

Dungeon 251

Chapter 251 Shocking the Four

“You’re Lu Benwei?” everyone looked in that direction and exclaimed in unison.

Lu Benwei’s eyes were as calm as an ancient well as he indifferently glanced at everyone’s face. Everyone’s heart skipped a beat at this moment, and they subconsciously took two or three steps back.

Before, Lu Benwei did not care about their ridicule. However, this group of people had evil thoughts about him.

‘If you’re unkind, don’t blame me for being unkind.’

!!

“You guys, hand over the treasures you got from the Nine-story Treasure Mountain,” Lu Benwei said faintly.

The group of people who had cleared the Ninth-story Treasure Mountain subconsciously took out their storage space equipment.

The person who had passed the eighth floor shouted, “Lu Benwei, you’re really bold! We were still looking for you. We didn’t expect you to deliver yourself to our door.”

The group of participants who wanted to rob Lu Benwei instantly had mocking expressions on their faces.

“A magician and a freeloader trying to rob us? Are you dreaming?”

“That’s the best joke I’ve heard this year.”

“Lu Benwei, you don’t think Wang Zining is still with you, do you?” the eighth-floor challenger laughed.

“A freeloader!”

After saying that, the eighth-floor challenger raised his thumb, then slowly pointed it down. The seventh-floor challenger quietly came up behind Lu Benwei. He was a warrior with a bear-like body. He spread out his arms like a roc spreading its wings!

“Bear Strangle!”

A huge force came from the left and right, but Lu Benwei stood still, firmly held in the arms of the seventh-floor challenger.

His arms were like water barrels, and they seemed like they could crush Lu Benwei’s bones in the next second.

“Lu Benwei, if you don’t want to live in a wheelchair in your next life, you’d better hand over the Ice Lotus.” The seventh-floor challenger laughed and threatened Lu Benwei.

The other onlookers also laughed mockingly. The eyes of the group of people who tried to break through the Nine-story Treasure Mountain were even emitting a greedy light.

Lu Benwei sneered in his heart. His body shook and his body erupted like a volcano.

A strange look appeared in the eyes of the seventh-floor challenger. He suddenly felt that the person in his arms was not a human, but a savage beast.

“Boom!”

Lu Benwei stomped the ground and easily broke free from the shackles. The seventh-floor challenger was shaken until his body was unstable, and he staggered back a few steps.

Everyone was shocked. Then, they frowned and asked the man, “Are you serious, brother? You can’t even control a magician?”

The seventh-floor challenger braced himself but his forehead seeped out traces of cold sweat.

“Everyone, stop talking nonsense and let’s take down Lu Benwei,” the eighth-floor challenger said.

The group of people could not wait any longer and swarmed forward.

The eighth-floor challenger took the lead and used one of his killing moves. Suddenly, he felt a shadow coming toward him. When he fixed his eyes on it, he saw that it was a burly man who was attacking him.

The eighth-floor challenger was instantly smashed. He felt dizzy and saw stars. Shaking his head, he shouted at the person who had knocked him, “What the hell are you doing?”

Unexpectedly, just as he finished speaking, another figure came crashing toward him.

“Boom!”

The eighth-floor challenger was sent flying several meters away again.

At this moment, he realized that Lu Benwei was like a god of war. Just by relying on his physical strength, he was able to send his opponents flying one after another.

“Isn’t he a magician? How can he have such strong physical strength?”

The eighth-floor challenger was extremely shocked. The others also felt the same way.

Soon, all the people who had evil thoughts about the Ice Lotus in Lu Benwei’s hand were knocked to the ground, screaming in pain.

“If there’s anyone else who wants to rob me, feel free to challenge me.” Lu Benwei clapped his hands and his breathing was very stable.

Everyone fell to the ground, all of them dumbfounded.

Then, Lu Benwei looked at the eighth-floor challenger. He quivered.

“I’ll give it, I’ll give it to you.”

After saying that, he took out the item he had obtained from the eighth floor from his storage space. It was an epic-grade skill scroll, which was extremely precious.

Lu Benwei did not say anything and reached out with his hand, taking the epic-grade skill scroll. After checking, Lu Benwei said coldly, "Next."

The seventh-floor challenger was shocked. He stood up shakily and handed over the one-run stigma.

"Next!"

...

Just like that, Lu Benwei took all the treasures in the Nine-story Treasure Mountain and left.

The group of people who wanted to rob Lu Benwei watched Lu Benwei leave while feeling fear in their hearts.

"Are we being robbed by Lu Benwei?"

"Didn't we agree that Lu Benwei is just a magician? How come his physical strength is even more terrifying than a warrior like me?"

"Could it be that Lu Benwei has been pretending to be weak?"

Everyone shuddered in fear as the news spread like wildfire to every corner of the stigma secret realm.

"What? We can't underestimate Lu Benwei's strength."

"Isn't he just a freeloader? He's a magician, how powerful can he be?"

"It was said that Lu Benwei obtained the treasure on the ninth floor of the Nine-story Treasure Mountain and a group of people wanted to rob him, but Lu Benwei took their treasures away instead."

When the group of people heard this, they all expressed their disbelief. However, they were very interested in the Ice Lotus in Lu Benwei's hand.

...

Soon, this group of people joined forces to snatch the Ice Lotus. There were more than three hundred of them.

At this time, Lu Benwei used the Eye of Insight to find the whereabouts of Chu Yan and the others.

The alliance had many people and different abilities, so they quickly found Lu Benwei's traces and surrounded him.

"Lu Benwei, hand over the Ice Lotus, or you'll have to spend the rest of your life in the hospital!"

Lu Benwei sneered. "The last person who said this to me has been eliminated. Do you want to try?"

"Arrogant!"

"So what if you're an anomaly among the magicians? There are so many of us here, why would we be afraid of you?"

After saying that, everyone activated their skills.

Lu Benwei saw this and jumped into the air. He swung his fists, and the stars exploded!

“Boom!”

One by one, the contestants were defeated by Lu Benwei and fell to the ground, wailing in pain.

...

The rest of the survivors were shocked. Lu Benwei had eliminated all 300 of them with just one skill?

Shocking!

Terrifying!

It was unbelievable!

A series of expressions kept changing on their faces. In the end, fear defeated greed, and everyone handed over half of their points and fled.

At this point, no one in the entire stigma secret realm dared to underestimate Lu Benwei’s strength.

Chapter 252 The Mysterious Hall

Lu Benwei, Chu Yan, and Wang Zining finally met up.

“Lu Benwei, you’ve turned the entire stigma secret realm upside down!”

Lin Feng came up and lightly punched Lu Benwei’s chest.

“They’re just asking for it,” Lu Benwei said with a smile, “If they didn’t covet the Ice Lotus in my hand, I wouldn’t have taught them a lesson.”

!!

“This group of people deserves it!” Lin Feng cursed in anger.

“By the way, Lu Benwei, the Ice Lotus is an extremely cold treasure. Although it has a great effect on ice hunters, I don’t remember you having any ice attribute skills or bloodline.” Lin Feng asked.

When everyone heard this, they all leaned over curiously.

“Tell me the truth, are you still hiding your ice attribute killer move?” Wang Zining was very curious about this and asked, “Or are you planning to give it away?”

After saying that, Wang Zining’s eyes inadvertently glanced at Chu Yan. As an elemental, Chu Yan could use all the elements in the world, including the ice element. If there was someone with the Ice Lotus, the power of Chu Yan’s ice elemental skills would at least double.

Wang Zining, who had an unclear relationship with Chu Yan, was very unwilling to let Lu Benwei give Chu Yan such a precious gift.

Lu Benwei pondered for a while before saying, “It’s to be given to someone.”

Lu Benwei was interrupted by the boos of the crowd and everyone’s eyes unconsciously glanced at Chu Yan.

“Yanyan, I’ll give you a gift more precious than this,” Wang Zining clenched her fists and said in a deep voice.

Lin Feng was also very upset. After all, Chu Yan was the goddess of his dreams. ‘Chu Yan, I swear I will get the three-rune stigma.’

Chu Yan’s face was red, and her heart was in turmoil. In the end, a bitter smile appeared on her face. Only she knew why Lu Benwei wanted to obtain the Ice Lotus.

