## Chapter 709: Crazy Group

When He Yuewen saw these twelve characters, his hands and feet were cold!

His head was like a stone hit, and Weng Wen made a noise!

These twelve words, if others don't know what they mean, would he still not know!

A few days ago, the Blue Moon Emperor City worked and wiped out all competitors who were preparing to engage in small actions in secret!

After the incident, these twelve words are left behind!

Sorrowful and unreasonable!

It was also these twelve ironclad words that made the wealthy families of Beilin City re-examine the Blue Moon Emperor City.

This is a group of lunatics who do nothing about the consequences.

No matter who you are and what status you are.

If you dare to cause trouble, the Emperor Lanyue City will dare to punish it regardless of any consequences!

He Yuewen's legs trembled a little.

At this time, Lu Xiaolu and Gu Lingling who came out of the bathroom were stunned when they saw these words.

Lu Xiaolu's face was full of water, and he was clearly sober.

She saw these twelve characters clearly, she felt a little stunned, and quickly walked over and asked: "Lao He, what's the situation now? Can't we get out?"

He Yuewen looked at Lu Xiaolu's innocent face, whether it was a curse or a beating.

He said depressedly: "Look at the outside for yourself."

Lu Xiaolu and Gu Lingling looked at the door, and Huarong was so scared that they exclaimed directly.

It seems to be responding to their exclams.

At the door, there were regular knocks on the ground.

It's those thugs who knock on the ground with sticks, neatly, like a bell of death!

Lu Xiaolu instantly knew that things were going up, and she said nervously, "Lao He, aren't you the deputy general manager of Lanyue Emperor City? Isn't this all set?"

He Yuewen smiled hard to mention how aggrieved.

Straighten the yarn!

Can you still see this situation now?

On our side, if we can't make a call, it must be that the other party has blocked the signal, which is to prevent us from moving rescue soldiers!

Then they blocked the door again, and we were the turtles in the urn.

Now they don't care which family's daughters and princes of which family of us are!

Obviously it is the rhythm of fighting to the end.

He Yuewen bit his scalp and said, "Now that our family's identity doesn't work anymore, it's better not to use this identity as much as possible. I will think of a way first, and you will be quiet first."

Lu Xiaolu and the other women looked at each other and nodded helplessly.

They really have no idea.

Moreover, they dare not reveal their identities at this time.

They all came out to play secretly without telling the family, and the family also confessed that they were not allowed to have enemies with this lunatic group.

It's not just their personal problem to reveal their identity now.

It will directly involve several families.

At that time, even if it could bring down the Blue Moon Emperor City, it would have to pay a certain price.

This is a result that several families are unwilling to see.

So now, I can only pin my hopes on He Yuewen.

After all, he is still the vice president of the Blue Moon Emperor City, a bit of authority.

William on the side nodded with satisfaction, looking at the twelve words.  
Not bad.

Acting aggressively enough.

What is important is this domineering dominance of giving up to me.

At this time, William's nose moved slightly, as if smelling something.

In the smoke filled with smoke, the smell was inaudible.

After Wiliam smelled this smell, the corner of his mouth twitched slightly.

It seems that it is that person.

Guessed wrong, that person is very useful.

After thinking for a few minutes, He Yuewen bit his head again and said: "I will go out and communicate with them first, and I will show my identity, and at most I will pay them no. This is not a big deal. When I have to apologize later, You should also keep a low profile. This matter should be reduced to a minor one. Don't let the family know."

Several women knew the seriousness of the matter and nodded one after another.

After speaking, He Yuewen shouted in front of the transparent glass: "I am the deputy general manager of the Blue Moon Emperor City. I want to come out and say a few words."

A man in black opened the door.

As soon as He Yuewen walked out, the door was locked again.

Several people were locked inside, one by one frightened.

Until three minutes later, the door was opened again.

A man flew in.

Fly in, not walk in.

It is He Yuewen impressively.

He Yuewen fell heavily to the ground and snorted.

Several women quickly helped He Yuewen up.

But they saw He Yuewen's face clearly and exclaimed again.

He Yuewen's face was covered with blood, and he was obviously beaten severely.

Gu Lingling was shocked, and exclaimed: "Ho! What's going on! Have you ever revealed your identity? You are the vice president and they dare to act on you? I don't know how to show up!"

However, He Yuewen was suddenly angry and shouted, "Shut up!"

The scene was quiet again, and several people looked at He Yuewen stupidly.

He Yuewen was extremely frustrated!

For the first time, he stared at Lulu Xiaolu, and said depressed: "Lulu, I really don't know what to say to you! You know, who is the little fat guy you just beat!"

Lu Xiaolu looked blank, "Who? Isn't it just a hooligan who wants to take advantage of me?"

But He Yuewen's face changed and he said sharply, "Damn! I'm going to be killed by you! That person's surname is Duan! He is the son of a vice president of our Blue Moon Emperor City! You are kicked on the iron plate! I have to die today!"

As soon as these words came out, the women were in a trance!

How can there be such a coincidence in the world!

Lu Xiaolu was just to vent his anger, and found someone to vent his anger.

Unexpectedly, he hit the son of the vice president of Lanyue Emperor City!

The vice president is two steps higher than He Yuewen's deputy general manager!

"Just now, Mr. Duan himself brought people over to surround our box! He even let out the words. Tonight, none of us can be kind! Moreover, since I came in, they will shut the door every five minutes. Open it once! Then we will have someone go out to be tortured by ourselves! Otherwise, they will directly kill in and kill us!" He Yuewen once again threw a blockbuster.

Several women at the scene panicked instantly.

Rao was such an indifferent person as Lin Songfeng, and he also showed a nervous look.

"It's over, it's over! I was wrong, I really didn't know that this man was the son of Vice President Duan! Oh, what can I do now? I don't want to die yet, I just returned to Lu's house." Lu Xiaolu burst into tears on the spot Just fell off.

Obviously she is the most afraid.

Because she was the one who beat the people, and now they are called every day and the earth is not working, the punishment she will receive is definitely the heaviest.

At this moment, He Yuewen suddenly looked at Wiliam, who had nothing to do with him, and said sullenly, "Is there no one to replace the dead ghost on our side? Vice President Duan just said that someone should go out. In this case, as long as this kid doesn't die, can't we just throw him out every time? It can always last a while, and for other things, I'll find a way."
