

Chapter 461

Xena saw this big sword dancing violently, and immediately shouted from below, "I rely on you, an old monster! Do you want your old face anymore! Wiliam doesn't have weapons, you actually did. Weapon! Give it to me if you don't want this old face! I'll take it to feed the salted fish!"

Xena was indeed anxious.

Originally, Wiliam had a good chance of winning, but the current situation showed a major reversal with the appearance of a big knife.

How could Wiliam fight someone with a knife with his bare hands?

I have lived for most of my life, and now I don't even need my old face!

It's shameful!

The people at the scene also looked at each other, not expecting Frederick to come to this end in the end.

It looks like cheating.

However, Frederick said in a cold voice, "Ho ho, the old man wanted to learn from this kid, as long as he clicked. But this kid is pushing too much! Isn't he crazy? Isn't he going to make me go all out? Okay, I will let him see my strength. Besides, our gambling agreement does not state that we don't bring weapons. He doesn't bring them and can do with me?"

The righteous words of this remark instantly threw the black pot on Wiliam's body.

Xena was so angry that she kept spitting down below to express her dissatisfaction.

The disciples at the Tianyi Martial Arts Hall at the scene are naturally the master who guards them.

"Yeah, who doesn't know in Q City (Qena City) that my master is famous for being a big ring sword with a golden thread. Doesn't he mean breaking his arm without a sword?"

"Who told this kid not to take the weapon? How can my master fail to do this? You didn't bring pens for exams when you were in school?"

"It's just that this kid is so arrogant and annoys my master. My master's big ring knife has not been drinking blood for several years. See you today. You should feel lucky for Sansheng."

Listening to these people plausible, Xena's face flushed red, and she shouted to the stage: "Brother-in-law, come down, let's not fight the rogue!"

But Frederick was cold-eyed at Wiliam, "Why? I was shocked when I saw my knife? You still have a chance to step down."

William frowned slightly, he didn't even deny Frederick's sudden knife-hunting behavior.

But the matter has reached this point, William has no way out.

Join Telegram Group For chat and Fast update

He first looked at the referee, after all, the referee is the biggest here.

And the referee is naturally Frederick's person, he said in a deep voice: "Your betting agreement is clearly written, and there is no clear statement that you cannot bring weapons. The game begins!"

A trace of triumph flashed in Frederick's eyes, holding the gold wire big ring knife and cutting off at William.

There was an exclamation on the scene.

This is going to be cut to death!

Looking at the gold wire big ring knife, it is shining with cold light under the light, and it must be extremely sharp.

If this is chopped down, there will be no difference in the body!

Lu Yexuan!

Sure enough, William confronted the gold wire big ring knife with his bare hands.

He was forced to dodge around the court.

This scene made Frederick feel very happy.

Anyway, he has lost face today.

Now, I can finally get a breath of bad breath in my heart.

He didn't think about accepting William as his apprentice anymore.

This son was born stubborn and reluctant to give up. He is by no means good.

Still beheading him here today is even more powerful for myself.

As a result, Frederick's gold wire big ring sword danced harder.

From the distance of the scene, the sound of the wind breaking with the big ring sword could be faintly heard.

Not to mention William at the center of the storm.

Huang Zhengyin on the side shook his head.

The admiration in his heart for his father is slowly dissipating with the appearance of the golden wire big ring knife.

Father's disdainful behavior is simply a scum of the world!

How can one claim to be a warrior!

How dare a great master!

Huang Zhengyin suddenly felt that it was a deeper shame to be born in Tianyi Martial Arts Hall and to be the son of Frederick!

"William, be careful!" Huang Zhengyin saw that the situation was not good for William, and couldn't help shouting when William was in crisis.

The shout made Frederick even more angry.

Having a son is also a traitor!

Good you William!

You broke my son!

Die to me!

"Drink!" Frederick danced his sword and stormed towards William again.

William didn't dare to get close, so he could only keep traveling around him.

However, even Frederick couldn't detect it, although William kept dodge.

But his footsteps are not at all flustered.

Otherwise, Frederick would have caught the flaw.

For a while, the scene was a bit stalemate.

Everyone's hearts are mentioned to their throats.

It depends on when William was exhausted and his flaws were exposed.

Frederick was full of confidence, and the confidence came from William.

He knew that William had just rescued a few days ago, and his body had not fully recovered.

From just now, his face was pale and his footsteps were vacant. It was the first punch that was thunder and rain.

His physical strength has been seriously overdrawn, and now it is just the end of the force.

As long as he persisted, the physical strength of this kid would definitely collapse.

At that time, it was a good time for myself to be happy and enmity.

Sure enough, Frederick's thoughts were not over yet, and he saw William's footsteps trembled slightly.

The opportunity is here!

Frederick was overjoyed, seizing this once-in-a-lifetime opportunity, raised his sword towards William's bottom plate!

"Wow!" The people at the scene actually stood up together.

Everyone could tell that William had lost his focus.

His body is slowly falling to the ground and is no longer under his control.

And Frederick's ability to grasp the opportunity is extremely good, William fell, his sword arrived!

With this cut, William couldn't hide it!

Seeing blood!

But at this moment, the confident Frederick suddenly stagnated and threw the knife in his hand directly, clutching his hands and howling in pain.

And William's body finally escaped Frederick's mortal blow at the moment of his death!

William fell to the ground with a dull ground sound.

And everyone's eyes widened.

I can't understand the situation at the scene at all.

Frederick is obviously going to win, why throw a knife at the last moment?

It's like throwing away a hot potato.

And now, Frederick is still wailing in pain.

what's the problem?

When everyone was puzzled, Frederick suddenly roared at William in anger, "You mean villain! You actually used a hidden weapon to hurt people!"

As he spoke, he let go of his right hand.

Everyone saw goose bumps all over!

I saw Frederick's right wrist, a vermilion silver needle was inserted impressively!

The silver needle entered Frederick's wrist directly, and the needle came out from the other end, shining with cold light!

And the vermilion at the other end is red when drinking blood, just like breathing, glowing red!

It really hurt people with a secret arrow!

The people on the scene, they flew up and down!

Chapter 462

You know, in the formal competition, the dark arrow is the most contemptible.

Because it violates the integrity of the warrior at all!

Now, Wiliam had a hidden weapon to hurt people!

It's so blatant!

So many people watched the scene!

Those people were extremely angry and shouted loudly, "I rely on this kid to be despicable and shameless! If you lose, you lose. Can't you afford to lose!"

"I hate this kind of dog thief who hides in the dark and hurts people the most. Get off the stage for me!"

"If Lao Tzu, I would rather have this neck cut off by Frederick than a hidden weapon! It's shameless!"

There was a lot of scolding at the scene.

But Wiliam was cold-eyed.

Suddenly, he chuckled slightly.

The people at the scene were waiting for Wiliam to give them an explanation, when they suddenly heard Wiliam's laughter, they all became quiet.

At this time, you can still laugh?

This is provoking public anger!

Even Frederick didn't know why Wiliam could still laugh!

"Do you know why I am laughing?" Wiliam suddenly looked around.

The people around shook their heads, but the anger on their faces continued.

William suddenly looked at the referee, "Hey, since you said just now, the gambling agreement does not state that you can't bring weapons or that you can't bring hidden weapons?"

Eh?

Eh?

Eh eh eh! !

The people at the scene were told by William that they directly Spartan.

Even the referee originally had to impose sanctions on William, but he was sluggish when asked so.

This kid, the question is so profound!

The referee only said on the front foot that he said that he could bring a weapon without a weapon.

After all, he had guarded Frederick and condoned Frederick with weapons.

But now, gambling appointments say that there is no hidden weapon, which means that you can bring hidden weapons?

Such a comparison is so simple!

The referee won't even refute it!

After all, this rebuttal would even be refuted with Frederick's weapon.

He was at a loss.

He has hosted countless events in his life, and for the first time I met such a tricky player.

What can I do now...

Everyone at the scene was dumbfounded. They were still filled with righteous indignation. Frederick brought weapons and they all accepted helplessly. William used a hidden weapon on his back. Why couldn't they accept it?

Can't accept it, isn't this slapped in the face?

by!

The anger in everyone's eyes burst out.

Watching a game, I feel so tired.

Both people on the court seem to be shameless!

The referee frantically asked Frederick for help.

Frederick's right hand was oozing blood, and his eyes sharpened.

He signaled to the referee and severely suppressed me!

The referee got the order, and then hesitated and said: "What, the rules of the arena, using hidden weapons is not acceptable. This is the rules of the arena!"

After speaking, he was relieved, this question, perfect!

Because there are indeed such conventional rules.

But Wiliam smiled again, "It's wrong that there are rules of the world, but I am not a member of the world."

Eh?

Eh?

Eh eh eh!

The referee was dumbfounded again.

Not in the middle of the river?
What the hell?

After the huge twists and turns in their hearts just now, the people at the scene laughed all together after hearing what Wiliam said.

Putting aside the shamelessness of this kid, he is quite upright.

But he was right, this kid was not a member of the world at all, but just an unknown man.

Tell him what arena rules?

The referee was helpless again, "That, that, that..."

"That what? Do you want me to give you another reason?" Wiliam suddenly walked towards the referee.

The referee stepped back several steps, obviously the potential of life and death exploded, "You don't want to come here, what do you want to do? Just say it if you have something."

Lu Yehehe smiled, "I will treat myself as a member of the rivers and lakes, otherwise I would bully you too much. However, how come my silver needle is a hidden weapon?"

The referee was taken aback, "Why isn't the silver needle so small a hidden weapon?"

William said lightly: "Small things are hidden weapons? Everyone may also know that I am a healer, and it is natural for me to use needles. Is it true that I am a healer, I want to learn from the old tricks. A big knife?"

Everyone was crying.

It makes sense.

Yes, I heard that this kid is a doctor, and he saved many people a few days ago.

It seemed so reasonable that he used needles as weapons.

It feels more reasonable than Frederick's sudden appearance of a big ring sword with gold thread!

Reasonable brother!

Frederick was trembling with anger after hearing these words!

Despicable and shameless!

The use of hidden weapons is so grandiose!

Not a thing!

But at this moment, his right hand has been pierced by the silver needle, and he feels almost out of strength.

A feeling of failure suddenly appeared in his heart.

Never lose!

Frederick can be regarded as a figure calling for rain in Q City (Qena City) over the past few years, with peaches and plums all over the world.

If this is lost to William, a hairy boy, how can you still mess around in the future?

I am afraid I will be laughed at for thousands of years!

Thinking of this, he looked at the referee.

The referee was immediately stunned, and suddenly he couldn't understand the meaning of Frederick's eyes.

And William also looked at the referee, "Why? Don't you call the start? If you don't call the start for a while, it doesn't count that you are responsible?"

This sentence made the people on the scene laugh again.

This girl's mouth is too poisonous, and he slapped him a bit before.

This referee is too difficult.

The referee is really difficult, and it's rare to blow up his head.

He couldn't help but look at Frederick and hesitated, "Is this open or not starting..."

With this question, the people at the scene immediately knew what was going on?

It turned out to be a group of people, no wonder that Frederick was kidded in every possible way.

This is too unfair to William.

Xena took the lead and booed below.

The scene suddenly sounded full of boos.

To start, or not to start, this is a question in the minds of current referees.

Finally, he bit his head and shouted, "Go!"

After all, he is a professional referee and will depend on this for food in the future.

Can Frederick support him for a lifetime if he is unemployed?

With the start of the referee, Frederick scolded angrily, grabbed the knife in his left hand, and started dancing again.

With this dance, the people on the scene stayed again.

by!

This Huang Crane Immortal is really capable!

You can shoot left or right!

The right hand is abandoned, and the left hand is still dancing so beautifully.

Even better than the right hand dance just now.

William was also slightly stunned, not thinking that Frederick was still hiding such a hand.

Huang Zhengyin in the audience sighed and said softly: "William, you really have the ability to force my dad's last killer out."

"Q City (Qena City) is afraid that no one knows. My dad used a left-handed knife when he walked the rivers and lakes in his early years..."

Chapter 463

Sure enough, the atmosphere on the scene solidified again with Frederick's dancing.

The situation can change again.

Really breathtaking.

Frederick forcibly endured the pain in his right hand, with hatred in his heart.

This left-hand knife, Frederick has been useless for more than 20 years.

Because he lost his left hand knife in the hand of a person back then, and then swore to never use his left hand again.

Today, he was forced to break his vow by this kid.

If the big guy knew he broke the precept in public, he wouldn't be able to make a comeback and take his own dog life.

All this kid!

Thinking of this, Frederick was furious.

He whispered and danced the crazy knife, and he felt a sense of impenetrability.

This left hand knife is both offensive and defensive.

The sword is like a windmill dancing wildly, capable of attacking and defending.

It was because of the airtight sword strength that Wiliam's silver needle could not penetrate at all.

The people at the scene were all shocked when they saw this shocking scene.

Many people ask themselves if they can attack under this airtight wall of swords.

I'm afraid there is no such thing.

Wiliam was going to suffer.

However, Wiliam didn't start to dodge like everyone thought this time.

Instead, he took the initiative to rush towards Frederick.

The scene was dazed.

Is this going to die?

This knife wall is like a meat grinder. If it rushes over, it will be directly mixed into meat!

Xena's face turned pale with tension below, and her small fist was tightly clenched.

But William suddenly collapsed out of thin air at the moment of his death!

An invisible cold light radiated from William's hand!

Frederick was full of confidence and planned to mince William into fleshy flesh, but at this time he wailed again!

When his sword was stagnant, he began to dance again.

But everyone saw that a red silver needle was inserted into Frederick's leg.

The silver needle actually penetrated the knife wall!

How can that be!

Many people stood up from their chairs with shock on their faces!

How fast should this knife dance? People at the scene could only see a round of cold light.

It stands to reason that this silver needle cannot penetrate!

Where is the problem?

But William sneered after the needle, "Xiao Li's flying knife will not only have one."

As he said, his hands suddenly lit up.

I saw a cold light flashing between his fingers!

All are vermilion silver needles!

The people at the scene simply couldn't complain!

Xiao Li's flying knife indeed has more than one knife, but there are not thousands of them!

You are too shameless!

Imagine that if these needles are all pierced on a person's body, they must be pierced into a hedgehog.

When Frederick saw these needles, his anger was even heavier.

Frederick couldn't understand how the needle passed through the knife wall just now.

He can only blame the boy's luck.

But then, it is absolutely impossible for him to pass another needle!

Frederick has confidence in his sword wall, after all, this is his ability to walk the rivers and lakes to save his life.

Sure enough, William's silver needles shot out again and again. Accompanied by a ding-ding sound, it was clear that the silver needles were blocked by Frederick's knife wall.

A lot of silver needles were gradually piled on the ground.

There is no more close body.

Frederick saw it and laughed.

