

Dragon Husband

Chapter 781-785

In Li Chunfeng's mind, there instantly appeared the appearance of the female murderous god who was outside Lingyue Villa.

Everyone looked at Li Chunfeng's expression and sneered.

Li Chunfeng suddenly felt bad, and her slight expression pushed Feliicity into a place where no one can recover!

Why not justify Feliicity.

The regret in her heart is hard to hold on to herself!

He was Feliicity's closest person, but at the most critical moment, he had doubts about Feliicity.

Didn't this give people a handle and directly harmed the Feliicity!

She immediately looked at Feliicity, but she saw a trace of misery on Feliicity's face.

Targeted!

There is no excuse!

Li Chunfeng's tears fell on the spot, he leaned over and grabbed Feliicity's hand, and said desperately: "Sorry Feliicity, I have no use, I am sorry for you, I seem to have harmed you..."

Feliicity was sluggish.

In a daze.

She didn't even know what this monitoring screen was all about!

She didn't even remember that she had murdered!

She felt extremely uncomfortable even thinking of the murder scene.

How could he kill someone.

Still killed so many people at once.

why!

Why do people doubt me so much!

Her head was completely messed up.

Li Chunfeng couldn't wake up the Feliicity, and looked at Wiliam lonely and helplessly, and said sadly, "Wiliam, I'm sorry, I..."

Wiliam sighed and said to Li Chunfeng: "Chunfeng, sit down and rest first. Leave the matter to me."

Li Chunfeng felt even more sad when he heard Wiliam say this.

Suddenly she gave birth to a thought that hated herself very much.

No good!

Simply useless!

Every time something happened, Wiliam had to help.

He wanted to help Feliicity, but he was self-defeating. Anyway, he took the charge of Feliicity.

I'm too useless.

For a while, Li Chunfeng hated him very much, and the thought of apologizing and compensating in his heart could not be calmed for a long time.

Got it, let me do something to repay you...

Otherwise, I will really kill myself...

Li Chunfeng's head was also blank for an instant, falling into a strange self-blame.

In the end, it was Gu Zhiling who hugged Li Chunfeng and let Li Chunfeng sit down slowly.

She watched Feliicity sluggish because of helplessness, and watched Li Chunfeng sink into self-blame because of his kindness to help, and tears fell on the spot.

Everyone pushed the wall down.

After Feliicity was caught in a murderous storm, some people from the Lu family suddenly slapped their heads and called out on the spot.

"I thought about it. I suddenly thought about it. The Wang Yiran who died in the Lu family before, seemed to be frivolous to this crazy woman during the day, and then died that night."

"This woman must have killed Wang Yiran with a grudge! This is revenge for herself!"

"The old lady was wrong. As expected, the murderer was from our Lu family!"

In just a few words, Feliicity's name of murder was once again confirmed.

Wiliam looked at the old lady, who had been watching a play from just now.

She waited for this moment for too long.

Before that, she didn't know that Feliicity was the murderer.

Seeing this picture, the old lady couldn't believe his eyes.

However, everything was still in her expectations.

It must be the person next to William.

All her strategies are based on trust in that person.

Don't let yourself down.

William's eyes gradually became cold.

All things finally came to this difficult step.

This was the last thing William wanted to see.

In fact, William had already had a premonition of anxiety before.

When he saw that Lu Furong and Gu Zhiling were cold and exhausted, William felt that things were not that simple.

It seems that they have been manipulated.

At that time, Lu Furong said unintentionally that the person who killed Wang Yiran must have a deep hatred with him.

These words woke up William, and he suddenly thought of Felicity.

Wang Yiran was frightened by Wang Yiran during the day during the day.

This sluggishness is very strange, like falling into a deep sleep of personality, sluggish for too long.

So William was thinking at the time, when he was drinking with the old lady the night before, the figure staring at them in the dark was actually the Felicity.

William knew that there was the poison of frost in Felicity's body. Before she woke up from Ice Vein, leaving a terrible sequelae.

He Tiantian had also vaguely hinted that Felicity had recovered a life after the catastrophe last time, and it is very likely that he would plant demons with kindness and plant the seeds of bloodthirsty.

Unexpectedly, He Tiantian's words were fulfilled after all.

The murderer is really the Felicity.

