In the evening, Sharon received a call from Alanna

“Do you know what I heard? This world is ridiculous, I heard Edwin demoted May. Do you know the reason for the demotion? May was said to have deliberately bribed the doctor to say Tilda had a problem with her eyes. Tilda didn't want to embarrass her good friend, so she had no choice but to cooperate with May against her will. That's why there was such a farce. Even a three-year-old wouldn't believe such a thing. But the strange thing is Edwin did. Not only that, but he even punished May. It's simply the biggest joke in the world.” Alanna's voice was loud and crisp, full of mockery.

Sharon listened and smiled faintly.

It was not the first time she had seen Edwin's unreasonable trust and love for Tilda. She was already immune to it and was not surprised.

“You called me just to say these useless things? Sharon no longer wanted to hear how Edwin pampered Tilda,

Alanna shouted on the other end. “No, no, no! I'm not just talking about this. There's something even weirder and more shameless. Edwin is holding a birthday party for Tilda. Huh, he's afraid that others won't know that Tilda was the cheater who gave him a big cuckold four years ago and made him embarrassed. He even wants to use this opportunity to remind everyone how he loves this woman who cheated on him”

“In your eyes, he is getting back together with the woman who cheated on him. But to him, this is how he expresses his love for Tilda Sharon said indifferently.

The more pain there was, the less it hurt.

At this moment, she was talking about Edwin and Tilda like talking about someone who had nothing to do with her.

Alanna cursed on the phone for a while more. Before she finished cursing, she slammed her hand on the table. “Fuck! This scumbag has endless methods to disgustus. Do you know what I received?”

“What?” Sharon asked.

“Invitation. I can't believe Tilda sent me an invitation to her birthday party. Not only do I have it, but you also have it! Fuck, how shameless is this Tilda What does she want?” Alanna asked.

Sharon's calm eyes also flashed with a trace of interest

Tilda's move was indeed interesting-

"She probably wants to use this opportunity to show off her happiness and announce to the whole city that she already has Edwin as her backer," said Sharon.

It was said that Tilda had a good family background, but no matter how good it was, they could not compare to Edwan

Edwin did not have much taste in women but was very talented in business,

He had brought Genesis Group to a new level in just a few years. People like Ray, Edric, and many prominent families fought to work with him because of his outstanding business vision.

Although the Stanley family did not publicly announce where it was ranked, it was one of the top existences in the city.

"Tsk! Do we have to cooperate if she wants to show off her happiness? No way!" Alanna said firmly, "I'll send this invitation letter back unopened later. I'll let her have a taste of being ignored!"

"There's no need for that," Sharon said calmly, "She sent us the invitation letter because she's certain we're timid and don't dare to go. If we don't go, won't we fulfill her wishes?"

After Sharon's reminder, Alanna also understood.

"It turns out that Tilda only sent the invitation to make us uncomfortable. How can we let her down since she likes to disgust people so much? We have to use this opportunity to disgust her. Aha, it's Edwin's new lover's birthday party, and his ex-wife will be there to celebrate them. It's exciting to even think about it! Your appearance is just enough for everyone to relive the scene of Tilda cheating back then. Aha, it's full of memories Sharon, let's go. We love to go!" Alanna said excitedly.

"That's right" Sharon smiled family

Although there was no need to bite back after being bitten by a dog she had to teach it a lesson if the dog kept sticking to her. She had to teach Tilda how to be a human.

Sharon flipped open the calendar.

She had stayed in Pinevale for quite some time. It was time to go back.

Chapter 91

In the blink of an eye. Tilda's birthday came.

On this day, Tilda was wearing a custom-made gown. She stood before the mirror and wore a small crown on her head. She was beautiful.

Looking at herself in the mirror, she lowered her head in satisfaction.

Behind her, Edric's eyes lit up when he saw Tilda's beautiful appearance.

However, he quickly hid his admiration and walked to Tilda

can go out

Tilda saw him coming alone and knew that he had something to say. She turned to look at the makeup artist

ist and assistant. "You guys can

first."

Everyone left.

Edric then said. "I've investigated in detail recently. Bisney Entertainment's boss has never appeared at all?"

"What do you mean by never appeared? Tilda rubbed her swanlike neck and raised her eyebrows slightly.

Edric put his hands in his pockets and tried to appear elegant and handsome when he was with Tilda. "After he established Bisney Entertainment, he has only contacted Alanna single-line. Alanna relayed all his strategies. This person is so mysterious that he didn't leave any traces in any place My people have been investigating for so long, but they haven't found any traces. According to my guess, he might be a famous international celebrity Because of his identity, it's not good for him to show his face. If that's the case, he can't come to Hatherland. Perhaps the so-called divorce and the funds of 40 million dollars were all fake. It was all made up by that woman Alanini"

Edric's analysis made sense.

The other party barely showed up and was a foreigner. He couldn't know that Alanna was using his name to do something.

"If that's the it's impossible for him and Sharon to know each other, right?" Tilda's eyes suddenly lit up as she asked.

Edric nodded. T'm pretty sure

If that was the case....

Tilda silently bit her lips.

The truth was, she had long suspected the relationship between Bisney Entertainment's boss and Sharon. She originally wanted to get it out of

Tina

was stupid. In the end, she didn't get the information she wanted and was used by Sharon instead.

The Greenwood family's news network was not fake. In the entire country, they were ranked second. There was no mistake most of the time.

"If tha

the case, why did Sharon fabricate so many things? Tilda asked softly.

Edric chuckled. "She did this to cheat Edwin and make Edwin think that she's worth a lot! She even thought that Edwin could remarry her!"

Tilda lowered her head and pondered.

She did not dare to believe Edric's analysis too much.

But other than that, he couldn't think of anything else.

"Don't mention to Edwin that Bisney Entertainment's boss and Sharon have no interactions," she instructed in a deep voice.

"Why not? Sharon is so shameless. We have to expose her," Edric did not understand.

"Don't say it when I said so! Tilda ordered impatiently.

Naturally, she would not tell Edric that Sharon was "Big Eyes" in Edwin's heart. This woman was dangerous to her.

Until her relationship with Edwin was confirmed, no information about her could be disclosed to Edwin in case he overthought and caused more

trouble.

Edric could only nod when he saw her throwing a tantrum.

“What if Sharon isn’t clear-headed and comes over to spout nonsense? What if she reveals this matter herself?” He asked worriedly.

Tilda tapped her fingers lightly. “At least, not today.”

She had done her work in advance and sent an invitation.

Sharon wouldn’t dare to come and watch her and Edwin show off their love.

After the birthday party, everyone would know that she had gotten back together with Edwin.

If Tilda became Edwin’s public girlfriend, it would be useless even if Sharon said it out loud!

“There’s one more thing. Help me investigate. She lowered her head and thought for a while before saying to Edric.

She was worried about that thing

Dumping My Billionaire Ex Chapter 92

“What is in” Edric asked,

He had always agreed to all Tilda’s r

s requests.

Tilda frowned slightly, “I want to know if Sharon’s child is Edwin’s.”

“Are you suspecting. Hesitation appeared on Edric’s unruly face.

Tilda smiled. “Don’t worry about anything else. Just help me investigate

“There’s no need. Sharon said it had nothing to do with Eden, so it must have nothing to do with him. Sharon is so smart. If that child is Edwin’s, how can she not use that child? Although Edric’s family was wealthy, his ability to think about problems was not very good.

This was also the reason

son why Tilda did not think highly of him.

She didn’t say anything clearly displeased.

Seeing her like this, Edric didn't dare to say anything else. He could only reply, "Alright, I'll help you investigate."

Twenty minutes later, Tilda walked out with May.

She was wearing a cream-colored high-end gown.

I gown. The gown hem was long and dad

was long and dragged on the ground, making her look like a princess

The hundreds of diamonds embedded in her clothes were priceless.

May's simple gown instantly lost its luster compared to Tilda's and became the background

May looked at Tilda enviously, thinking, Only such a beautiful, elegant, and noble woman is worthy of Edwin

"Tilda, why didn't you tell everyone that Mr. Stanley organized today's birthday party for you! In that case, more people will come. May asked in

Most people came today because Edric invited them through his connections.

Although their status was not bad, how could they compare to Edwin?

"It doesn't matter" Tilda smiled.

She wanted to shock the world. If she revealed this secret too early, how could these people remember this moment today?

No matter what, when Edwin appeared later, everyone would know they had gotten back together.

Those who didn't come would also know this news through the people who came

There was no difference.

After she walked down, everyone's attitude was indeed perfunctory. Instead, a few people asked about her relationship with Edric.

