Chapter 311 The Rain Shows Its Might

When Lu Dayong and Jiang Xiuqin saw Chu Yan, they both smiled.

She grabbed Chu Yan's hand eagerly, afraid that she would run away.

Chu Yan's face turned red. Seeing Lu Benwei's parents so enthusiastic, she did not know what to do.

"Dad, Mom, you're scaring her." Lu Benwei frowned and tried to persuade the two elders.

Only then did Lu Dayong and Jiang Xiuqin realize that their actions had been too abrupt, and they hurriedly retracted their hands.

"Oh, I'm sorry. We were too excited."

Chu Yan waved her hands. "It's okay, Uncle and Auntie. I don't mind."

Lu Benwei frowned slightly, afraid that Lu Dayong and Jiang Xiuqin would start talking nonsense in the next second. So, he quickly changed the topic and took Chu Yan's hand. He said to Lu Dayong and Jiang Xiuqin, "Dad, Mom, I'll bring her to the school teacher first."

"Go on, go on!"

The two elders waved their hands. They were very happy to see Lu Benwei and Chu Yan's close relationship.

Jiang Xiuqin looked at Lu Benwei and Chu Yan and said to Lu Dayong, "Our son is indeed capable. He can even get such a beautiful girl!"

"Of course. Don't you know whose genes he inherited?" Lu Dayong was very proud.

Jiang Xiuqin rolled her eyes at him. "You two are the same!"

"What?" Lu Dayong was stunned.

"Narcissistic!"

After saying that, Jiang Xiuqin pushed Lu Dayong away and returned to her seat.

Lu Dayong followed her in a daze. Suddenly, he slapped his thigh. "I forgot to invite Chu Yan to our house."

...

On the other side, Lu Benwei and Chu Yan arrived at the exclusive area of Zhejiang Hunter University.

During the Blood Monster Clan's invasion, many students stepped forward bravely, but at the same time, many people had been injured.

At the same time, the situation in other universities was not optimistic either. The casualties were very serious.

However, this was not the scariest thing. As Li City had held a National Class Tournament, it had attracted a lot of tourists. Li City's medical resources were not enough to support such a large-scale casualty incident.

Even if the neighboring cities continued to send aid and recruit hunters to assist in the treatment, they were powerless in the face of the huge number of casualties.

All of a sudden, there was a storm of public opinion on the internet.

"What's going on? Chu Tianxiong, the national pillar of the Dragon Kingdom, and his Furious Dragon Legion have all left the city. How could there be so many casualties?"

"What else could it be? Chu Tianxiong and the Furious Dragon Legion are useless!"

"That's enough. Commander Chu is fighting bravely on the front line, and you're talking behind his back. What kind of heroes are you?!"

"Come on, as the national pillar of the Dragon Kingdom, Chu Tianxiong has to take responsibility. So many people have been injured this time, he's just incompetent!"

At this moment, a piece of explosive news ignited the entire Dragon Kingdom's internet, completely pulling the Furious Dragon Legion into the center of public opinion!

"Shocking news! The Furious Dragon Legion has withdrawn from the city!"

He clicked on the news link. The unscrupulous media accused the Furious Dragon Legion of retreating at the critical moment and returning to Dragon City.

At the end of the news article, five questions were posted, accusing the Furious Dragon Legion!

"Furious Dragon Legion, how can you be sure that the demonic monsters won't come back?"

"Furious Dragon Legion, what kind of monster is it that can make you fall into such a situation?"

...

"Commander Chu Tianxiong, may I ask where you were when the other members of the Furious Dragon Legion were rescuing the others?"

"If Commander Chu had taken action earlier, could this disaster have been avoided?"

The entire internet exploded, and the Furious Dragon Legion's image was at its lowest.

"Isn't the Furious Dragon Legion the top legion in the Dragon Kingdom? How come you can't even deal with a small monster invasion?"

"That's right, I think Chu Tianxiong was too careless. He thought that his underlings would be able to deal with the monster invasion! In the end, many powerful monsters came to invade us, which led to this disaster!"

"The way I see it, Chu Tianxiong shouldn't be called the national pillar. He should be called a dough. His entire body is soft!"

“The point is, Chu Tianxiong just left with the Furious Dragon Legion. In my opinion, he’s too embarrassed to face his fellow countrymen in Li City!”

Lu Benwei and the others noticed the public opinion on the internet. When they saw the comments criticizing the Furious Dragon Legion, they were all furious.

“F*ck, this group of idiots. Such a large-scale monster invasion, it’s obvious that there’s a Monster King leading it!” Lin Feng said.

“Yanyan, don’t panic. I’ll go online now and let those people who criticize Commander Chu know what a keyboard warrior is!”

“No need,” Chu Yan said in a low voice.

