

Dragon King 741

Chapter 741: Who Can Save You?!

Whoosh! Yue Zilong held onto Hao Ren while entering the large array formation of the Dragon God Shrine.

The arenas and tents were all destroyed with Yue Zilong's stomp, and all that was left was ruins.

However, the central black Dragon God Shrine stood there in pride.

Yue Zilong held onto Hao Ren by his collar, and they flew in from the west. Because they were flying so fast, they looked like a ghostly shadow. Then, they flew toward the top of the Dragon God Shrine.

Bam!

Yue Zilong let go of Hao Ren and threw him into the deepest room.

"Shrine Master, I have captured Hao Ren," Yue Zilong said calmly.

"Ok." That figure who had his back facing Hao Ren and Yue Zilong nodded calmly.

He lifted his hand, and the inspector's token by Hao Ren's waist flew up on its own. Then, Hao Ren felt an agonizing pain on his forehead, and the inspector mark on his forehead disappeared.

The Shrine Master had removed Hao Ren from his role as an inspector.

"Zilong, you don't need to be that mad, it's not your fault. It's only natural for one to want to save their parents. This was a test. Since he couldn't pass the test, that's that," the Shrine Master said.

"Understood, Shrine Master," Yue Zilong looked down and responded.

Zhen Congming had sneaked into the Dragon God Shrine and stole a lot of things. On this issue, they believed that Hao Ren didn't conspire with Zhen Congming. However, Hao Ren's dad had created huge trouble for the Dragon Tribe in the mortal world.

It seemed like the Shrine Master had wanted to promote Hao Ren, so Yue Zilong had helped Hao Ren a lot in East Ocean City. They had fulfilled Hao Ren's requests and had even given him quite a lot of realm-breaking notes.

If Hao Ren had adequately dealt with this situation, he might have been able to be promoted to the position of Deputy Shrine Master in the future. However, Hao Ren had severely injured a level 3 inspector, and he wasn't able to leave his mortal life behind. In a sense, he had destroyed his own path to success.

Yue Zilong was frustrated because of this reason.

He had followed the Shrine Master for many years, and he could tell that the Shrine Master felt sorry for the loss of talent.

"Put him away." the Shrine Master waved his hand without turning around.

“Understood,” Yue Zilong bowed before walking two steps and grabbing Hao Ren.

When Yue Zilong was about to walk out of the room, the Shrine Master added, “We still haven’t solved this issue. There might be a great fight soon, so be prepared.”

“Ok!” Yue Zilong paused for a second before resuming, and he held onto Hao Ren and walked toward the spiraling staircase.

Then, they went into the middle section of the Dragon God Shrine and opened up the dark Heavenly Prison.

The Heavenly Prison was where criminals who committed serious offenses were locked. Since they were powerful, the local dragon clans couldn’t even deal with them.

Yue Zilong held Hao Ren and entered the Heavenly Prison corridor. When the stone door opened, the prisoners who were trapped there started shouting.

Bam!

Yue Zilong unleashed his peak Qian-level aura, and prison turned silent.

No one wanted to be beaten by a peak Qian-level cultivator.

The Dragon God Shrine wouldn’t execute any of its prisoners, but these prisoners were sometimes used for combat practice by the inspectors.

The sentences were based on the severity of the crimes committed. The shortest sentence was 50 years while the longest was an eternity.

The prison was dead silence.

All the prisoners stared at Hao Ren from their cells.

Hao Ren was still wearing his inspector robe, but they couldn’t see his token by his waist.

Those three metal-elemental dragons who had their tails cut off were locked up in connecting cells.

When they saw Hao Ren, hatred filled their eyes.

“Hahaha... who knew that you’d have such a day!”

In the corner of a dark cell, Black Wolf, who was now very thin, laughed in his hoarse voice as he kept banging on the bars and making huge noises.

These banging noises echoed through the prison.

The other criminals were stirred up as well. Seeing an inspector who was supposed to catch them getting locked up, they felt an indescribable joy, and they started to shout and make echoes.

Yue Zilong moved both his hands outward, and all the prisoners immediately fell back and hit the walls.

The prison was dead silent again.

Creak! Yue Zilong opened a cell and threw Hao Ren in.

Zhen Congming was locked in the cell on the other side of Hao Ren.

Those prisoners whose realms were high and were incredibly dangerous were locked in individual cells. Hao Ren and Zhen Congming both committed serious crimes, so they were locked up individually.

Yue Zilong turned around coldly and left.

The heavy stone door shut slowly, and the prison was even darker. Not a bit of nature essence could be sensed.

Wet straws were laying on the floor. Hao Ren wanted to use his fire-elemental nature essence to dry the straws, but he realized that he couldn't use his power.

Hao Ren had underestimated Yue Zilong. When he pointed his sword energies at Yue Zilong, who was at peak Qian-level, he had given his natal dharma treasures to Yue Zilong's hands.

There was not a single bit of natural essence in this room, so it was impossible to recover his power.

Zhen Congming looked at Hao Ren from his cell across the corridor.

Hao Ren looked back at Zhen Congming, and both of them didn't say a word.

He had felt that this might be a test from the Dragon God Shrine, but he could not let Qin Shaoyang hurt his family.

Qin Shaoyang had taken this mission because he hated Hao Ren, and Hao Ren struck back because he also hated Qin Shaoyang.

No matter what the Dragon God Shrine wanted, Hao Ren would not let his family be in any danger. Hao Ren was not willing to risk his family's safety!

All sorts of shouts and curses sounded in the dark prison once again.

Hao Ren sat down as he tried to block out the noise. Then, he closed his eyes and started to recall the Mystic Water Sword Technique in his mind.

There were strong array formations in all the cells of the Heavenly Prison. If a prisoner tried to use nature essence to destroy the cell, a stronger lightning bolt would crash down.

There was nothing to do other than shouting at each other because they couldn't leave, cultivate, or kill themselves.

It was hard not to go crazy in such an environment for a long period.

Zhen Congming didn't expect Hao Ren to be this calm when he saw Hao Ren closing his eyes.

Zhen Congming didn't know that Little White had become a level 6 spirit beast and was able to transform into a loli. As long as Soul Formation Realm cultivators didn't attack them, Little White could withstand most strikes.

The golden shield didn't follow Hao Ren, so it probably was able to escape and get help. Hao Ren believed that Little White could protect his family when it got home.

Zhen Congming sat in his cell cross-legged; he was also not anxious.

The things that he stole from the Dragon God Shrine had all been taken back by the Deputy Shrine Masters, so Zhen Congming was sure that the Dragon God Shrine could only lock him in a few days or maybe at most half a month. They probably only wanted to teach him a lesson.

“I will treat this as a vacation.” Zhen Congming thought as he started to whistle relaxing, but he couldn’t help but miss Wu Luoxue.

In this dark Heavenly Prison, one couldn’t tell between night and day. The prisoners were always screaming, so it was impossible to relax.

There was no set meal time for the prisoners. However, a small amount of nature essence would leak in periodically, and the prisoners would stop shouting for a while and try to absorb the nature essence quickly.

Hao Ren did not care about these prisoners; he wanted to use the Light Splitting Sword Shadow Scroll to heal his meridians. He also used his fingers to draw out the first 12 strikes of the Mystic Water Sword Techniques.

He had just entered the Heavenly Prison, so he still had a concept of the flow of time. He felt that only half a day passed by.

Zhen Congming was already sound asleep. He was Qiu Niu’s disciple, so no one dared to do much to him.

Hao Ren knew that Zhen Congming was not only Qiu Niu’s disciple but also grandson, but he had not told Zhen Congming this piece of information yet because it would be shocking to Zhen Congming.

Boom! The stone door of the Heavenly Prison started to open slowly.

Qin Shaoyang who was wearing a long silver robe walked in the corridor slowly.

He looked extremely pale, and his footsteps were very heavy, but there was a shining level 3 inspector’s token by his waist.

He walked deep into the prison and only stopped when he saw Hao Ren who was locked up in the last cell.

“Inspector Hao, how’s it in the Heavenly Prison?” Qin Shaoyang asked Hao Ren with a big grin on his face.

Hao Ren looked up and glared at him before returned to his cultivation.

Qin Shaoyang was at Kun-level, but he still lost to Hao Ren. Hao Ren had no time to even talk to him.

However, Qin Shaoyang was quite lucky not to die even though the energy sword piercing through his chest. From the look on his face, it seemed like he was probably weaker than the level 2 inspectors right now.

“Such a shame; you weren’t able to kill me.” Qin Shaoyang shook his head. “I ate one of the level 5 elixir pills, and it’s called Heavenly Healing Pill. Also, two Deputy Shrine Masters helped me heal, so it’ll be very easy for me to return to Kun-level.”

Hao Ren looked up at Qin Shaoyang again.

This metal-elemental dragon was proud and thought that the Dragon God Shrine valued him. It was indeed rare to have such treatment, but that didn’t necessarily indicate Qin Shaoyang’s value.

Hao Ren felt that his status as Zhen Yuan Zi’s brother had not spread to the Dragon God Shrine yet. However, the Dragon God Shrine probably didn’t want the situation to escalate.

If Qin Shaoyang died, they wouldn’t be able to cover it up.

“Three Senior Brothers, I’ve already tried to beg for mercy from the Shrine Master. You guys should be able to leave soon.” Qin Shaoyang then walked toward the three Metal-elemental dragon cultivators and said politely.

The three Metal-elemental dragon cultivators looked pleased.

They had been locked up by Yue Zilong in the Dragon God Shrine for quite a few days, and the metal-elemental dragon clan didn’t seem to be doing anything; no one seemed to be trying to save them.

They didn’t know that the peak Qian-level, metal-elemental elders were all defeated by Hao Ren when they tried to kidnap him, and Taiyi Cave Master barely escaped from Zhao Kuo’s attacks.

No one in the metal-elemental dragon clan had time to help them out.

When they heard that Qin Shaoyang, the only metal-elemental dragon who was working for the Dragon God Shrine, had talked for them, they were a bit touched.

Qin Shaoyang swaggered to Hao Ren’s cell and demanded: “Tell me where Su Han is!”

Hao Ren didn’t respond.

“Let’s see who can save you from the Heavenly Prison!” Qin Shaoyang raised his voice and glared at Hao Ren.

Boom!

The Heavenly Prison suddenly shook.

“Hehehe... Dragon God Shrine. How dare you capture my son and nephew!”

Lady Zhen’s loud and crisp voice sounded. It was so powerful that it pierced through the thick and heavy block stones and sounded by all the prisoners’ ears.

Chapter 742: Never Coming out the Shrine!

In the secret chamber on the top floor of the Dragon God Shrine, the nine Deputy Shrine Masters stood in order on the sides of the room.

Wearing a long robe, the Shrine Master still faced the wall with his back to the door as if he hadn't moved for hundreds of years.

The six Deputy Shrine Masters had different opinions about what to do with Hao Ren.

Despite Hao Ren's complicated background and the growing power of the East Ocean Dragon Clan, the Dragon God Shrine would be able to punish him as a dragon cultivator since his position as an inspector had been removed.

However, the six Deputy Shrine Masters did not agree with each other on how severe the punishments should be.

Meanwhile, the other three Deputy Shrine Masters remained silent. Only these three probably knew about the Shrine Master's intention.

Yue Zilong who had had dealings with Hao Ren and had captured him in person had a good guess of the Shrine Master's intention – Locking him for a few days before releasing him without any punishment.

The other two Deputy Shrine Masters also had a vague idea of the Shrine Master's intention. As instructed by the Shrine Master, they had used an extremely precious level 5 elixir pill to extend Qin Shaoyang's life, intending to make this incident a personal duel.

The Dragon God Shrine had saved Qin Shaoyang after his body was pierced and was on the verge of death since he was as an inspector. More importantly, the Shrine Master had ordered them to save him.

As to the release of the three metal-elemental dragon cultivators, it was also the Shrine Master's intention. However, it wasn't a favor to Qin Shaoyang. After all, a small level 3 inspector couldn't even talk to the Shrine Master.

Ever since Hao Ren made his name in the Dragon God Shrine's general exam, the Deputy Shrine Masters had found that the Shrine Master paid special attention to this young cultivator; he had even sent Yue Zilong, whose strength ranked the third place among the nine Deputy Shrine Masters, to East Ocean City.

Like the Soul Formation Realm cultivators, the Deputy Shrine Masters of the Dragon God Shrine rarely showed their faces, which was why they were mysterious to the outside world.

Since only three Deputy Shrine Masters who had the strength of peak Qian-level showed their faces regularly, the outside world all assumed that the Dragon God Shrine had only three peak Qian-level cultivators. Also, those level 4 inspectors who had a little contact with these Deputy Shrine Masters all thought that Yue Zilong ranked the last among the peak Qian-level cultivators.

