

## Chapter 601 Flame Red Lips

When Xena said so, the faces of several women at the scene flushed.

Feliicity stared at Feliicity annoyedly, and said, "Ruoshuang, don't talk nonsense, keep a low profile."

Xena pouted and said angrily: "Did you say that when you came out before? I went to the beach to play, and on the way we came, the swimsuits were all bought. One person, one color, colorful rainbow, how cool."

Several women buried their heads together again, obviously as they didn't know Xena.

When William heard these words, his head was buzzing.

Bikini.

His head can't help but show a beautiful picture.

Seven women, seven colors.

What is this...

It's too angry.

"Okay, okay, I'll talk about it tomorrow. Let's go to eat now." Feliicity bit her scalp and quickly changed the subject.

And William looked relieved, and then said: "Walk around, eat, and I will make a reservation for you."

With that said, he took the lead and went straight out.

The other women were left looking at each other.

Li Chunfeng and Lydia showed surprised expressions. I don't know why William was more embarrassed than the other women after hearing these words.

However, Janett and Melissa smiled without speaking.

Xena said carelessly: "Hmph, you don't know yet, my brother-in-law is probably still a young child, who has never seen the world."

These words made Felicity a big red face. She knocked Xena on the head and hurriedly chased William out.

She was too embarrassed to stay on the scene.

The women glanced at each other and suddenly burst into laughter.

This little bastard looked at Gao Leng, and he turned out to be an outsider who is doing it, and even Felicity can't handle it.

Several people came to a big box, and William had already ordered all the dishes.

Xena was just like a starving ghost reborn, just stepping on a chair to eat.

The other women are graceful and eat slowly.

William looked at these women and felt that the veins in his forehead were beating.

This is a lucky thing for the world.

Surrounded by beauty, what a husband wants.

But for William, this was simply torture.

Which of these women is annoying?

It seems that these few days have become more uneasy.

But William forgot one thing.

After several people ate for about ten minutes, William's phone suddenly rang.

William took a look and almost called out.

He glanced at the women at the scene with a vacant look, and then went out to answer the phone.

But after a bitter battle just now, Xena obviously had almost eaten it.

She stared directly at William, and said in a weird manner: "Oh, is it the old vixen's phone call? Going out to answer it? It's a guilty conscience."

William was embarrassed to leave after being said so.

Lydia also fanned the flames on the sidelines, "Speak up! Open up! What do we want to hear from you?"

William had no choice but to speak up.

On the other end of the phone, He Tiantian's magnetic Yu Jie's voice suddenly heard, "William, I'm at the door of the hotel, where are you?" Several women cast murderous eyes at William, including Felicity.

This opening remark is really misleading.

William bit his scalp and said, "I'm in Box 316."

"Okay, then I'll go to find you." After He Tiantian finished speaking, he hung up the phone.

Feeling the murderous eyes around, William couldn't help but explain, "This is a friend of mine, what are you misunderstanding?"

But Xena looked like righteousness, stepping on the chair this time, "Huh! Is it a friend? We have the final say! Hearing this sound, I feel that my soul is going to be hooked away, definitely not a good woman! Humph! Sisters, let's give her a good start!"

The few women present are all characters with faces and faces. Although they are not upset, they will not follow Xena to behave.

Seeing that they were moving, Xena curled his lips, "You are in the den! Where is the heroic spirit of the sword-riding knights in the group? Humph, it depends on me, Xena!"

After that, Xena directly picked up a basin of water for washing dishes before, and hid behind the door.

The pot of water was originally hot water, but after being left for so long, it became cold.

Xena had no intention of killing, but he planned to splash the old vixen wet and let the old vixen come to life on the spot.

William looked at Xena amused, and said, "Ruoshuang, don't be foolish, you will get hurt."

But Xena glared at William and said angrily: "You're the one who has suffered a thousand swords, and you have forgotten your mother if you marry your daughter-in-law! I'm your sister-in-law! Are you actually concerned about your partner being injured? She is innocent."

William rolled his eyes to the sky.

I do not care about He Tiantian being injured, I care about you.

Forget it, since you're going to be funny, don't cry later.

William was entangled by Xena's all sorts of arrogance, and he wanted to say that teaching Xena a lesson would be great.

The women at the scene stopped talking.

Although they don't do these reckless things by themselves, it's fun to see a good show.

So the whole scene became silent, and everyone waited for the moment the door was opened.

Xena took a deep breath and decided to do good things well and do practical things.

At this time, a clear sound of high heels suddenly came from the door.

The voice was from far to near, obviously going to their side.

Xena's eyes lit up, and everyone's hearts raised their throats.

coming soon!

哧哧哧!

The sound got closer and closer, and finally stopped at the door.

And the door rang softly.

The old fox is pushing the door.

Xena directly lifted the basin of water, waiting for the woman's appearance in the next moment.

At this time, the door opened.

When the people sitting across from the door saw the incoming person, their eyes suddenly widened.

The person who appeared at the door seemed to have a flash of light.

The beauty was so beautiful that all the beauties present felt a strong sense of suffocation!

Red shirt and white jeans.

A long wavy hair hanging down to the waist, flaming red lips.

As if the beauty of the world was seen in this woman.

It was the white Felicity of the flower of Q City ( Qena City ). After seeing this woman's face, she also felt ashamed and filthy.

She doesn't lose her appearance, she loses her momentum.

This woman just stood simply, but made the women present feel a kind of unparalleled pressure and momentum.

And just as everyone lost their minds, Xena, who was standing at the door, was suddenly about to pour the basin of water on He Tiantian.

Felicity couldn't help but blurt out, "Be careful!"

However, as soon as her voice fell, everyone at the scene got goose bumps.

This allure has disappeared out of thin air?

Chapter 602

As if what they saw just now was a dream.

Where is the beauty at the door now?

And Xena was still holding the basin of water, and seeing that there was no one at the door, an emergency brake was put on the brakes, and he asked suspiciously: "What about people? Did you hear footsteps just now?"

Everyone's eyes were attracted by Xena's words.

And seeing Xena, the jaws of several women were about to fall to the ground!

They saw an extremely horrifying scene!

The gorgeous woman before, just disappeared out of thin air.

And now, she was standing behind Xena, looking at the people on the scene with a smile.

This woman!

Is it a man or a ghost?

It's a fox or a demon!

How did she appear behind Xena?

Originally, Wiliam was the most psychologically prepared, but after watching this scene, he couldn't help but start stunned.

At the scene, it is estimated that only Wiliam was alone, and he could barely see what had just happened.

He Tiantian appeared at the door just now.

However, Wiliam didn't blink her eyes at the speed of lightning and flint, but barely saw an afterimage.

Then in the next scene, He Tiantian appeared behind Xena.

Wiliam was shocked.

There is such an extraordinary person in this world!

This He Tiantian cultivation realm, I am afraid that it has long surpassed those old monsters of North Lu family!

Is she going to heaven?

Otherwise, why is it so powerful.

"What's wrong with you? What do you see? One by one is like seeing a ghost." Xena couldn't help asking when seeing everyone's expressions wrong.

Li Chunfeng looked at He Tiantian's face obsessively and muttered, "Indeed, hell, behind you..."

Xena turned around now.

From this look, there was someone standing behind him without knowing when.

And he is also a stunning person!

She suddenly became calm, "You! When did you appear behind me? Who are you?"

