

Dungeon 151

Chapter 151 Strong Support

Everyone was stunned.

The vendor who sold the elemental stones to Lu Benwei was so scared that he raised his hands.

“Heroine, please spare me. Let’s talk this out.”

“Move aside. I, Chu Yan, don’t simply kill people!” Chu Yan said playfully.

At this time, everyone understood that Lu Benwei and Chu Yan were going to rob them.

!!

“Lu Benwei, do you know what you are talking about?” Cong Jian smiled noncommittally.

“Do you want to be on bad terms with the Heavenly God Temple?”

“Hey, isn’t our God Slayer’s Club irreconcilable with the Heavenly God Temple?” Chu Yan smiled evilly.

“If it was someone else, I might have a bit of a psychological burden, but I’m more than happy to rob someone from the Heavenly God Temple!” Lu Benwei said lightly.

Cong Jian smiled noncommittally. “What a joke. Don’t you know how much you’re worth to deal with me?”

After saying that, a fiery red and aqua blue battle robe appeared on his body. At the same time, he held a magic staff that was as long as his body.

The remaining two members of the Heavenly God Temple also entered their battle stances. One of them was an archer, while the other was a knight. Both of them were level 30, and their strength could not be underestimated.

Lu Benwei was about to make a move when he heard Cong Jian stretching his muscles. “I haven’t fought in a long time. Leave it to me.”

After saying that, Cong Jian put on his black mask and walked forward with a shiny sword.

Everyone was speechless.

Chu Yan was an elemental, but at this moment, she was fighting with three people.

Cong Jian’s use of the water and fire elements was superb. However, in front of Chu Yan, he was as clumsy as a baby who had just picked up a staff.

Chu Yan was able to nullify all his clumsy magic skills, and he was unable to hurt her at all. The remaining two also suffered in front of Chu Yan.

She was like an agile female thief, neutralizing every move and attack.

Lu Benwei was curious and quietly activated the Eye of Insight.

[Talent: See Through]

[Talent: Elemental Child]

The first was to be able to see through the flaws of any skill and make the most correct response in a short time.

The second was the ability to be affable to all elemental powers and reduce the damage of all elemental attacks.

In other words, Chu Yan had completely suppressed the skills and techniques of the three.

“Ouch!”

Cong Jian had never thought that a freshman could make him suffer.

“Chu Yan, you’ve forced me to do this!”

In the next second, he started to chant a spell from the sword. Balls of extremely hot blue flames appeared behind the sword. The air was scorching hot, causing the onlookers to sweat in a few seconds.

Chu Yan was not flustered and said playfully, “Nine Li Flames? I know how to do it too!”

Then, Chu Yan also began to chant a spell. Nine balls of extremely hot blue flames were dancing rapidly. They were larger than the sword and had a higher temperature!

“Boom!”

18 balls of blue flames collided with each other. After a few breaths, Chu Yan’s flames devoured the flames from the sword and turned into nine larger flames.

Cong Jian was shocked and hurriedly used a defensive skill. However, all skills were useless.

The nine balls of fire split into three, bypassing the layers of defense of the sword and attacking the three of them.

“Boom boom boom!”

Three consecutive explosions rang out, and the three of them were instantly turned into men of fire.

The blazing flames burned and roasted the three of them, causing them to wail in pain. It was like the wailing of ghosts from hell, causing one’s scalp to go numb. At the same time, their strength was dropping rapidly.

“Chu Yan! Just teach them a lesson,” Lu Benwei whispered.

“I know.”

Chu Yan nodded and retracted the flames from the three of them.

Cong Jian and the other two were burned to the point where not even an eyebrow was left. Their skin was bald and charred, and only their eyes were white. It was a funny sight.

“Hand over your spirit light!” Chu Yan bared her teeth and said fiercely.

The three of them had just returned from the gates of hell. Their eyes were empty, and their chests were heaving up and down.

“We’ll give them to you!” Cong Jian begged for mercy in fear. After saying that, he handed over 700 bottles of spirit light power.

“Just these?”

Chu Yan obviously did not believe him. She gritted her little canine teeth and flashed the sharp dagger in her hand.

Cong Jian was scared out of his wits. “There’s more. Please spare my life, great one!”

As he said this, he took out about 200 bottles of spirit light power from his sword.

Chu Yan frowned and looked into Cong Jian’s eyes. Cong Jian’s eyes dodged in a hurry. “Great one, these are really all I have.”

“Do you think I’m that easy to fool?” Chu Yan said coldly.

Cong Jian was instantly scared out of his wits. With a long face, he pulled out a storage ring and took out about 500 bottles of spirit light energy.

“Good fellow, how many people’s spirit light powers have you robbed?” Chu Yan’s eyes widened as she asked in surprise.

“Not many, not many!” Cong Jian chuckled.

Seeing that Chu Yan did not reply, Cong Jian said, “Great one, can I go now?”

“Stop!” Chu Yan was very smart and knew that there were still 100 bottles of spirit light with him.

“Great one, please leave some for me,” Cong Jian cried and begged.

“Cut the crap. It’s not like you’re being eliminated. Why don’t you just go and hunt more spirit light monsters?” Chu Yan did not say anything and squeezed out every drop of the sword.

Seeing this, the remaining two people also handed over their spirit light powers. Compared to Cong Jian, the two of them had a little less, only a thousand bottles in total.

In addition to the 1,500 bottles she had taken from the sword, Chu Yan had collected a total of 2,500 bottles, which was just enough to offset the 2,500 bottles she had bought for the elemental stone.

Even so, Chu Yan still felt a little unsatisfied. “After half a day of hard work, we only got one stone!”

The surrounding people were all sweating profusely. At the same time, the crowd was amazed by Chu Yan’s strength.

Chu Yan was only at level 29, but in the process of fighting with the three followers, she had never relied on external factors. She only chanted the same skill as the followers. Such a terrifying combat power made people feel fear.

Not only was she strong in combat, but she was also very black-hearted. After this battle, the title of the little demoness Chu Yan had completely spread.

That night, Lu Benwei and the others rested at this simple gathering point to prepare for the battle spirit light monsters the next day.

However, at this moment, at a corner of the intersection point.

An extremely strong leg ruthlessly kicked Cong Jian's chest.

"Idiot, you still have the face to ask for help?!"

As soon as he finished speaking, another cold voice rang out.

"Where's Lu Benwei now?"

Cong Jian endured the pain and immediately responded, "He should still be at the gathering point at the intersection."

After saying that, the two of them exploded with monstrous anger.

Chapter 152 A Fierce Battle

On the second day of the spirit hunt competition.

Lu Benwei, Chu Yan, and the others finished resting and were ready to go to the target point. Unexpectedly, as soon as he left the gathering point, he ran into Cong Jian and the other people from the Heavenly God Temple, who blocked his way.

"Cong Jian, what do you want?" Chu Yan immediately saw through their ill intentions and asked.

"What do I want to do?" Cong Jian replied fiercely, "To take back what is mine, of course."

"It seems like you didn't learn your lesson yesterday," Chu Yan's pretty face turned cold as she said in a deep voice.

Then, an arrow was shot at Chu Yan.

Fortunately, Lu Benwei had already activated the Eye of Insight and sensed the person hiding in the shadows.

Holy Light Shield was activated. This was Lu Benwei's best defensive skill, but it could not block the dark arrow and was broken after only three seconds. The other party had come with the intention to kill!

Lu Benwei's heart went cold, and he used the Heavenly Light Shield to defend himself.

"Boom!"

The dark arrows hit the white shield and caused some sparks. The stalemate lasted for a while before it dissipated.

"Who's there?!" Lu Benwei asked coldly in the direction of the dark arrow.

"The person who will take your life!" The man's voice was also very cold.

Chu Yan shouted and was about to teach this person a lesson, but Lu Benwei stopped her. "Let me."

After saying that, he used Lightning Speed and rushed toward the man. As an archer, the man's speed was not slow. Seeing Lu Benwei coming for him, he ran into the forest.

After running for a while, Lu Benwei found that he could not lock onto the man's location. At the same time, the other party could shoot arrows at him now and then.

"A ranger?" Lu Benwei guessed.

A ranger was a class advancement of the archer class. A ranger was extremely fast and could hide in the forest. At the same time, one's combat power could be greatly increased.

"Let's see how you're going to dodge it!" Lu Benwei sneered.

After saying that, he quickly swung his fists toward the sky. The numerous fists were like meteors and like the explosion of the stars.