The truth was that among the nine Deputy Shrine Masters, six were peak Qian-level cultivators, and Yue Zilong wasn't the weakest one but ranked third!

At a top level, only the Elder Council of the metal-elemental dragon clan could rival with the Dragon God Shrine since they once had eight peak Qian-level cultivators.

However, after Wang Shitong was killed in East Ocean City and Taiyi Cave Master was severely injured by Zhao Kuo, the Elder Council which controlled the metal-elemental dragons lost its head and tail.

While the three Deputy Shrine Masters remained silent and the other six Deputy Shrine Masters argued amongst themselves, the sturdy Dragon God Shrine suddenly shook.

“Hehehe... Dragon God Shrine. How dare you capture my son and nephew!” A crisp yet penetrating voice entered the secret chamber on the top floor!

Hua... Dozens of level 3 inspectors who were on Qian-level and Kun-level flew out of the black Dragon God Shrine.

Wearing short black boots, green jeans, and a grey striped coat, Lady Zhen put her smooth hand lightly on the array formation around the Dragon God Shrine, and it instantly shattered.

Seeing dozens of cultivators flying out, Lady Zhen covered her smile with her slim hand and called out in a low voice, “Yao.”

Wearing a pale grey sweater and a black pleat skirt, Duan Yao had a small leopard print bag on her shoulder.

She dashed out from Lady Zhen’s side while two fire wheels appeared beneath her feet and two swords came into her hands.

After the Kunlun Godly Lamp shattered, Lady Zhen collected the pieces and shot them into Duan Yao’s body with some secret demonic techniques, giving a great boost to her cultivation strength.

While the human cultivators placed great emphasis on progressive elevation, they regarded the fast and unorthodox cultivation techniques as evil methods. However, the Demon Tribe just used these fast techniques.

If one found a demonic cultivation technique and cultivated in secret, they would probably gain great progress first but die soon.

It happened due to the lack of guidance from a powerful demon king.

Generally, the demonic cultivation techniques were regarded as forbidden books, and any cultivator who secretly cultivated the demonic cultivation technique would be killed.

After severing her ties with Sky Mountain Sect, Duan Yao had followed Lady Zhen and was determined to become a demonic girl, deserting all the previous rules. She had reached top-tier Nascent Soul Realm after merging with the fragments of the Kunlun Godly Lamp.

Standing behind Lady Zhen, Xie Yujia was a bit surprised when she saw Duan Yao rushing over.

Even a peak Qian-level cultivator might not be able to fight more than a dozen Qian-level and Kun-level cultivators.

Stepping on the fire wheels and with two swords in her hands, Duan Yao looked like a dashing demonic girl with her black hair fluttering in the wind.

Dang! Dang... Stepping on the fire wheels, Duan Yao’s sword techniques were elegant and light, and her black pleat skirt spread like a flower when she spun. Her movements were swift and beautiful.

She wore a pair of black leather shoes which accentuated her beautiful legs; Lady Zhen had bought those for her at downtown.

When Xie Yujia got the message from the golden shield in East Ocean University, she immediately contacted Lu Linlin and Lu Lili.

She had planned to bring the Lu sisters to rescue Hao Ren, but the usually fearless Lu sisters didn't act immediately. Instead, they seemed cautious.

From the communication between the golden shield and Little White, they understood that Zhen Congming had also been caught.

After some discussion, they decided to go to Lady Zhen in the Demon Sea.

Thinking that the Demon Sea would be extremely dangerous, Lu Linlin and Lu Lili guarded Xie Yujia carefully. However, when the demon beasts in the Demon Sea saw Lady Zhen's mark on Xie Yujia's shoulder, none of them dared to come out!

Despite their unstable realms, Lu Linlin and Lu Lili had reached the Soul Formation Realm, which meant that they were not to be messed with!

After learning that the Dragon God Shrine captured Hao Ren and Zhen Congming, Lady Zhen agreed to come to their rescue. She brought Duan Yao out of the Demon Sea and came to East Ocean City.

Xie Yujia and the Lu sisters were relieved that Lady Zhen agreed to help. However, she wasn't in a hurry. Instead, she took Duan Yao shopping in East Ocean City!

With her son locked in the Dragon God Shrine, Lady Zhen was in the mood to go shopping!

While Xie Yujia wondered if she should break into the Dragon God Shrine herself and rescue them, Lady Zhen finally came out from the fitting room in satisfaction and flew toward the Dragon God Shrine at a leisurely pace.

Lady Zhen looked as if she were taking Duan Yao on vacation instead of coming out of the Demon Sea on a rescue mission!

Ding! Ding... About a dozen level 3 inspectors surrounded Duan Yao.

Since the dragon cultivators preferred battling at close range instead of shooting dharma treasures from the distance, they surrounded Duan Yao and attacked her with weapons.

Stepping on the fire wheels, Duan Yao's movements were light and elegant while the black pleat skirt floated up, revealing her white legs. Although she was of the same age as Zhao Yanzi, she had begun to show her charm after staying with Lady Zhen.

"Ok. Yao, that's enough." Seeing Duan Yao beginning to sweat, Lady Zhen flew into the high sky, waved her hand, and knocked the inspectors away with a gush of demonic wind.

Duan Yao returned to Lady Zhen's side, and she withdrew the swords and remained silent while pouting. Her face was flushing charmingly.

Bang!

Meanwhile, the Deputy Shrine Masters rushed out from the building.

With a slight smile, Lady Zhen flicked her fingers and shot out nine pills condensed by nature essence.

The nine Deputy Shrine Masters rushing from the Dragon God Shrine hurried to block.

However, they were no match for Lady Zhen, an external demon king, and they were sent flying backward for dozens of meters and crashed onto the platform.

Some of them tried to get up but were pressed back by a light flick from Lady Zhen. They couldn't even jump to their feet.

Watching Lady Zhen in amazement, Xie Yujia seemed to get some inspiration for her archery techniques.

Lu Linlin and Lu Lili looked at Lady Zhen's great power cheerfully, knowing that she could get Hao Ren out.

Since they had caused upheaval on Seventh Heaven, they probably would have to return. Thus, they didn't dare to make more trouble.

In the Heavenly Prison, Qin Shaoyang sensed the violent shaking of the platform, and he caught a table at the center of the Heavenly Prison hurriedly and looked up at the black ceiling in alarm.

After the initial alarm, the prisoners suddenly yelled with excitement.

Bang! The Dragon God Shrine shook again violently, and the black stones that created this building seemed as if they would collapse.

"Let them go!" Lady Zhen's loud voice came from the outside of the Dragon God Shrine.

Clutching on a table, Qin Shaoyang managed to stand up and listened carefully.

Ever since the establishment of the Dragon God Shrine, it was the first time that someone dared to attack it.

"This attacker seems very powerful!" Qin Shaoyang thought.

"Mrs. Hong... Please calm down." A voice suddenly came from the Dragon God Shrine.

This voice wasn't thunderous, but it traveled very far.

"Kui! If you don't let them go, I'll reveal your secrets and destroy your Dragon God Shrine!" Lady Zhen yelled.

Hovering in the high sky on the cloud-shaped Ruyi Cloth, Xie Yujia looked at Lady Zhen by her side and sensed the overwhelming aura.

Only half an hour ago, she had been leisurely shopping at East Ocean City. Half an hour later, she was shattering the Dragon God Shrine's array formation and forcing the highest organization of the Dragon Tribe to release its prisoners!

"Mrs. Hong, are you forcing me to battle you?" The voice in the Dragon God Shrine got tougher.

Standing on the platform outside of the Dragon God Shrine, the nine Deputy Shrine Masters all looked up in astonishment.

The Shrine Master who had faced the wall for hundreds of years and whose nature essence was not even detectable to the nine Deputy Shrine Masters was going to show his power!

His rivals were two Soul Formation Realm cultivators and one eternal demon king.

“Good. If you attack, you’ll break the promise of never coming out the shrine!” Lady Zhen said lightly with her arms crossed over her chest.

With her two gold earrings and the gorgeous hairstyle, she showed the presence of a calm aristocratic lady.

After hearing Lady Zhen’s words, the voice in the Dragon God Shrine didn’t respond.

Crack!

In the Heavenly Prison, the cells that were locking Hao Ren and Zhen Congming opened automatically.

Qin Shaoyang looked at Hao Ren in astonishment.

Knowing that his mom was here to rescue him, Zhen Congming decided to throw a tantrum and stayed inside the cell.

However, an invisible force supported his back and pushed him through the stone gate that had suddenly opened.

Hao Ren was also tossed out of the Dragon God Shrine by the same mysterious force without any resistance.

“Humph!” Lady Zhen spread her hands, and two forces came toward Hao Ren and Zhen Congming, steadying their bodies.

Then, she turned abruptly and led Hao Ren and Zhen Congming away.

Chapter 743: The Chosen One by the Heavenly Dao...

Hua... When Hao Ren and the others turned to leave, the three metal-elemental dragon cultivators were also released from the Dragon God Palace.

Seeing Hao Ren, they didn’t dare to mess with him. Instead, they fled to the opposite direction, didn’t want to get close.

A demon king who could destroy the Dragon God Palace and the twin Soul Formation Realm cultivators were more than they could handle!

They wouldn’t dare to make trouble for Hao Ren again even if they could get the chance to enter Ninth Heaven, let alone only Wang Shitong’s cave abode.

Looking back at the three metal-elemental dragon cultivators who fled in a different direction, Hao Ren turned his gaze to Lady Zhen by his side and asked, "Didn't Su Han come back?"

Lady Zhen glanced at him in exasperation. "Do you want me to attack the Dragon God Palace with an inspector?"

"Ugh..." Hao Ren was speechless.

The golden shield which had come with Xie Yujia hovered beneath Hao Ren's feet, supporting him.

"She's trying to break into peak Qian-level in the Demon Sea and will be back in a few days," she continued.

"Got it." Hao Ren nodded. When he didn't see Su Han, he had been worried.

Lady Zhen glanced at Hao Ren again and said, "They were lenient on you."

While she spoke, she placed her hand onto Hao Ren's shoulder.

A surge of powerful demonic essence suddenly entered Hao Ren's body, and he felt like his withered meridians were instantly filled up while his exhausted nature essence was replenished.

Yue Zilong had shattered his sword energies but didn't destroy his meridians, which meant that Yue Zilong wasn't cruel toward him.

"The 1,000-year cultivation strength of a peak Qian-level dragon cultivator, the origin essence of a Soul Formation Realm cultivator, your own cultivation strength, and my demonic essence..." Lady Zhen looked at Hao Ren and said, "The miscellaneous energies in your body are enough to have a party."

Hao Ren shook his head helplessly. Ever since he began cultivation, he had indeed gotten all kinds of energy injected into his body, including Zhao Haoran, Old Grandma, Su Han, Lady Zhen, the Lu sisters, and even Little White... These energies had the same basic properties, but different features, and they were all gathered in his body, causing different effects.

"You are lucky that you didn't die from it. An ordinary person would have died if such a mixture of energy entered the body," Lady Zhen said.

Hao Ren knew that he should thank the Light Splitting Sword Shadow Scroll which could control different energies with different sword energies, making them at peace in his body.

However, with his increase of realms, he would need purer nature essence, which meant that he would have to refine these different energies again sooner or later.

Hao Ren activated the demonic essence that Lady Zhen injected into his body and unblocked all the meridians, recovering the realm of mid-tier Xun-level.

"Well, Yao asked me to rescue you as well," Lady Zhen glanced at him and said.

Flying by her side, Duan Yao remained silent.

"Can I leave Yao in your care for a few days?" Lady Zhen asked while turning her bright and cold gaze toward him.

“Ugh. Not at all,” Hao Ren answered.

After being rescued by Lady Zhen from the Dragon God Palace, he couldn't refuse such a small request.

“Well. Since Qin just came back to life, I plan to travel around the world with him, but I'm afraid this little girl will get bored alone in the Demon Sea,” Lady Zhen said.

Sweat popped out on Hao Ren's forehead when he heard this explanation. Then, he glanced at Duan Yao and realized that she still looked cold.

Perhaps due to her outfit or the fact that she had reached the Nascent Soul Realm under the guidance of Lady Zhen, Duan Yao now looked like a small demonic girl. Although her movements were not as charming as Lady Zhen's, she was quite attractive.

“You can take her with you, and I'll come and pick her up in a few days,” Lady Zhen said.

Suddenly, Hao Ren felt like Lady Zhen had rescued him so that he could take care of Duan Yao in the city instead of doing it because of their good relationship.

“Or... did Duan Yao pick me to take care of her?” Hao Ren pondered.

Hao Ren glanced at Lady Zhen's pretty profile again and gave her the benefit of the doubt.

He suspected that Lady Zhen and her Qin probably wanted to leave the Demon Sea temporarily to avoid something and didn't want Duan Yao to stay in the sea during this period.