Sure enough, it was just a shit luck.

Now that you are exhausted, it's the old man's turn to take action!

But just when Frederick wanted to make a move, he saw William sneer.

Frederick instinctively took a step back.

This kid's smile almost gave Frederick a shadow.

It's too cripple.

Now he can't take it for a long time, why can he still laugh!

He smiled a woolen thread!

People at the scene also saw William smile, and they were also confused.

But William showed a few silver needles again, and suddenly asked, "Do you know why the first needle hit you?"

Frederick was taken aback, "It's not that you're out of luck!"

William shook his head faintly, and said, "That's because I can shoot if I want to shoot."

by!

The people at the scene were in an uproar!

This is too crazy!

I didn't see the silver needles at the back all fell on the ground, so why would I find myself down!

If you can do it, you can shoot me now!

Frederick also said coldly: "Okay, then I will wait and see! Anyway, the old man's physical strength is more!"

William, accompanied by the sky's boos, suddenly pointed to Frederick's right leg, and gently spit out two words, "Right leg."

Then he shook his hand.

The people at the scene didn't have time to react, and they heard Frederick's low wailing.

Sure enough, a silver needle was inserted straight into his right leg!

The people at the scene are suffocating!

by!

Is it a coincidence again!

This is so ghostly!

Couldn't it be hit just now?

Now you can fight wherever you want?

Did you just ignore Frederick's famous stunt?

Even Frederick couldn't believe the two words that William just spit out!

It must be a coincidence again!

However, William's silver needle suddenly shot out again.

On the mouth, faintly said a few parts, "Left knee, three centimetres between ribs, right shoulder, right arm bend."

As his voice fell, Frederick suddenly heard a more painful scream.

Everyone was so scared that their souls would fly out!

There were really silver needles in those parts of Frederick!

This silver needle seemed to fly into the sky and escape from the ground. It was sent out from William's hand, and then disappeared. When it appeared again, it appeared on Frederick's body.

It's weird!

It's even more god!

This kid wasn't looking for himself just now!

It really means where to fight!

This is so awesome than Xiao Li Feida!

“How is this possible! This is simply impossible! How did you do it!” Frederick roared at William angrily while dancing the gold wire big ring knife more frantically.

This is too evil.

How did these silver needles penetrate through my knife wall!

Could it be that this kid can't be successful in the magical escape!

No, if there is this kind of thaumaturgy, how could he be his opponent!

It must be this kid who cheated!

The appetites of the people at the scene were also stunned by William.

They couldn't wait to know how William did it just now.

Now, Frederick's sword dance is even faster, as if he was about to care about it with William.

Looking at the crazy wall of knives, everyone swallowed. What kind of speed is this?

However, seeing Frederick frantically dancing his sword, William's smile made him even more mocking.

He suddenly asked: “Frederick. Xiao Li Fei's knife will not only have one. But how many do you have?”

After speaking, he suddenly raised his hand, and a silver needle flew out again!

As the silver needle flew out, William spit out two words again.

These two words, like a huge thunder in the sky, made the people at the scene completely lost!

“Smashed!”

Chapter 464

As William uttered these two words, a crack suddenly appeared in the sword wall of Frederick.

The cracks grew bigger and bigger, and in the end, there was a bang.

The knife wall completely shattered!

Everyone looked at Frederick's hands. At this look, Qi Qi exclaimed!

I saw Frederick's golden silk big ring knife that was famous for, it was completely broken at this moment!

Countless fragments flew around, like a beautiful white snow.

And in his hand, he only held a knife handle.

His eyes are completely straight!

He stared at the handle of the knife and muttered to himself, "How could this happen! How could this happen! How could this be possible!"

This is his gold wire big ring knife, after decades of use, it still cuts iron like mud!

But why is it today!

It happened at the moment when this kid said the knife was broken!

Could it be that his own knife would obey this kid!

This is even more impossible!

"You, what did you do!" Frederick's face became savage!

Since ancient times, the knife is like a man!

This big ring sword with golden thread is just the face of Frederick!

Now, in front of so many people, his knife broke to the ground.

This does not mean that his Frederick's face is completely gone at this moment!

The people at the scene were also stunned by this scene, and there was a lot of discussion!

"What the hell did this kid do just now, can anyone see it clearly?"

"The gold wire big ring knife is broken, this is an eternal anecdote!"

"We seem to underestimate this kid! Although this guy is crazy, he really has the ability to be crazy!"

"Yeah, think about it, where did he really mean to fight just now! This move alone is beyond your reach!"

The eyes that everyone looked at William suddenly changed.

From the previous disdain, became extremely respectful!

The strong are respected, and the strong can naturally get their respect from the heart!

"You answer me! How did you do it! What dirty tricks did you use!" Frederick roared towards William like a mad beast.

This question is also a question in the hearts of many people.

Everyone fell silent for an instant, and wanted to wait for William's explanation.

William pointed at the blade on the ground and said, "The answer is on the ground."

When he said that, Frederick immediately looked up at the ground.

At this glance, he actually took two or three steps directly back, his face instantly pale and pale!

There were dense pinholes on a blade left on the ground!

Frederick understood in an instant.

It's William's silver needle!

This kid's silver needle can actually pierce his most proud gold wire big ring knife one by one!

This is simply a fantasy!

My own knife is made of very good material, why would it be shot through by William's needle!

What is this silver needle!

Everyone was shocked.

It turns out that this is the answer!

This William used a silver needle to pierce Frederick's knife into a hole!

And some people can't bear their curiosity, and ran to pick up other pieces.

From this look, the scene was even more exclaimed!

Some people suddenly slapped their heads and exclaimed, "I understand! I understand all of this kid's tricks! Look, the holes in this blade are not disordered! They are formed as a whole. Regular straight lines! This arrangement of straight holes caused Frederick's knife to break!"

Everyone was shocked again by this shocking discovery!

Originally, it seemed difficult for everyone to make holes with a needle.

This kid can still control the needle!

In other words, what he said just now turned out to be true!

If he wants to shoot, he can shoot!

Otherwise, why could he hit Frederick's body with the first shot!

Otherwise, why can he fly orderly on Frederick's needle!

Otherwise, how would he know that the knife is about to break!

Everything is under the control of this kid!

Strong!

Strong enough to be frightening!

Frederick was also shocked by the god William, his scalp was numb!

There are people in this world who can do this!

Simply amazing!

Had it not been for William and him to have an antagonism, Frederick would surely scream on the spot!

But at this time, someone suddenly called out, "Damn! I thought of another guess! It's terrifying!"

The appetites of the people around were instantly lifted, and now they were all excited about William.

The man said in astonishment: "This kid, at first shot Frederick, then deliberately shot the knife with a silver needle, and then screamed at Frederick, completely annoying Frederick! Then Frederick took the knife to fight for this breath. Dancing more violently, didn't this directly aggravate the collapse of the knife! This kid is not only strong, but this psychological warfare is also unmatched! Frederick was completely beaten by others in terms of IQ and strength! This is a complete and complete battle. The victory!"

Everyone's eyes have changed again!

Grass!

Is this young man in front of him really human?

The strength is enough to defeat Frederick, and he also beat the opponent in strategy!

Don't be too hearty with such a victory!

Now, there is no one who dare to say that Lu Yesheng is not martial arts!

There was even no one who dare to say that William was despicable.

He wins with reason and evidence, heartily!

Frederick's body was shaking after hearing this comment.

He roared to William: "Do you dare to fool me!"

William didn't even look at Frederick.

The defeated general is brave enough.

If this Frederick fisted with William in the first place.

William must pay a price if he wants to win Huanghexian.

But by the way, this old immortal plays yin with him.

Get a weapon.

Playing weapons with William, ho ho...

Isn't this dozing off and encountering a pillow?

William had absolute confidence, his long live safflower material was far better than the ordinary gold wire big ring knife.

So the knife crack is only reasonable.

This old man, playing with yin, ended up shooting himself in the foot with a rock. Who else can be blamed on the head?

William suddenly looked at the referee and asked with a smile: "I wonder if the game just now counts? Do I need to start again? If I start again, I'm afraid Frederick's knife is not enough."

This sentence made the people on the scene burst into laughter.

Xena laughed out of breath.

Brother-in-law, please be yourself!

I sympathize with this old monster

If you win, you win. Is your mouth so hairy or so bad?

If you grab someone's pain point, you will kill you?

Will your conscience hurt?

The referee was even more embarrassed and at a loss what to do. Finally, he sighed and said: "I declare that the winner of this game is..."

"The winner is for me! The winner can only be for me!" A hysterical voice roared from the side!

Chapter 465

Frederick never saw the old man who was before him again. At this moment, his beard and hair were all flared, and the whole person seemed to be crazy.

He can't accept this fact!

Can't accept such a fiasco!

In this game, he thought he had a chance to win, and even thought of pretending to be a pig and eating a tiger!

But now, I am pretending to be a pig, but the other party is really a tiger!

Disastrous defeat!

Frederick didn't mind William's refusal to be his apprentice!

That's it, he worries too much!

First of all, this battle will definitely spread.

This spread, how could he get along in Q City (Qena City)!

More importantly, this time point is too important!

The deputy owner of Lingyue Villa is coming to Q City (Qena City) to inspect him these days.

Originally, this was just a cutscene.

However, he used a humiliating defeat to explain to him!

How can the deputy owner still value himself!

My future is completely ruined!

Therefore, in today's battle, we can only win, not lose!

Thinking of this, Frederick's heart was still embarrassed!

Before, he kept telling his son Huang Zhengyin that he would win.

After all, the other party's serious injury has not fully recovered.

However, he was defeated by a wounded man.

So how strong is William in perfect condition!

Suddenly, Frederick was intent on killing.

This kid can't stay!

When the people on the scene heard Frederick's crazy words, they suddenly made booing noises regardless of his identity.

Frederick can't afford to lose?

Do you want this old face?

If you don't want it, you can give it to her to feed the salted fish as the little beauty said.

William looked at Frederick amusedly, and asked, "Oh? I don't know what Huang Lao you have?"

Frederick looked at William fiercely, and said, "Since you had a helper just now, I can do it naturally!"

William was taken aback and smiled: "It's true, then I don't know who Huang will invite to come on stage?"

Except for Frederick, the others William didn't even bother.

Huang Zhengyin's face turned red when he looked down.

My father just lost the game.

If he admits defeat frankly, the consequences may not be as terrible as he thought.

After all, victory or defeat is commonplace in military strategists.

However, now his father has not only lost, but also lost!

Did he stalker like this!

Huang Zhengyin couldn't help it anymore and went on stage and shouted: "Dad! Let's give up! Stop talking!"

Frederick was completely mad at this moment. Where could he hear Huang Zhengyin's words, he sneered: "Give up? My Tianyi Martial Arts Hall is well-known in Q City (Qena City), and my apprentice is full of peaches and plums. How can I lose to a hairy boy!"

Seeing that his father couldn't listen to her words, Huang Zhengyin apologized and looked at William, "William, I'm really sorry, we admit..."

But he couldn't say anything when he lost a word, and suddenly Frederick punched Huang Zhengyin's heart viciously!

Huang Zhengyin was completely unprepared and was beaten directly out of the field.

He spit out a mouthful of blood foam and looked at the stage in disbelief, "Dad! What are you doing!"

"You are simply a traitor to our Tianyi Martial Arts Center! This is a warning to you! If you dare to turn your elbow away! Believe it or not, I killed you on the spot!" Frederick cursed fiercely.

William couldn't stand it anymore, and said coldly: "Frederick, what do you have to do, who else is there, just use it."

Frederick also sneered, "Okay, that's what you said! You asked for it! I don't have to force you! The entry-level disciple of Tianyi Martial Arts Academy listens to orders!"

"All out for a while, this kid!"

As soon as these words came out, the scene was directly fried!

This old man Huang is actually shameless to this state!

It's what you said, there is no forcing you!

What a high-sounding language!

But what is the next sentence!

All the beginner disciples of Tianyi Martial Arts Hall are dispatched!

This is for 30 or 40 people to besiege William alone!

This kind of thing actually came from the mouth of a respected martial arts master!

The eyes of everyone looking at Frederick changed one after another.

The little respect left was completely dissipated.

Some people even yelled out in anger on the spot, "I am so blind that I will enter Tianyi Martial Arts Hall to study! I will quit Tianyi Martial Arts Hall now!"

This call was approved by many people.

Suddenly, many people in the stands expressed their immediate withdrawal from the Tianyi Martial Arts Hall!

However, Frederick didn't care about it at all.

These people in the stands are just ordinary people.

They can only be regarded as outer disciples when they enter the Tianyi Martial Arts Hall, and some are not even regarded as outer disciples.

According to secular terms, they can only be called students.

These people are not the backbone of the Tianyi Martial Arts Hall at all. Losing them, but losing some tuition fees.

Not surprising.

The backbone of Tianyi Martial Arts Hall, but the more than 30 beginner disciples he taught by deeds!

There are also eight of his direct disciples!

Originally Frederick had ten disciples, so he made a perfect one.

But Siirus was dead, and Huang Zhengyin couldn't count on it.

Only these eight remain.

In Frederick's view, these eight were more than enough to deal with Wiliam.

Although they are not as good as Huang Zhengyin, they have stepped into the realm of external power anyway.

If there are too many ants, it can kill an elephant!

Those beginner disciples have always followed Frederick.

Although they did not dislike this siege, they still came to power one after another.

Suddenly more than 30 menacing Tianyi martial arts disciples stood in front of Wiliam.

Xena's eyes were cracked from below.

Frederick could be even more despicable!

There is no lower limit!

Fortunately, he is also called the Grand Master!

Master shit!

A salted fish is better than him!

She wanted to swear, but she hesitated at this moment.

She saw that the situation was on the verge of breaking out, and did not want to make Frederick even more angry at this time because of her family's words.

At that time, I counted myself as pushing my brother-in-law to the edge of the cliff.

Although he didn't curse, Xena had already cursed Frederick to die in circles in his heart.

"Huh! Let me go together! If you don't kill this kid, it will be hard to dispel my hatred!" Frederick gave an order, and the disciples rushed towards Wiliam.

But at this moment, at the entrance of the martial arts field, suddenly something flew toward the field with lightning speed!

That thing stopped the pace of these disciples one after another, and then they stood directly between William and those people!

Everyone looked intently and was immediately stunned.

It turned out to be a crutches!

And a faint voice came from the entrance.

“Since ancient times, the soldier will be the commander and will die for the king..”

“Even a dog has the heart to protect the lord.”

Chapter 466

Does this explain what God is talking about?

Everyone was at a loss.

But when everyone looked towards the entrance, everyone was even more at a loss.

Two people walked in.

One man and one woman.

That woman, on the contrary, looks delicate and beautiful with a small Jiabiyu appearance.