Lu Benwei was also very unhappy. He had personally witnessed Chu Tianxiong bravely killing the enemies. However, the invasion this time was too sudden, and the loss of the divine fire was of great importance!

Lu Benwei had just received a notice that everyone who faced the Blood Monster Emperor at the scene had to keep it a secret. Lu Benwei was naturally among them.

He quietly left the exclusive area of Zhejiang Hunter University and found the middle of the refugee hall. Lu Benwei could hear the noise from all directions.

“It hurts so much!”

“What’s wrong with the Furious Dragon Legion? Why are they retreating now? How can we guarantee our safety?”

“Mom, I’m so scared. Will the Furious Dragon Legion come back to protect us?” he said.

Next to Lu Benwei, a four or five-year-old girl was hiding in her mother’s arms, shivering. Her mother was helpless at the moment. She knew that the Furious Dragon Legion would not come back.

Lu Benwei squatted and gently rubbed the little girl’s head, wiping away the blood from the wound on her cheek.

...

“Little girl, the Furious Dragon Legion has always been here.”

The little girl blinked her big watery eyes and asked, “Really, big brother?”

“It’s true!” Lu Benwei responded.

The next second, he stood up and took a deep breath. A dazzling bloodline light bloomed. It was extremely dazzling! This was the Holy Key Sage’s light bloodline!

The warm power of light immediately filled every corner of the hall, and everyone in the hall felt as if they were in a warm ocean as if they were bathing in a song!

“Rain!”

Lu Benwei used his healing skill.

At the same time, the One-click Skill Support was madly activated, constantly increasing Rain's proficiency. In an instant, everyone was covered by the warm rain.

Light raindrops fell, and everyone felt as if they were bathing in the spring breeze, their entire body feeling comfortable!

"Damn! My injuries have healed!"

One of them realized that his fractured right leg was miraculously not in pain anymore. He immediately jumped up from the ground. The others asked and checked their own bodies.

...

In an instant, the entire refugee hall burst into excited voices.

At the same time, many people also discovered that the person who had cured them was a very young man

Chapter 313 The Meeting

After-effects?! Lu Benwei was stunned when he heard this.

"What side effects can there be from activating the bronze temple?"

Chu Yan rolled her eyes. "That's a divine weapon. It can make you, a level-45 magician, qualified to fight a high-level Monster King. Do you think it's like magic, where you can just chant a spell?"

Hearing this, Lu Benwei's mouth twitched, and he smiled bitterly. "I thought so."

!!

Chu Yan immediately jumped down from Lu Benwei's bed.

"I'm not joking with you! Activating the bronze temple will cause a large backlash to your soul and corrode your muscles!"

Chu Yan's hands were on her hips and her face was red with anger.

"When that happens, you'll become a fool who only knows how to lie on the bed and call out nonsense."

Lu Benwei shrugged his sore shoulders to show that he did not care.

Chu Yan seemed to be a little angry. She crossed her arms in front of her chest and kept tapping the ground with her right foot.

After a long while, she sighed helplessly. "I've never seen anyone like you."

"Who am I?"

"A person who doesn't value his life!"

Chu Yan began to talk non-stop.

“To save the people of Li City, you didn’t hesitate to use the power of your bloodline. If the doctor hadn’t said that your recovery speed was amazing, you’d have been waiting for milk when you woke up again!”

“Okay.” Lu Benwei was convinced by Chu Yan. “I’ll be more careful next time.”

“There’s still a next time!” Chu Yan said fiercely, “Then next time, I think I won’t bring a fruit basket. I’ll bring chrysanthemums instead. By the way, tell me what other flowers do you like? I’ll buy them and put them on your tombstone.”

Lu Benwei laughed dryly and looked at Chu Yan silently. “Alright, I won’t make you guys worry next time. By the way, where are my parents?”

Chu Yan snorted and then let out a sigh of relief. “You’re currently at the hospital in Jiujiang City. Before I came, I already told Uncle and Auntie that the school is urgently calling back all the students. Uncle and Auntie believed me.”

After a pause, Chu Yan said nervously, “I asked the principal of Yanjing Hunter University for help. I used a similar reason.”

Then, Chu Yan carefully glanced at Lu Benwei. At that moment, the intensive care unit was very quiet, and only the beeping of the medical equipment could be heard.

“Beep, beep, beep...”

Lu Benwei’s heart beat faster and faster, and the buzzing sound became louder and faster. However, at this moment, he was very quiet, like a pool of dead water.

A deep sense of powerlessness rose in his heart. Lu Benwei felt his eyelids become heavy and fatigue washed over him like a tide.

“It’s alright. My father said that he’d seize the time to find out the whereabouts of the Blood Monster Clan and then set off for the expedition,” Chu Yan said softly, afraid that Lu Benwei would get emotional.