“Perhaps Lady Zhen's husband would need to battle a powerful enemy, and Lady Zhen wants to guard the Demon Sea with him but didn't want Duan Yao to take the risk with her...” Hao Ren guessed in his mind.

Lady Zhen's expression was mild while a mysterious smile appeared, making it hard for Hao Ren to understand her true intention.

Stepping on his black disk, Zhen Congming was flying ahead of Lady Zhen, trying to get back and see Wu Luoxue.

Seeing his impatience, Lady Zhen reached out and hit him on the back of his head.

Zhen Congming who had been flying at a great speed dashed forward more than ten meters before looking back angrily. When he saw that it was Lady Zhen, his expression immediately turned silly.

“I didn't plan on saving you.” Lady Zhen gave him a cold look.

While maintaining his silly smile, Zhen Congming finally slowed down and flew alongside Lady Zhen, asking charmingly, “Mom... Do you have Demon Transformation Pills?”

Goosebumps appeared on Hao Ren's skin when he saw the usually fierce Zhen Congming looking this way, wondering if all demon beasts were like him.

“For what?” Lady Zhen looked at him coldly.

“Ugh... This...” Zhen Congming didn't know how to respond.

“You always make trouble on land. Now that your dad woke up, you will rule the Demon Sea one day...” Lady Zhen looked at him and said, “I’ll give you two choices.”

Zhen Congming turned to look at her cautiously.

“The first is to return to the Demon Sea with me. Your dad wants to see you and check your cultivation progress.”

Zhen Congming looked at her and swallowed his saliva, looking reluctant.

“The second is that you can stay in East Ocean City but under one condition.”

Zhen Congming looked up immediately.

“I know you like Wu Luoxue. If you can win her heart, I’ll let you stay outside of the Demon Sea temporarily,” Lady Zhen said.

Hearing her words, Zhen Congming’s eyes brightened.

He was indifferent as to where he stayed as long as he could see Wu Luoxue; that was why he wanted to stay at East Ocean City. He had thought that his mom would object his love toward Wu Luoxue, but she gave him approval!

Zhen Congming was so excited that he almost danced. He had obeyed Lady Zhen in every way possible when he was little, and his lifestyle changed after he was taken out of the Demon Sea by Qiu Niu.

After Lady Zhen came and rescued him, he had thought that he would be brought back to the Demon Sea. However, she had allowed him to remain in East Ocean City and even gave him the mission of pursuing his beloved girl!

Boom!

The group broke through the clouds and entered East Ocean City.

While Hao Ren, the Lu sisters, and Xie Yujia flew toward their home by the sea, Zhen Congming hurried toward LingZhao Elementary School, feeling driven with his mom’s support.

“Yao, go with them.” Lady Zhen looked at Duan Yao and pointed toward the direction of Hao Ren.

Duan Yao bit on her lower pink lip and followed Hao Ren while two spinning fire wheels appeared beneath her feet.

Lady Zhen turned half a circle in the high sky and suddenly released a wave of green light.

The green light spread outward with her in the center. As if it were a response, a slim white light appeared at one location in the city.

Lady Zhen instantly turned into a beam of green light and flew toward that direction.

After cultivating for hundreds of thousands of years, she had some understanding of the Heavenly Dao, and she felt like some changes would happen to the layout of the world.

Since Hao Ren had become Zhen Yuan Zi's brother, it meant that Zhen Yuan Zi approved him. By sending Duan Yao to Hao Ren's side, Lady Zhen wanted her to stay out of the unpredictable world disaster.

She had initially liked Duan Yao's physique and personality, so she had taken the latter to control the Kunlun Godly Lamp. However, Duan Yao had shown extremely good cultivation talent and could truly become the No.1 Demonic Girl in the world.

Ding!

Lady Zhen landed at the entrance of a coffee shop, and the people on the bustling street didn't notice her sudden appearance.

In her grey coat, Lady Zhen pushed open the door and saw a long-haired woman in a white windbreaker savoring a cup of coffee on a seat by the window.

She looked up and saw Lady Zhen. Then, she turned her eyes toward the street outside of the window.

Lady Zhen walked over like a breeze and sat down across from her.

"Long time no see Bai Ze," Lady Zhen said.

"Mrs. Hong, it has been a long time," the beautiful woman named Bai Ze answered mildly.

"Qin Hong is now resurrected," Lady Zhen unbuttoned her coat and ordered a cup of coffee before continuing.

"Ok." Bai Ze looked at Lady Zhen. "What do you want me to say?"

"Let's forget about the past," Lady Zhen stared at her and said.

"I'm no longer the No.2 Demon King of the Demon Sea. As a mortal woman, I don't care if the world is changing drastically." Bai Ze put down the coffee cup and said calmly.

Her white fingers were more beautiful and exquisite than the cup.

"When the chessboard moves, the chess pieces will move as well. If we join forces, the Demon Sea will be invincible," Lady Zhen said.

"The secret of the Heavenly Dao lies with that kid named Hao Ren. He is the chosen one by of the Heavenly Dao, and I'm only a bystander. I will not show my hand," Bai Ze said.

Seeing Lady Zhen still staring at her, Bai Ze said after a moment of consideration, "I'll never return to the Demon Sea, but I'm not sure if Luoxue will."

"Ok." Lady Zhen nodded and picked up the hot coffee that the waiter delivered to her, but she didn't drink it.

"Congming has Qin Hong's eyebrows and eyes and your personality." Bai Ze stood up slowly and said, "You and Qin Hong are a couple, and I no longer hold a grudge against you."

Lady Zhen turned her head slowly and watched this beautiful woman in white walk out of the glass door and disappear in the crowd quietly.

Chapter 744: The Leader of Global Biology Circle

While Lady Zhen met up with Bai Ze, Hao Ren, Xie Yujia, and the Lu sisters had just returned home.

Wagging its tail, Little White ran out of the house to welcome them.

“Why! Don’t you have school today?” Seeing Xie Yujia and the Lu sisters returning, Grandma asked with pleasant surprise.

Hao Zhonghua and Yue Yang were home; one was arranging files while the other prepared dinner.

Hao Ren had been locked in the Dragon God Shrine for one day.

Zhao Yanzi was reading on the sofa, and she immediately jumped up when Hao Ren and the others came in.

She wore a pale coffee-colored long sweater over a pair of black long cotton stockings which accentuated her legs.

The cotton stockings covered from her feet up to her thighs, looking youthful and tempting. A girl at Zhao Yanzi’s age wouldn’t wear silk stockings, but she looked quite s*xxy in these long cotton stockings.

However, her face changed when she saw Duan Yao behind Hao Ren, and the latter’s long bare legs beneath the black pleat skirt.

“Isn’t that Yao? You came to revisit us?” Grandma looked at Duan Yao who was behind Hao Ren and asked with a smile.

“Yeah.” Duan Yao nodded slightly.

Seeing that Lady Zhen wasn’t with them, Zhao Yanzi knew instantly that Duan Yao would live here for a while, which deepened the scowl on her face,

She burned with jealousy when she saw Duan Yao emitting the aura of top-tier Nascent Soul Realm.

“Hello, Grandma.” Duan Yao placed her hands on her white knees and bowed slightly.

“Oh, good girl. Don’t you feel cold wearing so little?” Seeing Duan Yao being politer than before, Grandma was pleased and walked over, pulling Duan Yao into the living room.

Now that the weather had turned chilly, most people in the city had put on clothes for the fall and even dug out their winter jackets. However, Duan Yao still wore a black pleat skirt which wasn’t even reaching her knees. It made Grandma begin to lament about how young girls nowadays didn’t know how to take care of themselves.

The house was warm inside. Yue Yang who had been cooking in the kitchen waved at them through the glass door of the kitchen when she saw Hao Ren and the others coming home. Although she wasn’t a good cook, she had been learning from Zhao Hongyu to win back Grandma’s heart. Her cooking skills were improving gradually.

Seeing Zhao Yanzi here, Hao Ren knew that she had stayed here to protect his family. Also, he knew that she was displeased with Duan Yao here.

However, Duan Yao was Lady Zhen's beloved disciple, and Lady Zhen had saved Hao Ren before. Therefore, he had to do her this favor and didn't have any other thoughts about her.

"She will stay here for only a couple of days and go back very soon," Hao Ren walked over and whispered in Zhao Yanzi's ear.

Zhao Yanzi squirmed her shoulders, still unhappy.

Hao Ren took her shoulders and brought her into his arms, patting her on the back. Hao Ren was quite moved that Zhao Yanzi had stayed in his home to protect his family at this critical moment.

Being taken into Hao Ren's arms in front of everyone in the living room, Zhao Yanzi blushed instantly and pounded her fists on his chest before walking out of his loose embrace.

She had been worried in the past dozen days when Hao Ren vanished. After he returned, he was captured by the Dragon God Shrine.

She hated herself for not being powerful enough to rescue Hao Ren from the Dragon God Shrine. However, Xie Yujia had bravely gone to the Demon Sea to get help, and she had brought Hao Ren back.

Thinking of Xie Yujia's deep feelings for Hao Ren, Zhao Yanzi felt weird inside but was still grateful toward her.

"Hehehehe..." Grandma laughed when she saw Hao Ren hugging Zhao Yanzi.

Duan Yao bit on her lip, feeling a bit jealous.

"Where's Dad?" Hao Ren asked.

"In the study room. He published an article a few days ago and has been extremely excited about it. He locks himself in the study room the moment he comes home," Grandma complained.

"Ok..." Hao Ren walked to the study room and knocked before opening the door.

Hao Zhonghua was at the desk, reading a file in German which he had just printed out. Hearing Hao Ren pushing open the door and entering the room, he finally raised his head.

He was so engrossed in the readings that he didn't come out to greet Xie Yujia and the others; he didn't even hear them!

"Oh, you're back?" Hao Zhonghua saw Hao Ren and asked in a distracted way.

Hao Ren had just gotten home after taking a leave from school for more than ten days, but Hao Zhonghua had responded mildly to his return, which meant that his mind was still on the file which he was reading.

"Dad, how is your dragon-searching project going?" Seeing the girls chatting with Grandma in the living room, Hao Ren closed the door behind him and got to the point.

“Well! You got the news too?” Hao Zhonghua raised his head abruptly with eyes full of thrill and excitement like a kid who saw his favorite toy. “The opportunity is given to the prepared people! Last time when the waves surged up, a scale flowed in, and I put it away without your notice. Then, I took it to the research institute for analysis. Can you guess what I found?”

“What did you find?” Hao Ren asked.

“It is a creature that we have never discovered before! Since the people all discredited my hypothesis, I took it to the institute to analyze in secret and extracted a special genetic sequence. I found that it came from a creature whose genes are superior to our humans!”

“Then... Have you published it?” Hao Ren asked.

“To create a sensational effect, I didn’t want to keep the research results to myself. I cut the potential dragon scale into about a dozen pieces and sent them to the top biologists in the world, asking them to study them in secret. The day before yesterday, we published articles on the same topic at the same time!”

Hao Zhonghua said excitedly.

Standing in front of the desk, Hao Ren felt a bit dizzy.

With all the top biologists in the world publishing the newest research, it was a heavy bomb in the quiet science circle!

Any scientists with some experience could sense that it was a big discovery worthy of a Nobel Prize!

This scientific project of searching for dragons had achieved a breakthrough! What was more? It was a joint move of all the top research organizations in the world!

“The most astonishing discovery is that there is a special energy fluctuation on the fragments. Even though it is weak, it is completely different from other creatures!” Hao Zhonghua continued.

Hao Ren shivered, thinking, “That is the scale of a metal-elemental cultivator. It can be made into a dharma treasure, so of course, it’s different!”

If there were dragon blood on the scale, and the scientists used this to nurture an embryo in the lab, it would be a bigger problem!

If Hao Zhonghua had studied the issue all by himself, the things would be easier to handle. However, he had sent the dragon scale fragments to different laboratories around the world and asked them to research and publish results together, which gave the Dragon God Shrine a problem that was almost impossible to solve!

“What do you think? Are you dumbfounded?” Seeing Hao Ren standing there, Hao Zhonghua asked proudly.

He rubbed his chin and laughed, “I told you that there are dragons, and I would find proof! Now that all the scientists in the world are hooked, we might find real dragons very soon!”

In the past couple of days, he had been busy contacting scientists from all over the world, and new developments continued to come to him. Hao Zhonghua who had initiated this project had become the leader of the global biology community

By giving out the fragments, Hao Zhonghua had piqued the interest of the top biologist all over the world and enlisted them under his program to some extent!

He didn't hope for the Nobel Prize. Instead, he just hoped that this project could obtain a final satisfactory result!

Looking at Hao Zhonghua whose face glowed with excitement, Hao Ren knew why the Dragon God Shrine wrote, kill if necessary, on the mission booklet.

