

## Dungeon 171

### Chapter 171 Jittery at the Wind

“How did you do it?” Chu Xiong was shocked. Even if he had taken the hit, he would not have felt good.

Lu Benwei turned a deaf ear to his words and fiercely punched Chu Xiong’s hard black gold heavy armor. The force was so great that it made people speechless. The armor rang like a bell, and everyone covered their ears.

Lian Bingqing was stunned. She never expected Lu Benwei’s physical strength and physique to reach such a level. With a level-25 body, he could resist a level-40 skill and counterattack at the same time.

Chu Xiong wanted to attack, but he found that his hands were restrained by Lu Benwei’s only hand. The force was so great that the armor covering his palm was actually dented.

“Go to hell!” The warrior saw this and raised his sword to slash at Lu Benwei.

Lu Benwei coldly glanced at the man, then waved his sleeves and created a strong wind. In the next second, Lu Benwei’s fist was covered in white light, and several white fists were thrown at the warrior.

“Bang, bang, bang!”

After several punches, the man was forced to retreat with a swollen face. However, this was only Lu Benwei’s weakened Myriad Light Fist, yet it was enough to beat the crap out of a level-40 fourth-year student. This showed how terrifying Lu Benwei’s strength was.

Chu Xiong was furious and tried to break free with all his strength, but he found that Lu Benwei’s strength was so great that his hand was pressed down by Lu Benwei like a mountain. At this time, he suddenly realized that Lu Benwei could beat him up at this time.

Lu Benwei looked at his frightened eyes and sneered. “You know now? Too bad it’s too late,” he said, his face darkening.

Chu Xiong’s hair stood on end, and he did not even dare to breathe loudly. Lu Benwei immediately swung his arms and slapped Chu Xiong’s head.

“Clang! Clang!”

The thick armor was connected to Lu Benwei’s thunderous attack, making a loud sound. Chu Xiong’s entire body was numb from the shock, and his ears were bleeding.

The rest of them, including Lian Bingqing and Chu Xiong’s accomplices, were stunned.

This was a brutal beating!

It was a one-sided beating!

“I’m in awe of you people from the Heavenly God Temple! Did I kill your entire family in my past life? Why are you treating me so badly in this life? Firstly, it was Wang Yan, then it was Zhou Qingfeng, and now you, Chu Xiong, want to snatch my spirit light power.”

Lu Benwei's voice was filled with anger. He did not stop even after the black gold heavy armor disappeared. He continued to slap Chu Xiong's face.

"I can fight to a draw with Wang Yan, and I can run away when I encounter Zhou Qingfeng. What kind of dog are you, Chu Xiong? You're just a level-40 heavy-armored guard. Where do you get the nerve to be so arrogant in front of me? And you keep saying that you want to make everyone related to me suffer?"

Lu Benwei slapped Chu Xiong until he was like a pig's head. He screamed non-stop.

Lian Bingqing and the remaining person were frightened, and their eyelids twitched. A level-40 heavy-armored guard was not even qualified to be a level-25 magician.

Perhaps only Lu Benwei would be able to say such big words. In the end, Chu Xiong fainted from the slap. Lu Benwei saw him fall and coldly glanced at the remaining person.

"Plop!"

The remaining person immediately knelt. "Junior, please spare our lives. We're only following orders."

"On whose orders? What do you plan on doing?" Lu Benwei asked in a cold voice.

"He's our chief officer," the man replied hurriedly.

"Chief officer?" Lu Benwei was very surprised.

The chief officer of the Heavenly God Temple was called Xu Tuo. He was even more powerful than Wang Yan and ranked fourth among the top ten geniuses. He was also the most powerful person in the Heavenly God Temple after Zhou Qingfeng.

After asking further, Lu Benwei found out that Xu Tuo and Wang Yan were good friends. They had both been tricked by a magician, which was why they had a deep prejudice against Lu Benwei.

The series of confrontations after that led to Lu Benwei and the Heavenly God Temple becoming enemies.

Not long ago, after Wang Yan was forcefully eliminated, Xu Tuo ordered everyone related to Lu Benwei to be taught a lesson. The Heavenly Phoenix Association was also affected.

Lu Benwei gritted his teeth after hearing this. Sometimes, tolerance only made others worse.

After crushing the teleportation array, Lu Benwei said to Lian Bingqing, "Senior time is of the essence. I won't say anything more. Goodbye."

"Lu Benwei, are you going to teach the Heavenly God Temple a lesson?" Lian Bingqing asked with a blank expression.

"That's right!"

"With your strength, how could you possibly deal with so many powerhouses from the Heavenly God Temple?"

"Senior, it's time to settle some scores." Lu Benwei did not even look back as he used his Lightning Speed and rushed toward the high-level area.

Lian Bingqing watched Lu Benwei's figure disappear little by little, and a trace of worry appeared on her cold face.

...

On the other hand, the news of Lu Benwei coming out of the dangerous place spread throughout the secret realm.

"Brother Lu, you're out?"

"That's great, I'm going to tell this news to sister Chu Yan."

Du Gu and the others were overjoyed and could not wait to tell Chu Yan the news.

Chu Yan felt that she was too playful and chased Lu Benwei to the entrance of the dark land, causing him to enter the dark land. She deeply blamed herself and had not been eating or drinking for the past few days.

After hearing the news that Lu Benwei came out, Chu Yan's tightly furrowed brows relaxed. "This annoying fellow is lucky."

On the other side, Liu Yi and the other school authorities also learned of this news, and all of them revealed a comfortable smiles.

"This kid is really lucky to be able to walk out of that place. I can finally have a good night's sleep." Liu Yi stretched lazily, and the bones in his body made cracking sounds.

Chen Yuan had also returned to his usual lazy self and was lying on a thick branch. "Sigh, I wonder what kind of opportunities this kid has obtained in the land of darkness."

...

The high-level area, the base of the Heavenly God Temple.

"Hmph!"

A deep, cold voice was heard, and the lower-level members of the Heavenly God Temple were silent.

"Lu Benwei walked out of the dark land."

The deep voice belonged to Xu Tuo, who was currently in charge of the affairs of the Heavenly God Temple.

At this time, someone reported, "Chu Xiong and the others have been eliminated."

Chu Xiong and the others have been eliminated?! Xu Tuo was shocked. He put Lu Benwei's matter aside and thought that this matter was more important.

"Chu Xiong's strength isn't low. Which club was it that eliminated him?"

The person who came to report stammered and refused to say.

"Speak!"

Xu Tuo stomped on the ground, causing it to shake.

“It’s Lu Benwei!” the entire tent fell into dead silence as soon as the person who came to report spoke.

Xu Tuo’s face was gloomy, like dark clouds. His breathing became heavier and heavier, and every breath seemed to be able to spit out burning anger.

#### Chapter 172 Teaching the Heavenly God Temple A Lesson

On the second day before the end of the spirit hunt competition, the entire secret realm was filled with undercurrents.

Another battle commander-level spirit light monster appeared, and the ten great geniuses all went out to hunt it down.

The chief officer of the Heavenly God Temple, Xu Tuo, was angry because of Lu Benwei who launched an attack on the entire Heavenly God Temple.

In the high-level area, several members of the Heavenly God Temple were searching for Lu Benwei’s whereabouts.

“We’ve been looking for a day and still haven’t found him. Did Lu Benwei grow wings?”

!!

“Or he’s hiding in a low-level area? It’s so big, how are we supposed to find him?”

“Don’t say anymore. The chief officer is nearby. If he hears you, you’ll be in trouble.”

This group of Heavenly God Temple members was full of complaints and were very dissatisfied.

“Is a level-25 magician worth us spending so much effort to find?”

“You can’t say that. You didn’t see it, but the other day, Vice President Wang Yan was evenly matched with him.”

“Tsk, you’re exaggerating. In my opinion, Vice President Wang Yan was just being merciful.”

Just then, someone suddenly blocked their way.

“Excuse me, are you guys from the Heavenly God Temple?”

These people were all wearing the uniform of the Heavenly God Temple, so one could tell at a glance.

“Are you blind? Can’t you see the uniforms we’re wearing?” one of them, Zhang Daneng, from the Heavenly God Temple, said impatiently, “I’m already annoyed to begin with, and I even bumped into you, you blind thing!”