But He Tiantian still smiled like a flower. She looked at the basin of water that Xena had raised above her head, and Zhu lips lightly opened, and said with a smile: "My sister's

hospitality style is really unique. But ah, sister, this person, mouth Thirsty always only drinks alcohol, not water. This water, sister invite you to drink.”

Then, she flicked her hand.

No one else could see what she did.

But the basin above Xena’s head suddenly burst open.

The cold water poured Xena into the heart.

Her hair was completely wet, all stuck to her forehead.

She was also sluggish.

What’s the situation?

Does this become magic?

As everyone was horrified, everyone screamed again in the next second.

The big beauty who was originally behind Xena appeared on a chair.

Everyone was so scared that their souls would fly away.

“Wiliam, who are you really acquainted with! Are you the fox fairy in “Liao Zhai”?” Lydia asked in shock.

Wiliam finally came back to his senses. First, he glanced at Xena with a dumbfounded look, and then slowly stood up and said, “Okay, everyone, don’t booze, listen to my introduction.

He walked up to He Tiantian and said, “This is Sister Tian Tian. She is very good at martial arts. I am not her opponent. Don’t use your brains and get along with others.”

And everyone nodded blankly.

They didn’t want to watch the scene that was beyond their imagination just now.

Xena was full of spirits, and suddenly went straight to He Tiantian.

William thought she was going to do something again and was about to stop it.

Suddenly he saw Xena's eyes staring, and he knelt straight in front of He Tiantian, his voice was full of admiration and exclamation, "Sister, you are really amazing! Please accept me as a disciple, OK? Disciple heart I've been thinking about beating my brother-in-law for a long time, but it's not as good as people's skills, and it's so miserable..."

Everyone at the scene, including He Tiantian, had a black line.

William almost spit out old blood.

This girl changed his face too quickly.

One second before he wanted to kill He Tiantian, the next second he knelt down to apprentice.

But this is also in full compliance with Xena's crazy character.

William could not help but lifted Xena from the ground, embarrassed.

"Sister Tian Tian, I'm causing you trouble." William said awkwardly.

He Tiantian showed a funny look and said, "Is that how you welcome me?"

William looked bitter, and things weren't what you thought.

It's not that I don't know how to praise, but the backyard fire is burning.

He Tiantian looked around, looked at everyone who was silent, and suddenly laughed.

The atmosphere has also eased slightly.

He Tiantian looked at these women and couldn't help but exclaimed, "William, you are so blessed that you have collected so many women. Hey, my husband is really weak compared to you."

She said this, although she was joking, but there was a hint of helplessness in her eyes.

Since ancient times, heroes have been so powerful that women are absolutely indispensable around them.

This kid is so attractive at a young age.

Among the women present, which one is not the beauty of the country.

Good skill.

He really looked like him when he was young.

He Tiantian's words made the faces of the women present blush.

They all defended: "You misunderstood, William is our boss."

But between the words, there is a kind of embarrassment to cover up.

On the contrary, Felicity is the most calm. She is the palace where the Ming media is marrying.

He Tiantian's eyes fell on Felicity's body for the last time, sighing again, "This younger sister is beautiful and charming. I really feel sorry for me. I have been walking in the rivers and lakes for so many years, and I have never seen such an outstanding woman."

Just now Felicity reminded He Tiantian that He Tiantian naturally had a good impression of her.

When Felicity heard this compliment, she was happy in her heart, but she said, "My sister is utterly complimented. My sister is the one who is all over the country. I feel a little bit ashamed.

The other women nodded together.

William looked dull.

It's only a few minutes now, is it the elder sister?

Are friendships between women so cheap?

"Okay, okay, stop touting each other, let's eat." William quickly changed the subject and said.

But He Tiantian looked at a messy table and said jokingly, "Where is the rice?"

William was taken aback, and quickly said, "I'll order another table."

However, He Tiantian stopped William and said with a smile, "I don't want to eat rice. Take out the wine you were looking for before."

William nodded, took out a few bottles of good red wine that had been in the box, and put them in front of He Tiantian.

The other women looked at each other. The beauty of the allure is a drunkard?

He Tiantian smiled with satisfaction, and suddenly said: "Okay, I think all my sisters are also of good temperament. We will be drunk tonight, how about!"

### Chapter 603

The atmosphere on the scene suddenly froze.

Just get drunk...

What is this...

William's head was buzzing with pain.

He Tiantian is doing things.

Even if you are a drunkard, do you still want to take these women?

Absolutely impossible.

Thinking of the seven women drunk, William felt like eating shit, he had to wipe his butt.

But what he didn't say was what he said. Xena wiped the water on his face, ignoring that his body was soaked, and shot the case directly, "Master is really righteous! Okay! My disciple will go out today and go with Master\* \*!"

With this cheeky spirit, William only had one uppercase character for service!

The other women looked at each other, but Felicity stood up and said: "Since my sister is so elegant, we are so kind, so let's drink a few drinks with my sister."

When Felicity came forward, the other women could only nod their heads and agreed.

They can see clearly that Felicity's character of reluctance has risen.

When she saw a woman who looked like her but was overwhelmingly triumphant in momentum, she was naturally dissatisfied.

More importantly, she could not let William lose face in front of He Tiantian.

How can I drink this wine?

William saw that the cover was hard to harvest, so he could only give up.

As soon as the wine was served, the women were very ladies at first, tasting the red wine gently.

Then He Tiantian smiled directly, "One by one, you have to drink until dawn when you drink so much? Nianglichu, let's see my sister give you a sample!"

After speaking, He Tiantian directly picked up a bottle of red wine and drank it to his mouth.

Several mouthfuls.

After she finished drinking, she wiped her mouth with her hand in disregard of the image, and laughed happily, "This is the way to drink."

Several women were struck by lightning.

When is red wine drunk like this?

He Tiantian, are you the devil?

With He Tiantian taking the lead, they all put down one by one.

The more I drank to the back, the Jiujiu came up, and the more I let go.

So almost an hour later, there were shouts in the box.

There are even punches.

William couldn't stand it for several times and wanted to stop it, so He Tiantian threw it outside and continued to call for a drink.

Seeing that everyone was drunk, William had no idea what to do.

Until the end, He Tiantian looked at a table of wine bottles, burped, and said with satisfaction: "Yes, not bad. Several younger sisters are heroines. My sister admires it. Let's drink here today. We have a chance again. drink."

After speaking, He Tiantian looked at Wiliam, "You will come with me later."

Wiliam was taken aback for a moment, "What's with you?"

He Tiantian showed a wicked smile, "Didn't you get the qi fruit? Don't you want to learn to take care of needles?"

Wiliam's eyes lit up and nodded hastily.

These days after the busy schedule, it is not for this.

"I'll go to the toilet first." After He Tiantian said, he walked outside.

Although her complexion was ruddy, her steps were light, and she couldn't seem to be drunk at all.

Obviously the old driver of the wine shop.

After she left, the women who were still yelling and drinking suddenly became silent like a frustrated ball.

Wiliam saw a sense of relief from each of them.

Wiliam looked at everyone in surprise, "Are you all drunk?"

Just now, the footsteps were light and fluttering, and the look of hooking shoulders and back and punching was clearly on the top.

Now it has changed from normal.

Xena directly curled his lips and murmured: "If you drink it again, you will be really drunk. Sister Tian Tian is really a devil, she's bottomless."

The other women nodded together, feeling sad.

Li Chunfeng also reluctantly smiled and said: "Just now we were pretending to be drunk, otherwise we were really going to drink until dawn. Sister Tian Tian is too good, we can't match, so we had to pretend to be drunk and leave earlier."