But even so, William still had some puzzles in his heart.

Facing everyone's questioning, William stood up again and confronted everyone.

"Hurry up and hand over this female devil to us! Otherwise, we will wash the Lu family today!" the middle-aged fat man said angrily.

The old lady said lightly not far away: "They are not from our Beilin Lu family."

In a word, all the relationships were cleared away, and the Beilin Lu family was completely freed from this killing.

When she said this, she was still watching Wiliam.

This time, she won.

The spoils were that the Beilin Lu family retreated all over.

And boy Wiliam, he failed after all.

I'm sorry for the price of failure.

I'm afraid your lovely wife is going to die.

Wiliam looked around and said in a cold voice: "If you want me to hand over my Feliicity, you can! But first you help me solve a doubt."

With that said, Wiliam strode to the middle-aged fat man Xie.

The middle-aged fat man was taken aback for a moment, then took two steps back, "What are you doing!"

Wiliam didn't speak, but he took a remote control in his hand and played the video again.

"This video must be true, don't want to quibble!" the middle-aged fat man said sharply.

Wiliam played the shocking video and said indifferently: "The video must be real, but whether the person in the video is true or not is open to question."

"What do you mean!" the middle-aged fat man shouted.

At this time, Wiliam played the two-second video repeatedly and said, "You guys have seen it, what are they doing in this scene?"

Everyone watched it several times before hesitatingly said: "One is begging for mercy, the other is arrogant, and the two should be talking."

The corner of Wiliam's mouth twitched, "Yes, it's a conversation, but you have overlooked one thing, my family winds and snows, I can't speak at all!"

Through the video, everyone did see Feliicity's mouth moving.

With a single word, Wiliam instantly restored all the declining momentum!

Those who questioned were all stunned.

The old lady suddenly locked her brows, and there was a bad feeling in her heart!

And Lu Xiaolu, with a hint of surprise on his face, this kid, once again died without being stiff!

When Wiliam saw this scene, the depression in his heart eased a little.

However, he always grabbed a heart.

It's not over yet...

Is this video real?

If so.....

Just as everyone was shocked and out of breath, there was a sudden laughter that made people feel goose bumps.

Soft and evil!

Everyone looked at the person who made the sound, and suddenly screamed again!

The person who laughed turned out to be Felicity who had been sluggish just now!

At this moment, Felicity lowered her head, her shoulders trembling slightly because of her smile.

She smiled, and suddenly raised her head.

A pair of eyes are extremely red!

There was a grinning smile on his face.

The opening is even more creepy!

"Gluck..."

"Husband, people can talk..."

Dragon Husband Chapter 782

Hearing Felicity's voice at this moment, and seeing her weird face, everyone actually felt a tingling scalp.

It seems that what they see is not a person.

It was a monster who crawled out of hell.

It is too oozing.

How could a woman who looked so good before suddenly become so disgusting and terrible.

And this, isn't it true that this woman is accused of being charged?

Saying she can't speak, isn't she talking human words now?

It's just that it's better not to speak, it's disgusting.

Gu Zhiling and Lu Furong's eyes widened when Felicity suddenly said something.

They know Feliicity too well.

Feliicity felt the pain of being unable to speak, and they seemed to feel the same way.

But why now.

Can she speak again?

And, since you can speak, why didn't you speak before?

It happened that the husband who loved her the most defended her. When she was about to succeed, she personally stepped down and dismantled all his husband's defenses.

what is this!

Is she still the weak and distressed Feliicity before?

When Wiliam heard Feliicity speak, his first reaction was also stunned.

He was extremely convinced that Feliicity would never lie to him.

unless!

Not the Feliicity!

Wiliam carefully distinguished the voice of Feliicity just now, his brows suddenly frowned!

This sound is not the sound of Feliicity at all!

The Feliicity usually has a soft and soft voice, which makes people feel relaxed and comfortable.

And the sound that came out of Feliicity's mouth just now was cold and bitter, and there were also unpleasant noises.

Like a ghost girl!

not good!

Wiliam reacted, Feliicity's sick culprit!

Kind-hearted seed demon!

The demonic nature in her body came out at this time!

If it is usually suppressed by the poison of frost, Feliicity's Frostmaw can't speak at all.