Lu Benwei nodded and smiled at Chu Yan.

“I’ve already thought it through,” Lu Benwei said.

“What?”

“The reason why Ziling was captured was because I wasn’t strong enough. Before I find Ziling, I must improve my strength and do everything I can to fight the Blood Monster Emperor without being at a disadvantage.”

“That’s more like it!”

Chu Yan smiled very happily. The Lu Benwei she knew was back.

“Come, call me big sister. Big sister will go with you and help you block all attacks!”

Lu Benwei thought about it. The Blood Monster Clan's territory was too dangerous, and he could not let Chu Yan take the risk. He turned his head and was ready to thank Chu Yan for her good intentions.

However, the next second, he was stunned. Chu Yan hugged her knees and curled up on the chair like a kitten, sleeping.

"How long have you not slept?" Lu Benwei said in a low voice. Then, he found his coat and put it on Chu Yan.

...

The capital of the Dragon Kingdom, Yan Jing.

It was an extremely confidential meeting room. The walls, floor, and ceiling were all equipped with the best sound-absorbing cotton, which physically isolated all the sounds coming from inside.

Sophisticated equipment was already in operation, constantly monitoring for any suspicious electrical signals within a hundred miles. The most powerful people in the Dragon Kingdom were all here, waiting for one person.

"I'm sorry to have kept you all waiting," Chu Tianxiong said as he pushed the door open.

Everyone stood up. Even the most powerful people in the Dragon Kingdom had to show respect to the national pillar of the Dragon Kingdom, even if they were just pretending.

"Commander Chu, please sit!"

The old man sitting at the head of the long table had a deep and powerful voice, and he was in high spirits. Ji Hong, the most powerful person in the Dragon Kingdom!

"Thank you," he said. Chu Tianxiong did not stand on ceremony. This was a matter of great importance, so he did not beat around the bush.

"Everyone, I'll cut to the chase. I've already investigated why the Blood Monster Emperor wanted to kidnap Lu Ziling."

"Why?" Everyone craned their necks.

"Undying inborn formation!"

Everyone was shocked.

"The undying inborn formation?!"

"This formation can make people immortal?"

Everyone's eyes lit up. It had to be said that the fact of immortality was too tempting. Even they felt greedy for it.

"Everyone, pay attention to the matter we're here to discuss." Ji Hong's deep voice woke everyone up.

Only then did everyone know that they had made a fool of themselves.

“Commander Chu, what are the specific functions of the undying inborn formation? If it really works, what will happen to the Blood Monster Clan?” Ji Hong continued.

...

“I don’t know,” Chu Tianxiong shook his head.

“I can only guess from the literal meaning, immortal... The core of the undying inborn formation is the godly fire.”

“Alright.” A hint of disappointment flashed in Ji Hong’s eyes.

“Here’s the problem. If the undying inborn great formation really can make the Blood Monster Emperor immortal, then it doesn’t seem like it can harm us for a while,” someone said.

“In this case, does it mean that we can put aside the matter of conquering the Blood Monster Clan?”

Chu Tianxiong was immediately stunned.

“How can we let it go? The Blood Monster Clan almost massacred the entire Li City! The divine fire is in their hands as well. If we don’t attack decisively, the Blood Monster Emperor will be able to master the undying inborn formation. What should we do then?”

The man shrugged his shoulders and did not seem to care. “I’ll train it. It’s not like there’s a huge increase in strength. If I really reach level 100, who knows when I’ll be able to?”

“Commander Sun, how can you say that?!” Chu Tianxiong seemed to be enraged, grinding his teeth. “It’s our responsibility to drive away the ferocious monsters and protect the people of the world!”

His name was Sun Yuanliang, and he was the commander of a war zone.

“I know, but do you know where the Blood Monster Clan’s territory is?” Sun Yuanliang suddenly shouted.

...

“Even if you know where the Blood Monster Clan’s territory is, do you know how to get in? Do you know the layout inside?”

“You’re willing to let your soldiers die with you, but I’m not!”

Chapter 314 An Invitation

The moon was bright, and the stars were few.

Chu Yan had a very long dream. After she woke up, she stretched lazily. When she opened her eyes, she found that she was still in Lu Benwei’s ward, wearing his coat. Hence, her little face blushed in an instant.

“I... I accidentally fell asleep,” Chu Yan stammered, “I didn’t say anything weird when I fell asleep, did I?”

“No, you didn’t but you drooled a lot.” Lu Benwei shook his head.

!!

Hearing this, Chu Yan's face became even redder. She lowered her head and dug her toes into the ground.

"Haha!"

Lu Benwei laughed out loud when he saw Chu Yan in such a difficult situation for the first time.

At this moment, Chu Yan was both embarrassed and angry.