“Lu Benwei, I’m curious, how did you know that the treasure on the ninth floor is the Ice Lotus?” Wang Zining suddenly asked.

“It’s my insight skill. It allows me to see everything clearly,” Lu Benwei replied lightly.

“How is this possible?!” Wang Zining was shocked.

An insight skill could at most probe the terrain or the information of the berserk monsters. How was it possible for him to find out what kind of heavenly materials and treasures were in the secret realm?

Wang Zining’s teammate, Cheng Yuan, said, “Then with this skill, can we avoid many detours?”

Everyone heard this and looked at Lu Benwei with anticipation.

Lu Benwei focused his eyes and activated the Eye of Insight (secret realm power). His eyes were as bright as the stars, and he captured all the information in his mind.

At the same time, his spiritual sense spread out like a spider web, constantly spreading out and capturing all the information in the secret realm.

“There’s a huge hall in the depths of the canyon two hundred miles ahead. It’s very unusual!” Lu Benwei suddenly said.

Everyone was shocked.

“Two hundred miles ahead?”

“A canyon?”

“There’s another hall in the depths of the canyon?”

Everyone’s mouths were wide open in disbelief.

“Lu Benwei, are you trying to joke with us? Can your insight skill explore such a long distance?”

Wang Zining questioned.

“You don’t know what a distance of two hundred miles is, do you? An ordinary person would have to walk for a day and a night!”

Lu Benwei ignored Wang Zining and said to Chu Yan and the others, “Are you willing to go with me?”

Chu Yan and the others were shocked because they felt that Lu Benwei was a pervert. Being able to see the information of the hall from 200 miles away was very reasonable for a freak like Lu Benwei.

“You, are you all crazy?”

Wang Zining still could not believe that a human’s observation skill could be this powerful.

“Don’t you think it’s a little fake?”

Lu Benwei shrugged. “Believe it or not. Anyway, Chu Yan is coming with me.”

Wang Zining stomped her feet in anger and furrowed her brows. “Lu Benwei, I’ll give you a good slap in the face when we get there!”

For an ordinary person, 200 miles would take a day and a night to walk. For a hunter like Lu Benwei, flying in the air only took half an hour.

Soon, Lu Benwei led the group to a canyon.

“There really is a canyon,” Wang Zining’s teammate exclaimed.

“It was just a lucky hit.” Wang Zining was disdainful. She did not believe that there would be a mysterious hall hidden in this canyon.

Within the canyon, there were beautiful trees, huge rocks, and flowing springs. It was a natural and lively place.

Everyone walked around the canyon a few times, but they did not find the mysterious hall that Lu Benwei mentioned.

“So, I told you this guy was lying to us, right?” Wang Zining was very proud.

Lu Benwei shrugged his shoulders and ran straight toward the waterfall.

“Huh?”

Everyone was stunned and thought that Lu Benwei was going to take a shower. However, he stopped in front of the waterfall, turned around, and waved to everyone.

“Come in quickly.”

Everyone was very puzzled and slowly moved forward.

After Lu Benwei entered the waterfall, everyone’s expression changed. Behind the waterfall was a magnificent ancient hall that was crystal clear.

The light passed through the layers of water curtains and reflected on the golden-glazed roof of the ancient hall, illuminating the cave as if it were daytime.

“How is this possible?”

...

Wang Zining’s red lips opened slightly, and his eyes were filled with disbelief.

Lu Benwei waved his hand and beckoned everyone to follow him into the mysterious hall.

“Lu Benwei, can you tell what kind of treasure is hidden in this mysterious hall?”

Stars twinkled in Lin Feng's eyes as he looked forward to it.

"Three-rune stigma," Lu Benwei said lightly.

However, no one could remain calm.

"Three-rune stigma, why don't you hurry up and go in?"

After that, Lin Feng took the lead, followed by Cheng Yuan and Wang Zining's team.

"Lin Feng, listen to me. Since you can't hold onto the three-rune stigma, let us take it and keep it for you. When you're stronger, you can come back and ask us for it."

"F*ck you," Lin Feng scolded with a smile. "I could hear your plan from the front."

The few of them worked together to push open the door, and a beam of light that flickered with dust particles slowly shot into the ancient hall.

...

The smell of decay that had been around for many years hit him in the face, and it carried a special wooden fragrance.

Everyone took a deep breath and felt extremely comfortable. Their steps unconsciously slowed down.

"Swish!"

As Lin Feng entered the ancient hall, he heard a sound that was like the buzzing of a mosquito.

Lu Benwei stopped.

"What's wrong?" Chu Yan stopped in her tracks and blinked her lively eyes.

Chapter 253 Seal

"No, nothing much?"

Lu Benwei shook his head.

"Alright, then."

Chu Yan heaved a sigh of relief.

!!

"I thought there was something extraordinary in this ancient hall."

At this moment, a cry of surprise could be heard.

"Look, it's a stigma!"

Everyone looked in the direction of Lin Feng's finger and saw a huge Buddha statue. It was four to five meters tall. It was shiny all over as if it was made of gold. He stretched out his hand, and a white jade ring hung above his palm.

Looking closely, there were three strange patterns on the white jade ring, which meant that this was a three-rune stigma.

Everyone was overjoyed that they had obtained a three-patterned stigma without any effort.

Lin Feng strode like a shooting star and walked to the front of the golden Buddha statue. He jumped up and tried to take the three-rune stigma.

As soon as his hand was about to touch it, Lu Benwei shouted, "Don't touch it!"

Lin Feng was very surprised and quickly retracted his hand.

"What's wrong?" Lin Feng and the others asked in confusion.

"Don't you find it strange?"

Lu Benwei's face was gloomy.

"Since it's a three-rune stigma, why can't it send out any energy fluctuations?"

Everyone's expression changed when they heard this. They just realized that the three-rune stigma was still and very strange.

"Could this three-rune stigma be fake?"

Lu Benwei used his divine sense to activate the energy in the three-rune stigma.

Soon, Lu Benwei opened his eyes and said, "It's not fake. It contains extraordinary energy.

"You guys try too."

Everyone did as they were told and found that the energy inside the three-rune stigma was indeed surging. For a moment, everyone frowned, and their eyes were filled with confusion.

"Could it be that there's an array sealing this ancient hall to prevent the fluctuations of the stigma from attracting people?" Chu Yan raised her eyebrows and said softly.

"I'm afraid that's the only explanation." Lu Benwei rubbed his chin.

Suddenly, Lu Benwei was stunned for a moment, then he said in a deep voice, "Quickly check your status, skills, equipment, war monsters, and attributes to see if they are suppressed."

Everyone came to a sudden realization and felt a chill down their spine. This sealing array must be extraordinary if it could even suppress the energy of a three-rune stigma.

"Oh no, I can't use any of my skills." Lin Feng was the first to try, and he soon noticed that something was wrong.

Following that, some people tried to release their skills or summon their equipment and monsters.

Without exception, no one had succeeded. What was even more terrifying was that everyone's attributes were suppressed to level 1!

"What's with this?" Everyone was a little scared.

Skills, equipment, and war monsters could not be used, but at most, they could rely on their attributes to deal with them when danger came.

Now, even their level and attributes were suppressed to level 1, and they were now the same as an ordinary person without a class! Everyone's body was constantly emitting cold air as they looked at their respective captains in shock and doubt.

"We'll leave immediately after we get the three-rune stigma," Lu Benwei ordered everyone to leave this strange place as soon as possible.

Lin Feng jumped up and was ready to take the three-rune stigma.

"Whoosh!"

Suddenly, a wooden board flew over and knocked Lin Feng down.

"Who's there?!" Lu Benwei roared.

Everyone also looked in the direction of the wooden board. Outside the hall, Yang Ke and Gu Zheng were sneering at Lu Benwei and Wang Zining.

"Lu Benwei, Wang Zining, we meet again."

Yang Ke and Gu Zheng slowly approached, their eyes filled with joy as they looked at their prey.

"I didn't expect you to find me a three-rune stigma. Thank you."

Lin Feng got up from the ground and cursed, "So it's you two b*stards!"

Yang Ke's eyes turned cold. He waved his hand and a powerful wave of energy shot toward Lin Feng.

