

Dungeon 161

Chapter Pursuit

This was an extremely fascinating spirit light monster – a dragon’s head, a horse’s body, and a pair of unicorn legs.

Although its body was only the size of a baby, it shone with a holy light that illuminated everyone. It gave people a feeling of holiness, making them kneel and worship it.

A general-level spirit light monster, the Dragon Scale Horse!

“Boom!”

In an instant, the aura of various experts burst out from the lake. The aura of the powerhouses from the Heavenly God Temple was the strongest. However, the four monsters who were not part of the club had joined forces to fight against the powerful Heavenly God Temple.

The vice president of the Heavenly Phoenix Association was also in the top ten. He temporarily represented the Heavenly Phoenix Association and joined forces with the other four monsters.

Only the Heavenly Dragon Association chose to observe the situation. Although they were afraid of the Heavenly God Temple, the general-level spirit light monster was too attractive.

All sorts of geniuses displayed their remarkable abilities and cast all sorts of powerful spells to fight for the Dragon Scale Horse. All kinds of skills clashed, blooming with strange colors, dyeing the sky with a myriad of colors.

Zhou Qingfeng, the president of the Heavenly God Temple and the number one genius of Zhejiang Hunter University, lived up to his name. He had the sacred power of judgment in his hand, and the two geniuses were unable to fight back.

Liu Luchen, who was in second place, was not to be outdone either. He unleashed a powerful skill that suppressed Wang Qian so much that he could not even lift his head.

The others did not stay idle either. They joined forces with each other, and they worked with each other. In short, they did everything they could to get the Dragon Scale Horse.

At this moment, the Dragon Scale Horse was treading in the air. Its dragon head kept moving back and forth as if it was looking for someone.

Finally, he found his target in the chaotic battle. After letting out a happy cry, it raised its legs and flew into the man’s arms.

That person was Lu Benwei. He was shocked and looked at the Dragon Scale Horse in his arms.

At this time, the chaotic battle also stopped. Everyone stared at Lu Benwei with their eyes and mouths wide open.

The entire secret realm was filled with a strange silence, and only the snores of the Dragon Scale Horse could be heard from Lu Benwei’s arms from time to time.

“Did he recognize Lu Benwei as its master?” someone asked.

“Could it be that he absorbed Lu Benwei’s sword light and became its master?”

“Then why didn’t he acknowledge Wang Yan as his master?”

Everyone was puzzled. From the ancient books they had read, there had never been a case of a spirit light monster recognizing its master the moment it was born, especially a general-level light monster.

“Maybe it absorbed Lu Benwei’s sword light for the longest time and unexpectedly treated Lu Benwei as its master. In other words, Lu Benwei has reached a very high affinity with it even though it hasn’t signed a blood contract yet.”

The person’s words were like a stone hitting the surface of the water, causing thousands of waves.

“Lu Benwei, give me the Dragon Scale Horse. I can guarantee that the Heavenly God Temple won’t dare to be arrogant in front of you.”

Lu Benwei recognized the man. He was Liu Luchen, whom he had met at the combat simulation center.

Before Lu Benwei could refuse, Wang Qian shouted, “Lu Benwei, give me the Dragon Scale Horse and I promise I won’t find trouble with you in the future.”

“You want to trick me into giving you the Dragon Scale Horse without giving me any benefits? Dream on!” Lu Benwei sneered. “If you want the Dragon Scale Horse, you can exchange it for something of that value!”

This was a difficult situation for everyone. No matter how they racked their brains, they could not think of any treasure that could compare to a general-level Dragon Scale Horse.

At this moment, Zhou Qingfeng, who had always been silent, said, “Everyone, don’t forget that Lu Benwei hasn’t signed the bloodline contract yet.”

Lu Benwei’s expression instantly changed, and he used Lightning Speed to escape.

Zhou Qingfeng and the rest of the people from the Heavenly God Temple immediately followed suit and gave chase.

No matter how stupid the others were, they could easily snatch the Dragon Scale Horse from Lu Benwei before they signed the bloodline contract.

It might be difficult for Wang Yan to deal with him alone, but they had a group of people! A group of people who had already completed their second transition was going up against a freshman who was only level 25. Would it not be a joke if he were to escape?

Lu Benwei was dumbfounded. He cursed Zhou Qingfeng’s ancestors a hundred times in his heart. If he did not say it, the situation would not be turned just like that.

The people of the Heavenly God Temple were the first to catch up with Lu Benwei and surrounded him.

“Lu Benwei, you’d better be tactful and hand over the Dragon Scale Horse.” Wang Yan threatened. “If you know what’s good for you, hand it over as soon as possible, and our previous grievances can be written off.”

“Junior Lu Benwei, how about this? If you hand over the Dragon Scale Horse, I won’t pursue the ownership of the Ancient Sword of Clarity.” Zhou Qingfeng’s tone was flat, but it was full of hypocrisy.

Lu Benwei cursed. “Come on! The sword is mine! The Dragon Scale Horse also recognized me as its master! Don’t even think about getting these two!” Then, he ran away.

A magician from the Heavenly God Temple who was good at controlling used an inescapable net to lock Lu Benwei in a corner.

“Lu Benwei, it’s useless, just hand over the Dragon Scale Horse!”

“In your dreams!”

After that, Lu Benwei and the Heavenly God Temple were engaged in a fight.

It had to be said that the general-level spirit light monster had a magical effect on people. Even if Lu Benwei did not sign a bloodline contract with it, with its affinity with him, Lu Benwei’s level had increased by five levels.

A few third-year members took the lead, but they were defeated by Lu Benwei in just a few moves.

Wang Yan was furious and looked at Lu Benwei, but he was temporarily pushed back by Lu Benwei’s Myriad Light Fist.

However, Lu Benwei could not fight against the other powerful geniuses of the Heavenly God Temple, so he used Lightning Speed and Silver Speed to escape. He did not expect Zhou Qingfeng to be so fast. He was indeed a level-52 freak.

Lu Benwei could not break free even after using the third level of Lightning Speed, so he had no choice but to fight with him. To end the battle as soon as possible, he used the Divine Sword of Destruction after taking a few moves.

Zhou Qingfeng was aware of how powerful this move was. He could not take it head-on, so he used his defensive skill.

“Boom!”

Terrifying shockwaves swept out, destroying a large area of trees, and turning boulders into fine powder.

Such an earth-shaking power attracted a large number of experts to attack.

Lu Benwei cursed in his heart and used the fourth level of Lightning Speed to escape.

At the same time, the Dragon Scale Horse that was sleeping in his arms was awakened. It seemed to have smelled the energy fluctuations of the Divine Sword of Destruction and ran in the opposite direction.

Lu Benwei hurriedly whistled. The Dragon Scale Horse also responded with a neigh as if reminding Lu Benwei to quickly follow.

Lu Benwei was dumbfounded and did not know what to do.

At this moment, a few figures appeared. They were the powerhouses from the fourth club of Zhejiang Hunter University.

“Haha, it didn’t take much effort at all. The Dragon Scale Horse left Lu Benwei.” The few experts were pleased with themselves and extended their hands to take the Dragon Scale Horse.

In a moment of desperation, Lu Benwei once again released the Divine Sword of Destruction, catching those people off guard and forcing them to flee.

The Dragon Scale Horse also had a great feast, absorbing the aftermath of the Divine Sword of Destruction.

Chapter 162 Wreaking Havoc in the Spirit Hunt Secret Realm

“Burp!” The Dragon Scale Horse completely absorbed the aftermath of the Divine Sword of Destruction and burped in satisfaction.

Lu Benwei did not know whether to laugh or cry. “My dear ancestors, you’ve really made me miserable.”

As soon as he finished speaking, two more auras came. One of them was the second-ranked genius of Zhejiang Hunter University, Liu Luchen.

“Junior Lu Benwei, we meet again.”

Lu Benwei naturally did not hold back and immediately used the Myriad Light Fist. His fist, which was emitting a pure and holy white light, was like a sky full of falling stars. It smashed toward Liu Luchen with great force. However, Liu Luchen’s figure turned ghostly. He disappeared in the blink of an eye.

When he reappeared, he was already behind Lu Benwei. Then, Liu Luchen made a grabbing motion.

Lu Benwei only felt a chill down his spine. With a thought, his body was immediately covered by the Heavenly Light Shield.

“Swish!”