The star fell, and the ranger had nowhere to hide. He quickly came out.

"Hiding in the dark and shooting arrows, are you trying to kill us?" Lu Benwei coldly asked.

"Lu Benwei, you already know the answer! From the moment you established the God Slayer's Club, you and the Heavenly God Temple are irreconcilable," the man shrieked.

"Then why don't you ask me why I established the God Slayer's Club? If Wang Qian didn't go against me, how could I not let you guys go?" Lu Benwei retorted.

The man was stunned. Then, he gritted his teeth and said, "It's useless to say anymore. Today, either you die, or I die!"

Then, the two engaged in a fierce battle.

Lu Benwei used the second level of Lightning Speed, but he still could not catch the ranger's figure, showing how fast he was.

Myriad Light Fist once again burst out like a star, and Lu Benwei used the same trick again, trying to force him out. However, that person also had lightning speed skill, and his speed suddenly increased.

The people in the distance were dazzled and could not catch the figures of the two people at all.

"What should we do? Lu Benwei doesn't seem to be able to do anything to him." Zhao Xiaoqi was very anxious.

"It doesn't matter. Even if another person comes, the annoying fellow will still be able to handle it." Chu Yan was not flustered at all.

"Lu Benwei is able to handle it?" Cong Jian sneered. "Do you know who Lu Benwei is facing?"

"Tsk!" Chu Yan rolled her eyes at him. "Isn't he Liu Gang of your Heavenly God Temple?"

Cong Jian's expression instantly froze. "How did you know?"

"Nonsense. There are only a few rangers in the Heavenly God Temple. It's easy to guess."

Liu Guang was one of the main members of the Heavenly God Temple. He was extremely talented and was trusted by Zhou Qingfeng and Wang Yan. He was almost guaranteed to be the next vice president.

Liu Guang was currently at level 39, and with the level suppressor, his true strength was definitely above level 40!

“So, what if you guessed it right? Other than Secretary Liu, Secretary Sun is also here to avenge me!” Cong Jian’s eyes were cold as he threatened Chu Yan and the others.

Chu Yan immediately became impatient. “I don’t care if there are Secretary Liu or Secretary Sun. Lu Benwei will deal with them one by one!”

Cong Jian laughed disdainfully. Just as he was about to mock Chu Yan, he found that she was already very close. He was so frightened that he fell to the ground.

“What are you doing?”

“I almost forgot. Although Lu Benwei didn’t allow me to interfere, he didn’t say I couldn’t teach you a lesson!”

Chu Yan slyly gritted her little canine teeth, her eyes filled with greed.

On the other side, Secretary Sun, Sun Yangtian, had already joined the battle. His body was as strong as a bull, and his muscles were well-developed. His arm alone was thicker than Chu Yan’s thigh.

Sun Yangtian’s fighting style was extremely fierce. Just by relying on his terrifying physical strength, he was able to jump in front of Lu Benwei. As Liu Gang was behind him, Lu Benwei could not fight him head-on!

“Boom!”

Sun Yangtian’s fist slammed heavily into the ground, instantly creating a deep pit.

“It didn’t hit again?” Sun Yangtian hissed.

Lu Benwei pulled away from him and raised his fist, ready to fight back. However, a cold light bloomed in the distance, and a dark arrow was shot over. He gritted his teeth and pulled back.

Sun Yangtian’s fists followed, forcing Lu Benwei to retreat.

Although the strength of the two of them had not exceeded level 40, the combat power displayed by their tacit cooperation far exceeded that of level 45.

Lu Benwei’s eyes were cold as he used Myriad Light Fist.

“Die!” Sun Yangtian shouted as his body expanded. His muscles bulged like a mountain.

“Whoosh, whoosh, whoosh!”

Myriad Light Fist only scraped a layer of his skin when it hit his terrifying body.

At this moment, another hidden arrow came.

“F*ck!” Lu Benwei cursed and used the third level of Lightning Speed and Silver Speed to pull away.

However, an eagle's figure appeared on the arrow, and it quickly changed its direction to shoot at Lu Benwei.

"Artifact spirit?" Lu Benwei exclaimed.

At this moment, Sun Yangtian also revealed his weapon and weapon spirit. It was a bull with fiery red eyes covered in iron.

At the same time, his weapon was a pair of gauntlets wrapped around his arms. The entire body was made of fine iron, and it glowed with a dark light, giving people heavy pressure.

"Are you all going all out?" Lu Benwei's voice was extremely cold.

At this time, Liu Gang's figure was revealed. He was thin, wearing a dark green ranger suit, and holding an exquisite crossbow.

"Lu Benwei, you're just so-so." the two laughed.

"That day, if it wasn't for the fact that senior Wang Yan didn't use his full strength, you would have been reduced to ashes."

"Did I use my full strength that day?" Lu Benwei smiled.

Chapter 153 The Battle Between Men and Monsters

Lu Benwei's voice fell. A black halo appeared under his feet and covered his entire body.

In the next second, a huge shadow of the heavenly dog appeared, giving off an imposing aura.

Lu Benwei's aura rose again. With the four skills strengthening his body, Lu Benwei was level 25 but his combat power was comparable to level 30!

Liu Gang and Sun Yangtian were both stunned. The two had never seen such a powerful support skill with such a huge boost.

"Liu Gang, don't give him a chance to fight back!" Sun Yangtian roared and rushed toward Lu Benwei.

!!

Liu Gang was in charge of feints and summoning the weapon spirit to attack. The powerful eagle artifact spirit let out a strange cry and revealed itself from the void. It spread its wings and flew high, its huge wings covering the clouds and the sun.

"Rain of Arrows!"

Liu Gang roared, and the eagle artifact spirit shrieked. Its feathers flashed with a cold light, and countless arrows shot out from its wings toward Lu Benwei.

Lu Benwei's eyes narrowed, and he waved his hand. The Heavenly Light Shield hung above his head, blocking the path of every arrow.

After using the four skills, Lu Benwei's attributes were improved in all aspects, and the effect of the Heavenly Light Shield also improved.

Each of the arrows that were shining with cold light hit the shield, but they only made a crisp sound of metal colliding.

Before he could finish, Sun Yangtian let out a deafening roar as he jumped into the air and raised his fists above his head.

“Rock Shattering Blast!”

Every single blood vessel in Sun Yangtian’s body was flowing with boundless energy, which was channeled into his fists as he smashed them into the ground.

Everyone was dazed, and for a moment, they felt the earth shake from this infinite power.

Lu Benwei was calm and composed as he circulated the bloodline power of the five monsters. With the activation of the five bloodlines, his attributes were further enhanced.

Lu Benwei’s body was enveloped in a strange light, displaying a strange scene of five kinds of strange monster phantoms surrounding him. The blood in his body was constantly circulating under this strange scene, and his muscles were humming.

“Boom!”

The two fists collided, causing a huge commotion in the forest. Many people were awoken by this strange movement and ran over to watch.

“Damn, Lu Benwei and the Heavenly God Temple are fighting again.”

“The way I see it, these two clubs will fight to the death for the rest of their lives.”

Some people were also surprised by Lu Benwei’s strength.

“Even though Liu Gang and Sun Yangtian are both level 39, their combined strength is comparable to a level-45 hunter. And it’s when they don’t even use their full strength.”

“But that Lu Benwei, no matter if he’s only level 25, can’t even take a beating from the two of them.”

With the four skills, Lu Benwei’s strength could increase by five levels. If he used five more bloodline powers, his strength would increase by another five levels.

In addition, Lu Benwei’s own attributes were 100 times higher than the same level. His current state was comparable to a level-40 hunter! As a result, Lu Benwei did not suffer much of a loss against the level-39 Liu Gang and Sun Yangtian.

However, if he wanted to defeat the two of them who had great chemistry, Lu Benwei’s strength still needed to be improved further.

After he took the punch, he pulled away from Sun Yangtian and used Myriad Light Fist. The rain of fists was like falling stars, ruthlessly smashing toward the two.

Sun Yangtian stood in front of them, allowing the rain of fists to hit him. He did not expect Lu Benwei’s strength to increase after using his bloodline power, and Sun Yangtian suffered a lot of injuries.

Seeing this, Liu Gang drew his bow and shot out an arrow with astonishing power.

Lu Benwei used Lightning Speed and dodged it with Silver Speed.

At the same time, the distraction helped Sun Yangtian out of the situation.

