Chapter 1829 Conjuring Souls!

William's face stiffened and nodded.

Heartache at the same time.

Long live Yaolian accompanied William to fight for many years, and they were connected by flesh and blood.

But it was completely shattered in this battle.

Every time he thought about it, William couldn't blame himself.

"Is there nothing left? Or do you know the materials for forging the Long Live Demon Lotus? If so, we may be able to help you restore the glory of the Long Live Demon Lotus." Liu Lang said regretfully.

William shook his head bitterly, "No."

Not at all.

William didn't know that if he left even a long-lived demon lotus, he could restore it.

As long as there is one, I can always research the material of the Long Live Demon Lotus.

And more importantly, as long as there is one, the soul aura of the Long Live Demon Lotus will be attached to it.

After all, one hundred long-lived demon lotuses collectively gave birth to a child-like artifact.

This artifact is covered on every silver needle.

And Wiliam is the soldier's master to repress the soul, as long as there is a wisp of the remnant soul, he can be nourished with warmth.

Unfortunately, there is none.

Wiliam watched with his own eyes the long live demon lotus being crushed one by one.

It was also watching the last long live demon lotus shatter, and the soul turned into fluorescent light, dissipating between heaven and earth.

Wiliam's father-like farewell to his son was vividly in his mind, and his heart was cut like a knife.

"Hey, then there's really no way..." Liu Lang looked embarrassed.

There is no entity, no soul, no matter how powerful they are, they will be helpless.

At this time, Lin Jiang suddenly said a word, " Wiliam, have you already stepped into Nirvana?"

Wiliam was stunned and nodded, "Exactly. Just stepped in."

Wiliam stepped into Nirvana in a desperate situation.

As soon as he entered Nirvana, he began to fight, fight, fight.

There is simply no time to experience the difference of this realm in detail.

Lin Jiang said with a smile: "It's the same as me. But the point is not here, I'm going to tell you another thing. Haven't you been studying the Impermanence Medical Classic, and your Impermanence Medical Classic is accompanied by Realm and advanced, right?"

Having said this, Wiliam's head banged!

He knew what Lin Jiang wanted to say!

As expected of the second brother!

All of a sudden, he grasped a very crucial point of Wiliam!

Wiliam was even excited because of this!

Wiliam was in the innate secret realm before.

“The Classic of Impermanence Medicine” has been cultivated to the seventh chapter of mocking the wind, and it can be considered a person’s future for a short time.

But now it was different, Wiliam stepped into Nirvana.

Wiliam can officially study Chapter 8 Conjuring Souls!

Soul call soul!

As long as a person’s soul is not completely dissipated within an hour of death, Wiliam can use his soul-calling to make him reborn!

Of course, Wiliam knew that Lin Jiang was not referring to making Wiliam conjure Long Live the Demon Lotus.

After all, the soul of the long live demon lotus is completely annihilated, which cannot be done by summoning the soul.

Lin Jiang was referring to another thing!

Resurrect Wiliam’s grandfather!

Lu Lingfeng had a battle with Wiliam in Gusuo Valley before, and finally died.

But later Wiliam learned that Liu Lang had reserved a few breaths for his grandfather!

This number of breaths can hang the grandfather’s soul and prevent it from completely dissipating.

At the beginning, what Liu Lang told Wiliam was that conjuring the soul was not enough to save Lu Lingfeng.

Requires Wiliam to reach Chapter 9 to change his life.

Change your life against the sky!

However, Wiliam has experienced a lot of things and gained a lot of treasures during this time.

One of them is the root of the grandmother!

Get the roots of my grandmother and escape the cycle of life and death!

At the beginning, Wiliam used most of his grandmother's roots to save Bai Fengxue.

Fortunately, most of the grandmother's roots caught Feng Xue's breath.

And the remaining grandmother's roots, Wiliam used on his grandfather.

At that time, Wiliam once thought that the root of the grandmother had a wonderful effect on the soul, and that he should not have to study until he changed his life to save his grandfather.

But to summon the soul.

Now, you can study evocation yourself!

My grandfather is saved!

Thinking of this, Wiliam's eyes couldn't help turning red.

Lin Jiang's words made Wiliam feel extremely complicated.

It's not that Wiliam can't think of this, it's just that he has experienced too many things this day, he has too many emotions, and he doesn't think about it at all.

As an outsider, Lin Jiang sees it more clearly than Wiliam.

Having lost the close relative of Long Live Yaolian, he never thought that his grandfather would be resurrected soon.

It is the so-called east corner of the lost mulberry and elm.

William couldn't wait to go back and save his grandfather.

"Let's go, go back first and see if you can save your grandfather. This is also a great blessing among misfortunes. I can finally give you some comfort." Liu Lang also showed a happy look at the moment.

"Well, let's go first, it's not advisable to stay here for a long time." Lin Jiang also agreed with Liu Lang's point of view.

The number of people who come to inquire about information will only increase.

Immediately, several people set off immediately and went to the red and thin high-rise building.

Before, William placed his grandfather in the red and thin high-rise building, where someone could take care of him.

While Lin Jiang carried William on his back, Su Hongxiu carried Bai Fengxue on his back, and a group of people rushed to the red and thin tall buildings.

On the way back, Su Hongxiu also had mixed feelings.

Finally, we can go home.

Those fools, I wonder if they will wait quietly in the sect.

After spending a long time, when the sun was setting, a group of people stood at the door of the sect.

I didn't even go in, and suddenly there was a sound of crying and screaming from the door.

"Sect Master! You are finally back!"

"We thought you...you...wow..."

"We were just talking about whether we should go to find you again, but we saw you without thinking."

Before anyone arrives, the sound arrives first.

Then everyone saw a group of women gushing out.

Although all of them are beautiful, they are still in a mess at the moment, and some people have blood on their faces.

In today's battle, the red and thin high-rise buildings will also be severely damaged!

Especially at the beginning, everyone connected into a flesh-and-blood Skynet to block the lightning, and at the end, they were knocked down by the monster one after another.

Many people have only one breath left, and people are still lying in the courtyard of the sect.

When the Sect Master came back, the remaining people suddenly had the backbone, and tears fell down.

Su Hongxiu was hugged by several women at once.

Although Su Hongxiu is a strong woman, she is only a woman.

Her tears also fell, "What about the other sisters?"

"It's still undecided whether it's still lying inside." A group of people immediately cried and said, "We don't know what to do, and there is no doctor here..."

Liu Lang and Lin Jiang looked at each other, and they fell straight into the courtyard inside the sect.

"Physician, it's not a coincidence. Apart from William, my eldest brother and I are the second." Lin Jiang showed a smile.

But Liu Lang stopped Lin Jiang at once and said earnestly, "Hey, that's too bad, second brother, do you need your help to save these women? Your brother, I need to keep learning and making progress, but you can't. Interrupt my pursuit of progress, you bring Wiliamjin in. These women, let me come! "

Liu Lang's face was righteous, but his eyes flashed green light...