"What are you laughing at? Don't you drool when you sleep on your stomach?" Chu Yan gritted her teeth.

Lu Benwei's mouth moved, and he smiled silently.

"Are you alone at home during the new year?"

Chu Yan was stunned, and her face turned red with anger. She said in a flustered and exasperated manner, "You're really rubbing it in!"

"Oh?" Lu Benwei was stunned. "I mean, if there's no one at home during the new year, you can come to my house. My parents seem to like you a lot."

"Huh? You want to invite me to your house?" Chu Yan was stunned. As she spoke, Chu Yan's face turned from red with anger to red with shyness.

"Really?"

"It's true!" Lu Benwei was very sincere.

"That's not very good, is it?" Chu Yan became shy and said in a small voice, "We haven't confirmed our relationship yet."

"What did you just say?" Lu Benwei did not hear clearly.

"No, nothing..." Chu Yan thought for a moment and felt that there were some things she should not say.

Lu Benwei shrugged and said, "So, do you want to come?"

Chu Yan snorted. "Please, I'm a girl. I'm going to a boy's house for the new year. I should at least discuss it with my seven aunts and eight uncles! If they knew that I'll be spending the new year at a boy's house, wouldn't they immediately tell my father? My father likes you, but if he knows that I'm spending new year's at your house, won't he be giving us a few slaps?"

"Ah?" Lu Benwei was stunned, and his mouth twitched. "That's not good."

At this moment, he clenched his toes, so embarrassed that he wanted to find a hole to hide in. 'What am I thinking? Why did I suddenly have the idea to invite a girl to my house for the new year?'

Looking at Lu Benwei's embarrassment, Chu Yan proudly ground her teeth.

Lu Benwei touched his nose to hide his embarrassment. "That's true. Haha, Commander Chu will probably hang me up and beat me up."

"Alright, alright, I'm just teasing you. My father isn't that old-fashioned," Chu Yan said as she stood up.

“What do you mean?” Lu Benwei asked.

Chu Yan opened the door of the ward and stepped out with one foot, only revealing her small head.

“It depends on the situation.”

After she finished speaking, she swaggered away, feeling very comfortable in her heart.

Lu Benwei looked at the time and realized that it was already past midnight. He shrugged and covered himself with the blanket.

...

At the same time.

The capital of the Dragon Kingdom, Yan Jing.

The conference room was still in a heated argument. They were divided into two factions, one radical and one conservative.

“If we leave him alone, will you be able to bear the responsibility when the Blood Monster Emperor becomes a great threat to mankind in the future?”

“Then aren’t the soldiers’ lives also lives? If you’re willing to let your soldiers die, then go!”

“The front line is in a tight situation now,” someone said, “If we transfer troops rashly, the casualties will not be small. Who can bear the responsibility if the frontline collapses?”

The front line referred to the coastline of the Dragon Kingdom.

Since the era of fierce monsters, all kinds of monsters had run amuck except for the countless secret realms that had descended on the ground. However, this was not the most terrifying part.

A thick fog emerged in the ocean of the Blue Planet, and all kinds of dangerous monsters were hidden in the fog. Out of the 72 demon clans, nearly 60 of them were located in the fog. They were constantly attacking various countries and were extremely dangerous.

All the countries had set up defensive lines along the coastline to defend against the most dangerous monsters. The front line was too important to the Dragon Kingdom. They could not afford to lose it.

Chu Tianxiong immediately fell silent and sat on the chair.

The Blood Monster Clan must be exterminated. However, it was impossible to rely on the Furious Dragon Legion alone.

“I’ll just say one last thing. If you can guarantee that you can stop the Blood Monster Emperor when he achieves great success in the future, I naturally have nothing to say.”

Pausing, Chu Tianxiong sternly said, “However, if you don’t and cause mankind to be destroyed, you’ll be condemned as sinners! You’re going to hell!”

“Chu Tianxiong, you’ve crossed the line!” Sun Yuanliang growled.

"I, Sun Yuanliang, have killed more enemies on the front lines than you, Chu Tianxiong! It's not your place to evaluate my merits and demerits!"

"Enough!" Ji Hong said in a deep voice, repressing the anger in the meeting room.

"Commander Chu, you know the situation at the front line. It's impossible for us to dispatch troops from the front line to support you."

Chu Tianxiong was stunned, and the hope in his heart vanished.

"But... We can't just ignore the Blood Monster Clan's matter," Ji Hong changed the topic.

"What do you mean?"

"Let's do it this way. I'll give you three months to find the location of the Blood Monster Clan's territory," Ji Hong said, "When the time comes, I'll personally coordinate the troops. If it's more than three months, I think the undying inborn formation will be completed. There's no need to act anymore. We can only wait for other opportunities."

...