And if Feliicity's personality sinks and the poison of frost dominates Feliicity's body, then her Frostmaw will naturally no longer exist.

You can speak naturally.

Wiliam suddenly saw that Feliicity's body trembled violently.

This scene also caused everyone present to step back.

They really don't understand now, the beauty in front of them is a person or a ghost!

Don't be too scary!

William pressed Felicity's body tightly with one hand, and pointed at an acupuncture point on Felicity's back with the other hand!

Everyone could only see William's finger touching Felicity, but they could not see that when William's finger touched Felicity's back, a long live red lotus pierced Felicity's body directly from his finger.

In this way, his fingers were like a gust of wind on Felicity's back, and the Long Live Honglian in his body also deeply penetrated Felicity's acupuncture points.

This barely suppressed Felicity's frosty poison.

Her body gradually stopped shaking.

The hideousness on his face gradually faded.

In the end, her face became extremely pale, but the surrounding air was still bitterly cold.

As if in a flash, from summer to winter.

The old lady felt the change in the surrounding air, and a bright light burst into his eyes. She only knew that the Felicity was Frostmaw, but she didn't know what caused Frostmaw.

Now, the truth is revealed.

I didn't think about it, I didn't think about it, this beautiful and weak girl turned out to be a unique ice vein.

And it's because of the sequelae of Frost Throat left by Bingmai awakening.

Tsk tsk tsk, even after waking up, it is not dead, it is really fatal.

It's just that the old lady felt even more incredible that the ice veins and the inflammation veins were both rare blood veins in the world.

This kid is He De how Neng, there are two bloodline owners beside him.

She looked forward to this good show even more.

Felicity's body gradually recovered a trace of blood.

And when she opened her eyes again, the tears in her eyes fell instantly.

She seemed to know what she had experienced just now.

She fell weakly into William's arms and waved her hand with all her strength.

It seemed to be saying that she really didn't know she would kill.

She is really unintentional.

She couldn't control it either.

At this moment, even Feliicity had acquiesced that she killed those people.

Because of the abnormal change in her body just now, for the first time in her life, she felt an unprecedented cold and cold, as if she was about to swallow her.

And in her heart, a thirst for blood could not be suppressed.

This feeling is really disgusting.

When everyone saw Feliicity recover, they calmed down.

The middle-aged fat man took the lead in the trouble, "Huh! I dare to say that she can't speak! She is telling nonsense with her eyes open! Now, what can you say!"

He said to Wiliam.

At this moment, Wiliam's mind was all on Feliicity, where would he care about these noisy people.

When those people saw Lu Yezhen talking, their hearts became even more angry.

Everyone who practiced martial arts suddenly became terrifying.

This breath joined together and swept toward Wiliam.

As if black clouds are pressing on the city to destroy it!

Even Wiliam felt an extremely terrifying coercion, which made him breathless.

However, he still hugged the Feliicity tightly, bearing all the pressure.

Dou Da's cold sweat came out along Wiliam's forehead.

Lu Xiaolu, Gu Zhiling and others who were beside Wiliam had long been crushed so that they could not even lift their heads.

How can Feliicity who are in it not know what these people are doing now.

She barely opened her eyes, looking at Wiliam who was close at hand, her heart suddenly felt extremely painful.

It's my husband, who still never abandons himself when he is cast aside by thousands of people.

How much pressure must I bear to stand firmly with myself at this time.

Very tired.

very tired!

While Feliicity was in a daze, he suddenly thought of Lingyue Villa, Wiliam's mentality was a tired mentality.

Own, isn't it a mountain of pressure on Wiliam?

If Wiliam had my stumbling block.

If it is Lu Yezhen who is pulling him back.

Maybe, he has already fulfilled his wish.

Looking at Wiliam's body trembling slightly because of the pressure, Feliicity suddenly used force, and when Wiliam was caught off guard, she broke away from Wiliam's embrace.

She grabbed a goblet on the table and smashed it to pieces.

The sharp shards of glass struck his throat without hesitation!

"No!" Li Chunfeng yelled out first, crying to the point of rain!

And Feliicity just stared at the landing leaf without blinking.

Why are you willing to blink...

One glance, one less.

It's really funny.

I think at the beginning, you and I were mad at the other.

What kind of sorrow is it to say that if you are full of evil, I will accompany you forever such a romantic love story.