As the person who was asking for directions was wearing a freshman’s school badge, Zhang Daneng naturally did not give him a good look.

“Since that’s the case, then let’s avoid hurting the others by accident.” The man laughed.

Zhang Daneng was stunned. He looked at the freshman in front of him warily. “Who are you?”

“What did you just say?”

The man grinned, revealing his white teeth. “I’m the Lu Benwei you’re looking for.”

After saying that, Lu Benwei kicked with great force, sending Zhang Daneng flying. The other members of the Heavenly God Temple reacted instantly and entered their combat state.

There were one archer and one magician. They were both above level 35, and their appearances were quite menacing.

Zhang Daneng, who was also a powerful magician, was kicked by Lu Benwei and became angry.

“Lu Benwei, we were just looking for you, but you came to our door.”

After saying that, Zhang Daneng took the lead and cast a fireball spell at Lu Benwei.

The fireball was very fast and arrived in front of Lu Benwei in the blink of an eye. At this moment, there was no way to avoid it. All the members of the Heavenly God Temple had mocking expressions on their faces.

“Just this?”

“How dare you go against our Heavenly God Temple! I’m afraid that even if you die a hundred times, it won’t be enough!”

Above level 30, any skill would be extremely powerful. For the level-25 Lu Benwei, it was almost a crushing force.

As soon as everyone’s banter ended, Lu Benwei waved his hand and casually hit the huge fireball.

“Boom!”

The fireball deviated from its trajectory and exploded on a huge rock at the side. The heat wave came over, and the hot air made it difficult for people to breathe.

“Are you lighting candles for your birthday cake?” Lu Benwei said.

Zhang Daneng and the other members of the Heavenly God Temple were dumbfounded. How could he block a powerful fireball with his body?

Shocking!

Dumbfounded!

It was unbelievable!

Zhang Daneng was even more shocked. His eyes suddenly turned fiery red, and he charged forward. His proudest skill had been destroyed by Lu Benwei’s palm. Did this not mean that he was weak?

The others wanted to stop him, but it was too late. Lu Benwei slapped them unconscious and they fell to the ground.

Lu Benwei shook his head and sighed. “You don’t have to do this to prove that you’re not weak, do you?”

When the others saw this, they were extremely shocked. After recovering from their shock, they all used their skills to fight Lu Benwei.

A warrior held a giant sword with both hands and swung it with all his might. A yellow fluctuation was shot out with an unstoppable force.

Lu Benwei's eyes were as calm as an ancient well. He used the first level of Lightning Speed and easily dodged the attack.

In the next second, an archer from the Heavenly God Temple, who was hiding in the forest, released an arrow.

Lu Benwei's eyes lit up and he immediately locked onto the archer's position with the Eye of Insight.

"Boom boom boom!"

Myriad Light Fist was thrown out, and the sky was filled with fists that were like stars. The archer could not avoid it, and his eyes widened. "How can this freshman use a skill with such a wide area of effect?"

The next second, the archer sneered. "A skill with such a wide area of effect must be very weak!" He no longer dodged and allowed the rain of fists to fall.

"Boom!"

A fist landed on his body, and he instantly felt as if it was a meteor from the universe that had smashed into his fragile body. The fist that was emitting a white light was so powerful that the archer from the Heavenly God Temple fainted.

The remaining three people's eyes were filled with horror, and they could not help but suck in a cold breath.

"How is this possible? How could a freshman kill him in seconds?"

"Zhang Daneng said it was impulsive, but this..."

Before one of them could finish his sentence, Lu Benwei punched him and sent him flying!

"If you want to fight, then fight. Don't talk so much!"

Lu Benwei's voice was very cold, and the remaining two people suddenly became silent.

"Do you two want to destroy the teleportation array yourselves, or do you want me to do it for you?"

"We'll do it on our own!" The two of them nodded their heads rapidly.

In just a few short exchanges, Lu Benwei's performance was better than theirs in all aspects. If they still did not admit defeat, would they be beaten up?

The two of them then crushed their teleportation arrays. At the same time, they also crushed the teleportation arrays of the two people who had just fallen to the ground.

Lu Benwei did not make things difficult for them. After all, every debt had its debtor. His main enemy was the top management of the Heavenly God Temple.

At this moment, a dream-like mumble could be heard.

Lu Benwei was stunned. He realized that he had forgotten the first magician who had attacked him, Zhang Daneng!

“Meat buns, so fragrant!” Zhang Daneng fell into a beautiful dream, and his mouth kept smacking.

“Wake up! Stop sleeping!”

Zhang Daneng slowly opened his eyes. When he saw the meat bun turn out to be Lu Benwei, his eyes were filled with fear.

“F\*ck, ghost!”

Zhang Daneng fell on his bottom. The next second, Lu Benwei appeared behind him. Zhang Daneng’s eyes were filled with despair when he saw that he could not avoid him.

“Please spare me, big brother. I don’t want to be eliminated yet,” Zhang Daneng said with a sobbing tone.

“You don’t want to be eliminated? That’s fine, just hand over your spirit light power,” Lu Benwei said with a smirk.

Zhang Daneng instantly despaired. He did not want to be eliminated because he still lacked the spirit light power. Now Lu Benwei was asking him to hand over all the spirit light power. Was this not asking for his life?

At this time, a cold and deep voice came.

“Junior Lu Benwei, you seem to be having a good time.”

Chapter 173 Fighting Xu Tuo

Lu Benwei was familiar with the person in front of him. His voice was one of the people who had chased him before.

“You’re Xu Tuo?” Lu Benwei asked in a cold voice.

“Not bad! Yes!” the other party replied sonorously, his breath squeezing the air. He was Xu Tuo, fourth of the ten great geniuses.

At the same time, he was a mutated magician, and he was terrifying at it.

“Spatial Magic: Compress!” Xu Tuo summoned his staff, clenched his fist, and shouted.

The space around Lu Benwei and Zhang Daneng collapsed rapidly, and an infinite amount of power squeezed Lu Benwei from all directions. Even his hair could feel this infinite power.

Zhang Daneng’s face that had been squeezed was gone. All the muscles in his body had sunk in, and his facial features were distorted. It was extremely terrifying.

“Chief officer, it’s me!” Zhang Daneng was in so much pain that he howled with all his might. “I’m Zhang Daneng. Don’t hurt me by mistake.”

“Of course I know you’re Zhang Daneng. You’re a piece of trash. A level 40 was defeated by a level-25 magician. Just wait to be dealt with!” Xu Tuo shouted, his voice extremely cold and ruthless.

Zhang Daneng was in despair. Blood was already oozing out of his mouth and nose.

Lu Benwei was not in a good state either, only slightly better than Zhang Daneng.

“Xu Tuo, stop! He’s going to die!” Lu Benwei roared!

“Haha, if you want me to stop, sure!” Xu Tuo laughed wildly.

“Kneel in front of me and call me master. Then kneel in front of Wang Yan and call him second master. Finally, say that all magicians are trash. That’s all.”

Lu Benwei’s eyes became extremely cold and his fists were clenched tightly, his sharp nails digging into his flesh.

“In your dreams!”

In the next second, the huge shadow of the heavenly dog appeared. Its face was hateful and intimidating.

Endless power poured into Lu Benwei’s body, and every pore emitted a crystal-clear light. The bloodline power of the Holy Key Sage madly circulated, and Lu Benwei’s heart kept beating like thunder.

“Ha!” Lu Benwei roared and tore the void with his hand, leaving the small space with Zhang Daneng.

Xu Tuo was not surprised by this result. He squinted his malicious eyes and said, “As expected, I still can’t underestimate you!”

After settling Zhang Daneng down, Lu Benwei rushed up. He moved his fists, and the thousand light fists exploded like a meteor shower!

Xu Tuo sneered. His eyes shined brightly, and he waved his right hand.

“Spatial Magic: Slice!”

At this moment, Xu Tuo used a strange skill and cut out a piece of space under his palm, revealing a void. The void was not big, but it was perfectly placed in front of Xu Tuo like a shield.

Countless fists were absorbed by nothingness silently, like small stones falling into a calm ocean, without a single wave.

Lu Benwei took a deep breath and gritted his teeth. This enemy was the most powerful he had ever met. To a certain extent, he was even more terrifying than Zhou Qingfeng and the superior Monster King.