Tongues of flame appeared on the shield and blocked Liu Luchen’s ghostly attack.

Lu Benwei did not give Liu Luchen the chance to attack again. He immediately thrust his sword at Liu Luchen. Liu Luchen did not panic in the slightest. His ghostly figure rapidly retreated.

However, by the time Liu Luchen came back to his senses, Lu Benwei had already used the fifth level of Lightning Speed to escape.

“He’s really powerful. No wonder he was able to last so long against Wang Yan,” Liu Luchen said coldly.

At this moment, Lu Benwei’s speed was so fast that he almost reached the realm of shrinking the ground into inches. Only the top ten geniuses who were chasing him could reach this speed.

In the next half a day, Lu Benwei fought with the top ten geniuses in the high-level secret realm area. The professors who had been paying close attention to the spirit hunt secret realm were now in high spirits.

“Monster, monster!”

“He’s unscathed after exchanging blows with our school’s top ten geniuses. He’s simply a monster among monsters!”

“Which level is Lu Benwei at? He’s already so powerful. Dragon Country will be his world in the future!”

Everyone’s expression was excited. Liu Yi’s facial muscles were even trembling.

Lu Benwei’s performance gave them a great shock.

“Principal, should we stop the game? I’m afraid Lu Benwei will be injured by accident.”

“What’s the rush? Let’s see what this kid’s limit is.” Chen Yuan still did not care.

At this moment, Lu Benwei also encountered a problem. He had wanted to return to the mid-level area so that these people would be restricted by the rules and not be able to chase after him. However, he did not expect to meet an old acquaintance.

“Hello, Junior Lu Benwei.”

Zhou Qingfeng stepped into the air from a mountain peak with a faint smile on his face.

In Lu Benwei’s eyes, it was extremely sinister. “You’ve been targeting me?”

Lu Benwei was not surprised by Zhou Qingfeng’s appearance. Zhou Qingfeng had left some kind of mark on him when they first met.

“Not bad!” Zhou Qingfeng did not deny it. I’ve placed the ‘mark of judgment’ on you. I can see your every move.

[Judgment Mark]

[Mark the enemy and observe the enemy’s movements. At the same time, damage to the marked person will be increased by 50 percent.]

Lu Benwei sneered in his heart and his eyes became cold. “Senior, do you want both the Ancient Sword of Clarity and the spirit light monster?”

“Of course!” Zhou Qingfeng put on a fake smile and said, “You’re so smart, Junior!”

“Do I have a choice?”

“Of course, if you’re willing to disband the God Slayer’s Club and join the Heavenly God Temple, I can leave the spirit light monster to you. I can guarantee that you’ll be the future president of the Heavenly God Temple!”

Lu Benwei sneered in his heart. He did not believe in empty promises!

“You want me to disband the God Slayer’s Club? Dream on!”

Then, Lu Benwei activated the One-click Speed Support, increasing his speed by 10 times, and ran!

Zhou Qingfeng sneered and snapped his fingers.

“Judgment Space!”

A square space formed by the golden power of judgment enveloped the earth.

Lu Benwei had seen a similar skill in the hands of the ruling paladin. It could seal space. Unless the person who was locked on had the ability to break the void, they would never be able to break it.

Fortunately, the judgment space was very large, giving Lu Benwei a large buffer.

“How did you become so fast?”

Zhou Qingfeng had been trying to catch Lu Benwei, but he realized that Lu Benwei’s speed was even faster than his. He could not even catch his figure with his eyes.

“Hmph, I was only playing around with you guys before. Do you really think that I can be caught by you guys?” Lu Benwei’s playful laughter came. If it was not for the critical situation, Lu Benwei would not have used One-click Speed Support.

To his surprise, Zhou Qingfeng sneered. He stepped into the air and the golden flame in his hand danced.

“Divine Flame Judgment!”

The divine fire fell and directly burned Lu Benwei’s body, causing his strength to drop rapidly. Lu Benwei crazily circulated the power of his five bloodlines to resist. Every piece of his flesh was boiling, and every bone was shaking.

“Are you trying to kill me?!” Lu Benwei’s teeth clenched. He never expected Zhou Qingfeng to be so bold.

Zhou Qingfeng laughed maniacally. “Junior, you have the dark bloodline in your body. I’m just helping you purify it.”

Lu Benwei suddenly sneered, and his body shone brightly. It was the blood of the Holy Key Sage!

“How come you have the light bloodline in your body?” Zhou Qingfeng was shocked and roared.

“I have many godly skills!”

Lu Benwei’s body was wrapped in lightning and even his voice was filled with the power of lightning.

“Myriad Thunder Skill!”

“Boom!”

Thunder and lightning rumbled, causing smoke to rise and the ground to roll. The mountain collapsed and the lightning was violent. A large section of the mountain peak in the space was cut off.

“B*stard! Aren’t you afraid of being electrocuted?”

There were only Lu Benwei and Zhou Qingfeng in the judgment space. Unless Zhou Qingfeng did not unlock the judgment space, Lu Benwei and he would be dead.

Zhou Qingfeng had no choice but to withdraw his judgment space. He could escape, but Lu Benwei could not.

“Damn it, he’s threatening me with his death!”

Zhou Qingfeng angrily hammered a big tree as thick as a human’s waist, but Lu Benwei had already taken advantage of this moment to run away.

The mid-level area was right in front of him. Zhou Qingfeng was hesitating whether he should violate the school rules.

At this time, the other experts were also attracted by the movement in this area, and they stepped into the air from the horizon.

“Zhou Qingfeng, where’s Lu Benwei?” someone asked.

“He’s in the mid-level area.”

“What?”

Everyone was shocked. The school had stipulated that fourth-year students could only stay in the high-level area and were not allowed to go to the low-level and mid-level areas.

Just as everyone was hesitating, Wang Qian said, “I don’t care. I’m going to find Lu Benwei to vent my anger.”

After that, he went to the mid-level area without looking back.

Chapter 163 Great Change

After Wang Yan entered the mid-level area, he was not issued a warning by the school. When the others saw this, they were overjoyed and entered the mid-level area one after another. This was because a general-level spirit light monster was simply too alluring.

Soon, Lu Benwei saw Wang Yan catching up to him.

He was first shocked, then he cursed, “Wang Yan, you’re really shameless. Aren’t you afraid of getting a warning from the school?”

Wang Yan licked his teeth and said in disdain, “Look at how long I’ve been in the mid-level area. Did anyone from the school come to warn me?”

Lu Benwei was stunned and cursed Chen Yuan in his heart. He knew that the school had been watching everything that had happened in the spirit hunt secret realm. Since Wang Yan had been in the mid-level area for so long and the school still had not made a move, Lu Benwei knew that this must be Chen Yuan’s idea.

At this moment, outside the spirit hunt secret realm, the monitoring room was in an uproar.

“Principal, why did you let the fourth-year students enter the mid-level area? Lu Benwei won’t be able to escape.”

“Stop the competition! Lu Benwei won’t be able to hold on. If it turns into a big disaster, it will be too late for us to regret it!”

Some people persuaded Chen Yuan to end the competition, while others wanted to see Lu Benwei’s true strength.

“It doesn’t matter. Let’s see Lu Benwei’s true limit.”

“He can even exchange a few moves with Zhou Qingfeng. We don’t have to worry about Lu Benwei’s safety.”

At this time, everyone in the spirit hunt secret realm had already known that Lu Benwei had a general-level spirit light monster, and they also joined the team to besiege Lu Benwei.

However, Lu Benwei did not put this group of stinky fish and shrimp in his eyes. He bumped into them and slapped them away.

However, Lu Benwei could not do anything about it. He was surrounded by enemies, and wherever he appeared, someone would immediately report to the group of experts, and they would instantly surround him.

Even if Lu Benwei was full of energy, he could not stand this kind of torture.

The chase lasted for two days and two nights, and Lu Benwei could not even close his eyes or eat.

“Why is the spirit hunt competition going to be held for half a month?” Lu Benwei’s current mood could be said to be worse than death. He said, “It’s only been a week. I’ll have to hold on for another week.”

The people chasing him were also speechless. They had chased him for two days and two nights, but they still could catch him.

At this time, they had chased into the depths of the secret realm and surrounded Lu Benwei in a valley.