“Liu Gang, this brat’s foundation is so strong. His strength has grown to the same level as us.” Sun Yangtian felt a little guilty. He was surprised that Lu Benwei was fine after taking his punch.

Liu Gang’s forehead was also covered in a cold sweat, and he gradually realized how difficult the situation was. If Lu Benwei had used his full strength, it would have been fine.

Now, Lu Benwei was sneering without a trace of panic on his face. He still had a hidden trump card!

Liu Gang and Sun Yangtian fell into deep thought.

At this moment, someone barged into the battle. It was not Chu Yan or someone from the Heavenly God Temple, but an unknown student.

The passerby student was out of breath and said, “The three of you, stop wailing and fighting.”

The three of them were puzzled at the same time as they looked coldly at the student.

The student shivered in fear. “The spirit light monsters in Clear Light Valley have started a riot!”

Everyone’s eyes widened at the same time, and they asked in unison, “What did you say?”

“The spirit light monsters in Clear Light Valley have started a riot! They’re rapidly approaching!!!”

The Clear Light Valley was the target of Lu Benwei’s group.

Other than them, many people knew that it was possible to capture the general-level spirit light monsters in the Clear Light Valley.

“I was about to go find them, but they came to me first.” Sun Yangtian was overjoyed and didn’t hide his goal at all.

Then, he looked at Lu Benwei and said, “Lu Benwei, I’ll let you go for now. After the monster tide, we’ll settle the old and new scores together.”

“I’m afraid I can’t do as you wish.” Lu Benwei’s cold voice sounded.

In the next second, several figures passed by him. It was Lu Benwei, Chu Yan, and the rest of the seven people who were charging toward the spirit light monsters.

“What? Their target is also the spirit light monsters?”

Sun Yangtian and the rest of the people from the Heavenly God Temple were shocked.

“Cong Jian, quickly call for help!” Liu Gang made a prompt decision and ordered everyone, “Yangtian, come with me. Let’s go find our target first.”

After saying that, Sun Yangtian and Liu Gang used their speed skills and charged toward the spirit light monsters.

Among the people gathered at the gathering point, many of them knew that it was possible to capture a general-level spirit light monster in Clear Light Valley, so they ran toward the direction of the monster tide.

Seeing that many people were advancing instead of retreating, the rest of the people understood that there were at least some treasures in the monster tide. They immediately joined the large group and charged toward the spirit light monsters.

Among the spirit light monsters, the ones who were fighting the most intensely were Lu Benwei's team and Heavenly God Temple's team.

The two teams used all kinds of powerful skills, and strange lights continuously appeared, causing the spirit light monsters to fall one after another. When the ordinary students saw this, they were dumbfounded, and their scalps went numb.

"F*ck, the appearance of these treasures must belong to these two teams, right?"

"I don't care anymore. I'm not playing with them anymore."

Many people saw this and retreated.

However, there were still some people who were unwilling to give up and wanted to obtain a general-level spirit light monster.

The battle between men and monsters lasted from morning to afternoon, when the general-level spirit light monster finally appeared.

It was a horse-type spirit light monster. Its fur was as red as blood, and it exuded a powerful aura!

A general-level beast, a Red-blooded Spirit Horse!

Chapter 154 Thousands of Troops

The Red-blooded Spirit Horse neighed. Four crimson balls of light surrounded its body and flickered continuously.

After another screech, the crimson ball of light shot out four powerful beams of light. Wherever the light beam went, it would hit the students, causing them to be severely injured and blood to flow out.

Coupled with the other spirit light monsters, many students crushed the teleportation array. Other than that, many people were also amazed by the Red-blooded Spirit Horse's strength.

"Is this a general-level spirit light monster? What terrifying strength!"

"I can't get this guy anyway, so I don't want to lose my life."

!!

With that, he took the lead and left this place of trouble. As a result, the number of students hunting the general-level spirit light monsters had been reduced by half.

"Brother Lu!" Dugu and the others were overjoyed. "We'll have fewer competitors now."

“Don’t be careless. The real obstacle is the people from the Heavenly God Temple,” Lu Benwei frowned and said, “Also, that Red-blooded Spirit Horse is very fast. You guys should be careful. If you’re hit by its skill, immediately call me.”

With Minor Healing and Rain, Lu Benwei was not worried that they would lose members.

However, the Red-blooded Spirit Horse was extremely fast and could come and go without a trace among the spirit light monsters.

At this moment, a loud sound came from the horizon, followed by the continuous neighing of the spirit light monsters.

“What’s going on?” the crowd was shocked and asked in unison.

Lu Benwei activated the Eye of Insight and looked at the sky.

“What is this?”

Lu Benwei’s pupils shrank after he figured out the situation.

“They are all soldier-level spirit light war monsters! Their numbers are much higher than the current number of spirit light monsters.”

“What?” the crowd exclaimed in unison.

Some were overjoyed, while others were worried.

Although spirit light war monsters were born from spirit light monsters, they contained pure spirit light power, which was why Lu Benwei made this judgment.

However, because it contained pure spirit light power, it was much stronger than the average spirit light monster! Some people could not help but feel sorrowful, afraid that they would lose their lives in this riot.

Some people were extremely happy. With such a huge number of soldier-level spirit light monsters, it proved that there were general-level spirit light monsters in Clear Light Valley!

Lu Benwei called out to the six people and said, “Don’t stray too far from me. Call me if there’s anything.”

After saying that, Lu Benwei and the others charged in the direction of the army of soldier-level spirit light monsters.

Cong Jian had also called over a dozen people to help him. They were all very strong, not weaker than him.

As a result, the Heavenly God Temple’s side also rose and used their powers to kill the army of spirit light monsters.

Seeing this, Lu Benwei said, “We can’t wait any longer. The other side has more people than us. The general-spirit light monster will probably fall into their hands.”

“But we don’t have enough time to get help now,” Zhao Xiaoqi said anxiously.

Suddenly, Qian Hai was shocked. He pointed into the distance and said, "Brother Lu, Sister Chu, look!"

Lu Benwei looked over and saw more than a dozen people from the Heavenly God Temple rushing over from afar. Together, they managed to capture the Red-blooded Spirit Horse several times, and they almost succeeded once.

"We can't wait any longer. We have to take action." Lu Benwei frowned. Then, he said, "I can give you an army of a thousand men and ten thousand horses!"

Dugu and the others were instantly puzzled. At present, there were only seven of them. Where were they going to find thousands of troops?

"You mean that's a boost for us?" Only Chu Yan's eyes lit up. She had not had such a good time killing.

As soon as Chu Yan's voice fell, a black halo appeared under everyone's feet.

[Killing Aura: Increases attack speed and attack power for a specific person.]

Only then did Dugu and the others come to a realization.

Due to Lu Benwei's terrifying physical strength and attack methods, they subconsciously treated him as a warrior!

Lu Benwei's real strength was that he was a magician and one who could boost other people's strength!

Qian Hai cast a spell and tried to attack a spirit light monster that was approaching them.

"Boom!"

A magic ball exploded, and the spirit light monster instantly fell to the ground, its blood and flesh flying everywhere!

Qian Hai was shocked. "Brother Lu! What kind of enhancement skill is this?! If I want to kill a spirit light monster, I'll have to work with Dugu and the others. My attack power has at least doubled!"

Lu Benwei was silent and used the remaining three skills on everyone.

Everyone felt their strength increase by several times again. The surging power in their bodies gave them the illusion that they could kill a Monster King with one punch.

Lu Benwei opened his eyes and said, "Go on, start a massacre!"

"Charge!"

Chu Yan took the lead. The staff in her hand glowed and immediately, a large spirit light hand reached the ground.

The rest of the team used all kinds of strange moves and Lu Benwei's team swept through the scene with their powerful force, collecting a lot of spirit light.

The people from the other teams were dumbfounded, including those from the Heavenly God Temple.

"What's going on?" Liu Gang was extremely surprised.

“Did the remaining five trash in Lu Benwei’s team suddenly devour Brother Wei?”

Sun Yangtian was also extremely puzzled. “The hunting speed of over 20 of us can’t even compare to them.”

“If that’s the case, it’s very likely that Lu Benwei and the others will capture the Red-blooded Spirit Horse first.”

The hearts of the two sank.

Lu Benwei obtaining the Red-blooded Spirit Horse was something they could not see from far away.

“In my opinion, let’s deal with Lu Benwei here!”

