

Dragon Husband Chapter Chapter 1903

Chapter 1903 Summoning the Big Boss

Where would Wiliam in desperation have any thoughts to think about these laws.

Now, he just wants to live with his own life.

What else is there?

Wiliam's head stormed wildly.

He tried to call Xiao Wangqing and Long Live Honghua.

But Xiao Wangqing and Wanzai Honghua were just pretending to be dead, ignoring Wiliam at all.

Metamorphosis is also useless.

The power of the unicorn is temporarily useless.

what else.....

Wiliam felt the pain of being burned by the fire, and was really about to despair.

At this time, a light flashed in his head suddenly!

Since this is not his own body, but his own consciousness.

So, what about the two big guys?

That's right, in Wiliam's head, he instantly thought of the sky blue unicorn and the soldier Chiyou.

Because of their broken souls, these two bosses could not be summoned from the outside world.

Wiliam can only treat them as one hundred thousand whys, and ask them for advice if they have any questions.

But now, since it is not in the outside world, it happens to be in the aspect of consciousness.

So can they help?

Just do it!

William tried to call out to Tianqing Qilin, "Ancestor, can you hear me? Can you show up?"

Soon, the voice of Tianqing Qilin senior appeared in William's mind, "Well, you are..."

"Don't talk too much, try to see if you can show up, or if you can devour these spiritual energy?" William didn't care about etiquette anymore, and directly interrupted Tianqing Qilin's words.

"I'll try." The voice of Tianqing Qilin just fell.

William only felt that this dark world suddenly shook!

Then, William saw that a light blue unicorn suddenly appeared in this world.

William's heart was overjoyed!

There is a play!

Senior Tianqing Qilin can really appear in this world!

William bowed head-on, "Old Ancestor, try it!"

Worshiping his ancestors, William felt no pressure at all.

"It's weird, you..." Tianqing Qilin muttered, and a blue light slowly emerged from his body.

Those violent auras, like being attracted, rushed towards the body of the sky blue unicorn frantically!

"Well, you are so irritable, William boy, you really have the ability." Tianqing Qilin's words don't know whether he is praising William or hurting William.

However, William ignored it, the result was good, no matter what!

Since Tianqing Qilin senior can come out, what about the soldier Chi You!

William tried to call Chi You again in his heart, "Boss, can you come out too?"

"Hoho." The powerful voice of the soldier Chi You sounded in William's mind.

As if mocking William.

Ho ho your sister!

William murmured, and knew in his heart that Chi You was not as talkative as his ancestors.

He and Chi You have always had a cooperative relationship.

If you want Senior Chi You to help, you must either pay a price or persuade him.

So, William quickly said: "Senior Chiyou, you should have also felt that the spiritual energy in this world is extremely violent. In other words, it is many times richer than the spiritual energy in the outside world! I believe that such a strong spiritual energy will definitely affect you. It's also very helpful to recover from a healthy body, why don't you come out and try it?"

"Hoho, you're a ghost. It's clear that you can't bear the calamity of these spiritual qi, yet your words are so nice." Chi You directly saw through William's thoughts.

William's face was neither red nor hot, and he said directly, "It's not wrong. But it's good for you, there's no doubt about that, right?"

Since Chi You has no objection, it means that all this is true.

"Hoho, think beautiful!" Chi You directly refused.

William thought about it for a second, and immediately said, "Okay, then I'll let my ancestors eat enough at a time. Don't blame him for recovering first."

This sentence was like a knife that directly stabbed Chi You's competitive spirit.

"You! Presumptuous!" Chi You immediately became irritable.

However, William stopped talking, waiting for Chi You's final result.

Sure enough, after a while, William saw a figure slowly condensing.

It's Chi You's real body!

This side of the world is not very big.

The Tianqing Qilin's body directly took up half of it.

Now Chi You is of course not to be outdone.

The bodies of the two ancient bosses almost filled the world.

William's heart was relieved, and he clearly felt that the hot breath on his body was slowly weakening.

The little life should be saved!

At this moment, William felt extremely lucky.

If it weren't for the existence of two ancient bigwigs on him, maybe he would have returned to the West by now.

Being held to death by aura, it makes people laugh when they say it.

It's just, can the two bosses hold up this violent aura?

William still had a question mark in his heart.

Because the aura is too much too scary.

Even if two big bosses appeared and devoured the spiritual energy crazily, the spiritual energy seemed to come out crazily as if they didn't want money.

It seems to be holding back with the two big guys!

Time passed by minute by minute.

The vicissitudes of the sky green unicorn sounded, "William, what did you do? This spiritual energy seems to be inexhaustible, and there is no end!"

William was secretly ashamed, and quickly replied: "Two bosses, I'm really sorry. I'm opening the spiritual roots. Maybe your previous cultivation methods are different from our latecomers. Anyway, this is the scene in front of you. You How much can you absorb?"

Tianqing Qilin's body trembled, but he didn't speak.

Instead, Chi You turned around and glared at William, "Boy, how dare you lie to me!"

William was taken aback, "Why is this lying to you? Isn't spiritual energy good for you?"

"It's good, but it's worth refining!" Chi You scolded angrily.

At this time, Tianqing Qilin was able to smooth things out and explained: "William, spiritual energy does have certain benefits for us to restore our souls, but its use is limited. Now you call us out and let us devour the spiritual energy, which is understandable. But you have to think of a situation where even we are engulfed? So what?"

William was stunned and shouted uncontrollably: "Is it possible that both of you two big bosses can't swallow the spiritual energy of this world?"

Are things going to end up in the worst direction you envisioned?

Tianqing Qilin smiled helplessly and said: "Ghost knows that this spiritual energy keeps popping up like I don't want money, when will it end? If our body is full of spiritual energy, then the three of us are ready to die together in this small world. "

William's heart froze, and immediately slapped the real warrior in the field with a flattery.

"Isn't this where Senior Chiyou is still here? I believe that with Senior Chiyou's supernatural powers, what is a little spiritual energy? If you are killed by the spiritual energy, you will lose face if it is spread out, isn't it?"