However, the grudge between him and the Heavenly God Temple must be resolved here!

Thinking of this, Lu Benwei’s face became extremely cold. With the addition of Lightning Speed, he flashed around, leaving behind afterimages that were impossible to capture.

Xu Tuo clasped both hands and said with a relaxed expression, “You want to fight me in close combat? Your intentions are too obvious!”

“Spatial Magic: Hundredfold Gravity!”

It was as if countless invisible pieces of lead were poured into Lu Benwei’s last afterimage. The ground caved in without a sound, and a huge square pit appeared.

There were no fancy skills, no brutal battles, just a single sentence, and it was as if he had mastered the power of the world’s laws!

“I don’t think your energy is enough for you to cast so many spatial spells.”

Lu Benwei’s voice came from the pit.

“No!” Xu Tuo did not hide the truth. “Break free from the 100 times gravity and climb up first.”

As soon as he finished speaking, Lu Benwei activated One-click Speed Support and floated out of the pit.

Xu Tuo was slightly surprised and said, “You have a skill that makes you immune to crowd control?”

Lu Benwei sneered in response and quickly swung his fists.

“The same old trick!” Xu Tuo laughed and used the space slicer again. He cut out a piece of void in space and absorbed the Myriad Light Fist.

“All skills are useless in front of me!” Xu Tuo laughed wildly, but when he narrowed his eyes, he realized that Lu Benwei was no longer there.

The next second, Xu Tuo felt a chill on his back as Lu Benwei unknowingly appeared behind him.

“When was it?” Xu Tuo was extremely surprised. Lu Benwei had disappeared for less than a breath’s time.

At this time, he suddenly smelled the aura of a war monster in the air.

“A war monster’s skill?”

“Unfortunately, your wishful thinking has failed!”

Lu Benwei held the Ancient Sword of Clarity and was ready to stab Xu Tuo. Suddenly, the space in front of him turned into nothingness.

“It’s useless. No matter what skills you use, or if you try to fight me in close combat, you’ll be turned into nothingness by my space slicer.” Xu Tuo laughed wildly with confidence. He was very proud of his skill.

However, Lu Benwei’s eyes were calm and filled with the intent of death. The sword in his hand hummed, like the shrill cry of the dead under the sword!

“Boom!”

A terrifying destructive sword light shot out, causing the sky to change color. All the spirit light monsters within a hundred meters were scared out of their wits by this earth-shattering energy fluctuation, and they frantically fled!

This was an attack that could shatter the void. The void crack in the space could not withstand it at all, and cracks appeared on the edge.

“How is that possible?”

Xu Tuo’s mouth was wide open in shock. He was shocked by the power of this skill!

“Crack! Crack!”

The void shattered, and the destructive sword light rushed out, drowning Xu Tuo in an instant, and causing him to let out a tragic scream.

The professor, who was watching the battle, quickly made his move. He forced his way into the terrifying light wave and saved Xu Tuo.

“I don’t accept it!” Xu Tuo shouted and screamed. Being saved by the professor meant that he had been eliminated.

“Lu Benwei, I’ve underestimated you.” Xu Tuo was flustered and exasperated, and he acted like a rascal. “Teacher, put me down. I won’t lose this time!”

Lu Benwei sneered. “Xu Tuo, you’re really a good match like Wang Yan. You’re as stubborn as him.”

The teacher who was holding Xu Tuo also said, “Xu Tuo, save your breath. Even if I put you down, how many moves can you exchange with Lu Benwei with your current energy?”

This spatial magic was extremely terrifying, but it was also extremely taxing on the magician. From the beginning to the end, Xu Tuo had only used a few skills, and his energy had already been depleted.

Moreover, Lu Benwei’s destructive divine sword had already reached the level of shattering the void. Even if his energy was fully recovered, Xu Tuo would still lose if he were to fight again.

#### Chapter 174 Planted Upside Down

At this moment, the secret realm’s control room was dead silent. One could even hear a pin drop.

“He really defeated a monster. Lu Benwei, what a surprise.”

“A level 25 can fight a level 45. The difference of 20 levels is unprecedented.”

“But it’s not strange if you think about it. Xu Tuo’s space element is too powerful, and Lu Benwei’s strength and speed are impressive. It’s not impossible for him to defeat Xu Tuo.”

The professors discussed and eventually thought that Lu Benwei’s victory over Xu Tuo was just a coincidence.

After all, if there really was a hunter who could fight above level 20 without being defeated, he would definitely not be described as a monster.

“Spread the news to everyone in the secret realm that Xu Tuo was defeated by Lu Benwei.” Chen Yuan came up with an idea.

Liu Yi’s face was full of worry. “That isn’t good. This will aggravate the conflict between him and the Heavenly God Temple. Lu Benwei has been chased once. If he is chased by the entire secret realm again, the child will develop a phobia.”

Chen Yuan stretched out his hand and yawned. He said lazily, "Didn't you see the limits of this child last time? He obtained another great opportunity in the land of darkness. His strength might have risen again."

Liu Yi was speechless. The other professors felt that Chen Yuan's idea was not bad. It was not the end of the competition yet, so they could continue to feast their eyes on it.

In the end, except for Liu Yi, the school unanimously decided to make it more difficult for Lu Benwei.

An hour after Lu Benwei defeated Xu Tuo, the students in the secret realm spread such news.

"I heard that Lu Benwei defeated Xu Tuo. He's ranked fourth among the top ten geniuses in our school!"

"Really? Brother, are you dreaming?"

"Why would I lie to you?"

At first, it was just some small news, and no one took it seriously. However, when the members of the Heavenly God Temple could not contact Xu Tuo, everyone knew that the rumors were true.

In the main tent of the Heavenly God Temple campsite, Zhou Qingfeng sat on the main seat. The rest of the members were divided into two rows and seated in order.

The entire tent was filled with noise because everyone had different opinions.

"We can't swallow the humiliation of a level 25 defeating a level 45. Our Heavenly God Temple must be fully mobilized to teach Lu Benwei a lesson!"

"Let's forget about it. He managed to escape last time. If we return empty-handed this time, our Heavenly God Temple will be embarrassed."

"The news is spreading like crazy. Guess what they're saying? The president of the Heavenly God Temple was defeated by a magician. The reputation of the number one club in Zhejiang Hunter University is a joke!"

"If we don't respond, I don't think we should sit in the number one club position!"

"I have no intention of not reacting. I think the best strategy is to recruit Lu Benwei and let him join our Heavenly God Temple."

"Do you think the Vice President and the senior officer will agree to let Lu Benwei join the Heavenly God Temple?"

...

Everyone expressed their opinions and quarreled with each other.

"Enough!" Finally, Zhou Qingfeng's cold voice stopped the crowd.

The entire tent fell silent, but it was obvious that everyone was holding their breath.

"You're divided into two factions. One faction thinks that we should continue to chase and teach Lu Benwei a lesson. The other faction thinks that we can use all means to recruit Lu Benwei."

After a pause, Zhou Qingfeng said indifferently, "To be honest, I tried to recruit Lu Benwei."

"What did he say?" The people in the faction that agreed to the recruitment craned their necks in anticipation.

Zhou Qingfeng shook his head. "It's nothing much. Lu Benwei has his own pride. He's not willing to join our club."

The faction that advocated recruitment pulled a long face and turned their heads away, no longer making a sound.

"President, do you mean we should continue to kill Lu Benwei?" Those who wanted to teach Lu Benwei a lesson were overjoyed, and their eyes were filled with the pride of victory.

"To be honest, I don't think it's a wise move to kill Lu Benwei," Zhou Qingfeng shook his head.

The killing side expressed their confusion and asked, "President, don't you want the sword? Don't you want that spirit light monster?"

"The Ancient Sword of Clarity will be mine sooner or later!"

Zhou Qingfeng stood up, his demonic and wild demeanor fully displayed at that moment.

"I hope that when Lu Benwei grows to my height, I can fight him fair and square. As for that spiritual light war monster, it's not like there's only one."

"This Tao Wu..." Everyone fell into a state of speechlessness. They did not understand what Zhou Qingfeng meant.

Zhou Qingfeng smiled devilishly and said, "Aren't you two divided into two factions? You can act separately. In short, whoever wins will be a win for our club!"