She has long hair and a shawl and is wearing a plain dress.

But even so, she couldn't hide her pure and elegant face.

But this woman supported a man.

This man is the cause of everyone's doubts.

The man's eyes were covered with a black cloth, and he walked step by step following the lead of this woman.

Is this man blind?

The corners of William's mouth twitched slightly.

He doesn't need to look, he knows who is coming.

Li Nanfeng who lost his eyes but was reborn from the ashes.

Under the lead of that girl, Li Nanfeng came to the stage step by step.

Seeing so many fierce people on the stage, the girl was obviously a little scared.

Her first action was to seize the door and flee, but her second reaction made William applaud slightly.

Her footsteps took only half a step, but suddenly stopped.

Then he helped Li Nanfeng again and said with a look of fear: "Stupid blind man, there are so many people here, they are so fierce, have we come to the wrong place? Can I take you away?"

Stupid blind man?

William almost laughed.

But Li Nanfeng said faintly: "That should be the wrong place, thank you, you go back first."

The girl suddenly became nervous, "Well, then! I brought you here. These people are terrible. If something happens to you as a blind man, you will blame me at that time. What should I do if I am responsible? I am very poor. Can't support you."

William couldn't help it anymore and let out a chuckle.

At the scene, only William dared to laugh, and he could laugh.

Seeing Lu Yexiao, the girl gave William a fierce look, and said fiercely, "What a smile! I will tear your mouth with another laugh! Let you accompany the stupid blind man!"

This fierce look made William smile happier.

William couldn't help asking, "Li Nanfeng, who is this woman?"

Li Nanfeng heard William's voice and leaned slightly towards him, and said, "I don't know either. I met a wicked lady on the road."

When the woman heard this, her eyebrows were upside down and her waist was inserted. She actually ignored so many fierce people at the scene. She pointed at Li Nanfeng's nose and cursed, "Who did you say is fierce! Which eye did you see that I was fierce? By the way, you can't see it with your eyes! My name is Cheng Suyi, not a fierce woman!"

"Oh, then I'm not called a stupid blind man." Li Nanfeng replied steadily.

Cheng Su stomped his feet in anger.

She whispered inwardly at the disadvantage of passing years.

She was going out to work today, but when she saw this stupid blind man with a cane on the way, she was very confused.

Feeling softened for a while, she went up and asked the blind man where he was going.

Then she didn't know what happened, and she led the blind man to this place in a daze.

It's alright now, he doesn't want to thank himself, and he says he is a wicked woman!

Didn't he just say a few words on the road, don't run around, be careful to get hit by a car, what a careful man!

I owed him almost all my life!

"Cheng Suyi, right? Okay, you can go back now, or you can stay, but it's a bit dangerous to stay."
William said to Cheng Suyi.

Cheng Suyi's first reaction was to leave quickly.

However, she felt sorry for the blind man, so she said weakly, "Can I hide from a distance? I'm afraid this stupid blind man will be injured and ruin me. I really don't have money. There is still a mother at home to support... "

William simply knelt to Cheng Su who had come out of thin air.

He amusedly said to Xena in the audience: "Ruoshuang, take her to stand further."

Xena looked dazed, and took the stage to lead the even more dazed Cheng Suyi.

William looked at Li Nanfeng again and asked, "Can you do it?"

William refers to his eyes.

But Li Nanfeng smiled confidently, "My eyes are blind, but the sky is not worthy of me. My ears seem to be more luminous than before. Ho ho, there are probably 30 or 40 people in front of us, right?"

When William heard this, he looked at Li Nanfeng in surprise.

This kid really answered that sentence.

There is always a way out.

In just a few days, I learned to listen to the voice to distinguish my position.

Just by whispering to each other, you can guess the number of each other.

Li Nanfeng whispered to William, "If it weren't for too noisy at the scene, I could know the other party's location based on the other party's breathing."

William's eyes lit up when she heard it, and she was fascinated by this kid.

A blessing in disguise!

But there are such people.

People who are blind in the world generally have better ears than ordinary people.

After all, the ears have since become their other pair of eyes.

At this time, Frederick on the opposite side shouted: "You have enough coaxing! Hey, call a blind man to make up the count, Wiliam, you can do it!"

"Blind are not blind, you have to try before you know." Wiliam looked at Frederick indifferently.

Frederick couldn't help it anymore and waved his hand.

Those people rushed up together.

Wiliam and Li Nanfeng suddenly turned their backs to their backs and rushed towards each other.

In fact, Wiliam didn't care about these people.

But if there are more people, it will cost more of the world to always balance them.

But Li Nanfeng, who Wiliam is now worried about.

After all, his blind roar played for the first time, and if he was careless, he would kill him.

But after only watching for a minute, Wiliam's worries disappeared.

I saw that Li Nanfeng seemed to be covered with eyes all over his body, and he even noticed the people who attacked behind him one by one!

What made Wiliam even more delighted was that Li Nanfeng's skill seemed to have reached a higher level!

This should be another benefit to him because of his change of mood.

Lu Yekan's rise was also no longer anxious, and he gave a long scream and used his full strength.

As soon as he went all out, the scene suddenly turned to one side.

After all, these people are a level short of Wiliam, and Li Nanfeng at this time is enough for them to drink a pot.

Not to mention that Wiliam personally went into battle.

In less than five minutes, these 30 or so people were knocked to the ground by Wiliam and Li Nanfeng, and could no longer get up.

The eyes of the people at the scene are falling to the ground.

by!

Are these two people really human?

More than two dozen thirty, and stable voltage regulation!

How strong should this be!

Also, who is this person who emerged out of thin air!

Do the current masters walk all over the floor?

Are the opponents too weak, or are they too strong?

Suddenly everyone swept their eyes to Frederick who was panicked.

At this moment, there was no one beside him, and there was no help anymore.

Frederick saw all his apprentices fall and his eyes were cracked. He yelled at the referee frantically: "Referee! Are you blind for cheating! This kid has hired foreign aid! You are not quick to announce who wins and who loses?!"

Chapter 467: Give Me a Face

When the people on the scene heard this, they almost ran away with anger.

I have seen shameless people, I have never seen such shameless people!

Without a word, he suddenly called out more than 30 people to besiege Wiliam, why didn't he say that he was cheating?

What's even more embarrassing is that more than 30 people still couldn't get Wiliam, but were beaten up.

Now on Wiliam's side, only someone came up to help, he was beaten by the Frederick and said he was cheating.

This double standard is a bit too serious!

"Tianyi Martial Arts Hall is embarrassing! Just close it early!"

"I have lived for most of my life, I have never seen such a shameless person! Today is finally an eye-opener!"

"I've seen this old man upset from the beginning! You're a bit of a fart, and he's still pretending to be there. Now that he loses, his original face is exposed. It's really disgusting!"

The people on the stage scolded.

The referee also frowned deeply.

He was only thankful for Frederick's care, but what did Frederick do today?

Time and time again, let him bet on the conscience of the referee to pronounce the game.

Come on!

Be the referee!

The referee immediately waved his hand and said loudly: "I have no face to be a referee today. I will confess my guilt to the Q City (Qena City) Referee Association for my mistakes. Today's game is easy to win. Please forgive me to retire first."

After speaking, he strode away from the Tianyi Martial Arts Hall, showing no nostalgia.

Frederick blushed with anger and his neck was thick, and pointed at the door and cursed: "What do you mean! What does it mean to be easy to win! Obviously my Tianyi Martial Arts Center won!"

"Cut!" Hiss sounded at the scene.

But at this time, Wiliam slightly raised his hand to signal the people at the scene to calm down.

Everyone suddenly became quiet and wanted to hear what Wiliam would say at this time.

Wiliam looked at Frederick amusedly at the moment, but his words were astonishing.

"Okay, count me as losing, okay."

There was a bang on the spot.

Everyone looked at Wiliam in disbelief.

Wasn't this guy crazy before?

Why are you afraid now?

Is it true that the madness before is disguised?

Frederick showed a satisfied look, and said, "You are still acquainted! It was you who fouled first."

But at this time, Wiliam shook his head, and faintly spit out the second half of the sentence that had not been said.

"But I think you are upset and want to kill you."

Frederick's triumphant expression froze instantly.

He looked at Wiliam with a look of astonishment, he didn't expect Wiliam to say such a rebellious thing!

Kill me?

Here, but so many people are watching!

Does this kid dare!

However, after three seconds of silence, the people on the scene suddenly uttered deafening cheers!

Just now everyone thought that this guy's speech was suddenly abnormal, and I didn't think that the second half of the sentence was the point!

Give up, this kid can give up, but wants to kill Frederick.

Hahaha, this sentence, thinking about it, is actually a shocking mockery!

A person who won the match of life and death was beaten to death by the loser on the stage.

It doesn't look like a winner at all, hahaha.

Everyone applauded desperately, as if saying that this is William's nature!

The language is not amazing and endless!

It's so violent, it's so crazy!

Frederick saw William slowly take a step towards him amidst the cheers in the sky.

As if stepping on shit, he stepped back several steps, and shouted in a panic: "You, what are you doing! I tell you, so many people here are watching!"

Everyone looked at the current Frederick, there was no way to look like a grand master, it was clearly a dog in the water.

No, not even a drowning dog, after all, a drowning dog would not be as shameless as him.

William was gearing up his hands and said faintly, "Oh, what are you doing? I'm upset because I lost the game to you. Can I go out with you?"

Frederick was beeping a dog in his heart!

This is really human words?

If you lose, you lose, take me out on the spot?

Do I win or lose?

Xena was amused by William's poisonous tongue and laughed in the audience.

By now, the defenses in her heart were finally removed.

After first knowing the fear of life and death.

And the kiss with Wiliam that night was relieved.

Then there were too many turning points on the scene today.

Xena felt the vicissitudes of life for a while.

But at last the brother-in-law was safe and still able to play tricks on stage.

Everyone is also watching the show now, watching a good show that beats the dog in the water.

Frederick was angry with Wiliam's words, but Wiliam still walked towards him step by step.

If it was normal, he would have been angry.

However, one of his hands had been pierced by Wiliam, and the weapon that he was famous for was also broken in this kid's hand.

More importantly, his disciples and grandchildren are still wailing on the ground.

The current Frederick feels that he can't do anything.

"Don't come here! You really don't come here! Wiliam, let's say something well, otherwise we will be tied today? We are all happy?" Frederick said to Wiliam with a pale face.

Wiliam shook his head slightly, "What are you talking about? A tie? Wouldn't you lose the face of Old Huang! I must lose! And I gave up, what are you worried about?"

Frederick felt like it!

worry about what!

I'm worried about you coming here!

You are walking in the steps of the devil step by step, you will be afraid of everyone!

Seeing Wiliam get closer and closer, Frederick was heartbroken and said to Wiliam: "You stop! You have said that there is something to discuss! Let's say it privately? I will give you a satisfactory answer, and will not make you work in vain. of."

When he said this, he kept looking at Lu Yebi, as if it meant something.

And where could Wiliam know what Frederick was talking about?

Isn't it just to use money to settle this evening's victory?

Ho ho, sure enough, the outcome was Vanity Fair.

But, before I pay for it?

You are a Huanghexian, I am afraid that the weight is far from enough.

Seeing that Wiliam hadn't stopped at all, Frederick was about to collapse!

He has lost his face, and now if Wiliam really teaches him how to be a man, he will not be able to hang on in Q City (Qena City).

This kid, didn't he love money before!

Why doesn't oil and salt get in now! It was weird.

Just as Frederick was in grief and indignation, Wiliam had already arrived in front of him.

Wiliam's palm raised high!

A loud slap is about to be produced in front of everyone.

But at this moment, an indifferent and dignified voice suddenly came from the door, "This little brother, please be forgiving and forgiving. Give me a face in Lingyue Villa and let Huanghexian go."

A man in a suit with a unicorn mask on his face did not know when he had already arrived on the court.

Chapter 468

As soon as the man appeared, there were bursts of exclamation.

No one knows when this man came over.

Even when he was on stage, everyone didn't even notice.

It seems to you at the moment that this man's dress is clearly very eye-catching.

Did everyone ignore it just now?

Even Wiliam frowned when he saw this man who appeared out of nowhere.

He faintly smelled a faintly dangerous breath from this person.

But it is nothing more than danger, if the danger of life is said to be that serious.

But, who is this man?

What exactly is Lingyue Villa?

Several questions circulated in Wiliam's heart.

The man looked at William's face, and he smiled suddenly, "Little guy, you look a bit like a relative of mine. I don't think that there are talented people from generation to generation. You have this skill at a young age. It's precious, how about it, if you are interested, come to our Lingyue Villa?"

When William listened to this man's voice, he also felt a little familiar.

However, he shook his head indifferently, "Not interested."

He only cares about making money and improving himself now, he is not interested in wherever he goes.

When Frederick saw this man appear, he could almost describe it as a long drought and rain.

It's so exciting!

The deputy owner of Lingyue Villa came to Tianyi Martial Arts Hall in person!

And looking at the vice-owner's appearance, it doesn't seem that he will be held accountable for his fault.

Otherwise, the deputy owner would not stop William from committing the crime.

It's just that Frederick was a little unhappy with the words of the deputy owner.

This kid, He Dehe Neng, could let a deputy owner personally invite him to join Lingyue Villa!

A trace of jealousy grew in his heart.

However, William's answer made Frederick feel extremely happy.

Hahaha, let's eat it!

This kid is like Laozi's number one in the world, and it's not easy for anyone to come here!

Deputy owner, frustrate him!

Fuck him!

However, Frederick's envisioned work was not realized.

The vice-owner seemed to be a very well-trained person. He smiled and said, "Little guy, do you know where Lingyue Villa is?"

William shook his head and said proudly, "I don't need to know where it is."

These words stunned the scene.

Everyone can tell that this man with a unicorn mask is a master.

After all, he could make Frederick, a man who tried so hard and didn't want to admit defeat, bow his head directly as soon as he appeared.

However, William remained motionless.

Whatever you say, it will continue to be irresistible!

Bull!

The man laughed and laughed, "Hahaha, newborn calves are not afraid of tigers. You don't know, you missed a great opportunity. Not to mention, people have their own ambitions, some choose eagles to strike the sky, some choose to plough the fields, I Don't force you. But what do you say in this situation?"

William sighed slightly.

According to his current strength, if he fights with this man, the outcome is three to seven.

But this is not why William sighed.

Because William heard the man's voice, the more he heard it, the more familiar it became.

There is an illusion of traveling through time and space.

He knows that today's life and death fight can only be done like this.

But well.

William looked at Frederick and said coldly, "Who won the game today?"

Frederick wanted to be stubborn, but the deputy owner in front of him actively said, "You won."

Frederick reluctantly said yes.

William smiled and walked towards the stage.