On the map, the terrain of this valley was strange. It was a typical concave valley. Apart from the entrance of the valley, which was under their control, Lu Benwei was in a state where he had no way out. If they still could not catch Lu Benwei, they would really kill themselves.

At the same time, in the observation room outside the secret realm, the professors of the school had long been tired of watching, leaving only Liu Yi and a few teachers in charge of safety.

It was late at night when Liu Yi was awoken by a nightmare. After wiping the cold sweat from his forehead, Liu Yi said, “Damn, I almost thought that kid was going to die. I didn’t expect it to be a dream.”

He changed his position and prepared to sleep again. Before he went to sleep, Liu Yi habitually glanced at the situation in the secret realm. His eyes were immediately filled with horror, and cold sweat kept flowing out.

“Spirit hunt competition, level one alert!”

The alarm went off, and all the professors in the school rushed over. There were only two scenarios for the first level of alert in the spirit hunt competition.

Of course, there was nothing to worry about at this moment, because all the students in the school were gathered, and the spirit light monsters were not a concern.

Compared to the spirit light monsters' collective rebellion, there was one more situation that was even more terrifying!

At this moment, the students had formed an Alliance Army and they had surrounded the entrance of the valley. A representative was holding a megaphone and shouting into the valley, "Lu Benwei, you've been surrounded. You only have one way out now. Please hand over your general-level spirit light monster, or we'll have to force our way in."

What made Lu Benwei embarrassed was that the student representative was Chu Yan.

Yesterday, he met Chu Yan while he was escaping. He thought she was here to give him warmth, but she was here to kill Lu Benwei. After asking for the reason, Chu Yan told Lu Benwei that it was fun to kill him.

"Ridiculous," Lu Benwei said in the valley, "What do you mean by only one entrance? Isn't there another one?"

In front of him, there was still a long and narrow line of sky. He stopped and looked over. On the other side of the line of the sky was a forest.

Lu Benwei shrugged his shoulders. Seeing that the Alliance Army still had not come in, he simply flew into the sky.

At this moment, Wang Yan became impatient. "I don't care, I'll go first."

Some of the top ten geniuses were also getting impatient and were ready to capture Lu Benwei.

"Boom boom boom!"

Several figures came down from the sky. With the principal as the leader, the professors from all over descended and came before everyone.

"The student Alliance Army is dismissed in an hour. Everyone is to return to their respective areas and strictly follow the rules of the spirit hunt competition. At the same time, no one is allowed to step into this area!"

Chen Yuan's face was serious, no longer as lazy as before.

Wang Yan was immediately unhappy and shouted, "Principal, are you trying to protect Lu Benwei?"

As soon as he finished speaking, a figure stepped out and held him hostage, saying, "Wang Yan, for not following the rules of the spirit hunt competition, you'll be eliminated immediately."

The figure was Wang Wei, the head of the school's Hunter Special Combat Class. After saying that, Wang Wei pinched Wang Yan's teleportation array.

The entire process was so smooth that Wang Yan did not even have a chance to resist.

Everyone was shocked, and many people complained that the school was biased toward Lu Benwei and that it was unfair!

They did not expect that someone would immediately make a move and lock onto the person who was complaining, directly eliminating him. The students immediately kept quiet out of fear, not daring to have any more questions.

“I’ll say this one last time,” Chen Yuan said in a low voice, “Disband the Alliance Army within an hour and return to your respective areas to continue the spirit hunt competition. Otherwise, you’ll end up like Wang Yan and the others.”

The students immediately scattered away. Only Chu Yan stayed behind. Seeing this, Chen Yuan asked, “Chu Yan, do you have any more questions?”

Suddenly, a professor ran over and whispered into Chen Yuan’s ear, “Principal, Lu Benwei is already inside. Should we force our way in or wait for a while?”

Chen Yuan’s pupils suddenly shrank. He pondered for a while before saying, “Let’s wait for a while. This kid is very lucky. Maybe he’ll come back when he sees that the situation is not right.”

Chu Yan stood on her tiptoes and listened to Chen Yuan’s words.

“Principal, did Lu Benwei go somewhere he shouldn’t have? Why didn’t you set up any obstacles in such a dangerous place? If anything happens to Lu Benwei, I, Chu Yan, will drop out of school immediately. I’ll burn your office down before I leave!” Chu Yan frowned and scolded.

Chapter 164 The Land of Darkness

“Chu Yan, I know you’re worried about Lu Benwei. But now isn’t the time to be in a hurry,” Chen Yuan said.

“What’s that place?” Chu Yan asked.

“That’s the land of darkness in the spirit hunt secret realm.” Chen Yuan heaved a long sigh.

“The land of darkness is one of the forbidden grounds in this spirit hunting secret realm. It is filled with contaminated spirit light monsters. The spirit light monsters have long lost the power of light and are replaced by dark energy. Ordinary people who enter will be immediately corroded by the dark energy.”

Chu Yan’s beautiful eyes revealed a trace of worry.

Chen Yuan continued, “So, we’ve set up a prohibition here. But, due to our negligence today, the prohibition is no longer in effect.”

“I don’t care, I’m going in to save Lu Benwei!”

After saying this, Chu Yan used her magic skills and her speed suddenly increased as she flew toward the dark land.

Chen Yuan and the other professors immediately reacted, but they did not expect that they could not catch up with Chu Yan’s speed.

“Boom!”

Just as Chu Yan was about to fly in, a terrifying fluctuation burst out from the entrance of the dark land and scattered everyone on the ground.

“What a terrifying fluctuation!”

Everyone was shocked. At the same time, they were worried about Lu Benwei’s safety.

Previously, they thought that since Lu Benwei could not detect the danger in the land of darkness, they could go in and bring him back. Now, they could only watch Lu Benwei fall into it. Chu Yan was very unwilling.

“Is there no other way?” Chu Yan asked Chen Yuan coldly.

Chen Yuan shook his head and consoled her. “Chu Yan, I understand your feelings, but we can only wait now. Lu Benwei has the dark bloodline. For him, entering the land of darkness might be an opportunity.”

At the same time, the students who had returned to participate in the spirit hunt competition were in an uproar.

“What’s going on? Is the school really willing to offend all the students for Lu Benwei?”

“Lu Benwei is the principal’s illegitimate son, right?”

The students discussed animatedly, expressing their dissatisfaction in private.

However, at this moment, the waves that Chu Yan had forced her way into the dark land swept over and affected the entire area. Everyone sensed this terrifying fluctuation, and their faces instantly trembled.

“What’s going on?”

“It seems to be coming from the valley where Lu Benwei is.”

“Did Lu Benwei trigger some kind of taboo?”

For a time, there were speculations and rumors flying around.

At the same time, in the land of darkness.

Lu Benwei searched for a long time and came to one conclusion. “This place is filled with such dense dark energy!”

The dark energy in the land of darkness was extremely dense. All kinds of strange plants took root on the ground and grew into towering trees. Their branches and leaves greedily absorbed the dark energy in the air.

Lu Benwei also chose a place and sat down cross-legged, activating Lucifer’s Bloodline. After about 15 minutes, Lu Benwei’s darkness attribute increased by 1 point.

“What a great place!” Lu Benwei was overjoyed as he circulated Lucifer’s Bloodline in his body.

In the strange little world in his body, the dark night that had occupied a small area was growing greedily. After about a day, Lu Benwei felt that the dark force in his body could no longer be increased, so he got up.

“The strangeness of this place is definitely not limited to this. Let’s explore deeper.”

Then, Lu Benwei walked deeper into the forest. After walking for another hour, a strange monster blocked his way and bared its fangs at Lu Benwei.

Looking at its appearance and characteristics, it was similar to the Golden Spirit Light Leopard, but its entire body exuded dense dark energy.

“Could it be that killing this type of spirit light monster will produce dark spirit light power?”

Lu Benwei stood next to the Dark Golden Spirit Light Leopard and gave it a try.

It had to be said that these darkness spiritual light monsters were more brutal than ordinary spiritual light monsters, and their attacks were even bolder.

“Boom!”

The shadow of the leopard flew over Lu Benwei’s head, and a big tree as thick as a waist was torn into pieces.

Lu Benwei flew forward and punched with great force.

The Dark Golden Spirit Light Leopard whimpered and used its claws, leaving a wound on Lu Benwei’s chest.

Lu Benwei was secretly surprised. ‘It seems that I can’t use ordinary methods to deal with this leopard.’