"It's just the difference between a big win and a small win."

"Alright, let's not talk about it anymore. Liu Luchen and the other clubs are eyeing the remaining battle commander-level spirit light monster. I have to get it before the competition ends."

Upon hearing that, the crowd looked at each other as Zhou Qingfeng left.

...

The day before the end of the spirit hunt competition.

After Lu Benwei finished dealing with Xu Tuo and the other members of the Heavenly God Temple, he was ready to go find the whereabouts of the battle general-level spirit light monster.

At this time, several people blocked Lu Benwei's way.

"We finally found you, Lu Benwei!"

"Quickly send the signal!"

When Lu Benwei saw that they were wearing the uniform of the Heavenly God Temple, he immediately said coldly, "Haven't you guys suffered enough?"

The leader was a level-37 warrior. He took a step forward and pointed at Lu Benwei, "You've defeated Xu Tuo, the chief officer. Our Heavenly God Temple has long been irreconcilable with you."

Lu Benwei sneered. "Another irreconcilable enemy. The last person who said this sentence had grass three meters high on his grave."

In less than ten rounds, Lu Benwei defeated them.

"Damn it, you really are something!" The fallen warrior was still stubborn. "But don't get cocky too early. The main force will come and take care of you soon!"

Lu Benwei smiled noncommittally, his eyes shining. "It'd be best if Zhou Qingfeng could get the hell out here and die."

The warrior laughed and said disdainfully, "You're not worthy of our president's attention."

Lu Benwei did not have the patience to chat with him and was ready to crush his teleportation array.

At this time, Lu Benwei found a pond not far away and an evil thought rose in his heart.

Lu Benwei picked him up and walked toward the pond. He threw them into the pool of mud where these people were all stuck upside down in the mud.

Mud filled their mouths and noses, making them unable to speak or hear.

Chapter 175 Chaos in the Secret Realm

All of them were stuck in the pond, leaving only pairs of legs that were constantly kicking and struggling.

Lu Benwei clapped his hands and was about to leave, but several members of the Heavenly God Temple blocked his way.

"Do you all want to be like them and be thrown into the pond by me?" Lu Benwei shouted coldly.

The leader waved his hand and said, "Junior Lu Benwei, you misunderstand. We'd like to recruit you on behalf of the Heavenly God Temple."

"You want to recruit me?" Lu Benwei was very puzzled and looked at the group of Heavenly God Temple members who were still struggling in the pond.

"You said you wanted to teach me a lesson before, and now you're trying to recruit me. Do you think I'm a three-year-old child?"

This group of people's faces immediately changed and said, "You misunderstand."

Before they could finish, Lu Benwei picked them up and beat them up. In the end, they were all stuck in the pond. Then, he looked at his masterpiece and clapped his hands in satisfaction.

In the next second, he took out the battle commander-level spirit light monster's locator. After such a long delay, it was time to complete the last mission.

However, when his eyes fell on the screen of the locator, Lu Benwei's pupils shrank.

That battle commander-level spirit light monster was rapidly approaching him!

'Such speed! He's either chasing someone or being hunted down.'

The next second, Lu Benwei felt a strong aura of a spirit light monster. He focused his gaze and saw a small deer running toward him.

The deer's body was golden and there were strange patterns on its back. When it ran forward, there were butterflies around its tail.

[Divine Spirit Deer]

[Battle commander-level spirit light monster]

[Level: 45]

[It's powerful and its personality is very kind. It's especially friendly to people with a light bloodline.]

Lu Benwei activated the Eye of Insight and immediately sensed the deer's aura.

"It's friendly to people with a light bloodline." Lu Benwei finally understood why the Divine Spirit Deer was heading here.

At this time, the people who were chasing the deer also showed up. They were the most ferocious people who had chased Lu Benwei.

Lu Benwei's face became gloomy and he muttered to himself, "I was still thinking of going to settle the score with you guys before the end of the spirit hunt competition, but I didn't expect you guys to come knocking on my door."

As he had expected, the Divine Spirit Deer ran to his side and hid behind him. Lu Benwei laughed. As he had the a bloodline in his body, the Divine Spirit Deer treated him as one of its kind and asked for help.

When the people chasing the deer got close and saw that it was hiding behind Lu Benwei, they were stunned.

"Lu Benwei, you really came out of the dark land."

The person who said that was the leader of the Hunter Association, Ma Han. He was a powerful warrior and ranked at the top of Zhejiang Hunter University.

"It's not enough for you to take the first spirit light monster, and you want to take the second one?"

Lu Benwei spread out his hands, his face full of innocence. "I swear to god, this Divine Spirit Deer ran behind me on its own accord."

"Then hand over the deer to us!" The crowd clamored.

"Will you let me go if I hand over it to you?" Lu Benwei asked in a cold voice.

At this moment, many experts had already surrounded Lu Benwei.

"Of course not! Hand over the Dragon Scale Horse as well, and we'll let you live!" Ma Han shouted.

"It's a pity that there's only one Dragon Scale Horse. Who should I give it to?"

“This matter is none of your business.”

It was obvious that this group of people had already reached a tacit agreement on their goal. Moreover, the number of people in this group was constantly increasing, and they were all above level 35.

Fortunately, for some reason, the top ten geniuses were not among this group. However, this group of people was all at the forefront of the school’s powerhouses, and their strength was also very strong.

...

Lu Benwei’s eyes were extremely cold and murderous. For the last time, he said coldly, “I say, seniors, there’s no need to feel bad for a mere freshman like me, right? The Divine Spirit Deer and the Dragon Scale Horse acknowledge me as their master. Do you have the nerve to snatch them from me?”

This group of people did not care about anything else as they only wanted to obtain this blood-boiling battle commander-level spirit light monster!

“Cut the crap. A freshman is only worthy of a warrior-level spirit light monster. This battle commander-level spirit light monster’s strength is too strong. Lu Benwei, you won’t be able to grasp it.”

Lu Benwei looked at this group of people’s fake expressions and felt like vomiting.

“What if I say no?”

“Then leave your spirit light power behind!”

With that, a few of them flew forward. Lu Benwei raised his arms and punched with great force. His fist was like a divine weapon, and the two men were sent flying backward. Everyone was stunned at first, and Ma Han’s face also showed a trace of hesitation.

“What should we do? Lu Benwei’s power is obviously comparable to ours.”

In the end, Ma Han gritted his teeth and said, “What are you afraid of? He’s just one person. There are so many of us. Why should we be afraid of him?”

At this moment, everyone had reached the same goal and was ready to defeat Lu Benwei. With Ma Han as the leader, they were ready to teach Lu Benwei a lesson.

When the first and second-year students received this news, they could not help but curse at the shamelessness of Ma Han and the others. At the same time, this battle was also extremely attractive. Many people wanted to go to the scene and see it with their own eyes.

The battle began and Lu Benwei attacked instead of defending. He jumped three to four meters into the air, clenched his fists, and exploded with a rain of fists! Countless fists rained down, covering the sky and the earth with unstoppable momentum!

“Boom boom boom!”

A powerful guard in the crowd took out a large shield. The big shield was responsible for blocking and neutralizing the rain of fists.

At this moment, an assassin with a dagger appeared behind Lu Benwei. The dagger was surrounded by lightning and thunder, full of explosive power. Even a warrior of the same level would have his internal organs shattered by this attack.

Lu Benwei turned around with a cold light in his eyes. The danger was approaching, but Lu Benwei suddenly disappeared.

The lightning dagger missed, and the man's eyes were filled with doubt. The next second, he felt a chill on his back as Lu Benwei appeared behind him like a ghost.

"Boom!"

Lu Benwei kicked him out.

Ma Han gritted his teeth in anger. A saber appeared in his hand, and he slashed horizontally and vertically.

"Ice Path!"

A layer of ice covered the ground. The air suddenly became cold, causing many people to move slowly. Everyone's speed was reduced by 30 percent due to the frozen path.

"We have to make Lu Benwei explain himself today, otherwise we won't be able to stay in school."

Chapter 176 Famous

The battle was getting more and more intense as the light from various skills continued to intertwine and poured down on Lu Benwei. At this moment, he was fighting against hundreds of experts.

Smoke and dust soared into the sky. The forest and the ground were in ruins.