Tilda sipped her wine and replied formally, "I've known him for many years. We're good friends,"

Everyone's gaze instantly became gloomy.

They were all here because of Edric. Now that Tilda was just a friend to Edric, they felt they had made this trip in vain.

Businessmen were all about bencht

Since Tilda did not have an intimate relationship with Edric, and Edric had not even shown up until now, many people already intended to leave.

They did not want to waste their time on an insignificant person.

Tikda didn't mind at all as she watched them Tum around.

That person's eyes were

She held his hand naturally. "What took you so long? Is there a traffic jam?"

Chapter 92

When everyone saw Edwin, they suddenly stopped in their tracks.

There was a

was a complicated light in their eyes.

May was the first to speak. "Guys, you probably don't know, but Mr. Stanley prepared today's birthday party for Tikla

As soon as she finished speaking, everyone looked at Tilda differently

Just now, some people were still a little resentful and disdainful.

Now, everyone's eyes lit up

Everyone widened their eyes. All kinds of amazement, envy, and jealousy surged over Tikia.

Tilda enjoyed these gazes.

This was exactly the effect she wanted

Edwin looked into the room and frowned.

He did not like such a noisy place, but he agreed since Toda said she wanted to do it

The venue is well decorated and warm. Thank you," Tilda whispered into his ear.

They were so close to each other that there was a different kind of intimacy about them from an outsider's point of view.

However, her voice wasn't too low. Many people heard her.

"Mr. Stanley is holding a birthday party for Tilda? What does that mean?" Someone in the crowd could not help but ask

"What else could it mean? Have you ever seen someone hold a birthday party for others for no reason! This is a boyfriend celebrating his girlfriend's birthday"

So, they got back t

together?"

"Tilda is so lucky."

Tilda listened to these discussions and raised her chin even higher.

The corners of her lips and eyes were filled with elegance.

And a sense of superiority.

"Let's go in," she said to Edwin with a smile.

Edwin nodded and followed her in.

"Happy birthday, Ms. Gill Everyone seemed to have suddenly come to life. They seemed to have dispersed slowly just a moment ago, but now, they all surrounded and congratulated Tilda.

Tilda and Edwin were immediately surrounded in the middle of the crowd.

However, some people were still waiting to see what would happen.

Who said that Edwin holding a birthday party for Tilda meant they had an extraordinary relationship?

What if Tilda found Edwin to set up a trap to increase her reputation?

Tilda had endorsed several Genesis Group's brands after returning to the country. For the sake of benefits, Edwin would cooperate.

Tilda naturally noticed these people as well.

She pursed her lips slightly and pulled Edwin to a secluded place. "Edwin, can you come on stage with me to cut the cake later and announce our relationship

Edwin frowned again.

"Mr. Stanley, Tilda's mental state has been had recently. The doctor said that only when she's in a good mood can it do good to Tilda's health," May walked to them and reminded him..

Edwin nodded and agreed.

He did not argue with Tilda about replacing the person who donated the cornea because of the doctor's diagnosis.

The doctor said that Tilda had mental problems.

However disappointed he was with Tilda, how could he ignore her past sincerity in accompanying and helping him!

His agreement made Tilda happy.

As long as the relationship between them was announced, she would win

a boyfriend and girlfriend, he would not abandon Tilda

"Edwin, let's go. She pulled Edwin up the stage in a hurry.

The moment the two of them stood on the stage, they were the center of attention again

She nodded toward May

May picked up the microphone and said, "It is Miss Takda's birthday today. She will be cutting the cake with Mr. Edwin. Moreover, there's a big piece of good news to announce. And it is...

Before she could finish, the door opposite was pushed open again.

A bright red color dazzled her eyes and May froze for a moment.

"It's so lively," A dark green figure appeared behind the red figure and spoke with a smile.

It was Alanna

She was wearing a dark green dress. Her face was rosy and charming, and her lips were as beautiful as a painting. She had an imposing aura and looked like a queen.

And she

wasat the most dazzling one.

The most eye-catching one was the red shadow beside her.

Dumping My Billionaire Ex Chapter 93

The dress the person was wearing was a simple style. There were no decorations on her clothes, let alone expensive jewelry.

No jewelry on her neck or sleeveless long arms. And she only wore simple high-heeled sandals.

However, this simplicity revealed her glowy skin and outstanding facial features.

Coupled with her long hair that cascaded down her back like a waterfall, she looked like a goddess who had landed in the mortal world or a god in meditation

Her beauty easily outshone everyone present. Even Tikda, who was meticulously dressed up on stage, looked tacky

“Who is this?” Everyone’s attention was drawn over as they guessed.

On the stage, when Tilda saw the two of them, the smile on her face suddenly froze

Her entire body froze.

May also looked at them as

them as if she had seen a ghost, then at Tilda.

Tilda’s body swayed twice and she looked at Edwin instinctively.

Edwin’s gaze was also fixed on the red figure. His brows were tightly furrowed

“Isn’t that Sharon!” Finally, someone recognized her.

“God, she has changed so much.”

“She’s

’s a completely different person

Everyone then connected her to the silent and insignificant woman from the Stanley family. They could not help but sigh.

However, after recognizing her, the crowd’s gazes became meaningful

They scanned Tilda, Edwin, and Sharon back and forth,

This scene... is a little similar to four years ago, someone said

Four years ago

There was no need for a special explanation Everyone knew

It was the scene of Tilda being caught cheating and the three people facing each other.

At the thought of this, everyone’s expressions became even more intriguing

When Tilda heard these words, she felt dizzy.

She thought Sharon did not have the guts to appear, but Sharon...

As

soon as she appeared, everyone naturally thought of their affair four years ago

“Damn it!” Tilda’s face turned even paler. She could not even stand straight, but she dared not speak

Looking at the gazes of the people around her, she felt as if she had fallen from heaven to hell

How proud she had been, and how embarrassed she was now!

“What are you doing here?” Edric came back from outside and immediately saw Sharon at the door. He roared angrily.

“You’re not welcome here. Get lost!” Edric roared non-stop, but Sharon did not respond, as if she did not hear him,

She only looked at Tilda with a faint smile.

It made Tilda feel weak.

“Ms. Cress, aren’t you guys going overboard by coming here for no reason?” May spoke up for Tilda unhappily.

Tilda was at her wits end. Then, her body swayed and she fell into Edwin’s arms.

“Edwin” She tugged at Edwin’s sleeve pitifully, as if she could not take the stimulation.

Chapter 93

Edwin helped her to stand up and finally said, “Edric, bring Ms. Cress and Ms. Jensen out!”

Edric had long wanted to chase them away. When he heard Edwin’s words, he became even more fearless. He raised his hand and called the security guards in. Throw them out

The security guards walked over and reached out to grab Sharon’s arm

Sharon moved her hand slightly.

When she raised her hand, the security guards were stunned and stopped.

It was for no other reason than her imposing manner.

They had no idea where to start with such a beautiful and imposing woman.

“Ms. Gill, aren’t you going to say something?” Alanna asked as she looked at Tilda on stage.

Tilda grabbed Edwin's clothes tightly and closed her eyes pitifully.

She seemed to have been provoked too much.

Edwin looked over coldly. "Sharon, have you forgotten what I told you?"

"No, Sharon replied in a clear voice.

She looked at Edwin indifferently.

In the past, when she saw him being so protective of Tilda, she felt heartbroken. Now, she only found it ridiculous.

"You said before that you will protect Ms. Gill for the rest of your life. Her words were crisp and pleasant, without the slightest hint of jealousy.

"But what does this have to do with us? Alanna added

"How is it unrelated? It's Tilda's birthday today, but you guys came to cause trouble. You're bullying her! Mr. Stanley won't let you off! May roared.

Seeing that the security guards did not move, Edric was so angry that he took action himself.

He raised his hand to pick up Sharon.

A hand grabbed his wrist.

Edric turned around and saw a tall man.

He looked familiar, but Edric couldn't remember

It was Blake.

He did not speak. He only held Edric's hand and did not let him touch the two women.

Alanna smiled in satisfaction and winked at Blake,

"That's right. That's too much." Seeing that Alanna and Sharon refused to leave and even attacked Edric, someone felt indignant

That's right. They're already divorced, yet she's still here to cause trouble

"Sharon, can you be more shameless?"

The people who spoke were all related to Tilda

They shouted at the top of their lungs.

Sharon did not say anything, as if she did not hear anything

y that they were invited

She wanted Tilda to say

How could Tilda not know! She hated Sharon to death.