Lu Benwei’s fists moved. The Myriad Light Fist exploded like a meteor. The fists rained down like rain, and the Dark Golden Spirit Light Leopard had no way of dodging. It died after letting out a miserable shriek.

Then, Lu Benwei absorbed the dark energy and Lucifer’s Bloodline rose again.

“It really is a holy dark land!”

Lu Benwei was overjoyed.

“Just the dark spirit light monsters in the outer region already possess such dense dark energy. I wonder what other powerful dark creatures are waiting for me in the depths.”

Then, Lu Benwei quickly walked into the depths. Compared to the unknown danger, he hoped to be stronger.

Soon, Lu Benwei alerted the strong existence in the dark land.

“A puny human dare to come to my forbidden area. You’re courting death!”

Lu Benwei was facing a strange spirit dark monster that had taken human form. His eyes were as dark as the abyss, and a strong dark force was emitted from his body. Lu Benwei did not know what he was.

“Human, you’ve come to my forbidden ground and angered a supreme existence. Do you know your crime?” The human-shaped spirit dark monster’s gaze was cold, and it gave off an oppressive feeling.

“I can come and go as I please in this broken place.” Lu Benwei’s voice was not loud, but it was full of ridicule.

The spirit dark monster was furious. He opened his mouth to an unbelievable degree and spat out nine balls of Dark Fire. The temperature was not high, but it made Lu Benwei’s body feel cold.

Lu Benwei was not afraid. He circulated the bloodline power of the Holy Key Sage and moved his fists, using the star fist of ten thousand light!

The two collided, creating a loud rumble.

Although the spirit dark monster was fine, he was furious. “Human, you have the light bloodline power.”

Light and darkness were mortal enemies. Using such a bloodline was no different from taking a shit on his head.

The spirit dark monster waved his fist, gathering a majestic dark force that seemed to be able to pierce the sky.

Lu Benwei also did not want to be outdone and used the Heavenly Dog’s Wrath to increase his attributes. As soon as the heavenly dog appeared, the ordinary spirit dark monsters in the surroundings fled in fear.

The two fists collided, and the spirit dark monster was smashed into meat paste by Lu Benwei.

“You think you’re worthy of being arrogant in front of me?”

Lu Benwei was extremely overbearing. Just as he was about to leave, the spirit dark monster that had been beaten into a pile of meat resurrected.

Chapter 165 The Test

The monster appeared in front of Lu Benwei unscathed.

Seeing this, Lu Benwei’s face darkened. “You can still absorb the dark energy of this dark land even after death. You’re really not simple.”

The spirit dark monster laughed loudly, revealing its cold teeth.

“Human, it’s good that you know! Only death awaits those who alarm a supreme existence.”

After saying that, the two of them started fighting again.

“Boom!”

The Myriad Light Fist was used, and the spirit dark monster let out a miserable cry as it released a dark light wave.

Lu Benwei saw how fast it was and threw out the Holy Light Shield to block it.

“Swish!”

The shield blocked it, and it vibrated with an ear-piercing sound, making people's bones itch.

The light wave dissipated, and Lu Benwei once again punched out, fighting the spirit dark monster in close combat.

This time, Lu Benwei was surprised to find that the monster's combat power was much stronger than before.

"How did this happen?"

Lu Benwei was extremely shocked.

In the beginning, the monster's battle power was only level 30, but now its physical strength had increased by at least five levels.

With a thought, Lu Benwei used all four of his enhancement skills and ended the spirit dark monster with one punch, sending its head and body flying.

"Hahahaha..." the head laughed eerily. "It's useless. No matter how many times you kill me, I can always come back to life. I'll become stronger and stronger each time until you kill me!"

Lu Benwei grabbed his head and circulated his dark bloodline power.

"What?" The spirit dark monster was extremely shocked and said, "You possess the power of the dark bloodline? How is this possible?"

Lu Benwei sneered. "Why else do you think I'm here?"

After a pause, Lu Benwei's expression became playful and he said, "Based on my guess, you're not a spirit dark monster. You were formed from the dark energy of this world."

The spirit dark monster was shocked and said in a panic, "No, no, how could I be such an existence?"

"Idiot, your expression has already betrayed you."

Then, Lu Benwei activated Lucifer's Bloodline and absorbed the so-called dark energy.

The face of the monster turned ferocious in an instant. Its facial features were twisted as it threatened. "The dark energy in my body isn't something a human like you can withstand. You'll explode and die!"

Lu Benwei did not care so much. After absorbing the head, he went to absorb the body. Such pure energy made Lu Benwei swell up like a balloon, and it was about to burst the next second.

Lu Benwei's situation was not good either. His stomach was round and swollen, and the dark energy inside it seemed to be bursting.

"Damn it, I've really fallen for this guy's trick."

Lu Benwei cursed under his breath and activated his five bloodlines to suppress the dark energy in his body. After six hours, he finally calmed down the violent dark energy in his body.

At this moment, Lu Benwei's eyes became as dark as an abyss, his face was extremely cold, and his hair flew with the dark energy around him, like a demon lord in the sky.

“The supreme existence that this monster spoke of seems to be right ahead. I’m going to take a look.”

With that, Lu Benwei’s eyes finally showed a trace of white, and he did not look so hateful.

After walking for half an hour, Lu Benwei found a temple. It was built with yellow mud and stones. It looked very simple, but the door of the temple was wide open, and it emitted endless dark energy.

At the same time, a pair of stone statues were placed at the entrance of the temple. One of them was already broken, leaving only its base, while the other one just happened to be the same as the so-called human-shaped spirit light monster.

“This is the place,” Lu Benwei muttered and walked into the temple.

There was not a single ray of light in the temple. One could not even see one’s fingers in front of them. It was dark and cold.

However, Lu Benwei used the power of Lucifer’s Bloodline to sense the five golems placed in the temple.

The golems had bat wings on their backs, their faces were detestable, and they had sharp fangs and claws as if they could come back to life and eat people at any time.

He did not expect that the golems could really revive. Although they did not move, they could speak in human language.

The five voices mixed together, and it was very noisy.

Lu Benwei frowned and listened carefully. He could clearly hear what they were talking about.

“After so many years, someone has finally come to this place.”

“This child has both the light and dark bloodlines in his body. Should I kill him or keep him alive?”

“Let’s kill him. This child has obviously trampled on the dark energy. The light energy in his body is stronger than the dark energy.”

“It’s such a pity that such a good seedling has to be killed after he finally arrived here.”

Lu Benwei was impatient and shouted, “If you want to fight, then say it quickly, stop dilly-dallying!”

The five golems were stunned at the same time. After a long time, the golem in the middle said, “I like his personality.”

The golem in the middle laughed and said, “So, let’s keep him.”

Lu Benwei frowned and coldly asked, “What do you mean?”

“It’s very simple. Pass the remaining two tests.”

“The test, or the remaining one?”

At this moment, the golem on the far left said, “You’ve already passed three tests, that’s why you’re qualified to have an audience with us.”

“What are the tests?”

“The first test is to survive in this land of darkness and not be eroded by the power of darkness.”

“The second is to kill a certain number of spirit dark monsters.”

“The third is to defeat the guards we conjured.”

“The one at the door?” Lu Benwei raised his eyebrows.

“Yes,” the five golems replied in unison.

“What’s the fourth obstacle? What’s the reward for clearing it?” Lu Benwei was quite interested.

The golem in the middle chuckled and said mysteriously, “You’ve cleared the remaining two levels, and you’ll get rewards. However, the difficulty is more difficult than the three levels you’ve encountered before combined.”

“Can you reveal a little?”

The five golems no longer made a sound and just spat out five black mists that wrapped around Lu Benwei. When he opened his eyes again, there was only a mirror in front of him and the five golems had disappeared.

Lu Benwei was very curious and was about to step forward when he saw his reflection in the mirror. This scene made him take in a breath of cold air.

At this moment, the mirror-like Lu Benwei used the Myriad Light Fist. Lu Benwei was shocked and prepared to use the Holy Light Shield to resist.

At this time, the five golems’ voices rang in his ears. “You’re not allowed to use the power of light, or you’ll fail the test.”

“We’ll use your light power to fight against you and help you improve your dark bloodline.”

Lu Benwei cursed in his heart and put away the thought of using the Holy Light Shield.

The rain-like fists landed on Lu Benwei’s body, making him curse in anger.