Sun Yangtian made a prompt decision and raised his fist, ready to attack Lu Benwei’s team.

Liu Gang also went with them, preparing to deal with this problem.

At this time, a beautiful figure blocked the two people’s path.

“Where are the two of you planning to go?”

“Chu Yan?”

The two of them were shocked, and then their eyes became disdainful. “Chu Yan, I was just about to go find you. You’ve come at the right time.”

“Liu Gang, let’s get rid of Chu Yan first, then we’ll settle the score with Lu Benwei.”

Chu Yan chuckled, making the two’s hair stand on end.

“You want to deal with me with just the two of you?”

“What if we’re included?”

Cong Jian led a few people from the Heavenly God Temple and surrounded Chu Yan.

“Just you guys? Dream on!” Chu Yan gritted her teeth.

“The Chant of the Ice Goddess!”

A magic formation rotated, and a little ice man came out from it.

It was also at this moment that the sky darkened, and the ground was instantly covered in a thick layer of frost.

The Heavenly God Temple members were shocked by this powerful formation. What kind of skill was this? Its moves could change the world!

Chu Yan looked at them with disdain. “It’s just a change of heaven and earth phenomenon. That’s not due to this magic.”

With Chu Yan’s shout, ice and snow erupted in the air, blocking out the sun and dropping the temperature to the lowest point.

All the members of the Heavenly God Temple within the range of this skill had their strength reduced rapidly.

Chapter 155 Capturing the Red-blooded Spirit Horse

The little ice man stopped chanting loudly, and the ice hailstorm also stopped whistling. The haze dispersed.

Most of the Heavenly God Temple's members crushed the teleportation portal and escaped. Only Liu Gang, Sun Yangtian, and the others were left.

"Is this the place where your Heavenly God Temple members are?" Chu Yan placed her hand on the frozen Sun Yangtian and said coldly.

Sun Yangtian, who had turned into an ice sculpture, rolled his eyes madly. After a long time, he finally said in a deep voice, "Let me out!"

"Let you out?"

!!

"Can you guarantee that you'll never make things difficult for Lu Benwei after I release you?" chu yan said with a playful expression.

"You're dreaming!" Sun Yangtian said in a deep voice. If he made peace with Lu Benwei, it meant that he did not want to stay in the Heavenly God Temple anymore.

Chu Yan shrugged and said, "Then there's no other way!" With that, Chu Yan hopped away.

Then, Chu Yan looked back and said, "By the way, anyone who has been frozen by the Chant of the Frost Goddess cannot be removed from the frozen effect unless the master agrees."

"But don't expect me to let Lu Benwei go." Sun Yangtian was very stubborn.

Chu Yan pondered for a moment before saying, "Alright, since we're still in the middle of the monster tide, maybe a powerful spirit light monster come and unseal the effect on you."

With that, Chu Yan left.

Sun Yangtian was stunned for a long time before he came back to his senses. "Chu Yan, Lu Benwei, I'm destined to make you two irreconcilable enemies!"

Before he could finish, Sun Yangtian's roar was drowned out by the spirit light monsters' howls. Then, a large group of spirit light monsters swept over.

The teachers who had been secretly in charge of the students' safety rushed over and took Sun Yangtian and the rest of the members from the Heavenly God Temple away.

"Teacher, let me out. I can still fight with Lu Benwei and Chu Yan for 300 more rounds." Sun Yangtian was still not satisfied.

The professor was speechless. "Come on, the entire school, including the principal, can't remove the layer of ice covering your body. You'd better apologize to Chu Yan after the spirit hunt competition is over."

When Sun Yangtian heard this, he broke down. "No!"

At the same time, in the spirit hunt secret realm, nearly one-third of the spirit light monster army had been annihilated by the students.

At this time, many people also realized that all the people from the Heavenly God Temple had been eliminated.

"What's going on?"

"Liu Gang and Sun Yangtian are both geniuses! How could they be eliminated?"

"Could it be the doing of Lu Benwei's team?" Someone voiced out his guess.

However, he was immediately ridiculed by the crowd.

"Lu Benwei is just a freshman, only level 25. How could Liu Gang and Sun Yangtian be eliminated by him?"

"Do you really think that Lu Benwei can fight ten levels above him just because he exchanged a few moves with Senior Wang Yan? Stop dreaming."

At this time, a hurried neigh was heard, waking everyone up.

"This is the general-level Red-blooded Spirit Horse?"

"Why is it screaming so miserably?"

Everyone was very puzzled and looked toward the neighing of the horse. They saw a man and a horse engaged in a fierce battle. The scene was extremely intense.

The Red-blooded Spirit Horse was very powerful, and everyone had seen it for themselves. With just a long neigh, the wind and clouds were stirred up, and even the ground was shaking.

However, who was it that was not at a disadvantage against the Red-blooded Spirit Horse? The figure revealed itself to be Lu Benwei.

The Red-blooded Spirit Horse's eyes were like torches as they shot out an astonishing red light. It brought with it an earth-shattering heat wave that burned down a large area.

Lu Benwei immediately released a powerful bloodline power. The terrifying bloodline aura shocked the Red-blooded Spirit Horse, and it kept retreating while trembling.

Of course, Lu Benwei would not let it go and instantly sat on the horse's back. He raised his fist and punched the horse, and it immediately fainted.

Everyone watched in fear, their eyelids twitching.

He was too f*cking ferocious.

Such a powerful spirit light monster was killed by Lu Benwei in two or three moves.

They clearly remembered that this Red-blooded Spirit Horse had caused Sun Yangtian and the others to suffer quite a bit. In that case, it was really Lu Benwei who eliminated the people of the Heavenly God Temple?

Thinking of this, everyone sucked in a breath of cold air as they watched Lu Benwei put the Red-blooded Spirit Horse into his bag.

'It truly is worthy of being a general-level spirit light monster,' Lu Benwei exclaimed in his heart, 'If I didn't rely on the power of the five bloodlines, I don't know how long I'd have fought.'

The Red-blooded Spirit Horse was also a fierce monster, and Lu Benwei's bloodline power had long been integrated into one, becoming an extraordinary being. Its general-level bloodline was being suppressed, so he naturally saw that Lu Benwei was losing.

Chu Yan and the others saw Lu Benwei successfully obtain a general-level spirit light monster and immediately came forward to congratulate him.

"Annoying fellow, congratulations on obtaining the Red-blooded Spirit Horse. Don't forget to treat us to a meal when you get out."

The others also agreed and asked Lu Benwei to treat them to a meal.

"Why should I treat you to a meal?" Lu Benwei smiled.

Chu Yan pretended to be unhappy. "It's not all your credit that you obtained the Red-blooded Spirit Horse. Everyone also helped you hold back the other spiritual light monsters. I also helped you deal with the people from the Heavenly God Temple!"

Lu Benwei did not know whether to laugh or cry. He pointed to the distance and said, "Alright, don't be angry. Look, the spirit light monster army hasn't disappeared yet."

A question arose in everyone's heart. "What does this have to do with the spirit light monster army?"

Lu Benwei faintly smiled. "The army of spirit monsters is obviously organized by general-level spirit monsters. The Red-blooded Spirit Horse has fallen, but the army hasn't retreated. Can you guess why?"

"Why?"

Seeing that everyone was still confused, Lu Benwei's mouth twitched. "Are you stupid? There are still general-level spirit light monsters, and there are quite a few of them!"

"You mean to say that you're going to help all of us get a general-level spirit light monster?"

"That's right!"

Lu Benwei then assigned the tasks.

If they encountered a general-level spirit light monster, they would give it to Dugu and the other two first, then Zhao Xiaoqi. The last one was Jiang Xiuxiu. After all, she had joined halfway.

The Red-blooded Spirit Horse that he had obtained earlier was first given to Dugu. After Dugu and the others heard this, they were so excited.

They did not even dare to think about obtaining a general-level spirit light monster. With their talent, they would at most be able to obtain a soldier-level spirit light monster.

“Brother Lu, Sister Chu, it was definitely you two who did the work to capture the general-level spirit light monster. Don’t you two need to take one first?”

Chu Yan heard this and laughed.

“Little Du, don’t worry about me.” As Chu Yan spoke, she patted Dugu’s back so hard that he almost vomited blood.

“The annoying fellow and I, even without a spirit light monster, are stronger than you guys.”

The corners of Dugu and the other two’s mouths twitched crazily when they heard this.