Wiliam remembered now, which of the few women present was good.

All of them are female heroes in the shopping malls, and drinking is a must.

Li Chunfeng is a star and socializing is also essential, so it's normal to drink well.

“Okay, okay, while Tian Tian went to the toilet, we slipped first, otherwise we would be caught drinking again, I really would vomit.” Melissa couldn’t help but express his fatigue and said depressedly.

“Then where are you going?” Wiliam asked with concern.

They are all big beauties. They go out at night, and they are so full of alcohol, what should they do if they are worried about by bad guys?

Feliicity whispered: “We just wandered around the hotel, sober up, and won’t go too far.”

Wiliam thinks about it.

Anyway, He Tiantian wants to teach himself to take care of needles, it takes a while.

Just staggered.

But Xena hooked Wiliam’s neck and said fiercely: “Huh! Don’t think I don’t know what you are thinking? Will you be able to make trouble with my master if we are gone? You have a wife? Husband, take care of your brother for me!”

This was so vulgar, Feliicity knocked her directly and pulled her out.

Several other women also gave Wiliam a look with self-consciousness, and then went out.

Janett walked at the end, but showed a weird smile.

She lifted the knife in her hand and fell, after a cutting motion, she walked out with no end of her will.

Wiliam was speechless, all of them looked so good on the outside, but they were so awkward on the inside. Is this okay?

After everyone left, He Tiantian appeared at the door and said casually: “Are all gone?”

“You know?” Wiliam was taken aback and asked.

He Tiantian showed the eyes of the old driver, “Several little sisters, acting in front of a person who lingers on the wine shop all the year round. This acting is not enough. If I don’t find an excuse to leave for a while, how can they have a chance to leave?”

Wiliam directly gave He Tiantian a thumbs-up. This beautiful girl, violent, drunkard, didn’t expect to be so careful.

“Let’s go, find a quiet place, I will check your body.” He Tiantian said to Wiliam playfully.

When the other men heard this, they must have thought about it.

But Wiliam didn't change his face.

This girl has a husband, and it seems to have a very good relationship with her husband.

She said to check the body, it is definitely just checking the body.

When the two came to Wiliam's room, Wiliam closed the door easily.

He Tiantian first went to wash his face, and then said to Wiliam: "Sit on the chair and give me your wrist."

Lu Yeyiyan sat down and stretched out his left hand.

He Tiantian's hand lightly touched Wiliam's pulse, as if he was listening.

However, this time is a bit long.

In the end, Wiliam couldn't help it, and asked, "What's wrong?"

He Tiantian slowly let go of Wiliam's hand, and his face was full of disbelief and regret.

"I didn't think that you could not learn to serve needles!"

#### Chapter 604

Wiliam was stunned after hearing this, "What's the situation? Why can't I learn it? Didn't you say that I have a good talent?"

He Tiantian also looked at Wiliam in surprise, and muttered: "Your talent is indeed extraordinary. Even in my lifetime, there have been few who can beat you. But your blood..."

"What's wrong with the bloodline?" Wiliam asked again.

He worked hard for several days, but he couldn't end up with a basket full of water.

"Your bloodline is very weird. Although it has reached the blood qi toss, but the blood cannot accommodate needles, has your bloodline been abnormal before? Or have you experienced something weird?"

Wiliam frowned slightly, his blood veins were abnormal...

He couldn't help thinking of everything he had experienced in Lantern Village and the jade pearl he had swallowed before.

Both of these will more or less cause abnormalities in their own blood.

He told He Tiantian the truth.

He Tiantian also turned his beautiful eyes after hearing this. "I thought you had experienced such mysterious things. Hey, if my husband was there, I would definitely know where your problem is?"

"Then what should I do now?" William asked.

He Tiantian pondered for a while and said, "I can't tell you the details. I only know one way, which is to shine your blood and melt the needle in a bloodless state. Maybe there is still some hope."

William's face turned black, without speaking.

He Tiantian also showed a depressed expression, "Can you still live if you put the blood out? Let's try?"

The blue veins on William's forehead jumped wildly, the blood was running out and the wool was still alive.

"So, this is an infinite loop?" William was a little unwilling, but had to accept the reality of his own.

He Tiantian is also a straightforward person, saying: "Well, the situation is like this now. You can't learn it for the time being, but since you won the bet, I will naturally give you some sweetness. Let me think about it for a few days. What can I do for you? Hey, I really don't know what you need."

The lethality of these words was so strong that Lu Yetou couldn't even lift his head.

He Tiantian seemed to be tired, and stood up and said, "Forget it, I'll take a shower and find a friend first. If I think about it, I will contact you naturally."

William sweated, "Take a bath? Are you going to take a bath in my room?"

He Tiantian gave a joking smile, "Could it be that you still have any nasty thoughts about me?"

William shook his head quickly, "How dare you."

Yeah, how dare.

Not to mention how magical He Tiantian's husband is, it is He Tiantian, one hundred of him is enough.

What's more, he still has a wife.

He Tiantian nodded with satisfaction, "This body smells of alcohol, and it's not very decent to go to see friends after all. I am a group of personal teachers. I have to be a teacher."

William couldn't help cursing in his heart, and he was still a good teacher.

Just now you took the posture of blowing the bottle on the table and let the students see it.

He Tiantian took a change of clothes from a bag he carried and walked into the bathroom, and then there was a splash of water.

William was depressed, thinking about his own affairs.

Originally, if I could learn to take care of the needle, it would be a very big improvement for myself.

William always felt that his long live safflower was thirsty for blood.

Every time after drinking blood, there is a feeling of blood shining.

This feeling is connected to his mind.

Whenever Needles of Ruby Flower moved with blood, his confidence and pride also doubled.

It's a pity that I can't learn to take care of needles.

It should be that one's realm has improved too quickly, and he doesn't follow the trajectory of ordinary people at all.

Therefore, it is normal that it is difficult to melt the needle.

Forget it, this kind of thing emphasizes chance, it should be because of chance.

William thought frustratedly, when suddenly there was a knock on the door.

William thought it was his wife and they came back from sobering, so they walked over and opened the door.

But as soon as the door opened, William was taken aback when he saw the person outside.

They are not Felicity.

It was actually the Liu Nianru who had seen him at Lingyue Villa during the day.

Liu Nianru changed his dress during the day and now wears a pure white low-necked T-shirt. This T-shirt is very thin, looming, and you can even see the outfit inside.

Her face was even more carefully dressed, and a scent of fragrance came to her nose.

William looked at her in surprise, without speaking.

Liu Nianru stared at William in front of him, and couldn't help feeling proud.

She has been lingering in Fengyue for several years, still wondering what men want to see most?

This kind of looming fatal kill is a devastating blow to a man, especially to such a healthy man.

Didn't you just stare at him?

Liu Nianru is very confident.

She showed a pitiful look, and said chokedly: "Brother Lu, I..."

William frowned, probably also knowing why this woman came here.

This Liu Nianru, judging from his performance during the day, is clearly a man who is good at playing with men and finally clings to men.

Came here in the middle of the night and dressed like this, the intention could not be more obvious.

He didn't let Liu Nianru into the room, but stepped out and closed the door at will.

"What are you looking for me?" William asked indifferently.

Liu Nianru sneered inwardly when he saw that William was still indifferent.

Pretend?

Load me again.

Liu Nian Rushun William said: "Brother Lu, I'm here for daytime affairs..."