Chu Tianxiong was overjoyed. "Yes! I'll find the location of the Blood Monster Clan's territory!"

He then stood up and bowed to everyone before leaving the conference room. After he closed the door, Sun Yuanliang let out a deep sigh.

"It's all because of the divine fire."

He put his feet on the table and dug his nails. "If only you had listened to me earlier. You should've annihilated the Yan family, the source of the divine fire, morally. Otherwise, there wouldn't be so many problems. The undying inborn formation," he said after a pause, "I don't believe that the Blood Monster Clan spent so much effort just to achieve immortality."

"Enough, Commander Sun, don't say anymore." Ji Hong stopped him.

Sun Yuanliang asked for a rebuff and shrugged his shoulders. "I don't care if you're the one who told Chu Tianxiong. If you can't fulfill your promise, don't blame me for losing my temper."

...

Another week had passed.

Lu Benwei's injury had completely recovered, and he was discharged from the hospital.

The end of the semester was approaching, and the students at Zhejiang Hunter University were nervously preparing for their final exams.

Lu Benwei did not panic at all. The final exam of the first semester was a piece of cake for him.

...

Chapter 315 Final Exam

The final exam was held as scheduled. It was divided into written and actual combat.

There were four written tests – Advanced Mathematics, English, Vocational Theory, and Monster Theory.

The actual combat involved going to the Dark Moon secret realm and killing monsters. The final result would be based on the number of monsters killed as points.

It was worth mentioning that the four hunter universities in Jiujiang City would be conducting the actual combat for the final exam together.

!!

As the face of Jiujiang City, the students at Zhejiang Hunter University were full of confidence.

The day before the written test, Chu Yan went to find Lu Benwei in his class.

“Lu Benwei, have you been to the Dark Moon secret realm?”

Lu Benwei nodded. “Yes, the little wolf was obtained from the Dark Moon secret realm.”

Zhao Xiaoqi leaned over. “Really? I’ve never heard you say that. Is there anything I need to pay attention to when I go to the Dark Moon secret realm?”

Lu Benwei shrugged. “Nothing, we just need to pay attention to the monster dwellers. They are people whose minds have been eroded by the power of darkness. Their consciousness is very chaotic, and they will attack humans at all costs. Speaking of which, I know a magic array that can control monster dwellers.”

Zhao Xiaoqi’s eyes widened. “You know how to do this?” she asked, “By the way, since you have this kind of array, why don’t you save those monster dwellers?”

“It’s just a corpse so it’s useless,” Lu Benwei said.

“Do you guys want to learn this magic array? It can save your lives in critical moments.”

Hearing Lu Benwei’s words, Zhao Xiaoqi suddenly shivered.

“No, I don’t want to control the dead.”

Lu Benwei helplessly looked at Chu Yan. “How about you?”

“Do you think I need it?” Chu Yan asked without even raising her head.

“That’s true.” Lu Benwei grinned.

At this time, Lin Feng came to the door and asked, “Yanyan, do you want to form a team for the actual combat in this final exam?”

“No, I want to be on the same team as Lu Benwei,” Chu Yan said without any hesitation.

Lin Feng was stunned and sized Lu Benwei up. “Has your relationship with Yanyan developed to this extent?”

“What are you talking about?” Lu Benwei was stunned for a moment before he suddenly woke up. He had almost forgotten that Lin Feng was Chu Yan’s suitor. Lu Benwei suddenly had a bad feeling.

“Yanyan, when will you form a team with me alone?” Lin Feng begged Chu Yan.

Chu Yan looked at Lu Benwei and said, “It’s not impossible, unless...”

“Tell me, I’ll agree to any condition you have.” Lin Feng’s eyes lit up.

“Unless you surpass Lu Benwei in both written and actual combat.”

Lu Benwei was speechless.

Lin Feng’s eyes were burning with anger. “Lu Benwei, I’ll surpass you in this final exam!”

Lu Benwei smiled bitterly. Even the students of Class One were laughing.

Lu Benwei was an animal. Not only was his combat strength high, but even his theoretical knowledge was also extremely powerful. It would be difficult for Lin Feng from Class Two to surpass Lu Benwei in this final exam.

It was also at this time that the seat list came out. Everyone checked their seats, then went to the corresponding examination field to see who was next to them.

Although the marks of written exam was low, it was not impossible to fail it. It was okay if they failed. In serious cases, they might even be expelled. Therefore, the students from Jiangsu and Zhejiang Province attached great importance to this final exam.

Lu Benwei took a look and found that he was taking the exam in Class One. Coincidentally, Lin Feng was also taking the exam in Class One.

At this moment, four unfamiliar students, two boys and two girls, approached Lu Benwei.

“Hello, great god Lu,” the girl with a rather innocent appearance spoke first.