She clenched her fists stubbornly, “Why should I listen to this woman’s manipulation?”

She gritted her teeth and her body went limp. She closed her eyes and slid to the ground.

She pretended to faint!

10:41 AM c

Chapter 93

“Tilda!” Edwin was easily tricked. He was impatient and ran off the stage with her in his arms.

When he reached Sharon, he glared at her angrily.

Alanna glanced at Tilda Tf McGill leaves, about the comea...

When Tilda, pretending to be unconscious, heard this, she could not pretend anymore and suddenly opened her eyes.

She pulled Edwin’s sleeves tightly and landed on the ground shakily. “Edwin, don’t be angry. I’m fine. Also... Ms. Cress and Ms. Jensen were actually... Linvited them”

“Hubf” Hearing this, everyone snorted in unison. What is going on?

Initially, they thought it was Edwin’s ex–wife dissatisfied with his new love and came to fight.

However, it turned out that his new love took the initiative to provoke his ex–wife.

Interesting! Everyone looked shocked and interested.

Tilda! Edric did not expect Tilda to say that an all. He was so shocked that he cried out in a low voice.

Edwin looked at Tilda as if she was a stranger.

Tilda saw deep disappointment in his eyes.

Her heart sank, and she could only explain randomly. "Actually... Well, I wanted to be friends with Ms. Cress. Although you two are divorced, there's

no need to be enemies. I...

y didn't

"You're being kind, night?" Alanna quickly replied. The sarcasm on her face was so thick that it could not be dispelled. "If that's the case, why i you say anything when so many people chased us away just now?"

"This Tilda's face turned pale again.

"Are you trying to be friends with us? Or are you trying to humiliate us?" Alanna had a sharp tongue to begin with. At this moment, every word she said was like a knife.

Tilda's face turned red from her words. She was too ashamed to face anyone. She could only stand there unsteadily, wishing she could die just like

"Let's go." Sharon also only wanted to show her face.

Now that she had shown her face, she raised her chin and gestured to Alanna.

Alanna clapped her hands and looked as Edwin. "Mr. Stanley you have good taste"

She looked at Tilda and made a praising gesture, which was apparent mocking!

After saying that, she walked out with Sharon,

Tilda's eyes flickered. She hated them so much that she wanted to tear them into pieces!

But soon, a dark glint Bashed across her eyes She opened her mouth and said, "Ms, Cress and Ms. Jensen, what's the hurry? Since you're here, why don't you join us?"

Dumping My Billionaire Ex Chapter 94

She hid the discomfort on her face and avoided the disappointment and questioning in Edwin's eyes. She smiled and said, "Edwin and I are going onto the stage to cut the cake. Why don't you eat the cake before leaving"

So what if it has come to this! Edwin had promised me we would cut the cake together and announce our relationship! Since Sharon dared to play with me like this, I won't let this woman have it easy? With that in mind, Tilda reached out and held Edwin's hand. "Edwin, let's go."

Tilda's eyes were sparkling and her smile was sweet. It was as if nothing bad had happened just now.

She was certain that Edwin would not disregard "Big Eyes"s companionship and embarrass her.

Edwin followed her and walked up the stage

"This Edwin is hopeless!" Alanna spat. "I want to open his head and see what he's thinking!"

She was furious. If it weren't for Blake pulling her, she would probably have run over and dug out Edwin's brain.

Sharon lowered her eyelids and smiled.

No matter

what was in Edwin's mind, it had nothing to do with her.

"Let's go," she said.

Behind her, a victorious smile appeared on Tilda's face as she watched Sharon walk out

Sharon, if you fight with me, you will only lose! Tilda thought smugly.

Before her smile could form, a figure suddenly stopped Sharon outside. "Why should you leave?"

Sharon and Alanna were stopped

It was Tina!

Upon seeing Tina, Alanna frowned. When she was about to ask her to move aside, Tina raised her eyebrows and shouted, "Tilda, why are you so anxious to cut the cake! What do you want to do? Don't tell me you want to announce that you and my brother are back together. I'm sorry, but the Stanley family isn't worthy of someone like you. I advise you to give up"

“Hey, this is...” Alanna originally thought that Tina was here to cause trouble for them, but it turned out that she was also going against Tilda.

After Tina finished shouting, she turned around and looked at Sharon, “Sharon. I’ve long heard that you don’t have any contact with Bishey Entertainment’s boss. There’s no relationship between you two at all. It’s all made up. In that case, remarry my brother”

“No way!” Everyone present was shocked again. Today, the gossip came wave after wave. Edwin’s sister personally came to help Edwin get back together with his ex-wife?”

The onlookers were stunned and could not bear to blink.

In the distance. Tilda clenched her fingers and bit her lower lip. She hated Tina so much that she wanted to sew her mouth shut

“Tina, shut up!” Edwin couldn’t bear to listen to it, so he shouted.

Tina snorted as she said, “Don’t treat me as a kid who knows nothing. Yes, I don’t know business, but I know people! No matter what, Sharon is your first wife. She had been honest and never done anything out of line after she married you. She is much more reliable than some women who have been cheating since they were in a relationship! If you like to be cuckolded, fine, but I will be the first to disagree with Tilda marrying into the Stanley family! The Stanley family can’t afford to have such a disgrace!

Tina didn’t like Sharon, but she couldn’t accept Tilda either.

She had exposed Tilda’s affair, making Tilda embarrassed so much.

Tilda was trembling like a piece of paper. She couldn’t even stand up

“You’re more eloquent than me? Alanna made a praising gesture to Tina TII accept you as my disciple when we get back!”

w11100

She felt it was too satisfying.

Tina’s neck stiffened “Sharon, come back with me now. I’ll support your

“No need” Sharon look a step back and shook her head indifferently. I no longer have any feelings for Mr. Stanley. I have never thought of remarrying him”

Chapter 94

As soon as she finished speaking, Edwin frowned unmediately. 'Sharon said she had no feelings for me? She rejected Tina's proposal so bluntly?

He didn't think "Tina's suggestion was right, but Sharon's straightforward refusal was like a sharp blade stabbing into his chest.

It made him extremely uncomfortable.

"Your brother has been with shit for so long. Sharon thinks it's dirty!" Alanna's words were the most vicious. She devalued Tilda as wonbless.

Tilda was so angry that she almost vomited blood. She shouted, "Alanna, don't go overboard!"

Her eyes were filled with warning.

The meaning was obvious.

She would use the power of Edwin to deal with Alanna.

Alanna smiled and walked up to Tilda. "Ms. Gill, although I don't know why you

you sent an invitation to Sharon and me, I still want to wish you and

Mr. Stanley to get married soon. Your luck munu be better than Sharon's. Don't let someone deliberately contaminate your blood when you give birth. Otherwise, you'll have to draw your blood dry to save your child. Anyway, don't let that happen again

As soon as she finished speaking, Tilda's face turned as white as a sherif

Her mind went blank.

"Alanna!" Sharon reminded her not to say that. Then, she pulled Alanna out.

This time, no one stopped them

However, the atmosphere at the scene had become very strange.

Alanna's words had a hidden meaning.

"What does she meant What does she mean by contaminated blood?" Tina was the first to sprak

She looked at Tilda

Tilda avoided eye contact. "I don't know"

“If you don’t know, why would she target you? Tilla was forced into a corner by Tina. She could only look at Edwin. “Edwin

However, Edwin raised his leg and went to chase Sharon!

Outside, Sharon and Alanna got into the car together.

Blake drove for the two of them.

“Alanna, you shouldn’t have said that just now” Sharon whispered.

When she gave

birth to Irene, she realized that someone had tampered with the blood. However, there was no evidence at that time, Coupled with Irene’s poor health, Sharon was focused on taking care of the child and did not investigate further.

During this period, Alanna secretly entrusted Blake to investigate and found Tilia

“Why can’t I say that! Tilda almost killed you and Irene. It’s already very kind of you not to let her go to jail!” Alanna was the most concerned about this matter and also the most guilty.

If she could have been by Sharon’s side, Sharon wouldn’t have to suffer so much

Sharon patted Alanna’s shoulder in understanding, “I know you’re crying injustice for ine and helping me. But I don’t want to talk about this on such an occasion. I don’t want others to think I revealed these things because I still cared for Edwin.

Alanna pressed her chest uncomfortably. “I understand, but I just can’t help itt Sharon, the pain you suffered back then.. makes my heart ache too

much.

end, Alanna started

crying

Blake looked at his lover through the rearview mirror and sighed silently.

A trace of self–reproach flashed past his eyes,

Sharon returned home.