"During the day, I didn't know that you were the Kylin Envoy and were so rude to you. At night, I was at home, and the more I thought about it, the more I felt sorry for you, so I came to apologize to you in person..."

"No, please go back." William didn't bother to care about her.

He sees many people who climb dragons and attach phoenixes.

But Liu Nianru's eyes suddenly reddened, and she wanted to cry, "Brother Lu, are you really unwilling to forgive me? I really know that I was wrong, and you know how I, a weak and

small woman, can gain a foothold in the rivers and lakes. Ah, there are all men in the rivers and lakes. If I don't want to compromise, how can I live till now? Everything is my last resort, I'm actually not that kind of person..."

Seeing Liu Nianru selling miserably in front of him, William only felt nauseous.

When Liu Nianru saw that William was unmoved, a hint of resentment also grew in his heart.

He's already talking about it, but he still doesn't appreciate it?

What do you want?

And when she saw that William was about to turn around and return to the room, her heart was cruel, no matter what!

Go straight!

So she suddenly jumped up from behind and hugged William's back tightly!

"Brother Lu, don't go!"

Chapter 605

She originally thought that if she took the initiative to throw her arms in such a way, it would be a complete showdown.

So the intention is also clearly expressed.

But any man, at this time, will soften his heart.

She even deliberately squeezed William with her upper body tightly, trying to make him feel the beauty of women.

But William's voice became more cold, "Let go."

How could Liu Nianru let go.

She said miserably: "Brother Lu, I have come to apologize to you sincerely, and I am a weak woman, and I don't know what else can be used to apologize to you. If you don't dislike it, I will be Liu Nianru this Pu Liuzhi Zi, I am willing to warm you up..."

She was still talking, and suddenly she exclaimed!

When William heard this shameless remark, his heart became colder.

He no longer cared that the other party was a woman.

Holding Liu Nianru's hand directly, he threw it over the shoulder.

Liu Nianru fell in front of him severely.

Liu Nianru was still thinking about what to do next. How could he have thought that he would be thrown out by a shoulder-crossing throw?

It wasn't until her body hit the floor hard that she felt the pain of her body tearing apart, and then she realized that all this was true.

She was on the ground, looking at William in disbelief!

Is this still a man?

I am a charming and charming woman who embraces him so much, and even talks about it.

I was actually thrown by the shoulder?

He's a normal man, he can't do things that are inferior to beasts!

hateful!

This kid is really too much!

He didn't even understand Lianxiangxiyu!

Seeing William was about to leave, she suddenly said viciously on the ground: "You stop me!"

She also got up quickly from the ground, her eyes became fierce.

William turned around and looked at Liu Nianru, "Anything else?"

Liu Nianru's face turned hideous, and he said fiercely, "William! You don't appreciate me so much to you! Are you a man?"

On the contrary, William laughed as he was said, "What? It's a man, so I have to accept all the photos of your love?"

Of course Liu Nianru thinks so, "Although my Liu Nianru is a little bit different from that of Zhuang Ningning, I am better than I know men! I can make you happier, and even make you a hundred times happier! You can be touched by me. Is there any?"

When it comes to this, William sneered directly, "Thank you? Liu Nianru, what kind of thing are you? Just your shame, I will look at William? Which woman William has seen? Not a hundred times stronger than you? If you really know yourself, get out of me before I get angry."

This is a very heavy statement.

But Liu Nianru also laughed directly, "Hahaha! What did I hear? You are a fledgling man who doesn't know what kind of shit luck has gone, what kind of score do you put in front of me? I, Liu Nianru, read countless people, and no man can see. Ever? Just like you, I think you are still a young child, right?"

William was taken aback. At this point, Liu Nianru's eyes were still a bit venomous.

Seeing William acquiesce, Liu Nianru became more ferocious, "I haven't even tasted the taste of a woman. How dare you say in front of me that a woman I've seen is more than a thousand times stronger than me? Will I believe this? I, Liu Nianru, though it's not the country's beauty, but it's a thousand coquettish, you really don't appreciate it at all? I tell you, after tonight, you just want to get me, you don't have a chance!"

Liu Nianru decided to throw a bet!

Anyway, if it doesn't happen tonight, I am determined to leave Lingyue Villa.

If you become one, you will be the lady of the Qilin Envoy, so what can't be done!

William said with a sneer: "Get out!"

Liu Nianru thought that William would really be so unfeeling, and endless resentment suddenly appeared in his heart!

OK!

You are unkind, I am unrighteous!

Let's see whose methods are ruthless!

If you disregard the dignity of a woman, then I don't want it!

Pull you into the water together, let you be cast aside by the world together!

As a result, Liu Nian felt like evil to the guts, and suddenly his hands quickly tousled his hair.

Then, when facing William's face, he stretched out his hand and pulled it hard, and tore his jacket directly to reveal the beauty inside.

William's brow furrowed deeper.

What else is this shameless woman doing?

However, Liu Nianru was more upset than he was!

I don't want to be a woman today, but it depends on how you pass this level!

When she pulled the clothes on her upper body to the same extent, she suddenly opened her mouth and shouted, "Come on! Someone is indecent! Help!"

She is a martial artist, and she still has a bit of strength in her dantian, and many people in the room immediately heard this voice.

The doors of the rooms on the same floor as William opened one after another.

A dozen people came over in such a hurry.

Seeing so many people coming, William's eyes flashed with killing intent.

This Liu Nianru is getting more and more excessive.

It turned out to be disgusting.

The dozen or so people saw Liu Nianru such a good-looking woman whose clothes were torn apart, and they were all stunned.

On the one hand, they were so dazed that someone was so bold, and they attacked a woman in the corridor.

On the other hand, he was even more sluggish in Liu Nianru's beauty.

What Liu Nianru said is true. Her appearance is also the best choice. After several years of martial arts practice, her figure is even more slender and graceful.

At this moment, the clothes on her upper body were scattered, and her body had long been springing up. Many people just looked at her straightforwardly and couldn't move their eyes.

When Liu Nianru saw the person, she was more upright. She didn't care about any shame, let this person look at her, and then said tragically: "Brothers, help, someone wants to give me on the spot..."

Speaking of this, she broke into crying directly.

The dozen or so people had long been fascinated by Liu Nianru. Seeing the beauty in tears, all of them showed their heroism, and immediately surrounded Lu Yetuan.

"Good boy! How dare you be so bold under the circumstances! Call the police!"

"Being so presumptuous to a woman has completely lost our man's face."

William watched these people scolding each other, but said indifferently: "I don't have anything to do with her. I just look down on a woman like her."

But these words made everyone present laugh.

Look down on?

Everyone saw Liu Nianru's beauty.

Especially this figure, a man will be tempted.

This kid lied and didn't write drafts?

Liu Nianru also cooperated with wiping tears, pointing to the door behind William, and said, "He lives in this room. I was just passing by. He started to drag me in. If I didn't follow, he just went straight. In the hallway, put my clothes...ooooo..."

Chapter 606

"Boy, you don't tell me clearly today, don't want to leave here!"

"Yes! People who are inferior to animals like this, let's go together and just kill him."

Everyone was filled with righteous indignation and geared up one by one.

Seeing William being surrounded, Liu Nianru showed a playful look on the side.

She wanted to see what this kid would do now!

Toast and not eat fine wine!

My old lady is kind enough to give you a little chick to eat something sweet, but you don't appreciate it!

Just forget it if you don't appreciate it, and want to humiliate me!

How many women have you met like this?