“Fighting against myself? What kind of stupid test is this?”

Chapter 166 Fighting Oneself

Lu Benwei and the mirror man were fighting each other, and the battle was extremely fierce.

As he could not use the power of light, Lu Benwei’s Myriad Light Fist and Heavenly Light Shield were limited. At first, he was extremely uncomfortable and could only fight and retreat.

The mirror man saw this and spoke in Lu Benwei’s voice, “Are you a turtle hiding in its shell? How long are you going to dodge and hide?”

When Lu Benwei heard this, he felt a chill in his heart and muttered, “Does this count as me scolding myself?”

“Boom!”

!!

With a loud sound, the mirror man quickly swung his fists, and countless fists of white light appeared. They were so dense that they almost filled the sky, and they quickly bombarded Lu Benwei. This attack was even more brilliant than Lu Benwei's.

Lu Benwei was shocked and was about to use the Holy Light Shield when the voices of the five golems appeared in his ears.

"You're not allowed to use the power of light, or you'll fail the test."

Lu Benwei cursed and gritted his teeth. He circulated the power of Lucifer's Bloodline to resist the Myriad Light Fist.

Fortunately, the mirror man was not familiar with Lu Benwei, so his fists landed on Lu Benwei's body like rain.

"With your true body in front of you, you still want to pierce through the heavens?" Lu Benwei sneered.

However, the mirror man had manifested the Ancient Sword of Clarity.

Lu Benwei was dumbfounded. He saw the mirror man holding the sword and waving out two or three sword qi.

This was a skill that Lu Benwei did not have, but it was extremely cold and invincible. In the next second, Lu Benwei's body would be destroyed.

"Boom!"

Surprisingly, Lu Benwei also manifested the Ancient Sword of Clarity and waved out two or three sword qi.

The sword qi that he had hurriedly sent out could not counter the mirror man's attack, but it still cut off most of his power, allowing Lu Benwei's physical body to resist it.

However, the mirror man was very decisive. He instantly arrived in front of Lu Benwei with the sword in his hand, wanting to take advantage of this moment to kill the weakened Lu Benwei.

However, the mirror man was not familiar with Lu Benwei. Lu Benwei's close combat ability was excellent. He also raised his sword and fought with the mirror man.

"Clang! Clang! Clang!"

The crisp sound of metal interweaved, and the mirror man's forearm was cut off by Lu Benwei.

Lu Benwei sneered. "With your strength, you're defiling my body!"

The man in the mirror did not get angry and kept a distance from Lu Benwei.

Just as Lu Benwei was wondering what the mirror man was doing, he heard the sound of the Ancient Sword of Clarity in his hand.

"It's the Divine Sword of Destruction!"

The mirror man could even copy Lu Benwei's most powerful skill, which showed how strange it was.

Lu Benwei did not hesitate and activated his sword against the mirror man's sword.

"Boom!"

The terrifying destructive auras collided, and the aftershock pierced through the ground, sending rocks and clouds into the sky. However, the two of them still could not determine who was stronger.

After pulling away, Lu Benwei took the lead and released Night Curse, dyeing the sky black.

The dark blood chant was activated and Lu Benwei's attributes doubled. His defense also increased.

Seeing this, the mirror man's eyes bloomed with a holy white light, and he kept activating the bloodline of Holy Sage Key, releasing a dazzling light.

Myriad Light Fist, explode!

After activating the bloodline power of the Holy Key Sage, the power of the Myriad Light Fist increased greatly. Lu Benwei also activated the bloodline of Lucifer's Bloodline to resist it.

"Boom boom boom!"

Lu Benwei was hit and flew back. At the same time, Lucifer's Bloodline's power in his body rapidly declined.

The reason was that Lu Benwei's dark attribute could not be compared with his light attribute, so the power of darkness was quickly catalyzed by the power of light.

Lu Benwei was furious. After stabilizing his body, he used Lightning Speed to attack the mirror man.

The mirror man quickly dodged, allowing Lu Benwei to penetrate a boulder and turn it into dust.

"What a powerful force." The voices of the five golems resonated in unison.

Lu Benwei once again activated Lucifer's Bloodline and resonated with the bloodlines of the five monsters, increasing his physical strength to the limit.

"Heavenly Light Shield!"

The mirror man roared and activated the pure white shield, allowing Lu Benwei's punches to land on him.

"Fight again, fight again, fight again!" the five golems shouted in excitement, shocked by Lu Benwei's physical strength, "What a powerful physical strength! With this kind of power, why should I be suppressed by the power of light?"

All of a sudden, the mirror man quickly made his move and fought with Lu Benwei in different ways.

"Boom boom boom!"

It was like the beating of an ancient war drum. The sound of the drum broke through the sky and penetrated the universe.

Lu Benwei's blood was boiling, and his qi was flowing crazily.

At this moment, Lu Benwei found that the bloodline power of the five monsters in his body was absorbed by Lucifer's Bloodline.

Lu Benwei's body was also constantly emitting a black mist, which was very strange. He had originally been at a disadvantage, but he was gradually gaining the upper hand under the mirror man's attacks.

The voices of the five golems came in unison. "That's it. Get rid of the excess energy in your body and let the dark bloodline absorb it."

Lu Benwei did as he was told, and his dark bloodline gradually strengthened, causing the wind from his fist to fall like a meteor.

"Boom!"

Lu Benwei shattered the body of the mirror man with one punch.

Looking at the flying man, Lu Benwei's expression was subtle. He felt like he had been killed.

At this moment, the sky suddenly brightened and revealed its original blue color. Five black robes appeared and floated in front of Lu Benwei. It was obvious that these were the five golems from before.

"That's right. Under our guidance, the darkness bloodline in your body has successfully been upgraded to an origin bloodline. It can now co-exist with the light bloodline."

At this time, the system's voice sounded, and Lu Benwei listened carefully.

[Ding! Congratulations to the host for upgrading Lucifer's Bloodline to an origin-grade bloodline. The reward is a passive talent, Coexistence of God and Monster.]

[Coexistence of God and Monster]

[Darkness and light attributes are interdependent and stand on each other. Their attribute points will always be the same.]

Lu Benwei was surprised. In other words, he only needed to add one point to both light and darkness attributes. It could be said to be twice the result with half the effort.

The most important point was that Lu Benwei had finally completed the most important bloodline neutralization condition for the class change, so he no longer had to worry.

Of course, because of the five golems, Lu Benwei cupped his hands and thanked them, "Many thanks to the five seniors!"

The five golems laughed in unison. "It doesn't matter. After all, this is your own hard work. It's the reward for clearing the level."

"I didn't expect that after so many years, many people have mistakenly entered this place to train. Very few people have reached this stage like you."

"Most importantly, a human brat like you can possess both light and dark bloodlines. You're not simple!"

The black-robed figure on the far left said, "However, this light bloodline is quite useful. I still want to try it again."

As soon as he finished speaking, he was beaten up by the other four golems.

Lu Benwei's mouth twitched when he saw this scene.

Chapter 167 Symbiosis

Lu Benwei's mouth twitched and he walked forward. "Seniors, please stop hitting me. If you continue, I'll die."

The remaining four golems did not even raise their heads. "It's fine, he can't be killed,"

"You dare to say that the power of light is useful. You're betraying your ancestors!"

After a pause, they said to Lu Benwei, "Kid, although you have the light bloodline in your body, it can never be compared to the dark bloodline. Do you know that?"

Lu Benwei's mouth twitched, and he nodded.

At this moment, the five golems stopped their banter and said seriously, "Alright, it's getting late. It's time for the last test."

"Human boy, are you ready?"

"I'm ready."

As soon as he finished speaking, the five black-robed figures disappeared like fog. In the next moment, the ground of the temple rumbled, and dust fell.

Lu Benwei was shocked to find that there was a door on the ground of the temple, and it was slowly opening.

"Creak."

The door gradually opened, and faint shimmering particles seeped out from within. A huge array had been set up under the temple.

Lu Benwei slowly approached the array, and his pupils shrank when he saw the stone array in the center of the array.

"What is this?"

The stone array was very strange. It emitted a strong dark aura as if it was the source of this dark land.

Lu Benwei activated the Eye of Insight and his eyes immediately bloomed with dazzling light.

[Demon Heart]

[One of the world's rare top treasures. It possesses extremely powerful dark energy.]