"Ma Han, are you sure you want to be my enemy? I have no enmity with your club, right?" Lu Benwei asked.

"Why are you talking so much nonsense? You're just a first-year student, and you have two battle commander-level spirit light monsters. What do you think you're doing to us seniors?" Ma Han said without changing his expression.

"Anyone with eyes can see that the Dragon Scale Horse and the Divine Spirit Deer are both willing to be subdued by me. You clearly want to snatch them!"

"Who knows what kind of ghostly art you used? In short, hand over your spirit light war monster and your spirit light power," Ma Han said loudly.

The two sides had already shed all pretenses of cordiality, so there was nothing more to say.

"Cold Essence Slash!"

Ma Han shouted, and the big saber in his hand slashed out a wave of cold air. The fluctuation instantly wrapped around Lu Benwei.

The cold air washed over Lu Benwei's body and the air around him, and after a few seconds, he was frozen into an ice man.

Everyone laughed slyly, thinking that Lu Benwei was just so-so and had an undeserved reputation.

However, the next second, everyone heard the sound of a landslide and tsunami under the ice block. Listening carefully, they realized that it was the sound of blood boiling.

Lu Benwei closed his eyes and activated the Holy Key Sage's light bloodline. He did not receive any negative effects at all. His eyes were bright, and his muscles were rumbling, making him look like a god.

He took a step forward, and the ground caved in, forming a small pit. He rotated his fists and shot out a rain of fists.

"Boom!"

A large shield blocked, blocking the rain of fists.

However, with the activation of the bloodline of the sage, the power of the Myriad Light Fist greatly increased.

The shield was broken, and everyone was shocked. The owner of the shield was bleeding from his nose and mouth and had fainted.

In addition, there was another big shield blocking the attack, which prevented everyone from taking any damage.

At this time, a warrior fought with Lu Benwei, hoping to eliminate him.

"Boom!"

Lu Benwei used the Heavenly Dog's Wrath and the Heavenly Dog's Blade, his attributes increased greatly, and his fist hit the man's weapon.

"Crack! Crack!"

The man's weapon and the bones in his arm were crushed into pieces. Then Lu Benwei grabbed his other arm, pulled him into his arms, and tore off the teleportation array, crushing it.

In a short period, several experts were eliminated, and the Alliance Army's confidence suffered a blow.

"Don't be in a daze!" Ma Han roared, "If we give up now, we'll be laughed at even more if word gets out."

After saying that, the saber in his hand shot up to the sky, ready to fight with Lu Benwei.

Seeing this, Lu Benwei summoned the Ancient Sword of Clarity in his hand. The sharp sword made everyone's heart tremble.

"Clang! Clang! Clang!"

Lu Benwei's close combat ability was not weak, but Ma Han was not bad. The two people's weapons clashed, and the light of swords dazzled everyone.

The battle continued for fifteen minutes. Someone in the Alliance Army could not stand it anymore and made a move.

One of the attackers was an assassin. His figure became extremely blurry, and he quickly appeared behind Lu Benwei.

“Chi!”

Lu Benwei could not free himself and was hit by the skill, losing a part of his strength. The others also used their skills, catching Lu Benwei off guard.

After one round, Lu Benwei’s strength was almost depleted, and he was in danger.

A few divine rainbows streaked across the sky and were approaching. Everyone knew that the teachers were on their way to save Lu Benwei.

“Teachers, please wait!”

Lu Benwei suddenly pulled out and shouted at the professors flying in the sky.

“Lu Benwei, give up. You can’t beat so many seniors! Hand over a battle commander-level spirit light monster to them, and we’ll take you away.” The two professors tried to persuade him.

When everyone heard this, they revealed victorious smiles.

“Lu Benwei, quickly hand over the spirit light monster and we’ll stop here,” Ma Han and the others said in unison.

Lu Benwei sneered. “If you want the spirit light monster, then you’ll have to snatch it from me.”

The professor did not understand and thought that Lu Benwei was stubborn. “Lu Benwei, stop. These are the best in our school. It’s okay if there are one or two, but there are so many of them. You can’t beat them no matter what.”

“I can’t win?” Lu Benwei’s mouth curved into a sneer.

At this moment, everyone heard a dragon’s roar that was getting louder and louder. A red angry dragon surrounded Lu Benwei with the Furious Dragon Battle Armor!

The two professors were both experienced and knowledgeable, so they immediately recognized this item.

[Mad Demon Furious Dragon Battle Armor +10]

[Equipment effect: Mad Dragon’s power]

[When one’s strength was above 50 percent, all four attributes would be enhanced by 300 percent. When one’s strength was below 50 percent and above 20 percent, all four attributes would be increased by 500 percent.]

[When your strength drops below 20 percent, your four-dimensional attributes will be increased tenfold!]

[Armor spirit: Spirit of the Furious Dragon]

[During battle, can summon the Spirit of the Furious Dragon to assist in battle. Every 10 seconds, it can release the Furious Dragon's flames, causing damage equal to the host's attack power x1 to enemies within a certain range!]

Lu Benwei's strength was almost depleted, and his four-dimensional attributes were increased by ten times! His muscles were taut, and there was fire lingering in his body. An angry dragon roared in the sky, and his powerful aura was daunting.

"Boom!"

With a punch, the powerful force could shatter the vacuum, collapse the sky, and destroy the earth. Any defense would be turned into dust at this moment.

The group of people had their ribs broken by Lu Benwei's hammer, and blood spurted out of their mouths and noses.

The professor who came to rescue Lu Benwei was dumbfounded and could only change the target to the Alliance Army.

Lu Benwei's eyes were burning with anger as if he wanted to vent his hatred for the Heavenly God Temple on them.

"I originally had no grudges against you. Capturing a spirit light monster is 30 percent strength and 70 percent luck. The Dragon Scale Horse and the Divine Spirit Deer seem like they are willing to be subdued by me. You bunch of fourth-year seniors shamelessly formed an army and wanted to take away my spirit light power as well," Lu Benwei said in a deep voice, his every word was like a bell, causing everyone's eardrums to ring.

Ma Han was extremely unwilling to give up. "Don't be scared, everyone. Lu Benwei is a spent force. Everyone, give it your all and deal the final blow."

His words made many people regain their confidence, and an intense battle broke out again!

"Boom!"

Lu Benwei's speed reached its peak and made people tremble. Even the most agile people in the Alliance Army could not catch up and many of them were eliminated by Lu Benwei.

Everyone was once again disheartened and thought that Lu Benwei could not be stopped.

However, at this time, three figures flew over from the horizon. The powerful aura they exuded told everyone that they were ...

Ten great geniuses!

Chapter 177 Ten Thousand Lightning Killing Formation

The three people who were floating in the air were the last three of the top ten geniuses of Zhejiang Hunter University.

One of them was one of the main personnel of the Heavenly God Temple, named Chang Chao, and his strength was not to be underestimated.

Chang Chao's eyes were sharp as a cold smile appeared on his face. "Lu Benwei, hand over the spirit light monster, or else you'll spend the next three months in bed."

"Another one looking for a scolding! I've already sent away the chief officer of your Heavenly God Temple, Xu Tuo. Do you want to be sent away by me too?" Lu Benwei scolded in a deep voice.

The two sides did not get along and immediately started fighting.

Lu Benwei activated the bloodline of the Holy Key Sage, and the power of light filled his body. He moved his fists, and the Myriad Light Fist exploded!

As one of the ten great geniuses, Chang Chao was by no means an ordinary person. He drew his bow and nocked an arrow. It shot out with an unstoppable force that could swallow mountains and rivers.

The arrow turned into a rain of arrows in the air and collided with the fists, making an ear-piercing shattering sound.

At the same time, one of the evildoers beside Chang Chao made his move. He was not a member of the Heavenly God Temple, nor was he a member of the club. He was only temporarily allied with the Heavenly God Temple out of interest and was an enemy of Lu Benwei!

He was a wizard, and with a flash of his staff, countless balls of fire immediately surrounded him.

"Boom!"

The flames exploded, and the sky was dyed red.

Lu Benwei was furious. He first threw out the Holy Light Shield to block the attack. The flames gradually dimmed, and he was ready to stab the three people with the Ancient Sword of Clarity.