Irene was holding her chin angrily.

Chapter 91

Previously, she had been having fun in the countryside with Ethan. She did not want to come back at all.

“Trene has been like this since she came back from school. She doesn’t talk to anyone Lacie shook her head helplessly.

Lacie was the new nanny Sharon hired to look after Irene.

“Got it Lacie. Please get off work first, Sharon said amiably

Lacie nodded and left

Only then did Sharon walk up to Irene,

Irene posted when she saw Sharon “Mommy, I don’t want to come back. I want to live with Grandpa and learn how to make shoes from him! Let’s

back now and find Grandpa

Sharon helplessly picked up Irene’s small body. “I have to work here. You should go to school, too, so you can’t live with Grandpa.”

Although Trene said nothing else after hearing what Sharon said, she still poured

Sharon had to bring her to the small park to catch butterflies.

There were many people in the small park, including other children.

Only then did Irene reveal a smile again. In a moment, she started playing with the other children,

Sharon could not help but smile when she saw Irene running with the butterfly net.

Although she had narrowly escaped death back then, she had survived

Now that Irene was thriving, she was relieved.

As she was thinking, she suddenly realized someone not far away was also looking at Irene.

She focused her gaze and recognized him. Her expression changed slightly.

Dumping My Billionaire Ex Chapter 95

That person was none other than Edwin

Upon seeing Edwin, Sharon instinctively raised her guard and strode over. "Mr. Stanley, what are you doing here?"

She stopped in front of Edwin and stopped him. "I'm the one who made Ms. Gill unhappy. If you have anything, come at me!"

Only then did Edwin look away from Irene and look at her.

His eyes were very light, but his expression was solemn

"What do all those things you said mean?" he asked.

Sharon was at a loss when she heard this strange sentence and could only look at him.

"What do you

do you mean the blood was deliberately contaminated! What exactly happened to you when you gave birth to Irene?" Edwin asked solemnly.

Sharon didn't know what to say.

She couldn't help but look up at the sky. Are the pigs flying? Or am I seeing things? Why did Edwin suddenly show concern about my business?

When he brought up the past, it was as if he had sprinkled a handful of peppercorns in Sharon's throat

It was choking, spicy, and sad.

Even though more than three years had passed, when she recalled it now, blood and tears still

li gurgled.

"Alanna was spouting nonsense. Don't take it seriously," In the end, she only said indifferently.

Back then, she wanted him to care, but he didn't. And now, she didn't want to use this matter to gain his sympathy.

Edwin was slightly shocked.

He thought she would make a long speech as long as he asked.

In the end, this was her answer? He could not help but turn around to size her up

Her expression was indifferent, and her tone was calm. She looked like she was only joking.

However, her long eyelashes hid a deep shadow.

If she had made a long speech, he might have suspected something. Her indifferent and evasive attitude made him think more

In particular, the shadow in her eyes inexplicably tore at his heart

“Mr. Stanley” Sharon looked back at Edwin Her eyes which were once filled with love were now clear and emotionless. “My grudge with Tilda ends here. Tell her that as long as she doesn’t find trouble with me in the future, everything in the past will be written off.”

It wasn’t that she didn’t hate her.

However, her original intention of getting a divorce was to let herself and the people around her be free and happy.

If there were too many grudges, it might implicate the people around her.

She didn’t want

After taking her stand, she was no longer in the mood to chat with Edwin. She raised her leg and went to look for Irene.

She had just taken a step when Edwin’s voice sounded again. “Aren’t you going to explain about the boss of Bisney Entertainment?”

Sharon froze in her tracks

After a while, she slowly turned around and said with confusion in her eyes. “Explain what? There’s no need to report my private life to you, right?”

“Tina said that this p

is person has no interaction with you?” He reminded

Sharon tilted her head. “So...

“Trene is my child, right?” As soon as he finished speaking, the expression on Sharon’s face froze.

A look of surprise flashed across her eyes

she did not expect him to mention Irene suddenly and guess this..

“Mr. Stanley, have you forgouen? We’ve already done a paternity text. She quickly stabilized herself and said casually.

Edwin’s gaze tightened again.

This time, his gaze locked her down with a sharpness she had never felt.

“Sharon, do you dare to bring her with me for a DNA test?” he asked.

Sharon met his gaze with difficulty.

The sharpness in his eyes could pierce through any defenset

His head tilted slightly. That was a certainty!

Her mind went blank for a moment!

After a while, she calmed down and said, “It’s a fact. Why do you have to embarrass yourself. Mr. Stanley

Edwin did not answer. He seemed to be weighing the true meaning in her words.

“Even if I humiliate myself, I have to confirm it, right” After saying that, he walked toward Irene

Sharon reacted instinctively and reached out to pull him back. “Edwin, I told you that Irene isn’t related to you by blood” Tina’s words are just speculation. There’s no evidence!

Edwin looked at her. “Sharon. Tina’s words can be considered a guess. What about you? That man has done so much for you and Irene for long. He has shown that he cares about you 120%. However, he has disappeared without a trace and has never shown his face. Do you think it makes sense! Besides, he’s already divorced because of you. Why didn’t he marry you? Why didn’t he participate no matter where you and the child went! You can treat everyone as fools, but you should know that these things can’t withstand scrutiny

Sharon was at a loss for words.

She did not treat Edwin as a fool. She was being that he would only focus on Talda and not pay too much attention to her and her child.

In the end, she was still wrong

After Edwin finished speaking, he walked past her and walked to Irene. He bent down to hug her

Sharon pushed his hand away and blocked Irene. “Don’t you want to know who Bisney Entertainment’s boss is? I’ll show you his photo

After saying that, she took out a photo and placed it in front of Edwin.

In the photo, the man was gentle and elegant. He wore a pair of light rimmed glasses and looked refined and clean.

Most importantly, his appearance was extremely similar to Irene’s

“Also, this is a photo of us Sharon opened the photos one by one. Tr’s not that we don’t have any interactions. We only don’t want to be seen by others. We’re very low–key”

Edwin looked at the photos with a dark expression.

That man. Sharon, and Irene took many photos.

In every photo, his gaze was gentle and soft. He was looking at either Sharon or Irene in every photo.

Especially when he looked at Sharon, that warm affection in him almost jumped out of the photo,

Edwin suddenly felt that it was extremely glaring. He pushed her phone away coldly and strode away.

Sharon could only breathe normally as she watched him leave.

She took a few deep breaths. That was close!”

Fortunately. Alanna had the foresight and asked Blake to photoshop these photos,

The so–called “Bisney Entertainment’s boss” in the photo was professionally processed from her photo.

This was also why Irene looked like “Hisney Entertainment’s boss”

Sharon thought she had to persuade Alanna not to provoke anyone related to Edwin to ensure Irene's safety.

Chapter 95

It would be a huge loss if Edwin learned the truth and stole Irene to vent his anger.

The night was quiet.

The low-pitched music sounded softly in a private club, bringing a different kind of lingering.

Edwin held the wine glass in his hand. His exquisite facial features were expressionless.

His face drooped, and the shadow fell at

across the wineglass.

He had always only drunk when he was socializing.

But for some reason, he suddenly wanted to drink it today.

The alcohol entered his throat with a mellow taste and floated to his brain. His brain cells were groggy under the catalysis of alcohol.

However, for some reason, the few photos he had seen from Sharon's phone became clearer and clearer.

It was so clear that even the gentle smile on that man's lips and the blissful are in his eyes could be seen clearly.

The woman he looked down on had become that man's treasure...

Edwin felt his heart inexplicably clogged and painful.

He could not figure out what was wrong with him.

Sharon was always stirring up trouble. He used to hate Sharon so much, but when he realized that she had obtained another man's favor, he felt

terrible!

He felt something was buried deep in his chest that had something to do with Sharon

He felt it was about to come out but couldn't find it anywhere. It was suffocating

As he was drinking, the door was pushed open and a person walked in.

The man snatched the cup from his hand.

Dumping My Billionaire Ex Chapter 96

“Why are you still in the mood to drink here! Tilda is hospitalized and her condition is not good. Do you know that?” The person who snatched Edwin's wine glass was Edric.

His face was filled with anger as he shouted at Edwin.

Only then did Edwin look up at him.

Edric's eyes were red. “She suffered such a huge blow today. Not only did you ignore her, you even ran out to look for Sharon. Tilda was so embarrassed! She locked herself in her room for hours. By the time I ran in, she was unconscious!”

Toward

the end, he choked up

Upon hearing that Tilda had fainted, Edwin stood up. “Let's go to the hospital.”