Just as he passed by Huang Zhengyin's side, William suddenly patted him on the shoulder and said with a smile: "I asked you to check the assets of your Tianyi Martial Arts Hall. I'm afraid you still haven't finished checking them?"

He didn't wait for Huang Zhengyin's answer, so he walked over.

As for Huang Zhengyin, the whole person was directly dull.

Take inventory of assets.

Yes, William had asked him to help check the assets of Xiatianyiwuguan in the past few days.

After all, their bet was that if William wins, the assets of the entire Tianyi Martial Arts Hall will belong to William.

But Huang Zhengyin completely regarded Wiliam's remarks as a joke.

Just kidding, before today, who would think that Wiliam might win Huanghexian?

I'm afraid it's the king of heaven that I dare not think so, right?

So Huang Zhengyin didn't want to take stock of assets at all. Besides, his father had to agree.

Now that he suddenly heard Wiliam kill him back with a carbine, he really felt ashamed to face Wiliam.

Fortunately, Wiliam didn't want his answer, which made Huang Zhengyin a little relieved.

But then, I really need to take stock of assets immediately.

Thinking of this, Huang Zhengyin couldn't help laughing wryly.

And Frederick obviously heard Wiliam's words, and his heart was totally unwilling.

This day, a martial arts gym is his life's hard work!

If you just hand over people like this, you will cut a few pieces of meat on the yellow and black lines!

It hurts to death!

However, it was the deputy village owner who personally named Wiliam Victory today, and Frederick did not dare to behave too abnormally right away.

He could only think that when Wiliam came to collect the assets two days later, he would find a way to rely on it.

At this time, the deputy owner suddenly smiled and said, "This kid is so arrogant. I really became interested in him. What's his name? Is he from Q City (Qena City)?"

Frederick's heart clicked!

The deputy owner is really interested in this kid!

No way!

You must not let this kid get on the line with the deputy owner, or you will have a hard time in the future.

Even, never let the deputy owner know the name of this kid!

Thinking of this, Frederick pretended to be sincere and said: "This person is a nameless junior, not enough. By the way, the deputy owner, didn't you say that it will take a few more days to come, why are you here now?"

Sure enough, these words immediately diverted the deputy owner's attention. The deputy owner first said: "You clear the court first, let's go to the inner hall and talk."

Frederick immediately asked Huang Zhengyin to clear the court, and then respectfully welcomed the deputy owner to the inner hall.

The deputy owner drank a cup of tea before he said leisurely: "I originally planned to come back in two or three days, but our owner knew that I was going back to Q City (Qena City) a few days later, and suddenly gave me an extremely important task! "

"Task?" Frederick's expression was solemn.

The old fox smelled an opportunity to commit crimes.

"Vice owner, can I help? Despite your instructions, I still have a bit of appeal in Q City (Qena City)!"

The deputy owner smiled and said: "I wanted to find my family as soon as possible, but now I can only prioritize the task. According to a very secret message that our owner inquired, in our Q City (Qena City), there is a hidden dragon and a tiger. !"

"How do you say?" Frederick asked respectfully.

At this time, the deputy village owner showed very excited eyes and said tremblingly: "It is rumored that there is a respectable Qilin guard in Q City (Qena City)!"

Chapter 469

"What! Qilinwei!" Now, even Frederick's eyes were lighted up!

He also only learned from Lingyue Villa a while ago that some people in this world regard unicorns who have never been born as king.

Among these people, according to their skills and qualifications, they are divided into four levels.

The highest level is naturally a unicorn.

The second is the Qilinwei, the Qilinshi again, and the most inferior is the Qilin slave.

And the disciples of the entire Lingyue Villa were all Qilin slaves.

Don't look at the low status of this unicorn slave, but think about it, this is Lingyue Villa!

Lingyue Villa is also famous in the arena in recent years.

Even this kind of wealthy school can only be the most inferior unicorn slave!

From this one can imagine how terrifying the Kirin Envoy and Kirin Guards above are!

If you can see this Qilinwei, then this life is simply furious!

While Frederick was excited, she was also shocked.

Q City (Qena City) is actually a little-known place.

I have never heard of anything related to Kylin before.

Is this mysterious Qilinwei really dormant in Q City (Qena City)?

Could it be that the deputy owner made a mistake and made everyone happy.

The deputy owner seemed to see Frederick's worry, and said with a smile: "This is the information our owner got. We can't say that it's true or false. We can only investigate as much as possible. If there is something, we naturally have to give it all. Zhuang Zhili respects him, and don't care too much if you have any. After all, as long as we work hard, we will have the chance to shine."

These words that are neither salty nor light made Frederick's heart cool.

"Deputy owner, your family, do you need me..." Frederick asked for instructions again.

The deputy owner directly waved his hand this time and said: "My family's affairs, you don't bother you. I haven't completed the owner's account, and I can't go to see them. But it's just two or three days of things, after I reply, I will naturally look for them."

Frederick gave up.

Only at this moment, the deputy owner's eyes looked far away, and there was a timid excitement in his eyes.

mom! And my most beloved daughter!

Dad left without saying goodbye, and he left for several years!

Now, I have finally achieved my fame and come back to you!

You will not suffer anymore!

Wait for me, just two or three days!

At this moment, Wiliam, Xena, and Li Nanfeng, Cheng Su stood on the street.

Cheng Su was very angry from the beginning.

She thought a stupid blind man was going to fool her.

As a result, what did she see in the martial arts hall!

When he saw the blind man standing on the stage, he actually counted one as ten, and beat those fierce people to flee.

At that moment, her eyes looked at Li Nanfeng completely changed.

What a blind man, he is a reborn God of War!

Fortunately, along the way, the blind man was angry because of his broken mouth, otherwise his life would not be guaranteed.

Thinking of this, Cheng Suyi's face suddenly blushed.

This stinky blind man doesn't look that annoying.

William looked at Cheng Suyi's complicated expression with amusement, and suddenly said, "I and Ruoshuang will leave first. Are Cheng Suyi? I have to trouble you, can I send my friend home?"

As soon as Cheng Su was interrupted by such an interruption, she hurriedly blushed and waved her hand: "I, I can't! I have to go to work, I was late just now!"

William smiled and said, "How much money do you work, can't I pay you?"

Cheng Su suddenly showed a proud look and said: "Although I am just a trainee agent, but I work for a well-known company! How can I get rid of me with some money!"

William sweated slightly, wondering if you had a good sense of integrity.

At this time, Cheng Suyi's phone rang, and she quickly picked it up.

Still not talking, there was a scathing curse on the other end of the phone, "Cheng Suyi, do you still want to work! You started to absent from work after only a few days at work? Although you still haven't started talking to the master, but also Can't..."

The voice on the other end of the phone was so loud that William could hear it clearly.

Cheng Suyi clearly noticed it too, she kept nodding to the phone without tears, and it took a full five minutes to hang up.

After she hung up the phone, she said to William with a look of lovelessness: "You heard, I'm just a small employee. If I don't go to work again, I will probably be fired today. Recently, the company has rectified the atmosphere. I caught it very tightly, I'm really sorry, stinky blind man, I'm leaving now."

After that, she looked at Li Nanfeng a little shyly and added, "Well, if you need help in the future, I will still help."

These words, like a breeze, passed through Li Nanfeng's heart.

At this moment, Li Nanfeng's hundred-year-old ice face appeared with a faint green smile, "Yes."

When Cheng Su saw him smile, he smiled happily, and turned around to leave.

But at this time, William stopped Cheng Suyi.

“Hello? You just broke up like this? Don’t you think something is missing?” William kindly reminded.

But these two people, who are newer than William, shook their heads.

William’s scalp was faintly beating.

You are so special, a man is affectionate, and a concubine is interested.

Parting is also miserable and miserable, don’t you know to leave a phone call with each other?

Is it true that in the future will all meet by chance?

Forget it, William looked at Li Nanfeng’s appearance and suddenly couldn’t bear it.

He still has a grandma to take care of, and now he can’t see it again, which is a lot of inconvenience.

This was also caused by William after all.

If one more person who can take care of others came to help Li Nanfeng, it might be better.

This Cheng Suyi looked very simple and kind-hearted, and seemed a little ignorant of Li Nanfeng.

Li Nanfeng also blossomed with iron trees.

Such fate will be ruined by pure chance encounter in the future.

Help them.

Thinking of this, William suddenly said to Cheng Suyi: “You better send me a friend.”

Cheng Su looked embarrassed, “Didn’t I tell you? I will be fired if I don’t go to work. I really don’t want to help.”

William smiled and said at this time: “Then if you send my friend home today, not only will you not be fired, but will be promoted?”

Cheng Su heard it amusedly. This young man seemed to be a big clever man, but he didn’t know what he said was a big fool.

How can such a good thing of pie falling from the sky happen?

Even if there is, it will not be his turn.

“If this is the case, I will greet your friends every day.” Cheng Su couldn’t help but finished jokingly.

William sighed for a while, "Sister paper is quick to talk, so let's make it so happy!"

After finishing talking, he took out his cell phone and dialed a call directly, "Xiao Yueyue, there should be a trainee agent named Cheng Suyi under Lunanica Company, so let's arrange for her to be regular and raise her salary! I want to subscribe and rule her. La."

Chapter 470

Who is Satsuki?

This unusually wicked name left several people at the scene confused.

However, after a brief consternation, Li Nanfeng suddenly smiled.

He heard William call President Janett Qin in the previous set.

Did William call President Qin?

What's even more coincidental is that Cheng Xun would not work in William's Lunanica Company?

Li Nanfeng had no wrong thoughts, and Cheng Suyi did work at Lunanica Company.

She just graduated this year, and she only entered Lunanica Company for an internship two months ago.

Just now she told William that she was working as a trainee agent in a well-known company in Q City (Qena City), and William had already guessed that Cheng Suyi was in Lunanica Company.

After all, Q City (Qena City) is so big, what other performing company can be called very famous?

Only Lunanica Company dominates.

As soon as Cheng Su heard William's mouth blocking her mouth and talking about the unspoken rules, her face suddenly turned red, and she slapped William angrily, and whispered: "Don't talk nonsense! I'm not what you think. That kind of person."

But William smiled without saying a word.

The unspoken rules he said were naturally not the kind of nasty things Cheng Su thought about.

Instead, he wanted to use his power for personal gain and let Cheng Suyi take care of Li Nanfeng.

Janett on the other end of the phone heard a black line.

This little bastard, who is lusty and courageous, is still talking about me here.

She greeted others in the office at the moment, and smiled on the phone: "Hoho, there are unspoken rules for such a big beauty in the company, you go to unspoken rules for a trainee broker? Little bastard, okay, You can be patient, do you want me to tell your wife."

William's face became stiff, well, I still can't be too presumptuous to this big breasted sister.

"Then what, I'm talking about business, so please help." William said kindly.

When Janett saw that William had converged, she smiled and said: "Okay, Mr. Lu is speaking, there is no reason for me not to help. What is it called? Cheng Suyi?"

She controls the overall situation in the company, and how can she remember the name of every employee.

William nodded and said yes.

"Okay, I get it, I'll explain it right away," Janett said on the phone.

William wanted to hang up, but suddenly he thought of another thing, and asked, "Isn't Gu Zhiling's agent being driven away some time ago? I see her stinking her face at the company every day, as if she is right now This agent is a bit unsatisfied, otherwise you will let Cheng Suyi give Gu Zhiling a try to see if it works?"

Speaking of Gu Zhiling's name, Cheng Suyi's eyes widened.

She thought that William's call was just a fool.

Unexpectedly thinking that this kid would be more and more truthful, he moved out Gu Zhiling!

This is Gu Zhiling!

In Lunanica Company, she is definitely the best sister!

For Cheng Suyi, a young Mengxin who just came out of society, being the agent of the Ling Gu Ling is her goal in this life!

Now he was so easily said by this kid.

William is getting better and better?

Just as Cheng Xun wanted to laugh at William, he heard William say again: "Oh, right, didn't Li Chunfeng just come to our company soon? Her agent didn't come with me. Is it a match now? ?"

Janett on the other end of the phone made her scalp numb.

Mr. Lu, Mr. Lu!

You have a big tone!

One export is to directly name two of our company's big stars.

You know, these two characters are now the mainstay of the company, and their agent positions, but countless people are jealous.

After all, being able to be the agent of the two of them is simply a rise, and you have a certain right to speak in the company.

After all, it depends on the owner to beat the dog.

Now Wiliam opened up the quota of these two agents.

Janett grew up for a while and said: "You are President Lu, you have the final say, little girl, I can only ask for everything you say is what you say."

Wiliam uttered a cry, and suddenly covered the phone, then turned to Cheng Suyi, who was blank and asked: "Cheng Suyi, do you like to be Li Chunfeng or Gu Zhiling as an agent? One?"

These words were like a huge thunder that exploded Cheng Su and his whole body dumbfounded.

It's really getting more and more exciting!

The agent of these two big shots, is you a brat who can become a man with a word?

What an international joke!

"Don't coax me, I really want to go to work." Cheng Su suddenly became a little unhappy.

She felt that Wiliam was using her to do it.

But at this time, Li Nanfeng, who had been silent for a long time, suddenly stopped Cheng Suyi and said, "You are Wiliam joking with you. Choose one of the two."

Cheng Suyi still couldn't take it seriously, but she looked at Li Nanfeng's face and didn't know why, but she believed it in her heart.

Because from her brief contact with Li Nanfeng, this stinky blind man does not seem to be a person running a train with his mouth full.

Thinking of this, Cheng Su said indifferently: "Then be Sister Gu. Sister Chunfeng's agent is my old sister. I have taken care of me in the company for these two months, so I won't bother me. Where is my sister?"

She just said that casually, but Wiliam nodded and said to the phone: "Then let Gu Zhiling, you will arrange it right away. It is best to give me a reply within five minutes."

Janett has a black line, the president's frame is getting bigger and bigger, and he will answer you within five minutes?

Did you eat me if you didn't reply?

But when she wanted to return, she still planned to do what Wiliam said, who made Wiliam the boss of the company.

But at this time, Wiliam jumped out again, "Well, this Cheng Suyi has a kind-hearted character, a bit stupid, and Gu Zhiling, you also tell her to let her take away her own stink. Temper, better your opponents, I don't want to cry for Cheng Suyi to give me a small report in just a few days."

As soon as the voice fell, a violent voice suddenly rang on the other end of the phone, "Wiliam, you bastard! Who do you think is bad temper! Do you want to die? Don't let me meet you in the company!"

With this roar, Wiliam was also dumbfounded.

The voice was so loud that even Cheng Suyi could hear it clearly!

She was stupid.

This voice!

It turned out to be the voice of Gu Zhiling!

At first, Cheng Suyi felt that all this was just Wiliam playing.

Unexpectedly, Gu Zhiling's voice actually appeared!