Hao Zhonghua who had started the whole thing was now the leader of this project!

"How come you two have a common topic today?" With her sleeves rolled up, Yue Yang pushed open the door and walked in from the living room. "Dinner is ready!"

Just coming out of the kitchen, Yue Yang was also glowing as she sweated a little.

She had known about Hao Zhonghua's research progress on the golden scale, and this important sample which had been cut into pieces and sent out all over the world had attracted great attention!

Yue Yang had been sulky in the beginning since Hao Zhonghua had hidden this important discovery from her. However, when the world turned their eyes to Hao Zhonghua and made him the leader of the global biology circle, Yue Yang felt very proud.

When Hao Zhonghua began the project, all their friends and families thought that he had lost his mind. But now, he made the biggest discovery of the century!

Yue Yang seemed to regain the admiration that she had for her husband when they were young!

"Let's go and have dinner!" Hao Zhonghua patted Hao Ren on the shoulder and threw his arm over Hao Ren's neck while they walked out to the living room.

Xie Yujia and the Lu sisters were setting the table, and Duan Yao also helped them spread the tablecloth in her black pleat skirt.

Hao Ren knew that the situation had gotten out of control. Unless they could take care of Hao Zhonghua, eliminate the project from the top, and make a mess of the information to make it seem like a huge error in science history.

"Girls! Sit down and have dinner!" Also glowing, Grandma called out to the girls in the room.

Grandma snorted when she saw Hao Ren coming out of the study room with Hao Zhonghua and Yue Yang.

She thought, "This naughty boy! He was away from home for more than ten days, and he keeps on going missing! If he doesn't leave a baby for the Hao Family, I'll never let him out the door!"

Ugh... For some unknown reason, Hao Ren shivered suddenly.

Chapter 745: Can't Hold It Back Anymore

It was such an enjoyable dinner. Hao Zhonghua and Yue Yang were in a good mood, and Grandma was amused by Lu Linlin and Lu Lili the entire time.

Grandma was having a good time, but she missed Su Han.

Since Zhen Congming didn't come back home, his room could be given to Duan Yao. Lu Linlin and Lu Lili stayed in the same room with Xie Yujia since they were skinny enough to sleep on the same bed.

Then, Zhao Yanzi went to bed with Grandma.

The house went back to silence after everyone took bathed and fell asleep.

Little White hopped into Hao Ren's room, and she squeezed under the blanket and laid beside Hao Ren's feet.

It was a quiet night. Hao Ren cultivated for a while and then thought about his dad's project. He felt like it was irresolvable.

In order to create a sensation, Hao Zhonghua set up everything secretly and then united others to make the announcement, which left the Dragon God Shrine no time to react.

Hao Ren was no longer an inspector, so he didn't know what the Dragon God Shrine would do next. After mulling it over, Hao Ren started to have a headache. Therefore, he gave up and went to bed.

Beside his feet, Little White coiled up like a fluffy ball of fur.

"Little White, you are going to follow my dad around and keep him safe these days, got it?" Hao Ren asked as he lightly stepped on Little White's belly.

"Ruff, ruff..."

Little White responded while snuggling under the blanket.

Usually, she would turn into her human form to act cute in front of Xie Yujia and Zhao Yanzi, but that didn't work on Hao Ren. Therefore, she didn't bother transforming into her human form when she was about Hao Ren.

Staring at the grey ceiling, Hao Ren uttered a long sigh as he had no clue how things would go afterward.

In the room next door, Zhao Yanzi was keeping Grandma company. After she noticed that Grandma had fallen asleep, she got out of the blanket quietly, bent down to get her slippers, and then walked toward the door on her tiptoes.

Grandma who was sleeping suddenly opened her eyes and smiled when she saw Zhao Yanzi disappearing at the door.

Grabbing the slippers, Zhao Yanzi walked to Hao Ren's room next door, opened the door quietly, put down the slippers, and lifted Hao Ren's blanket without any noise.

Hearing Zhao Yanzi walking in and seeing her get under the blanket, Hao Ren coughed slightly as he got a little nervous.

Zhao Yanzi's light brown long sweater was in her arms; she was only wearing a tight-fitting long sleeve shirt with a pair of black cotton stockings.

She threw her sweater on Hao Ren's blanket and then snuggled her way into his blanket. Suddenly, she gasped as she found Little White lying beside Hao Ren's feet. Therefore, she reached out her hand and pulled the fluffy and soft Little White out of the blanket.

"Go!" Zhao Yanzi pushed the window open and threw Little White out. Then, she sneaked into Hao Ren's bed to sleep with him. How could she let Little White stay with them?

With her innocent eyes wide open, Little White fell off the second floor, but she pushed open the window on the first floor and got into Xie Yujia's room.

Suddenly, the screams of the three girls sounded. It was clear that Little White took advantage and snuck into their bed.

"What's the matter!" Zhao Yanzi turned around suddenly and looked at Hao Ren aggressively.

The way she talked made it seem like it was Hao Ren who sneaked in secretly, which weakened Hao Ren's courage. Therefore, he couldn't say anything.

Zhao Yanzi closed the window before going back to Hao Ren's bed. The pair of black cotton stockings that she wore weren't so thick; they felt more like silk stockings as they passed by Hao Ren's knees.

Hao Ren thought back to how Zhao Yanzi looked when he came back, and he found her a little s*xxy.

Also, Zhao Yanzi's tight-fit cotton shirt was so soft that Hao Ren was able to feel her beautiful and smooth back when she leaned against him.

"This girl is getting more and more... She has such nerve that she came to my bed at midnight without saying anything..." he thought.

Hao Ren touched her tiny waist and then her thighs, finding that she had pulled up her stockings quite high.

Actually, it was Hao Ren's first time touching this kind of stockings. When he saw them, he always thought that girls with slender legs would look elegant in them.

He didn't expect that Zhao Yanzi was wearing these stockings instead of her uniform.

Leaning against Hao Ren, Zhao Yanzi got nervous as she noticed that Hao Ren was touching her stockings.

She always thought that Hao Ren was a pervert, but she couldn't help going to his bed.

She just wanted to dress up a little, but she didn't know that her outfit was exactly Hao Ren's preference. One of the reasons for sneaking into Hao Ren's room was that she missed him, and the other was to guard him against Duan Yao.

If she didn't come, she felt like Duan Yao would probably show up at night...

Breathing quietly, Hao Ren reached one stocking at the top of her thigh before slowly rolled it down her leg.

He didn't know how to take off girl's stockings, but most of her thigh was exposed as he rolled the stocking down, bit by bit.

Although Zhao Yanzi was under the blanket, Hao Ren's palm was still able to touch her, which made her too nervous to either move or hide.

"You are always like this... damn! Pervert!" Although she was screaming in her head, Zhao Yanzi was still quite excited.

Hao Ren rolled the stockings down to Zhao Yanzi's lower leg before taking them off while touching her soft foot.

This was a first.

"Fine! That's so annoying!" Feeling Hao Ren touching her other leg, Zhao Yanzi puckered up her leg and took off the stocking immediately.

It gave her goosebumps as Hao Ren took off her stocking.

"Huh..." Hao Ren was a little disappointed. He felt like girls looked better with the stockings on, and the tight-fit made the curves of the legs more charming.

Under Zhao Yanzi's cotton shirt was her tiny underwear. As soon as Hao Ren's hands passed it, she immediately covered both sides of the underwear with her hands.

Hao Ren didn't have any other intention; all he did was place his hands on her tummy and hold her in his arms.

There was no need to say anything at this moment.

In her tiny underwear and wrapped by Hao Ren from behind, Zhao Yanzi was nervous, and her face was flushed. She started to regret coming here since she just set a trap for herself.

Hao Ren's mouth moved closer to her ear, and he couldn't hold in his laughter anymore.

The more that Zhao Yanzi tried to straighten up her body, the firmer her body became.

Hao Ren didn't mean to take advantage of her, but it was quite impossible for her to avoid becoming his adorable wife now.

Laying on her side and being wrapped by Hao Ren arms, Zhao Yanzi was aware that she and Hao Ren would do this eventually.

"The reason for me coming here is... to ask you if..." Zhao Yanzi turned around suddenly and stared at Hao Ren. "You..."

Hao Ren looked at her adorable face from such a short distance as he whispered, "What?"

Seeing Hao Ren staring at her as if he would kiss her at any moment, Zhao Yanzi's face became even redder.

"You are such a pervert!" Zhao Yanzi said while biting her lips.

Hao Ren smiled; he had to admit that he liked Zhao Yanzi deeply and had already taken her as his adorable wife in the future.

"Humph!" Zhao Yanzi turned back suddenly and hid her head under the blanket.

Hao Ren was wrapping her belly, but his hands slid to her chest as she moved down a little.

"You..." Zhao Yanzi turned silent after she let out one word.

Hao Ren was just cuddling with her and didn't make any moves.

Any move would be sensitive.

While holding her chest, Hao Ren's palm moved slightly, and Zhao Yanzi raised her shoulders and adjusted her breath.

"I like you," Hao Ren whispered.

He didn't lie since their relationship had gotten deeper and deeper. They wouldn't end up being together if they weren't suitable or attracted to each other.

Zhao Yanzi was about to go to high school, and her body started to have more curves as she turned 16.

Although she seemed to be skinnier than other girls in her class, that was all because she exercised a lot. Therefore, her legs and waist were slender. She had a nice figure in terms of body proportion.

"You are... such a pervert." While biting her lips, Zhao Yanzi complained as she moved her shoulders clumsily. Being cuddled from behind made her feel quite hot.

Hao Ren's hands were still on her chest. Being cuddled from behind made her feel quite hot.

As Hao Ren lifted his hands carefully, Zhao Yanzi became more nervous about moving. Even a one-inch move would cause dramatic thoughts in her mind.

Her breath went unstable with the slight movement of Hao Ren's hands.

As her heart raced, Hao Ren's head was passing her ear slowly; he was so close to kissing her lips.

Zhao Yanzi's chest went up and down dramatically, but she was too scared to move noises. The moist on the tip of her tongue had almost suffocated her.

"Hao Ren looks like a nerd, but how can he handle this so well?" she thought.

Hao Ren was actually nervous as well since his room was in between his grandma and parents' rooms. He was worried that Zhao Yanzi wouldn't be able to take it and scream.

While pinning down Zhao Yanzi's slim but curvy body, a thought crossed Hao Ren's mind, "Her body will be even more mature after half a year or a year."

“Hum!” Zhao Yanzi suddenly bit Hao Ren’s tongue and said, “You must have done something with Sister Su!”

Hao Ren raised his head in a hurry and stared at Zhao Yanzi in the moonlight.

Zhao Yanzi had doubts about Su Han and Hao Ren when they went to the Nine Dragon Palace, and she was about to press Hao Ren for an answer when she came in. However, she didn’t expect herself to fall into his trap.

As she was about to fall for Hao Ren, she noticed that he seemed to be very experienced, which was quite questionable.

“Or did you also do something with Xie Yujia...” Zhao Yanzi then suddenly stuck out her chest and stared at Hao Ren angrily.

“Don’t tell me that I’m not the first...” Zhao Yanzi felt impatient when thinking about this.

Hao Ren had been very reserved, but what happened in the Nine Dragon Palace was out of his control zone. He always behaved himself when he was with Xie Yujia and the Lu sisters, and the only intimate relationship that he had before was with Zhao Yanzi.

It was incredibly hard for a man to do that.

“Little Zi, are you jealous? Don’t worry. I would only stay with him if he can defeat me,” a voice sounded outside the window.

Chapter 746: All the Men Are Perverts!

Hao Ren surprised, and his shoulders which were raised by Zhao Yanzi’s hands collapsed back onto her because of this.

He didn’t expect Su Han to return from the Daemon Sea and appear outside his bedroom window.

Su Han’s voice disappeared gradually.

Zhao Yanzi’s face turned red, and she punched Hao Ren on his shoulders with full strength.

In reality, Su Han just showed up beside Hao Ren’s bedroom. She was cultivating in the Demon Sea, and the Nuwa Stone inside her body was suddenly triggered, helping her reach peak Qian-level.

She got out of her room and was about to say farewell to Lady Zhen when she was informed that Hao Ren’s family was in trouble, and Lady Zhen had left to rescue them. Therefore, she flew from the Demon Sea to Hao Ren’s home this late at night.

However, she found that everything was in peace when she arrived at Hao Ren’s home. As she was about to jump onto the balcony of his room and knock on the door to figure it out the situation, she noticed that Zhao Yanzi was in Hao Ren’s bed ‘interrogating him’.

Since the question happened to be related to her, she said something to get him off the hook.

After Su Han had already flown away, Zhao Yanzi couldn't calm down as Su Han's words seemed to hold some special meanings.

"Pervert!" Zhao Yanzi exploded abruptly and pushed Hao Ren away before she flipped over and pinned Hao Ren down.