"Just like the Magician Heart, I obtained it without any effort."

Lu Benwei was overjoyed and reached out to put the Demon Heart into his bag.

“Boom!”

The Demon Heart suddenly burst out a powerful dark energy. If Lu Benwei did not use Lucifer’s Bloodline to resist it in time, the consequences would be unimaginable.

At this moment, a strange sound came from the space, followed by the wind whistling like a knife, which scratched Lu Benwei’s skin. He suddenly came back to his senses and realized that this was a skill!

“Who’s there?!” Lu Benwei took three steps back, his expression as tense as a rope, alert to the danger that could come at any time.

The strange howl came again. It sounded like a wolf or a tiger, and it was very strange.

“You don’t want to come out? I’ll beat you out!”

Then, Lu Benwei’s fists moved quickly, causing the air to crackle. Countless fists emitted white holy light, illuminating the small space as if it were daytime.

At this time, Lu Benwei finally saw the owner of the strange roar. It was a black dragon with two wings. Its body was like a giant elephant, and when it spread its wings, it could cover half the space.

Its body was covered in dense, knife-like scales. They opened and closed with the dragon’s breathing, emitting a strong dark power.

“A dark spirit war monster?” Lu Benwei muttered to himself.

The Eye of Insight was quietly activated, and the information about the two-winged black dragon was immediately obtained.

[Dark Wind Demon Dragon]

[Battle commander level spirit monster]

[Level: 40]

[It’s the overseer of this land of darkness. His powerful wings are providing him with great help in his darkness and wind dual-attribute skills.]

At this moment, a rain of fists fell.

The Dark Wind Demon Dragon’s wings were wrapped around his body, and the dense fists could not even leave a scratch on its body.

The rain of fists dissipated, and the Dark Wind Demon Dragon flapped its wings rapidly. The dark and wind elements in this space also went berserk, intertwining under its stalwart body and forming a terrifying dark storm.

The dark storm was like a tornado, slowly attacking Lu Benwei. The powerful wind made him feel like his body was being torn apart.

Lu Benwei’s eyes narrowed, and he exerted force from his waist to stabilize his body. In the next second, he activated the bloodline power of the Holy Key Sage and quickly swung his fists.

The Holy Key Sage's bloodline was activated, and Lu Benwei's body was surrounded by the power of holy light, emitting a bright light. His hair fluttered with the strong wind, making him look like an angel.

The rain of punches that were like stars in the sky offset the power of the darkness element in the dark storm. They were overwhelming and unstoppable.

The Dark Wind Demon Dragon used the same trick again. It protected its body with its wings. However, it did not know that the power of the Myriad Light Fist could not be compared to the previous one. Each fist was condensed with the purest power of light.

The fist that emitted a bright light landed on its body and immediately burned. The fire of god dispelled the dark power of the Dark Wind Demon Dragon.

The Dark Wind Demon Dragon was in great pain as it was burned by the divine flames. Its heart-wrenching cries echoed throughout the entire dark land and the spirit-hunting secret realm.

Everyone in the secret realm was startled by the blood-curdling screeches, and their facial muscles trembled. At the same time, the school also noticed the situation and hurriedly gathered together.

"What kind of terrifying demonic cry is this that it spread throughout the entire secret realm.?"

Liu Yi's expression changed rapidly, and his eyes were dazed. "Could it be that Lu Benwei was in trouble?"

After saying that, Liu Yi immediately rushed out of the human wall and vowed to save Lu Benwei.

"Mr. Liu, please be rational." Wang Wei and the others immediately stopped him.

"Rational?" Liu Yi was instantly anxious.

"What reason do you want me to give? The person inside isn't even your disciple!"

"Liu Yi!" Chen Yuan suddenly shouted, and the noisy crowd immediately quieted down.

"We'll wait for 10 more minutes. If Lu Benwei doesn't come out, we'll break the seal of the dark land and rescue him."

When Liu Yi heard this, he let out a long sigh. "Forget it, forget it. This is the only way."

At the same time, Lu Benwei activated Lucifer's Bloodline. After upgrading to the origin bloodline, Lucifer's Bloodline could increase his attributes by three times.

At this moment, Lu Benwei pushed his physical strength to the extreme without relying on any external objects. Half of his body was emitting a holy white light and a terrifying black light. It was extremely chaotic and magical.

The power of darkness and the power of light intertwined in his body, giving birth to a powerful force.

Lu Benwei gathered this power into his fist and punched out. This was an attack that combined the power of darkness and light.

The power of darkness pierced through the Dark Wind Demon Dragon's body and stirred up its internal organs and bones. Blood kept spurting out of its mouth and nose. The holy light burned the Dark Wind Demon Dragon's soul, making it suffer.

"Boom!"

With a loud bang, the Dark Wind Demon Dragon fell heavily to the ground. It was on its last breath and could no longer fight back.

"Hu!"

Lu Benwei let out a breath of turbid air, and the muscles in his body relaxed at this moment.

"Congratulations, human boy," the five black-robed figures said.

"After so many years, you're the first person to clear this dark land."

Lu Benwei cupped his hands and thanked them, "It's all thanks to the guidance of the five seniors, otherwise I wouldn't have reached this stage."

"You're too kind, we're just leading the way," the golem in the middle waved his hand and said, "Alright, human boy, take your reward and return to the human world."

Chapter 168 Return

Under the black-robed senior's guidance, Lu Benwei took the Demon Heart and left the dark land through another exit.

[Ding! Congratulations to the host for successfully obtaining the Magician and Demon Heart. One-click Heaven and Earth Divine Material activated.]

[Ding! Congratulations to the host for successfully fusing the Demon Heart and Magician Heart. You have obtained the legendary material, Heart of the Divine Demon!]

The system's voice suddenly sounded, and then the storage ring that contained the Magician Heart and Demon Heart emitted a strange light, giving people a warm and majestic feeling.

Lu Benwei was surprised. After the light dissipated, he took out the so-called Demon Heart. The Heart of the Divine Demon was a semi-transparent gray stone, and it gave off a chaotic aura of light and darkness.

!!

Lu Benwei knew how precious this legendary treasure was, so he carefully put it back. Then, he took out the map of the spirit hunt secret realm and found that this was a low-level area.

"Where should I go next?"

Lu Benwei started to worry. There were not many targets that could attract him right now. He had already obtained a battle general-level spirit light monster, and his Lucifer's Bloodline had also coincidentally been upgraded to an original bloodline. He had even collected the final step of the class-change process to become a demon magician.

As Lu Benwei pondered, he somehow managed to reach a gathering point for the freshmen. Many freshmen were trading there.

He glanced around and did not see anything that caught his eye. Just as he was about to leave, a voice caught his attention.

“Selling information, selling information, the latest information on a battle commander-level spirit light monster.”

“The price is affordable. I’m not lying. I’m selling information, I’m selling information, information on a battle commander-level spirit light monster!”

Many people pointed at him, thinking that his brain was not working well.

“I didn’t hear it wrong, did I? This brat wants to sell us information on a battle commander-level spirit light beast.”

“A battle commander-level spirit light monster, how could we, a group of freshmen, have the qualifications to compete with that group of monsters?”

The crowd laughed continuously, but the person selling the information was not annoyed and continued to sell.

“Selling information, selling information, information on a battle commander-level spirit light monster!”

“Boss, how much is the information on this information?” someone curiously asked.

“If it’s five bottles of spirit light power, I’ll buy it.”

The student selling the information said, “I say, student, five bottles of spirit light power can’t even buy a single word of my information.”

The man was stunned and said disdainfully, “Is this information made of gold or silver? You can’t even accept five bottles of spirit light power?”

The surrounding people were also extremely speechless.

The price of five bottles of spirit light power was definitely high enough. Was this person black-hearted, or was this information very precious?

Then, the person who wanted to buy the information asked again, “Then give me a price and I’ll see if it’s appropriate.”

When the student selling information heard this, he immediately gave everyone a “10.”

“Ten bottles of spirit light power?” Everyone was extremely shocked. What kind of information was worth ten bottles of spirit light power?

Who knew that the student who sold the information would cover his mouth with a mysterious look?

“Ten bottles of spirit light power?”

“Aren’t you guys underestimating my intelligence?”

After a pause, the student selling information said seriously, "100 bottles of spirit light power, no bargaining."