In other words, what Wiliam said just now is true!

The more she thought about it, the more terrifying she became. In the end she stared at Wiliam with her big watery eyes, and her hand directly grabbed Wiliam's clothes, and tremblingly shouted, "Hey, who did you call this call? Yes! How could there be Sister Gu's voice? I would never forget her voice! Also, just now you said that you arranged me to be Sister Gu's agent. Is it really impossible!"

Chapter 471

Cheng Suyi was so excited that she shook Wiliam's body while she was talking.

Wiliam felt that her head was about to be shaken off by her.

He said helplessly: "When did I tell you that it was fake? Is it like I'm joking with you? Of course it's true."

With this explanation, Cheng Suyi's face suddenly blushed.

It is exciting!

Be an agent for Sister Gu!

When she thought of this exhilarating message, her heart felt like chicken blood, so excited she didn't know what to say.

This is really a pie falling from the sky!

And it really hit me!

On William's side, he didn't pay attention to Cheng Suyi anymore, but said helplessly to the phone: "So what, why are you in Xiaoyueyue's office, Gu Zhiling?"

Gu Zhiling actually happened to be chatting with Janett in her office. She didn't expect the pot to come from the sky.

For this little bastard, it's fine to arrange an agent for himself.

Who made him the boss?

It's better now, so don't forget a few words!

When did my sister lose her temper!

My sister's temperament has changed a lot since the last filming of the medical fairy movie, okay!

I don't understand the heart of my sister next door, please have a big bang on the spot!

"Okay, okay, now that you are better, I will tell Cheng Suyi well in the future, I am the first to say, she is my friend's sweetheart, my friend guesses that you have also heard that Li Nanfeng, the one who can fight very well, If you are not good to Cheng Suyi, Li Nanfeng's fists don't look at people. Oh, yes, he is blind and can't see people." William hung up after saying this.

But after hanging up, he realized that the atmosphere was a bit wrong.

As for Xena, she looked at William with shocked star eyes from the beginning.

And what William said just now caused misfortune to a few people.

Li Nanfeng said unhappily, "Have I been blind and eat your rice?"

Cheng Suyi was also black, "When did I become the sweetheart of the stinky blind?"

William turned his head to look at Xena, "You can speak for me."

But Xena watched Lu Yew speak with a strange expression.

Cheng Su blushed and grabbed William, "You tell me clearly! Also, who is the Xiao Yueyue you mentioned just now! Also, how do you know that I work for Lunanica Company?"

William looked at Cheng Suyi amusedly, "How many people do you think there are in the company with a month's name?"

With the month?

Cheng Su shook her fingers and counted several times, but she immediately shook her head.

These are all employees of the company, so how can they have such great ability to arrange themselves as a broker for Gu Zhiling.

After thinking about it, a person suddenly popped out of her head, and her soul was frightened!

"You, you mean! Qin, President Qin!" Cheng Suyi's words were unacceptable.

President Qin!

This is the supreme boss of the company!

It's no wonder that Cheng Su could not hear President Qin's voice. She has a low status in the company, and she doesn't even have the opportunity to meet.

Thinking about it now, she was in a cold sweat!

William actually called President Qin directly!

Call her Xiaoyueyue?

What is this bad name?

They call so intimate, do they have a leg?

Has this kid been raised by President Qin?

Thinking of this, Cheng Su suddenly looked at William with shameful eyes.

What's wrong with being a young person?

William was numb all over by her sight, and quickly changed the subject and said, "Do you know why the company has been rectifying the atmosphere during this period?"

Sure enough, as soon as the innocent Cheng Xuan was taken astray, she shook her head and said, "I don't know, do you know?"

William glanced at Li Nanfeng amusedly, and said, "Because of him. He was also from Lunanica Company before, but he quit, and he didn't do it if he was given a position of supervisor."

Cheng Su was so startled by William's words that his chin fell to the ground.

That's the position of the department head, so this stinky blind man quit?

Does his house have a mine?

And Li Nanfeng also said at the right time: "Well, don't do it. I'd rather be a dog than the supervisor."

When he said this, he felt mad.

As soon as Cheng Su was half-dead by his words, he turned around and cursed: "Did you get your head squeezed? Do you know how high the salary of the supervisor is? I heard that the monthly salary of the department head is six. Number of digits!"

Cheng Su became more and more angry as he spoke, and quickly the money had slipped through her fingers.

"Ho ho." Li Nanfeng smiled at her.

The more Cheng Su looked at this guy, the more stupid he became.

Improper supervisor, being a dog? What's the situation?

And when a dog should be so arrogant, it's absolutely amazing!

Are the two people in front of me not very good at their heads?

The more she thought about it, the more she realized it was possible.

At this time, her phone rang again.

When she saw it, she shivered instinctively, and said nervously, "It's over! Our old witch supervisor called me again, and she must be scolding me for why I didn't come to the company. It's over."

She muttered, and quickly picked up the phone, ready to meet another violent curse.

But at this time, there was a flattering voice on the phone that was not human-like, "Yiyi, where are you? Is there any special situation? You tell my sister, it doesn't matter."

Eh?

Cheng Xun had done a good job of mental construction, but unexpectedly she was waiting for a scolding, she was stunned.

She stupidly said: "Sister Chen, what are you talking about? I'll go back to the company immediately. I'm really sorry that something was delayed just now."

"Don't be in a hurry! You get things done, take your time, don't be anxious! Don't worry, don't you think your sister is usually good to you, right?" the supervisor on the phone said kindly.

Cheng Su said blankly: "Well, ho ho."

"Shun Yi, since my sister is good to you, in the future, in front of the leader, you have to say more good things to my sister, ho ho, my sister is very grateful to you. By the way, my sister will ask you something privately. What is the relationship with the company's Qin?"

Company Qin?

Janett?

Cheng Suyi glanced at Wiliam with wide eyes at this time, and said, "How can I know Mr. Qin? Sister Chen, what happened?"

"Don't know Mr. Qin? That's weird. How could Mr. Qin personally call me, saying that he would arrange you to be Gu Zhiling's agent so that you can take up the post immediately, and you will get a regular salary increase five times."

As soon as Cheng Su was shocked by these words, she couldn't speak directly, and she didn't know how to hang up.

Be an agent for Sister Gu?

Turn positive?

Five times the salary!

One surprise after another, like a huge wave, slapped Cheng Su's head.

At this time, Wiliam smiled and asked, "Now, you should honor what you said before and send to Li Nanfeng every day, right?"

Chapter 472: Shocking Xena

When Wiliam reminded him, Cheng Suyi woke up from the surprise. She looked at Wiliam almost in disbelief, "It's true! What you said just now is all true! Wiliam, what are you? Who! Why do you have such a great skill? If you want me to be Sister Gu's agent, let me be! How did you do it!"

She was half-believing at first, but now the company's director has personally called to talk about this matter, she can't help but not believe it!

But Wiliam smiled and said, "Don't worry about who I am, just say that your promise just now counts?"

When Cheng Su thought of the promise he had said before, his face flushed again, and he didn't dare to look at Li Nanfeng.

Just now she simply said casually, wherever she wanted to get this Wiliam, she made her dream come true with a phone call!

Really, do you have to take care of Li Nanfeng every day?

Thinking of this, Cheng Su felt his heart beating wildly.

Yes, yes...

However, when the words came to her lips, she was embarrassed to say it, and she could only tweak: "Um, I just thought you were joking, so..."

When she said this, she was just holding back, as long as Wiliam persisted, she would half push and half promise.

After all, this is the shyness of the little daughter's family.

But the upright Li Nanfeng said with complete incomprehension: "Forget it, Wiliam, since Miss Cheng is unwilling, I don't want to force others to make it difficult. I'm not completely incapable of taking care of myself..."

"You almost got hit by a car when you went out, so you can take care of yourself? Is there a lack of muscle in your head?" Thinking of Cheng Su's anger every time he heard this, he pointed at Li Nanfeng's head and cursed.

Wiliam was amused.

"Forget it, I don't understand you, the stinky blind man. Since I was almost talking before, I will do what I say, and I will take care of your daily life. Oh, idiot, call me Give it to me, forget it, I'll take you home first! Too stupid!" Cheng Su said to the end, seeing Li Nanfeng's clumsy hands, was actually annoyed, and directly took Li Nanfeng and walked forward.

It's just that after walking a few steps, Cheng Suyi finally turned around, glanced at Wiliam, bowed respectfully to Wiliam, and said, "Wiliam, although I don't know who you are, you I have something to do, but I still have to thank you very much! Don't worry! I will not live up to your expectations of me. I will take care of Sister Gu in the company."

Wiliam shook his head, and said: "You love what you do in the company. Anyway, someone takes care of you. I only want you to take care of Li Nanfeng."

Cheng Su's face turned dark, and she couldn't say anything good.

She glared at Wiliam angrily, and then took the dull Li Nanfeng away.

After they left, Wiliam finally breathed a sigh of relief and said to Xena, "Finally, I found Li Nanfeng a home, so I won't worry about him so much. Let's go, let's go home."

He said that he was going to pull Xena.

But Xena unexpectedly avoided Wiliam at this time, but continued to look at Wiliam with weird eyes.

Wiliam could be seen hairy.

He wanted to ask for a long time.

This girl has been watching with such weird eyes from the beginning, and kept watching.

Then he didn't speak, it was not like Xena's style at all.

Is she wicked?

"Are you sick? Let me show it to you?" William reached out to touch Xena's forehead.

But Xena grabbed William's hand and asked without a smile, "Brother-in-law, it's the question that Cheng Suyi asked just now. Who are you?"

"I'm your brother-in-law, are you stupid?" Lu Yezhen said angrily.

But Xena shook his head and said, "What is your relationship with Lunanica Company? Or, what is your relationship with Janett? I remember Janett is the president of Lunanica Company? See you just now The tone of the call seems to be very different. I smelled a scent of adultery. I always suspected that you were cuckolding your sister outside. I thought, ho ho, I really caught me today! I call you. Do you dare to agree with an adulterer?"

Xena said more and more truthfully, and William almost believed it.

Fortunately, William was determined, and finally shook his head and said, "What do you think? I am the big boss behind Lunanica Company. Have I ever told you about this?"

Eh?

Eh?

Eh eh eh! !

Xena waited for William to be beaten into a move by himself, but he couldn't expect to be killed, he would hear such an answer!

The big boss behind Lunanica Company?

Brother-in-law turned out to be the big boss behind Lunanica Company?

This shocking information made Xena's whole person dumbfounded. She looked at William blankly, "I don't know! You never told me before! Damn! Brother-in-law, are you really the big boss behind Lunanica Company? "

Xena couldn't accept such amazing information for a while!

That's Lunanica Company!

There are big stars like Li Chunfeng and Gu Zhiling under its banner!

In Q City (Qena City), Lunanica Company is definitely the king of performing arts!

Unexpectedly, the big boss of Lunanica Company would be his brother-in-law!

For a long time, Xena thought that William was just a security guard at Lunanica Company.

The latter thing will not stop.

I don't think my brother-in-law is too good!

From a security guard to the big boss of Lunanica Company!

Xena's heart began to beat frantically!

She remembered many things!

Some time ago, Lunanica Company tried its best to turn the tide and move from its impending destruction to another peak dynasty!

At that time, Xena was still wondering, when will Lunanica Company have such a courage to make decisions and be able to come back to life.

Unexpectedly, it was his brother-in-law behind.

Think about it, my brother-in-law seems to be the best at this kind of Jedi counterattack.

Ahhhhh!

When Xena thought that her brother-in-law had such a powerful hidden identity, she wanted to hug William excitedly.

Fortunately, she still had a little saneness left, so she didn't do anything extraordinary.

William looked at Xena, who was now ecstatic, and screamed inwardly.

Too many things happened to him.

Before at Lunanica Company, Liu Qiandao knew the identity of William.

But William originally thought Liu Qiandao would tell the Bai family this information.

That's why William just thought that Xena knew that he was the big boss behind Lunanica Company.

I didn't think of Liu Qiandao and said.

In other words, Xena knew it for the first time.

No wonder this little girl was so shocked that she now looks like she can't wait to accept her.

"Then what, have you heard what you said just now?" Lu Yezhen said kindly.

Xena looked excited, and her little hands danced wildly, "I won't listen, I won't listen! The eighth chanting! I want to tell my sister! My brother-in-law is a hero! Not only the palm of the benevolent medical center! It also swallows the Cang Yue Company! These two companies are worth tens of billions! My brother-in-law is a billionaire! Who dares to look down on my brother-in-law!"

William had known for a long time that he would not end well if he said that he missed his mouth.

He blacked his face and said: "Come on with your terms."

Xena seemed to have been waiting for this, and suddenly showed a sly smile, and said: "Humph! I want two celebrities from your company to accompany me out for a few days!"

Chapter 473

William's face became black and paste, and he said angrily: "You don't know the two women, go out and get some wool! Change something more reliable!"

But Xena said triumphantly, "That's a big star, it's so good to take it out! I don't care, I want the two of them to go out to accompany me, if you don't promise me, I will immediately Just tell my sister to go!"

William was almost mad at Bai Rushuang.

And when Xena said these words, the picture that appeared in his heart was that when Li Chunfeng dropped the emperor flower on Felicity's birthday, and the two peerless beauties sang in a chorus, that kind of shining and brilliant picture.

A celebrity can make a person shine, hum, sister, you can do it, I will do better than you.

My two stars play with me!

When William saw that Xena had bitten this condition, he sighed and said, "Let's do it! I'm a bit busy these days, and the company is making adjustments. In ten days, I will take you out for a stroll with them. Circle, it's time to give them annual vacation."

When Xena heard it, her eyebrows were instantly delighted, and he took William's arm and shouted affectionately: "Brother-in-law is the best to me."

William gave this little fairy a gloomy look, and said, "Now you can go home!"

The sky was completely dark now, Felicity must be at home waiting for them to go back to eat.

But Xena showed a weird smile at this time, and said, "Brother-in-law, go back first, I still have things to do."

Looking at her smile, William felt that she was going to do something again.

He immediately thought of Zeng Dingyun.

Didn't Zeng Dingyun invite her to meet at the hotel at night?

Could it be that this girl's head is broken, and she is going to go if she is so obvious?

William couldn't help asking: "Are you going to find Zeng Dingyun?"

Xena suddenly appeared panicked and shouted, "How do you know? Brother-in-law, do you know how to read minds? God."

William knocked her head fiercely and cursed: "Who can't tell the little Jiujiu in your stomach! Didn't I tell you that the guy is kind to you? You still go?"

But Xena showed a cold smile for the first time, and said: "Of course I am going to find him. Hoho, I dare to tease this lady, and want to use dirty methods against this lady. How can I bear these hatreds!"