Don't you dare not pay attention to my beauty?

This is simply a shame!

Well now, you can't avoid this.

If you regret it now, maybe I can consider it as a misunderstanding.

Then we wiped out the past, and we had a good night tonight.

When everyone was about to rush up, the people behind William suddenly opened.

Liu Nianru was taken aback, why was there still someone in William's room?

It shouldn't.

I have asked the front desk before, this kid lives alone.

As I was thinking, a woman's voice came from inside, "Why is it so noisy outside?"

When Liu Nianru heard the woman's voice, his heart shook.

This kid has a woman?

Leave the woman in the room?

No, this voice is not from Zhuang Ningning.

by!

Did this kid call those unclean women outside?

No wonder I didn't dare to let me in, because I was afraid of embarrassment.

Thinking of this, Liu Nianru's face was full of pride.

At this moment, it seems that you are going to ruin your fame. It really is God's help.

The woman who is not clean outside must have a dusty appearance. People outside will know it.

When everyone heard the sound inside, their footsteps also stopped.

Lu Yezheng said to the inside, "A little trouble."

William was really in a bad mood at the moment.

Originally, he was already extremely depressed because he couldn't take care of the needle.

Unexpectedly, there is another woman who does not open her eyes to mess around.

It even let Sister Tian Tian know, and it made him faceless.

Sister Tian Tian inside heard Wiliam's voice and walked out.

After coming out, there was a loud exclamation on the scene!

He Tiantian's face, like Felicity and the others, would feel ashamed.

Not to mention these ordinary men.

Everyone saw a fairy-like woman who walked out of the room.

She seemed to have just finished taking a bath, her cheeks flushed with hot water, she was very charming and moving.

Her hair was still wet, with water dripping from the ends.

This beauty in bathing is a fatal temptation to everyone.

Even Wiliam swallowed when he saw He Tiantian's appearance.

Sister Tian Tian looks too foul.

He Tiantian also carried a bag in her hand, which was the change of clothes she brought with her.

He Tiantian looked at so many people outside and was slightly taken aback, without speaking.

And the most shocking at the scene was Liu Nianru.

Liu Nianru thought that the woman who walked out of it must be a nonchalant woman.

In this way, she can also fall into the trap and humiliate this kid severely.

But she couldn't think that she would be such a fairy who came out of it!

With just this look, this kind of figure, and a kind of cold temperament on his body, after seeing it, Liu Nianru only felt that the other party was like a bright moon in the sky, and he was underground dust.

It's totally incomparable.

In all aspects, they were all spiked without suspense.

"What's the matter?" He Tiantian asked Wiliam.

William said lightly to He Tiantian: "This woman came to the door and I drove her away, so she beat her back and said that I was insulting her. Are you funny?"

William pointed to the dumbfounded Liu Nianru.

And everyone looked at Liu Nianru again.

This time, their senses are completely different.

I saw Liu Nianru for the first time, and was stunned by her surprise, and was even more obsessed with the fatal temptation of her untidy clothes.

However, after seeing He Tiantian, they looked at Liu Nianru again, only to feel bored.

This fairy-like person, with neatly dressed clothes, gives people a sense of sacredness that can be seen from a distance and not to be indecent.

And this Liu Nianru clearly revealed all that should be exposed, but everyone was no longer interested.

Liu Nianru saw the change in the eyes of everyone, although he was unwilling, but he felt a sense of powerlessness.

In front of such a big beauty, any sophistry and explanation are pale.

When He Tiantian saw Liu Nianru's clothes, the corner of his mouth twitched slightly.

When she was young, she was an old world, and she still didn't know the doorway inside.

She looked at Liu Nianru jokingly and asked: "You said, this kid is frivolous of you?"

The sound is not loud, but it gives people a sense of sacred majesty.

Liu Nianru wanted to nod his head, biting his head and playing the trick.

But found that everything was useless.

All his acting skills are scumbags in front of this big beauty.

And everyone seemed to wake up now, and patted their heads one by one.

"Yeah, there is such a big beauty hidden in this kid's room, why do you want to belittle other women?"

"If it's me, with such a woman by my side, what kind of woman can still see?"

"A fairy-like big beauty, just a glance makes people feel that there is no more woman in the world. It seems that this kid has been wronged."

Liu Nianru watched the change in everyone's attitude and couldn't think of a way.

She looked at William angrily and knew she had lost.

Losing is on this woman who appears inexplicably.

Why, in William's room, there would be such a beauty who eclipsed the sun and the moon.

It's such a big beauty, let her lies be self-defeating.

hateful!

This kid, what I said before is actually true!

He has really seen a beauty like a fairy.

It's no wonder that I'm not tempted at all with regard to myself!

I thought he was talking nonsense!

And seeing this woman just finished taking a shower, everything looks like she just finished her business...

"Well, I'll go first, you play slowly." He Tiantian said to William casually, stepping on high heels and walking slowly towards the elevator.

From when she appeared to when she left, everyone's eyes were almost inseparable from her.

Until she disappeared, everyone sighed, as if they had lost some of the beauty of the world.

At this moment, everyone looked back at Liu Nianru and said angrily: "I said you girl, do you still need a face? If you are accompanied by such a big beauty at night, you still need to be frivolous? You think too much of yourself, right? The face that came said that this kid deserves you?"

Liu Nianru was forced to have no way out, and forcibly argued: "I don't know where he called the takeaway woman! You have also seen that this woman counts by the clock. When the time is up, he will leave. He has a long night and has his ideas. What's so strange about hitting me?"

Everyone was stunned when they said this.

It makes sense.

After all, men don't think there are too many women, right?

Seeing everyone hesitate, Liu Nianru breathed a sigh of relief and finally found a step down.

But at this moment, there was a frosty voice not far away.

“Husband, your wives, are back.”

Chapter 607: A Model Among Men

Wives?

Everyone followed the prestige, and after this look, they screamed neatly again!

At the corner of the stairs, I don't know when, six women stood neatly.

Only these six women.

The key is that they are all beautiful and beautiful, like seven fairies descending from the sky.

Especially a woman in front of her, wearing a light blue dress, her face is no weaker than the woman who just left.

Everyone felt like they were dazzled by the beauty in front of them.

what is it today?

How come there are beauties everywhere!

These beauties, any one, stand out on the street.

Now they all appeared together.

Where did they come from?

And Liu Nianru's eyes widened when he saw these women.

Originally, her appearance was also the upper-middle appearance.

But tonight, the women who appeared one by one were all prettier than her.

This made her feel like she had completely fallen into the abyss.

William saw the expressions of a few of them, one by one as cold as frost, and then recalled the voice just now.

Obviously Felicity.

Felicity is usually relatively gentle, and will not be angry with anyone casually.

But just now she actually said the wives.

It seems that Felicity has moved a lot of anger, so he wants to find himself back.

He reluctantly watched Felicity and the others walk over together, it seems that things tonight are going to be upset again.

When the six of them stood in front of everyone, everyone held their breath, looking forward to what will happen next.

Felicity looked at the woman named Liu Nianru in front of her, and she was really angry.

They were just aside, and they probably knew what had happened.

William's character, Felicity is naturally very clear.

Unexpectedly, there is actually such a bitch woman, and it is enough to keep him stubbornly, but also to beat William all over his body.

This made Felicity unbearable.

Is my William the kind of person who lacks women!

Didn't you say that my William is lustful and likes to look for flowers and ask Liu?

