

Dragon Husband Chapter Chapter 1871

Chapter 1871 As soon as you think about it, everyone wakes up

“What! Will it spread in the air?” Some surviving people at the scene screamed loudly when they heard this.

They covered their mouths and noses for the first time, their faces pale!

This ghost-seeking pill is so powerful!

Wouldn't the scene be dead!

Even the face of a living ghost is ugly, because he knows that he will not be spared.

In his impression, the last time one thought immortal prison used the ghost-seeking pill was decades ago!

At that time, life was devastated, and the scene was like purgatory on earth!

Never thought it would appear again today!

Just thinking about the Immortal Prison is so cruel!

For an elixir, he even used the ghost-seeking elixir!

Aren't you afraid of being scolded by the world?

However, things have become a foregone conclusion, and everyone feels that death is inevitable.

Even if William's skills are terrifying, and there is a way to crack the poison of the ghost-seeking pill, so what?

Elder Li, who was on the side, was still laughing wildly: “William, aren't you very good! You are saving it! I think in these few minutes, you can save one or two! Hahaha, save one, who do you want to save first!”

At this moment, Elder Li really looks like a complete lunatic.

He threw all the conflicting points to William.

The people who fell to the ground at the scene all looked at William, their eyes full of pleading.

It was as if they were awakened by Elder Li, and their instinct to survive made them anxious and crazy.

They used all their strength and roared at Wiliam, accompanied by pleadings all over the ground.

“Yes, only Wiliam can save us! We can all see his miraculous performance just now, he must have a way!”

“Shen Doctor Lu, can you please save me! I have always trusted you just now!”

“Save me first, save me first! I still have a family to support, I can’t die!”

The scene was suddenly noisy.

One-handed ghosts look anxious!

This damn elder Li!

It actually made Wiliam a standout!

In this situation, there are only a few minutes left, and Wiliam can save a few!

Do you have a relationship?

And those people who Wiliam has no way to take care of, they will probably hold a grudge against Wiliam until they die!

They would think that it was Wiliam who didn’t save them.

Yin damage!

It’s just utterly underwhelming!

Seeing this scene, Elder Li laughed wildly again.

This is the result he wants to see!

“Wiliam, don’t fall into the trap of this dead old man! He is making you a fool! Leave him alone! Let’s go!” Su Emei shouted to Wiliam, obviously she also understood the situation in front of Wiliam. Very unfavorable.

However, Wiliam smiled, “Let me be taken advantage of? He also has this ability.”

“Wiliam, you...” Su Emei stared at him, not knowing what Wiliam was going to do.

Wiliam looked around, his eyes were full of chaos.

Some people are struggling to survive, and some people are eager to make things more coax and laugh wildly.

A pair of human faces.

But how can it be?

A burst of azure energy suddenly erupted from Wiliam's body!

This azure air is extremely rich, like a bay of clear springs!

The one-handed ghost standing beside Wiliam suddenly shook violently!

This azure air permeated into the body of the living ghost in an instant.

Originally, the first-hand living ghost has been contaminated with the ghost-seeking pill, and some abnormalities have begun to appear in the body.

But as the azure energy entered his body, he only felt that his body was immersed in a clear spring, extremely cool.

The pain caused by the ghost-seeking pill has slowly disappeared!

Instead, it's a comfort!

"This!" The eyes of the living ghost suddenly widened, and he couldn't believe what happened to him!

What the hell is this azure air!

Why is it so magical!

What is the aura of azure green, needless to say!

Naturally, it is Wiliam's metamorphosis.

Wiliam's metamorphosis has gone through Nirvana Butterfly Transformation again and again.

Coupled with the integration with the Jiangshan Prayer Seal a few days ago, Wiliam also broke through to Nirvana.

Various reasons have created Wiliam Huasheng's terrifying healing power.

In fact, when he treated ten pavilion patients just now, Wiliam didn't need to be so complicated at all.

Just release the energy of transformation, and those people will most likely be cured by Wiliam treatment.

It's just that he's useless.

In Wiliam's heart, there has always been the pride of a traditional healer.

Silver needles and medicinal materials are his favorites.

Only through this traditional treatment can Wiliam be more able to adapt to his identity as a doctor.

But no, doesn't mean it can't be used.

In an instant, Wiliam Huasheng exploded!

Like a stormy sea, the air of blue and green swept the audience!

Those who fell to the ground and wailed bitterly seemed to be frozen, with different expressions.

Apparently they don't know what this thing is either.

For the unknown, human beings always instinctively maintain a fearful attitude.

until—

“My body, my body doesn't seem to hurt anymore...”

Someone suddenly shouted in disbelief.

If there is one, there is a second.

Soon, this kind of surprised shouts suddenly became one!

Everyone was surprised to feel their own bodies and let out a shout.

They found that the pain was receding like a tide!

They found that strength was slowly being recovered from the body!

One person tried to stand up, and he succeeded!

Many people also began to struggle to stand up.

ecstasy!

An ecstasy of the afterlife reappeared in everyone's heart!

These people who stood up all looked at Wiliam!

That is, the center of the explosion of the blue and green energy!

At this time, even a pig will understand what happened just now and who saved them!

It's Wiliam!

It is this peerless doctor!

God!

Just a minute ago, everyone seemed to be in hell!

Although they were crying and begging Wiliam, they actually understood one thing in their hearts!

Even if Wiliam can save people, how many can he save? Can you save them?

I'm afraid it's not possible at all!

However, the miracle just happened!

Wiliam can indeed save people!

and!

It turned out that in an instant, everyone was saved!

Seek ghosts!

What a horrible and vicious medicine!

But in front of Wiliam, it was like a layer of gauze, and it broke as Wiliam blew lightly.

Everyone is in the dust, only Wiliam, in the atmosphere!

This is not what God is!

The feeling of going from hell to heaven made the people present spontaneously worship Wiliam and appreciate Wiliam!

One person, full of hot tears, knelt down straight towards Wiliam!

“God Lu is above! Please let me worship three times! You saved my life, Li Gousan! I am a cow and a horse in this life, and it is not enough to repay your life-saving grace! Thank you!”

Inspired by this person, the people who were rescued by Wiliam at the scene all knelt down towards Wiliam!

What is God?

As soon as you think about it, everyone wakes up!

Seeing the scene kneeling in one piece, just worshipping one person out of piety, Su Emei actually had a feeling in his heart.

This scene is witnessing the king’s ascension to the throne!

And the king!

Always dressed in white, the world is invincible!.