Speaking of this, she shook William's arm vigorously and began to act like a coquettish, "Brother-in-law, just let me go, I already have a way to make that guy have good fruit, I swear to God, I will definitely get back home's."

William was shaken by her so hard that she glanced at Xena seriously, "Are you really going?"

Xena nodded, "I really want to go."

After hearing Xena's answer, William turned his head and left, "Pay attention to your own safety."

Xena looked at William in surprise, when did her brother-in-law talk so well?

However, she didn't know what William was thinking.

William knew that although Xena sometimes acted savagely, his head was still quite clear.

Since she can assure William that nothing will happen, then it will definitely not happen. Instead, I was worried about that Zeng Dingyun.

Provoking such a little witch in the world, he may be tortured by Xena tonight.

Xena walked towards Zeng Dingyun's hotel, while secretly making a few phone calls to her friendly sisters.

It wasn't until the sisters got everything done and agreed a time and place that Xena left again with a satisfied expression.

Sure enough, this group of sisters were very efficient. When Xena walked to the door of the hotel, he met several people who had been waiting at the door of the hotel.

Xena Haoshuang confessed a few words to them, and then went into the hotel first.

She came to Zeng Dingyun's door according to the room number given by Zeng Dingyun and rang the doorbell.

The door opened soon.

It was Zeng Dingyun who appeared in the room.

It's just that Zeng Dingyun at this moment has nothing to do with being handsome.

His face was directly beaten into a pig's head by Frederick, and now it is not swollen.

When Zeng Dingyun saw that Xena really appeared here, he was immediately surprised.

He is so waiting!

Since he agreed with Xena to meet at the hotel tonight, he simply treated his wounds, and has been waiting for Xena in the room.

Waiting and waiting, as time passed, he began to suspect that Xena would not come over at all.

After all, he lost the game directly today, and the loss was ugly.

Xena's failure to come is entirely reasonable.

Unexpectedly, I waited!

He looked at Xena, who was standing at the door with a graceful smile and a beautiful smile, and swallowed fiercely.

An evil fire suddenly appeared on him.

Xena's figure is really a crime.

I don't know if it was intentional. Xena's makeup now is different from before.

She put on an unusually coquettish lipstick and a small cherry mouth, which looked even more charming.

Little wild horse with flaming lips.

"Come in!" Zeng Dingyun felt his voice trembling when he said this.

It's so exciting.

One step after Xena, Zeng Dingyun came in, but quietly jammed the door without being locked.

Zeng Dingyun invited Xena to sit in a chair, and then asked falsely: "How about today's game?"

Xena also pretended to be annoyed and said, "Hey, don't mention it, without you, my brother-in-law was a complete failure. He had never tried a trick in Frederick's hands and was beaten worse than you. In the end, I saved my life by kneeling down and begging for mercy. I really shouldn't stand up for my brother-in-law, and you were seriously injured."

When she said this, Xena's eyes seemed to flash with tears, and she looked like she wanted to cry.

When Zeng Dingyun heard this message, he was so happy to death.

Sure enough, without me, you will only get worse.

It's me who has done dozens of tricks in Frederick's hands, and it can be regarded as saving your face.

He coughed and said with a sigh: "Hey, I really don't think that Huanghexian is too strong. I just concluded that no one in Q City (Qena City) can be Huanghexian's opponent."

Xena almost laughed outright after hearing this.

No one is Frederick's rival?

You don't stay here to see it clearly, you will know that when you stay, that old monster was slammed by my brother-in-law, don't mention it.

Xena suddenly looked at Zeng Dingyun directly, and his tone became faint, "Brother Zeng, you helped me so much and suffered such a serious injury. You said, how can I repay you? Just say, don't be polite to me."

Chapter 474

Zeng Dingyun is happy!

He could wait, but that's not it!

Moreover, he could see that this silly white sweet is really silly!

Before she came, she arranged her makeup specially, and now she still speaks in such a seductive tone. It's unclear. Is she coming to dedicate her life?

Hahaha, so cool!

Zeng Dingyun wanted to blurt out and let Xena stay here tonight, but he thought about it again, it was wrong!

If you say this, don't you become a hypocrite?

Maybe, this little Nizi is ready to pay for the meat, and intends to use tonight and one night to repay herself.

If you count it this way, you will feel comfortable all night.

How could a woman like Xena with a stupid body and bursting body be satisfied in one night?

She must be firmly in his own hands!

Besides, these guesses are just my own thoughts, maybe Xena didn't mean that.

If this is the case, wouldn't it be self-defeating to keep her by himself?

Thinking of this, Zeng Dingyun secretly rejoiced that his head was still sober, and he didn't say anything that shouldn't be said.

He decided to follow the plan.

After all, with that kind of little divine water, this little beauty could not escape her palm in this life.

So he pretended to be righteous Lingran and said, "Ruoshuang, what do you mean by this! I asked for help on my own initiative, so I didn't ask for anything in return. If you say this, I will get angry. Your brother Zeng is not that kind of person."

Xena snorted in his heart.

When Zeng Dingyun heard that sentence just now, his eyes were green, and Xena had already seen it.

Now there is still a gentleman's face?

Are you not a group?

But Xena pretended to be sorry, and sighed and said, "Brother Zeng, the more you say that, the more I feel sorry for you. Could it be that you despise me..."

At this point, the Oscar actor Xena turned his upper body, a small face flushed slightly, and then lowered his head, looking like he wanted to see but didn't dare to see Zeng Dingyun.

This lovely appearance made Zeng Dingyun's heart numb.

He wished he didn't care about anything at this moment, and directly gave this little beauty to Fa-rectification on the spot.

It took him a lot of entanglement between heaven and man before he was holding this restless heart, and said, "Ruoshuang, how can you say that? Don't you understand what your position is in my heart? Tell you, I'm not the kind of person who asks for credit. Forget it, I'll pour you a glass of water. Calm down."

After speaking, he firmly left Xena's front and turned to pour water.

And Xena's eyes followed him every step of the way after he left.

Xena knew that this girl was about to start acting.

Hmph, he said one thing in his mouth and another one behind his back. He is really an out-and-out villain!

Sure enough, Xena saw Zeng Dingyun who turned his back. After pouring two glasses of water, Xena quietly stretched one hand into his pocket.

Then he took it out quickly.

Because he was carrying Xena, Xena couldn't see what he was holding.

But it can be clearly seen that this guy is quietly tampering with the water in the cup.
Humph!

You are dying!

Zeng Dingyun, who poured water, didn't realize that his plan had been revealed long ago.

He is in a very proud mood now.

As long as you drink this glass of water, Xiao Nizi, you will never escape from my palm in your life.

After a while, I will put you in bed and repay the grievances and shame I have suffered.

Don't worry, I will make you very happy!

Pain and happiness!

Thinking about it, he came to Xena with two glasses of water, and then passed the glass of water in his right hand to Xena, and said sincerely: "Ruoshuang, I only have boiled water here. I'm really sorry, you won't dislike it. ?"

Xena quickly took the water, shook his head and said, "How could it be? My favorite drink is plain water, Brother Zeng, you are so understanding."

Zeng Dingyun was happy and considerate?

Don't you know, your brother Zeng is not only considerate, but also considerate!

You will know in a while.

Xena pretended to drink water, and Zeng Dingyun's eyes immediately fixed the cup.

But it is a pity that Xena put the water down again as if thinking of something.

This made Zeng Dingyun anxious.

Can't you drink it quickly!

Drink it, it's the Paradise of Bliss!

At this time, the phone in Zeng Dingyun's room suddenly rang.

Zeng Dingyun frowned. At this critical moment, who is calling here!

Is it the front desk?

He looked unhappy, but Xena asked with innocent eyes, "Brother Zeng, the phone in your room rang, why don't you pick it up?"

Zeng Dingyun said immediately: "It's estimated that it was the front desk call. I'm so annoyed. We call all the time. We don't care about him."

Naturally, Xena arranged for someone to make this call. What if he didn't answer it?

Xena deliberately pretended that I understood, and said, "Hey, Brother Zeng is also a man, I understand. I heard that many men live in hotels and call for service. Could it be that you also..."

As soon as Zeng Dingyun heard this, his heart shook, but he immediately pretended to be polite and said: "Will Brother Zeng be this kind of person? My heart is all on you, where can I do such sloppy things? If you don't believe me, I'll pick it up right away."

What he thought in his heart was that he must not be surprised at this critical moment.

In order to prove his innocence, Zeng Dingyun immediately walked over and grabbed the phone.

And after such ten seconds of effort, Xena has quietly swapped the two cups.

Zeng Dingyun's heart was disturbed by Xena's words, so no one would pay attention to Xena's small movements.

He grabbed the phone, and a polite voice came from the other end, "Hello sir, I am the front desk of the hotel. We randomly conduct hotel service satisfaction surveys on customers. What do you think of our hotel, sir..."

"Damn! You are sick, right? I'm not free now, calling someone else!" Zeng Dingyun was furious with the call, and the swear words came out directly.

At this critical time, what kind of satisfaction survey is there, your hotel is really stuck in time!

After he hung up the phone, he felt that he was a little gaffe, and Xena looked at him with a frightened expression.

He immediately calmed his mind and said: "Look, it's just harassing phone calls, what kind of satisfaction survey, now you believe it, I am not that kind of person."

As he said, in order to conceal the panic in his heart, he looked at it, grabbed the glass of water and drank it directly.

After drinking the water, he looked at Xena and asked sincerely, "Don't you drink water? Don't you like drinking plain water?"

Chapter 475

Seeing that he finished drinking, Xena was very proud, and said: "Of course I drank it. Zeng Ge's kindness, I naturally want to take it."

So she also grabbed the cup and took a few sips.

Zeng Dingyun saw that this silly Baitian finally took the bait, and the corners of his mouth couldn't help but hook up.

This glass of water, let alone a few sips, is effective even with just such a drop.

Now, just a few minutes later, Little Mustang embraced himself.

Thinking of this glamorous little beauty a few minutes later, Zeng Dingyun's heart began to agitate again.

Hehehe, the happy moment is coming soon.

In these few minutes, waiting for Zeng Dingyun has a feeling of living like years.

too slow.

So that the more he waited, the more hot he felt, as if he couldn't wait any longer.

He looked at Xena's eyes, and his eyes became more and more red.

Because Zeng Dingyun didn't speak, the scene fell into silence for a while.

Xena has been observing his face all the time, and seeing that he has a red face, he thinks that the effect of the water is about to begin.

She immediately pretended to be confused and said, "Hey, Brother Zeng, is there an air conditioner in your room? Why do I suddenly feel so hot."

When Zeng Dingyun heard it, he was ecstatic.

It's about to start.

But he still held down the ecstasy and said, "Is it open? I think it's very hot too, I'll check it out."

He deliberately checked the air conditioner, and then said: "It's on, maybe it's a bit hot today."

With that, he took the initiative to take off his jacket.

Xena suddenly appeared ashamed, and said, "Brother Zeng, what are you doing? I am hot, are you hot too?"

Zeng Dingyun nodded hey, "Yes, seeing you are hot, I am naturally hot too."

Unconsciously, his words became more and more presumptuous.

Moreover, he really feels hot.

But he still didn't know that there was a problem with that glass of water.

He only thought that he was about to wait until the moment of happiness, and his heart was excited.

Xena pretended to run away, and stood up and said, "Well, I really can't stand the heat, can you borrow the bathroom in your room and let me take a shower."

Zeng Dingyun almost laughed.

Shower?

Are you kidding me?

My glass of water can't be used as much cold water as you can.

The only way to relieve fever is...

But Zeng Dingyun still said: "Okay, you are free, I will wait for you outside."

Xena immediately pretended to be shy, and when he walked into the bathroom, he confessed, "Um, Brother Zeng, I believe you are a good person, so you can't peek."

Zeng Dingyun nodded quickly, "Of course not, your brother Zeng is not that kind of person."

What he thought in his heart was, don't take a peek now, and don't look at it openly later.

Why do I do that kind of sneaky thing.

Xena walked into the bathroom with confidence. After a while, there was a splash of water from the bathroom.

The sound of the water made Zeng Dingyun's heart surging.

At this time he started to be strange.

He also counts countless women, and there has never been a woman who can make him impatient like this.

It seems that as long as any woman stands in front of him now, he can gallop.
It's weird.

Thinking of this, Zeng Dingyun took a peek at the bathroom, and then quickly slipped to a corner of the room.

He arranged a machine there.

In order to be foolproof, he will save the situation tonight.

If something happens to this silly white sweetness in the future, I will be able to do even more grace and power, right?

So he hid in the bathroom invisible, and began to tinker.

But he can't be seen in the bathroom, and he can't see the bathroom either.

Bai Rushuang has been secretly observing the situation outside.

Seeing Zeng Dingyun doing that shameless deed again, she was furious.

You deserve to die!

So, under the cover of the sound of water, she left the room silently.

Outside the door, someone had long been waiting to meet her.

According to Xena's arrangement, several people quickly began to act.

And Zeng Dingyun inside the door didn't know that the situation had turned around.

After tinkering with the machine, his whole face turned red.

He could even feel his head steaming.

by!

As for, a woman gave herself a whole lot.

Zeng Dingyun secretly scolded himself for how strange it is to be rare, and returned to bed.

He re-layed the sheets on the bed and took out some pink petals that he had prepared and sprinkled them on the bed.

Then he turned off the light in the room and lit a few very interesting candles.

The whole room suddenly appeared full of artistic conception.

This is a scene Zeng Dingyun has painstakingly arranged.

Just to enjoy this wonderful night.

After a while, there will be a sweet and beautiful woman coming out of the bathroom like a lotus.

The hair was wet and dripping with water.

Wrapped in only a bath towel, he looked like he wanted to hide or reveal.

This spring is bound to make the room tonight more springy.

Zeng Dingyun became more excited the more he thought about it, and he couldn't wait any longer.

His heart is tangled, whether to go to the bathroom quietly at this time.

It's not bad for a few minutes anyway.

But after much deliberation, he has a feeling of doing good things to the end.

Hold on for a few more minutes!

This situation cannot be wasted!

However, five minutes later, the sound of water in the bathroom was still rustling.

As for Zeng Dingyun, the whole person felt like he was going to get angry.

His eyes were red, and he even panted directly.

He felt that his consciousness seemed a little unclear.

Really, this silly Baitian took a shower in it for so long?

by!

Don't wait!

Rush in!

Zeng Dingyun's head bounced at this moment, no matter what, he rushed towards the bathroom!

He hummed and ran to the door and shouted inside: "Ruoshuang, have you finished washing?"

Only the sound of water could be heard inside, but no one answered.

Zeng Dingyun had known that Ruoshuang would not answer for a long time, so he was heartbroken, put his hand on the doorknob and twisted it hard, and the door suddenly opened.

He was overjoyed, and he didn't even lock the bathroom door!

