

Dragon Husband 1826

Chapter 1826 Song Huan

Negative book Xuanwu?

Hearing this name, Wiliam stood up again.

I heard the old man Qingfeng say before that the fourth bone and blood crystal in the place where the bones were buried came into the world, and it was obtained by the inheritor of Xuanwu.

And the old man Qingfeng even said some mysterious things about the negative book Xuanwu, such as Hetu Luoshu, such as the strange prophecy——

Three disasters and troubled times, one magic book slaughter!

Wiliam has long been longing for the inheritor of the negative book Xuanwu.

I never thought that I would be able to attract him today.

With Liu Lang's words, the sky was filled with wind and clouds.

A white figure slowly fell from the cloud.

Advertisement

Standing in front of them was a thin young man.

This young man is more than 1.8 meters tall, but his body is a little thin.

But that face is also quite handsome.

This young man looked younger than Wiliam, holding an old book in his left hand and a small brush in his right hand.

The first impression this young man gave to everyone present was that he was full of bookishness.

There is a scholar's delicacy, a scholar's weakness, and a scholar's gentleness.

The young man greeted Liu Lang, Lin Jiang, and Wiliam in front of him slowly.

"Hello."

His voice also had an inexplicable magnetism, a little gentle.

Liu Lang walked up to him carelessly, put his arms around the young man's shoulders, and laughed and said, "Why are you being so polite? It's all your brother. Come, let me introduce you to you."

Speaking, Liu Lang pointed at Lin Jiang and said, "This is Lin Jiang, the body of Suzaku."

Lin Jiang smiled, his white hair gleaming in the sunlight, "I heard about your existence a long time ago. It's the first time we met today. Please give me some advice."

Liu Lang looked at Wiliam again, "This is Wiliam, the body of a unicorn, and he caused the catastrophe today."

The young man suddenly showed admiration in his eyes, and said lightly: "The words of human disaster are well-deserved. You have opened my eyes."

Not only was it an eye-opener, this young man was devastated.

When the human disaster appeared, his back was like being forcibly slashed by a heaven and earth knife, and the pain was unbearable.

Of course, young people will not say the tears of pity for the common people.

Wiliam replied with an apologetic look, "I'm sorry..."

Afterwards, Liu Lang said to Lin Jiang and Wiliam, "Well, this is the last person. He is Xuanwu, and his name is Song Huan."

Song Huan?

When Wiliam heard this name, his first impression was that it was too much like a girl's name...

"Speaking of which, Song Huan's adventures are much more miraculous than ours. Today is not the time to explain the miraculousness of the old words. Another day, I will tell you some of the strange and strange encounters of this kid, tsk tsk, this kid's experience can be It's written into an online novel of several million words." Liu Lang said carelessly.

Song Huan seems to be a person who doesn't like to talk, and is not good at dealing with people.

Facing Liu Lang's familiarity, Song Huan was a little overwhelmed.

"Hey, someone is here again. This time, it's because of the seriousness." Liu Lang frowned, and then said to Wiliam, "You go to rest first, and leave the rest to us. .

Wiliam nodded, he really didn't have the mood to pay attention to these things now.

However, Song Huan's expression changed slightly as if he had seen a ghost.

He waved his hand quickly, "You guys should deal with it. I still have something to do, so I'll leave first. I'll have a chance to see a few brothers in the future, and I'll slip away."

Involuntarily, Song Huan's body actually got straight into the ground and disappeared all of a sudden.

What a burrowing turtle, this movement, this posture, is also familiar.

A generation of negative books, Xuanwu, was literally turned into a shrunken turtle by him.

Liu Lang stomped his feet angrily, cursing, but there was nothing he could do.

It was as if he had long known that Song Huan was such a person.

"Let's go, second brother, let's go meet these people and talk about it." Liu Lang said to Lin Jiang, and his body rose directly into the air.

Lin Jiang followed closely.

William, on the other hand, sat back on the ground again.

William didn't care about other disturbances.

What happened on this day is enough for William to remember for a lifetime.

From the appearance of that monster, the lightning cage of heaven and earth, the birth of Emperor Wang, and the death of Long Live the Demon Lotus.

When the spring breeze threw into the river, the blue python reappeared, and the world was catastrophic.

In one day, too many things happen.

William calmed down and began to examine his body.

What happened today made William step into Nirvana.

William didn't have time to feel this realm at all.

It's like swallowing the jujube whole.

He needs to feel the subtlety of this realm again.

But he suddenly felt wrong.

Nirvana?

William felt an incomparably powerful energy in his body.

This mass of energy accumulated in William's dantian, like a scorching sun!

what is this?

William reacted immediately, this is the last gift Chunfeng left him.

Chunfeng's bloodline cultivation base!

William never thought that the spring breeze with the awakening of the bloodline, the lifelong cultivation base would be so terrifying!

If you refine these cultivation bases yourself, you will soar to 90,000 miles!

When William thought of this, his mood became even lower.

Why bother, painting the ground as a prison...

As soon as I thought about it, the scorching sun actually exuded a trace of energy and quickly merged into William's blood!

There is no sense of resistance and division.

Chunfeng, ah Chunfeng, actually purified the bloodline cultivation base directly into energy, so that William could directly absorb it.

Even when William's thought fell, the energy did not disappear, but automatically began to integrate into William's blood.

It is equivalent to opening a second source of continuous cultivation in William's body.

William held down his sadness and turned to examine the beads left by the monster.

William's heart sank into the bead.

The inside of that bead instantly filled William's mind.

This is a small space, and five things are suspended in the space.

These five things are all exuding a faint light, full of a kind of terrifying power.

It should be an ancient thing!

It's just that Wiliam's vision is limited, and it is difficult to recognize it for a while.

But being able to be collected by that monster will definitely be of great use in the future.

Wiliam thought about it, and his consciousness wanted to quit.

But at this time, he suddenly saw that there was something in the corner of this space.

This thing, exuding a faint black light, merged with the darkness around it, and it was difficult to notice it for a while.

Wiliam's consciousness stretched into this thing.

This infiltration, Wiliam's mind seemed to be filled with countless information, and cold sweat broke out for a while!

However, after a short period of pain adaptation, an incomparable shock emerged in Wiliam's heart!

It's a black cape!

Wiliam heard of it!

This cloak represents an identity!

Supreme!
