Chapter 1859 Five Spiritual Roots

When Wiliam saw Su Emei's appearance, he felt that this thing was very powerful.

Can you force alienation to improve your spiritual roots?

Wiliam became more and more interested in this.

He glanced at Xinglin Bodhisattva, only to see Xinglin Bodhisattva waiting with a smile, not in any hurry.

Seems to be a sure bet.

Seeing this, Wiliam was no longer in a hurry, but looked at Su Emei and continued to ask, "What is alienation to enhance spiritual root? What is the magical effect of spiritual root, and how is it activated?"

Su Emei raised his brows, and the veins on his forehead kept beating.

Good guy, this kid is here to study?

Don't see what's going on?

However, Su Emei still answered patiently: "The spiritual root is the wisdom root that is planted on the spiritual platform! After a person enters the Nirvana realm, he can open the spiritual root, and he can absorb the spiritual energy of the world and cultivate himself."

"Normally speaking, there are five levels of spiritual roots. The lowest level is the most common level, which is called spiritual gathering. When normal people open it, it is the spiritual root in the state of spiritual gathering. This kind of spiritual root can allow the owner to swallow the world normally. Spiritual energy."

"The spiritual root that is better than the spiritual gathering is called Ling Yong, which means that when it absorbs the spiritual energy of the world, it can cause the spiritual energy to surge, allowing the owner to absorb more spiritual energy."

"Only one percent of the people who have opened the spiritual root of Lingyong."

"Above Ling Yong, is Ling Tao. The probability of opening Ling Tao's spiritual root is one in ten thousand. Ling Tao's spiritual root is already very rare. Those who open this kind of spiritual root have an unlimited future. Because he can absorb more spiritual energy than the previous spiritual roots."

“The fourth type is called spiritual mourning, which means that the spiritual energy is surging in the heavens and the earth to mourn. This kind of spiritual mourning is rare in the world. As far as I know, no one has been born in the past thousand years. Of course, your two brothers, I am I don’t know, but according to my estimation, it is definitely not lower than Ling Mourning, but it has not been announced.”

“Furthermore, at the beginning of the mourning, there is a most powerful sign, that is, the body can absorb the spiritual energy of heaven and earth endlessly 24 hours a day without controlling it by itself. This is the most terrifying, which means that a person can hang up.”

Su Emei said so much in one breath, and finally made Wiliam have a little idea of Linggen.

Linggen can be said to be an admission ticket to seeking immortals.

If it is said that the practice of martial arts is internal power, then the cultivation of immortals is spiritual power.

These are two completely different concepts.

Inner strength comes from oneself, a kind of vigor that is cultivated through one’s own continuous practice.

And the spiritual energy comes from the outside world. There is spiritual energy in all the four worlds and the eight desolate places.

As for immortality, the most important thing is to cultivate a mind, but spiritual energy is the foundation of everything.

Lingju, Lingyong, Lingtao, and Lingyuan are a bit interesting.

Especially the last grief, Wiliam was very interested.

The first three kinds of spiritual roots are relatively common, and the fourth kind of spiritual mourning that can be hung up is fun.

No, Wiliam suddenly thought of something, and immediately asked, “Isn’t there only four kinds? What about the last one?”

Su Emei shook his head and said, “The fifth and last type has already disappeared from the human world. In other words, no one will open this kind of spiritual root at all.”

“Why?” Wiliam asked.

“Because this last kind of spiritual root is too heaven-defying, and the side effects are too terrifying, some people noticed this thousands of years ago, so several big bosses who turned the river and the sea joined forces to set up a mysterious ban on heaven and earth. , awakening the spiritual roots of people and forcibly suppressing them at the fourth level, which is spiritual mourning.” Su Emei said lightly.

“Oh? That is to say, several big bosses worked together to formulate the rules of the game thousands of years ago, right? I’m interested to know what the last one is called.” Wiliam chased after him.

Su Emei thought for a while, and said, “If I remember correctly, the last kind of spiritual root is called spiritual disaster. This is a mysterious and powerful spiritual root. Let me tell you this, if we talk about the first kind of spiritual root Lingju does not stop for a day, and the aura that can be absorbed is 10, the second kind of spiritual surge is 30, the third kind of spiritual wave is 100, the spiritual grief is 500, and the most mysterious spiritual disaster is 2000!”

“Think about it, the spiritual roots of the spiritual gathering level, who practice without sleep all day, need to practice for 200 days to be worth the results of a day of spiritual disaster, and the spiritual disaster still hangs up automatically, do whatever you like, walk. You can say that it’s scary or not.” Su Emei said it was a little unbelievable.

Wiliam’s eyes suddenly became deep, as if thinking of something.

Holy shit, that’s interesting.

“Wiliam, that Spiritual Root Pill has the magical effect of forcibly enhancing the Spiritual Root. It is rare in the world. When I saw it, my heart was moved, wouldn’t you?” Su Emei asked in a low voice.

Heartbroken?

Why don’t you get excited?

“I don’t understand, a group of doctors are so excited when they face the pills of the warriors, what’s the use of giving them?” Wiliam looked at the group of red-eyed doctors and said with a smile. .

However, Su Emei shook his head and said, “You are stupid! If they get the magic medicine, the first thought is definitely not to take the medicine, but to study the medicine! If they can research it, it will be the next one. Doctor Immortal, famous for the ages!”

Wiliam didn’t say anything on the surface, but he laughed in his heart. After thinking about the immortal prison, the people who have studied it for thousands of years still can’t understand it, so the cat and dog on the scene just want to study it?

What are you thinking?

“Wiliam, how is it? Have you thought about it long enough? Could it be that my sincerity is not enough?” Xinglin Bodhisattva finally asked with a smile.

But the expression is very confident.

He was confident enough that Wiliam would agree, no one could resist such a temptation!

What’s more, Wiliam’s dual identities as a doctor and a martial artist are double the temptation.

But, does he have the ability to take it down?

It’s fun to see, but not to eat.

Sure enough, Wiliam finally stood up and said with a smile, “Okay, since Xinglin Bodhisattva is so sincere, it’s my disrespect if I don’t come out again.”

Hoho, Wiliam is really rare in this world where people are slapped in the face.

“Okay! Boy Wiliam is really refreshing! Then please everyone present to be a witness! I can’t wait to see Boy Wiliam’s amazing medical skills, ho ho ho ho, show us a hand!” Xinglin The Bodhisattva handed over the envy of the world to the staff, kept it as a prize, and said with a smile.

Naturally, he was silent.

Wiliam nodded, looked around, and said, “Well, who can lend me a few silver needles?”

The audience was stunned for a moment, and then a burst of laughter suddenly erupted.

The eyes everyone looked at Wiliam suddenly seemed to be looking at a fool!