Of course, what Chu Yan said was also the truth. Even if they got a general-level spirit light monster, they would not be Lu Benwei and Chu Yan’s opponent.

Chapter 156 Heading to the High-level Area

In the next few days, Lu Benwei led the small team to attack and plunder a large amount of spirit light monsters.

Qian Hai, Gu Xuan, and the others had also obtained their desired spirit light monsters.

The monster tide finally stopped, but unfortunately, Lu Benwei did not get a general-level spirit light monster.

After circling the valley a few times and confirming that there were no more general-level spirit light monsters, Lu Benwei sighed in disappointment.

“Brother Lu, don’t worry. We’ll go to other places.” Dugu and the others suggested.

Lu Benwei shook his head. “Forget it. We’ve wasted too much time in Clear Light Valley these past few days. The general-level spirit light monsters in the mid-level area should have been completely captured by now. Even if there is, we students have caused such a big commotion these few days. They should be hiding and not coming out.”

Hearing this, everyone sighed in disappointment.

“What do we do now? Brother Lu, it can’t be that you don’t have a spirit light monster, right?” someone asked.

Lu Benwei frowned and pondered for a while. “The way I see it, we can only head to the higher-level regions.”

A high-level area?! Dugu and the others were shocked.

“So many days have passed, and only the second class elites are left in the high-level areas. The elites of the Heavenly God Temple are among them. Brother Lu, you’re sending a sheep into a tiger’s mouth!”

Lu Benwei did not mind. "The spirit hunt secret realm only opens once every five years. I'll leave Zhejiang Hunter University five years later. This is the only chance I have in my life. I'm more or less regretful that I didn't leave a footprint in every corner of the spirit hunt secret realm."

When Dugu and the rest heard this, they scratched their heads in embarrassment. "Brother Lu, you're so smart."

Then, they laughed at themselves. "We can't do it. We're not strong enough. Even if we have the intention, we'll be robbed when we go to the high-level area."

"It doesn't matter. As long as you calm down and continue to improve yourself, you'll grow to an unparalleled height one day!" Lu Benwei comforted them.

Lu Benwei paused and turned to ask, "Chu Yan, do you want to come with me?"

"No, I've been running around in the secret realm for the past few days. I didn't get a night of good sleep, and my face is already wrinkled."

Lu Benwei understood Chu Yan's meaning and no longer insisted.

"Then, everyone, I'll see you at school!"

"Brother Lu, take care. I'll apply to join the God Slayer's Club when I get back!"

...

Lu Benwei came to the high-level area alone. When he reached there, the terrain had a huge change.

The low-level and mid-level areas were mostly plains and few valleys, while the high-level areas were full of mountain peaks that reached the clouds.

One by one, the mutant pine trees took root in the cracks of the rocks. It was a very strange sight.

Lu Benwei had just stepped into a mountain when a roar sounded. The mountain trembled and huge rocks rolled down.

A violent wave came, and Lu Benwei retreated.

A golden spirit light leopard roared and opened its mouth, ready to swallow Lu Benwei.

He did not dare to be careless when he came to the high-level area. He circulated the power of his five bloodlines and released a terrifying aura.

The golden spirit light leopard immediately shuddered and spat out several mouthfuls of blood.

Lu Benwei threw a punch, and the golden spirit light leopard fell to the ground.

'As expected of a high-level area. I had to activate my bloodline power to kill a spirit light monster,' Lu Benwei cursed in his heart.

However, if this sentence was heard by others, the corners of their mouths would twitch for a long time. It was unknown whether the golden spirit light leopards were located in the periphery or the center of the high-level regions, but they were the kings of the spirit light monsters.

After absorbing the golden spirit light leopard's spirit light, Lu Benwei continued to move forward.

At the same time, on another mountain.

The fourth-year senior Hou Yuanhua spat on the ground and said, "Damn it, I've been waiting for half a day and I still don't see any third-year students coming back."

"Sigh, if it wasn't for the fact that we can't go to the mid and low-level areas, we would've made a fortune long ago," a fat man beside Hou Yuanhua said.

His name was Wei Ren, and he was a scoundrel friend of Hou Yuanhua.

Two days ago, Wei Ren had suggested setting up an ambush at the periphery of the high-level areas and robbing the sophomores who were curious about the high-level areas or the third-year students who had returned from trading at the junction of the mid-level areas.

"Why didn't they go to the border area, or to the depths of the high-level area to rob students of the same grade?"

The former was the sudden appearance of two fourth-year students, and everyone knew what they were thinking.

The latter was because there were too many monsters in the depths of the high-level area, and the two of them could not beat them at all.

The two of them waited from morning to night for two days in a row, but they only robbed a curious second-year student. Although he had a lot of spirit light power, it was not worth it for the two of them to share it.

At this time, Lu Benwei slowly walked over. Although he was surprised to see the two, he did not want to pay attention to them and continued to walk in front of them.

As the other symbol on Lu Benwei's chest was too conspicuous, Hou Yuanhua and the other two were in a daze.

"Old Hou, I'm not seeing things, right? He's a freshman?" Wei Ren rubbed his eyes.

"Nonsense, I'm not blind."

Clearing his throat, Hou Yuanhua said sternly, "Stop!"

As an assassin, Wei Ren took out a ceramic dagger and said fiercely, "I opened this road and planted this tree. If you want to pass through, leave some money here!"

When he saw Lu Benwei again, he was already in front of him.

"Boom!"

The next second, Lu Benwei punched Wei Ren and sent him flying. Then, he turned to Hou Yuanhua and said, "Senior, do you need something from me?"

Hou Yuanhua was speechless. He knew very well what kind of person Wei Ren was. He was 1.6 meters tall and heavy, yet he was sent flying by a freshman just like that.

He swallowed his saliva and asked, "Junior, we just want to ask what your name is."

"Lu Benwei!" Lu Benwei's expression was very indifferent, which made Hou Yuanhua's heart tremble. At the same time, he felt that the name Lu Benwei was very familiar.

Just then, Wei Ren crawled back, covered in mud.

A fourth-year student being sent flying by a first-year student, how was he going to survive in the school if word got out?

"Junior, I only wanted you to leave some money to pass through, but you attacked me when I was unprepared. Without a few hundred bottles of spirit light power, this matter won't be over!"

"A few hundred bottles of spirit light power?"

Lu Benwei's expression became playful and the two people muttered in their hearts at the same time.

"Pa!"

Lu Benwei swung his arm and slapped Wei Ren's left face.

"You dare to hit me?"

Wei Ren was stunned, and he flashed the dagger in his hand and stabbed at Lu Benwei. However, Lu Benwei's speed was so fast that he slapped Wei Ren's right face.

Wei Ren's strength immediately dissipated. His wrist shook violently, and the dagger fell off. The next second, there was another "pa" sound as Lu Benwei attacked from the left and right.

Chapter 157 Meeting Hai Yue again

"Pa!"

"You planted this tree, right?"

Lu Benwei lectured him as he fought.

"Pa!"

"You're the one who opened this road, right?"

"Pa!"

"You want me to keep the earnings, right?"

Wei Ren's face was swollen, and he looked like a pig's head.

Being humiliated by a first-year student made him feel both embarrassed and angry. He wanted to use his strength to deal with Lu Benwei, but the strength in his body was dispersed by his slap.

"Plop!"

Wei Ren knelt on the ground. He was beaten black and blue, which made his words a little unclear.

"Junior, I was wrong. I won't dare to rob you again."

“Did I teach you a lesson so that you won’t rob me?” Lu Benwei said indifferently.

A chill ran down Wei Ren’s spine and he was scared out of his wits.

“No, no, I won’t dare to do something like robbing again.”

Lu Benwei saw that he had repented so he did not make things difficult for him and asked, “Let me ask you, where are the people from the three major clubs?”

Hou Yuanhua also crawled over and replied, “Junior Lu, the members of the three major clubs are deep in the forest, but we don’t know their exact location.”

Lu Benwei fell into deep thought.

The three great clubs could be said to be as incompatible as fire and water. Now that they were all in the depths of the high-level area, it was certain that something incredible had appeared there.

At this time, Lu Benwei heard Wei Ren and Hou Yuanhua’s whispers.

“What are you doing?” Wei Ren’s eyes were filled with anger and hatred. He scolded Hou Yuanhua, “I was hit so many times just now, why you didn’t save me?”

“Save you? Don’t you know who he is?” Hou Yuanhua asked in disbelief.

