship the heavens and the earth" broke everyone's heart defenses for a while!

Those present, tears welled up in their eyes!

The most ruthless, the most infatuated!

William's eyes were also hot.

He remembered how calm the expression was when Chunfeng talked about worshipping the heavens and the earth.

Where did she ever think that her heart was tormented like being burned by fire.

William's eyes blurred.

In this red world, he tried his best to find Li Chunfeng's figure.

But always looking for and not seeing.

Finally, William saw that in the midst of the fiery red, a figure of the same fiery red slowly walked out.

The phoenix crown and the rosa are so beautiful that the country and the city are all over the place.

However, the red clothes on her body were dyed red with blood.

There is only one woman between heaven and earth.

She was just walking alone, walking alone.

She is clearly walking towards the crowd, but it makes people feel that she wants to walk away lonely in this life.

"A worship of heaven and earth..."

The sound of shouting, the sound of suona, the world is full of noise.

Li Chunfeng just walked so quietly, and then slowly stopped.

She heard the voice of the church.

Then, she faced the crowd like this, bowed her hands gently, and slowly bent her body to a 90-degree angle.

A worship of heaven and earth.

Li Chunfeng is the most beautiful bride in the world.

But this time, there is no bridegroom.

This is the only one alone, worshiping his own world and becoming his own relative.

This is Li Chunfeng's last choice.

"Two thanks to the high hall!"

The shouting sounded again.

Heaven and earth are also not high halls, and being one's own relatives is not worthy of high halls.

"Bye husband and wife!"

A third shout rang out.

Li Chunfeng finally smiled.

She looked around and looked and looked.

Like looking for someone.

Eventually, she gave up.

Husband and wife worship each other, but she can't worship.

At this moment, the women on the ground burst into tears.

No matter how stupid people are, they can understand the misery in Chunfeng's heart at this moment.

"Bye! I bow to you! Chunfeng, I bow to you!"

Su Hongxiu almost roared out, and her body kept bending and bending.

As if separated by this fantasy, want to fulfill the spring breeze, so that she is not so lonely.

The women who have forgotten their feelings in Han Xing are also crying loudly, constantly salute to the spring breeze!

So many people worship you, spring breeze, don't be alone and don't be afraid...

This scene will stay in everyone's heart forever.

As if feeling the warmth of the world, Li Chunfeng laughed again, and tears kept falling.

Suddenly, the sky and the earth were red and burning like fire, and the fire made a sound of hunting.

The figure of Chunfeng was instantly drowned in this sea of fire.

"Spring Breeze!" Countless people knelt down and shouted loudly, trying to find Spring Breeze.

However, there is still the figure of spring breeze.

Broken by fire.

The fantasy is broken.

Before the scene returned, Wiliam sat blankly on the ground, and the petite and soft Lady Peach Blossom stood opposite Wiliam.

However, the people who had forgotten their feelings in Han Xing knelt on the ground one by one, kept kowtowing their heads, and kept shouting their husbands and wives to bow to each other.

So many people love you, spring breeze...

The eyes of the petite and soft Lady Peach Blossom were also extremely red.

"This is that woman's painstaking efforts, and I feel sorry for her." Petite Rou said in a low voice, her voice choked.

Chunfeng threw himself into the Cang Mang, and exchanged his soul with her.

So petite Rou naturally read the Heart of Spring Breeze.

After reading this, Xiao Xiaorou burst into tears.

This woman's painstaking efforts are worth the guilt and despair that Petite Rou has experienced for thousands of years.

"Where's her?" Wiliam looked around, and finally asked dumbly.

"She has already become this Cang Python Moat, no, or rather, she has become this Spring Breeze Moat." Petite Rou said in a low voice.

Wiliam already knew in his heart.

"Is there any way to save her?" Wiliam raised his head and looked at Petite Rou.

Petite Rou saw Wiliam's eyes.

Hot, paranoid!

This is a man's obsession!

However, Petite Rou shook her head, "I'm sorry."

"What do you mean by sorry?" Wiliam slowly stood up from the ground, with blood all over his body.

His emotions were almost out of control.

"Didn't you say it can be rescued? She can rescue you, why can't you use another person to rescue her!" Wiliam asked excitedly.

Xiao Xiaorou looked at Wiliam with an apologetic expression and said, "The situation is different."

"First of all, the Jiangshan Prayer Seal was completely destroyed in this battle and can hardly be used or repaired. This is a fatal prerequisite in itself."

"Then, the key lies in Chunfeng herself..."

"What's wrong with her?" Wiliam grabbed Xiaorou's shoulder and asked loudly.

"She didn't know what to do, and she went deep. She knew she had no face to see you and Feng Xue again, so she chose to sleep, forever..." Petite Rou said with a sad face.

Incarnate into a moat, in fact, it can be achieved that the soul is still there.

Just like Petite Rou, she only fell asleep intermittently, and sometimes she was awake.

But the spring breeze directly chose to sleep forever.

It is equivalent to her becoming one with the moat, living forever, but also dying forever.

"William, I ask you two questions, can you answer me honestly?" The Lady of Peach Blossom suddenly asked William.

William nodded and looked at Lady Peach Blossom.

"Li Chunfeng likes you, are you wrong?" Peach Blossom asked.

William just thought about this question.

He sighed, shook his head, and looked at Lady Peach Blossom, "I'm not wrong."

"Then Li Chunfeng likes you, is she wrong?" Peach Blossom asked again.

William was stunned.

Is she wrong?

In love with a married man, she was wrong.

However, the premise is that she shows it clearly and takes action.

From beginning to end, Li Chunfeng treasured this love.

Even because of the scruples of William and Feng Xue's relationship, she has been carefully hiding.

William also believed that Chunfeng was kind-hearted and blessed him and Fengxue for this rare relationship from beginning to end.

So, this is a woman's own mind.

I like William and have nothing to do with William!

Based on this, Li Chunfeng is not wrong at all.

If I have to say it, Chunfeng is just a little silly...

"She's not wrong either." William finally followed his heart and answered honestly.

Peach Blossom sighed, "So, you are not wrong, and she is not wrong."

"There is no wise man in love, and there is no one who is right and who is wrong."

"What's wrong is time, what's wrong is space."

"It's Ye Feiye, leave it to your own conscience to judge."

"boom!"

With the voice of the peach blossom lady fell.

The moat, which was suspended in mid-air, slowly fell back to the ground.

The water flows, again Pentium.

No different from before.

The moat is still this moat, but the owner has changed.

Lady Peach Blossom looked at this scene and said dumbly: "Did you see it? This is Li Chunfeng's choice, and the answer..."

"This love is ashamed but innocent..."

"Passionate is always annoyed by ruthlessness..."