And now, it's true!

Wiliam, my love...

You are not full of evil, but my Feliicity is forever lost...

I will pay for the heinous crime I committed myself!

I hope...

Reincarnated as a husband and wife, accompany you to the end...

Dragon Husband Chapter 783

The glass shards in Feliicity's hands slashed towards her throat fiercely.

But between the electric light and flint, it was held tightly.

Rao is so, there is also a blush on Feliicity's neck.

Bright red blood flowed down her neck.

Everyone looked intently, and it was two hands that held the shard of glass!

One hand was William beside Felicity.

With the other hand, it made people take a breath.

With the other hand, it turned out to be another weak woman who was one step away from Felicity just now!

Li Chunfeng!

Everyone couldn't see clearly how Li Chunfeng appeared in front of Felicity among the sparks.

Moreover, William's hand held only a little bit of the broken glass.

Most of them were actually held by Li Chunfeng.

The blood dripped down Li Chunfeng's fingers.

Looking at the screen, Li Chunfeng's speed was actually faster than William!

William was also frowned by the shock of this scene.

At this moment, Li Chunfeng's face was full of incomparable regret.

She didn't know how she appeared in front of Felicity.

Her character is too kind, it can even be said that she is as kind as a white paper.

She thought that the reason why Felicity was forced to apologize for the present situation was because of her.

It was because she was self-defeating, one step wrong and one wrong step, that made her reach this point.

Therefore, she did not want Felicity to die.

Therefore, her head blew, and the next second, she appeared in front of Felicity.

There were tears on her face, and her whole body was shaking with excitement.

Also because of the ups and downs in her mood, she felt like something extremely hot in her body that was about to gush out.

This heat made her whole body flushed red, and a heart seemed to be ignited!

Felicity also used the last bit of strength just now, trying to apologize with death.

Now that she was stopped, she softened and fell straight down.

She is so, the spring breeze is even worse.

Seeing that Felicity was rescued by himself and Wiliam, Chunfeng felt relieved and his body fell forward weakly.

Wiliam threw the glass shards away, stretched out both hands, one left and the other right, holding these two Zhenlie women tightly in his arms.

Chunfeng, as if temporarily losing consciousness, his eyes were tightly closed.

Although Felicity also closed her eyes, her tears couldn't stop falling.

She patted Wiliam on the chest weakly, as if to blame Wiliam, why not let her die!

She killed people, and she should be responsible for the crime.

Why should she stay in the world and be accused by everyone!

Condemned by conscience!

Even guilty of dragging Wiliam down!

Wiliam sighed and said softly, "Silly girl, how many times do you want me to tell you?"

"However, if you don't understand once, I will say it again. If you don't understand 10,000 times, I will say it 10,000 times, and you will listen to me!"

"You are my wife, you kill one person, it is my wife, you kill ten people, you are also my wife, you kill ten thousand people, and even the whole world, you are still my unique wife, Wiliam! Ho ho, then I will be full of evil pens!"

With that, Wiliam suddenly burst into a fierce momentum!

It seems that there is a faint green air, which needs to be breathed out!

This momentum is actually a direct blow to the pressure accumulated by those people just now!

Longyin!

Lu Ming!

Phoenix cry!

Ma Si!

In everyone's mind, Qi Qi had a terrible hallucination!

It seems that what Wiliam said just now was not a word of human words!

It is composed of various animal words!

Even, they felt that a prevalent trend swept the audience!

At the scene, there was a weird deadlock!

Felicity burst into tears when she heard Wiliam's affectionate words.

She didn't understand Wiliam's heart.

Why did she want to die?

But even if Wiliam said it a thousand times 10,000 times, would he be able to enjoy Wiliam's selfless protection with peace of mind?

Can't do it!

If there is another time, I will still apologize.

I just want to once, I can stand in front of you Wiliam and share a little bit of pressure for you...

As time went by, the hallucinations in everyone's minds gradually faded, and one by one came to sober.

They looked at the pair of fateful mandarin ducks in front of them, and they didn't dare to blame anything for a while.

Everyone can tell that Feliicity's search for death just now was not acting.

And their husband and wife love each other, so there is no need to prove it to the world.

It's emotional.