Then I will let you see, my William, with so many flowers and so many willows, can he pick it up?

Felicity is also absolutely perfect. He didn't explain anything. He just turned around, kissed William's cheek casually, and said affectionately, "My husband, I'm going to take a shower first. Come in after you're done. "

After speaking, she walked directly to the room.

The other women, who clearly understood Felicity's heart, walked towards William one by one after Felicity left.

Xena was the boldest, and he grabbed William's cheek with a sip, "My husband, I went in too, come on tonight."

The remaining four women looked at each other, which obviously meant that they all understood, but in terms of action, they were still a bit shy.

In the end, Janett took a deep breath, hooked William's neck with one hand, and stared affectionately at William.

William only felt a faint fragrant breeze coming, as if to be intoxicated.

Qin Jiang Yuezhuangruo was whispering, and gently put her lips to William's ear, and said in a low voice like a mosquito, "Boy, it's cheaper for you tonight. For the sake of Sister Felicity, we are perfect. You are the blessing of everyone."

After speaking, she kissed William's ear and walked into the room.

It's just that outsiders didn't see that the moment Janett turned around, his face turned red to the root of his ears.

Li Chunfeng and others could see that their jaws were about to fall.

Sisters, as for?

Why do you sacrifice so much one by one?

We have another way, do we have to give benefits to the little babe?

But everyone watching the scene was so surprised that they couldn't close their mouths together. They knew that they had been forced to go to the beam.

Melissa's heart was abrupt, and he went up to his toes, and kissed William's forehead lightly, pretending to be coquettish, and said, "Husband, please come in quickly?"

With this husband, the voice was soft and soft, and William got goose bumps all over his body.

Immediately afterwards, Li Chunfeng and Lydia also looked like they had nothing to love. They kissed William, called for her husband, and then walked into the room.

After finishing this set of programs, the people in front of William were already shocked to the point of flying!

what's the situation!

These women are so dedicated to a man!

And they call his husband!

How can this kid, He De, hug right and left like this!

These beauties are just one in a million.

Any one can turn this disheveled woman into a scum.

Gee tut!

What is going on in this world!

A few big beauties serve one husband together.

The relationship is still so harmonious?

This is totally unscientific.

Those men, looking at William's eyes, the envy, jealousy and hatred in his eyes were overflowing.

This kid must have saved the universe in his previous life, and only then will he gain the common favor of these allure.

And Liu Nianru was trembling with anger.

If it was the speechless humiliation of the fairy woman before, it would be fine.

She can grit her teeth and endure it.

But now, there are six women all together!

One is better than one!

If I still say that these women are not clean, who would believe it!

Where is the bottom of the world to find these six unclean and fair-looking women at the same time?

Liu Nianru just felt his face crackled!

The forefoot is still talking about the long night, this kid is unaccompanied and sees his heart.

Now there are six at once, is it still a long night?

It's really worth a moment.

hateful!

This kid looked like a young kid, but he didn't think he would have missed it.

There is such a beautiful woman beside him.

If he had known long ago, even if there was only one beautiful woman around him, would he still have the courage to come over?

No one has the guts to come over, let alone seven!

Liu Nianru only felt this place and couldn't stay at all.

Insult yourself!

Staying one more minute is a humiliation to yourself!

She struggled to push away from the crowd, ran to the elevator with her head down, she didn't even dare to say any more excuses.

The men around looked at William with a little embarrassment, and couldn't say anything to apologize.

William looked at these people coldly, and asked faintly: "Is there anything else? If there is anything, I'll go in and serve my wives."

Those men woke up like a dream, and each gave William a thumbs up, "Boy, a role model among men, a fighter among heroes! Disrespect and disrespect! I wish you good health tonight and all the best!"

After speaking, these people turned and left awkwardly.

William looked at these people amused, and turned around and entered the room.

But as soon as he entered the room, he only felt a white thigh resting directly on his shoulder, which gave him a wall.

"Ho ho, a role model among men, a fighter among heroes? Brother-in-law, you are so capable. Come on, what do you plan to do with the six of us tonight?"

## Chapter 608

William naturally knew that the person who stepped up to the front wall was Xena.

Only she is wearing hot hot pants, and only she is the one who can say such things.

William grabbed Xena's leg directly, pushed her gently, pushed her away, and said, "That group said it. What does it have to do with me?"

After speaking, he only noticed that the six women in the room, except Xena who was still bluffing, all of them had a little blush on their faces.

Obviously everyone is well aware of the kisses.

But one by one pretended not to know anything.

Especially Felicity, her face was peach blossom, and her heart was very depressed.

Just now, when she saw her husband being framed outside, she was really confused with anger.

In addition, I drank a lot of wine in the evening, and my courage became extremely big.

That's why he pretended to be the head of the sixth house.

I just want to support William.

Now that the matter is over, Felicity thinks about it again, feeling ashamed just now.

These sisters, my brain is confused, are your brains burned out? Or do you drink too much wine?

Kiss a man casually, or the little bastard you hate the most, don't you even brush your teeth?

The atmosphere at the scene was a bit awkward.

Finally, William took a deep breath, intending to treat what happened just now as a dream. He took the initiative to say: "Well, I have already booked the room for you to rest in the evening, and it is next to us. I have booked three rooms. Tomorrow's Ling will come. Add another one when it's time. Can you see enough?"

Several women knew that William was stunned, they were talking about it.

But they also obeyed William for the first time, and said quickly: "Enough dogs."

Melissa took the initiative to say: "I am with Lydia, Chunfeng and Jiangyue, Ruoshuang is alone..."

"I have a room with my sister." Xena directly interrupted Melissa's words and offered to ask.

But as soon as these words came out, several women at the scene gathered a black line.

What a big light bulb.

Everywhere I was stirring my sister and brother-in-law's shit.

They are well-justified couples. What do you mean by bluffing?

But Xena looked righteous and confident, and said to William: "I haven't slept with my sister for a long time, so you can let me have one or two nights, and you won't lose a piece of meat. Besides, you are just pure Sleeping, occupying the pit and not shit, then my sister is not the same as who sleeps."

The scene was too embarrassing to describe in words.

What is pure sleep, what is meant by occupying the pit without shit...

"Anyway, you either give me my sister for one or two nights, or you have the seeds, and you can buy all of us women Chase shop, you choose yourself." Xena finally added another sentence, making the scene already embarrassing. More speechless.

"Um, William, I feel I have something to say to Ruoshuang, I'd better sleep with Ruoshuang." Felicity hurriedly came out to make a round.

She was very afraid that Ruoshuang, a nervous guy, could speak any nasty things.

After Felicity finished speaking, he took a room card from the table and pulled Bai Rushuang with his luggage, flying out of the room.

The other women laughed unscrupulously.

William was even more depressed by the laugh, and said directly: "Why are you laughing? Why don't you go to bed?"

Janett walked in front of William with the most courage, and exclaimed: "It's not the man's pain that has been revealed at this time, my sister Felicity is really pitiful, I thought, you actually..."

After speaking, she also went out with her room card.

Melissa was terrified and patted William on the shoulder, and said in pain, "Sorry, I was really hit by the woman. The night is long, and none of the six women belong to you. Tsk."

Even Li Chunfeng, who has always been reserved, smiled when he passed by William, "Come on, President Lu."

William felt weak all over after sending these women away.

He was also very depressed in his heart. Forget about the time, half a year passed, Felicity's body should be almost healed.

It's time to put the creation of human beings on the agenda.

Otherwise, Xena would really look down upon him.