"Boom!"

All of Lin Feng's abilities had been sealed. Unable to withstand a single blow, he was sent flying. Blood gushed out of his mouth, and his internal organs were all damaged to varying degrees.

"You, why aren't your levels suppressed?"

Everyone's eyes widened in anger, filled with anger and shock.

The corners of Yang Ke's mouth curled up as he laughed. "That's a secret."

After saying that, he waved his hand and an invisible space blade attacked Lu Benwei.

"Whoosh!"

Lu Benwei dodged it easily.

"It seems that your level has been suppressed as well," Lu Benwei's eyes were indifferent and he said coldly.

"By relying on some kind of formation, he broke through some seals. His strength has reached around level five."

...

“You’re really amazing. It seems that I’ve really underestimated you before,” Yang Ke said jokingly as he clapped his hands.

“Even if it’s only level five, it’s enough to teach you a lesson!”

Yang Ke’s voice became angry, and the veins on his forehead bulged.

“Lu Benwei, Wang Zining, I want you to kneel and apologize to me!”

As soon as he finished speaking, Yang Ke immediately attacked.

“Boom!”

A series of invisible spatial blades shot toward the crowd. A level five professional would be able to easily kill a level one ordinary person.

The crowd could not resist and flee like rats.

“Hahahaha!”

Yang Ke and Gu Zheng looked at Lu Benwei and Wang Zining’s embarrassed state and laughed out loud.

“Lu Benwei, Wang Zining, this is what you get for going against me.”

...

“I really don’t know what you two are barking about.” Wang Zining’s voice came through.

At the same time, Lu Benwei and Chu Yan’s voices could be heard. “Although we’re suppressed to level one, do you really think we can’t deal with you?”

The three of them appeared behind the two of them at the same time. If they did not care about the rules, the two of them would have already been killed by Lu Benwei and the other two.

Yang Ke and Gu Zheng were shocked and took a few steps back.

“How did you guys do it?” Yang Ke’s eyelids twitched and alarm bells went off in his heart.

“Idiot, did you forget about the power of the bloodline?”

The three of them had the most powerful origin-grade bloodlines, which were surging in their bodies.

Lu Benwei was surprised to find that although everyone’s level and strength were sealed, there was no bloodline seal.

With a slight circulation, Lu Benwei and the other two exploded with extraordinary strength.

The bloodline light kept appearing on the three of them.

Wang Zining’s body glowed with a golden angelic light, like a human sun. It was an origin-level bloodline, the bloodline of the holy angel!

Every inch of Chu Yan’s skin and every hair on her body exuded a strong life force. She was full of youth, vitality, and beauty. The bloodline of the elemental goddess!

Lu Benwei, a dual-origin bloodline owner! Lucifer's Bloodline and the Holy Key Sage's light bloodline power flowed in his blood, continuously breaking his blood vessels and providing him with power that exceeded the seal!

"You guys have the bloodline, but you think we don't?" Yang Ke and Gu Zheng shouted coldly.

Chapter 254 Bloodline War

Yang Ke released an extremely piercing white light, and the space around him was distorted.

A praying mantis with a body that seemed to be cast in silver appeared. It was as thick as a human waist and two meters long. It was extremely terrifying.

King level bloodline, space slicer!

Gu Zheng's body also emitted a diamond-grade bloodline light. His aura continued to rise, and his combat strength received a certain boost.

!!

The five of them released the light from their six bloodlines and combined, lighting up the dark ancient hall as if it was daytime.

Yang Ke made the first move. The space mantis waved its two sickles, which were sharp and flashed with a terrifying cold light. Two cross-shaped space blades were drawn out and attacked Lu Benwei and Chu Yan.

The two of them dodged to the side at the same time. They activated their bloodline power and pushed their speed to the limit.

"Slash!"

The sharp cross-shaped space blade cut off a strand of Chu Yan's hair and then hit the wall behind her, shaking the ancient hall.

When Wang Zining fought with Gu Zheng, her holy angel bloodline allowed her to use the power of judgment with her body.

Gu Zheng's glittering spell caused the shadow of a giant dragon to appear.

"Dragon Claw!"

The sharp blades flickered and were extremely cold.

Wang Zining took it head-on and felt as if she was fighting against a great power.

"Boom!"

Wang Zining took a few steps back.

Then, the giant dragon shadow closed in, intending to end Wang Zining. Lu Benwei rushed forward and forced the giant dragon shadow back, freeing Wang Zining from the siege.

“Although we won’t lose to them in terms of combat power by relying on our bloodline suppression, we can’t use our skills. In the end, we can’t fight them head-on,” Lu Benwei whispered to the two.

The two girls nodded at the same time and resumed their battle with Yang Ke.

Behind him, Lin Feng looked at the three people’s difficult battle and stomped his feet anxiously, wanting to go forward and help. However, he was quickly pulled back by Zhao Xiaoqi and Hai Yue.

“You don’t have the power of your bloodline, and your battle prowess is sealed. You’ll only be a hindrance if you go there.”

Lin Feng’s eyes were filled with hatred, and he gritted his teeth in anger. “Are we just going to watch them like this?”

Zhao Xiaoqi and Hai Yue both fell silent.

At this moment, Zhao Xiaoqi’s eyes inadvertently glanced and noticed something. “Not necessarily. We can send this guy over to them.”

At this moment, Lu Benwei and the other two were still fighting a tough battle with Yang Ke.

Even with the bloodline power of the Holy Key Sage, he could not break through the sealing array set up in the ancient hall and could not use all his power, which made Lu Benwei very uncomfortable.

“Boom!”

Lu Benwei circulated his bloodline power and punched out with the most powerful force. Yang Ke was forced to step back and said to Lu Benwei fiercely, “You, how did you get so much power?”

Lu Benwei sneered and said, “It’s because you’re too weak,”

Yang Ke was furious. He stomped his feet on the ground and jumped into the air!

“Spatial Magic, 100 times gravity!”

He lightly tapped with his hand. The power of spatial laws accumulated before it was released.

“Boom!”

A silent and invisible force fell from the sky, like countless invisible boulders pressing on Lu Benwei’s back.

Lu Benwei’s legs were pressed into the ground, and his bones cracked.

“Lu Benwei, aren’t you very powerful? I’ll let you use your strength properly!”

Yang Ke gasped for air and his forehead was covered in a cold sweat. Even so, he still did not forget to mock Lu Benwei.

“Spatial magic requires a lot of energy. You don’t have any more killing moves,” Lu Benwei said with difficulty.

The 100 times gravity made his blood stop flowing and his respiratory system could hardly hang on. At this moment, Lu Benwei’s face was dark and very ugly.

“You’re still so stubborn even when you’re about to die.” Yang Ke sneered.

“Is that so? That’s not for sure!”

Lu Benwei and Lin Feng’s voices were heard at the same time. At this moment, Lin Feng had unknowingly arrived behind Lu Benwei.

Yang Ke was shocked at first, then he asked sternly, “Are you here to die?”

“Ah, no, I’m here to deliver something,” Lin Feng shrugged and said.

Then, the three-rune stigma in his hand glowed with a strange light and floated in the air.

“What are you doing?” Yang Ke’s eyes were filled with fear, and the alarm in his heart began to ring without him knowing.

“Nonsense, of course I’m going to smash you!”

Lu Benwei used his divine sense to activate the pure energy in the three-rune stigma.

“Swish!”

The three-rune stigma suddenly burst out with a terrifying invisible wave, like a stormy sea hitting the shore, and Yang Ke was blown away.

The 100 times gravity was lifted in an instant. Lu Benwei immediately took a deep breath and was blown away by the wave of the three-rune stigma.

“Idiot, you’re looking for death if you absorb the stigma now!” Yang Ke got up after falling and laughed coldly.

“Do you think I’m as stupid as you?” Lu Benwei said with a teasing look. Then, he used his consciousness to activate the pure energy in the three-rune stigma.

“Swish!”

...

There was another terrifying shockwave, and Yang Ke was sent flying again.

Lu Benwei and Lin Feng had long hidden to avoid being affected.

Yang Ke got up and wiped the blood from his mouth with his right thumb. He sneered. “Give up. This three-rune stigma doesn’t suit you.”

