

Chapter 59

Dexter

She laid on my chest her body draped over mine. She small framed body didn't even cover half of mine. I had my arms around her running my fingers up and down her bare back.

Her fingers are drawing patterns on chest

"You know at some point we will have to leave the room" She lifts her head looking up to me.

"Hmmm" Is all I say as I look at her eyes, they are still yellow, "I suppose your right guess we should go talk with Elder Fran"

She goes to get up but I tighten my hold lifting my arms upward making her sliding up my chest.

"Dexter what you doing?"

"This" I pull her face closer locking my lips with hers.

Breaking the kiss. I cup her cheeks with my hands placing a small kiss on her nose.

" Let's get cleaned up"

She nods sliding off me I already want to pull her back. She stands walking to the bathroom I hear the water turn on. I quickly link my mother.

"Mom" A few seconds later I hear her.

"Dexter, are you guys alright I'm about to break down that door"

I chuckled at my mother but I know she wouldn't hesitate to break down my door.

"Yes, we are fine we will be down in a few we need to speak with Elder Fran it's important"

"Dexter, you have me worried is everything alright"

"Yes, mom it's better than alright but I am well I marked Max last night" I quickly blurted out then I wait for my mother's reply but there was nothing.

"Mom" I call her again but no answer. Suddenly my door bangs out about flying off the hinges. Causing me to jump up ready to attack not realizing I'm still butt naked,

"MOM!" I yell out. " What are you doing!"

"Oh, don't you take that tone with me young man. Now you have some explaining to do but first for the love of God put some clothes on!"

"Dexter" I heard Max call through the door, " Is everything alright what was that noise"

"Nothing it's all fine" I yell back. Looking at me mother with my hands in the air.

"Max is in the shower and you broke my door" I point to my smashed door just barely hanging there,

She looks at the door then shrugs her shoulders, " I'll have someone fix it"

I grabbed some shorts slipping them on

"Seriously mom couldn't you have waited till we came down?"

"Well sorry dear son but when your only child tells you he marked his mate but he's requesting to speak with someone else first it causes some tension"

I heard the shower turn off I quickly stepped over to my mother.

"Look Max had some changes happen after I marked her that's why we wanted to speak with Elder Fran"

"Changes like what?"

"Her eyes, they are yellow instead of green her body is toned along with her wild hair that is now tamed Her mark is different then what I have seen"

We heard the bathroom door open Max walks out with a towel wrapped around her; she stopped dead in her tracks.

"Laura," She says then looks at the door her eyes go wide, " What happen!"

"Nothing that can't be fixed" I tell her as I walk to her, " Why don't you go get dressed then we will all go down" I kiss her temple.

"Alright" She says as she tightens the towel around her, "You sure everything's okay?"

"Of course, dear" Mom chimes in.

Max walks to the closet closing the door.

Mom looks at me. " We definitely need to speak with Elder Fran."

Mom turns to walk out the room when Max comes out the closet she was trying to pull her hair up,

Mom stops then walks to Max,

" Here let me" Max smiles

"Thanks Laura" Max says as she turns around.

"It's no trouble at all" Mom pulls all of Max hair up twisting it into a bun.

"I've always wanted a daughter so I could do her hair up,"

Mom finishes with her hair she looks over at me, " Why don't Max come with me we will meet up in your father's office"

I let out a low growl not meaning to just we were newly mated so it made me a little possessive. Not that my mother would hurt Max it was just instinct.

"Did you just growl at me?" My mother crossed her arms over her chest cocking her one hip to the side tapping her fingers on her arm.

I just hung my head a bit, " Sorry mom"

I hear Max chuckle I'm sure seeing me get scolded by my mother was entertaining.

"Now go get a shower put some better clothes on so you look decent then come to your father office" She used that tone she always did when I was younger and got myself into trouble.

"Yes Mother" I walk to Max placing a kiss on her cheek.

" I'll see you in a bit" She nods her head I turn heading for the bathroom.

I quickly showered not wanting to be away from my mate for too long I know she safe with my mother but my dragon wanted nothing but to have her near us at all times.

Stepping through my broken door I see the maintenance guy walking my way.

He bows his head, " Good day prince Dexter"

" Hey Mike" I say with a small wave he stops at my doorway looking at the damage.

He looks over to me with his eye brows lifted,

"My mother" was all I said, He nods his head walking in grabbing the door.

"I'm gonna have to replace the whole door" he says while he lifts it to finish taking it completely off.

"I'll have it fixed in about an hour"

"Thanks Mike" I wave turning to head to find my mate. I'm just about to dad's office when I see some guards running towards me,

" Prince Dexter!" The one calls out. I stop waiting for them to reach me. They stop in front of me they panting hard I see the one is carrying a white envelope in his hand.

"What is it?" I asked them the one hands me the envelope.

"Sir was left at the gate this morning"

Taking the envelope, I rip it open pulling the paper out of it. unfolding it I started to read what was written.

Instantly seeing red I walked to father's door slamming them open I saw no one was in there.

I turned storming out the door. I looked at the guards, "Double the security no one is allowed in or out"

Bowing their heads. " Yes Sir" they take off down the hall.

"Mom!" I call through the link.

"Dexter why do you sound panicked"

" Where's Max?"

"She here with me we are in the kitchen. What wrong?"

" Where's dad?"

"He's here with us as well as Elder Fran"

"Stay there I'm on my way"

"Dexter what's wrong?"

"I'll explain when I get there"

"Alright"

I started down the hall heading for the kitchen. I also needed Jon to be there so I quickly called to him,

"Jon meet me in the kitchen"

I knew I didn't have to give him a full explanation.

"On my way" was all he said back.

I held the paper in my hand as I walked towards the kitchen as I got closer, I could hear them all laughing the smell of food hit my nose along with my mate scent.

Walking in I see she was sitting on a stool talking with my mother the cooks were passing out plates of food for them. I went straight for her once I was in arms reach, I wrapped my hands around her pulling her to me placing my nose in the crook of her neck breathing in her scent.

"Dexter" she says softly while placing her hands on my shoulders.

I pulled back looking at her. " What's wrong?" She puts her hand up to my cheek.

I grab it kissing the back of her hand.

Stepping so I was behind her I looked over at my parents and Elder Fran.

"Jon should be here in a few minutes then we will talk"

I look over at the staff.

" I need the room clear" They all dropped what they were doing bowing their heads they all scattered out the room.

Few minutes later Jon walks in he stops looking at Max then at me he gets a smile on his face.

He walks over to us. " Well looks like someone got lucky last night"

"Jon!" Max yells she punches his arm.

She hides her face in her hands.

"Awe someone is blushing" He pokes her cheek through her fingers.

"Stop that" She swats at his hand.

"Your horrible." She says to him.

"Alright if you done embarrassing my mate can we get down to business"

"Dam Max what you do to him he's cranky" Jon Snickers out.

"Jon" I give him a warning look. He holds his hands up. " Ok ok"

"Dexter what's that in your hand?" My father asked pointing to the paper.

" The guards brought this to me this morning when I was heading to your office"

I hand him the paper he opens it my mother stands walking to him leaning over so she could read it as well.

"Dexter" I hear Max say as she touches my hand, I look at her.

Before I could say anything, my mother went off.

"What is this guy's problem! He needs to be taught a lesson!" She rambled a few other things but we didn't hear it clearly.

Max reaches across taking the paper from my father.

"Dexter what do you plan to do about this?"

"Well, this goes no farther then here, first thing Max is not to be left alone she must be with one of us at all time, I know he will try to attack again at night fall so that leaves us the rest of the day to get a plan in tacked, the full moon is in two days"