On the hospital bed

Tilda sat on the bed with a pale face. She was wearing a hospital gown and looked extremely weak.

Her gaze was straight and empty.

Only when she heard the door open and saw Edwin walk in did a few lights light up in her eyes

Tm

sorry,

Edwin,” she said weakly. “It's my fault for embarrassing you.”

“This is not your fault at all. Sharon and the others were causing trouble for no reason Edric could not differentiate between right and wrong. He kept speaking up for Tilda.

Tilda buried her face in her palm. “No, it's my fault, Edwin. I didn't expect her to come. I sent the invitation letter only to tell her we are already together, and I hope she won't

stick to you. I know it's not right, but I love you and don't want her always to get involved between us."

"Edwin, look at how aggrieved Tilda is. Do you still want to make her sad? Edric glared at Edwin, his eyes burning with anger

He believed everything Tilda said?

"You can leave first," Edwin said to Edric.

Edric still wanted to stay, but May pulled him away

Tilda leaned over and grabbed the corner of Edwin's shirt "Edwin, I did something bad out of kindness. No matter what, I'm embarrassed you. I'm

sorry.

She kept apologizing.

When she apologized, she kept crying. With her weak appearance, no one could bear to say anything harsh to her.

Edwin slowly sat before her and stretched out his fingers to wipe her tears.

Seeing that he was willing to touch her, Tilda was overjoyed. She held his hand with both hands. Then, she pressed her face into his palm.

It seemed that Edwin was willing to forgive her.

"Why was the blood contaminated when Sluron gave birth?" Edwin suddenly asked

Tilda's warm body froze again when she heard this. Her face, which was buried in Edwin's palm, also froze, and she did not dare to move for a long

time.

Edwin retracted his hand and looked at her.

This, I don't know." Tilda quickly said, "She said those words because she misunderstood me and thought I was provoking her by sending the invitation letter. She wanted to cause everyone to misunderstand

If this was in the past, Edwin might have believed her.

He

pressed

his

However, he had just met Sharon. After seeing her silent sorrow, he suddenly could not believe Sharon had created something out of nothing

Edwin placed his fingers on Tilda's shoulder and said in a deep voice, "Tilda, you should know that if I want to investigate something, I can find it out"

Tilda was scared out of her wits when she heard his words but still shook her head. "Edwin, I don't know why you're so determined that I've done something bad. But I was overseas back then. And I didn't know about her pregnancy at all. Even if I knew, with my ability, how could I interfere?"

Chapter 96

She threw herself into Edwin's arms and cried until she was out of breath. "Edwin, I know I've done too many things to disappoint you recently, but you can't think of me like that. No matter how vicious Tam, I won't hurt a child."

Edwin patted her back gently. "If it's not you, there's no need to panic"

When Tilda heard his words, she felt he seemed to have signs of believing her. She quickly got out of his arms and wiped her tears pitifully. "I'm not panicking. I'm disappointed. You don't believe me anymore."

Edwin rubbed his forehead tiredly.

"Edwin, I'll try my best to change it. Tilda said pitifully and quickly,

Edwin nodded.

He coaxed her for a while before Tilda fell asleep.

After tucking her in, Edwin walked out

He stood at the door and pondered for a few seconds before making a call "Let's meet."

At Ray's apartment.

Ray didn't live with the Gildon family and usually lived in an apartment.

At this moment, he was listening to music and drinking.

When he saw Edwin walk in, he smiled faintly. “Why are you suddenly in such a hurry to meet me?”

Edwin sat down opposite him.

Ray handed him a glass of wine. Edwin waved his hand and said. “I want you to help me investigate the blood contamination on the day Sharon gave birth three years ago!

“Why did you suddenly think of investigating this nutter?” Ray’s interest was piqued. The smile on his genteel and elegant face disappeared.

E

He was not interested in Tilda’s birthday party and did not appear.

Therefore, there were some things that he did not know.

Edwin pondered for a moment. “If there are doubts, we have to find out

“As far as I know, Edric’s family does the best in this line of work. Why don’t you let him check for you!” Ray asked

Edwin did not answer. His eyes were dark.

Ray knew he did not want to answer, so he did not force him. He sat up straight and took a sip of wine. He placed the glass on the table and said, “Edwin, you suddenly care about Sharon. Could it be that you have feelings for her?”

“Don’t overthink it” Edwin denied.

Ray smiled and nodded. “Alright, Ed help you investigate.”

After sending Irene to kindergarten, Sharon invited Alanna to her house to discuss the new live broadcast project

This time, they had their eyes on a group of cross–border livestreamers.

“This person called Cayden Moore, although just a steelworker, dances especially well and feels very good. There’s no need for special packaging. He can attract a large group of people with his work clothes.” Sharon placed a photo in front of Alanna.

The hair of the boy in the photo was messy, and his clothes were not special. No matter how one looked at him, he looked unremarkable,

However, Alanna never doubted Sharon’s judgment of people. She accepted it.

Although Sharon had never directly participated in the company's management, she had made many important decisions.

She often searched on big platforms for newbies with potential but had no traffic because of various restrictions and asked them to enter her

company.

Everyone who caught her eye became popular

Alanna asked about the liquidation channels briefly

Chapter 96

They were doing live broadcasts and selling goods. Their employers could not just sing a few songs and dance a few times.

Now, the reward mode was also going downhill.

"His identity can resonate with his peers. There's no need to ask him to sell goods directly, place some soft advertisements, and find some building projects to cooperate with. Sharon said succinctly and threw the entire plan in front of Alanna

Alanna quickly finished reading the proposal and clicked her tongue.

She said. "With your business talents, isn't it a pity to only open Disney Entertainment?"

"Forget it. Sharon glanced at her indifferently. "What else is there other than wasting time to earn money! It's not much of a challenge. It's fine as long as we earn enough"

Alanna was speechless.

If those words get out, who knew how many people would want to beat her to death?

After talking about business, Alanna put away her notebook and thought of something else. Last time, Nelson came to me and said he wanted to compete with you on the same stage. What did you think?"

"Nelson!" Sharon thought of the avant-garde young man with a righteous appearance.

Although he was the Stanley family people and was rather arrogant, he did not step on her as others did. Sharon's impression of him was not bad

"Give him my number and ask him to make an appointment with me directly," said Sharon

“Alright” Alanna snapped her fingers.

The two of them went downstairs together.

Alanna got into the car and left Sharon was also prepared to go elsewhere

She had just opened the car door when a car drove over,

A man walked out of the car

Dumping My Billionaire Ex Chapter 97

The man’s short hair was tied up behind his head, and his bangs made him look gentle and elegant.

“Mr. Gildon?” Sharon was so surprised to see him.

Ray walked up to her with a warm smile on his elegant face

“What brings you here?” Sharon asked half-jokingly.

Ray had his hands in his pockets, and his black cropped pants revealed his ankles. It was refreshing and beautiful.

He lowered his head and brushed the hair on his forehead. He said, I want your opinion about something”

“You’re asking for my opinion?” Sharon raised an eyebrow, her face full of question marks.

Ray nodded. “I found out that the person who caused the blood contamination when you gave birth was indeed Tilda”

Back then, there was a problem with Irene’s blood as soon as she was born.

The hospital had a small stock of those rare blood types. However, the blood got overturned during transportation and was contaminated. Therefore, there was no blood left to save Irene

“Tilda is smart. She didn’t leave any evidence that could send her to court. However, if Edwin finds out. Edwin will not let her off. Shall we let it happen?” Ray asked.

Sharon’s long eyelashes fluttered.

Even though she knew the truth through Blake, and more than three years had passed, she still could not forgen in

She clenched her tits.

“No need” The answer

r was

beyond Ray’s expectations.

He asked. “You’ve suffered so much. Are you sure you don’t want Edwin to know?”

Sharon smiled. “Trene is mine. It has nothing to do with him. Whether we suffer or not has nothing to do with him.”

Her eyes were calm. She talked about Edwin like talking about a stranger.

Нет сусь мете

Seeing her like this, Ray felt inexplicably relieved. Moreover, he was a little happy.

“Since that’s what you want, I respect it” After saying that. Ray did not stay any longer and turned to leave.

Sharon stood still for a while.

She closed her eyes again and again. It took her a while to suppress the discomfort in her heart

This was the last kindness she gave Edwin as compensation for their four years of unfortunate marriage.

She walked to her car, opened the door, and got in.

Not long after the car drove out, two cars suddenly surrounded her.

The two cars appeared extremely suddenly and quickly.