Lu Benwei shrugged his shoulders and looked at him like he was an idiot.

“Do you think that I’m trying to fuse the energy of the three-rune stigma?”

“You’re not?” Yang Ke had doubts in his heart.

“Your IQ is really beyond saving.”

Lu Benwei sighed and activated the three-rune stigma again.

“Swish!”

The fluctuations were like raging waves as they attacked Yang Ke.

Yang Ke finally understood that Lu Benwei was using the energy of the three-rune stigma to create a wave and fight back.

...

A three-rune stigma could not be compared to a one-rune stigma. The energy wave it emitted could kill people without them noticing!

“Do you think you’re the only one who’d do that?” Yang Ke shouted and tried to use his divine sense to test the three-rune stigma.

The two consciousnesses started a competition within the three-rune stigma, causing its energy to tilt. Every second, there would be an explosion of energy fluctuations.

“Swish!”

“Swish!”

Wave after wave of energy swept out, blasting everyone away and knocking down the beams and pillars of the great hall. Smoke and dust rose in all directions, and wood chips and debris flew into the sky.

“Lu Benwei, I gave you the three-rune stigma so that you can defeat Yang Ke, not so that you can blow us away.” Lin Feng held a broken stone pillar and complained to Lu Benwei.

“Don’t say anything. Yang Ke has a level-five spirit attribute. It will be very difficult for Lu Benwei to take the three-rune stigma. If you disturb him, we’ll be the ones in trouble.”

Wang Zining appeared out of nowhere and clawed the ground with her feet, trying her best not to be blown away.

Chapter 255 The Battle in the Ancient Hall

Lu Benwei and Yang Ke’s stigma fluctuations were too intense. Chu Yan, Wang Zining, and Gu Zheng’s battle had to end.

When the two girls saw Lu Benwei and Yang Ke fighting for the possession of the stigma, they both gasped.

The energy contained in the stigma was extremely unstable. If the two of them blindly probed with their divine sense, it was very likely that the stigma would break, and the massive amount of energy contained in it would pour out, causing irreparable consequences.

Currently, Lu Benwei and Yang Ke did not give in to each other. Both sides knew that once they gave up the possession of the stigma, the consequences would be more serious than the shattering of the stigma.

Chu Yan jumped out. “I don’t care! It’s fine if it’s broken!”

Then, she used her consciousness to activate the pure energy in the stigma.

“Yanyan, no!” Wang Zining opened her red lips, wanting to stop Chu Yan.

“Boom!”

The three’s consciousness wandered around the stigma and fought with each other, causing the energy in the stigma to become more violent. The rumbling sounds continued as if thunderclouds were gathering in the ancient hall.

Seeing this, Wang Zining gritted her teeth and took advantage of the gap between the next wave to step forward. She also extended her consciousness to activate the stigma.

“Gu Zheng, what are you still standing there for? Come and help me!”

As soon as Yang Ke’s voice fell, Gu Zheng immediately stepped forward and used his divine sense.

“Swish!”

The buzzing sound reached its peak. The sound of waves rumbled. Everyone was currently amid the raging waves of energy.

“Crack! Crack!”

The three-rune stigma started to crack, and it could no longer maintain its balance.

A moment later, the cracks became more obvious, and energy erupted from it like a ten-thousand-year-old volcano. A heaven-shaking fluctuation erupted, shaking the heavens and earth. Even the void began to crack.

At this time, everyone discovered something wonderful.

Their levels and attributes were no longer suppressed, and they returned to their peak.

However, no one had the time to send this message. They were about to face the next round of monstrous fluctuations. Smoke and dust soared into the sky, and light flickered within.

In the next second, a fluctuation that seemed to be able to destroy the world swept out, scattering the smoke and dust, scattering everything.

Yang Ke cut out a space and brought Gu Zheng in.

Lu Benwei activated the Holy Light Shield and resisted it with Chu Yan, Wang Zining, and the others.

“Boom!”

The waves brought along countless dust and debris, constantly washing over the Holy Light Shield like a tidal wave hitting the shore.

Lu Benwei was at the forefront, his arms numb from the shock, and his bones were cracking. However, the fluctuations were continuing, and if they relaxed even a little, they would be rolled into meat paste!

“Ha!”

Lu Benwei let out a strange roar as he crazily circulated the power of his two bloodlines. His blood boiled and his heart beat like a war drum!

“Boom!”

The Holy Light Shield shattered, and then everyone was swept away by the fluctuations and flew out. Fortunately, it was the aftershock of the fluctuation, which stopped after everyone fell to the ground.

“Cough, cough!”

Lu Benwei got up from the ground. “Are you guys alright?” he looked around.

Everyone got up from the ground and shook their heads to show that they were fine.

“Now, it’s time to settle the score with those two.”

Chu Yan rubbed her hands together and her eyes became cold.

Wang Zining was the same. She clenched her fists tightly, holding onto the power of judgment.

Yang Ke and Gu Zheng came out of the void and shivered. The two of them turned around, and their faces instantly turned pale.

“Run!”

Yang Ke did not say anything and ran away!

There were also differences between geniuses, and Yang Ke had already experienced Wang Zining’s power.

Lu Benwei and Chu Yan had shown different combat power, and the fact that they had three origin level bloodlines was the best proof. With the addition of Lin Feng and the rest, the two of them had almost zero chances of winning.

“Lin Feng, you guys deal with Gu Zheng, the three of us will deal with Yang Ke!” Lu Benwei said in a deep voice.

Yang Ke was shocked, and he flew at his maximum speed. At the same time, he chanted magic skills and tried to perform a space jump.

“Judgement Space!”

A golden square space instantly enveloped him, and any means of escape were rendered useless.

“Holy Light Flowing Fire!”

Wang Zining took out her flowing fire blade and started to wave it around. Countless meteors glittered like fireworks and attacked Yang Ke.

Yang Ke cut out a part of the void and absorbed it. The next second, Chu Yan controlled the power of the five elements and attacked him.

“Fifteen Tons of Thunder!”

Boom!

A huge pillar of lightning fell from the sky of the netherworld, causing a huge amount of damage to Yang Ke.

After one round, Yang Ke's strength dropped by half. Yang Ke had a bad premonition. He gritted his teeth and wanted to summon his war monster to assist in the battle.

Lu Benwei did not give Yang Ke this chance and used the innate skill of his war monster, the Dark Moon Wolf.

[Dark Moon Shadowstrike]

...

[Summon a shadow wolf and charge behind the enemy, dealing damage of monster attack 1.2 + agility x 0.8. Can be used again to swap positions with the shadow. Host can also use this skill, dealing damage of host attack x 1 + agility x 0.5.]

"Owwuuu!"

After a wolf howl, Lu Benwei appeared behind Yang Ke like a ghost. A cold light flashed, and Yang Ke's strength was emptied.

Then, Lu Benwei kicked him to the ground.

Gu Zheng was also defeated by Lin Feng and Wang Zining's teammates, a total of seven people. He was tied up and thrown together with Yang Ke.

"It's not fair!"

"Let's fight one-on-one if you have the guts. Do you think I'll be defeated by a bunch of trash like you?"

Gu Zheng was extremely unwilling to give up. He was tied up like a fish on the shore, constantly jumping and struggling.

"Isn't it too much of a loss if we only take half of their points?" someone said. Chu Yan frowned and said to Lu Benwei as she covered Gu Zheng's mouth.

"Yang Ke, tell me the truth. Did you set up the sealing formation in advance?"

Yang Ke turned his head away and refused to answer.

...

Lu Benwei laughed instead of getting angry. "You don't want to admit it, or you're too lazy to talk to me?"

Yang Ke sneered. "Lu Benwei, so what if you kidnap me? You can't do anything except erase half of my points."

Then, Yang Ke laughed and mocked Lu Benwei for not being able to do anything to him.

"Oh? Is that so?" Lu Benwei teased.

“As the number one genius of Chang’an Hunter University, I don’t think he’d want to be tied up and have all the participants in the secret realm come to see him, right?”

“Although Wang Zining and I took away more than half of his points, I think the number one genius of Chang’an Hunter University’s points will attract a lot of people, right?”

Yang Ke immediately panicked and his eyes filled with horror. “What are you trying to do?”