At this time, the remaining evildoers also made their moves. He was a dual-blade warrior, and he roared as he clashed with Lu Benwei.

Lu Benwei used his four skills and in this instant, his combat power was further improved.

Clang! Clang! Clang!

The monstrous warrior was gradually unable to cope with it and his dual-blade technique was a little flustered, but Lu Benwei was still at ease.

Seeing this, the remaining two, Chang Chao and the archer, as well as the magician, used their skills to get the warrior out of the situation.

Lu Benwei's battle aura was overflowing, and he was extremely unhappy that someone suddenly interfered. In addition, he was already aggrieved. He had not done anything, but he had to suffer more than one pursuit. The anger in his heart burned even more exuberantly.

"The ten great geniuses are only so-so!"

At this moment, a thunderous roar resounded through the sky and spread for thousands of miles.

The faces of Chang Chao and the others instantly changed. Lu Benwei's voice was like a sharp knife that struck their hearts.

“What do we do? This brat’s strength is obviously much higher than ours,” said the warrior genius.

Chang Chao’s face immediately turned red. “Don’t talk nonsense. How can a new student at level 25 beat us?”

As soon as he finished speaking, Lu Benwei had already attacked.

“Boom boom boom!”

Three consecutive punches were thrown out, and Chang Chao and the other two were sent flying several meters away.

The power was so great that it made people dumbfounded. Many people who were watching this battle felt their scalps go numb, their eyelids twitching, and their hair standing on end.

“Even the top ten geniuses couldn’t defeat Lu Benwei. Is he a monster?”

“I can’t believe that Lu Benwei is in the same batch as me.”

The professors in the monitoring room were also excited.

“Too strong, too strong.”

“A level-25 battle against three level-40 geniuses without being at a disadvantage. This man is definitely a peerless genius!”

“Principal, I propose to give Lu Benwei resources and upgrade him to the highest level!”

“No, the highest level isn’t enough. We have to do our best and give all the super resources to Lu Benwei!”

Chen Yuan was lazily lying on his side on a sofa. He looked at the excited crowd and waved his hand.

“Alright, alright. It’ll be too late by the time you guys discover his extraordinary abilities. I’ve already brought him to the tower of martial arts several times.”

At this moment, in the secret realm.

Under Lu Benwei’s fierce offensive, the three were forced to retreat. In the end, the three of them could not take it anymore. Chang Chao said sternly, “Lu Benwei, you forced me to do this!”

The next second, a strange light appeared on his body. It was the power of his bloodline!

The remaining two were stunned. “Chang Chao, are you sure you want to do this?”

“You...” Chang Chao was furious as he was beaten up by a freshman. “I must make him suffer today!”

When the two of them heard this, their expressions turned grave. After a moment’s silence, the two of them also began to circulate their bloodline power.

The bloodline power of the three of them was all gold rank, and the bloodline light they emitted was extremely bright.

The faint shadow of the bloodline mutant monster appeared and surrounded the three of them, and its combat strength was constantly rising.

All the onlookers' emotions were fluctuating. They all clenched their fists and watched nervously.

"They all forced the three geniuses to use their bloodline power. Lu Benwei is in trouble."

"Wait a minute. If all three geniuses activate their bloodline power, they'll kill someone with a combined attack!"

Everyone was shocked and worried for Lu Benwei.

Lu Benwei frowned slightly. He was not sure if he could withstand the combined attack of the three.

[Ding! Detected that the host has enough skills. One-click Skill Support to activate Skill Fusion]

[Killing Aura + Destructive Divine Sword + Myriad Thunder Skill, combine into myriad lightning destruction formation]

[Ten Thousand Lightning Killing Formation]

[Skill effect: After activation, a powerful pool of lightning will be released within a 50-meter radius with the user as the center. It will deal strength, agility, constitution, spirit, darkness, light, and 500 percent attack damage to the enemies within the pool of lightning. Maximum duration of 30 seconds!]

[Skill remarks: The host can control the duration and power of the skill at will.]

Lu Benwei looked at the skill's description and his pupils shrank. The powerful skill damage that lasted for 30 seconds was indeed a godly skill!

"All of you, come at me together!"

Lu Benwei looked at Chang Chao and the other two, then at the Alliance Army led by Ma Han.

This group of people was stunned and suspected that they had heard wrong.

"Do you want me to repeat myself? Hurry up and fight. I'm in a hurry!" Lu Benwei said coldly again.

At this moment, the anger in everyone's heart was ignited.

"Stinky brat!" Ma Han shouted, "You'll die miserably if you're targeted by the ten great geniuses. I wanted to leave you some face, but I was afraid that you'd lose too badly. Now it seems that there's no need for that."

As soon as he finished speaking, Ma Han led the Alliance Army and swarmed forward. Chang Chao and the other two also charged at Lu Benwei.

Lu Benwei's lips curved up and he said word by word, "Ten Thousand! Lightning! Killing! Formation!"

Instantly, the entire world was covered by dark clouds and thunders!

Lu Benwei's body emitted endless lightning!

Chapter 178 Famous

It was an extremely terrifying scene. The ground was charred black, and the sky was so clean that not a single cloud could be seen.

Countless third and fourth-year students fell to the ground, electric currents running through their bodies from time to time, their muscles twitching.

Chang Chao and the other two geniuses, as well as the Alliance Army led by Ma Han, were all defeated by Lu Benwei's destructive attack.

He did not even use his full strength, but it caused such a scene. If it was an all-out attack, the scene would be unimaginable.

"Cough, cough."

A whimpering sound came from the fallen crowd.

Ma Han slowly opened his eyes and saw Lu Benwei in front of him. He was shocked and shivered.

"You're awake." Lu Benwei's lips curved up, his face revealed his evil thoughts.

Ma Han was so scared that he did not even dare to breathe. "What are you doing?"

"What am I doing?" Lu Benwei smiled and said, "Nothing, I'm just tired from the fight and want to ask for some compensation."

"Alright, I'll pay!" Ma Han's head nodded madly, and his trembling hands took out a wallet from his arms.

This was an item he used for storage, and it contained all the power of spirit light power he had in the spirit hunt secret realm. If he insisted on not giving it to Lu Benwei, Lu Benwei could not do anything to him.

The spirit hunt competition was coming to an end, and everyone's collection was almost complete. Lu Benwei could not threaten them with his life, so even if they did not give it to him, he could not do anything to them.

However, the scene of Lu Benwei defeating everyone with a single move was simply too shocking.

Ma Han willingly gave him the wallet.

Lu Benwei did not say anything and directly took it. After he took what he needed, Lu Benwei returned the wallet to Ma Han.

"Why did you give it back to me?" Ma Han was surprised.

"Just half will do." Lu Benwei waved his hand. Then, he began to look for his next target.

Seeing Lu Benwei walking further and further away, Ma Han's eyes were filled with tears of regret. "Am I crazy? Why did I provoke such a monster?!"

...

The spirit hunt competition officially ended not long after this battle.

Lu Benwei's gains were plentiful, and his fame spread far and wide. A freshman who had just entered the school had defeated nearly half of the school's third-year students with his own strength. The entire school was discussing it like crazy.

"This must be the monster lord from the sky. Lu Benwei is only level 25, but he can beat our fourth-year senior."

"Not to mention those ordinary fourth-year seniors, God Lu has already taught them a lesson."

When Lu Benwei first entered the secret realm, he fought with Wang Yan for 300 rounds, and no one could tell who was better. After that, when they were being chased by everyone, the top ten geniuses had a round of fighting.

The top ten geniuses could not do anything to him, and even the top of the top ten geniuses, Zhou Qingfeng, had suffered a loss at his hands. Half the time had passed since the spirit hunt competition, and Lu Benwei had returned from the land of darkness and eliminated the fourth of the top ten geniuses.

In the last period, they engaged in a fierce confrontation with almost half of the school's fourth-year students.

In the middle of the battle, three geniuses joined the battle and cooperated with the Allied Army to fight the final battle with Lu Benwei. In the end, Lu Benwei used a powerful move to defeat everyone.

Lu Benwei's deeds spread throughout the campus, and his reputation rose, especially among first-year students.

"Great God Lu, is there a club called the God Slayer's Club?"