She slammed on the brakes to avoid colliding with the other party.

Sharon suddenly frowned and realized that something was wrong.

A few people immediately got out of the two cars

One of them opened the car door and grabbed her arm. “Come with us”

“Where

are we going?" As soon as Sharon spoke, her mouth was covered by the other party. The four men dragged her out as quickly as possible,

They threw her into their car.

The car sped away.

Along the way, those people did not speak. They only controlled her and sealed her mouth with tape.

0

Chapter 57

Countless doubts flashed across Sharon's eyes. The unknown fate made her heart beat wildly,

She tried to determine the direction and guessed where they were taking her

The car drove past a few streets. The direction they were heading was not outside the city.

The confusion in her heart made her frown deepen.

Twenty minutes later, the car drove into an underground garage

Sharon was p

pulled out and dragged up the elevator.

Then, she was pushed into a room.

She looked up and saw the hospital's logo. This was the VIP ward area of the hospital.

And because it was the VIP ward area.

ea, there were very few people. In addition, they were walking through a special passageway, so they did not encounter anyone along the way!

"Sir, we've brought her here, the person holding her said.

Sharon noticed that there was someone in the room.

It was a man with a gloomy and unruly face, making people uncomfortable.

“Edric?” She recognized him

Edric raised his head. When he saw Sharon, his gaze became even more sinister

His face was filled with obvious disgust for her.

He did not say anything. He walked over and pushed Sharon into the room.

Sharon staggered from the push. As her mouth was covered by tape, she could only question Edric with an angry gaze.

Edric’s arrogant gaze did not land on her anymore. His expression made it seem like she was a disgusting cockroach.

When he looked up at the other side, his gaze suddenly softened.

“Edric, what... are you doing?” A clear and pleasant voice came from inside

Only then did Sharon notice that a hospital bed was inside with someone sitting on it.

This person was none other than Tilda,

She was wearing a hospital gown, and the charming look on her face was

was not affected at all. She was looking over in surprise.

Edric pursed his lips and tore off the tape on Sharon’s mouth. “Quick, apologize to Tilda!”

His tone was bossy!

Sharon felt a sharp pain on her lips.

She looked at Tilda coldly

After a brief moment of surprise, Tilda seemed to have understood something. A meaningful glint flashed across her eyes.

She pursed her lips and seemed to want to speak, yet she said nothing.

“Why should I apologize to her?” Sharon asked coldly.

Impatience flashed across Edric’s arrogant face. “Don’t pretend to be ignorant. I don’t care how you bullied Tilda in the past. But I have to settle the recent things properly! Tilda is kind. She didn’t hold it against you even though you stole her marriage, but you’re pushing your luck. It’s one thing for you to target her in the racing area, but you

even dare to ruin her birthday party! Sharon, do you think I won't dare to do anything to you just because you have Bisney Entertainment's boss backing you up! You have to get down on your knees to apologize to Tilda today and say you're wrong. Otherwise, I'll have to be rader

His tone was tough and cold, full of murderous intent.

When Sharon heard these words, she could not help but chuckle and look at Tikda,

She wanted to see if Tilda had the cheek to accept her apology.

10:42 AM

Chapter 97

Tilda avoided her gaze

She pretended not to see it

The expression on her gorgeous face suddenly turned dark, and her eyes became watery as if she were about to cry,

She looked as if she had suffered a great grievance

The more Tilda acted like this, the more Sharon felt it was ridiculous. So, Sharon stopped looking at her and turned to look at Edric's face. Td like to know, Mr. Greenwood, how you'll be ride"

Her clear words were a provocation to Edric's prestige!

Edric hated Sharon to begin with. When he heard what Sharon said, his eyes widened in anger

He raised his leg and kicked Sharon in the back of her knee.

Banch

There was a dull thud.

"Ouch!" What sounded was a man's muted groan.

When Tilda saw Edric kicking Sharon, she thought that Sharon would be kicked to her knees.

She was filled with hatred. She had long wanted to punish Sharon and could not wait for Edric to avenge her.

When she heard this cry, she suddenly raised her head and saw that Sharon, whom Edric had controlled, had already broken free from restraints. Sharon was rubbing her wrist. Her beautiful face was expressionless and cold.

However, Edric, who was behind her, beat down and covered the important part under his abdomen in pain.

Sharon kicked him!

Sharon rubbed her wrist lightly. She acted like she didn't hear Edric's cries of pain at all, nor did she look at him.

It was as if there was no such person around.

Sharon's father didn't want her to suffer losses, so he spent money to hire someone to teach Sharon protective techniques in her early years.

The four men had come so suddenly just now that they had let them catch her.

Edric wanted to kick her, but it was not that easy!

On the other side, Tilda's face suddenly changed. She looked at Sharon in disbelief! This woman is calm and collected but always surprises others.

She was filled with hatred and clenched her fists tightly under the blanket.

Sharon seemed to sense her gaze and looked over arrogantly. "Ms. Gill, are you sure you want me to apologize!"

Her expression was extremely indifferent. Her head was slightly tilted, but her gaze was filled with deep meaning.

Tilda gritted her teeth in hatred. She did not even know that her fingers had pierced through her skin.

She secretly glared at Edric 'How useless!'

Edric finally regained some senses. He realized Sharon had kicked him. His self-esteem had suffered an unprecedented blow.

Anger rose to his head, and his face twisted in pain and anger. "Damn it, Sharon, how dare you attack me!"

Sharon continued to rub her wrist gently. Her long eyelashes drooped indifferently, and she did not even look at him. "So you can attack me, but I can't kick you?"

"You" Edric stomped his foot in anger.

He lost his composure and raised his hand, wanting to be ruthless.

"Enough!" Tilda was much more rational than him.

This was a hospital. No one would benefit if this matter blew up.

She hated how useless Edric was.

Chapter 97

She forced herself to look like an elegant goddess. "Edric, I want to talk to Ms. Cress alone"

Dumping My Billionaire Ex Chapter 98

Edric was very worried. "Tikla, this woman is so vicious. She will hurt you!"

Tilda sneered in her heart. Even if Sharon would hurt me, with Edric's intelligence, he won't help!

But Tilda only said "Don't worry. She won't."

Although Edric was worried about Tilda, since this was her order, he looked at Tilda and glared at Sharon before turning around and walking out.

As soon as the door closed, Tilda's goddesslike image quickly dissipated. Her expression was cold, and her eyes were sharp.

She looked at Sharon. "I didn't expect you to be so capable. You can race, fight, and hide so much"

Sharon could not be bothered to talk to her about these useless things. "Ms. Gill, you should know I won't apologize to you. Goodbye"

She turned toward the door.

Sharon's indifference would only intensify the hatred in Tilda's heart. She wanted to trample on Sharon even more.

Her brows furrowed, and a moment later, she had a plan.

“Ms. Cress!” She called out to Sharon from behind. “I know you hate me. Back then, I pretended to be kidnapped and tricked Edwin away from you, causing you to almost freeze to death in the snow. Later, someone contaminated the spare blood for me when you gave birth, which almost killed you and your child.”

Tilda was a smart person. Even though there were only two of them, she still described the matter of contaminating the spare blood tactfully and made it have nothing to do with her.

Upon hearing her mention this, Sharon slowly stopped in her tracks. She wanted to see what Tilda wanted to say

Sharon slowly turned around and looked at her.

Tilda pursed her lips and said coldly, “But Ms. Cress, why don’t you think about what you did wrong?”

At this point, she deliberately took the cup and sipped water.

Only then did she continue, “Because of you, Edwin and I missed each other. I lived a life worse than death for four years. Edwin also lived a painful four years. We were originally the most loving couple. If you hadn’t delayed us for four years, we would have started a family long ago. I don’t know how happy we would be. But now? We’re just getting back together as a matter of course, but we have to bear the criticism of others. We’ve also changed greedy in the past four years, especially Eden. He wholeheartedly feels he used to be married and doesn’t match me. You’ve hurt us so much, so why don’t you allow others to fight for justice?”

Tilda’s words were full of grievances.

Sharon laughed as she listened

‘Don’t ever expect Tilda to speak human language, Sharon thought

She planned the blood contamination incident. However, she said that someone else was standing up for her.

She was the one who cheated on Edwin and made the Stanley family people feel ashamed. Sharon had no choice but to step forward to help, but she said Sharon caused them to separate.

Could anyone be more hypocritical than her?

Sharon was not angry. She made a praising gesture. “Ms. Gill, your ability to make up stories and pretend to be innocent is unparalleled. I admit

defeat!"

