

Chapter 62

Maxine

We spent better part of the day getting things ready Dexter has stayed by my side never leaving me for a minute which proved difficulty getting things done.

Every time we were alone, we would end up in a heavy make out session or he would purposely send images to me making it hard for me to concentrate on what I was doing.

"Would you stop doing that!" I scolded him.

"I'm not sure what you're talking about"

"Dexter! Stop!" I yell at him while I'm trying to finish making us some food

Once we finished, we all went sperate ways we had to make it look as we weren't waiting so Drake would think we had our guard down.

Hank took Lily to their place to get somethings together Charles and Laura had some business to attend to God only knows where Jon slipped off too.

I feel a pair of hands slide around my waist from behind.

"What's the matter little one" He places a kiss to my shoulder.

I give him a look over my shoulder.

"How do you do that?"

"Do what? This." He does it again with the images causing me to gasp gripping the counter.

"By your reaction I'm assuming that's what you're referring to."

I turn in his arms facing him of course I have to look up with how tall he is compared to my shortness. I place my hands on his chest letting them slide up to his neck. He lets a small rumble out his dragon seems to always do that when I touch Dexter.

"Yes that, you have been doing that all day"

He gets this big smile that goes ear to ear, Placing a kiss on my forehead.

"Mated pairs can do that once I marked you and got your blood in my system, I can place thoughts in your mind, we can also mind link one another."

My eyes go wide I hadn't even given that a thought, I jump up and down with excitement.

"Really! You have to teach me how!"

"Someone is excited I see,"

"Yes! Now teach me how I want to try to mind link you please Dexter"

"Alright," he says taking a step back.

"Finish what you're doing then we will try"

"Oh no I want to try now" He chuckles at my response.

"So impatient I see, Alright we can try I'm not sure if you will be able to with being in the middle of the change"

"I didn't think about that," My shoulder slump the air taken out of my sails.

"Hey it's okay we can try." He says stepping close to me cupping my cheek with his hand.

"Here let's try, close your eyes now picture me then think of what you want to say but only keep the thought of saying it to me then think of opening a door or a line to me, it can be just my name you say in your head not out loud,"

I do as he saying picturing only his face in my head keeping that image then simple thinking his name, "Dexter" I say in my head.

Just a few seconds go by and I feel this small pressure in my head then his voice comes through.

"I can hear you little one"

My eyes shoot open looking at him.

"I heard you!" I squealing out jumping up wrapping my arms around his neck. He lets out a laugh catching me wrapping his arms around my back holding me there.

Placing a kiss on his lips I go to pull back but he put one hand behind my neck he deepens the kiss; I let out a small moan against his lips. Which only caused him to sit me up on the counter stepping in between my legs not even breaking the kiss for a second.

He pulls me against his front placing my hands on his shoulder. I can feel my body heat up from his kiss, Breaking the kiss before I passed out from lack of air. He moves to my neck kissing a nipping at my skin.

Tilting my head back to give him more access but the same time making me moan out again.

"You keep doing that and I'm gonna end up taking you right here little one"

"You started it" I rub my hands up and down his chest causing that rumble again.

He groans leaning in kissing me hard.

Wrapping his arms around me. "Hang on."

Picking me up off the counter causing me to let out a squeal I wrap my legs around his waist and my arms around his neck.

He takes off out the kitchen we passed a few maids which I buried my face in his neck from embarrassment.

"Dexter put me down people are looking"

I mumble in his neck not wanting to pick my head up.

"Let's them see" He keeps walking I figured he was heading to the room but the thought of people seeing us like this knowing what we are heading to do was a little awkward,

"Prince Dexter!" We hear someone yell from behind us.

Dexter stops turns around but doesn't set me down.

"Yes" Is all he said.

"There Intruders they came from the north wall only a handful" The guy breaths out hard you could tell he ran to get here. Hearing those words, I picked my head up looking at the guy.

"The north wall? that don't seem right" Dexter says to him.

"Yes, sir I know but there is only a few of them they are being dealt with they didn't make it far and no one was hurt,"

"Find Jon let him know double check the property make sure no one slipped by"

"Yes Sir" The guard says spinning on his heels he takes off down the hall towards the front doors.

Dexter does the same only he doesn't put me down he heads to his office,

"Dexter please put me down I can walk with you"

He doesn't say anything he keeps looking forward he's all but jogging with me in his arms. I get a strong feeling of anger come over me.

It was enough to take my breath away this caused him to stop he looks down at me,

"Sorry Max I didn't mean that"

"Mean what?" I asked while I lay my head on his shoulder.

"My emotions are all over right now you can feel them through the bond"

I nod my head. " Oh, is that why I feel anger and it hit me like a freight train"

"Yes, it's my anger I'm sorry I'll work on controlling it better"

"It's okay I just wasn't ready for that"

He kisses my temple he starts walking again I can slowly feel the anger go away.

We reached his office he walks in carrying me to the small couch setting me down on it.

Just then his parents come in along with Lily and Elder Fran.

"Max, are you alright dear" His mom comes over sitting down next to me.

"Yes, just still getting use to this whole bond thing"

Before she could answer his dad spoke up.

"We need to go check the perimeter make sure that wasn't the distraction he wanted"

"Can you guys get in the safe room? I'll go with dad I'll let Jon and Hank know,"

Dexter asked while he grabbed my hand.

"Yes, son we can go we will be fine" Laura tells him. He kisses my hand standing up walking out the office with his father.

"Alright girls let's get in the safe room"
