Chapter 703: Blue Moon Emperor City

William showed a sneer.

This Lu Xiaolu, at first glance, is a scheming person, how could he easily help himself?

I am afraid that she has dug a hole and is waiting for her to jump.

“Thank you first. My wife is tired, so I’ll leave first.” William said lightly and turned to leave.

There is no sense of nostalgia for Lu Xiaolu.

And Lu Xiaolu was not angry, but looked as expected.

It seems that this kid’s motive for entering Beilin Lu’s family is not pure.

Fortunately, I was clever and guessed some.

This kid finally got a little handle in his hands.

Next, it’s more fun.

But you can’t just play him to death casually.

Lu Xiaolu left the dense forest whistling with a satisfied smile.

At 11 o’clock that night, Lu Xiaolu sneaked out of Beilin Lu’s house.

When she came back this time, naturally it spread to Beilin City the first time.

Lu Xiaolu is a wealthy princess, so naturally there are many friends and friends.

So one of her best friends immediately called out her friends, called several people, and pulled Lulu Xiaolu out tonight.

Lu Xiaolu really had no way to shirk, so he sneaked out in the middle of the night.

The one who called Lu Xiaolu out was her best girlfriend, Lin Songfeng.

Lin Songfeng can also be regarded as a wealthy family in Beilin City.

It’s just that the Lin family has a style of martial arts, but an orthodox three-generation giant.

Their power is considered to be assigned to the Beilin City, even if they belong to the Beilin Lu Family, they have been in friendship with the Lin Family for generations.

Lin Songfeng is about twenty years old and looks pure and innocent, but his face is always glamorous, making it difficult to approach.

This time they met in the largest entertainment club in Beilin City-Blue Moon Imperial City.

Lu Xiaolu, the Emperor of Blue Moon City, had been here many times, but this time, Lu Xiaolu was obviously taken aback.

At the gate of the Blue Moon Emperor City, suddenly a lifelike unicorn relief was carved in the center.

Before this, there was no such thing.

Did the Blue Moon Emperor City change its owners?

Lu Xiaolu immediately asked Lin Songfeng, "What the hell is this ugly unicorn carving? When did the Lanyue Emperor City have such a low grade? It's such a terrible sight."

But after Lin Songfeng listened to Lu Xiaolu's words, he covered Lu Xiaolu's mouth with a hint of horror and admiration in his proud eyes.

"Hush! Lulu, don't speak so loudly! I don't care if I listen to this, you must never tell others!" Lin Songfeng said with a lingering fear.

Then she saw that no one else was coming, so she pulled Lulu Xiaolu to a place where there was no one, and explained it carefully.

"This unicorn relief was still unavailable three days ago. But three days ago, the Blue Moon Emperor City suddenly announced that the president of the group had changed, as if a person in his 30s or 40s had come."

"Originally, the Blue Moon Emperor City was considered black and white in Beilin City. Now that when the president is changed, some competitors who are a little cautious want to take the opportunity to do something. But what shocked the whole city is that under the leadership of that president, in just one night, those competitors who want to attack the Blue Moon Emperor City are all in different places! The methods are extremely cruel!"

"This matter has not been spread, and only we rich families know about it. Therefore, just yesterday, several of our rich families in Beilin City, including your Beilin Lu family, those sons, brothers, etc., were all caught by the elders of the family. Just to mention, it's okay to commit crimes anywhere in Beilin City, but not in Lanyue Imperial City."

"We a few wealthy families, although we are not afraid of the new owner of the Blue Moon Emperor City, but we don't want to be sprawling, so you must not talk indiscriminately in the Blue Moon Emperor City. The consequences will be disastrous."

Lu Xiaolu couldn't help suspicious when he saw what Lin Songfeng was talking about.

Because this best friend Lu Xiaolu knew best.

Although it looks pure and pure, he is very arrogant in his bones and rarely puts people in his eyes.

But being so solemn now shows that the owner of the Blue Moon Emperor City is really not easy to mess with.

The world is in chaos, and how long has it been since I left home, such a big change has taken place.

Lu Xiaolu asked suspiciously again: "Since this place is so scary now, why do we come here? Isn't it enough to change the place?"

But Lin Songfeng smiled, "Hehe, Lulu, what do you think, we are not the people who come here to cause trouble and offend the Blue Moon Imperial City, but just come to consume. Besides, the more terrifying here, the fewer bad people. The safer we are."

Lu Xiaolu was taken aback for a moment and made sense.

In most wealthy families, tutoring is very strict.

So Lu Xiaolu and Lin Songfeng both sneaked out in the middle of the night, and they didn't bring any bodyguards.

This is a safe place.

"Well, I booked a box inside. Let's go in and wait for the others." Lin Songfeng smiled and took Lu Xiaolu's hand into the Blue Moon Emperor City.

Before entering, Lu Xiaolu glanced at the weird unicorn relief, always feeling very strange.

And it was one o'clock in the middle of the night.

William and Felicity had already rested.

William was suddenly awakened by a phone ringing.

William picked it up and saw that it was a strange phone.

He didn't want to pick it up, but he was thinking about calling so late, is there something important?

He simply answered the phone.

On the other side of the phone, there was a carefree voice, "Dog minion, I will give you twenty minutes to come to the Blue Moon Imperial City."

When William heard this voice, he knew it was Lu Xiaolu.

Lu Xiaolu's voice sounded like he was drunk, a little vague.

William frowned.

What is this impure woman doing?

He said lightly, "I'm sorry, I won't go."

After speaking, he wanted to hang up.

But on the other end of the phone, there was a ghastly laughter, and the voice seemed to be deliberately lowered, "Hoho, won't you? Don't forget, your wife is now also our servant of the Beilin

Lu family. Believe it or not. , I will arrange for your wife to do the dirtiest and tiring work tomorrow! You know me, Lu Xiaolu, and I do what I say!"

William's expression also became cold.

This damn woman!

What are you going to do!

"What are you going to do!" William asked in a low voice.

His anger slowly came up.

This woman threatened herself with Felicity!

Just looking for death!

On the other side of the phone, Lu Xiaolu said viciously, "Ho ho, if you arrive at the Blue Moon Emperor City within 20 minutes, I can think about saving all your wife's work and letting her stay quiet with us. Beilin Lu's family recuperated."

William suppressed his anger forcibly, thought for a while, and finally said, "Where is it?"

Lu Xiaolu laughed suddenly, apparently he knew that William would definitely come over.

"Well, when I came, I bought a sanitary napkin for a sister of mine. She was very inconvenient, and she was in a bad mood." Lu Xiaolu suddenly said jokingly.
