Chapter 1840 Secret Blood Dependence

"What mysterious identity?" Lin Jiang and Liu Lang asked in unison.

William's eyes were fixed on Xiao Wangqing, and he spat out four words, "Secret blood depends on!"

Yes, it is dependent on secret blood!

All along, William has treated Xiao Wangqing as a living little girl.

And even if he was reminded by Yu Shizhi, William only regarded Xiao Wangqing's people as the highest level of rootless spirits.

However, when William first knew Xiao Wangqing, her identity was dependent on secret blood!

Before Wangdi died, he used his own flesh and blood to create a spring heart and secret blood dependence.

To put it bluntly, a spring heart is the heart of the emperor.

And the dependence on secret blood can be called the most original blood of Emperor Wang.

I don't know why, Miss Su was able to make Wangdi's most original blood appear on Xiao Wangqing's body.

However, now facing a situation is!

Before Li Chunfeng fell asleep, he had already mashed and drained all his Wangdi blood!

In this way, whether it is Han Xing Wangqing or the blood-forgetting family, they will be attacked by their ancestors.

Not to mention, it is dependent on the most important secret blood!

Li Chunfeng's Wangdi bloodline is gone, is there still the possibility of secret blood dependence?

William figured out the principle almost instantly!

No wonder, Xiao Wangqing couldn't be cured!

It is simply that Xiao Wangqing's secret blood dependence is no longer necessary.

And Xiao Wangqing is dependent on the secret blood, so there is no need for her to exist.

When William thought of this, his eyes turned red!

He blamed it all on himself.

"Xiao Wangqing! I will definitely save you!" William looked at Xiao Wangqing and said through gritted teeth.

And when Liu Lang and Lin Jiang understood the relationship, they couldn't help but sigh.

Pull a hair, move the whole body...

It's probably the current situation.

Li Chunfeng took care of herself and fell asleep, but she didn't know how many people in this world, because of her deep sleep, life and death were bitter and happy.

"Anyway, William, you will immediately go to Yu Shizhi. After all, Yu Shizhi is the destination of these rootless spirits. Maybe they have any other way, it is better than staying here." Liu Lang finally said.

William nodded, carried Xiao Wangqing on his back, and rushed out, "Tell my grandfather for me."

Liu Lang wanted to keep up with William, but he stopped, as if he had something more important to do.

And Lin Jiang shouted at William: "I will contact Yu Shizhi immediately. After you pass, go directly to Su Emei and ask her to take you to see the sect master."

While speaking, William's figure had disappeared from their sight.

Carrying Xiao Wangqing on his back and feeling Xiao Wangqing's faint breath, William's heart was cut like a knife.

This is the last thing he wants to face.

His family, relatives and friends left him one by one.

After spending more than an hour, William finally arrived at the gate of Yu Shizhi.

The entire sect of Yushizhiren is located in the middle of the mountain. The sect is antique, but it has a feeling of looking down on the world.

At the gate of Yushizhiren, there was a person standing.

This person is Su Emei.

Seeing William coming, Su Emei immediately greeted, "Here!"

William rushed directly in front of Su Emei and said, "I want to see your suzerain."

Seeing William's anxious expression, Su Emei immediately said, "Sect Master is sleeping, you may have to wait for a long time."

"Sleep?" William was stunned and said directly, "Can't you wake up?"

A strange look appeared on Su Emei's face, and he said embarrassingly, "The sect master cannot be woken up when he sleeps."

"Speak human words." Wiliam had no time to try to figure out what Su Emei meant.

Su Emei sweated, gave Wiliam a white look, and said, "The sect master is really thousands of miles away, and it will take a long time to get back. The one who sleeps in the sect is her rootless spirit."

Wiliam was stunned, and a picture suddenly appeared in his head.

That was in nine qualifying matches.

In the position that belongs to the imperial family, there is always an old woman sitting.

This old woman was sleeping all the time.

No matter how exciting the battle, this old woman can't be replaced.

Now, isn't that the case?

Wiliam felt a big dog in his heart, "Then I have to wait here for a long time, Xiao Wangqing she..."

Su Emei smiled and said, "You don't have to worry about this. I contacted the sect master just now, and the sect master only said one sentence. His spiritual energy is not exhausted, so don't worry."

Out of breath?

Wiliam immediately reacted, this sentence should have two meanings.

One, in a short period of time, Xiao Wangqing's life will not die.

Second, Yu Shizhi has a way to treat Xiao Wangqing!

Thinking of this, Wiliam's heart slowly relaxed.

It was definitely the best message he had ever heard.

"You go in with me first and settle Xiao Wangqing." Su Emei motioned for Wiliam to follow her in.

When he entered the sect, Wiliam was stunned, "So many people? Are you always so hot? Don't you mean you are all low-key?"

I saw that the courtyard of Zongmen was as big as a football field.

But in this courtyard, people come and go at this moment, like a market.

Su Emei chuckled and said, "Hee hee, what the hell, you're just a coincidence, today is our 5-yearly grand event."

"What event? I think some people are not from your place at all." Wiliam raised his head and looked forward, speaking directly.

The disciples of Yu Shizhi are very good at distinguishing them.

They were all wearing plain blue long coats.

These people are like stars, dotted among the crowd.

But more, or people dressed in colorful.

Obviously not the way.

Su Emei rolled her eyes at Wiliam, "It's up to you to say it. I'm not finished yet. We are in control of the world, and every five years, we will join forces with the Yi Nian Xian Prison Sect to hold an Immortal Doctor Seeking Truth. The people you see now are genius doctors from all over the world, and of course many of them are from Yi Nian Immortal Prison."

"The Fairy Doctor Seeking Truth Meeting? What the hell is this?" Wiliam said that he had never heard of such a strange meeting.

Su Emei explained simply: "To put it simply, it is to use medicine to discuss Tao. We will ask ten questions, and everyone chooses any one of them to answer. Whoever answers the best will be the king of that question. In the end, ten title kings were decided to compete for the ultimate fairy doctor king."

William looked at Su Emei with a lifeless expression, isn't this a medical competition?

So mysterious and grand.

Every five years, yes.

"What is the reward for the final king of fairy doctors?" William asked casually.

Su Emei smiled and said, "Take one of the two rewards. One is to make a wish to our Sect Master. The other is to reward a customized highest-level rootless spirit."