Chapter 256 Stirring Up the Battle

“Do I need to say more? Of course, I’m going to hang you on a tree and announce it to the entire battlefield.”

Lu Benwei smirked.

“Let’s show the number one genius of Chang’an Hunter University.”

When the others heard this, they all gasped.

“Damn, Lu Benwei, you’re killing people!”

Lu Benwei chuckled and turned to Yang Ke. “If you want us to let you go, it’s very simple. I’ll ask you questions, and you’ll answer. Also, my spirit attribute is better than yours, so I can check your spirit fluctuations at will. Don’t try to play any tricks.”

Yang Ke’s forehead was covered in a cold sweat. After weighing the pros and cons, Yang Ke finally nodded and agreed. “Alright, I promise you.”

“Did Chang’an Hunter University set up the sealing formation under the ancient hall?” Lu Benwei asked directly.

Yang Ke immediately denied it. “How could we have set it up? We merely received the news in advance. Only the formation that can break through the seal is ours.”

“Then, what’s the matter with breaking through the blockade array?” Lu Benwei asked.

“It was Fan Peng who got it. It’s the person who came with us to find trouble with you the other day. He was the one who told us about the sealing formation under the ancient hall.”

At this time, Chu Yan interrupted them. “Then how did you know that we would come to this ancient hall?”

“It was Fan Peng who told us. He said that there’s a three-rune stigma in this ancient hall. Lu Benwei and Wang Zining will definitely come.”

After hearing Yang Ke’s words, everyone felt that this evildoer named Fan Peng was even more terrifying.

“So, you all know about the other ancient halls?” Lu Benwei asked again.

Yang Ke nodded.

“So, you’re saying that other than the ancient hall we’re in, you’re also after the other hunter universities?”

“Yes... no!” Yang Ke answered subconsciously and then quickly denied it.

It was the big plan of Chang’an Hunter University, and it could not be revealed.

“No, Lu Benwei, listen to me. We wanted to teach you a lesson, so we came up with a plan together. That’s why Fan Peng provided us with all this.”

Lu Benwei rolled his eyes. “Do you think I’m a three-year-old child? Do you think I’m so easy to fool?”

After saying that, Lu Benwei knocked him out with his hand.

“What should we do now? Chang’an Hunter University has set their eyes on all the halls in the secret realm,” Zhao Xiaoqi and Hai Yue asked at the same time.

“Needless to say, of course we’re going to beat them up until they wet their pants!” Lin Feng had a stomach full of anger and wanted to vent it out on Chang’an Hunter University.

Lu Benwei shook his head. “We can’t be too impulsive now. Fan Peng isn’t an ordinary person. I think it’s best if we split up.”

Lu Benwei’s eyes swept over the crowd, and everyone leaned over.

“Chu Yan, Wang Zining, and I all have the power of the origin bloodline. We can nullify the sealing array of the sacred hall. The three of us will go to the stigma hall and teach the people of Chang’an Hunter University a lesson. We can’t let them take away all the stigmas in the stigma secret realm.”

“What about us?” Lin Feng and the rest asked.

“You guys stay together and rob the participants of Chang’an Hunter University. As long as they are students of Chang’an Hunter University, eliminate them!”

Everyone nodded in agreement.

...

At the same time, in the camp of Chang’an Hunter University in the stigma secret realm.

“Yang Ke and Gu Zheng lost?” Fan Peng’s voice was heard. “Sure enough, when I first saw Lu Benwei, I knew he wasn’t a simple person.”

“Senior Fan, should we go save Yang Ke and Gu Zheng now?” someone in the tent asked.

Fan Peng waved his hand. “They’re just two pieces of trash. What’s the point of saving them?” he said.

“Does Yang Ke really think he’s the best in Chang’an Hunter University now that he has the equipment forged by the principal?” Fan Peng’s voice was very excited.

“They’re nothing in my eyes! I’ll always be the number one of Chang’an Hunter University!”

No one in the tent dared to object to such arrogant words.

“Let’s continue with the plan.” Fan Peng’s voice became a bit gentler.

The people in the tent responded and immediately turned around to leave the tent.

“Wait!” Fan Peng shouted at the crowd. “I’ll give you a way to intercept Lu Benwei.”

Some of the people in the tent moved their ears closer.

“You guys go look for other hunter universities first, especially the first-rate a or B-grade hunter universities, hehe.”

After Fan Peng finished his plan, he was the only one left in the tent. He slowly raised an arm and rolled up his sleeve. The skin on his entire arm was like muddy ground, which was extremely terrifying. This was the mark left behind by the confrontation with Wang Zining.

“Wang Zining, Lu Benwei,” Fan Peng’s eyes became sinister. “I want you to regret provoking me that day!”

...

It was the second day of the opening of the stigma secret land.

Since time was still in the stigma secret realm, the nine hunter universities did not have much activity throughout the day as if they were all waiting for something to happen.

Lu Benwei, Chu Yan, and Wang Zining officially started their plan today. They parted ways with Lin Feng and the others and went to the next stigma hall.

The three of them joked and laughed along the way. It was a peaceful scene.

Suddenly, three small teams broke in and broke the peace. The three teams split up into groups of five and fought against Lu Benwei’s group of three without hesitation.

Lu Benwei, Chu Yan, and Wang Zining were forced to fight.

“Who are you people?” Lu Benwei asked coldly as he fought.

A punch was thrown, and the force was unstoppable! One of the knights blocked the attack with his shield.

...

“Boom!”

The fist smashed the metal shield into powder, causing the five people’s eyelids to twitch. Unexpectedly, the five of them became more and more courageous as they fought, and their fighting spirit became more and more apparent.

The five of them used their skills.

Lu Benwei had to temporarily avoid the sharp edge. With the use of Lightning Speed, his speed was greatly increased. He could shrink the ground into inches with every step he took.

Lu Benwei was temporarily hiding behind a huge rock, and Wang Zining was also hiding there.

“What’s going on?” Wang Zining spoke very quickly.

Judging from their strength, they seem to be from a first-rate university or B-rate university,” Lu Benwei said, “But we have no grudges against them. Why would they fight us?”

“Could it be that they’re mistaken us for the wrong people?”

As soon as he finished speaking, the five opponents of the two charged over.

Lu Benwei and Wang Zining faced their enemies again.

“Brothers, I have no grudges against you, so why do you have to fight me?” Lu Benwei asked.

...

“If you still refuse to tell me, I’m going to use all my strength.”

The leader of this team sneered in response.

“Lu Benwei, come at me!”

Chapter 257 The Bronze Hall

“It seems like it was premeditated.” Lu Benwei was certain.

“Since that’s the case, then don’t blame me for not showing mercy!”

After saying that, Lu Benwei’s fists moved and he activated the Myriad Light Fist.

“Boom!”

Fists that were as numerous as the stars in the sky rained down on the uninvited guests like meteors. The group of people spat out a mouthful of blood and were sent flying.

At this time, Chu Yan and Wang Zining had also finished off their opponents and successfully found out what had happened.

“It’s really Chang’an Hunter University’s doing.” Lu Benwei’s voice was cold.

“They bribed people to stop us and destroy our plan,” Chu Yan put her hands on her hips and said unhappily.

“From what I can see,” Wang Zining said, “There will be a lot of participants from other universities who have been bribed by Chang’an Hunter University to stop us.”

“What’s the big deal? We’ll fight one if one comes, and we’ll fight all when all come.” Chu Yan rubbed her fists and wiped her palms, her fighting spirit high.

Lu Benwei shook his head. “We’re in the light while the enemy is in the dark. By the time we reach the hall where the stigma is hidden, Chang’an Hunter University would’ve already run away.”

“By the way, how far is the nearest main hall from us?” Wang Zining asked.

Lu Benwei’s eyes narrowed and he quietly activated the Eye of Insight. After a while, he opened his eyes. “It’s about an hour’s journey. Wait!” Lu Benwei suddenly changed the topic.

“What’s wrong?” The two girls were shocked.

“This hall isn’t ordinary!” Lu Benwei was shocked. “I can’t see through him!”

Lu Benwei had Eye of Insight (Secret Realm Power), so all the information in the hall should have been obtained by him. However, at this time, the hall was shrouded in a layer of mist, which was very mysterious.