"Feliicity, take a break first. This matter is not over yet, it is not as simple as you think. Next, I will prove one thing to you." Wiliam said softly, and then motioned to Gu Zhiling and Lu Furong. Feliicity and Li Chunfeng took it.

The two hurriedly hugged the spring breeze and Feliicity, and placed them carefully on the chairs.

When everyone heard Wiliam's words, their heads froze again.

Prove one thing?

whats the matter?

When they were puzzled, Wiliam looked around and said in a deep voice, "Prove that you are not the real murderer who killed a hundred people!"

A word, shocked everywhere!

what!

This kid, the video just now fully proved that Feliicity was the murderer.

What else does he still have to do to quibble!

"Ho ho, okay, I want to listen, what can you tell?" The old lady said with a joking expression.

The old lady was a bit unexpected when things developed to this point.

But suddenly there was a faint anxiety in her heart.

Originally, she wanted to watch a torturous show.

However, she underestimated the boy's affection for his wife.

It seems that this kid is completely annoyed.

William stared at the old lady, and suddenly smiled: "You don't have to pretend it, you probably know better than me."

The old lady's expression froze, but he immediately concealed it and said with a smile: "You said you, I will listen."

How could everyone stand the dumb riddles of these two men, the middle-aged fat man shouted sharply: "I want to hear how you still want to quibble!"

William glanced at Felicity, who closed his eyes, and said, "My wife's illness may have been seen by everyone just now. Before proving that, let me briefly talk about my wife's situation. ."

"As you can see, for some reason, she split into another personality in the body. I will call it the second personality. It is this second personality that kills."

After William finished speaking, everyone laughed coldly, "Ho ho, shit this vain thing, want to push all crimes to this inexplicable second personality? It's too ridiculous, isn't it? I ask you, isn't this second personality still your woman!"

William nodded and said, "A bunch of idiots, I'm not trying to shirk the crime of my wife's murder, I just want to say..."

"The real murderer is not my wife's second personality. Another person!"

Dragon Husband Chapter 784

Everyone listened directly to the past.

There are other people!

You are all acting in TV series!

There are also twists and turns!

I said it was an old lady before, but you said there are others!

Now Felicity said that there is another person!

You pointed out the murderer directly!

When the old lady heard William's words, her face changed slightly, but she didn't say anything.

William continued to point to the weak Felicity and said, "You have also seen that Felicity's second personality in my family does not last long. It was only a short while before that she collapsed all over. How can a body like her Support her to kill a hundred people overnight."

Everyone stagnated.

It seems to make sense.

Just now everyone watched this woman get sick, and it lasted less than a minute.

Even if the time is magnified ten times, so what?

Ten minutes, one hour, even two hours.

In two hours, can it stray through the entire Beilin City and kill a hundred people?

This seems a little difficult.

William's words caused everyone to fall into silence.

The middle-aged fat man looked in a certain direction, his heart sullen, and said: "This is just your side words, there is no evidence at all. What's more, we don't know the body of your wife. Who knows she is now? Not acting?"

William smiled slightly and said, "I naturally know that these words are not enough to convince you. So what I just said is just a precondition. The real evidence is there."

William said, pointing at him!

Point in one direction.

When everyone saw something in that direction, they all swallowed!

What William pointed to was the huge black wooden coffin!

The evidence, are those dead people?

William walked slowly towards the huge coffin.

He stood under the coffin and looked extremely small.

He patted the heavy coffin lightly with his hand, and said lightly: "A dead person is the least deceptive."

"What the hell are you going to say!" The middle-aged fat man couldn't help it anymore and shouted directly.

William suddenly put his hands together hard.

A surging inner strength vented directly from his body!

"哐啷!"

The incredibly heavy coffin suddenly shattered in William's hands!

Suddenly, layers of corpses were piled up in the coffin, all poured down and spread on the ground of Beilin Lu's family.

The blood flowed out again along the ground where they fell.

At this moment, not only those from the wealthy family, but also from the Beilin Lu family were furious.

The people of the family are angry that this kid even refused to let the deceased go, publicly exposing the deceased to the world again, this is a great disrespect to the deceased!

The people of the Lu family in Beilin were angry that today was the birthday party of the little princess Lu Xiaolu. This kid allowed so many corpses to be spread on the ground. Doesn't it clearly bring bad luck to the birthday party!