100 bottles of spirit light power?!

Everyone's mouth was wide open, and their eyes were wide open. They were in complete disbelief.

"F*ck, you're really demanding an exorbitant price. You're bold to even ask for 100 bottles of spirit light power!"

"Get lost! He must be a liar! Everyone, get him out!"

"Right, chase him out!"

The student who sold the information was also annoyed. With a red face, he retorted, "If you don't want to buy it, then don't buy it. How can you call me a liar?"

"If you guys aren't buying, I'm not selling either!"

After saying that, he stood up and put away the rag under his butt, then turned around and left.

The crowd's sighs grew louder.

"See, now that you've been exposed, aren't you anxious?"

"That's right. If it was really information worth 100 bottles of spirit light power, would they take it out to sell?"

"We're still the ones buying and selling. Why don't we go to the mid-level and high-level areas? Wouldn't the sales be faster there?"

Lu Benwei's interest was piqued. A battle commander-level spirit light monster was not of much use to him, but he did not know if Chu Yan had collected it after so many days.

"Student, stop. I want to buy it," Lu Benwei caught up with the student who sold the information and said.

The student who sold the information was very patient, thinking that he was here to cause trouble.

"I'm not selling, I'm not selling!"

"I'm here to buy it!" Lu Benwei said patiently. He also knew that this person thought he was here to cause trouble.

"I said, I'm not selling!" The student who sold the information waved his hand. "Hurry up and leave, don't bother me!"

Seeing that Lu Benwei was unmoved, he said, "You're not leaving? I'll leave!"

With that, he prepared to leave. His footsteps were very flustered, and it was obvious that he was very anxious.

Lu Benwei hurriedly pulled him back. "Boss, name a price. I'm really buying it."

The student selling the information was patient, and his voice suddenly rose a few pitches higher.
“You’re buying, right?”

“500 bottles of spirit light power. Otherwise, don’t even think about getting a single word from me!”

When the crowd heard that he wanted 500 bottles of spirit light power, they held their stomachs and laughed.

“500 bottles of spirit light power, this is really a lion’s mouth.”

“You’re allowed to lie, but you’re not allowed to be played?”

“I’m really buying it,” Lu Benwei said.

After saying that, he took out 500 bottles of spirit light power from his storage ring.

The 500 bottles of spirit light power instantly piled up into a small mountain. The transparent bottle body emitted a dazzling spirit light power, which was very dazzling.

Everyone was stunned. Their mouths were wide open, but they could not make a sound.

The person who sold the information was speechless. He was just anxious and said it casually. He did not expect this person to be serious.

Lu Benwei said, “There should be 500 bottles of spirit light power here. Count them. You can take the rest.”

After a long time, the information peddler came back to his senses and nodded like pounding garlic. “It’s enough, definitely enough!”

The bottles filled with spirit light power had piled up into a mountain. With a single glance, one could tell that there were 500 bottles.

Everyone was dumbfounded. They did not think that someone would really spend such a huge sum of money to buy that illusory information.

“The key is that you’re a freshman. Even if you get a battle commander-level spirit light monster, it’ll be snatched away by a fourth-year genius.”

Many people laughed and mocked in low voices.

“I’ve never seen such a person in my life.”

“500 bottles of power of spirit power. That’s almost all the power of spirit light that has been available since the start of the spirit hunt competition.”

Lu Benwei ignored him and said to the student who sold the information, “Alright, I’ve paid for it. Can you tell me about the battle commander-level spirit light monster now?”

Chapter 169 Robbery

The student who sold the information did not dawdle. He took out something that looked like a locator.

“Just follow the direction of this locator, and you’ll be able to find the position of the battle commander-level spirit light monster.”

Lu Benwei was stunned and suddenly felt like he had been played. “Just this?”

“Yes.”

“Then why should I believe you that this locator is able to determine the position of the battle commander-level spirit light monster?”

!!

The student who sold the information said, “I’m not afraid of you laughing at me, but I picked up this locator by chance. Just yesterday, I was venturing into the jungle of the mid-level area. As I was walking, I heard a fierce battle ahead.

“I was curious at that time, so I gathered my courage and went forward to take a look. I found that the powerhouses of the Heavenly Dragon Association were surrounding a spirit light monster.

“The monster was very strong, but the Heavenly Dragon Association had more people, so they could only barely fight it to a draw. To prevent the spirit light monster from escaping, a man named Liu Qingfeng from the Heavenly Dragon Association set up a tracking device on the spirit light monster.

“Wait!” Lu Benwei interrupted him.

“Liu Qingfeng is a fourth-year student. Why would he be in the mid-level area?” Lu Benwei’s expression was very cold.

The student who sold the information had an intense reaction. “Big brother, the entire spirit hunt secret realm is in chaos now, okay? Did you just arrive here?”

“What’s going on?” Lu Benwei was very puzzled.

“Isn’t it because of Lu Benwei?”

Lu Benwei was stunned. How did this have anything to do with him?

The student who sold the information waved his hand and said, “It’s not a big deal. It’s just that Lu Benwei was forced into the valley by the Allied Forces. To protect him, the principal forbade everyone from entering and disbanded the Allied Forces.

“This immediately caused the group of students to be dissatisfied. They felt that the school was biased. The school killed the chicken to warn the monkeys and forcefully eliminated senior Wang Yan. However, it didn’t have much effect.”

After a pause, he continued, “The Heavenly God Temple was the most dissatisfied, so they proposed to the school to lift the restrictions and allow the three areas to be free to come and go. But in the past few days, there have been rumors that Lu Benwei accidentally entered an extremely dangerous place.”

“So that’s how it is.” Lu Benwei roughly understood the reason.

He did not expect that in the three days he had been in the dark secret realm, so many changes had happened.

“Let’s get back to business. What happened to the Heavenly Dragon Association?”

“After that, the Heavenly Dragon Association was defeated by the spirit light monster in one blow. The monster was seriously injured, and the Heavenly Dragon Association was not in a good state either. A large number of people were injured. So, I tried my luck, and then I found this locator.”

When he said that, Lu Benwei already knew the truth of his words. It had to be a battle commander-level spirit light monster to be able to escape from the Heavenly Dragon Association’s experts.

Whether it was true or not, he would know once he went to the mid-level area and asked Hai Yue of the Heavenly Dragon Association.

At this time, the information seller took about ten bottles from the small mountain of spirit light power.

“This information isn’t worth this much. So many days have passed, and the group of geniuses in the school should already know about the existence of that battle commander-level spirit light monster. I’ll just take a bit of the fee for my hard work.”

Lu Benwei did not stop him and said, “Alright, it’s getting late. I should go and find that battle commander-level spirit light monster.”

“Huh?” that guy instantly stuttered, “The strength of that spiritual light monster isn’t to be underestimated. Are you really going to go?”

“If I don’t go, then wouldn’t these ten bottles of spirit light power be a huge loss?” Lu Benwei turned around and said with a faint smile.

He had only taken a few steps when a few freshmen blocked his way.

“Stop, let me borrow some spirit light power,” one of the chubby men said. Then, he reached out to grab the storage ring in Lu Benwei’s hand.

Lu Benwei’s expression was indifferent as he pushed him lightly. His physical strength was not something that ordinary students could match up to. Even the ten great monster-level geniuses could not contend with him.

Even with a light push, the chubby man who was about to snatch Lu Benwei’s storage ring was forced to retreat. In the process, he accidentally hit a small stone and fell to the ground with a bang, shaking the ground.

Everyone was stunned. How much strength did he use to push such a chubby man to the ground?

“You hit him?”

“You want to fight, don’t you?”

The chubby man’s companion shrieked and bared his teeth, which was very funny.

Lu Benwei sneered. "Are you guys blind? Can't you see he's trying to steal my storage ring? Or are you guys trying to extort me?"

"What did you say?" The group of people's faces immediately darkened.

At this moment, the chubby man stood up and laughed instead of getting angry. "I originally wanted to snatch a few bottles of spirit light power from you. I had no reason to do so, so I was very unwilling. But you pushed me to the ground like this. I think it's time for you to pay for my medical expenses."

Lu Benwei's lips curved up and he said teasingly, "Where are you hurt? Aren't you fine?"

"My internal organs are injured. I won't be able to recover without a hundred or so spirit light power," the chubby man said.

"Oh no." Lu Benwei's voice was very faint.