“Who else could he be? He’s just a freshman. If I can’t beat him alone, can’t the two of us?” Wei Ren was still not convinced. He did not understand why Hou Yuanhua was so afraid of a freshman.

At this moment, Lu Benwei’s sneer could be heard and Hou Yuanhua quickly covered Wei Ren’s mouth in fear. He laughed drily and said, “Master Lu, are you going to the three clubs to get even with Wang Yan? Have you not resolved your enmity with the Heavenly God Temple?”

Wei Ren was completely confused. Not to mention that a freshman had a grudge against Wang Yan, who was in the top ten of the school, and also had a grudge against the Heavenly God Temple, there was the God Slayer’s Club president called Lu Benwei in school.

In an instant, Wei Ren’s eyes were filled with shock and fear. The freshman in front of him turned out to be Lu Benwei. Other than him, there was no other freshman who could beat him to the point where he could not even fight back.

Wei Ren mimicked Hou Yuanhua and laughed dryly. “Master Lu, are you going to teach Wang Yan a lesson? In my opinion, you’ve taught him a good lesson. I’ve never liked Wang Yan since a long time ago. Do you need to bring us along? We’ll go and cheer you on.”

Lu Benwei’s face was filled with black lines, and he was speechless. Lu Benwei waved his hand and asked, “There’s no need for that. Let me ask you, you’ve been here for so many days. Have you met anyone from the Heavenly God Temple recently?”

“There’s no one from the Heavenly God Temple. I did meet a pretty lady from the Heavenly Dragon Association,” Wei Ren answered honestly.

Wei Ren said with a smile on his face, “That beauty from the Heavenly Dragon Association is so pretty!”

“Stop, I don’t have the time to listen to you in heat,” Lu Benwei’s face darkened as he asked again, “Which direction did the woman you mentioned go?”

“Not long before we robbed you, we followed this road and went deep into the forest,” Wei Ren replied immediately.

Lu Benwei did not say anything and walked in the direction Wei Ren pointed. There was no other reason. The beauty that Wei Ren had mentioned could very well be Hai Yue from the Heavenly Dragon Association.

Since the three great clubs were in the depths of the city, as a member of the Heavenly Dragon Association, Hai Yue would definitely know something.

...

On the other side, Hai Yue was fighting a Golden Spirit Light Leopard.

She was holding a large shield with both hands and wearing heavy armor, which covered her body tightly, only revealing her clear eyes.

The Golden Spirit Light Leopard’s speed was extremely fast, and it made use of the trees in its surroundings to dodge and move around, making it impossible for the cumbersome Hai Yue to lock its location.

“Howl!”

The Golden spiritual light leopard let out a strange howl and stretched out its sharp claws, leaving a long and thin mark on Hai Yue’s shield.

“The Golden Spirit Light Leopard’s combat strength is indeed not low!” Hai Yue said coldly, “But it’s a pity that everything is in vain. Earth Splitting Shield Strike!”

The large shield smashed heavily into the ground, and the cracks spread rapidly like a spider web.

The Golden Spirit Light Leopard was not paying attention and was hit by the powerful shockwave, spitting out a mouthful of blood.

Hai Yue did not even give it a chance to catch its breath as she smashed its head with her shield. Its brain matter splattered everywhere, and the Golden Spirit Light Leopard died on the spot.

“Hu!”

Hai Yue let out a shaky breath and took off her heavy armor, revealing her peerless face that was drenched in sweat. She was wearing a tight-fitting combat uniform, and the black tight-fitting suit outlined her figure.

A few strands of her hair were wet with sweat and stuck to her face. Her red lips opened slightly and let out a faint breath of turbid air.

“Senior Hai Yue, it’s you! You’re a second-turn heavy shield guard?”

Lu Benwei’s voice broke the silence.

Hai Yue was startled, and her body trembled violently. "Lu Benwei, what are you doing here?"

"I'm here for a stroll. I'm curious about what the high-level areas look like," Lu Benwei replied with a faint smile.

Hai Yue naturally did not believe Lu Benwei's words. According to Lu Benwei's strength, he should have no problem running amuck in this high-level area.

"Tell me, why did you come to the high-level area?"

Lu Benwei saw that his lie was exposed and grinned. "If I say that I want a general-level spirit light war monster, would you believe me?"

"I do, of course I do!" Hai Yue replied.

"And you've come at the right time. A new general-level spirit light monster is about to appear. The three major clubs are preparing to encircle and annihilate it. I'm preparing to go over now."

Lu Benwei secretly grinned. Sure enough, his guess was right. Only a general-level spirit light monster could gather all three of the major clubs together.

"Let's go. I'll take you to the Heavenly Dragon Association's camp."

Lu Benwei came back to his senses and found that Hai Yue was not far away, waving at him.

"Alright," he said and quickly chased after her.

Along the way, the two of them chatted as they dealt with the spirit light monsters. Their cooperation was very tacit, and not long after, no more spirit light monsters came to provoke them.

At the same time, Lu Benwei also found out that after returning from Northwind Mountain, Hai Yue had madly collected materials and completed a powerful knight class advancement to heavy shield guard!

Chapter 158 The Relationship between Tang Hang and the Heavenly Phoenix Association

After walking for about a day, Lu Benwei and Hai Yue arrived at the edge of a lake at night. A new moon was reflected on the surface of the lake and was slowly rising.

In the middle of the lake, there was an island. The newly-born general-level spirit light monster was on top of it.

Hai Yue brought Lu Benwei to the camp of the Heavenly Dragon Association. As soon as they saw their tent, two members of the Heavenly Dragon Association came up to them.

"Hai Yue, you've finally returned. Hurry up. The vice president and the others have been waiting for a long time."

At this time, Lu Benwei revealed himself and was about to greet the two. However, they did not expect their faces immediately drooped, and they asked coldly, "You're Lu Benwei?"

Lu Benwei frowned slightly, but out of courtesy, he still said, "Yes, I'm Lu Benwei."

After he finished speaking, he stretched out his hand and prepared to shake hands with the two.

“You can leave. The Heavenly Dragon Association doesn’t welcome you!” The leader of the group coldly refused.

Lu Benwei and Hai Yue were both stunned. Hai Yue was puzzled and asked, “Yu Kaicheng, what are you doing? Lu Benwei is my friend!”

The Heavenly Dragon Association member called Yu Kaicheng said coldly, “Of course I know that Lu Benwei is your friend. But he’s the enemy of the Heavenly Dragon Association!”

Lu Benwei frowned and lightly said, “Senior, I don’t recall any grudges between us, right?”

“Of course not, but you and the Heavenly God Temple are irreconcilable.”

“In order to not cause any unnecessary misunderstandings with the Heavenly God Temple, Lu Benwei, you should leave.” Yu Kaicheng smiled noncommittally.

Lu Benwei laughed coldly. Then, he stood on his tiptoes and looked at the Heavenly Dragon Association’s camp.

Yu Kaicheng’s expression immediately turned unpleasant as he sternly shouted, “What are you looking at?”

“It’s nothing. I just feel strange. This is clearly the camp of the Heavenly Dragon Association. Why did it look like the affiliated camp of the Heavenly God Temple?” Lu Benwei sneered.

Yu Kaicheng immediately flew into a rage and waved his fist. “Lu Benwei, what did you say? Whoever is afraid of the Heavenly God Temple will be the subsidiary camp.”

Yu Kaicheng flew into a rage and threatened to grind Lu Benwei’s bones to dust. If it was not for Hai Yue, a huge battle would have been inevitable.

“Yu Kaicheng, calm down. Who gave this order?” Hai Yue stopped him.

“Of course, it’s Vice President Liu,” Yu Kaicheng said disdainfully, “Vice President Liu said that no one is allowed to get close to Lu Benwei. At the same time, he also told us to advise you not to get too close to him.”

When Hai Yue heard this, she was stunned. If it was Yu Kaicheng’s own doing, then it was fine. However, Vice President Liu Qingfeng was the one who imposed the ban on Lu Benwei. Hai Yue was caught in the middle and was in a difficult position.

At this time, Lu Benwei sneered and said, “Senior Hai Yue, since the Heavenly God Temple’s subsidiary branch doesn’t welcome me, there’s no need for me to stay here anymore. Thank you for your invitation.”

Just as Hai Yue was about to ask him to stay, Yu Kaicheng stopped her. “Hai Yue, why are you wasting your time on this short-lived brat?”

Lu Benwei’s expression was cold as he cupped his hands and said, “Farewell!” Then, he turned around and left.