"I want to join the God Slayer's Club. I also want to sign up for my dormitory's members to join the God Slayer's Club."

"President, I'm sorry. God Lu is too awesome. I want to leave the group and join the God Slayer's Club."

This was just the most normal and common feedback, but many freshmen's admiration for Lu Benwei was like a surging river, endless, and uncontrollable.

"Selling underwear, selling underwear! This underwear is with Lu Benwei's face embroidered on it. There are both male and female styles, old and young."

Some merchants found business opportunities in this and made Lu Benwei's only series of merchandise.

"Also, Lu Benwei's various poses can be customized. If you wear it, you can surpass Tyson and become a mighty figure in bed!"

"Boss, how much is the underwear?"

"It's not too much, not too little, 20 hunter coins each!"

"Boss, do you have any worn underwear?"

“Sir, you’ll need to make a reservation. A few of us are planning to steal one tonight, and we might not be able to succeed. If you really want it, you can pay a deposit of 10,000 hunter coins.”

...

In the afternoon after the spirit hunt competition ended, Chen Yuan, Liu Yi, and the other professors had a heated discussion.

“Do you want to create Lu Benwei’s only class on your own, and at the same time, let our professors take turns to guide him?”

“In my opinion, we should just give him the resources. We won’t be able to teach him well!”

“You make it sound nice. Where’s the money? If you have the ability, go ask the higher-ups for money!”

“Money is still a problem. We’ll put together the money first. When Lu Benwei’s results are good, the higher-ups will pay attention to our school again.”

The professors were arguing about how to teach Lu Benwei in the future.

Chen Yuan, on the other hand, was calm and relaxed as he leaned back on the sofa, watching the crowd argue over Lu Benwei.

Liu Yi sat beside him, his face flushed, and the corners of his mouth were grinning so widely that it almost reached the back of his head.

“Liu Yi, you played a big role in recruiting Lu Benwei. I’ll try my best to convince the higher-ups,” Chen Yuan suddenly said, “There will be a change in management in the next term. You’ll be the vice-principal.”

When Liu Yi heard this, his eyes did not waver at all. “Principal, do you know how many years I’ve been at Zhejiang Hunter University?”

“I remember that you’ve been in our school since you were born.” Chen Yuan narrowed his eyes.

“Yeah, Zhejiang Hunter University is my home. I’m happy to see my home getting better. I don’t need the fame,” Liu Yi said.

Then, he changed the topic and said, “By the way, Principal, although Lu Benwei is level 25, his level has been suppressed by the suppressor. After such a long time, with his growth speed, he should be able to reach the second transition, right?”

Chen Yuan’s eyes narrowed as he calculated. “It’s almost done. Wait a moment, I’ll make the arrangements.”

“I really don’t know what class that kid will change to.” Liu Yi stroked his beard, his eyes filled with anticipation.

Chen Yuan’s face was also slightly excited. “That’s right. This kid always brings us surprises.”

Chen Yuan stood up and walked out of the conference room. He turned around and entered the school’s broadcast room.

“Alright, the spirit hunt competition is about to end. First of all, I’d like to congratulate all the students who have obtained quite a bit of spirit light power. In three days, students who have met the class-change requirements can head to the hall to undergo the process.”

#### Chapter 179 The Celebration Party

That night, Lu Benwei, Chu Yan, Zhao Xiaoqi, Du Gu, and the others held a celebration in the club’s activity room.

“Cheers!”

The few of them drank wildly, and the hot pot on the round table kept bubbling. It was a happy scene.

“Brother Lu, I really admire you. You’re level 25 and you can defeat so many fourth-year seniors. You’re simply too awesome.” Du Gu’s face was red from drinking.

Gu Xuan said, “If I were a girl, I would want to marry you. Brother Lu, as long as you give the order, I’ll go for a sex change operation immediately.”

!!

“Go to the side.” Lu Benwei laughed and chugged down a glass of wine. “I’m not a pervert.”

Chu Yan and Zhao Xiaoqi covered their mouths and laughed crazily.

“By the way, Brother Lu, didn’t you obtain the Dragon Scale Horse earlier? Why are you fighting with the fourth-year students for the Divine Spirit Deer?” Qian Hai suddenly asked.

Lu Benwei was picking up a peanut and putting it into his mouth before saying, “To be honest, I wasn’t that interested in the Divine Spirit Deer at first. I simply want to take revenge on the Heavenly God Temple and the people who tried to kill me.”

“Oh, I see.” Everyone’s expression seemed to have suddenly been enlightened, and their eyes were filled with a trace of disappointment. “I thought it was…”

“What else did you think it was?”

“It’s nothing, it’s nothing.” Qian Hai and the others shook their heads and denied it.

Lu Benwei’s eyes narrowed, and his voice gradually became gloomy as he pretended to threaten. “Do you think I’ll believe you?”

Then, Lu Benwei looked at Du Gu and said, “Did you guys discuss something behind my back?”

“No, Brother Lu. I don’t have the ability to hide it from you.”

Seeing that their scheme was about to be exposed, Du Gu swallowed his saliva.

“Alright, alright, let’s eat!” Chu Yan suddenly asked, “Du Gu, have you finished writing your application? If it’s done, you can send it to the management center.”

“I’m done, I’ve already finished writing.” Du Gu saw that someone had come out of the situation and immediately heaved a sigh of relief. “I finished writing it when I came out of the secret realm.”

Lu Benwei's original intention was just a joke between friends, so he did not take it seriously. After drinking a glass of wine, he threw the matter to the back of his mind.

After three rounds of wine, the moon was high in the sky.

Du Gu could not handle the alcohol and was carried back to the dormitory by Qian Hai and Gu Xuan, leaving behind a mess in the activity room.

"Sigh..."

Lu Benwei glanced at Zhao Xiaoqi and Chu Yan, then sighed.

"If the two of you are worried about your safety, you can go back first. I'll clean up the trash."

After saying that, he prepared to clean up the rubbish on the ground.

"Don't, don't," Zhao Xiaoqi suddenly spoke and took a broom, "I'll do it."

"Aren't you going back to the dormitory with Chu Yan?" Lu Benwei asked.

Zhao Xiaoqi rolled her eyes at him. "Let me do it. I still have to deal with the new applications after sweeping the floor."

"It's already so late, and there's still someone submitting an application to join the club?" Lu Benwei was shocked.

"Yeah, I don't know how long it'll take to deal with it." Zhao Xiaoqi's tone became rather awkward as she said, "I wonder when our President will assign me an assistant."

Lu Benwei's face suddenly turned red. He had already promised Zhao Xiaoqi an assistant, but he had not been able to complete it.

"Tomorrow. I'll definitely get you an assistant tomorrow."

"Come on, I don't know where he'll be tomorrow," Zhao Xiaoqi said awkwardly.

Lu Benwei was speechless.

"Okay, okay, don't just stand there. Send Chu Yan back to her dormitory first."

Lu Benwei nodded and walked out of the activity room with Chu Yan.

...

The Zhejiang Hunter University was located in the South of the Dragon Kingdom. The light rain had stopped in the evening, and the air was filled with the smell of wet soil.

Chu Yan had drunk a little too much. She stepped on the small puddles of water that had not dried up and jumped forward.

"You'll be busy tomorrow." Lu Benwei frowned.

"Are you talking about washing my shoes?" Chu Yan looked indifferent. "So be it. I have nothing to do anyway."

The two of them chatted casually as they walked aimlessly on the tarred road of the campus.

“Do you plan to change your class? Your level should be high enough, right?” Chu Yan suddenly asked.

“That should be enough,” Lu Benwei pondered for a while and replied.

“Then, are you going to change your class?”

“I will,” Lu Benwei shrugged. “Even if I didn’t want to, the principal and Mr. Liu would nag me to do it.”

Lu Benwei rubbed his chin and said, “I guess the school agreed to let us change our class because of me.”

There was a rule at Zhejiang Hunter University that students were not allowed to change their classes when they reached level 40, and they had to get the approval of their respective mentors.

The reason for this was to prevent some students from changing to a class that was not suitable for them in a moment of rashness. There must be a reason for Chen Yuan to suddenly announce that they could change their classes.

“You’re really narcissistic.” Chu Yan rolled her eyes.

It was already late at night, and only the cold moonlight shone on the road under their feet. Under the dim moonlight, Chu Yan’s clear eyes were exceptionally bright.

