

Dragon Husband Chapter Chapter 1887

Chapter 1887

The place was embarrassing.

Everyone watched Elder Dongfeng perform awkwardly and couldn't say a word.

This is also playful.

The sense of substitution is too strong.

This is how much I admire Wiliam.

Xu Rushuang was in a rare cold sweat, so embarrassed that her toes were on the ground and she could dig out five rooms and one living room.

"Elder Dongfeng! That's enough!" Xu Rushuang finally couldn't help shouting.

I really can't stand it anymore.

Only then did Elder Dongfeng realize that he had lost his temper.

He quickly explained: "I'm sorry, I'm sorry, I was so itchy for a while, I laughed."

Wiliam also looked at Elder Dongfeng with a black line.

It feels that the entire Yushizhiren is not so normal.

Probably too idle in the world, right?

Wiliam continued to speak.

Of course he couldn't tell all the details.

It's just that when he used a mysterious method to take away all the fire of the human idiot's soul, the scene became quiet again.

Is Soul Fire so easy to harvest?

This is also amazing!

Everyone stared at Wiliam, making Wiliam feel a little embarrassed.

It was Su Emei who was very understanding, and quickly said: "Alright, alright, Wiliam is also the first person to pass the second level in the history of our imperial control, otherwise let's let Wiliam take a rest. "

Everyone nodded in agreement.

But Elder Dongfeng acted as a demon again, he took a step forward, patted Wiliam on the shoulder wildly, and said righteously: "What a joke, I Wiliam, bah, is my family Wiliam so easily tired? I believe that in the In this stage, Wiliam was still unscathed, and he went directly to the third stage, nothing wrong, resting and wasting Wiliam's time."

Su Emei almost cried.

Disrespectful to the old.

And Wiliam was also depressed and wanted to hit someone.

What is the state of mind of Elder Dongfeng?

In this level, Wiliam appeared to be unharmed from the outside.

But his head hurts.

The feeling of burning the soul before the fire of the soul made Wiliam feel very uncomfortable now.

This is an internal injury, this is a soul injury, understand?

Originally, Wiliam wanted to go down this step and take a good rest.

I didn't think of Elder Dongfeng, this idiot, it's not a thing.

When Elder Dongfeng said this, the other elders came to their senses one after another, and all of them were full of confidence, "Yes, Wiliam is not injured at all, so don't waste Wiliam's time, people are busy and delay their business. It's not good, I think I'll go directly to the third level."

Wiliam and Su Emei looked at each other.

Wiliam has every reason to believe that these elders are not really thinking about Wiliam.

It's that they can't wait to see a good show.

Eating melons is bigger than the sky.

“Hey, hey, I’ll ask you, do you know what the third level is?” Su Emei couldn’t help rolling his eyes.

After saying this, everyone present was dumbfounded.

“It seems, I don’t know...” Everyone said in unison.

No one has passed the second pass, which means that no one has entered the third pass.

This third pass is named the “Blood Blood Washing Pass”, but no one knows exactly how it was tested.

“Blood Blood Washes Love Pass, Wiliam, can you infer what this pass is?” Xu Rushuang asked Wiliam.

Wiliam looked at everyone present with a funny look, “This is your home court, just ask me a person who came to your sect for the first time.”

After saying this, everyone suddenly felt embarrassed.

What Wiliam said makes sense.

Shame, it makes people laugh.

“But it doesn’t matter, just go in.” Wiliam finally pondered and said.

He has his own considerations.

The first level is for flesh and blood.

The second pass is for the soul.

The third level can never be repeated for these two things.

The idiots in the world have great talents, and they will not repeat them.

So what is the third level, Wiliam has no way to guess.

It’s better to go in early, die early and live early.

“Then you must be careful.” Xu Rushuang repeatedly urged.

Wiliam nodded, then walked to the door of a stone gate opposite.

He pushed the door hard.

Then walked in.

The people at the scene looked at each other, "Where are we going to wait next? There seems to be nowhere to wait?"

In the first two levels, there were crossings to make them wait, but there was none in the third level.

For the first time, everyone has no experience.

But reality soon told them where to wait.

Because it is different from the previous two gates, Wiliam will automatically close the door as soon as he enters.

Now that Wiliam went in, the door didn't close.

People at the scene could clearly see Wiliam's whereabouts inside.

"Hey, the door isn't closed, do we want to follow up and take a look?" Someone immediately couldn't hold back their eagerness to eat melons.

But Xu Rushuang just gave the man a blank look, "If you want to die, go in by yourself."

The man shuddered all over, and his neck was about to shrink into his stomach, "I think we'll be watching from outside the door. It's fine, we can see clearly."

After Wiliam entered, he found that it was only a small space, which was very different from the previous two layers of ice and fire.

There is no dangerous smell.

It seems to be a place where a person lives. It is very simple, but it is also very warm.

Wiliam looked up at the roof, looking for a mortal idiot.

Sure enough, the voice of human idiot sounded, "Aren't you resting?"

If Elder Dongfeng was present, he would definitely say something, "If you say this, you will lose."

Because the idiots in the world were afraid of Wiliam, they didn't go to rest.

And Wiliam just smiled slightly, "I'm sorry, I'm worried about it, and it's hard to sleep and eat."

“Worry about it, that’s all, this third pass is called the “Blood Blood Washing Pass”, you go to the small pool in front of you, immerse your body in the pool and don’t move.” Human World Chi said.

“And then? What about the rules?” Wiliam asked back.

“Rules? Hoho, the rules of this level, compared to the previous two levels, are equivalent to sending you through.” Senior Human Chi seems to be laughing at himself.

But how could Wiliam believe the pie that fell from the sky, he said sincerely: “You better tell me first, I have a bottom line.”

The voice of the mortal idiot also became serious, “Okay, if you want to know. Let me ask you first, what is the meaning of cleansing?”

Wiliam shook his head. He had thought about this before, but he just didn’t understand it.

“Those who become the Dao need to be ruthless. That is the so-called “too-supreme forgetfulness”. The word “love” means the burden of human beings and the fetters of Dao. You can cleanse your emotions and help you reach the realm of the Great Dao. To put it bluntly, in this test, as long as you can wash away your emotions, you will not only be able to pass the test, but also this specially forged emotional pool will turn into your realm. Help, help you directly improve to a realm!” Senior Human Chi said lightly, with a bit of helplessness in his tone.

This level, send sub-question ah.
