

Dragon Husband Chapter Chapter 1913

Chapter 1913 Frost Snow

Those who rushed up stared blankly at the young woman in front of them.

As if she were made of ice.

It is obvious that everyone present is a strong person above Nirvana.

It is clear that this woman in front of her can not survive but build a strong state of mind.

But these dozen people did not dare to step forward.

It feels quite weird.

The blue-haired Fengxue showed a playful smile, the peach blossom frost branch in his hand swayed slowly, and he didn't take these people in his eyes at all.

"Why are you standing there in a daze! A woman has fooled you!" Ye Donglin, who was on the side, also saw this scene, and was so angry that he almost vomited blood.

On his side, he was temporarily suppressed by a hairy boy.

There were more than a dozen people over there, and they were so frightened by a little girl that they didn't dare to go forward.

More humiliating than yourself!

If this is spread out, Emperor Yao Lingxu will not be called Emperor Yao Lingxu in the future.

Calling the Emperor Demon Dog is a miscalculation.

Those people were scolded so fiercely by Ye Donglin, and they woke up like a dream.

Although they felt a terrifying oppressive force from this little girl, they did not dare not obey the order of the sect master.

A group of people rushed towards the blue-haired blizzard.

"Oh? Are you here?" Blue-haired Fengxue smiled softly.

It was an odd expression, clearly laughing, but it looked even colder.

She took a slow step forward.

The peach blossom frost branch in his hand waved casually.

The icy cold wind suddenly hung up, and it was wrapped around a dozen people in front of him with broken ice.

The dozen or so people naturally easily resolved the cold wind and broken ice in front of them.

They quickly rushed in front of the blue-haired blizzard.

One of them stabbed the blue-haired Fengxue with a fierce sword.

This thorn, the blue-haired wind and snow did not escape.

Not even a block.

She just smiled contemptuously, as if mocking the world.

“It’s done?” The man stabbed the blue-haired Fengxue directly with a sword.

The people at the scene were also stunned.

That’s it?

Wasn’t it arrogant and imposing before?

This was the first attack, and she was killed?

Depend on!

I was afraid of wool before that!

Shame!

Everyone was a little shameful, feeling that it was difficult to turn over the story of being frightened by a little girl before.

However, the man who stabbed the blue-haired Fengxue suddenly frowned and shouted, “No! It’s not right!”

Something is wrong?

What’s wrong?

The people at the scene looked at the blue-haired Fengxue who was stabbed.

Obviously she's not wrong.

However, the person who was stabbed had a terrifying unease in his heart!

He stabbed the person in front of him.

However, this person is not human at all!

If the sword in his hand stabs a human body, it must be destructive.

But the feeling of being stabbed now is like a sword stabbed into a piece of ice!

That feeling of being out of place, not to mention how responsive it is!

not human!

It seems to be confirming this person's unease!

The blue-haired Fengxue who was pierced by the sword showed a faint smile.

Under the watchful eyes of the public, her facial features gradually became blurred.

The figure also became blurred.

"Not good!" The man yelled, trying to pull out the sword to escape!

But it's too late!

The blue-haired blizzard formed frost on his body, freezing the man's sword tightly.

Even, the frost spread directly to the man's arm along the sword at an extremely terrifying speed!

And that blue-haired blizzard, where is he still a person!

It is clearly a piece of ice in the shape of a human!

The man's hands were frozen by the frost, and he let out a piercing roar!

An elder behind him saw that the situation was wrong and made a decisive decision!

The sword in his hand is directly raised high!

Cut off that man's arm decisively!

"Ah!" The roar sounded again, and the man's face instantly turned pale!

Although he lost one hand, he managed to get rid of this terrifying frost!

Surprisingly, after this man was cut off with a hand, there was not a drop of blood left at the fracture.

The people at the scene looked at each other, and then their expressions became weird.

anger!

They feel provoked!

Where is this woman!

“Come out!” the elder who had cut off his hand before shouted loudly.

“Hoho, are you looking for me?” The snow and ice rustled down from the sky.

When it landed on the ground, a blue figure appeared out of thin air.

As if she was a snowflake condensed.

Seeing this scene, the people at the scene were stunned again!

They finally figured it out!

This woman can change her body shape at any time!

The wind and snow are all hers!

As long as she wants, this snowstorm can be her!

If that's the case, it's terrifying.

If the frost and snow are not removed, it means that this woman will never die!

“Fight! Give me all the housekeeping skills! Also, be careful not to let Frost Snow get close!” The elder finally ordered.

He already felt the horror of this frost and snow.

Once approached, it is equivalent to being approached by this woman.

And even if there were none, the frost and snow would be enough to freeze them into popsicles!

They have also seen it before, those frosts are like gangrene attached to the bones, they can't get rid of them at all, only the strong men can break their wrists!

"Aren't you looking for me? Come on?" Lan-haired Fengxue held the peach blossom frost branch in her hand and raised it gently.

The frost and snow in heaven and earth are even worse.

And the crowd has rushed over.

The wind and snow disappeared before their eyes again.

"Attack these frost and snow indiscriminately! I don't believe it anymore!" The elder was forced to give an order like this.

Suddenly, with their venue as the center, those people recruited hundreds of flowers!

For a time, the entire Emperor Yao Lingxu radiated a lot of light, and there were bursting sounds everywhere.

After a while, it is estimated that the entire emperor demon Ling Xu will be dismantled.

William and Ye Donglin were pulling, and looked at Feng Xue distractedly.

Seeing this scene, William smiled bitterly in his heart.

The avatar of this wind and snow is also too scary.

Immortal, immortal...

William felt a little envious of Feng Xue's adventure.

The current blizzard is equivalent to the gathering of the two bosses, Frost Cang Python and Peach Blossom Lady, with their unique skills!

The body melts into snow, how to fight this?

Emperor Yao Ling Xu and the others faced Feng Xue, enough for them to drink a pot.

Time passed by minute by minute, and those people on the scene were like crazy, putting their big moves one by one.

Finally, the speed of the frost and snow in the sky and the ground can no longer keep up with the speed of being destroyed.

Frost and snow are getting less and less.

The elder was overjoyed and shouted, "Hold on! We are about to win!"

Those people were out of breath, obviously spending a lot of energy on dealing with the frost and snow.

William, who was on the side, forced Ye Donglin to retreat, and he also felt the awe-inspiring chill between heaven and earth.

He smiled slightly and said lightly to those people when he had time: "Victory? Hoho, next, is the real strength of my family's Fengxue! Watch it!"