“Are you going to change your class?” Lu Benwei asked lightly.

“No, I haven’t thought about which class I want to change to.”

“Alright,” he said.

At this time, Chu Yan found that her body suddenly lit up and a beautiful deer illuminated the road ahead.

“This is the Divine Spirit Deer?”

The image of the deer was reflected in Chu Yan’s eyes, and her clear eyes became very bright.

“I originally wanted to give it to you as a gift after you successfully changed your class, but I didn’t expect you to not change your class so I’ll give it to you now,” Lu Benwei said helplessly.

After the deer suddenly came out of the sealed space, it timidly hid behind Lu Benwei.

“Go, she’ll be your new master from now on.” Lu Benwei gently patted the deer’s back.

The deer had intelligence and could understand Lu Benwei’s words.

Chu Yan squatted and stretched out her hand. She said softly, “Good boy, you’re so beautiful.”

Anyone who saw the Divine Spirit Deer would be moved by its beautiful figure.

The deer carefully sniffed at Chu Yan’s body, from her hands to her feet, and finally fell into Chu Yan’s arms.

Chu Yan was full of joy and said while holding the Divine Spirit Deer, "Such a good spirit light monster, why don't you keep it for yourself?"

"I have the Dragon Scale Horse, and it can eat a lot."

Speaking of the Dragon Scale Horse, Lu Benwei's face was full of black lines. That guy's body was not big, but its appetite was bottomless. Lu Benwei had to feed it three times a day.

Chu Yan smiled and lowered her head. "Thank you. I'll definitely take good care of it."

The shining deer and Chu Yan, who seemed to have walked out of a poem, were a perfect match!

This was the first time Lu Benwei had seen Chu Yan smile like this. Her smile was so beautiful that time seemed to be frozen here as if it was the most beautiful thing in the world.

Chapter 180 Prelude to Class Change

Three days passed by quickly.

During this period, Lu Benwei sorted out the affairs of the God Slayer's Club and then handed the Dark Moon Wolf to Su Ya'er, telling her to train it well.

In the morning, Lu Benwei was still packing his luggage when the students who were going to change their classes for the second time had already gathered at the school gate.

"Old Chen, you son of a b\*tch. Didn't you say that you weren't going to change your class? Why did you sneak to the school gate behind your brother's back?"

"What's wrong? Can't I come?"

!!

Most of the students who went to the second class change were in their fourth year. There were also quite a few talented third-year students. As for the second-year students, there were only one or two.

In the beginning, if a second-year student were to undergo the second class change at this point, they would definitely be considered as a candidate for the top ten geniuses of the next generation.

However, under the influence of one person's reputation, these two people absolutely could not be proud.

"Do you guys think Lu Benwei will change his class with us?"

"Isn't he only level 25? How could he reach level 40 in such a short time?"

"Have you forgotten that there's a level suppressor in this world?"

When everyone heard this, many of them smacked their heads.

"Oh no, I almost forgot about this."

"If that's the case, there's a very high chance that Lu Benwei will be going with us to complete his class change."

The team's atmosphere became heavy. A first-year student who was only a little over 18 years old was able to reach their level. If this was known to the outside world, it would definitely cause a huge uproar!

However, many people were still quite disdainful, thinking that it was impossible for Lu Benwei to reach rank 40 at such a young age.

"Tsk, isn't it just that the attributes are a little more impressive?"

"I believe that god is fair. It's absolutely impossible for someone to have abnormal attributes and level up faster than us."

"If his level growth is faster than us, then we might as well find a piece of tofu to crash into and die."

Many people crossed their arms and raised their heads.

"Tsk, come on, I can smell the sour smell from here."

"I've seen Lu Benwei's strength and I believe he has already reached level 40."

The team was quickly divided into two groups. One group supported Lu Benwei while the other was the opposite.

The two groups of people were in a state of mutual hostility, and the smell of gunpowder was extremely strong.

At this moment, the teachers leading the team descended from the sky. They were Wang Wei, Liu Yi, Li Muchen, and even Chen Yuan.

Seeing this lineup, everyone was clear. Lu Benwei had definitely reached rank 40. Otherwise, it would be impossible for them to alarm the principal.

After Wang Wei landed, his eyes swept across the crowd as he frowned and said, "What time is it? Why isn't Lu Benwei here yet?"

He then looked at the time. It was already 7:30, and there was still half an hour before the class change temple opened.

"Children are still growing, so they have to get enough sleep." Chen Yuan lazily raised his eyebrows and defended Lu Benwei.

"Besides, it'll be fine as long as we don't arrive after the people of the temple get off work."

"You're just spoiling him!" Wang Wei's face darkened.

As soon as he finished speaking, Wang Wei saw Lu Benwei carrying a suitcase and coming over.

Liu Yi's eyes lit up. "This brat. Is he going to live in the divine temple?" he asked.

"I told him that in his current situation, he might need two to three days to complete the class advancement," Chen Yuan said.

At this time, Lu Benwei had already walked in and greeted Chen Yuan and the others.

“Lu Benwei, the class change is of great importance. You have to think about it,” Chen Yuan’s expression became more serious as he spoke to Lu Benwei.

“I’m ready.” Lu Benwei nodded in response, his eyes full of determination.

“That’s good!” Chen Yuan revealed a gratified smile. “I hope that your second class change will be able to surprise us.”

Lu Benwei grinned. “Principal, don’t worry about this. I’ll make your eyes light up.”

“That’s good!”

He raised his hand to look at the time. It was close to eight o’clock, and it was almost time for the temple to open. Chen Yuan said, “Alright, it’s getting late. Let’s activate it immediately.”

Everyone responded in unison, their expressions full of anticipation.

The second class change was a sacred matter. It determined the upper limit of everyone’s strength in the future and had extraordinary significance.

Before the team had even started, a bell-like sound was heard, and everyone turned around.

It was Chu Yan. Her brows were like distant mountains, and she was elegant and refined, like a fairy that had walked out of poetry and painting.

Everyone’s eyes lit up, including Chen Yuan and Liu Yi, who had been around 50 years old.

Chu Yan’s posture was as light as the birds in the sky. Such a beautiful woman was like a delicate flower in the water when she was demure, but her actions were weak and delicate.

“F\*ck, which grade is this junior from? Why haven’t I seen her before?”

“Needless to say, she’s a freshman. If she’s a third or fourth-year, how could we not have seen her before?”

In the team, the third and fourth-year seniors were all excited, especially the fourth-year seniors. After three to four years in school, they were no longer as high-spirited as when they first entered the school.

Today, seeing Chu Yan, it was as if they had returned three or four years ago and thought of themselves.

Many people were eager to give it a try and were ready to ask for the contact information of this immortal-looking junior sister. At this time, a figure entered their vision and walked in front of Chu Yan.

“Why are you here? Didn’t you say you wouldn’t change your class?” Lu Benwei asked.

“What? Am I not welcome? Thank you for giving me such an expensive gift. I’ve decided to be your bodyguard to prevent anyone from causing trouble.” Chu Yan pouted.

“Welcome, welcome. Of course, you’re welcome.” Lu Benwei nodded.

“Crack, crack, crack.”

As soon as Lu Benwei finished speaking, he heard cracking sounds behind him. He was shocked when he looked back.

One by one, the seniors gritted their teeth and glared at him with fiery red eyes.

Many of them were familiar to Lu Benwei, as he had taught them a lesson during the spirit hunt competition.

“I can’t take this!”

“I absolutely can’t!”

The third and fourth-year seniors’ faces flushed red as they clenched their fists.

In the spirit hunt competition, Lu Benwei obtained two battle commander-level spirit light monsters, so they could endure it. They had to swallow the humiliation of a freshman killing a group of senior students.

However, snatching away such a beautiful junior right in front of them, they could not tolerate it!

“Silence!” Chen Yuan said in a deep voice.

“Put away your little thoughts.”

“Principal, I know you’re biased toward Lu Benwei, but you can’t meddle in this kind of thing, right?”  
Some people were very dissatisfied and complained.

“Hehe...” Chen Yuan laughed. “If you don’t want to be crippled, you can try. To be honest, the strength of this junior in front of you can be said to be comparable to Lu Benwei.”