For a time, Wiliam became a thorn in the eyes of everyone in the field!

Wiliam said indifferently: "Finding the real murderer is the greatest relief to these dead, isn't it?" "What are you going to do!" The middle-aged fat man was shaking with anger.

Wiliam pointed to the group of corpses and said, "My wife has the poison of frost on her body. This old lady can testify. If my wife's second personality kills, the dead person will definitely leave behind the poison of frost. Just find someone with common medical knowledge to make a clear distinction."

"And if it wasn't for my wife's hands, these people would not have the poison of frost on their bodies. Is this the best evidence?" Wiliam said again.

After listening to Wiliam's words, everyone looked at the densely packed corpses in front of them, only feeling cold in their hands and feet.

too disgusting.

Is an autopsy in public now?

Examine these tragic deaths one by one to see who has the poison of frost...

"You are talking nonsense at all. How do we know that your wife is killing someone? There is no poison of frost on the body of the dead. This is simply rootless water is untrustworthy!" The middle-aged fat man once again caught one of Wiliam's words Loopholes.

Wiliam clicked the corner of his mouth and seemed to be waiting for this sentence.

He said: "It's very simple. You will find out the body of Wang Yiran from the Lu Family in Beilin before. Wang Yiran was killed by my wife. I admit that. If it was Wang Yiran and the servant in the video just now, there was frost on him. It's not clear if there is no other person's poison."

The people at the scene choked in Qi Qiyu.

This statement is perfect.

In contrast, the murderer knows at a glance.

It's just that the people at the scene haven't moved and dared not examine the body.

Na Xie, the middle-aged fat man, was even more at a loss, subconsciously looking at a place.

And Wiliam was staring at the old lady.

Finally, the old lady sighed.

She knew that this round, this kid had moved back a little bit.

This kid's resourcefulness is simply terrible.

You can find the flaws in an instant, and then link to link, link to link, and finally eliminate this crime to the maximum.

She stood up slowly and said, "No need to check, I believe what this kid said."

One sentence from the old lady was enough to prove that what Wiliam said was not a lie.

Because just now, everyone was watching, it was the old lady who pushed Wiliam and Feliicity to the point where they could not be recovered.

As they are old and young, they also seem to be engaged in a certain contest.

Now the old lady is so helpless to say, then the eight achievements are like this kid said.

The middle-aged fat man was so angry that he gritted his teeth and said fiercely: "Even so, Wang Yiran and another servant were killed by your wife. You can't deny that!"

Wiliam's eyes jokingly said, "I admit it, but I want to ask you, so what!"

so what!

The four characters seemed like a bolt from the blue sky, and the middle-aged fat man couldn't breathe for a long time.

How arrogant!

Why not put all the rich and powerful people present in the eyes!

"You! You!" The muscles on the middle-aged fat man's face were shaking.

Wiliam walked towards the middle-aged fat man, "For these two people, one is Wang Yiran. Does it have a half-cent relationship with your wealthy family? What are you worried about? Are you the Virgin?"

One sentence was so shocking that everyone in the room gritted their teeth.

This kid is crazy!

"Then there is always another person on our side..." The middle-aged fat man still wanted to struggle.

Wiliam interrupted him ruthlessly.

"If there was a mistake in the video just now, that person is from the Gu family."

Wiliam said, staring at one of these people who seemed to be shaking all over.

"Gu Dahai, my wife killed a servant of your family, you..."

“Some comments!”

Dragon Husband Chapter 785

When asked by Wiliam, Gu Dahai trembled even more severely.

He had a faintly uneasy hunch from just now, as if things would eventually affect him.

Sure enough, the final decisive game was actually on him.

This questioner, but the king behind the Blue Moon Emperor City!

How could it be shaken by a little Gu’s family.

Not to mention that the king’s wife killed one of his Gu’s servants, and killed half of his Gu’s family. What can I do?

Isn’t this a problem for yourself in public?

When the middle-aged fat man saw that Wiliam asked Gu Dahai confidently, he laughed directly.

No one in the entire Beilin City knew what kind of character Gu Dahai was.

Don’t take care of the sea. Usually, you are white, fat and kind, but in fact, it is the best.

In Beilin City, Gu Dahai also has a nickname, Gu Jijue.