“I’m Qin Luxue from Class Four. I’ll take the exam after you.”

The remaining three also began to introduce themselves. All four of them were Lu Benwei’s neighbors in class.

At this moment, their goal was already very clear. They wanted to cheat.

At first, Lu Benwei refused. “The final exam is to test everyone’s knowledge level for a period of time. If you just want to...”

“Master Lu, after the written test, we’ll each give you ten thousand points,” Qin Luxue said.

Lu Benwei was stunned. Although he did not lack points, all he needed to do was to move his body so that he would not block their view of his written test. So, Lu Benwei agreed.

“Great god Lu, thank you so much,” Qin Luxue said happily.

“Oh, by the way, god Lu, this is my first time seeing you up close. I realized that you’re more handsome than you look in the photo.”

Lu Benwei was a little embarrassed and scratched his head. “What are you saying...?”

Qin Luxue revealed a beautiful smile. “Then, god Lu, we’ll be leaving now. See you tomorrow.”

“Bye!” Lu Benwei waved his hand.

After Qin Luxue left, Lu Benwei turned around and saw Chu Yan looking at him.

“What’s wrong? Is there something on my face?” he asked. Lu Benwei felt inexplicable.

Chu Yan continued to stare at him coldly, making Lu Benwei’s hair stand on end.

“By the way, Chu Yan, where are you taking the exam?” Lu Benwei tried to change the topic.

Chu Yan’s mouth suddenly twitched into a strange arc. She then pinched her throat and said in a strange tone, “Master Lu, this is the first time I’ve seen you up close. I realize that you’re more handsome than you look in the photo.”

Lu Benwei was speechless.

Chu Yan turned around and hit Lu Benwei’s face mercilessly with her ponytail.

“Why is this woman throwing a tantrum again?” Lu Benwei’s tears came out.

...

At this time, Du Gu sneakily came to Lu Benwei’s side like a thief.

“Brother Lu, Brother Lu.”

“Why, you’re taking the exam in our class? You want me to help you cheat?”

“How did you know?” Du Gu was very surprised and almost thought that Lu Benwei could read minds.

“Quite a few people have already found me.”

“What do you say, Brother Lu?” Du Gu muttered, afraid that Lu Benwei was an upright person.

“What else can I say? I’ve already promised them.”

Du Gu grinned. “Brother Lu, I’ll never forget your great kindness.”

“Alright, alright. Just treat me to dinner tonight.” Lu Benwei waved his hand.

“No problem!” Du Gu was very straightforward.

...

...

The next morning, the written test of the final exam officially began.

That morning, the cafeteria at Zhejiang Hunter University was packed with people.

It turned out that the canteen aunty had pushed out a full mark set meal – one deep-fried dough stick and two eggs! The scene was very lively, and the full mark set meal was sold out.

Du Gu fought with all his might to snatch two sets of the set meal, and handed one set to Lu Benwei.

Chapter 316 Written Test

“Come on, Brother Lu, take a set. It will ensure you answer the questions smoothly after your tummy is filled!”

Du Gu held a set meal in each hand.

“Thank you.” Lu Benwei took a set.

“You’re welcome. I still have to rely on you today,” Du Gu said as he took a bite of the crispy and delicious deep-fried dough stick.

!!

At this time, Lu Benwei found that Du Gu had already finished an egg.

“You’ve finished an egg?” Lu Benwei asked.

Du Gu’s mouth was full of oil, and he said incoherently, “Yeah, what’s wrong?”

“No... It’s nothing.” Lu Benwei suddenly thought of something bad.

A full mark set meal should start with the deep-fried dough sticks and then the eggs. Only then would it be 100 points! If he ate an egg first, then a fried dough stick and an egg, wouldn’t that be O10?

Lu Benwei shivered and felt a little evil...

The first exam was about to begin. Lu Benwei and Du Gu walked to their examination venue.

Before they entered, the two of them were stunned. The two of them met Lin Feng in the corridor. His eyes were as black as a panda’s, but he was trying his best to keep his spirits up. His eyes were wide open, and he looked very funny.

Lin Feng also noticed Lu Benwei. He stretched out his arm and clenched his fist at Lu Benwei with a resentful expression!

Lu Benwei did not know whether to laugh or cry.

“Big brother, did I offend you?”

The exam officially began, and two unfamiliar invigilators entered the hall, watching everyone with stern eyes!

The first round was Advanced Mathematics, a subject that made every student scratch their ears. Sighing could be heard from time to time, constantly interrupting the thoughts of some people.

As they came and went, some people could not hold it in anymore.

“I say, are you sick? Why are you sighing?”

“I say, did my sighing get in your way? I saw you sighing a lot too!”

“Sigh, your head!”

The two sides started to fight.