Lu Benwei’s eyes narrowed, and he wanted to use the Eye of Insight (Secret Realm Power) to probe further. However, his divine sense was drowned by the fog in the hall and he could not see what was inside.

Lu Benwei found something else. The team of Chang’an Hunter University gathered in front of the hall, and there were many of them.

“One, two, three... There are about five teams,” Lu Benwei said in a deep voice.

“Five teams, so many?”

Chu Yan and Wang Zining were very surprised. Chang’an Hunter University had gathered a quarter of the people in the temple.

“In that case, this hall also hides something extraordinary.”

The three of them reached a consensus. They also gradually realized the seriousness of the matter.

“Since there’s something extraordinary hidden in the hall, we don’t need to waste time on these small fries,” Lu Benwei said.

Wang Zining pondered for a while and said, “I remember that you also have a skill that increases your speed, right? How much can it increase our strength?”

“My enhancement skills can be stacked. If I can stack them to the highest level, I can probably increase your speed by 100 percent.”

Wang Zining’s pupils suddenly shrank, and she was extremely shocked. However, she quickly suppressed it.

“That’s good. Yanyan and I also have the skill to increase people’s speed. The three of us combined should be able to increase it to about 180 percent.”

“You mean we should just rush over?”

Wang Zining nodded.

Lu Benwei and Chu Yan responded, and then their eyes narrowed at the same time.

Lu Benwei added Lightning Speed to the two. Wang Zining suddenly felt her body become light, and her legs seemed to be filled with infinite power.

At this moment, Chu Yan suddenly held Lu Benwei’s hand.

“What are you trying to do?” Lu Benwei asked in astonishment.

Chu Yan's face turned red. "Don't think too much," she said, "I'm just increasing your speed."

Then, Lu Benwei felt a warm current coming from Chu Yan's fingertips and flowing into every corner of Lu Benwei's body.

Lu Benwei suddenly felt so comfortable that he could float with a light breath.

Wang Zining also used a speed boost skill, and her speed suddenly increased.

Once the Lightning Speed cooldown was over, Lu Benwei used it again and the three of them rushed into the mysterious hall.

...

On the other side, in a forest that one had to pass through to reach the mysterious hall, four to five teams were hidden in various corners.

"We've been waiting for so long, why Lu Benwei hasn't come?"

"Logically speaking, they should've arrived long ago. It's already been half an hour."

They set up layers of ambushes and waited for Lu Benwei to take the bait. For this reason, to ambush Lu Benwei, the entire group did not eat or drink.

Seeing that Lu Benwei still had not arrived, they could not help feeling a little discouraged.

"Whoosh!"

A gust of wind blew past, causing the leaves to fall and the trunk to shake violently. Many people fell from the trees because of this.

"What a strong wind," everyone muttered and sighed.

"But no matter how I look at it, there were three people at the end of the strong wind."

"They're probably freaks from some school?"

The crowd did not care at first, but when they heard Chu Yan's voice, they woke up from their dream.

"F*ck, it's Lu Benwei!"

"Chase them!"

The 20 or so people did not say anything and chased after Lu Benwei. However, when they were in the sky, they found that Lu Benwei and the other two had already been long gone.

...

Everyone was stunned.

"What the hell is this speed?"

"He was here just now. How did he disappear in an instant?!"

"With this speed, we can't even play with them!"

...

Late at night, the moon was high in the sky.

The five small teams of Chang'an Hunter University had formed a huge team. They set up camp in front of the mysterious hall, but it seemed that they could not enter it.

The main hall in front of them was made of bronze, and its length, width, and height were comparable to a city. It had been there for countless years, and it was covered in green rust after years of erosion.

The hall's roof was covered in a layer of white mist, appearing and disappearing from time to time. It was extremely mysterious and extraordinary.

The team of Chang'an Hunter University in front of the mysterious hall was led by the fifth genius of their school, Zhou Xin.

At this moment, Zhou Xin was pacing back and forth in front of the gate of the camp with his hands behind his back.

...

The door of the hall was locked by a huge bronze lock. The twenty-odd people from Chang'an Hunter University tried their best, but they could not move the bronze lock.

At this time, ten miles away from the camp of Chang'an Hunter University, Lu Benwei and the other two gradually slowed down. This was the result of the huge sealing array under the bronze hall.

"What an enormous sealing array." Chu Yan sighed.

"We entered the ancient palace in the canyon before we were locked down."

"Now that we're separated by ten miles, our levels can be affected."

Chapter 258 The Battle of Annihilation

The crowd felt that the hall in front of them was extraordinary.

At the same time, Lu Benwei was even more determined not to let Chang'an Hunter University get any of the opportunities there.

"Let's not waste any time. We'll charge over now."

"Okay!" the three of them responded in unison and quickly ran to the hall in front of them.

!!

At the same time, in front of the Bronze Hall.

When Zhou Xin learned that Lu Benwei was heading over, he smiled noncommittally.

"I knew he was coming. The sealing array under this Bronze Hall is stronger than all the other arrays under the halls of the stigma secret land. Without breaking through the sealing array, how do you intend to fight us?"

After saying that, Zhou Xin sent nine people to fight Lu Benwei.

The rest of the people all stayed here and tried to open the door of the Bronze Hall.

Among the nine, the leader was Feng Wen, who ranked 15th at Chang'an Hunter University. Normally, he would not even be qualified to be an opponent of Lu Benwei and Wang Zining. However, things were different now. The formation that Fan Peng had given them could increase their strength by 30 levels.

Lu Benwei and Wang Zining only had two arrays that they had taken from Yang Ke and Gu Zheng, and their strength had only been raised to level five.

The three of them already knew the difference when they met Feng Wen's team of nine.

Lu Benwei gave the only two breakthrough arrays to the two women while he circulated his dual origin-level bloodline to fight against the three of them.

Fortunately, the three of them were all close-combat warriors and knights, so close-combat relieved a lot of pressure.

Lu Benwei punched out, and Lucifer's Bloodline circulated, condensing a large amount of dark power.

"Boom!"

A punch was thrown, and dark energy gushed out!

The three of them used their weapons to block, and the metal collided, creating beautiful sparks.

On the other side, Chu Yan and Wang Zining were fighting six people. The difference of 25 levels made Chu Yan and Wang Zining suffer a lot.

"Wang Zining, you're just so-so. Hudan Hunter University is still on the ranking list of the nine hunter universities!" Feng Wen sneered. "Why don't you come down on your own?!"

Wang Zining was furious. She was so proud that she could not tolerate any sand in her eyes. She would not allow anyone to insult her strength, and she would not allow anyone to insult the school she was so proud of.

Wang Zining floated in the air, her long black hair and clothes fluttering in the wind. Her eyes were glowing with a red and golden light. This was the appearance of the holy archangel operating to the extreme.

At this moment, everyone's heart trembled.

The dusky sky suddenly brightened up, and a brilliant light flickered.

Behind her, an extremely strange scene appeared. It was as if a sun was rising behind Wang Zining, shining with a scorching light. Wang Zining let out a roar and waved her arms, blasting out an extremely majestic holy judgment flame.

Immediately, one of them was hit, and his body was set ablaze.

At the same time, Wang Zining's strength dropped rapidly. When it was almost empty, Wang Zining took back the holy flame of judgment.

Feng Wen was shocked, and his pupils shrank.

“Impossible! You’re only level five. Even if you use your bloodline power, you won’t be able to stop it!”

Wang Zining sneered. “Idiot! Do you know that there’s no upper limit to the origin bloodline?”

After saying that, the sun’s rays scattered down, and the aura was overbearing.

Then, three of them flew out and drew their weapons to attack Wang Zining.

A strange light bloomed, and all the elements in the air were stirred. The three of them took their weapons and cut through the sky to fight Wang Zining.

“Hmph!”

Wang Zining snorted and manipulated the sun’s radiance. The power of judgment washed over them, and the weapons in their hands instantly dimmed and turned into dust on the spot.

The three of them were also hit hard and turned around.

“Yanyan!” Wang Zining shouted.

Chu Yan immediately understood what she meant. She soared into the sky and snatched away the breakthrough array hanging on a person’s neck.