Seeing the innocent and stupid look on Hao Ren's face in the moonlight, Zhao Yanzi's rage increased.

She thought that only Xie Yujia, Lu Linlin, and Lu Lili liked him but didn't know that her cold Sister Su loved him as well!

Looking at his seemingly innocent face, Zhao Yanzi didn't know how she could vent her anger. She understood that Hao Ren didn't mean to mess around, but she had no idea how she should react after finding out that so many pretty girls liked her boyfriend.

What a mix of love and hate!

Zhao Yanzi hopped on Hao Ren's chest and kissed his lips heavily.

Hao Ren was stupefied for a moment as he didn't expect this kind of reaction from Zhao Yanzi.

Seeing her biting his lips like a little puppy, Hao Ren instantly froze.

Guessing Zhao Yanzi's thoughts was impossible!

"Pervert!" Zhao Yanzi said fiercely, and then she bit on Hao Ren's lips while wrapping her arms around his neck.

Dressed in her tight-fit shirt, she pinned Hao Ren down and moved her body from side to side, which made Hao Ren feel aroused.

The size of Hao Ren's bed was between a single and a twin, which wasn't too small. He held Zhao Yanzi by her slim and smooth back and flipped over gently to put her under him.

Zhao Yanzi's face was all red. She didn't get any benefits from kissing Hao Ren so crazily and also hurt him a little.

Hao Ren looked at her messy hair and felt her short breaths before staring into her dark eyes.

Zhao Yanzi calmed down slowly when Hao Ren stared at her.

Then, Hao Ren moved close to her lips like a mountain.

He gently opened her pink lips and felt the tip of her tongue behind her teeth, and Zhao Yanzi laid her hands beside her and slowly held her breath.

Hao Ren was very gentle, and she could feel that he liked her a lot.

The gentle touches gradually calmed her down. Zhao Yanzi was still unfamiliar with it, but it was at least better than last time. She used to think about how Ling did it with her boyfriend, but now she couldn't think about anything else and immersed herself into this experience.

"Ah!" She suddenly gasped.

She noticed that Hao Ren had put his hands underneath her shirt!

“He is still such a pervert!” he thought.

Zhao Yanzi tightened her body but only found that Hao Ren had already lifted her shirt. The blanket was propped up by Hao Ren’s back, and the moonlight was shining on her curvy chest.

It was quite chilly.

Zhao Yanzi’s entire body was frozen immediately due to the shyness.

Hao Ren was kissing her gently, and he wasn’t able to hold back his excitement as his hands were on top of her.

“Don’t do that...” Although Zhao Yanzi was thinking about this, her body was too soft to resist anything.

“Don’t get cold...” Hao Ren pulled the blanket over Zhao Yanzi’s shoulders. He was worried that he would have a heart attack and Zhao Yanzi would catch a cold.

“Pervert, pervert, pervert... I won’t let you kiss me!” Seeing Hao Ren was still such a gentleman under this circumstance, she grabbed his shoulder and pushed him away.

Hao Ren was pushed back into the blanket immediately, and his face passed by the lifted shirt as he felt something cold; it was Zhao Yanzi’s chest.

“Ah!”

Zhao Yanzi’s body shook as she screamed a little.

The noise awakened Hao Zhonghua and Yue Yang in the next room, but they pulled the blanket up and went back to sleep as they thought that Zhao Yanzi was sleeping with Grandma.

However, in the other room, Grandma smiled happily and mumbled, “Young people really can’t hold back...”

All the turmoil at night made Zhao Yanzi embarrassed and excited. Overall, Hao Ren took quite a lot of advantage of her. He would never allow anyone to have Zhao Yanzi, so he took her into his control as much as he could.

Zhao Yanzi just felt like she had fallen into his trap, and he kissed her anywhere possible. As a consequence, there was no way back; she belonged to him now.

What happened in the night made Zhao Yanzi feel very hot.

Hao Ren was indeed familiar with every inch of her skin, which was warm when he cuddled with her.

He looked at Zhao Yanzi’s eyes which were almost red, and he lowered his body and kissed her neck when he saw that the night was almost over.

Zhao Yanzi’s cotton underwear almost slid down her smooth legs, and her soft hands pressed onto Hao Ren’s chest like stamps.

"I'm scared..." She grabbed her long sweater and put her black stockings back on. Then, she rushed out of Hao Ren's room while holding her slippers. Her heartbeat had reached the limit, and she went back to Grandma's room in a hurry. It wasn't because she didn't want to. She had felt Hao Ren's... with her tiny hands, and she thought she wouldn't be able to...

After going back to Grandma's room, Zhao Yanzi mumbled and went on the bed with her heart racing crazily.

"Hao Ren is so bad! I'm in Grade 9 now; how can I be able to study after this!" She couldn't stop complaining, but her mind was filled with the scene of cuddling with Hao Ren.

She peeped at Grandma and found her soundly asleep, so she tapped on her chest and felt lucky.

"Thank God..."

"Ouch!" Grandmother shouted suddenly, and she turned around slowly and stared at Zhao Yanzi.

"Grandma, what happened..." Zhao Yanzi asked in a shaking voice as she felt a bit guilty.

"Ah... Grandma is getting old; I can't sleep well when someone is around. It seemed that my back isn't in a good state." While holding onto her back, Grandma looked at Zhao Yanzi apologetically as she said, "There are still few hours before the sun rises. Grandma wants to have some good sleep; how about going to Ren's room to sleep, Zi?"

Zhao Yanzi didn't know how to respond to Grandma's tentative question. She was actually not in Grandma room at night, but she couldn't tell her that.

However, Zhao Yanzi felt bad when she saw Grandma in pain. "Ok Grandma, you have some good rest."

Then, Zhao Yanzi picked up her sweater and slippers before walking out of Grandma's room and going to Hao Ren's room.

Seeing Zhao Yanzi leaving his room, Hao Ren wondered if he scared her. He didn't expect her to come back.

Without saying anything, Zhao Yanzi went back to Hao Ren's bed.

She just left less than a minute ago, and the bed was still warm. When Hao Ren touched her, the diminished feeling was back again.

"What are you scared of?" Hao Ren asked her.

Zhao Yanzi left in such a rush that Hao Ren didn't even have time to react.

"Pervert!" Zhao Yanzi said while gritting her teeth.

Hao Ren's feeling hadn't disappeared, so he turned her around and saw her pink face and watery eyes. At that moment, he was sure that she belonged to him.

Under the blanket, Hao Ren felt her legs in the black stockings, which seemed to be even s*xier.

Hao Ren took off her cotton underwear gently, and Zhao Yanzi breathed so hard that her chest kept moving up and down.

The shirt and stockings were still on, but...

Hao Ren wrapped his arms around her softly through her clothes, but it still felt so comfortable.

Zhao Yanzi knew that this was going to happen at some point, and she actually looked forward to it. After leaving and coming back, it was obvious that she couldn't back out this time.

But Hao Ren was indeed a pervert.

"Ah, ah," Zhao Yanzi felt that her heart was about to jump out of her chest. She felt a crazy pain all of a sudden, and she curled up immediately.

"It's so painful!" She frowned and pushed on Hao Ren.

Looking down under the blanket, it had already been...

Hao Ren didn't know that there would be so much pain, and he hugged her as soon as he saw her face turning pale.

"It hurts just when we... Who knows how it is going to be..." Zhao Yanzi was in so much pain that she could barely talk. All she could do was to grit her teeth and grab her sweater.

Seeing tears almost coming out of her eyes, Hao Ren realized that he was too rough, so he lowered his head and kissed her on the forehead.

"Are you ok now?" Seeing Zhao Yanzi's furrowed eyebrows relaxing, Hao Ren asked gently.

"You... are the worst!" Zhao Yanzi stared at Hao Ren and breathed heavily. Then, she kissed Hao Ren on the lips unexpectedly.

Hao Ren was so touched that he wrapped his arms around her even harder.

Zhao Yanzi might seem willful, but she actually cared about him.

Everything gradually brightened as the Sun went up. While cuddling with Zhao Yanzi, Hao Ren just stayed in the same position.

Suddenly, there was some noise downstairs, and Zhao Yanzi picked up her underwear instantly and then put on her sweater and slippers.

Hao Ren pulled up his bed sheet, and he shot out a water-elemental sword energy and a fire-elemental sword energy to clean the blood off the bed without Zhao Yanzi's notice so that she wouldn't feel embarrassed.

"I was too impatient..." Hao Ren self-reflected.

With a red face, Zhao Yanzi went out of Hao Ren's room in her slippers. She believed that she belonged to Hao Ren, so she didn't think that it had special meanings.

When she saw Hao Zhonghua and Yue Yang preparing for breakfast, she wanted to greet them. However, for some reason, she blurted out, "Mom! Dad!"

Chapter 747: Wify~

“Ah... That’s so sweet!”

Yue Yang quickly reacted and gave Zhao Yanzi a bright smile.

Yue Yang was quite surprised that Zhao Yanzi called them ‘Mom and Dad’ suddenly, but she got joyous in the next second.

In fact, Zhao Yanzi saw Hao Ren’s parents as her own ever since she became his fiancée. However, she was absent-minded today, and that was why she called them that by accident.

“Come here, Zi!” Yue Yang waved at Zhao Yanzi joyfully.

Hao Zhonghua impressed his friends in the science community incredibly with his project, which put Yue Yang in a good mood these days. Now that Zhao Yanzi called her ‘mom’, she became even more delighted.

Since Hao Zhong preferred Xie Yujia, Yue Yang liked Zhao Yanzi more.

Yue Yang had already firmly believed that Zhao Yanzi was their daughter-in-law. Right now, Xie Yujia was still calling them ‘Auntie and Uncle’, but Zhao Yanzi had called them ‘Mom and Dad’. It showed significant progress!

Hao Zhonghua couldn’t help rolling his eyes when he saw how excited Yue Yang was. In his mind, Zhao Yanzi just called them by mistake because she just woke up, and her mind wasn’t clear; there was nothing to be excited about.

Zhao Yanzi walked to the living room; she accepted the mistake and smiled at Hao Zhonghua and Yue Yang without any explanation.

The more Yue Yang looked at Zhao Yanzi, the more she liked her. She reached out her hand and patted Zhao Yanzi’s head as she thought, “She is such a sweet girl; I can’t let another family take her as their daughter-in-law.”

“Ahem, ahem...” Hao Ren coughed slightly and showed up on the stairs. Then, he called toward the living room, “Mom, Dad.”

Zhao Yanzi blushed as soon as she looked up and saw Hao Ren.

“This pervert! He took advantage of me last night, and he is pretending to be so serious right now,” Zhao Yanzi thought to herself.

When Hao Ren walked into the living room, his face turned red after he saw that Zhao Yanzi was blushing. He liked Zhao Yanzi a lot, but he had to admit that he rushed it.

No matter what, he still ‘bullied’ her.

“Auntie, Uncle!”

Xie Yujia and the Lu sisters were all dressed up and came out of the room together. Little White also ran out and jumped right onto a chair.

Seeing all of them made Zhao Yanzi's face redder. She knew that Hao Ren liked her, and she wasn't mad at all. However, she just couldn't hide her shyness.

However... on the second thought, everything seemed to be sweet except for the fact that Hao Ren rushed it a little.

"Guys are all like this..." Zhao Yanzi tried to cover the blush on her face and then cursed Hao Ren silently.

While facing Xie Yujia, she took a step back but stepped on Hao Ren's feet.

Hao Ren reached out to catch her shoulder, and his hands slid to her arms and then held her elbows, helping her to keep her balance.

If anything, Hao Ren and Zhao Yanzi only had a taste of it, and nothing more happened. Hao Ren felt terrible for her when Zhao Yanzi was in pain, and he killed his naughty thought instantly.

Otherwise, Hao Ren wouldn't be able to hold himself back.

Zhao Yanzi was also aware of that, so she knew that Hao Ren had tender affection for her. She didn't blame him at all. Instead, she felt an indescribable sweetness.

LingZhao Middle School was known for its discipline, but Zhao Yanzi had heard a lot about these things. Other guys probably wouldn't be so considerate and stop.

Seeing Hao Ren and Zhao Yanzi getting close to each other, Xie Yujia felt a bit jealous. Zhao Yanzi was only a few years younger than Hao Ren, but they looked like an ideal couple, especially when Zhao Yanzi wore those black cotton stockings which made her look more mature and s*xier.

"Well, all the girls are up now!" Grandma slowly showed up at the stairs.

"Grandma!" All the girls looked up and greeted her at the same time.

The crisp and bright greets were better than any other kinds of music to Grandma's ears, and she was immediately cheered up.

"Mom, breakfast is ready." Yue Yang said happily.

She learned how to do a lot of housework from Zhao Hongyu recently, and she had also spent more time staying home, which improved her relationship with Grandma.