Tilda was furious

She thought Sharon would be angry and fly into a rage.

She thought Sharon would do something impulsive. In the end..

Disappointed, she twisted her fingers again and again. When her fingers landed on the phone under the blanket, which had the recording function turned on, she could only retract it.

How could Sharon not see her line move!

She remained calm and pretended not to know anything. She continued, "My targeting of you is nothing compared to the harm you have done to me. It's not worth mentioning. Ms. Gill, you can't even take it? I haven't used your tricks on you yet

L

Chapter 95

Her light words were like a heavy blow to Tilda's chest, causing her blood to churn and her body to sway!

Using all her methods on

her once...

Just thinking about it made Tilda feel terrifying

After the divorce, Sharon was becoming more and more difficult to deal with

Tilda could not help but glare at Sharon

As far as her eyes could see, Sharon's expression was calm. She was not frightened by Tilda's gaze at all.

Not only that, but she was also looking at Tilla with a faint smile. Her face and eyes were filled with mockery.

Sharon was laughing at her

Tilda twisted her fingers again and clenched them into fists!

However, after a moment, she seemed to have thought of something and regained her composure.

Then she turned around..

A faint and meaningful smile appeared on her face. "Ms. Cress, do you know why Edwin still chose to be with me despite knowing I've done many things to you in the past four years? Not only did he not punish me, but he even cared about me more!"

A snake-like light appeared in her eyes as she spat out cold air. "Because he hates you too! And..."

Tilda's smile became even more sarcastic. "He never wanted your child to be born. Otherwise, he could have asked someone else to pick you up. but why didn't he make arrangements When you gave birth back then, he could take care of you, but he didn't even show his face. To him, you giving birth to that child is the greatest insult to him! An unpopular child. Only you would have the guts to give birth to her"

Tilda smiled as she spoke, her figure swaying,

The more she laughed, the more Sharon's heart ached.

Although she knew about Edwin's attitude, when she thought about how Irene did not make any mistakes but had to suffer such treatment, she felt so uncomfortable that her heart seemed to drip blood.

Tilda slid down from the bed and walked to Sharon She tiptoed and whispered into her ear. "Yogi're always blaming me for hunting the child. But I'm helping you. No, to be more precise. I'm helping your child. Think about it carefully. If she was frozen in the snow and bled out, or if she was gone because of blood contamination, she wouldn't have to face the current situation, would she? Because of your self-righteousness, this child is destined to be belittled by many others. Whenever others see her, they'll think of what you've done. Look at you. Not only did you force Edwin to marry you, but you also cheated on him with another man and gave birth to her. She's a laughing stock wherever she goes. How can she raise her head in the future!"

It had to be said that Tilda was very good at offending others.

These words were like a sword that successfully stabbed Sharon's sore spot.

She had been worried about this all this time.

"I helped you twice, but you treated me as a bad person instead. You still stubbornly gave birth to that child. In the end, who did you harm?" Tilda

added.

Sharon's face was colorless. Her shoulders drooped weakly, and her face was pale.

She silently bit her lip.

Suddenly, her arm was gripped tightly by Tilda

Tilda said, "Sharon, leave! Take the child to a place no one knows and start over!"

Sharon suddenly turned around and stared at her.

Her lips parted slightly

Tilda also looked at her. "I know you and Hisney Entertainment's boss are not together. That's even better. I give you money to ensure you and the child will have no worries for the rest of your lives"

With that, she handed over a cheque. "20 million dollars? Is it enough if it's not. I can add more!"

The check finally woke up Sharon

She stretched out her fingers and took it.

Tilda finally smiled from the bottom of her heart when she saw Sharon accept the check.

It was a smile of triumph.

Whoosh! Whoosh!

Sharon raised the check and flicked it twice. "Ms. Cill, you're indeed straightforward. Since you're so straightforward, why don't

Dumping My Billionaire Ex Chapter 99

"Why don't you leave!" Sharon said after a pause.

The smile on Tilda's face froze when she heard that. She looked at Sharon as if Sharon was a lunatic.

She immediately accused angrily, "Are you out of your mind I've said so much, why don't you understand?"

However, she immediately nodded in understanding "Is 40 million dollars not enough? It doesn't matter. You can increase the price!"

“Why am I the one leaving and not you guys?” Sharon did not look at the check anymore.

She had plenty of money!

Tilda was at a loss for words.

Sharon threw the check back into Tilda’s arms. “The person who wants to live a peaceful life is you, right? You’re afraid that my existence and Irene’s will affect your happiness. Since that’s the case, if you take the initiative to leave, won’t everything be fine? As for how others judge me and Irene, that’s our business. Ms. Gall, you don’t have to worry about it!”

Tilda was speechless.

After Sharon finished speaking, the elegance Tilda had forced herself to maintain collapsed instantly. Her perfect goddess-like face slowly cracked and twisted!

She gritted her teeth!

After saying this, Sharon sneered and pulled her arm away from Tilda’s hand.

She had just pulled it away when Tilda grabbed it again!

This time, she tightened her grip.

Tilda said, “Sharon, take a good look. Whose check is in

Sharon lowered her head and saw the name written on the cheque. It was Genesis Group!

“See, this is what Edwin means. He’s tired of you always picking on me and wants you to leave! You can choose not to leave, but I can’t guarantee how he will target you. You should know how ruthless he is when dealing with his enemies and Tilda

“Is that so?” Sharon replied softly and hooked Tilda’s hand.

Tilda was in pain and had no choice but to let go.

Sharon’s expression

was cold, but her lips curled into a smile. “I’ll wait and see!”

With that, she ignored Tilda’s palette-like face and strode to the door, pulled it open, and left.

On the other side of the door, a figure slowly appeared.

Dressed in a leather jacket, the man's hands fell to his sides and he clenched them silently

A faint anger appeared on his handsome and arrogant face.

It was none other than Nelson.

He received a call from Al-

from Alanna saying that Sharon was willing to compete with him and asked him to contact her.

Nelson thought about it and decided to meet Sharon directly.

When he arrived at Sharon's residence, he heard Sharon's conversation with Kay and knew what Sharon had been through.

Nelson was still stunned that Sharon had experienced so much. Before he could look for her, she had already gotten into the car,

He also happened to see someone holding her hostage.

Nelson chased after her. He wanted to save her but realized they didn't bring Sharon to any dangerous place. Instead, they went to the hospital. Out of curiosity, he did not alarm those people. He only quietly followed them.

When Edric left, the door was not closed tightly. He happened to see everything in the room

Naturally, he did not miss Tilda's arrogant comments,

Sharon was an insurmountable god in Nelson's heart.

Nelson had always been arrogant and rarely submitted to others. Once he admired someone, he would respect them very much.

Through Ray, he had known the shameful things Tilda had done to Sharon

Not only did Tilda not admit her mistakes, but she also wanted to chase Sharon away now!

Even he wouldn't allow it, not to mention Sharon!

"How can she bully others like this? Nelson muttered to himself as he waved his phone.

Sharon did not want to get involved in this matter. So, Nelson would take care of it

At the thought of this, he raised his phone. I need you to do something for me."

Not long after Sharon left. Edric returned to Tilda's ward.

'Sharon didn't bully you, right?' Edric asked with concern.

When Tilda saw Edric, she was furious. "What's wrong with you! Why did you bring her here!"

Seeing that she was angry Edric explained anxiously, can't stand her. She should apologize to your Dad she bully you? I'll go look for her!"

As he spoke, he was about to look for Sharon.

"Enough!" Tilda called out to him, her lowered eyelashes hiding her disdain for him

She was not angry that Edric was looking for trouble with Sharon, but that he could not win against Sharon and caused trouble for her!

"What if she goes to Edwin to spout nonsense when you get her here today! You know that Edwin has been quite against me recently!" She said aggrievedly, "He'll be angry."

When Edric heard her say that he quickly expressed his stance: "Don't worry I did everything myself today. It has nothing to do with you."

This was exactly what Tilda wanted.

Although she was satisfied in her heart, her expression did not change. She punched the blanket with her fingers and sighed softly. "Although I didn't get her, I couldn't help but say some harsh words when I saw her just now, I even got agitated and gave her a check to ask her to leave! I was so impulsive."

After saying that, she hugged her head and looked like she regretted it

Seeing her like this, Edric's heart broke. He quickly comforted her, "Don't think much. If Sharon goes to Edwin to say those things, you can tell Edwin I said it."

"What kind of person do you take me for?" Tilda pretended to disagree.

Edric did not say anything, but he had already decided. He would take all the blame for this matter.