Hahaha, it's not clear, it will lead the wolf into the room!

He proudly yelled inside: "Little beauty, brother is here! I am embarrassed to keep you waiting for a long time, but it doesn't matter, tonight, my brother will let you go to Paradise!"

In the bathroom at this moment, the water was misty, and then from the mist, there was a gay but low voice in gay, "Little baby, can't you wait so soon? I'm sorry, but it doesn't matter, tonight, Have fun with you."

Chapter 476

Zeng Dingyun thought that he would hear Xena's shy and panicked wailing.

If you are lucky, you will be able to see Xena clean.

This sudden man's voice directly exploded Zeng Dingyun's head.

what happened?

Why is there a man's voice?

How did the charming Xena become a man?

However, at this moment, the mist was lingering in the water, and Zeng Dingyun could not see clearly.

He patiently felt the heat and doubts in his heart, and boldly walked inside, thinking that he must have heard hallucinations.

He said again: "Little beauty, I am here, where are you? Do you play peekaboo with your brother?"

At this time, a low voice sounded again, "Ho ho, brothers all like to go straight. This is fun. I never play peekaboo."

This time, Zeng Dingyun heard clearly, it was a man's voice!

Moreover, there was a burst of laughter in the bathroom.

His heart thumped!

More than one man!

by!

This silly Baitian hides so many men in the bathroom!

I didn't think about it, I didn't think about it, the appearance looks pure and glamorous, I didn't think the taste was so heavy!

No way!

I can't let go of so many people playing!

Zeng Dingyun thought that Xena was in it, and said unhappily, "Xena, what are you going to do? How do you want to play?"

At this time, there was laughter again in the mist.

Then, in Zeng Dingyun's stunned mouth, five bare-chested, muscular men walked out.

They wore a pair of shorts and immediately surrounded Zeng Dingyun.

Zeng Dingyun's courage was almost shocked!

by!

Where does this come from!

One by one so fierce!

"Ruoshuang! Ruoshuang! Where are you?" Zeng Dingyun's head was blurred for a while.

"Ho ho, Miss Bai has left long ago. She told us that we must be with you. She said that your heart is hurt and you need someone to accompany you tonight." One of the men said jokingly. .

Seeing him raising orchid fingers while talking, Zeng Dingyun got goose bumps all over his body.

No matter how stupid he is, he knows the taste of these men in front of him!

by!

They are not normal men!

No wonder I just said I like to go straight!

That's what it meant!

And Zeng Dingyun knew in an instant that Xena had been playing tricks!

She didn't even think about coming over to dedicate herself.

Instead, they called these men to play with themselves!

Really, I totally underestimated her, and thought she was just a silly white sweet!

I didn't expect to start so ruthlessly!

Zeng Dingyun was thinking angrily. Suddenly a man lifted Zeng Dingyun's chin gently with his hand, and said with a smile: "Yo yo yo, he was pretty handsome, but it's a pity that he was beaten into a pig head. But it doesn't matter. Brother doesn't care, it's the same when the light is turned off."

When Zeng Dingyun was touched in this way, he felt his hairs stand up.

He suddenly thought that he had fallen into the hands of these men, that tonight...

Thinking of this, he couldn't help shivering.

too frightening!

Zeng Dingyun is a straight man with a thousand years of age. How can he stand being surrounded by several men like this now.

He hates it!

If it is normal, with his skill, can he balance these dog bastards?

But now, he is seriously injured, and his only strength is to spend on this bed, so there is no strength to fight these people.

He squeezed out a reluctant smile and said to these men: "Dude, I think we have a bit of a misunderstanding. Can you speak up, how much do you want? Can't I give it?"

But those few people said, "Give me money? We are very ethical. People who love beauty do not love money. Didn't you also say that you are going to go to bliss with brother early tonight? The fire is on the hook, why, do you want to retreat?"

When Zeng Dingyun heard it, that face was more bitter than bitter gourd.

He wants to be in Bliss early, but isn't it the rough guys in front of him!

Zeng Dingyun wanted to resist, but at this time his body trembled.

The medicinal strength of his invincible little Shenshui came up completely.

His eyes suddenly became confused, and his head was groggy, with only one thought in his mind.

Give it out tonight without any reservations.

He softened and fell into the arms of one of them.

The man hugged Zeng Dingyun and laughed loudly, "Oh, I said don't, I'm very honest, I took the initiative to hug Zeng Dingyun. Hahaha, little beauty, you don't taste it. Brothers, after you taste it, you will open a new world, and you will be unable to stop in the future. Brothers, walk."

Several people cheered and directly carried Zeng Dingyun up.

When they went out, they saw the layout of the room, and laughed again, "Oh, little beauty, it's very thoughtful, the layout is very affectionate, so I'm so cute and smart at you, my brother will treat you gently for a while. ."

The last trace of reason in Zeng Dingyun's head wanted to struggle, but his hand hit the man's chest, but it was soft and weak, as if he was deliberately teasing the man.

With this action, Zeng Dingyun completely lost his mind.

In his eyes, there is already no distinction between men and women.

He just wants to be crazy all night.

Those individuals, how can they not cooperate.

So, this night, Zeng Dingyun was like a weak little lamb, completely sinking into the teeth of the big bad wolf.

His throat became hoarse and his back was red.

He didn't know how to pass this night.

Until the next day, he woke up in a daze, looked at the scene in front of him, and shouted out!

The picture in front of me is so messy that it can't be messed up!

The whole room was in a mess, and everything in the room was in a mess.

Especially the big bed, which is still wet.

And there is a large pool of blood on it.

Seeing the blood stain, Zeng Dingyun's whole body was not well.

What a special thing, where's the blood!

He was about to get up to check carefully, but at this time, he suddenly felt a sharp pain in his body.

With an ouch, he fell directly on the bed again.

He covered his back and let out a howl like a pig.

He suddenly thought of something vaguely.

He thought that there were five men last night, and a weak and helpless him.

With this thought, the picture became clearer.

"Xena! I want you to die!" Zeng Dingyun let out an angry roar as he felt his body as if the door was wide open!

He knows exactly what happened last night!

He also knew why he was so excited last night, even in the latter half of the night, he turned against the guest.

The reasons are all in Xena!

She changed the glass of water, so Zeng Dingyun drank the glass of water!

Just as he was about to get up to look for Xena to settle the account, he suddenly saw a note stuck on the head of his bed.

He picked it up and saw a few words written on it, "Little baby, it was violent last night, we liked it very much. Turn on the TV, and there is a surprise."

Chapter 477

Zeng Dingyun saw this note and remembered the mania of last night.

His face rose to the color of pig liver.

He picked up the remote control and turned on the TV.

After opening, he was completely depressed.

What else is on the TV!

Isn't it the madness of last night!

He saw the few people surrounding him, and his whole person was so depressed to suffocate!

Thinking of him, Zeng Dingyun is also a romantic figure.

In the past twenty years, all kinds of wind and water have risen, and the women picked by him, such as the sands of the Ganges, are numerous.

But he never thought that there would be such a day, he would be picked by others.

And what a man!

This shame, like a barb, grew deeply on Zeng Dingyun's heart.

If this matter is known to outsiders, then his reputation for Zeng Dingyun will be completely over!

Thinking of this, he resisted physical and mental exhaustion, picked up the video recorder, and slammed it down.

At last no one knew.

But at this moment, his phone rang.

The name displayed on the phone caused Zeng Dingyun's blood to gush out.

Xena!

This stinky girl! You still have the face to call yourself!

“Xena! Are you looking for death!” He picked up the phone and yelled at the phone.

But on the other end of the phone, there was a ring of laughter like a silver bell. The laughter was very charming, “Brother Zeng, I’m really sorry. I had something to do last night, so let my brothers go over and play with you last night. Are you happy?”

Zeng Dingyun was so angry that his hair was about to stand up.

Happy!

Of course happy!

I was so happy all night, the feeling of being in the Paradise of Bliss was wrong.

But what? Can you tell me about this?

“What did I do to sorry you? You want to fuck me like this!” Zeng Dingyun roared angrily.

But Xena still said softly: “Brother Zeng, what are you talking about? Why can’t I understand what you are saying? You are trying to help me and bear the humiliation. I am grateful that you are too late.”

Zeng Dingyun knew that Xena was pretending to be stupid with him, so he tore his face completely, “Xena! I really should have done you right last night! See if you will be so arrogant!”

Yes, Zeng Dingyun’s heart at this moment is extremely regretful!

If this little girl came over last night, he would handle her directly, maybe the consequences would not be like this.

Last night, Xena hinted and made it clear again and again that he wanted to be a gentleman again and again, and save it later and enjoy it slowly. This gave this little girl a chance!

Otherwise, she was the one who was flogged and ravaged last night!

Thinking of this, Zeng Dingyun became even more depressed, and he was still too noble!

However, now that the matter is a foregone conclusion, Zeng Dingyun’s back door opens wide, which is already a shame on his heart.

At this time, Xena’s laughter on the phone stopped suddenly, and her voice became extremely cold, “Zeng Dingyun! I tell you, if you simply want to attack me, maybe I will really be deceived by you. Unfortunately, Do you dare to stumble upon my brother-in-law! Want him to be your stumbling block! Hoho, I’m Xena tell you! No one can touch my brother-in-law!”

“Last night was just a small punishment and a big admonishment. If you dare to treat me and my brother-in-law again, ho ho, you just wait to die! The old lady has a hundred tricks, which are more advanced than last night!”

“By the way, thanks to the video equipment you secretly installed last night, I keep the video. I wish you every day like last night.”

After speaking, Xena hung up the phone.

Zeng Dingyun was so angry that he picked up the phone and threw it to the ground fiercely!

This shameless woman!

He even kept that thing!

This is not clear to threaten yourself!

by!

Zeng Dingyun originally wanted to start with Xena, but at this moment, he had to re-examine the woman Xena!

This little bitch is far from as stupid as he thought!

She was even smarter than she thought!

Moreover, it is much more cruel!

This kind of means of destroying the Three Views in the lower three is all used, one can imagine how evil she usually acts.

Zeng Dingyun hated that he had no eyes and could not see through Xena's disguise, and he ended up in such a miserable end today!

At this time, the doorbell rang, Zeng Dingyun hesitated, walked to the door struggling, and asked, "Who?"

"Hello, hotel attendant, someone has brought you flowers." A polite voice sounded at the door.

Zeng Dingyun was taken aback, sending flowers?

He opened the door and saw a waiter standing at the door, smiling and saying: "Hello sir, a lady ordered a bunch of flowers for you, husband, and ordered me to listen to a song for you."

With that, the waiter took out the flowers in his hand and handed them to Zeng Dingyun, and played a song on his mobile phone.

"The chrysanthemum is broken, the floor is hurt, your smile has turned yellow..."

With curling singing, along with the little chrysanthemum blooming ruthlessly in the hands of the waiter, Zeng Dingyun's sad past was hooked up again.

He picked up the flower, smashed it directly at the waiter's face, and let out the most angry roar in his life, "Xena! I'm going to Nima!"

He wants to know who did such a disgusting thing with his ass!

In addition to Xena, who else!

Oh, I don't have an ass now.

At this moment, Xena was giggling at the dinner table.

William and Felicity saw a black line.

Which nerve is wrong?

Since I came back last night, I looked very happy.

Now he laughed unscrupulously, as if he had done something extraordinary.

William seemed to know about Xena, and showed a meaningful smile.

It seems that Zeng Dingyun last night was very suffering.

Can actually make this little fairy happy from last night to now.

After the three of them had eaten, Xena dragged William to his room, pointing to his computer and said to him, "Brother-in-law, do you want to know what happened to that bastard Zeng Dingyun last night?"

Lu Yehan sighed, and now on Xena's computer screen, the back of Zeng Dingyun appeared.

He said with a black face: "I still don't know, I'm afraid that I will lose my impression of you."

Xena was stunned for a moment, yes, it seems to be the truth.

The brother-in-law knew his methods, and that shy little woman in front of him was completely gone.

She was about to tell William that, forget it, when the door of the room slammed open.

The two were shocked and looked at the door together.

It was Felicity who appeared at the door.

Felicity looked at these two people suspiciously, and asked, "What are you doing? He closed the door like a thief, and I came in like a ghost again. Are you hiding something from me?"

Xena hurriedly waved his hand, denying categorically, "There is no such thing. My brother-in-law and I are preparing to watch a movie and go back to each house to find each mother."

Felicity glared at Ruoshuang, walked towards the computer desk, and said, "Don't look at it. The computer was requisitioned by me. I have a file for my card. I will deal with it."

With that, she clicked the mouse naturally.

Then, a man's painful and happy wailing sounded all over the room!

Chapter 478

This wailing made the three people on the scene bewildered.

Feliicity was the most at a loss. She thought to herself that she just came to borrow a computer.

I don't think of my sister's computer, hiding the dragon and the tiger!

And my sister, who usually looks so good, hides in her room to watch this kind of thing!

Feliicity stared at Xena fiercely.

And Wiliam on the side was completely dumbfounded.

Although he knew that Zeng Dingyun would end badly.

However, from the screen, this is more than a tragic word!

He compares his heart to heart, if he is subjected to such inhuman humiliation, how can he survive!

Just hang the beam and kill yourself!

For a time, Wiliam's eyes looked at Xena also changed.

Become in awe.

Don't look at the brother-in-law who usually takes a mouthful, shouting so affectionately.

Can't imagine that the methods are so brutal.

Don't offend this grandma in the future!

Xena belongs to the most innocent.

She didn't even think that Feliicity would come in, and then directly activated the computer.

It's over now.

The pure image of my old lady!

Thinking of this, she immediately covered her little face, not daring to look at the couple.

Feliicity was so screaming from the computer that she was about to fly, and quickly unplugged the computer cable.

The world is finally quiet.

The three of them breathed a sigh of relief.

After that, Felicity suddenly stared at Xena as if thinking of something, "Ruoshuang! You just said that you want to watch a movie with your brother-in-law, is that to watch this?"

William's face turned green.

I was shot while lying down?

Xena, you're a scumbag!

If you can't die, drag your brother-in-law into the water?

What do you say now?

Xena was also buzzing in his head, and watching the movie just now was just a casual excuse.

Unexpectedly, this kind of misunderstanding can be solved by being skewed.

Xena explained in a panic: "Sister, I didn't mean that, I mean, hey, I don't know how to say it, anyway, things are not what you think!"

As she said, she blinked at William frantically, her eyes seemed to say, you help me out.

If you don't help me out, then I will recognize our adultery on the spot!

See if you die!

This look frightened William. He quickly said righteously, "Felicity, you saw it just now. There are some men in this little movie. You also know that your husband is a man with normal mental and physical health. Will you watch this kind of thing? Only women who can't make a boyfriend will watch it.