Before Gu Dahai knew that his servant had been killed, his whole body was furious, as if someone was breaking ground on the head of Hell.

It was him who clamored for offending during the two-day meeting of the wealthy family.

It keeps saying that the murderer should be brought to justice, and it is fair to everyone.

Now this kid would be better, and he directly questioned Gu Dahai, asking if there was any opinion on killing one of his servants?

The words of others, perhaps the middle-aged fat man is still not sure.

But Gu Dahai, the middle-aged fat man is 100% sure, he must have a better accounting.

This kid is overwhelming.

A medicinal slave of the Beilin Lu family, what right does he have to question a rich family member if he minds?

Too ignorant of good and bad.

When the middle-aged fat man was proud, he suddenly saw the pale Gu Dahai, with a look of fear, waved his hand directly, and repeatedly said: “Don’t mind, don’t mind, there is no opinion at all.”

The middle-aged fat man was stunned on the spot, and even many people present were dumbfounded.

No comments?

This seems to come from Gu Dahai's mouth?

Gu Dahai, what happened today?

Before, he was still very energetic, as if he wouldn't let it go without cutting the murderer himself.

But as soon as I came over today, he was uncharacteristically, shrunken, as if he was afraid of something.

Now, when asked by a small Yao Slave, Gu Dahai not only didn't accuse the Yao Slave, but followed the Yao Slave's words and said that he had no opinion?

There are few words for opinion, but at this moment, the meaning is very unusual.

Not only does it mean that the Gu family does not pursue Felicity's murder.

It also means that the entire wealthy family will not pursue this murder.

"Gu Dahai, are you crazy? Be polite to a servant!" The middle-aged fat man shouted directly at Gu Dahai.

Gu Dahai shrank his neck and dared to say half a word, slowly retreating to the end.

He didn't want to be the target of public criticism at this time.

Even more did not want to offend the entire Blue Moon Emperor City at this time because of a servant who died unjustly.

Seeing Gu Dahai shrinking again, the middle-aged fat man stamped his feet on the ground with anger.

At this time, Wiliam smiled faintly, and said, "So, these two dead men have nothing to do with your wealthy family. What face do you have to accuse my wife of the crime of murder? Even if my wife is the crime of murder, use Should I explain to you too much?"
With a word of Wiliam, the people at the scene were speechless again.

They are angry!

Obviously he was just a lowly servant, but he was so shocked that everyone in the audience could not find any words to refute.

What a shame!

At this time, Wiliam's eyes slowly shifted to the old lady.

The eyes of the two people seemed to shoot out sparks in the air.

Wiliam's eyes seemed to say to the old lady: "This matter is over, what other means can you use?"

Indeed, up to now, the scene of Baifengxue Fufa that everyone had hoped for has not appeared.

The charge of Felicity's murder was washed away by Wiliam step by step.

Even now, even if Felicity is guilty, no one has the right to question her.

This step was a big surprise to the old lady.

In the current round, even the old lady's round didn't take advantage, and William didn't have to pay the price.

draw.

The old lady was actually a little unwilling.

A good situation, after some tinkering by this kid, even said it changed.

Have to obey the wisdom of this kid.

"Okay! Even if we have no way to accuse your wife, then you are talking about the murderer who killed more than a hundred people left, and who is it! If you can't tell the truth, we will still ask your wife. Sin." The middle-aged fat man really has no idea, he can only say a little bit sullenly.

This question has gone through several twists and turns, and now everyone is most concerned about who is the murderer!

When William faced the middle-aged fat man's doubts, the corner of his mouth suddenly twitched.

He said: "Who is the murderer's question, I will answer you later. But now I have one thing, I am really curious."

The middle-aged fat man was taken aback for a moment and couldn't help asking: "What's the matter?"

William smiled and said: "Today you all dressed in uniform, and you look like a head picker. But from your bewildered performance just now, you are not like the leader in this matter. So I want to ask. You, who is behind the scenes who made you do all this today?"

William's words changed the face of the middle-aged fat man in an instant.

His eyes showed a hint of horror, and he said directly: "Who is behind the scenes! What are you talking about?"

William looked at the old lady and asked, "Old lady, what do you think?"

How could the old lady not know William's mind, even if he knew that there was someone behind the scenes, he would not follow William's words and let him succeed.