The invigilator was so frightened. There were only two exam venues that did not have such a situation. One was an examination venue with the school leaders invigilating it. The other was the exam venue with a god like Lu Benwei.

At this moment, Lu Benwei was writing so fast that his pencil was smoking.

The Advanced Mathematics paper took two hours, but Lu Benwei finished it in an hour. This was a top student! No, he was a prodigy!

Since he could not hand in his paper in advance, Lu Benwei was bored and started to observe the state of other students.

The first was Lin Feng. This guy must be very confident. Even if he did not surpass Lu Benwei, he should be able to solve the questions easily!

However, Lu Benwei was dumbfounded when he saw Lin Feng. Lin Feng held four small balls of paper in his hand and threw them out continuously. He picked up the one that landed first, opened it, and began to write on the paper with great speed!

When it came to the answering part, Lin Feng sneaked a glance at the invigilators in front and behind him. After making sure that it was safe, he secretly took out a small piece of paper. On it were formulas!

Lu Benwei almost spat out a mouthful of blood. What was the use of writing notes in Advanced Mathematics?

“The student in the middle, focus on your paper.”

The invigilator had been staring at Lu Benwei for a long time. He did not do his own paper and looked at others. This kind of behavior was absolutely intolerable!

“Teacher, I’m done.” Lu Benwei was helpless.

“Finished?”

Everyone, including the teacher, was shocked.

“D*mn it, it’s Advanced Mathematics. The paper is two hours, but he only used an hour to finish it!”

“He even said it so loudly, not caring about the feelings of others at all.”

Arrogant!

He was simply too arrogant!

The invigilator did not know Lu Benwei and naturally did not believe his words. He walked forward and picked up Lu Benwei’s paper. For a moment, he was stunned. He had taught for so many years and had never seen such a perfect paper. After a long time, he finally realized that he had lost his composure.

Hence, the invigilator cleared his throat and said, “Don’t look around when you’re done and disturb the others.”

“Alright!”

This time, the others were no longer calm. The almighty had been at their exam hall all along!

Especially Qin Luxue and the other three. After knowing that Lu Benwei had finished answering the questions, their bodies wriggled like maggots and they adjusted their angles to peek at Lu Benwei's paper.

Lu Benwei also adjusted his angle and posture from time to time to make it easier for them to cheat.

However, the invigilator soon noticed them. "If you feel like there's a nail in your butt, you can stand up and take the test."

When the crowd heard this, they knew on the spot that this was a warning from the invigilator.

Thus, Qin Luxue and the others became more obedient.

Time passed by and the end was coming. This year's Advanced Mathematics test was particularly difficult, especially the multiple-choice test.

The 12 choices added up to 60 points, and he could pass. However, who knew how many heroes had been stumped by this?

Qin Luxue and the others were extremely anxious.

At this moment, everyone heard a faint knocking sound. It was Lu Benwei. Listening carefully, it turned out to be Morse code.

Qin Luxue and the others were instantly reinvigorated with hope. They calmed their hearts and began to listen carefully.

Not long after, all the candidates had completed the multiple-choice questions. There was hope for them not to fail!

...

After the exam, Qin Luxue asked excitedly, "God Lu, why did you choose A for the third question? I've done the math several times and it's all B. Did I miss something?"

"That's right, Brother Lu!" Du Gu also came over. "I also chose B!"

Lu Benwei was dumbfounded. "What are you guys talking about? I also chose B for the third question."

"What?" The people around him were stunned. "Weren't you knocking on the table and sending Morse code?"

"I didn't!"

Lu Benwei was even more confused. "I couldn't find a way to help you cheat at that time. I was bored, so I just knocked on the table for fun!"

"What?"

Everyone was petrified on the spot. Qin Luxue could even speak a foreign language. It was obvious that she had learned before.

He was just knocking there for fun! This sentence lingered in everyone's ears.

Why did he knock on the table? If they did not need Lu Benwei to help them in the next exam, they would have killed him.

The second exam was English.

...

Lu Benwei did not disappoint and finished the English paper in an hour. Just as he was thinking about how to help the few people to cheat, a small note flew to Lu Benwei's table. He quickly opened it when the teacher was not paying attention.

'Brother Lu, make your choice!'

The crooked handwriting and the friendly address of Brother Lu made it obvious that it was Du Gu.

Lu Benwei picked up his pen and wrote down all the choices.

In the end, he did not forget to add, 'Send it to the others after you finish writing. If you're caught, don't tell them that I'm Bu Benwei!'

Chapter 317 Let's Go Quickly

Lu Benwei took advantage of the invigilator's inattention and flicked the note to Du Gu's table.

Du Gu picked it up and was overjoyed. It was full of answers!

