

Dragon Husband Chapter Chapter 1924

Chapter 1924 Don't be ashamed

There was an uproar at the scene, I couldn't even look directly!

Don't be ashamed!

To do such a thing in public!

Now you can know with your toes, what's going on in the head of this bad old man!

It's so terrifying, the paper drunk meat forest can actually draw out the most real ** in the depths of people's hearts!

Shame!

It's a lot of age, and I'm still thinking about that kind of thing!

What everyone thought was wrong, and what the Supreme Elder saw was another scene.

He fell into a burst of pink, but it seemed as if he had arrived in a land of gentleness.

An irresistible gentle village.

What he smelled was a faint scent of women.

Fat powder.

Then, another woman with a graceful figure appeared in front of her.

This woman is definitely the most beautiful woman he has ever seen in his life.

It can't be described in any language.

Seeing this woman for the first time, the elder Taishang was already ready to move.

However, it was the last shred of reason in the bottom of his heart that supported him.

Reason tells him that this is not true!

There cannot be such a beautiful woman in this world.

So it must be an illusion!

Damn it!

It must have been in a fantasy.

Therefore, the Supreme Elder was struggling to support him.

But does the brace work?

The paper-drunk meat forest is the method of boiling frogs in the warmest water, which makes people unknowingly sink into it and cannot extricate themselves.

The woman started to move.

She walked towards the elder Taishang.

Walking lightly, swaying in love.

Elder Taishang is simply crazy.

He was also romantic when he was young, very romantic.

There are countless women who have experienced it and are deeply proud of it.

But all the women he had experienced were overshadowed by this woman in front of him!

It's tasteless!

What sow did I dedicate my youth to before!

The elder Taishang came up with such a thought inexplicably.

As soon as the thought came out, he was shocked!

What am I thinking!

no!

Can't look, can't look at this woman!

Thinking of this, the elder Taishang tried his best to close his eyes!

And at the moment when his eyelids were about to close, he suddenly saw the woman's hand.

She didn't stop in her footsteps, the two of them were already very close.

But her hand reached out to her clothes.

The clothes on her body were originally as thin as a cicada's wings.

Then, pull gently.

A gust of wind blew, directly blowing the fallen dress into the sky.

This scene of human beauty completely fascinated the elder Taishang.

His eyes even widened, as if he wanted to permanently engrave the picture in front of him in his head!

Ah ah ah ah ah!

His heart began to cry wildly.

He even bit his tongue!

Forcibly close your eyes!

When he closed his eyes, he felt an endless sense of loss in his heart, as if something had left him.

But after closing his eyes, his sanity recovered a bit.

At this time, a gust of wind blew.

right in his ear.

It seemed that someone was blowing gently into his ear.

Immediately afterwards, a pair of weak and boneless hands pressed against his body. This Supreme Elder couldn't help shivering!

Goosebumps all over my body.

Does he still think about it?

The woman must have walked in front of him.

Damn!

The Supreme Elder was trembling all over.

Desperately trying to break free!

“Hee hee hee...” A silver bell-like laughter appeared in his ears.

The voice is ethereal, as if it is far away, but it makes people feel very close.

Elder Taishang’s eyes couldn’t help but open a slit.

It doesn’t matter!

He is going crazy!

In front of his eyes, where is there a woman!

In front of him, there are several charming women!

The beauty of these women is not inferior to the first woman.

And the most terrifying thing is that the appearance of these women is actually based on his aesthetics!

These women, Qi Qi stretched out their hands to him.

Tick to him.

All of a sudden, the reason of the elder Taishang collapsed in an instant.

He roared and ripped off the cover on his body.

He thought that he had obtained these rare women.

He thought, he vented again and again.

As a result, he just stunned the air in front of everyone.

The third Taishang elder was the grumpy elder.

On the contrary, he was the least sought after of the three.

In the illusion, he saw the mountains of gold and silver, and saw the life of a drunken gold fan.

However, after these external things are obtained and satisfied, they appear dull.

The irritable Taishang elder looked at these inexhaustible yellow and white things in front of him, and suddenly sighed, “What’s the use of these things!”

“My quest is really vulgar! Don’t think I don’t know, it’s an illusion!”

As a result, the Supreme Elder clashed left and right in the mountains of gold and silver.

But in the eyes of the people at the scene, he was like a ghost hitting a wall, spinning around in a small area on the spot.

After a while, this irascible Supreme Elder was really irritable.

He screamed, suddenly stretched out his hands, and poked his eyes fiercely.

“Ah!” A tragic roar shouted from the mouth of the Supreme Elder.

This one from the waste eyes really works.

As he lost his eyes, naturally he couldn't see any illusions.

And the effect of the paper drunk meat forest gradually weakened.

After all, being able to support for so long and trapping the three tyrannical elders for so long, the people in the red, thin and tall buildings are proud of themselves.

As the illusion shattered, the pink color slowly faded.

The scene was only filled with the pained wailing of the grumpy elder.

The wailing also awakened the two elders in front.

The supreme elder with the highest cultivation base was just about to shatter the void in front of everyone's eyes and pretend to be a **** for everyone.

He couldn't help shouting loudly, “No! No! No!”

The other elder, who was in the sprint stage, suddenly felt the chill around him and opened his eyes to take a look.

The wailing was much more mournful than the other two elders!

“Ah ah ah ah ah!”

He finally knew what he had just experienced.

I am facing thousands of people and ravaging a mass of air!

Shameful!

The face of this life was all lost in one day today!

Let's destroy together!

Including Emperor Yao Ling Xu!

"Big brother and second brother! Help me!" the irritable elder shouted loudly.

At this time, the other two noticed the misery of the elder.

The people at the scene couldn't bear to look directly.

The worst is probably this old man!

With a body of blood essence, he broke the Jinshan killing, and used his self-poking eyes to break the paper drunk meat forest.

Obviously, it is the lowest cultivation base among the three.

But he used the most brittle shoulders to carry the fiercest beatings for the two older brothers.

good brother!

"Third brother! We'll take you away now!" The elder with a swaying waist had completely lost his face and just used this excuse to pick up the third child and soar into the sky!

The Supreme Elder who wants to shatter the void can only pin his unfulfilled dream on this sprint now.

Three people, soar to the sky!

Seeing that, nothing could stop them from leaving.

At this time, the white tiger's eye, which remained motionless from beginning to end in the sky, blinked lightly!