"Time to eat, time to eat..." Grandma squinted her eyes while walking toward the living room. Then, she asked, "Where is Little Yao?"

"Hello, Grandma." Dressed in a pair of jeans, a grey coat, and a plaid scarf, Duan Yao walked out of Zhen Congming's room calmly.

As if she were a cat that had just seen a mouse, Zhao Yanzi's body instantly tensed up when she saw Duan Yao.

However, Grandma didn't know about the drama between Zhao Yanzi and Duan Yao. She asked all the girls to have breakfast as she loved such a lively scene.

"Don't you have to go to school, Little Yao?" Grandma asked during breakfast.

Duan Yao shook her head before looking at Hao Ren, "I'm... following him"

"Ok, you are with Ren? That's good too. Your body seems weak; it's normal to have a few days off," Grandma said.

She noticed that Duan Yao's face wasn't as glowy as Zhao Yanzi's, and Duan Yao was even skinnier. Therefore, she thought that Duan Yao was the kind of girl who always got sick. What she didn't know was that Duan Yao was hundreds of times stronger than Zhao Yanzi.

After breakfast, Hao Zhonghua and Yue Yang had to go to work in the city, so they brought everyone to school on the way.

Duan Yao seemed determined to follow Hao Ren; she even sat beside him in the car without saying anything, which made Zhao Yanzi angry and speechless.

Yue Yang parked her car in between LingZhao Middle School and East Ocean University. When Hao Ren got off the car, so did Duan Yao.

"I will... come to have lunch with you!" Zhao Yanzi looked at Duan Yao and then said to Hao Ren.

Hao Ren nodded with a smile on his face.

She didn't wear her uniform to school today, and the teachers would definitely scold her. However, she would also draw the attention of the boys.

Nevertheless, Zhao Yanzi, who was mischievous and coquetry in front of Hao Ren, had never given any attention to those boys.

She would only let Hao Ren see her sweetness as well as her shyness.

Seeing Hao Ren looking at her, Zhao Yanzi recalled what happened last night, and she blushed immediately. Then, she stomped her feet and ran to her school.

After seeing Zhao Yanzi disappearing into her campus, Hao Ren looked back at Duan Yao who was beside him.

Duan Yao raised her head slightly and looked back at him.

She was appropriately dressed. With the jeans, sports shoes, white shirt, grey coat, and a scarf that kept her warm, who would ever think that she was a female cultivator that once lived on Sixth Heaven?

"You really want to follow me?" Hao Ren asked her.

Duan Yao nodded slightly.

"You even want to follow me to my class?" Hao Ren asked again.

"Um."

"How about going to the washroom?"

"Um."

Hao Ren was at a loss for words. It was clear to him now that Duan Yao had no idea what class and washroom meant.

Hao Ren walked into the university, and Duan Yao followed him tightly.

In East Ocean university, everyone knew who Hao Ren was. When people saw Hao Ren bringing a girl with him, they all looked at him and started discussing.

To be honest, Duan Yao was pretty since she had been cultivating since she was young. Now that she was at top-tier Nascent Soul Realm, her elegance and aura dominated most of the regular students.

Every step she took was equal in distance, and her grey coat fluttered slightly.

When Hao Ren entered the classroom, Zhao Jiayi happened to be there as well. He started yelling immediately, "What the heck? You finally came back after disappearing for so many days."

However, the guys were all stunned when they saw a girl with Hao Ren.

They had never met this pretty little girl before. She looked quiet, but the fierce lights in her eyes revealed that she was a tough character.

"Gongzi!"

Since Hao Zhonghua drove faster, Xie Yujia and the Lu sisters had been in the classroom already. They were sitting in the middle, waving at Hao Ren.

Hao Ren walked up to them with Duan Yao, and Duan Yan sat beside him right away, added a one-seat distance between the Lu sisters and Hao Ren.

The teacher walked in and noticed that Hao Ren brought a strange girl with him, but he didn't ask.

Any teacher who had access to the news knew about Hao Ren, who was even more important than Huang Yujia. The incomparable fame that Hao Zhonghua had internationally made Hao Ren who still had a punishment from the school a sensitive topic. If Hao Ren were punished once more, he would be expelled, but East Ocean University couldn't let that happen.

Sitting next to Hao Ren, Duan Yao looked at the things that the teacher wrote down, but she couldn't understand a thing. However, she didn't make any noise and was so quiet as a pretty doll.

Hao Ren finally calmed down. It seemed like Duan Yao was really just going to follow him around like what Lady Zhen told her.

During the break, Zhou Liren and other guys came to Hao Ren to ask about what he was up to, and Hao Ren just explained that he went to see some relatives in another city.

He could tell that the guys' intention wasn't about what he did. Instead, they were trying to have a closer look at Duan Yao, who looked fierce yet lost.

As he expected, after the guys asked him a few questions, they started to ask if Duan Yao were Hao Ren's cousin, why she came to the class with him, and how old she was.

Hao Ren didn't answer their questions directly. He got up to go to the washroom, and Duan Yao followed him to the door.

"Yujia!" Hao Ren couldn't help but ask Xie Yujia, "Can you go to the washroom with Duan Yao?"

"Sure." Xie Yujia wasn't that hostile toward Duan Yao, so she brought her to the washroom.

Duan Yao didn't know anything about modern society, so there was nothing else she could do other than following Hao Ren.

However, the lively campus and diverse crowds had triggered her curiosity beneath her calm look.

"So, this is how mortals live..."

If it were possible, she wished that she could experience life just as Zhao Yanzi had, and she wanted to live on land where there was wind, rain, snow, and frost...

"But I probably would never have the opportunity..." Duan Yao started to feel sad.

"Well... Duan Yao." Hao Ren walked a few steps before looking back and saying, "Your mom had made you a jacket, and she asked me to bring it to you."

Walking beside Duan Yao, Xie Yujia finally remembered that as well. She took the jacket out of her ring when the students around weren't paying attention and handed it to Duan Yao.

Since normal objects couldn't be stored in Hao Ren's necklace, he let Xie Yujia keep the jacket. She would have forgotten if Hao Ren didn't mention it.

While holding the soft jacket between her fingers, Duan Yao stayed silent for a few seconds and then threw it into the garbage can.

"I... do not have parents." Duan Yao walked into the cold washroom determinedly.

Chapter 748: Experiencing New Life?

Looking at the jacket in the garbage can, Xie Yujia felt like it was such a waste.

This jacket was a token of affection from Duan Yao's mom, and it was handmade by her. However, Duan Yao threw it away immediately, which was so brutal of her.

On the other hand, Xie Yujia couldn't understand how lost and terrified Duan Yao felt when she was sent to Ethereal Summit, and there was nothing that she could do if Hao Ren wanted to use her as his cultivation cauldron. Sky Mountain Sect intended to send her to Ethereal Summit to settle things down without worrying about her.

Xie Yujia saw that the jacket was still hanging on the edge of the garbage can, so she was about to take it out.

"Forget it, Yujia." Hao Ren stopped Xie Yujia.

The jacket did show Duan Yao's mother's love, but Duan Yao was such a stubborn girl that the scar in her mind couldn't be healed simply by a jacket.

Since she severed all ties with Sky Mountain, she wouldn't turn back. Lady Zhen also had such a determined and resolute personality, which was probably why she like Duan Yao a lot.

Two classes passed by quickly, and Duan Yao followed Hao Ren like a sidekick; she kept pace with him wherever he went.

Therefore, when Hao Ren went to buy bubble tea, he had to get her one as well. Assuming that she might be bored in class, he decided to get her a magazine, but he realized she couldn't read. In the end, he got her a comic book with plenty of pictures in it.

As he expected, Duan Yao sat beside him, quietly going through the comic book in the two classes.

Although she was still confused about some parts, that didn't affect her looking at the pictures.

"You should follow the numbers." Seeing Duan Yao reading in the wrong order, Hao Ren pulled the comic book over, ripped off a piece of paper, and wrote down a list of numbers so that she could follow the order.

Duan Yao nodded. Then, she started reading again in the order of the numbers and eventually figured it out.

She had taken a comic book from Hao Ren's house to the Demon Sea, but she was reading it randomly.

However, with the instructions from Hao Ren, she finally learned how to read it.

It was the easiest to understand pictures. Duan Yao was reading the comic about a heroic girl, which was easy for her to relate to. Soon, a smile appeared on her face.

Hao Ren smiled when he saw her immersed in the comic book like a little kid.

Duan Yao wasn't a bad person; she was only depressed by the law of the jungle in the cultivation world.

At noon, Zhao Yanzi showed up to have lunch with Hao Ren as she said.

When she saw that Duan Yao was still with Hao Ren, her face turned dark.

Duan Yao didn't care about Zhao Yanzi at all; she just stood next to Hao Ren as if she were his sister.

When she was in the Demon Sea, she would think of Hao Ren sometimes, but she couldn't tell what kind of feelings she had. Lady Zhen seemed to understand her feeling thoroughly, so she offered to bring her to land so that she could spend some time with Hao Ren.

If the turning point in her life was the day that she was sent to Ethereal Summit from Sky Mountain sect, and that was also the moment that her opinion of Hao Ren changed when Hao Ren didn't take her as a cultivation cauldron and let her go.

She hated Hao Ren because he changed her life, but another feeling appeared in her mind since she realized that Hao Ren wasn't like those old monsters who used young female cultivators as tools in cultivation.

She had never felt touched when all the male disciples in Sky Mountain Sect showed affection toward her, which could be interpreted as arrogance or coldness.

All the cultivators were about the same in the cultivation world. They used the strong female cultivators to enhance their own realms, and there wouldn't be too much affection involved. However, weak cultivators would usually choose dual cultivation while strong cultivators would have many concubines.

Therefore, Duan Yao had made up her mind a long time ago that if she had to follow someone, he had to be an incredible cultivator. She didn't have a plan for her own destiny as she could sense that Lingwu Master would decide for her.

What she didn't expect was that Lingwu Master gave her away to Herb King Master, and the latter wasn't like what she had imagined.

Mortals were just like ants in the eyes of cultivators... But now, Duan Yao felt like she preferred mortal life.

"Pervert! Buy me lunch!" Zhao Yanzi punched Hao Ren lightly.

She wanted Hao Ren to pick her up from her school, but she wasn't wearing her uniform today, which made her the most noticeable person during the morning excise. The Principal even scolded her in front of the entire school.

There would be an even bigger mess if Hao Ren waited for her in front of her school. That was why Zhao Yanzi came to him.

She was in a fantastic mood today. Her face was glowing, and Ling started to suspect that instead of being single, Zhao Yanzi had gotten back with Hao Ren.

During class, Little Ling joked with Zhao Yanzi, but Zhao Yanzi blushed, which confused Ling.

"Fine, I'll treat you to the cafeteria," Hao Ren said with a smile while grabbing her hand.

On Zhao Yanzi's white wrist, there was a green sword-shaped mark, which just looked like a tattoo. Little Ling saw this mark on Zhao Yanzi today, and she praised the latter for being so cool since she dared to get a tattoo when she was only in Grade Nine.

In fact, Zhao Yanzi mastered the trick of the hiding the mark on her body when she reached top-tier Core Formation Realm, and she hid the mark on her wrist instead of having it spread on the front of her body, which was ugly.

"Fine, cafeteria..." Zhao Yanzi took her wrist back and smacked Hao Ren on his shoulder. Xie Yujia smiled when she saw them teasing each other.

"Let's go Yujia, it is on me today," Hao Ren looked back and said to Xie Yujia, and Lu Linlin and Lu Lili opened their arms and cheered.

Dressed in black cotton stockings and a light brown casual sweater, Zhao Yanzi looked prettier than in her blue uniform, which obviously made many guys and girls in the cafeteria look at her.

"That girl has followed Hao Ren the whole day..."

“I heard that she just transferred to East Ocean university, probably a freshman...”

“There are so many people transferring here these days...”

“This is insane; so many pretty girls follow him...”

As soon as Xie Yujia and the other girls sat down, all kinds of gossips sounded in the cafeteria. Duan Yao who was the center of the discussions looked nerdy and cold, which was the opposite of Zhao Yanzi.

Hao Ren went to the line-up to order lunch, but Duan Yao chose to follow him instead of sitting with the girls, which drove Zhao Yanzi crazy.

“What is this supposed to mean!” she thought.

Whoosh, whoosh, whoosh, whoosh...

All the students made way for Hao Ren when they saw him coming.

Hao Ren was stunned for a few seconds as no one was in front of him, and the woman behind the ordering window knocked the spoon, waiting for Hao Ren to order food.

“Um...” Hao Ren walked up and ordered some combos randomly. Duan Yao stayed silent, she stood beside Hao Ren and helped him bring the trays to the table.

