

# Dragon Husband 1830

Chapter 1830 With Love!

William and Lin Jiang had black lines.

The two of them still don't know the character of their eldest brother.

Windy.

He must have felt that there were women all over the place, and that he could take the opportunity to cleanse the wounds of these people.

It's also fortunate that Sister Tian Tian and Sister Qing are not here now, otherwise Liu Lang's third leg would be interrupted on the spot.

Lin Jiang shook his head and reluctantly said to William, "I think we should go first, we can't stand it any longer."

With that said, Lin Jiang was about to bring William in.

But at this time, Liu Lang's sorrowful cry came from behind, "Qiaodou sack!"

Lin Jiang turned around and saw Liu Lang's unlovable face.

"What's wrong?" Lin Jiang asked angrily.

Liu Lang pretended to be righteous again, came over and said to Lin Jiang, "I made a mistake just now, I blame the eldest brother for being irritable and ignorant of the severity. Of course, at this time, the third brother's affairs are the main concern, so how can you be distracted? Take care of other things, second brother, go, leave these women to you, and the third brother to me. I think the third brother needs me, after all, I am old friends with Mr. Lu. "

As he said that, he stretched out his hand, trying to shove Wiliam from Lin Jiang's back.

Really come over!

directly to his back.

Lin Jiang and Wiliam were speechless, wondering what happened to this big brother all of a sudden?

Strange, big brother is not romantic?

Liu Lang turned around and walked towards the inner room, showing no nostalgia for the beauties all over the floor, with the unconventional demeanor of an upright gentleman.

Leaving Lin Jiang in a mess.

Rao is as smart as he is, and he doesn't know what the big brother is doing.

However, Wiliam still heard Liu Lang muttering as he walked and wanted to cry without tears, "I thought that the ground was full of beautiful women and let me sweat, but it turned out that they were all blown into black balls, beautiful balls. ball."

Wiliam almost fell on the spot.

Big brother, social man, his face has become really fast.

Wiliam is also very relieved when things outside are handed over to Lin Jiang.

Lin Jiang's medical skills can also be considered as small as a list of mountains, and it is even easier to treat this kind of trauma.

Of course, Wiliam paid full attention to his own affairs.

Grandpa, here I am.

The two walked to the innermost room, where Wiliam's grandfather Lu Lingfeng was lying.

Opening the door, Liu Lang slowly put down Wiliam.

"Are you alright? Do you want to rest for a while?" Liu Lang finally became serious.

Wiliam shook his head and said, "I have no problem."

In fact, Wiliam has already regained the ability to walk, so why should others carry it back?

It was because Wiliam didn't want to waste time on the road.

During the half-day journey, Wiliam was not resting on Lin Jiang's back.

Instead, he is constantly comprehending the eighth chapter of "The Classic of Medicine of Impermanence".

Conjuring the soul, but also simple.

With a thought, Wiliam's eyes were filled with gold.

You can peep into the soul.

Wiliam walked up to his grandfather.

Grandpa was placed on a cold jade bed.

The bed was constantly ventilated, and even the grandfather's figure could not be seen.

Liu Lang walked over, waved his hand gently, and the cold air drifted away.

Seeing Grandpa's face, Wiliam's eyes turned red again.

Grandpa on the bed, skinny!

Even because of the battle with Wiliam before his death, Grandpa's body was even more fragile.

Where is the black flower old man, where is the gluttonous food.

This is an ordinary poor old man...

Grandpa, I'll wake you up now!

William stood beside Grandpa Hanyu's bed and slowly closed his eyes.

Luck, spiritual power gathers eyes!

And when he opened his eyes again, he wiped his eyes with one hand.

Two streaks of golden light suddenly emanated from William's eyes.

At this moment, William is not like a human being.

With this pair of soul-calling pupils, he looked towards his grandfather.

Looking at it, I saw something I couldn't see before.

I saw that on the grandfather's spiritual platform, there was a faint and imperceptible soul fragment.

This piece of soul, swaying from side to side with the cold air, seems to be able to dissipate at any time.

that's it!

William locked the soul fragment in an instant.

This should be what Liu Lang said, using a special method to hang his grandfather's breath.

As long as this remnant soul is reintegrated into Grandpa's body, Grandpa has the possibility of resurrection!

William poured his thoughts into this piece of remnant soul.

Immediately, the remnant soul reacted instinctively, resisting William's lock.

William frowned slightly.

This is his first time using conjuration, so he doesn't have much experience.

He regained his mind, holding the remnant soul tightly like a hand.

Then, I want to press it into my grandfather's spiritual platform.

However, something unexpected happened.

The remnant soul has not fulfilled William's wish!

Even, because of William's forcible exertion, the remnant soul does not enter but exits!

Farther and farther away from Grandpa's body!

Moreover, the remnant soul is slowly shrinking.

Seeing this scene, William was very anxious!

not like this!

William's mind was relieved, and he didn't dare to force it any more.

He exited the lock, and Liu Lang's voice came from beside him, "What's wrong? What happened?"

William wiped the sweat from his face and told Liu Lang what happened just now.

After hearing this, Liu Lang frowned and said, "It should be the wrong method. Hey, I have never learned a method similar to conjuration, so I have no way to share it with you. This kung fu is your grandfather's original creation. Yes, shocking."

"Let me think about it." William slowly closed his eyes again.

Conjuring, what went wrong.

Being able to see grandpa's remnant soul should be the first step.

The ultimate goal is to reintegrate the remnant soul into Grandpa's body.

What to do in the middle?

At present, brute force does not seem to work, but it will hurt Grandpa's remnant soul.

William fell into deep thought.

He asked Tianqing Qilin in his heart.

"Ancestor, do you know how to bring the dead back to life?"

After a long time, the voice of Tianqing Qilin rang, "I know."

William was overjoyed, "Then speak up."

"It's useless to say it. I've already transcended the mortal realm, and I've brought ordinary people back to life, but it's just a thought. And your realm is too low, and you're following a strange method. This is your own path, and you have to walk it yourself." Tianqing Qilin said slowly.

William heard a black line.

Is this riding a horse to show off his past?

Saying it means not saying it.

But at this moment, William suddenly flashed a light in his mind!

What Tianqing Qilin said just now, in a single thought, it should be a thought to summon the soul.

The strength is strong enough to summon the soul in a single thought.

But if the strength is not enough, this idea is not enough?

What else can you use to summon your soul?

Grandpa left behind this remnant of the soul, which is why I was awakened by the summoning of the soul in "The Book of Impermanence".

Grandpa can't do useless work, so there must be a way!

So, where is this road that grandpa left behind?

William thought about it, and the thoughts in his mind gradually became clear.

Conjuring the soul, the most important thing is to call the word!

What is left of Grandpa now?

This wisp of soul remains.

Then, he can only make a fuss on this ray of remnant soul.

What is the soul?

Living with the body, the essence of man.

Conjuring the soul, this trick is a solicitation!

It is a calling, a calling!

it's here!

William's eyes suddenly opened, his eyes fixed!

Understood!

If you can't read it, then——!

With my nostalgia and longing for my grandfather since childhood!

With my grandfather's concern and expectation for my pet since childhood!

My grandpa and I are so special!

The way my grandpa left me is here!

Invite the soul with love!