"No? You just took out 500 bottles of spirit light power for a piece of information, and then took them back. How could you not have any?"

"You misunderstood what I meant. What I wanted to say was that your injuries weren't serious, and you should've been injured a little more to be able to obtain these 500 bottles of spirit light power," Lu Benwei said indifferently.

After saying that, Lu Benwei grabbed the chubby man's neck with one hand and lifted him.

Everyone was dumbfounded. A chubby man who looked like he weighed two hundred pounds was lifted so easily. The next second, Lu Benwei grabbed his arm and threw him to the ground.

"Boom!"

The chubby man did not even have the chance to resist. His body was shaking, and his face was distorted. He did not even have the strength to shout.

"Boom!"

Lu Benwei threw the chubby man again with a loud sound, making the surrounding people's eyelids jump and their hearts tremble.

"Stop!"

One of his companions could not stand it anymore. He pounced forward. He was very fast. He took out a small crystal knife from his arm and prepared to rescue his companion.

Lu Benwei's reaction was so fast that he took two steps back and dodged the attack. At the same time, he reached out with his left hand and grabbed the wrist of the chubby man's friend who was holding the knife.

"Let go!" The man was very surprised. He did not expect Lu Benwei to be so agile.

Lu Benwei was not happy or angry, and he slightly exerted force in his left hand. A bone-piercing pain immediately spread from the knife-wielding youngster's wrist to his entire body, causing him to wail in pain.

Lu Benwei used the same old trick. He suddenly swung the other party and then heavily smashed him to the ground.

“Boom!”

Smoke and dust rose, and all the spectators were numb. What kind of jaw-dropping strength was this?!

Chapter 170 Meeting Lian Bingqing Again

The two of them were bleeding from their noses and mouths, looking extremely pathetic.

Lu Benwei’s control of strength was great, so every time they fell, the two felt great pain but were not unconscious.

Everyone’s scalps could be said to be numb, and their eyelids kept twitching. They were glad that they had not provoked such a devil-like figure. It was unknown if the demon was tired or out of kindness, but the one-sided beating was finally over.

The two men, one fat and one thin, were both bruised and swollen. Their bodies were covered in bruises, and their jaws were dislocated and slightly open. Only a few teeth had fallen out.

“Big brother, I’m sorry, we were wrong,” the two of them knelt on the ground and mumbled.

!!

Lu Benwei no longer paid attention to the two and glanced at the other accomplices. The others immediately trembled violently as if they were being stared at by the god of death.

“Plop!”

One of them immediately knelt and begged for mercy, and the others followed suit.

“Big brother, we were wrong.”

Lu Benwei frowned. Since he had already dealt with the two birds, there was no need to chase them.

“In the future, no matter where you are, if I see you doing this kind of shady business, I can guarantee that your end will be worse than today!” Lu Benwei said coldly.

“Understood!” Everyone nodded vigorously.

Seeing that everyone had learned his lesson, Lu Benwei took the locator and left.

The moment the figure disappeared, everyone sucked in a breath of cold air, especially the group of people who had robbed him earlier. The cold sweat on their backs had already soaked their clothes, and a gust of cold wind blew, making them shiver.

“Who is this guy?”

“What a terrifying power. We didn’t even have the strength to fight back.”

“Wait, why do I feel that this guy is a little familiar? It seems to be...”

“Lu Benwei!”

...

On the other hand, Lu Benwei followed the direction of the locator and soon arrived at the mid-level area. Along the way, he had heard rumors of the battle commander-level spirit light monster.

After walking for an entire day, the target on the locator was slowly moving toward the high-level area at night as if it was being targeted again.

At the same time, in the gathering point where Lu Benwei was temporarily resting, the members of the major clubs received a secret order, and the gathering point was suddenly empty. It seemed like the monster had been targeted by the major clubs.

Lu Benwei did not say anything and continued on his way.

When he reached the border between the mid-level and high-level areas, Lu Benwei saw an old acquaintance from afar. It was Lian Bingqing, the senior who had shown him the campus at the beginning of the school term.

At this moment, Lian Bingqing was entangled with three people, who looked like they were from the Heavenly God Temple.

“Lian Bingqing, hand over your spirit light power!” The man in the lead had long hair that reached his waist, and he looked quite suave.

“Chu Xiong, why does your Heavenly God Temple want to start a war with our Heavenly Phoenix Association?!” Lian Bingqing’s tone was even colder than usual, making people’s teeth chatter.

The long-haired man, Chu Xiong, laughed out loud. “It’s because your Heavenly Phoenix Association didn’t give our Heavenly God Temple any face.”

“Chu Xiong, don’t you slander us!” Lian Bingqing shouted coldly, and one could even see frost coming out of her mouth.

“Slander? Is it not true that your Heavenly Phoenix Association took Lu Benwei in?”

“If that’s the case, then there’s nothing more to say.” After saying that, Lian Bingqing started to fight with the three of them.

Xiong Chu was a big shot at Zhejiang Hunter University. Although his name could not be found in the top ten geniuses, he was definitely among the top fifty in the school.

Chu Xiong was a heavy shield guard, and to a certain extent, he could restrain an ice magician like Lian Bingqing. Even without the help of the other two, he could still suppress her.

“Magic Ice Blast!”

The gem on Lian Bingqing’s staff glowed, and the ice elements in the air exploded. The sharp ice blades pierced the ground, and their power could not be underestimated.

Xiong Chu sneered. His entire body was wrapped in black gold heavy armor from head to toe, leaving only his eyes exposed.

“Chi!”

There was an ear-piercing metal hum, and the black gold heavy armor was scratched.

Just as Lian Bingqing thought that her attack had worked, the scratches on the black gold heavy armor flashed with a trace of light, and after dissipating, it was still intact.

“What kind of armor is this?” Lian Bingqing was shocked.

Xiong Chu laughed wildly. “This is my innate skill. It can automatically repair any damage to it. Your ice attribute is mainly used for control. To a guard with a high defense like me, it can’t cause any damage at all. It can’t even break my armor.”

“Oh? Is that so?” Lu Benwei had already sensed it, so he showed up and said in a teasing voice, “What if it was us?”

Both sides were shocked. “Lu Benwei?!”

“You’ve come out of that dangerous place?” Lian Bingqing asked with concern. As a higher-up in the Heavenly Phoenix Association, she naturally knew about the rumors surrounding Lu Benwei.

“How are you? Are you hurt?”

Chu Xiong and the other members of Heavenly God Temple said with great regret, “It’s such a pity that you didn’t lose your little life in there.”

“That’s good news to us too!” Chu Xiong shouted, “I can subdue another spirit light monster!”

Lu Benwei sneered and directly attacked. He circulated his darkness and light bloodlines and punched out. An infinite amount of power instantly hit Xiong Chu’s thick black gold armor.

“Boom!”

Like the beating of a war drum, the loud sound broke the mountains and rivers, stirring up thousands of layers of dust.

When the smoke and dust dispersed, Chu Xiong, who was under the black gold heavy armor, was unscathed. “It’s said that your physical strength is comparable to ours. It seems like it’s just an exaggeration. Lu Benwei, I think you’d better kneel and beg for mercy. Beg our Heavenly God Temple to let you live.”

At this moment, a warrior of the Heavenly God Temple took action. He took out a big sword and slashed several fierce sword lights at Lu Benwei.

Lu Benwei wanted to withdraw his hand to avoid it, but he found that he was caught by Chu Xiong, and it was difficult to escape.

“Boom!”

Lu Benwei used his body to resist the blade light.

“Lu Benwei!” Lian Bingqing was shocked, and her face turned pale.

Just as she was about to step forward to rescue him, she was surrounded by another person.

Chu Xiong laughed wildly and licked his teeth proudly. "Lian Bingqing, don't worry. After I deal with Lu Benwei, you'll be next."

"You take care of yourself first!" Lu Benwei's voice came and the light dissipated, revealing his intact body.

"What?" On Chu Xiong's side, the two of them widened their eyes at the same time. They felt that it was extremely unbelievable.

Especially Chu Xiong, his eyes were almost filled with shock. He was very clear about the warrior's strength. Even without his combat power, he was still level 40, 15 levels higher than Lu Benwei.

Lu Benwei chose to use his body to resist, so even if he was not seriously injured, he could still deal some damage. However, the truth was that Lu Benwei did not even have a single wound on his body.