“Lu Benwei!” Hai Yue broke free from Yu Kaicheng’s restraints, but she found that Lu Benwei had already walked far away.

Helplessly, Hai Yue sighed and said, “Yu Kaicheng, we’ve angered an extraordinary existence.”

Was Lu Benwei angry? The answer was no. There was no need for a fierce tiger to talk to a sheep!

Since the Heavenly Dragon Association was so afraid of the Heavenly God Temple, it was destined that their club would not go far.

At this moment, Lu Benwei was slowly wandering around the lake, looking for a comfortable place to rest. Along the way, he met many idle students.

After chatting with them for a while, he found out that the general-level spirit light monster in the center of the island was protected by a strange magical defense array. Even the ten geniuses of the school could not break it.

Just as everyone was hesitating, one of the students announced a secret that he had read in the library. The magic array would not dissipate until the island in the lake was reborn.

Therefore, the three major clubs had set up camp here, and there had been several major conflicts in between.

As for the idle non-club members, they were just there to watch the show.

At this moment, a handsome man with long hair walked over and asked Lu Benwei, “Junior Lu Benwei?”

Lu Benwei felt strange as he did not know this person.

Before he could speak, the man said, “I’m Tang Bo, the president of the Heavenly Phoenix Association. I’ve come to find you on the orders of my big brother. He wants me to take care of you during the spirit hunt competition.”

“Big brother?”

“Tang Hang?”

Lu Benwei’s eyes were wide open. He could not connect such a handsome president of the Heavenly Phoenix Association with Tang Hang’s unshaven image in his mind.

“You might think it’s strange, but that’s the truth. Most people would have the same reaction when they find out about my relationship with that sloppy uncle in the equipment department.” As he said that, Tang Bo ran his fingers through his hair.

“Maybe it has something to do with my hidden class. My family has been enhancers for generations, but when it came to mine, it was combat class. Maybe I absorbed big brother’s talent.”

Lu Benwei was surprised and thought, ‘That’s true. Anyone can awaken a hidden class.’

“Alright, I didn’t expect Master Tang to be your brother.”

“I heard that Junior Lu Benwei has been working hard the whole day. You can rest in our camp tonight,” Tang Bo said softly.

Lu Benwei did not stand on ceremony and followed Tang Bo to the Heavenly Phoenix Association.

The two of them had a good chat. Lu Benwei also learned why this general-level spirit light monster had such a strong attraction to the clubs.

As long as one could obtain a general-level spirit light monster, one would definitely be able to obtain a hidden class change.

It must be known that for experts like them who had already completed their second class transition, their third class transition was extremely important. This was because only by completing their third class transition to a powerful class would they be able to reach the peak.

Tang Bo told Lu Benwei to rest well, because by tomorrow night, the general-level spirit light monster would break out of its shell.

Just as Lu Benwei was about to lie down, an angry roar came from outside the camp.

“Lu Benwei, get out here!”

Lu Benwei opened his eyes and said, “Damn, the people of the Heavenly God Temple are really like cockroaches.”

Then, Lu Benwei put on his clothes and went out of the camp, only to find Wang Yan with seven or eight experts from the Heavenly Temple, staring at him menacingly.

Chapter 159 The Great Battle with Wang Yan

Tang Bo also came out and said, “Wang Yan, Lu Benwei is an important guest of the Heavenly Phoenix Association. Please leave.”

Wang Yan naturally ignored Tang Bo’s words. “Tang Bo, do you know that our Heavenly God Temple and Lu Benwei are mortal enemies? You said he’s your distinguished guest. Do you want to start a war with us?”

“That’s not it,” Tang Bo replied seriously.

“Then get out of the way!”

Lu Benwei frowned. From his conversation with Tang Bo just now, he learned why the strength of the Heavenly God Temple was feared by the entire school. The reason was that five of the top ten geniuses of Zhejiang Hunter University were all in the Heavenly God Temple.

!!

Other than the vice president of the Heavenly Phoenix Association, the rest of the people were all non-club students. In other words, in the overall situation of Zhejiang Hunter University, the Heavenly God Temple was the strongest. Even if all the other clubs joined forces, they might not be able to compete with it.

However, as the president of the second society, Tang Bo was not the kind of sheep that would be slaughtered.

“Wang Yan, I repeat, Lu Benwei is an important guest of the Heavenly Phoenix Association. Please leave!

“If that’s the case, then there’s nothing more to say,” Wang Yan said fiercely and grabbed at Lu Benwei.

A giant flaming hand appeared above Lu Benwei’s head and covered half of the Heavenly Phoenix Association’s camp.

The Heavenly Phoenix Association and a few other people made their moves, but most of them could not resist the giant flaming hand.

The flames fell and burned down a large portion of the tents. Some of the weaker members of the club were eliminated on the spot.

“Wang Yan, don’t involve the innocents in our feud!” Lu Benwei said to Wang Yan.

“Then get the hell out here!” Wang Yan’s voice was filled with anger.

Tang Bo still wanted to protect Lu Benwei, but the latter said to him, “Senior, thank you for your kind intentions. However, the grudge between the Heavenly God Temple and I can’t be resolved with just a few words.”

When Tang Bo heard this, he could only walk out of the camp.

When the people of the Heavenly God Temple saw Lu Benwei coming out, several strong people wanted to teach him a lesson, but they were stopped by Wang Yan.

“Lu Benwei, let me ask you. Did you eliminate all the members of the Heavenly God Temple from the mid-level area? Did you also injure Liu Gang and Sun Yangtian and rob them of their things?” Wang Yan asked Lu Benwei.

“You’re quite well-informed.” Lu Benwei’s expression became playful. “But it’s not robbing, they’re reaping what they sow!”

“If that’s the case, then there’s nothing more to say!” Wang Yan was furious.

The anger in their hearts had reached an extreme.

“Lu Benwei, I won’t bully you. Since everything started because of you and me, let’s end it together!”

Wang Yan’s words seemed to be open, but they were very shameless.

Lu Benwei was only level 25, while Wang Yan was a level 43 flame warrior. He had been in the second transition for many days, so the difference in level could not be made up with talent.

Wang Yan’s roar attracted many spectators, and many of them were worried about Lu Benwei.

Tang Bo wanted to stop this battle, but he did not expect Lu Benwei to take the lead and act decisively.

Although the two of them had fought earlier, everyone knew that it was because Wang Yan was afraid of hurting the innocent that he had shown mercy. This time, the sky was high, and the sea was wide, allowing him to use his powerful skills.

Seeing Lu Benwei coming up to him, Wang Yan laughed wildly. “Idiot!”

As soon as the hand reached out, it turned into a huge flame hand and grabbed Lu Benwei, which shocked everyone.

“Bang!”

Lu Benwei activated the Holy Light Shield. The huge shield wrapped Lu Benwei tightly, and the power of holy light contained in it quickly circulated to dissolve the terrible temperature of the flames.

At the same time, Lu Benwei operated the power of the five different bloodlines, and the five different colors of the bloodline light mixed together, making Lu Benwei burst out with amazing power.

Wang Yan’s eyes emitted a terrifying cold light. He held the big sword surrounded by flames in his right hand and slashed it horizontally and vertically toward Lu Benwei with a cross-shaped flame cut.

Lu Benwei did not dare to show weakness and summoned his wolf cub to fight with him.

“Dark Moon Shadow Strike!”

Lu Benwei’s body became extremely ghostly, and Wang Yan felt a light coming from his back. It was a wolf shadow ready to bite him.

“Small tricks! Dance of Flames!”

Wang Yan’s body expanded rapidly, and his body was covered in flames.

Lu Benwei recognized this skill. It could greatly increase a person’s strength and body size, while at the same time, the body would become extremely ethereal and uncontrollable.

However, Lu Benwei’s goal was not to attack Wang Yan but to close the distance.

Under the effect of Dance of Flames, Wang Yan’s body had become invisible, but he could still take damage. It was just that he would not take any control skills.

“Boom!”

Lu Benwei and the wolf shadow exchanged positions and used the Heavenly Dog’s Wrath and Killing Aura at the same time to strengthen his attack power and speed. He then threw out several powerful punches.

The surrounding spectators were shocked. Lu Benwei took no less than three moves from Wang Yan. Was this not supposed to be a one-sided match?

Wang Yan was furious. He used all his strength but could not instantly kill Lu Benwei. It was really shameful! He waved his blade to block the attacks.