The remaining two were taken away by Feng Wen.

However, it was also at this moment that the sun disc behind Wang Zining’s back began to spin rapidly, dimming continuously.

“It seems like you won’t be able to maintain your current state for long!” Feng Wen sneered.

After that, he flew into the sky and was ready to take down Wang Zining.

“Stop!”

Chu Yan had obtained a new magical formation and her strength had recovered to level 30.

“Stop her!”

The remaining two students from Chang’an Hunter University immediately rushed forward and stood in front of Chu Yan.

Chu Yan’s steps were calm, her black hair fluttering in the wind. Her eyes flickered and the air suddenly became extremely cold, so cold that it could freeze one’s heart.

“Frost Fury!”

A dazzling blue light shot into the sky as a blizzard erupted. The extremely cold temperature caused everyone to be covered in a thick layer of frost.

The two men were the closest to Chu Yan and suffered the most intense impact. They were immediately frozen into ice and fell to the ground.

Feng Wen was shocked. He looked into the distance and prayed that the remaining three accomplices could defeat Lu Benwei. He did not expect Lu Benwei to have such extraordinary combat power by relying on two origin level bloodlines.

Lu Benwei was able to deal with the joint attack of the three people easily. His right fist, which had gathered the power of two origin-level bloodlines, swept out. The mountains and rivers lost their color, and the earth shook.

Lu Benwei suddenly used his fist to end a soldier, instantly turning the situation around.

“Three versus three!” Lu Benwei raised his eyebrows and teased.

...

Feng Wen gritted his teeth, but the corners of his mouth were twitching. Anyone with a discerning eye could see that the combat power of the two sides was not on the same level at all. Feng Wen and the remaining two people could only be abused!

At this time, in the distance, in the direction of the Bronze Hall, waves came from the sea.

Everyone’s face turned pale as they looked in the direction of the hall.

“Hahaha!” Zhou Xin’s maniacal laughter could be heard clearly from miles away.

“I’ve finally found a way to break it. Supreme stigma, here I come!”

Lu Benwei and the other two heard his voice clearly.

Immediately after, a buzzing sound rang out, and the mountains and jungles immediately began to shake. Terrifying fluctuations surged out like a vast ocean.

“Rumble! Rumble!”

Zhou Xin became even more insolent as he laughed out loud.

“Students of Chang’an Hunter University, let’s go! As long as we can get the stigma in the Bronze Hall, we can become the number one hunter university in the world!”

After that, everyone’s passionate battle cries soared to the sky as if everything in the Bronze Hall had become their own.

...

“We can’t stay idle either. We have to quickly finish off the three people in front of us!”

The three of them came to an agreement and attacked Feng Wen and the other two.

The three of them were all geniuses among geniuses, and Feng Wen was just a passerby at Chang’an Hunter University. The difference in strength was obvious.

After two rounds of fighting, Feng Wen was shot down by Lu Benwei and the other two.

Then, Lu Benwei directly took away their level 30 arrays. Although they could not recover to their peak state, it could be said that they were invincible among those of the same level!

Chapter 259 A Tough Battle

“Boom!”

Lu Benwei’s fists were like meteors. Many of the participants from Chang’an Hunter University did not react in time and were hit by the fist of ten thousand lights. They were sent flying.

“Who’s there?!” Zhou Xin suddenly turned around and asked angrily.

Then, he saw Lu Benwei and the other two in the air.

!!

“I knew it was you guys!” Zhou Qingfeng said sternly. He waved his hand. “Attack! They’re only level 30 right now. We have more people, so what’s there to be afraid?”

After that, dozens of experts from Chang’an Hunter University flew up and surrounded Lu Benwei and the other two.

Lu Benwei was expressionless as he charged toward the five people.

The five people’s bodies suddenly trembled violently as if a huge mountain was pressing down on them.

“Boom!”

Lu Benwei threw a punch, and someone was sent flying with blood splashing everywhere.

However, there was also a powerhouse among these five people, whose strength could not be underestimated. After Lu Benwei’s punch, he swung his black-gold blade forward. The sharp blade seemed to be able to cut the sky.

“Swish!”

The blade buzzed and a stream of light rushed out toward Lu Benwei’s throat.

Lu Benwei’s heart was alarmed, and he subconsciously decided not to fight it head-on. He shook his wrist and activated the Holy Light Shield to resist.

“Boom!”

The blade light was powerful and exploded on the Holy Light Shield, causing the shield and Lu Benwei to move back.

The man with the blade chased after them with three other people.

“Annoying fellow!” Seeing this, Chu Yan’s graceful body turned into a divine rainbow, wanting to rescue him.

Suddenly, a stone wall appeared in front of her. Chu Yan’s eyes flashed with anger as she activated the power of the fire element.

A ball of raging fire spurted out, and the scorching flames soared into the sky, dyeing the sky blood-red.

The stone wall shattered like paper and six figures were revealed. Their combat power was in the six corners of Chu Yan's body.

Chu Yan's big watery eyes revealed a trace of disdain and the corners of her mouth curled up. "You think you can stop me?"

Then, Chu Yan and the six people began to fight. She twisted her right hand into an orchid-shaped gesture and pressed her left hand against her chest.

The six of them were stunned, and the sound of the ocean waves echoed in their minds.

"The Ice Lotus on the sea!"

In an instant, the waves came. When the six of them opened their eyes again, they found that they were all in the middle of a vast ocean.

Then, a bone-chilling cold air blew over. Everyone's pupils trembled, and their hearts, livers, galls, and spirits all trembled!

A giant Ice Lotus suddenly appeared in front of them, slowly blooming. The bone-chilling cold also became more and more piercing. The six of them suddenly felt that their souls were about to be frozen, and they did not even have the chance to shiver.

However, in reality, the six of them had already turned into ice sculptures and were falling heavily to the ground.

On the other side, Wang Zining was fighting against the five of them.

The power of the holy archangel's bloodline burst forth, and the golden sun hung above her head, emitting endless power of judgment.

"Divine Flame Judgment!"

Wang Zining shot out five balls of flame. They burned among the crowd, and a golden light shone in the forest.

"Put out the fire, quickly put out the fire!"

"Water! Use water magic!"

"Whoosh!"

A water column rushed down, and the flames were not extinguished. Instead, they became more vigorous. The Divine Flame Judgment was immortal!

Zhou Xin witnessed everything, and he stomped his feet anxiously.

"What a bunch of trash! So many of you can't even defeat two little girls. You're a disgrace to Chang'an Hunter University."

Pausing for a moment, the corners of Zhou Xin's mouth curled up.

"However, Lu Benwei was defeated. Without him, there would be one less disaster."

Before he could finish his words, Zhou Xin faintly felt that something was wrong, and his eyes immediately looked in Lu Benwei's direction.

Lu Benwei circulated his double origin level bloodline, and his eyes became as cold as an abyss. His body emitted a murderous aura. In the next second, his body emitted an incomparably pure and holy brilliance, which was extremely chaotic.

Lucifer's Bloodline was activated, and Lu Benwei's attributes received a huge boost. His fist was fierce and fast, without a trace of mercy.

Lu Benwei's opponent was almost smashed into meat paste by the punch.

The expert who had previously swung the blade was also beaten by Lu Benwei's physical fists.

Seeing the team of nearly 30 people being wiped out by Lu Benwei's group of three, Zhou Xin was furious.

"Lu Benwei, Wang Zining, Chu Yan, die!"

Zhou Xin transformed into a knight, and his strength suddenly increased to level 40!

"Level 40?" the three's pupils contracted simultaneously. "He can break through level 40?"

One must know that at level 40, one would have already completed their second class transition, which also meant that Zhou Xin would be able to use the power after the second class transition.

It was a qualitative leap from level 30.

Zhou Xin attacked, his knight's spear flashing with golden light as it stabbed toward Lu Benwei.

All of this happened in the blink of an eye. Chu Yan and Wang Zining did not have time to react.

...

The tip of the spear flickered with sharp cold air and arrived in an instant.

Lu Benwei raised his hand and used his body to block this attack!

Zhou Xin activated his level-40 strength, planning to take down Lu Benwei first.