After he made up his mind, he took his clothes into the bathroom, ready to take a bath and sleep.

But when he entered the bathroom, he was stunned.

This bathroom mirror...

A few words were written on the bathroom mirror.

"I thought of giving you a gift, call me."

These words are clearly visible above, but these words are not written.

It's engraved!

The glass was not broken.

William didn't need to think to know that He Tiantian did it.

She was taking a shower before, and she didn't expect that she could.

There is paper or pen in the room without writing, and you can directly engrave on the mirror.

What a hobby this is!

William looked at these words and wondered if He Tiantian really wanted to give him something?

So he didn't hesitate anymore and directly called He Tiantian.

"What's the matter? Is the matter over there over?" He Tiantian's voice was accompanied by whirring wind, apparently outside.

"What are you doing?" Lu Yezhen asked kindly.

"Oh, while galloping, I stopped, you can tell me something." He Tiantian said on the phone.

Galloping.

William really wanted to kneel for this fairy sister.

Everything is so unusual.

"Why did you engrave in the bathroom mirror? And, what gift did you think of?" William said straightforwardly.

Suddenly a voice came from the other end of the phone, "Oh, this matter, let me just talk about it, I always feel that there is something I forgot to tell you. Fortunately, I am witty, and I carve my thoughts on the mirror, otherwise it is true. forget."

William has a black line.

Dare to love that this fairy sister is too forgetful. When she took a bath in the bathroom, her inspiration flashed, and she was afraid she would have forgotten, so she immediately engraved on the mirror.

"Let's talk." Lu Yezhen asked kindly.

"What is fierce? What kind of attitude is this." He Tiantian's voice on the other end of the phone became dissatisfied.

William frustrated, this kind of woman can't talk and talk, and can't beat her. It's almost impossible to start.

He was so guilty or evil that he smoothed the inexplicable anger of He Tiantian, and then returned to the subject again.

"Oh ho ho, the gift I think of is also a thought, but this gift is not for you." He Tiantian said with a smile.

Not for me?

William felt like he was going to explode.

It's not for me. Who do you like to send it to? It has a relationship with me.

He Tiantian seemed to know William's depression, and said, "But it's for people around you, I think you will be interested."

William was taken aback, "Give it to someone next to me? What do you say?"

"To be precise, it's for your wife and the girl named Li Chunfeng, because I accidentally discovered when I was drinking just now that the two of them have amazing bloodlines!"

Chapter 609

William was dumbfounded on the spot.

My wife, and Li Chunfeng?

Their blood is amazing?

“What do you mean by this?” Wiliam asked quickly when it was about his wife.

“Well, when I was drinking with them, I habitually took their pulse. Other people, except for the one named Janett, have some aptitude, and then they belong to your wife and Li Chunfeng, who are so talented. The two of them actually have a fire vein and an ice vein, showing two extremes, which are also rare in the world.” He Tiantian explained.

Fire vein?

Ice veins?

Wiliam has never heard of these two words.

He also knew that he had just stepped into the realm of martial arts, and it was normal for him not to know that there were thousands of worlds in this doorway.

It’s just that Wiliam was reminded of this, and immediately thought of the illness on his body before Feliicity and Chunfeng.

Feliicity had cold toxins since he was young, and it took six months to fully recover.

Li Chunfeng is also in the same situation, with fever in his body.

Unexpectedly, there is such a subtle exquisiteness in this cold poison.

“Fire veins and ice veins are both rare blood veins in the world, and they are also rare in a century among martial arts practitioners. If they can step into the realm of martial arts, they will be a very big one for you in the future. Help, I know that you are not very human, so I was thinking, do you have a need, I will help you lead them to the beginning?” He Tiantian continued.

Now, Wiliam hesitated.

He could not interfere with Chunfeng’s decision at will.

But my wife.

Wiliam knew the difficulties and obstacles of Xiwu’s road, and said that there would be no harm.

Wiliam didn’t want to take risks in the Feliicity, but only wanted her to live safely.

But he also knew Felicity's thoughts. If Felicity knew about this, how Felicity would agree to this attractive gift from Tian Tian.

Because both of them put each other in the most important position in their hearts.

Consider it for her, why not consider it for herself.

Felicity had long wanted to help herself more, so this answer was obvious.

"Let me think about it." William groaned, without agreeing directly.

He Tiantian seemed to have known William's concerns a long time ago, and said, "Don't worry, I also know some shallow things. I really want them to step into the martial arts realm, and they need my husband's help. Recently, I have a lot of things. , Tell me when you think about it."

"Well, thanks," William said.

"It's nothing, but there is one thing I said ahead. I think your wife is still a virgin now, and the spring breeze is also the same. You did a good job at this point. Then you have to keep it up. You can't break it at will. Your wife and the body of Chunfeng, or else the blood essence and energy they have accumulated over the past 20 years will be destroyed. Okay, I will continue to fly, goodbye." He Tiantian died after saying this. Phone.

William almost threw the phone out.

what's the situation!

I just made up my mind, ready to discuss with my wife about the plan to create a man, you will make me a setting that can't break the blood!

You played me on purpose!

William had the urge to spray all the blood.

Good luck tricks people.

However, with He Tiantian's reminder, William really had to carefully weigh this matter in his heart.

It seems that I need to find time to tell Felicity about martial arts.

William then took a shower and went to rest.

Early the next morning, he received a call, and it was actually from that Jin Lieyun.

William gave him and Lingyue Villa five days to sort out Lingyue Villa's internal affairs and external industries. Jin Lieyun called William early in the morning and naturally reported the situation.

It turned out that Lingyue Villa's internal affairs had been checked last night, and he waited for William to pass by.

Naturally, many assets are directly invested by Lingyue Villa.

William groaned, feeling that this time his wife and the others came here, they all had God's will.

They came just right, just to give play to their strengths, to check all these messy things.

When William called Felicity, they were still sleeping.

William said to go out first and take them to the beach in the evening.

Anyway, the sea is only a half-hour drive away from here.

Felicity agreed casually, saying that they would go shopping during the day.

William repeatedly told them to wear sunglasses and hats when they went out.

Otherwise, these women will appear together, and the damage will be too great.

After the instruction, William walked outside and drove a car to Lingyue Villa.

In the discussion hall of Lingyue Villa, William saw Jin Lieyun standing respectfully and respectfully.

After Jin Lieyun was abolished from martial arts yesterday, his whole person was a lot more decadent, and he looked even older.

Even his waist buckled down.

He saw William coming and greeted him respectfully, "Master Qilin Envoy, you are finally here, the accounts are ready, please check it out."

William nodded, then sat down on the chair and picked up two thick notebooks.

Of these two books, one is a record of the enterprises founded by the disciples of Lingyue Villa.

William wouldn't take care of them at this point, as long as he followed the rules and handed over the general output value to Lingyue Villa, and from then on, he would go to the sky and go one side.

The other book is about Lingyue Mountain Villa's industry. There are not many records, indicating that there are not many industries directly founded in the name of Lingyue Mountain Villa.

Jin Lieyun explained cautiously: "My lord, a lot of our money is actually contributed by some affiliated companies, so it cannot be reflected in the ledger."

William nodded, he was quite clear about this.

Like the North Lu family, most of the money is contributed by the following vassal enterprises.

"You just report the results to me." William rubbed his head and said casually.

Jin Lieyun hurriedly said: "Yes, my lord! The company that our disciples started outside has turned over half of the output value, which is more than 70 billion in total. The industry invested by our Lingyue Resort is also more than 40 billion in total. Add up to about 110 billion."