However, Lu Benwei’s combat experience was excellent. After all, he was the king of thousand kills.

Wang Yan was being beaten back, and his strength was dropping rapidly.

“Kill!”

Seeing that the Dance of Flames was about to end, Wang Yan roared and reached out his hand, enveloping the two of them.

“Boom!”

The high temperature of the flames burned the sky red. One could imagine the power of the flames. This was an attack that would harm the enemy and the user.

However, Lu Benwei and Wang Yan’s strengths could not be compared. Even if Wang Yan’s strength was reduced by Lu Benwei, the two were still incomparable.

Someone shook his head and left.

At this time, a white holy light blew away the dust and Lu Benwei was unscathed.

“How is that possible? How can you be fine?” Wang Yan’s eyes widened in anger.

Lu Benwei’s eyes were as dark as the abyss, and his voice was filled with death. “Don’t forget, the dark night is my home ground!”

Wang Yan suddenly recalled that someone had once said to him, “It’s very likely that Lu Benwei has mastered the bloodline secret realm’s king bloodline.”

At first, he did not believe it. Even he had only mastered two bloodline powers last year. How could a freshman have this ability?

Looking at Lu Benwei’s current performance, Wang Yan could only believe it.

“Since that’s the case, Lu Benwei, you forced me to do this!”

Wang Yan was furious. His most powerful attack did not manage to seriously injure Lu Benwei, which really hurt his confidence. He circulated the power of the two bloodlines, and his attributes increased by at least 50 percent.

Everyone was stunned.

Wang Yan had to use his full strength to deal with a level-25 freshman. Everyone did not know whether to praise Lu Benwei for being too strong or Wang Yan for being too weak.

Chapter 160 The Appearance of the General-level Spirit Light Monster

However, the truth was that both of them were very strong. Compared to Wang Yan, Lu Benwei’s strength was so profound that no one could speculate.

The two of them pulled away from each other and were in a stalemate for a while.

“Wang Yan, I have no grudges against you, so why are you making an enemy out of me?” Lu Benwei asked.

“If you didn’t anger me on the day of the club’s recruitment, how could we have today’s situation? Just because you’re a magician, you’re going against me!” Wang Yan sneered.

This person was just so unreasonable. Just because he had been tricked by a magician once, Wang Yan had turned his back on all magicians.

Wang Yan attacked again, turning into a fireball and rushing toward Lu Benwei. The high temperature of the flames caused everyone to feel hot and dry, and they cried out incessantly.

Lu Benwei's Myriad Light Fist was like a meteor shower, hitting Wang Yan's fireball.

"Boom!"

Like a thunderclap, the red flame energy and the white holy light energy collided, and the energy from the collision swept in all directions like a storm. The ground beneath their feet was covered in dust and soil, revealing the bedrock beneath.

Everyone watching the battle was shocked. They all understood that the two of them were going all out.

However, at the same time, everyone was extremely puzzled. Wang Yan's attack might be explainable, but Lu Benwei was the only level-25 freshman, and he was also a magician. How could he have such brutal attack power?

"You guys, quickly look!" someone pointed at Lu Benwei and said.

Lu Benwei was wearing a layer of red armor, and the red light was very dazzling.

This was also Lu Benwei's peak state. Four enhancement skills and five bloodlines were activated. The Furious Dragon Battle Armor once again strengthened his body in all aspects. Lucifer's Bloodline and the Holy Key Sage bloodline continuously provided him with light and dark powers.

The Holy Key Sage enhanced Lu Benwei's light attribute skills. Lucifer's Bloodline also gave him double stats in the dark.

Lu Benwei's current strength was already comparable to a level-40 hunter.

Wang Yan and Lu Benwei were only two or three body's distance apart. His eyes were red, and it was unknown whether it was from the fire in his heart or the anger in his heart.

The next second, he raised his burning sword and slashed at Lu Benwei.

"Slash!"

Lu Benwei also held the Ancient Sword of Clarity and waved it to block the attacks.

Wang Yan's eyes flashed with a trace of surprise. He never thought that Lu Benwei's combat power would still be on par with him at this moment.

"Slash! Slash! Slash!"

The pitch-black metal collided with the flames, creating a deafening sound as the wind howled.

Everyone was shocked.

"What kind of abnormal existence is Lu Benwei? I can clearly feel that Wang Yan has used his full strength.

"F*ck, a level 25 against a level 40. The 15-level gap has been forcibly smoothed out."

The movement in this world was also captured by the outside of the secret realm.

Chen Yuan and all the other professors and teachers in the school looked on with shining eyes.

“It’s wonderful, it’s really wonderful!”

“He’s able to fight against a second transition flame warrior at level 25. The end result will be the same.”

“A heavenly genius, a heavenly genius!”

“Principal, please let me in!” Someone suggested, “In case Wang Yan hurts Lu Benwei!”

Chen Yuan was not flustered, he said lightly, “Let the children fight for a while more. This kid still has some hidden cards to play.”

“He still has some hidden cards?” The teachers were all shocked.

“Yeah, let’s wait and see what this kid’s limit is.”

At this moment, Lu Benwei’s arm was numb.

In the end, the difference was still too great. A difference of 15 levels made it a little difficult for him to deal with.

“Boom!”

Lu Benwei used the Myriad Light Fist and took advantage of Wang Yan’s defense to increase the distance between them with his lightning speed.

Seeing this, Wang Yan was ready to rush forward and give chase. Lu Benwei did not give him the chance and used the Myriad Light Fist again.

The bloodline power of the Holy Key Sage filled the fist of ten thousand lights with energy, making it stronger.

“Boom!”

Wang Yan used fire defense, and a wall of flames appeared in front of him, melting the incoming fist.

At this time, everyone heard the sword in Lu Benwei’s hand, like the cry of a vengeful spirit.

Wang Yan immediately understood what Lu Benwei meant, and he was ready to end the battle with one move.

“Flame Dragon Explosion!”

At the same time, this was Wang Yan’s most powerful single-target skill, and it was also filled with a destructive aura.

A fire dragon head raised its head. It was so powerful and real that it made people shiver.

“Boom!”

The Divine Sword of Destruction and the Flame Dragon Explosion collided. The sky and earth were turned upside down, and the terrifying fluctuations were extremely shocking.

Everyone was drowned by the terrifying fluctuations, and the dazzling white light was so blinding that they could not even open their eyes.

The two destructive auras confronted each other, but Lu Benwei's Divine Sword of Destruction had the upper hand.

However, at this moment, another terrifying fluctuation came. It was from the island in the lake.

Everyone was shocked. That general-level spirit light monster was about to awaken!

“Chi!”

Another beam of light shot up to the sky from the island in the lake. Everyone's eyes turned to the top, and then someone was eager to pick the fruit first.

Unexpectedly, the magical formation protecting the general-level spirit light monster had not dissipated. Everyone used all kinds of skills, but they were unable to break through that strange defensive barrier.

Moreover, a strange howl came from the island in the lake, bringing with it a fluctuation that made it hard for people to breathe.

Everyone suddenly found that Lu Benwei's Divine Sword of Destruction and Wang Yan's Flame Dragon Explosion were being absorbed by the spirit light monsters on the island. They had never seen such a scene before.

Lu Benwei and Wang Yan were also extremely shocked, and for a moment, they forgot about their deep hatred for each other.

After a long time, Wang Yan's Flame Dragon Explosion was absorbed first, while the spirit light monsters on the island were still absorbing Lu Benwei's Divine Sword of Destruction.

The crowd did not know whether to laugh or cry at this scene.

This made Wang Yan very unhappy, and he shouted, “Lu Benwei, do you dare to fight me again?”

He did not expect that his words would immediately cause dissatisfaction among the others.

“A level-40 second transition warrior can't beat a level-25 freshman. Isn't that embarrassing enough?”

“If I were you, I'd find a hole in the ground and hide in it.”

Wang Yan was flustered and exasperated, clamoring to deal with those people who had taught him a lesson.

However, his wish was not fulfilled. Wang Yan was quickly summoned back to the Heavenly God Temple's camp. The retrieval of the general-level spirit light monster was imminent, and there was no room for any mishaps.

Not long after their battle ended, the terrifying waves of energy from the island in the lake finally dissipated. The magic shield also disappeared.

Everyone was overjoyed and prepared to swarm over. However, it was also at this moment that the battle general-level spirit light monster, which made everyone's eyes turn red, flew out on its own.