However, Lu Benwei's heart trembled, and he burst out with powerful physical strength to block Zhou Xin's attack.

"Let's see which is tougher – your fist or my spear!"

Lu Benwei circulated his dual origin bloodline, and his heart was beating wildly. Every cell in his body expanded and contracted rapidly, providing him with an endless supply of energy.

"Die!"

Zhou Xin's eyes revealed a sharp chill as he quickly retracted his spear. Then, he used the large shield in his left hand to launch a fierce shield attack.

Lu Benwei waved his hand.

“Boom!”

The sound was extremely loud, like a sudden clap of thunder. It rumbled and shook out layers of smoke.

...

At that moment, the Chang’an Hunter university students who got up from the ground sneered.

“He dared to take Zhou Xin’s shield head-on. He must be tired of living.”

The large shield in Zhou Xin’s left hand was forged from the heart of refined iron, and its entire body was blood red. In the center of the large shield, there was an aqua-blue gem the size of a goose egg embedded in it. It was an extremely extraordinary heavenly treasure.

“Even Zhou Qingfeng, the so-called king of knights among his peers, would not dare to take Zhou Xin’s shield attack head-on, much less a level-30 magician like you.”

The smoke dispersed, and things were as everyone had expected.

Lu Benwei staggered back, his right palm deformed, and blood oozed out and flowed to the ground.

Zhou Xin’s strength was 10 levels higher than Lu Benwei’s, and he was also equipped with a full set of knight armor.

Lu Benwei could rely on his double bloodline power and extraordinary attributes to fight with him.

However, the gem shield in Zhou Xin’s hand was extraordinary, and it gave him a powerful boost of strength.

Lu Benwei’s battle intent and anger were overflowing.

Chapter 260 Moon-class Spirit Enhanced Weapon

“Annoying fellow! I’ll help you deal with this guy.” Chu Yan called out anxiously and flew forward.

“No need to come over,” Lu Benwei said lightly, and the temperature suddenly dropped.

“This person is my opponent!” Lu Benwei’s voice became extremely cold, making people shudder.

“You want to fight me one-on-one?” Zhou Xin sneered as he spoke. He could not wait to defeat them one by one. “I’ll do as you wish!”

!!

After saying that, Zhou Xin began to mutter in a low voice. A moment later, a square space similar to the judgment space sealed Lu Benwei and Zhou Xin inside, isolating them from the outside world as if they were the only two people in the world.

Lu Benwei’s cold eyes swept over, and he raised his fist to strike first. This punch was so powerful that there was an explosive sound in the air.

The spectators outside the sealed space were shocked, marveling at the magician’s physical strength that could reach this level!

Zhou Xin had already anticipated this, and the blue gem on his shield began to shine. In the next second, Zhou Xin's body was covered in a layer of blue mist, and he flew forward to resist Lu Benwei's fist.

"Boom!"

The collision of flesh and iron produced a deafening sound. Everyone felt as if their ears were going deaf, and their facial features twisted together.

The two figures separated, and the earth-shaking sound stopped.

Everyone heaved a sigh of relief, thinking that their ears would no longer be tortured. The next second, the hearts, livers, galls, and spirits of the onlookers were all frightened!

The two of them used their bodies to collide with each other, creating brilliant sparks as if this was a world of martial arts.

Lu Benwei's blood was boiling as he fought Zhou Xin, and his hair stood on end as he was drenched in sweat. Zhou Xin was the same.

Many people were surprised that Lu Benwei, as a magician, could have such physical strength!

In the end, Lu Benwei won by a small margin in the first round, and Zhou Xin was sent flying back several meters.

However, Lu Benwei shook the metal with his body, and his fists were broken, and bleeding.

"Your turtle shell is really hard!" Lu Benwei sneered as he pulled away from Zhou Xin.

"Just as Fan Peng said, I can't underestimate you." Although Zhou Xin's face was calm, his heart was filled with shock.

Then, Lu Benwei's fists quickly moved and starlight condensed in the air into fists. Each one of them was extremely powerful and shone with a dazzling white light, like real meteorites.

Such a powerful skill caused all the spectators below to shiver and gasp! The Myriad Light Fist exploded like a meteor!

Under the starlight, Zhou Xin was so tiny!

The stars fell!

Zhou Xin raised his shield high and calmly responded. Any astral fist that encountered the shield was turned into nothingness.

Wang Zining and Chu Yan, who were watching the battle from the outside, were pale. They had all seen Lu Benwei's Myriad Light Fist and thought that few people could block such a terrifying skill.

Zhou Xin's shield was truly extraordinary. As the starlight dissipated, Zhou Xin raised his spear and threw it at Lu Benwei.

Lu Benwei wanted to take it head-on, but the spear suddenly grew in size as it flew, turning into a giant war spear that could last through the ages.

“Boom!”

Lu Benwei could not dodge in time and was smashed into the ground.

“Annoying fellow!” Chu Yan anxiously shouted outside the sealed space.

The ground caved in, and dust rose, blocking their vision.

Chu Yan’s heart clenched. Under such an attack, Lu Benwei was likely to be seriously injured. She broke through all the enemies’ obstacles, hoping to break through the sealed space.

At this moment, a strong wind burst out from the inside.

The dust was blown away, and Lu Benwei was covered in dust, standing in the deep pit with his eyes shining.

Everyone took a deep breath again, shocked by Lu Benwei’s defense!

His current situation was not very good. Zhou Xin’s shield had increased his defense to a terrifying level, making it extremely difficult for him to fight.

“Boom!”

The two of them once again engaged in a fierce battle.

After fighting for a long time, Zhou Xin revealed a trace of impatience. Lu Benwei’s physical strength was extremely strong, and if not for the extraordinary shield in his hand, he would have been beaten into a pulp. Then, with a thought, the center of the gem shield in his hand glowed with a blue light.

“Treasure Energy Impact!”

The next second, the gem shield buzzed, and the glow became very dazzling.

“Chi!”

Zhou Xin raised his arm and pushed, and a death ray shot toward Lu Benwei at a speed that was impossible to avoid.

Lu Benwei activated the Holy Light Shield and blocked it. However, the death ray drew a strange trajectory in the air and bypassed the Holy Light Shield.

Seeing this, Lu Benwei did not panic at all and activated the Holy Key Sage’s bloodline and Lucifer’s Bloodline.

“Boom!”

Lu Benwei’s body resisted the terrifying death ray. The death ray dissipated, and his fists moved quickly, using the Myriad Light Fist!

Seeing this, Zhou Xin threw out a huge shield to block the attack. The intense collision caused ripples to spread out. It was so intense that even the clouds in the sky were scattered.

As for Zhou Xin’s shield, a large part of it had been damaged after the collision. His eyes flickered with a threatening light, and the gem shield in his hand glowed brightly.

A terrifying savage monster appeared and disappeared from time to time, mysterious and terrifying.

“I understand now.”

Lu Benwei suddenly chuckled and looked at Zhou Xin with a teasing expression.

Zhou Xin sneered. “So, you’ve seen through me. I thought I’d have to hide for a while.”

The two girls outside the space were very confused. They tilted their heads and asked, “What are the two of them talking about?”

...

“Your gem shield is a spiritual weapon, and it’s a moon-class item!”

Chu Yan and Wang Zining’s expressions changed when they heard Lu Benwei’s words.

“Lu Benwei, is this guy’s shield a moon-class spiritual weapon?”

Lu Benwei nodded his head and looked at Zhou Xin with an indifferent expression.

The weapons and equipment had spirit augmentation. Moreover, there were different levels of spirit augmentation.

From low to high, it was divided into star-level, moon-level, sun-level, and the final king-level. Each level was divided into one to ten stars.

The requirement for spirit augmentation alone was very high for the equipment enhancer, let alone for the equipment enhancer to upgrade the equipment.

To upgrade a piece of equipment from star-level to moon-level was like a hunter jumping from level 49 to level 50.

At the same time, a moon-class spirit weapon could allow the user’s abilities to increase by leaps and bounds.

If Zhou Xin’s current strength could be said to be at level 40, then with the gem shield, his true strength would be at least above level 45.

After level 40, the difference between each level was huge.

...

With Lu Benwei’s current level 30 strength, it would be difficult for him to fight against a level 45.