"What are you talking about, why don't I understand. What is the person behind the scenes?" The old lady said slowly.

William knew that the old lady would say this for a long time, and turned to look at the middle-aged fat man Xie, and said: "Since you came in just now, everything you say and do seems to be under someone's instructions, and you think you can do this with your IQ? Are you too confident in your intelligence?"

"You dare to scold me! Believe it or not, I killed you!" The middle-aged fat man suddenly became furious.

“So, someone is telling you all the time. This person should be there, right? Who is it?” Wiliam said, starting to look at everyone around him slowly.

Everyone was shot by Wiliam, and their expressions seemed to become embarrassing.

They lowered their heads.

After a lap, Wiliam’s eyes suddenly slowly fixed on a person, and he smiled slightly.

“Is that you? Someone who has been hiding in the dark to watch the show.”

Chapter 785

When asked by Wiliam, Gu Dahai trembled even more severely.

He had a faintly uneasy hunch from just now, as if things would eventually affect him.

Sure enough, the final decisive game was actually on him.

This questioner, but the king behind the Blue Moon Emperor City!

How could it be shaken by a little Gu’s family.

Not to mention that the king’s wife killed one of his Gu’s servants, and killed half of his Gu’s family. What can I do?

Isn’t this a problem for yourself in public?

When the middle-aged fat man saw that Wiliam asked Gu Dahai confidently, he laughed directly.

No one in the entire Beilin City knew what kind of character Gu Dahai was.

Don’t take care of the sea. Usually, you are white, fat and kind, but in fact, it is the best.

In Beilin City, Gu Dahai also has a nickname, Gu Jijue.

Before Gu Dahai knew that his servant had been killed, his whole body was furious, as if someone was breaking ground on the head of Hell.

It was him who clamored for offending during the two-day meeting of the wealthy family.

It keeps saying that the murderer should be brought to justice, and it is fair to everyone.

Now this kid would be better, and he directly questioned Gu Dahai, asking if there was any opinion on killing one of his servants?

The words of others, perhaps the middle-aged fat man is still not sure.

But Gu Dahai, the middle-aged fat man is 100% sure, he must have a better accounting.

This kid is overwhelming.

A medicinal slave of the Beilin Lu family, what right does he have to question a rich family member if he minds?

Too ignorant of good and bad.

When the middle-aged fat man was proud, he suddenly saw the pale Gu Dahai, with a look of fear, waved his hand directly, and repeatedly said: "Don't mind, don't mind, there is no opinion at all."

The middle-aged fat man was stunned on the spot, and even many people present were dumbfounded.

No comments?

This seems to come from Gu Dahai's mouth?

Gu Dahai, what happened today?

Before, he was still very energetic, as if he wouldn't let it go without cutting the murderer himself.

But as soon as I came over today, he was uncharacteristically, shrunken, as if he was afraid of something.

Now, when asked by a small Yao Slave, Gu Dahai not only didn't accuse the Yao Slave, but followed the Yao Slave's words and said that he had no opinion?

There are few words for opinion, but at this moment, the meaning is very unusual.

Not only does it mean that the Gu family does not pursue Felicity's murder.

It also means that the entire wealthy family will not pursue this murder.

"Gu Dahai, are you crazy? Be polite to a servant!" The middle-aged fat man shouted directly at Gu Dahai.

Gu Dahai shrank his neck and dared to say half a word, slowly retreating to the end.

He didn't want to be the target of public criticism at this time.

Even more did not want to offend the entire Blue Moon Emperor City at this time because of a servant who died unjustly.

Seeing Gu Dahai shrinking again, the middle-aged fat man stamped his feet on the ground with anger.

At this time, Wiliam smiled faintly, and said, "So, these two dead men have nothing to do with your wealthy family. What face do you have to accuse my wife of the crime of murder? Even if my wife is the crime of murder, use Should I explain to you too much?"

With a word of Wiliam, the people at the scene were speechless again.

They are angry!

Obviously he was just a lowly servant, but he was so shocked that everyone in the audience could not find any words to refute.

What a shame!

At this time, Wiliam's eyes slowly shifted to the old lady.

The eyes of the two people seemed to shoot out sparks in the air.

Wiliam's eyes seemed to say to the old lady: "This matter is over, what other means can you use?"