William nodded, not paying attention.

Because the money seems to be a lot, but according to the initial agreement between him and Harper, what he got out of thin air is not his.

So the money is his fault, but it cannot be included in the scope of Grandpa's last wish.

Jin Lieyun was about to say something more, suddenly a disciple ran in in a hurry and said loudly, "My lord, the big thing is not good."

Jin Lieyun frowned, "What kind of decent is you in a hurry! Have you seen the unicorn making the adults busy?"

The man glanced at William in awe, and then whispered: "My lord, that Zhuang Ningning is about to come in at the door, and we dare not stop her..."

"What is she doing here?" William asked.

The disciple hesitated for a while, and said: "She kept saying that she would save you, the lord..."

## Chapter 610

Hearing this report, several people at the scene, including William, were all at a loss.

Come to rescue William?

An outside disciple in this area, who was single-handedly, came to rescue Qilin and let the adults out?

Where is the courage?

Besides, Master Qilin Envoy, does she still need her to save?

The adults almost overturned the entire Lingyue Villa.

What kind of coax is this oolong.

Jin Lieyun's expression became extremely embarrassed. He seemed to understand that Zhuang Ningning still didn't know the identity of William, so he did such a ridiculous thing.

But William showed a faint smile, interesting.

This Zhuang Ningning usually looks carefree, but he is really a man of loyalty.

"My lord, what do you want to do..." Jin Lieyun asked in a low voice.

William smiled and said, "It's okay, just take a look."

While they were speaking, they heard a soft drink coming from outside, "Leave me all the way! Today I tried to die, and I have to save that kid!"

At this moment, Zhuang Ningning was on the square outside the door, and a dozen inner disciples surrounded her.

Zhuang Ningning looked at these people, not to mention how scared she was.

These people can beat her several times in normal times, not to mention so many people gathered around.

Zhuang Ningning was completely biting his scalp at this moment, rushing in with a passion.

Yesterday, she was confessed by Chu Huaijin to show her love in public, and her whole person was in the mist, and she was so happy that she was fainted.

But after returning home and sleeping for a while, she suddenly felt a deep guilt.

She brought William to Lingyue Mountain Villa. It stands to reason that she would bring the kid back safely anyway.

Although the boy was unobtrusive and bold, he was a friend of his grandfather after all.

What's more, when Zhuang Ningning recalled it again last night, he realized that although this kid was not as many as Lingyue Villa, he seemed to be a scholarly hero because of his justice.

But because of his own recklessness, the people of Lingyue Villa should be sacked.

But Lingyue Villa's strength is too strong, which makes Zhuang Ningning feel a sense of powerlessness.

She struggled all night, and finally at dawn, after drinking a few bottles of wine, she decided to save William alone.

She had thought about asking Chu Huaijin for help, but after deliberation, she found it inappropriate.

The two of them have just established a relationship, and now they are pulling their boyfriend to save another man, is it appropriate?

Besides, Chu Huaijin's identity represents Fengya Sect. If he joins in again, he might completely cause a dispute between the two sects.

Therefore, Zhuang Ningning decided that she had to bear the trouble she had caused herself.

That's why Zhuang Ningning was blushing, holding double knives in his hands, looking sour and heroic.

She rushed to the square from the door, and was still murmuring in her heart, shouldn't William be executed yesterday?

Yeah, whether he is dead or not!

But I have a clear conscience!

With this trace of luck, she kept rushing in.

What made her even more strange was that all these people around could hang her.

But I don't know why, these people actually fought and retreated, and didn't dare to beat her cruelly.

She suddenly thought that these people knew that they were Chu Huaijin's girlfriend, so she was afraid of Chu Huaijin and did not dare to kill him.

This kind of fox's fake feeling made Zhuang Ningning even more bloody.

Since you dare not come up, then I will go up!

In the blink of an eye, she had rushed to the outside of the conference hall.

Jin Lieyun inside looked at the vigorous Zhuang Ningning outside, looking angry and afraid to speak out.

William looked at Zhuang Ningning's dressing at this moment with amusement. He was really a hero in the middle school.

This girl also raised the knife, and it was a double knife.

While Zhuang Ningning was bloody and brave, he inadvertently looked up and saw William and Jin Lieyun in the chamber at a glance.

She was in ecstasy immediately!

William is still dead!

Hahaha!

God bless, this kid is really lucky.

Under so many fierce people yesterday, he actually died!

"William! I'm here to save you!" Zhuang Ningning yelled, and had already rushed into the discussion hall.

The people around had weird words written on their faces, and they didn't dare to move around Zhuang Ningning.

When Zhuang Ningning saw William standing next to Jin Lieyun, she thought that William was being held hostage. She suddenly shouted, "Villa Jin! Let William go! He is just a man without the power to bind a chicken. Little brat, killing him won't do you any good! Something is coming to me."

Jin Lieyun was even more embarrassed by her words.

Silly girl, you should take a good look at the scene, who actually released whom?

Also, who is the one who has no power to bind the chicken, you can tell me clearly.

"That, Zhuang Ningning, you have something to say well." Jin Lieyun finally couldn't help it, and said to Zhuang Ningning.

But Zhuang Ningning was obviously still sulking, and continued: "Golden House Master, I respect you as the master of a house, and I also know that I can't beat you, but this kid committed the crime because of me, and I can't blame it. Lingyue Villa has been teaching me, Wencheng Wude, we are wronged and indebted, you let him go, I will leave it to you."

The speaker was unintentional and the listener was intentional. William looked at Zhuang Ningning's headless but righteous appearance, and suddenly a thought came into his mind.

Maybe, Lingyue Villa, fate should not be broken...

"Can you really be as good as a man?" It was William who asked this.

Zhuang Ningning was taken aback, thinking that Jin Lieyun would take the opportunity to threaten him, but he didn't think it was William who was speaking.

She glared at William angrily, "You shut up! There is no place for you to speak here."

William was almost injured internally.

There is no place for me to speak, so who is qualified?

"Jin Zhuangzhu, why did you not speak? I thought, if you didn't kill this kid yesterday, it must be because you still have a heart of martial virtues. If so, why not let him go. As long as you let him go, what do I mean I promise you." Zhuang Ningning said earnestly.

Jin Lieyun on the side was made by Zhuang Ningning's words one after another. He was not human inside and out.

He wanted to talk.

But does he have this qualification?

What's the matter with this little lady?

Can I donate my eyes to those in need?

You don't take a good look. Does this kid seem to be held hostage?

The old man is the poor man, okay?

"Oh oh, Zhuang Ningning, I don't think you're really loyal, not bad, I appreciate you, since you say that you will agree to any conditions, otherwise, I'll make a condition for the owner of the gold. See if you dare to agree." William said with a smile.

However, Zhuang Ningning cast the eyes of Killing Thousand Swords instantly.

She almost wanted to tear up this stinky boy in her heart.

Yeah, my sister brought a knife to rescue you early in the morning, so you don't need to be moved silently.

What do you mean by one sentence after your sister?

Did you take the initiative to help the Jin Zhuang owner to torture me?

Damn, how about being your own person?

My sister fed the dog with passion!

Zhuang Ningning blinked desperately and motioned to William to shut her up. This is not your home. If you want to talk nonsense, just talk nonsense.

But William directly ignored Zhuang Ningning's suggestion and said with a smile, "Jin Lieyun, what do you think?"
