

## Dragon Husband Chapter Chapter 1922

### Chapter 1922 Blood Rage

The Supreme Elder of Dugu Hongshi was heartbroken.

He has been out of the world for many years, and he didn't want to come out. He originally wanted to show off for everyone.

I don't think about it, I don't think about it, the world is getting worse.

Every one of the sects, they have all stepped on their horses to hide their clumsiness.

Now all the housekeeping skills are taken out, and each one of them has no choice.

This forced Dugu Hongshi's Supreme Elder to show his true skills.

After he said "the blood rage of the lion", several elders had their hair and beard open.

A gust of wind suddenly blew between the sky and the earth.

Then, the blood-red color permeated the whole land.

"Roar!" A wild beast roared violently, hitting everyone's ears.

The crowd exclaimed in surprise.

I saw that on the ground, a huge ancient beast suddenly appeared.

It is the ancestor of Dugu Hongshi!

This lion's body is like a real body, and when it appears, the ground is dusty!

When the people on the scene saw this scene, they couldn't help but stunned and exclaimed, "Dugu Hongshi has made a lot of money! Such a huge price has been paid!"

It turned out that this red lion's blood rage was the bottom of the pressure box that could only be used when the Dugu red lion broke the sect.

They can summon the souls of their ancestors and fight for about ten minutes.

And after ten minutes, no matter what, the lion will disappear.

It's the kind of soulless disappearance.

This also means that Dugu Hongshi will no longer have its own ancestors and will no longer have its own beliefs to rely on.

Even the bloodline of Dugu Hongshi, which has been circulating for a long time, will become thinner and thinner, until it finally disappears without a trace.

This is tantamount to another kind of extinction.

Unexpectedly, Dugu Hongshi was crazy today, and used this trick of perishing together.

At this point, all the beasts start a prairie fire!

Remnant sword wind slaughter!

Hong lion blood rage!

The three attacks are done!

Fast as the wind!

Aggression like fire!

Emperor Yao Sanxing watched the six formations come out, and his eyes were cracked!  
crazy!

These people are crazy today!

Aren't they afraid that after the war today, their strength will be severely weakened and then replaced by someone!

Anger filled Samsung's heart.

But now is not the time to be angry.

Because time doesn't allow it.

As the three-way attack was completed, the one who came to the Emperor Yao Sanxing was Cannjian Jiutian's Cannjian Fengtu.

Tens of thousands of mad swords, with the sound of breaking the wind, roared towards the emperor demon Samsung, as if they were going to kill the three of them with thousands of knives!

"Hmph! The little trick of carving insects!" One of the three emperors of the demon snorted coldly, his body was full of energy.

The three of them were immediately wrapped in a brown color.

It was as if the three of them had turned into thousand-year-old trees, and their bodies were also of that withered color.

“Qiangqiang!” Kuangjian fiercely stabbed the three of them with anger.

However, it was like being stabbed on a piece of dead wood, there was no sound at all, and it couldn't penetrate at all!

“Isn't it a little trick to eagle worms?” Xu Tongyin also sneered, and the imperial map in his hand suddenly burst out and broke out of Xu Tongyin's hands in an instant!

Emperor map, the king of swords!

At this moment, the emperor's picture flew to the sky, blooming black that covered the sky and the sun!

It's like adding a few layers of BUFF to those mad swords on the scene! This chapter is not over,

Immediately, the face of Emperor Yao Samsung changed.

They instinctively felt a chilling meaning!

The three of them roared in unison, and the color of the dead wood on their bodies was even worse!

but—

“Pfft!” The most irritable elder was still stabbed in by a sword.

There was also a trace of blood spilling from the corner of his mouth.

“Treading the horse! I will fight with you!” The elder roared violently, and suddenly there was a dead branch in his hand!

This section of dead branches began to dance frantically, and in the end, the dance became bigger and bigger, directly smashing the mad swords flying from the scene!

As a result, the pressure on the three of them was slightly relieved.

However, they no longer dared to have any carelessness in their hearts.

Because this is one of the opponent's formations!

So he was forced to sacrifice his life's magic weapon for the elder Taishang, and he was injured before that.

You know, there are even bigger threats in the future.

Because, the three elders have already felt an oncoming coercion!

There is almost no respite at all!

“Hoo! Hoo! Hoo!”

The three elders had just been immersed in the slack strength of breaking away from the threat of Cannjian Fengtu, and when they approached, they felt like they were smashed by several mountains!

Their bodies were knocked backwards and flew out!

Even in mid-air, their bodies just folded their direction out of thin air.

One was directly lifted into the sky!

It seems to be provoked by the horns of a beast!

The other fell sharply, as if being stepped on by a beast from mid-air!

The most terrifying thing was the last Supreme Elder, whose body and limbs spread out for no reason, showing a large font in the air.

It seems that he was caught by several beasts on his hands and feet, and he was about to crack his car in mid-air!

“Pfft!” The elder spat out a mouthful of blood.

Fortunately, his realm is really high, and the toughness of his body is not comparable to ordinary people.

“Boom!” The mad beast is still marching!

Beasts start a prairie prairie, life is charred!

But it is a pity that the prairie fire of a hundred beasts is also a wave!

After this wave, the mad beast's voice slowly diminished, and finally slowly dissipated between heaven and earth.

And looking at Emperor Yao Samsung again, his body is extremely miserable.

They were crushed by wild beasts like mountains.

I'm glad I didn't die.

At this moment, their clothes are in tatters, and they are described as withered, like beggars begging on the street.

Fortunately, the three of them suffered only trauma, and their true qi was naturally still there.

The people at the scene were also impressed by the emperor demon Samsung.

It's really hard to beat!

At the same time, those people were also deeply afraid of the fact that Lanshan stopped fighting.

This sect was unremarkable before, and everyone thought they were just wild ways.

Unexpectedly, when this hundred beasts came out, it completely subverted everyone's thoughts.

horrible!

Emperor Yao Samsung was hurt by this formation.

And it's someone else!

I'm afraid that the first impact, everyone will be completely crushed!

This is simply a powerless fight!

And what if this great formation is used to attack a sect?

Thinking of this, everyone shuddered!

Arashiyama Zhige, so scary!

Emperor Yao Samsung slowly got up from the ground.

Their eyes are broken!

There has been no such humiliation in a hundred years!

And still being humiliated by ants!

They were about to speak when suddenly they felt their hearts beating fiercely!

“Boom!”

They looked up in disbelief!

Not far away, that gigantic lion was already in front of them!

Before, it wasn't that Hongshi wasn't fast enough.

But Hongshi didn't bother to sprint with the beasts at all.

Hongshi has always been the most arrogant ancient beast!

It's alone, but it's enough!

Hongshi looked down at Emperor Yao Sanxing, and his eyes instantly turned red!

What is blood rage?

See blood!

See blood!

See blood!