The look on her face was calm. She wouldn't care about anything else as long as she was with him.

Zhao Yanzi felt like it was unfair since she had to go back while Duan Yao could still stay with Hao Ren.

Now, she thought that it wasn't a bad thing for Xie Yujia to stick around Hao Ren. However, Duan Yao was a girl with a higher realm, younger age, and stronger background...

“Third Uncle will have dinner at my home tonight. My mom invited you for dinner,” Zhao Yanzi said to Hao Ren after taking a tray.

It was time for her to proclaim sovereignty.

“Sure.” Hao Ren nodded. Zhao Kuo had reached peak Qian-level, which was great news. He had to battle Su Han soon, and Hao Ren would like to know how prepared he was.

It was Su Han against Zhao Kuo... Hao Ren didn't know who would win. Since Su Han had come out of the Demon Sea, then it meant that she had also reached peak Qian-level.

Yue Zilong had gone back to the Dragon God Shrine, which left Zhao Kuo and Su Han as the only peak Qian-level dragon cultivators in East Ocean city.

“Senior...” a crisp voice sounded beside Hao Ren.

Hao Ren turned around and saw Xu Ke coming over, dressed in a set of sportswear with a smile on his face. Then, he sat down in a spot not far away from Xie Yujia.

It was quite abrupt for Xu Ke to sit there while other students kept away from Hao Ren and the girls.

Hao Ren didn't know that Xu Ke was still in East Ocean University. Taiyi Cave Master was kicked out by Zhao Kuo, but Xu Ke was still here. It was clear that this young man had a hidden agenda.

“Gongzi, Xu Ke has been trying to get close to Big Zhumu these days; he is almost pursuing her.” Lu Lili went up to Hao Ren and said quietly.

When Xie Yujia saw Xu Ke, she moved closer to Hao Ren with her tray, trying to keep a distance from Xu Ke.

Hao Ren had suddenly disappeared from East Ocean University a few days ago, and Xu Ke took the opportunity to show his affection toward Xie Yujia, his senior sister, in various ways.

Xie Yujia was never upfront, and she didn't want to cause more drama and misunderstandings when Hao Ren wasn't around. Thus, all she did was to avoid him.

Hao Ren and Zhao Yanzi's relationship was a matter of the East Ocean Dragon Clan, but Xie Yujia always treated herself as Hao Ren's girlfriend. She tried to maintain Hao Ren's image and avoid any gossip that would make Hao Ren uncomfortable.

She was aware that there would be explosive gossips if she had any contact with Xu Ke, including turning down Xu Ke.

As Hao Ren got closer and closer to Zhao Yanzi, it meant that Xie Yujia and Hao Ren's was becoming weaker. Many couples in the university broke up due to gossips and jealous comments, which concerned Xie Yujia; she didn't want it to happen to them.

Hao Ren noticed the awkward look on Xie Yujia's face, and he felt bad as he knew that she was very sensitive.

However, everyone in the university knew that he was Hao Zhonghua's son, and people would even make way for him in the cafeteria. People would think that Hao Ren bullied Xu Ke if he kicked away Xu Ke who looked so innocent and was just eating there.

“Yujia...” Hao Ren reached out his hand and pulled Xie Yujia closer to him.

Disappointment appeared in Xu Ke's eyes. It was known that Xie Yujia was Hao Ren's girlfriend, but he didn't think that Hao Ren would kick him away.

“Go away.” Duan Yao who sat beside Hao Ren said those words quietly.

A light green aura slowly came out of her body, and Xu Ke felt like his soul was about to fly out of his body and be sucked into Duan Yao's eyes.

“Huh...” Xu Ku picked up his tray and walked away.

Chapter 749: Consummate the Love...?

The Soul Collecting Technique was unique to the demon cultivators, and it could only be used by top-tier Nascent Soul Realm. Duan Yao used her pure fire physique to collect the broken pieces from the Kunlun Magic lamp, so Lady Zhen decided to teach her the technique.

When this technique reached a high level, she would be able to suck away the souls of many men as they wouldn't be able to resist her charm.

Duan Yao just showed her technique and scared Xu Ke away with little effort.

Hao Ren watched Xu Ke as she walked away before looking back at the green aura around Duan Yao, feeling like she wasn't easy to deal with.

"He has a soul physique," Duan Yao said casually.

"What is the soul physique?" Hao Ren asked instantly.

However, Duan Yao didn't respond and only focused on her food. The ingredients for mortal's food were average, but at least they tasted good.

Zhao Yanzi stared at Duan Yao as she hated her for being so mysterious.

After lunch ended, Zhao Yanzi held Hao Ren's arm and started to walk around the campus since she wasn't wearing her uniform. Xie Yujia and the Lu sisters left them alone so that they could have their alone time, but Duan Yao followed Hao Ren closely, which pissed off Zhao Yanzi so much.

The students in East Ocean university all knew Zhao Yanzi and Hao Ren. Some said that she was Hao Ren's fiancée while some said that she was his cousin. There were various assumptions about Hao Ren and Zhao Yanzi, but no one knew Duan Yao.

With Duan Yao walking beside Hao Ren and Zhao Yanzi, she made them look like cousins. Zhao Yanzi couldn't feel any intimacy; how could she not be mad?

"It turns out that Hao Ren has two cousins; they both look cute," two students discussed quietly as they walked by.

Zhao Yanzi felt so wronged. She was already 'taken advantage' of by Hao Ren; how could she be his cousin?

Since the lunch break was almost over, Zhao Yanzi held Hao Ren's hand and walked toward LingZhao Middle school slowly.

She used to not care about Hao Ren at all, but now it made her feel lost when she wasn't around him.

Duan Yao just followed Hao Ren casually, looking at the various students and the hidden dragon cultivators.

If she wanted to, her cultivation level allowed her to collect all the souls of the mortals on the campus, and even all the young dragon cultivators wouldn't be her opponent.

However, Duan Yao didn't plan to do that since she enjoyed such a peaceful and sweet life.

"I am a demon, but I never intend to bring disaster to the world," she thought.

When Hao Ren walked Zhao Yanzi back to her school, Little Ling was back as well with her boyfriend.

"Hey, Uncle!"

Little Ling started to laugh as soon as she saw Hao Ren.

Zhao Yanzi was upset the last few days, and she locked herself in the dorm. Little Ling thought that Zhao Yanzi broke up with Hao Ren, and she didn't know how to comfort her.

Now seeing Hao Ren walking Zhao Yanzi to school, Xiao Ling was sure that they were back together. As Zhao Yanzi's best friend, she finally felt relieved.

Zhao Yanzi leaned close to Hao Ren, looking like she was in love as she was glowing all over.

Little Ling didn't know how far their relationship went, but she guessed that it had to be very deep. Zhao Yanzi was so lively and pretty, and she treated relationships very seriously unlike other girls.

Ling really thought that 'Uncle' was a lucky guy.

Also, she could tell that Zhao Yanzi's family was disciplined, so anything that crossed the line would never happen.

"However, if they bring their relationship to the next level, that would happen eventually!" Little Ling thought as she looked the handsome 'Uncle' up and down.

As for the pretty Duan Yao next to Hao Ren, Little Ling just ignored her from the beginning.

"Zhao Yanzi is the most beautiful girl; no one could ever compete!" she thought.

"I'm going in now, Uncle," Zhao Yanzi was used to calling Hao Ren 'Uncle' in front of Little Ling. Then, she waved at Hao Ren and walked in with Little Ling.

Hao Ren's heart melted as he looked at her charming figure as she went into the school.

Duan Yao stared at the campus behind the door, and her eyes revealed that she looked forward to the campus life.

She didn't know what campus life was like, but she could still feel the youthful energy coming out of it.

Hao Ren got back to East Ocean University. The morning classes were all done, so he went to the library to kill some time since no progress had been made without the mystic crystal.

Duan Yao followed Hao Ren and got in the library easily with the student card that Hao Ren borrowed. Then, she went to the reading room with Hao Ren and sat down beside him.

The sun was bright, and Hao Ren could see through the windows. Some girls were waiting for Little White, the cutest monster in East Ocean University, with hot dogs in their hands.

Unfortunately, Little White was with Hao Zhonghua right now and wouldn't show up at the university.

Sitting next to Hao Ren, Duan Yao read a book that had plenty of pictures on it.

The way she read was backward, which was how to read ancient books.

Hao Ren didn't correct her since she wouldn't be able to understand the content either way.

Time passed by slowly, and Xie Yujia sent a text message saying that she was going swimming with the Lu sisters.

Life seemed to be so peaceful and comfortable.

Su Han hadn't come back to the university yet; she was probably preparing for the charge at the Heavenly Dragon Realm.

Beep!

Hao Ren's phone on the desk started to vibrate.

Hao Ren picked it up immediately.

"Uncle, we are done school for the day!" Zhao Yanzi yelled from the other side of the phone.

There were two mock exams for the Grade Nine students in LingZhao Middle school, and Zhao Yanzi did surprisingly well. Thus, she was in such a fantastic mood; it seemed like she had her mind straightened out with Hao Ren's tutoring.

"Coming, coming!" Hao Ren hung up the phone, put the book back on the shelf, and went out to take the escalator.

When he turned around slightly, he noticed that Duan Yao was still following him.

"Can you... go for dinner with Yujia?" Hao Ren asked her as he went down.

"No!" Duan Yao refused immediately.

"Well..." Hao Ren didn't know how to respond.

He didn't talk to her more than ten times today, but Duan Yao insisted on following him everywhere.

Since he promised Lady Zhen that he would take care of Duan Yao, and it wasn't easy to get rid of a top-tier Nascent Soul Realm cultivator, Hao Ren surrendered and let her follow him.

Besides, no one could tell what would happen if Duan Yao, a quite extreme girl, got mad.

Top-tier Nascent Soul Realm... even a Core Formation realm cultivator could destroy half of the city.

Hao Ren walked to the main entrance of the campus, and so did Duan Yao.

Zhao Yanzi was standing on her tiptoes waiting for Hao Ren at the main entrance, and her face turned dark as soon as she saw Duan Yao.

She was wearing the cotton stockings which highlighted her beautiful legs, and she tied her hair up into two pigtailed. She looked so attractive that all the guys who walked out of the university couldn't help but look at her.

"She is coming with us?!" Zhao Yanzi asked with hostility while pointing at Duan Yao.

Duan Yao nodded and answered for Hao Ren.

Zhao Yanzi was so mad that she almost bit her lips off. Her mom had prepared a big meal, but it was all for Hao Ren instead of Duan Yao!

Duan Yao didn't care about how mad Zhao Yanzi was. She saw the cab that Zhao Yanzi got beside her, so she got in immediately.

“Ahhhhh...” Zhao Yanzi screamed angrily but had to get in the cab as well.

Hao Ren shook his head, not expecting Duan Yao to be so dominant. Then, he also jumped in.

Soon, the cab arrived at Zhao Yanzi’s home, and the smell of food had already reached them.

Zhao Hongyu walked to the door to welcome them but didn’t expect that except for Hao Ren and Zhao Yanzi, Lady Zhen’s disciple, Duan Yao, also got out of the cab.

Following Hao Ren, Duan Yao went in Zhao Yanzi’s home silently and then sat down on a couch without any noise.

“Mom, I didn’t invite her!” Zhao Yanzi complained to Zhao Hongyu while pointing at Duan Yao.

“You are always so mean!” Zhao Hongyu poked Zhao Yanzi on her forehead and then said to Duan Yao with a smile, “You are Duan Yao, right? Dinner will be ready soon.”

Duan Yao nodded.

Zhao Yanzi rolled her eyes and thought, “How come... why so nice to Duan Yao!”

She didn’t know that ever since Lady Zhen made the deal with Zhao Guang and moved the high-level demon beasts away from the border between the Demon Sea and the East Ocean Dragon Clan, a lot of East Ocean’s pressure had been alleviated, and the soldiers could have more time to rest and train.

With the massive border issue solved, the East Ocean Dragon Clan was able to handle South Ocean and North Ocean firmly!

Lady Zhen would soon become the master of all demon beasts in the Demon Sea. As Lady Zhen’s only disciple, Duan Yao’s status wouldn’t be inferior to Zhao Yanzi’s.

If the Demon Sea ever got chaotic, as the main force of defending the Demon Sea, the East Ocean Dragon Clan wouldn’t stand aloof!

“Ren, how did things go in the Nine Dragon Palace?” Zhao Guang asked.

“Um, a huge breakthrough had been made,” Hao Ren answered.

He hadn’t met Zhao Guang ever since he left for the Nine Dragon Palace. Since his father-in-law raised this question, Hao Ren explained everything that happened in Nine Dragon Palace and the Dragon God Shrine in detail.

Zhao Guang listened carefully with his eyebrows twisted. What Hao Ren had experienced was almost more than he had. For example, the Nine Dragon Palace, the Demon Sea, and the Dragon God Shrine were all palaces that he wasn’t familiar with at all.