As he said, he passed a look at Xena, that look was fully saying, "If you die, you don't die, you don't want to die, little fairy.

Felicity also thought about it, William is a normal man, how could he look at such unhealthy things.

So she said bitterly, "Ruoshuang, you are not young anymore, you should be a target. You are hungry and thirsty. This kind of shameful things will be seen with relish, hey, watch less in the future, which is not good for your health. ."

With that said, she didn't dare to use Xena's computer anymore, turned and left.

Xena with a dull face exploded in the same place, "I am so happy you two immortals! Don't bring such a two-stage hit!"

When William returned to the study and stabilized his mind, he made a call.

He always had a sorrow about the mysterious man yesterday, and felt vaguely familiar.

Not only is the voice a bit familiar, but also the unicorn mask worn by the man.

He also looked at the unicorn ring that his grandfather had left him last night, and found both similarities and differences.

So he directly called Harper.

After he told Harper about the man who appeared yesterday, Harper was also at a loss.

Then William described the unicorn mask carefully.

With this description, Harper suddenly laughed, "I didn't expect that there would be a unicorn slave in our little Q City (Qena City). My HIA thought that you have to go to a wider world to discover this secret."

Kirin slave?

William was taken aback, and asked what a unicorn slave was.

Harper smiled and explained: "Remember the unicorn ring that your grandfather left you at the time. I said at the time that your grandfather was afraid of being bullied, so in the second year you left the Lu family, The whole country has secretly cultivated a group of forces that are only loyal to you. That is the unicorn power."

"Kirin potential? What is this?"

"Simply put, it is a large clan. Among them, there are not only high-ranking officials, but also martial arts, and there are countless capable people. Among them, the lowest is the Qilin slave, then the Qilin messenger, and finally the Qilin guard. As for you, there is no unicorn master." Harper explained in detail.

William understood a little now.

And a touch of emotion suddenly appeared in his heart.

From the second year after he left home, Grandpa started preparing.

William felt his grandfather's hard work again.

"Originally, I thought I would not see any other unicorn powers now, but I did not expect to appear in Q City (Qena City). It seems that you are a destiny unicorn, and your own unicorn powers are constantly surrounding you." Harper also With emotion.

He can see William's performance in Q City (Qena City) this time.

It is not enough to express his respect for William by using his talents in the world.

Now that the unicorn has unveiled the tip of the iceberg, it seems that the grandeur of the young master is about to begin.

“Then what are you? I saw a blood unicorn carved in front of your house before.” William asked casually.

Harper’s tone suddenly became a little awkward, and he said, “Hoho, the old slave is ashamed of the Qilin guard. But this was appointed by your grandfather. Later, your grandfather granted me the power to seal the Qilin, but it is very few people know my existence, let alone your existence, Young Master.”

William nodded, just about to say something, Harper suddenly said, “Don’t tell me, someone comes to see you, let me see who is going?”

Harper said apologetically and hung up the phone.

William’s heart surged after he hung up the phone.

It turns out that he has such a powerful force.

This unicorn power is definitely the mainstay of the North Lu family!

He fell into reminiscence of the past. After a while, William’s phone rang again.

He picked it up and saw that it was Harper calling.

Does he have anything to say?

William answered the phone, when Harper’s voice came over.

There was an uncontrollable excitement and tremor in the voice.

“William, do you know who came to see me just now?”

William frowned and said casually: “Is it the unicorn slave yesterday?”

Harper immediately shouted, “How do you know? But, do you know who this unicorn slave is?”

With this question, William’s curiosity suddenly came up. Could it be someone he knew?

“Who?”

Harper said excitedly: “This unicorn slave has his surname Bai! His name is Lizheng!”

Chapter 479: Father-in-law

“Who are you talking about?” William’s face froze, and he stood up directly from the chair.

For the first time he showed such a shocked look.

On the phone, Harper continued: "Bai Lizheng! It's Bai Lizheng! It's your father-in-law!"

William just heard the name clearly.

Really his father-in-law!

Felicity's biological father!

Unexpectedly, Felicity's father had left home for nine years, but returned at this time.

And also became a unicorn slave.

It seems that he is still the deputy owner of Lingyue Villa, right?

William's head turned wildly for a while, and all the doubts he had before heard the name.

Ten years ago, William fled from the Lu family in North.

Nine years ago, Bai Li was leaving the Bai family without saying goodbye.

And at this time nine years ago, it was the time for William's grandfather to prepare for the Qilin Power.

It should be Bai Lizheng's teacher because of this incident, so Bai Lizheng rushed back. This is nine years!

No wonder William felt that Lingyue Villa's deputy owner's voice was a bit familiar before, and he didn't even react to Bai Lizheng for a while.

Only blame nine years is too long.

Bai Li was guessing that it would be difficult to recognize William at once.

After all, William, nine years ago, was just a nasty kid.

No one can imagine that the kid who looked like a beggar on the snowy night, now looks talented.

However, William still had doubts in his heart, because according to Bai Lizheng's letter nine years ago, he should still have half a year to return.

This doubt was immediately answered by Harper. "Just now, your father-in-law visited me and said that he was returning to his hometown this time to investigate the Huanghexian of Tianyi Martial Arts Hall and wanted to include Tianyi Martial Arts Hall in Lingyue Villa. Go to be a unicorn slave."

When William heard this, he suddenly frowned.

Not to mention that according to the previous agreement, Lingyue Villa was already William's property.

It was that as soon as Bai Li was back, the first thing was not to go home to see his family, but to go to Harper, which made William feel a little dissatisfied.

After nine years away from home, his wife is always thinking about when his father will come back.

In order to wait until his father's return, Felicity suffered so much and shed tears?

Well now, he is back.

Is the first thing busy to see Harper?

It's just that William was still immature nine years ago, and he was not very accurate.

What he remembers most is that Bai Lizheng is very filial and listens to his mother, that is, Chen Shuyun.

But now, he can't figure out what his father-in-law is like.

"Elder Wang, what do you think of my father-in-law?" William asked softly.

Harper was stunned on the phone, and finally asked, "Do you want to hear the truth or lies?"

William snorted, and Harper immediately said: "Then I forgive the old slave for being disrespectful to your father-in-law. This person has a slave appearance and a low knee."

There are slave looks, and there are humble knees.

These six words are enough to explain everything.

When William heard this, he sighed.

After all, nine years have passed, anyone will grow, mature, or smooth.

"How did you greet him?" William asked again.

"Because I haven't asked you for advice, I just met with him, and I didn't promise to disclose anything to him. But from his words, it can be confirmed that he is anxious to cling to me, and..."
When Harper said this, he paused.

"And what?" William asked.

"Moreover, he did not cling to me as Lingyue Villa, but as a personal identity." Harper said cautiously.

William nodded slowly.

Climb to Harper as an individual.

Ho ho, his father-in-law seems to be very ambitious.

“By the way, I told him that he would invite him to my home again in three days. He immediately promised and said that he would live in Tianyi Martial Arts Hall for the past three days and wait for dispatch at any time.” Harper said again.

“Well, okay, I see, I will notify you again if there is anything.” William finished speaking and hung up the phone.

Originally, when his father-in-law, who had been missing for nine years, appeared, William should have told Felicity this information as soon as possible.

But now William hesitated, because he didn't know whether his father-in-law's return was a good thing or a bad thing.

Perhaps, Felicity's beliefs and admiration for his father would be completely shattered.

Forget it, let it be.

William thought, and called Melissa again.

Recently, she has been busy integrating the two companies.

Melissa seemed to be still busy, and seemed very irritable to William's call, “Don't make trouble if you don't come to help! I'll care if you are the boss!”

William has a black line. Have the women around him eat dynamite recently?

If they didn't have a little bit of it, they exploded themselves.

Forget it, it's better not to provoke them.

But when he hung up the phone, Melissa finally said something, “Don't worry, I and your family Xiaoyueyue have been busy in the dark these days. It has some effect. In about a week, your group will be integrated. That's it, by the way, what's your name?”

William was taken aback, and said casually, “I still don't want to think about it, let's talk about it then.”

After speaking, he hung up, Melissa was almost bloody with anger.

I have never seen anyone like this as a shopkeeper.

When William returned to the room, Felicity was already there.

William happened to see Felicity wiping a photo frame on the dressing table.

This photo is of Felicity and her father.

Felicity in the photo is just a young girl.

Before going to bed every day, Felicity wipes the photos well to miss her father.

If it was normal, William still didn't feel anything.

But now William knew that Bai Li was coming back, and when he saw this action again, he felt uncomfortable.

He wanted to investigate and tell Felicity her father's information.

But now, William couldn't bear it anymore.

Cheating on her is not a kind of harm to her.

I have already concealed too much of my own affairs from her, should I continue to choose to conceal this matter regarding her father?

For a while, William's heart was full of guilt.

William walked behind Felicity and gently hugged her who was wiping the photo.

"Do you miss him?" William asked gently.

Felicity's face turned red, and she nodded lightly, "Thinking."

I've been thinking about it, and I've been thinking about it more recently.

Because too many things happened to Felicity this time, she completely severed her relationship with the Bai family.

William was the only one to rely on in her life.

She is extremely looking forward to the appearance of another family relationship.

Seeing her melancholy look, William softened and said, "Want to see him?"

Chapter 480

Felicity turned around and looked at William in surprise, "What do you mean?"

William rubbed her head and said, "I should be able to see him soon."

Felicity thought that William was comforting her, and suddenly bowed her head.

However, she immediately raised her head again, looking at William, her eyes were sentimental, "I do want to see my dad, but this is an unrealistic fantasy after all. However, for the person in front of me, I am very Think about it, know at close range, who is he? What did he do?"

How could William not know what Felicity meant.

He has too many secrets.

Felicity actually wanted to see William clearly, but every time she mustered up her courage, she immediately became discouraged.

She was scared.

She was afraid that when she saw William clearly, William would leave without saying goodbye just like her father.

Felicity never wanted to experience such a blow again.

In her heart, even William's status is higher than her father's.

Therefore, she can only wait for William to agree.

William looked at Felicity gently, and suddenly sighed.

It was also time to let his wife accept a complete William little by little.

"Well, wife, do you want to get to know me? Then do something for me tomorrow." William said suddenly.

"What's the matter?" Felicity asked.

William showed a sly smile, "Go and reclaim the site for me."

When she told Felicity that Tianyi Martial Arts Hall was now his property, Felicity's eyes were about to fall in shock.

She is a native of Q City (Qena City), so she doesn't know where the Tianyi Martial Arts Hall is!

That is the site of Master Huang, Huanghexian.

And even if it's an ordinary people's land, this land, but the land is worth hundreds of millions.

William actually said that this land was his site!

In other words, he is sitting on hundreds of millions of assets!

Thinking of this, Felicity showed an expression of excitement on her face and shouted: "William, why are you so rich? You are great! Really or not, are you lying to me?"

William looked at Felicity like this amusedly, thinking that the situation would excite you like this?

My William's wife is ecstatic because of hundreds of millions. Isn't it too shameful?

If you know that Lunanica Company and Genuine Care Medical Center are my properties, you still have to jump up to the sky and stand shoulder to shoulder with the sun?

“Is it true, don’t you know if you go tomorrow?” William said with a smile.

William arranged for Felicity to pass. On the one hand, as Felicity said, he wanted her to understand herself better.

But more importantly, to give Felicity a surprise.

If tomorrow passed and she saw that her father was there, that would be the biggest surprise to her.

Is this a double happiness?

Looking at his little rich and peaceful wife, William suddenly felt in his heart that he owed her too much.

Suddenly, he had a bolder idea. The group that integrated Genuine Care Medical Center and Lunanica Company could marry Felicity as well. Anyway, it was his own.

The name of the group is Felicity Group.

He promised Felicity that he would help her reach three promises within half a year.

One month, let her become the head of the Bai family, this promise has long been fulfilled.

For three months, let her take charge of the Q City (Qena City) pharmaceutical industry.

This promise is half fulfilled, and the time is almost there. It’s time to take it to the next level.

And the third wish is to make her laugh at Q City (Qena City).

Just start with this Felicity Group.

And Felicity suddenly looked at William with affection, and said, “William, I knew you were a capable man a long time ago, and I really didn’t have the wrong person. Well, I don’t ask how you got the Tianyi Martial Arts Hall. , As long as I know, you are great.”

Such Chi Guoguo praise made William a little uncomfortable for a while.

William’s heart suddenly moved agitated as he watched his wife’s pretty face sentimentally.

Other women can only watch and can’t move, so my wife can always move.

Thinking of this, he suddenly showed a sly smile and said: “No, you don’t know that your husband is a capable man, and you don’t know how good your husband is.”

Felicity didn’t even hear what William was saying. She was taken aback and asked, “How good are you?”

“You’ll know right away.” Lu Yexie smiled, suddenly picked up Felicity, threw it on the bed, and laughed: “You’ll know in a moment, where is your husband, where is Bangbang?”

Felicity understood completely at this time, it turned out that her elm knotted husband finally got the hang of it.

Know how to speak hooligans.

Her face blushed into a red apple, and she groaned: "Hmph, I don't know, I don't know."

The fun between husband and wife, isn't the one playing hooligans and the other pretending to be innocent.

William couldn't bear being hooked by Felicity's pure and lustful look, so he yelled and rushed towards Felicity.

Felicity closed her eyes and her whole body was shaking slightly.

After three years of marriage, finally, are you going to take the final step tonight?

Felicity waited too long for this step.

She believed that William had waited too long.

Before, the husband pitied himself, but now, no matter what.

The atmosphere has already reached this point, even if you sacrifice your life, it will become a mandarin duck.

Felicity was so frightened by her own shameful thoughts that she closed her eyes on the spot and dared not look at William.

The front foot just said that Xena's boyfriend is too hungry.

The same goes for the hind foot himself, what is the difference between himself and Xena's single dog.

And William naturally understood Felicity's meaning of beauty. He counted the time, Felicity's body should have been recuperated.

In the past three months, there has been no recurrence.

As long as you are careful, there should be nothing serious about it.

What's more, now withdrawing from the battlefield, not only is it horrible, but also not a man.

He was heartbroken, hum!

You are a little fairy!

Just when he was about to do it, there was a banging knock outside the door. Xena's loud voice was already rang outside the door, "Hey, hey, pay attention to the morals! Is it okay to keep your voice down? Take care of the feeling of a single dog Okay? I bowed to you."

William and Felicity's faces suddenly showed a surprisingly consistent murderous look!

This little fairy who suffered a thousand swords!

This is intentional!

Every time!

It's simply a shit-chucking stick between husband and wife!

Felicity was so angry that her head was about to explode. She waited for this moment, not knowing how long she waited.

What a wonderful sister!

Felicity gritted his teeth and kicked William, and kicked him out of bed directly, "You blast me out of this shit stick, and I will be rewarded for your wife in bed later!"