Tilda and Edric had known each other for a long time and knew each other very well..

Seeing that he was no longer speaking. Tilda was certain that he would take the blame for her

It was exactly what she needed

Edric's tactfulness made her heave a sigh of relief. However, when she thought about how Sharon refused to leave, her heart was filled with anger

and frustration!

"How annoying Sharon is She twisted the corner of the blanket and shouted in frustration,

She imagined the corner of the blanket in her hand to be Sharon She just wanted to strangle her to death!

Sharon had become very outstanding, but it was not scary. What was terrible was that she was Big Eyes!

If Edwin knew the truth, Tilda would be finished:

This was the reason why Tilda desperately wanted Sharon to Travel

"Don't worry, I will help you slowly deal with Sharon. I promise that I will not let her have an easy time!" Edric promised.

Tilda's little temper could arouse 100% of his attention.

"Save it, it's better if you don't do anything!" Tikla rolled her eyes at him.—

Her glance made Edric quickly shrink his neck. A strong sense of defeat flashed across his heart

Tilda was his goddess. He always wanted to do something to shock the world and make her look at him in a different light, but he could not do anything well.

Just as he was deep in thought, his phone rang

Edric did not avoid Tilda and answered it in front of Iser

His expression darkened when he heard what the person on the other end said,

After lunging up the phone, there was only gloominess in his eyes.

He looked at Tilda worriedly and wanted to say something but hesitated.

Tilda could tell that something was wrong. She could not help but ask, "What is i

Only then did he sigh. The result is out"

"What result Tilda could not recall.

Edric whispered a few words.

Upon hearing his words, Tilda's face turned pale and she froze there.

"Are you sure?" Tilda asked softly after a moment, her fingers tightly clenched

Edric nodded. "I saw he took the child's hair with my own eyes, and the DNA test was done by someone we know. There's no way it's wrong. That child is indeed Edwin's

He looked at Tilda with concern. What should we do about this?"

Tilda didn't have an answer.

Although she had some guesses in her mind, when the answer actually arrived, it was still hard to accept.

Edric didn't notice her trembling fingers or how pale her face had become

If it was just about the child being Edwin's, she wouldn't be so afraid.

But now she knew Sharon was Big Eyes

Once this truth was revealed, the consequences would be dire

Tilda couldn't bear to think about it. Her mind was in chaos,

"What does Sharon want to achieve?" Edric grumbled irritably

Edric couldn't shake the feeling that Sharon hiding the child's identity wasn't about separating from Edwin, but about planning something big

"Tilda!" he suddenly grasped Tilda's arm with determination, forcing her to face him. "Listen to me. You must never tell Edwin about this! I'll figure out a way to prevent Sharon from causing trouble with this!"

Before Edric could finish his words, the door swung open, and a tall figure entered.

Tilda and Edric both turned to see the newcomer's face, their expressions changing simultaneously.

Tilda awkwardly pushed Edric aside, forcefully suppressing her unease as she turned over. "Edwin, are you here to see me?"

Her voice was gentle and sweet, like a docile cat

Edric couldn't shake the feeling that Tilda's eyes were filled with nothing but Edwin, which made him uncomfortable. He silently pinched his fingers, but could only step aside. "You two go ahead. I won't keep you."

With that, he turned around and walked out

After Edric left, Tilda saw his departure and stepped closer. "Edwin, I've been waiting for you all day. Why did you take so long to come to see me?"

She leaned her head against Edwin's shoulder.

Although Edwin treated her differently now, he never rejected her affectionate gestures like this, always accommodating her.

(this time, as Tilda leaned in, Edwin suddenly recoiled

"Why did you do that?" he spoke, his voice heavy with intensity.

Tilda was taken aback, and looking at him, she noticed how cold his expression had become

a wave of unea

A wave

unease swept through her, her chest tightening.

"What's wrong, Edwin? What happened?" she asked hastily.

Edwin turned to face her, his eyes as cold as ice.

Tilda had never seen him look so icy, and she took a step back, feeling loss.

She bit her lip in distress. "Edwin, why are you looking at me like this? You know I'm not well I can't handle stress. Looking at me like this will only worsen my condition."

Tilda's voice was pitiful, tears welling up in her eyes.

In the past, even if Edwin was furious, he would soften at the sight of Tilda like this, at least saying something comforting, but not this time.

Edwin's gaze held nothing but growing disappointment

person I used to know any more! You've become a monster! Edwin's accusation was heavy and solemn.

Previously, he only thought Tilda was a bit stubborn. Even when she pretended to be kidnapped to deceive him, causing him to leave Sharon and resulting in Sharon's miscarriage, he only blamed himself.

But he couldn't let go of the blood contamination incident.

Tilda tried hard to stand up straight, but her legs trembled so badly that she had no strength

She collapsed onto the bed.

Her fingers struggled to tighten the sheets, trying to give herself some strength, but she couldn't manage it.

Edwin was so certain that she was responsible for this. He must have conducted some investigation

Denying it would only deepen his disappointment

But she couldn't admit it.

If Tilda admitted it, her image in Edwin's heart would surely plummet

Tilda had already disappointed Edwin several times. She dared not imagine how he would deal with her if she admitted to this.

A suffocating sense of fear engulfed her, making it hard for her to breathe.

Tilda took a deep breath, forcing herself to calm down. "Hay y must have investigated this, right Edwin, I don't want to say much, but I just want to remind you that Hay has always had a special affection for Sharon. If you ask him to investigate this, he'll only listen to Sharon!"

Her implication was clear. Ray wouldn't investigate at all. He would just tell Edwin whatever Sharon said.

"You've seen it too. Every time, Ray helps Sharon. His words are worthless!" she added.

After saying this, Tilda's face finally regained same color

She wasn't making this up. Edwin would surely believe her.

However, instead of easing up, Edwin's expression grew even darker.

"Hay didn't tell me about this; you did it yourself?" he roared.

"Mer" Tilda pointed at herself, feeling absurd. "Edwin, how could you joke with me like this?"

Edwin didn't answer. Instead, he took out his phone.

His fingers tapped lightly on the screen.

Suddenly, a voice echoed in the room. "You always blame me for laying a hand on the child, but I'm actually helping you, or rather, helping your

child.

“Think about it carefully. If your child had been lost due to blood contamination, wouldn't you have been spared from facing this situation now?”

As Tilda listened to this familiar voice echoing her own words, it felt like a heavy blow, rendering her dumbfounded once again.

She had been recorded.

“Are you trying to tell me that you didn't say those words? Someone imitated your voice!” Edwin asked icily.

Tilda opened her mouth, wanting to nod.

However, Edwin's words successfully stopped her from spilling out the lie she was about to concoct. “You should understand. I know your voice better than anyone else.”

Tilda froze.

“There's something wrong with this recording. It has been deliberately tampered with. My original words weren't like this. Her breathing became unstable, and as she said this, she could hardly convince herself.”

10:42 AM

Chapter 100

Edwin didn't respond.

He also heard the problem in the recording, seemingly something deliberately concealed.

But there was no problem with the part where Tilda harmed Sharon.

“I'm sorry, Edwin. Tilda knew she was exposed, unable to argue. She finally gave up resistance, covering her face with apologies.”

Then Tilda burst into tears.

She tried to justify herself. “I really lost my mind. So many things happened suddenly. I didn't know what to do. The only thing I could do was to run away to hide overseas.”

I do was run

“That someone told me that Sharon was going to have a baby, Edwin, I couldn't bear it, I couldn't imagine you having a child. I don't even know how I returned to the country. When I became sober, everything happened!”

I regretted it, even thought about dying, but Edwin, I couldn't bear to leave you"

Tears streamed down Tilda's face, dripping onto the bed.

She was gasping for breath, looking so frail that she could faint at any moment.

Edwin just stood there silently, his hands hanging down, and clenched into this, without a word of comfort.

Tilda's actions were too malicious. He couldn't pretend as if nothing had happened.

Tilda crawled to him. hands clutching his legs. "Edwin, please, don't be angry with me. I was really mentally unstable at that time. My mental health deteriorated after I left you

"Can you, for the sake of the companionship I gave you in the past, give me another chance? I promise I won't do anything like this again

Edwin lowered his head, looking at her.

The companionship they shared in the past was once the most precious memory between them, the warmest comfort, but she had repeatedly treated it as a trump card..

Edwin suddenly felt numb.

Silently, he reached out and grasped her fingers.

Upon seeing his response, Tilda's face lit up with joy and she wanted to throw herself into his arms

But in the next moment, when she saw his next move, the joy on her face froze abruptly.