However, Hao Ren handled everything in those places with great ease. Now that he had left the Dragon God Shrine and was back to the East Ocean Dragon Clan, Zhao Guang was greatly pleased.

“Brother, I’m late!”

As Hao Ren and Zhao Guang were talking about all the details, Zhao Kuo rushed in and almost destroyed the door.

“You are still so reckless!” Zhao Guang glared at Zhao Kuo. Although his realm was inferior to Zhao Kuo’s, he still had the stateliness as an older brother.

“I had broken through to peak Qian-level; it is hard to control my strength,” Zhao Kuo chuckled. He went up to his seat while rubbing his hands when he saw that the table was full of steamy, delicious dishes.

“Go wash your hands.” While holding a plate of double cooked pork, Zhao Hongyu straightened her face and said to him seriously.

Zhao Kuo gave her a shy smile and went to wash his hands.

Zhao Guang brought Hao Ren to the dinner table, and Duan Yao who was watching cartoons on TV suddenly stood up and followed Hao Ren.

The smell of the food was way better than what they had in the cafeteria for lunch.

Seeing Duan Yao sitting down beside Hao Ren, Zhao Yanzi was extremely annoyed, but there was nothing that she could do. Therefore, she sat down on the other side of Hao Ren sweetly.

Zhao Hongyu poured the drinks and liquor, trying to make this into a celebration for Hao Ren. She was sure that she made the right decision since Hao Ren was definitely the best candidate for their son-in-law.

Zhao Kuo shook his wet hands and got out of the kitchen. When he sat down, he yelled at Hao Ren, “Well, Hao Ren! It’s time for you and Zi to consummate your love!”

“Puff...”

Zhao Yanzi who had just taken a sip of her drink spat it out immediately.

Chapter 750: Choosing a Day for the Wedding!

“Third Uncle!”

While ignoring the spilled drink, Zhao Yanzi pounded the table in protest to Zhao Kuo. Despite her wish to declare her claim on Hao Ren in front of Duan Yao, she felt embarrassed when her third uncle announced it in front of everyone.

“Well. Your third uncle has a point.” To her surprise, Zhao Guang looked at Zhao Yanzi and Hao Ren with a serious expression and said slowly instead of reprimanding Zhao Kuo.

Zhao Yanzi was instantly silenced. She glanced at Hao Ren who was by her side and suddenly realized that her parents had meant to discuss this topic with Hao Ren by inviting him to dinner.

“Ren,” Zhao Guang looked at Hao Ren and said, “I mentioned that you must reach Qian-level or Kun-level because I hoped that you would cultivate hard. In fact, with your current realm of Xun-level, you can transfer half of the dragon core back to Zi.”

“Ok...” Hao Ren nodded as he looked at Zhao Guang in earnest.

The initial drive that he had when he began cultivating was to transfer the dragon core back to Zhao Yanzi and knew that this issue was inevitable.

However, he didn't understand how to transfer; he only knew that the higher the cultivation realm he got, the safer the process would be.

"Mom..." Seeing Zhao Guang and Zhao Kuo agreeing with each other, Zhao Yanzi turned toward Zhao Hongyu.

However, Zhao Hongyu didn't interrupt Zhao Guang's words. They had brought Zhao Yanzi to live in the mortal world with the hope that she would get used to the life on land, but she was still a dragon cultivator and the princess of the East Ocean Dragon Clan.

When the third princess of the South Ocean Dragon Clan got married, she was only 14 years old.

Suddenly, Zhao Yanzi remembered what happened last night, and her face turned red.

"I've asked some elders about the method. Instead of moving the dragon core back into Zi, you must transfer the dragon essence into her body regularly."

Hearing Zhao Guang's words, Hao Ren began to understand.

With a red face, Zhao Yanzi listened carefully and also understood the situation.

It wasn't a one-time process! No wonder they must get married!

Zhao Yanzi's blush instantly spread to her ears.

She had talked about a lot of things with Ling as if she were really knowledgeable about the adult stuff, but she was still a shy girl who wasn't as open as she pretended to be in front of Ling.

"After Zi began cultivating, her physique has obviously strengthened and can last until 18 without dragon essence, but it would be better if she could regain her dragon physique sooner," Zhao Guang said.

"Ugh, Uncle, you mean..." Hao Ren asked cautiously.

"You idiot! Why are you so bashful!" Zhao Kuo yelled in displeasure. "Are you reluctant to marry Zi? If not, then get married as soon as possible! You two can have a dragon baby as soon as you can, so I can hold a grand-niece!"

Although Zhao Yanzi had guessed her father's intention, she felt warm all over her body with shame when Zhao Kuo said the words out loud.

"Third Uncle!" Zhao Yanzi couldn't control herself anymore and yelled in protest.

Duan Yao turned to look at Zhao Yanzi, realizing that the latter must have to dual cultivation with Hao Ren due to some deficiencies with her cultivation technique.

Seeing Duan Yao's sympathetic gaze on her, Zhao Yanzi choked on her words, not knowing what to say.

When she met Hao Ren's gaze, her blush spread to her neck instantly.

“Hehe. When your third uncle finishes his business, you two can have the wedding,” Zhao Hongyu said.

“Third Uncle... What business?” Zhao Yanzi asked immediately.

If not for last night, she wouldn't have any idea about the consummation of the marriage. But after last night's experience, her heart raced when they talked about marriage.

This was why she immediately changed the topic when she could.

Seeing Zhao Yanzi's panicked eyes, Hao Ren smiled in secret. He had been impatient last night, but it seemed like Zi's parents were also impatient.

However, Hao Ren felt unprepared to marry Zhao Yanzi, and he understood her panic.

“Erm. Your third uncle challenged Su Han to a battle, and Su Han accepted today,” Zhao Hongyu said.

“Oh. And?” Zhao Yanzi widened her eyes.

“The battle will take place at the Dragon God Shrine tomorrow,” Zhao Hongyu said.

Hao Ren was surprised that Zhao Kuo and Su Han's battle was tomorrow. However, upon second thought, he knew Su Han was at her peak after just breaking through to peak Qian-level, and it was a good time to battle Zhao Kuo who was an experienced Qian-level cultivator.

It was understandable that the battle would take place at the Dragon God Shrine. On the one hand, Su Han was an inspector, so the battle concerned the reputation of the Dragon God Shrine. On the other hand, since both Su Han and Zhao Kuo were peak Qian-level, their fight would be earth-shaking, and only the Dragon God Shrine could provide a venue for them to battle.

“If your third uncle wins, he will charge at the Heavenly Dragon Realm. If he succeeds in reaching the Heavenly Dragon Realm, we'll organize a grand wedding for you,” Zhao Hongyu continued.

Zhao Yanzi blinked her big eyes and didn't know what to say.

Zhao Yanzi hoped that her third uncle could realize his dream and reach the Heavenly Dragon Realm, but she would have to marry Hao Ren immediately.

“Isn't it a bit too fast? I am still a Grade Nine student...” Zhao Yanzi bit on her lip and felt torn as she thought, “Should I invite Ling to my wedding?”

If Hao Ren knew her thoughts, he would pass out instantly. He looked at Zhao Kuo's determined expression and knew that the latter was serious about the battle with Su Han.

Since they were both at peak Qian-level and wanted to achieve a higher breakthrough, they would fight with their full force, which meant that they might get seriously injured or even die in the battle.

From Zhao Hongyu's tone, it seemed like they thought Zhao Kuo had better odds at winning, and he wouldn't fail the second charge at the Heavenly Dragon Realm.

This was why they were planning and organizing Hao Ren and Zhao Yanzi's wedding.

At 16, Zhao Yanzi was old enough to marry according to the traditions of the Dragon Tribe. Besides, Hao Ren had reached Xun-level and had become a top-tier master among the younger generation. Also, Hao

Ren and Zhao Yanzi's relationship had progressed quite well. If Zhao Kuo could reach the Heavenly Dragon Realm, which was a major event for the East Ocean Dragon Clan, the wedding between Hao Ren and Zhao Yanzi was the next thing on the agenda.

"Third Uncle, it is only a practice fight. You can't injure Sister Su." Zhao Yanzi lowered her head and thought for a moment before saying to Zhao Kuo.

"I... will try," Zhao Kuo answered with some hesitation.

In fact, no battle could guarantee no injuries. Zhao Kuo couldn't guarantee that he wouldn't injure Su Han. A peak Qian-level cultivator possessed the power to destroy the world. If cultivators reserved their strengths during fights while their rivals fought with full force, he would not only lose the battle but could potentially lose his realm and life.

Besides, Zhao Kuo had high regard for Su Han who had cultivated to peak Qian-level at only about 20 years old. Despite some unique opportunities that she had, she was absolutely a top cultivation genius who could surpass him.

With his intuition as a military commander, Zhao Kuo felt like Su Han's strength was no less than his!

When Hao Ren saw Zhao Kuo's hesitation, he knew that Zhao Kuo would fight with full force tomorrow and couldn't guarantee Su Han's safety.

However, he knew that Su Han would fight with her full force as well, and it was hard to say how Zhao Kuo would end up. Up until now, Hao Ren hadn't seen Su Han's full strength. Even when she faced Qiu Niu in the Nine Dragon Palace, he had sensed some reservation in Su Han.

It was a waste of breath to ask Su Han or Zhao Kuo, two masters who tried to gain a breakthrough, not to inflict serious injuries on one another.

"Third Uncle, how are things between you and Elder Xingyue?" Zhao Yanzi continued to ask.

"That... That..." Zhao Kuo who had been talking in a loud voice showed a trace of pink on his black face.

"Third Uncle, after you reach the Heavenly Dragon Realm, it's time for you to marry Elder Xingyue!" Zhao Yanzi continued.

"Non... Nonsense!" Zhao Kuo widened his eyes while his black face turned deep red like a piece of roasted beef.

Seeing Zhao Yanzi's snicker, he immediately realized that this was Zhao Yanzi's counter-attack.

Elder Xingyue had taught Zhao Yanzi cultivation when she was little; thus she was closer to Elder Xingyue than the other elders from East Ocean.

In the past few days after Zhao Kuo came back from the Nine Dragon Palace, he had stayed with Elder Xingyue while he rested in the East Ocean Dragon Palace. Zhao Yanzi was a nosy little girl and got the information from her parents.

As retaliation for making her blush, she was now making Zhao Kuo blush.

"Yeah. Third Brother, Xingyue has waited for you for many years," Zhao Guang said.

“Big... Big brother,” Zhao Kuo almost couldn’t speak when he mentioned Elder Xingyue.

“After reaching the Heavenly Dragon Realm, you can’t let Xingyue down anymore,” Zhao Hongyu joined the persuasion.

Embarrassed, Zhao Kuo wondered how the topic had turned from Hao Ren and Zhao Yanzi’s wedding to himself.

He glanced at Zhao Yanzi and saw the big smile on her face.

“I know you’re afraid that Xingyue will suffer with you, but I assure you that I won’t exert any pressure on you. It doesn’t matter if you don’t want children since Zi and Ren can have children,” Zhao Guang said with sincerity.

Out Zhao Haoran’s three sons, the eldest Zhao Guang had one daughter, Zhao Yanzi. The second son Zhao Kuan had gradually lost his dragon essence while living in the U.S., and his branch had gradually drifted away from the Dragon Tribe. The third son Zhao Kuo had the best talent and highest realm, thus should be producing descendants for the Zhao Family.

However, the higher realm a dragon cultivator had, the more dangerous it was to give birth. Zhao Kuo was worried that Xingyue would be in danger in giving birth to their children, so he had been hesitant.

Now that Zhao Haoran had passed away, there was no pressure from the elder generation. Zhao Guang as the eldest brother said the words to relieve Zhao Kuo’s worries.

Zhao Yanzi suddenly understood the situation when she heard the word ‘children’, and she yelled in protest while blushing.

Seeing her deep blush, Zhao Hongyu smiled pleasantly. In fact, it was natural that the responsibility of passing down the bloodline of the East Ocean Dragon Palace would finally come to the shoulders of Zhao Yanzi and Hao Ren.

Zhao Kuo didn’t want his own children due to his worry for Xingyue and the potential internal conflicts inside the dragon palace.

“That’s the end of this topic...” Zhao Kuo interrupted them and lifted his wine glass. In fact, after hearing Zhao Guang’s words, Zhao Kuo had made the plan to marry Xingyue in a grand ceremony as soon as he reached the Heavenly Dragon Realm!

Seeing Zhao Kuo’s glowing face, Zhao Yanzi knew that her third uncle had resolved the issue in his mind, and she said happily, “Third Uncle, I heard that dual cultivation could help you achieve a breakthrough.”

“Pu...” Zhao Kuo who had just drunk the wine spat it out instantly.