"Believe in Brother Lu and get eternal life!" Du Gu said excitedly. After copying the answers, he did not forget to carry out Lu Benwei's instructions. With a light toss, the small note was passed into the hands of one person after another.

Before that, everyone was frowning. When the note landed on their table, they were all stunned. At that moment, their expressions were like that of a believer meeting Jesus!

The entire process could be considered to be seamless, and the English test ended successfully!

Everyone did not rush to the cafeteria but went straight to Lu Benwei's seat for a round of bragging!

"Brother Lu is a god. He'll pass the final exam this time!"

"That's right! He scored a total of 80 points in English, so he won't fail!"

"In the future, my life will belong to Brother Lu. I will not go back on my words!"

Lu Benwei enjoyed the flattery and said, "No, no, it's just a small matter!"

Someone else complained, "Sigh, I don't know why we're learning this foreign language. We deal with monsters, not wild horses!"

"That's right, that's right!"

"When you join the army in the future, you'll be tested on your foreign language skills." Lu Benwei waved his hand.

“As a soldier, it’s inevitable to have dealings with foreigners. After all, fighting against monsters is the great cause of all mankind.”

Everyone nodded in realization.

At this time, Du Gu seemed to have thought of something and said to Lu Benwei, “Brother Lu, one of the answers to the multiple-choice question is missing. Don’t you know how to answer the last question?”

Qin Luxue also thought of this matter and said, “The options given in the last question are indeed confusing. It’s too difficult. I thought Master Lu would know this question. I didn’t expect him to be stumped.”

Hearing this, Lu Benwei’s brows furrowed. “What are you guys talking about? I’ve solved the last question. It’s quite confusing, but it’s not difficult for me!”

Everyone was dumbfounded. “Then why is there one less answer? Brother Lu, did you forget to write it?”

“If I say I didn’t answer the first question, will you hit me?” Lu Benwei gulped.

Confusion!

Dumbfounded!

A series of expressions changed on everyone’s faces. It turned out that he did not answer the first question.

So, after putting in so much effort, they ended up screwing the tests! Everyone was petrified on the spot, and one could even hear the sound of many people’s hearts breaking.

Lu Benwei took advantage of this gap and sneaked away.

At this moment, the crowd also reacted.

“Where’s my knife?”

Qin Luxue said, “Lu Benwei, return me 10,000 credits!”

In Class One, at noon, a howl that sounded like a pig being slaughtered could be heard! For a time, there were rumors in the streets that someone had done so badly that he had gone crazy.

...

It was afternoon.

No one in Class One dared to place their hopes on Lu Benwei.

Fortunately, the two exams in the afternoon, the hunter theory exam and the monster theory exam were not difficult.

Everyone had used it in actual combat, more or less.

The first day that consisted of theory exams had come to an end.

The next day would be the combat exam.

The school gate was packed with people in the morning. The freshmen of Zhejiang Hunter University were all waiting for the teachers to activate the teleportation circle.

Finally, the teacher in charge appeared.

“I have a few things to say before we leave. Our Zhejiang Hunter University isn’t the only university taking the combat test for the final exam! All the hunter universities in Jiujiang City are involved.”

For a time, the students were all sighing. Zhejiang Hunter University was one of the nine hunter universities.

It was the other hunter universities in Jiujiang City’s good fortune to be able to enter the dark moon secret realm with them!

Lu Benwei’s heart was calm. Strangely, there were only a few hunter universities in Jiujiang City, and each one had a different level.

The principals of the schools only nodded at each other. Why would they think of joining forces to enter the dark moon secret realm?

At this time, Chu Yan rolled her eyes. “Isn’t that simple? Just let us students do the hard work.”

“Huh?” Lu Benwei opened his mouth wide.

“Is it difficult to understand?” Chu Yan crossed her arms. “The dark moon secret realm has encountered a great monster riot. The military doesn’t have enough manpower, so they let us students work for free for them.”

“It’s not hard to understand. I’ve guessed it as well.” Lu Benwei’s expression was as if he had just eaten a fly.

“What’s that?”

“I feel that you’re like a roundworm in my stomach. You can know what I’m thinking...” Lu Benwei said.

Hearing this, Chu Yan gritted her little canine teeth and grinned.

“The joint combat test isn’t for you to show off that you’re students of Zhejiang Hunter University!” The leading teacher cleared his throat.

“You have to work together with the students from other hunter universities to kill the monsters. Next, I’ll talk about a few things to take note of. The assessment will last for seven days!

“The results are determined by the number of monsters killed by each person. Everyone will be given a bracelet to record the results. The entire process will be monitored by drones. You’re not allowed to endanger the lives of other students, except for monster dwellers!

“One last point. You mustn’t enter the depths of the dark moon secret realm. Otherwise, your results will be forfeited on the spot!”

...

Suddenly, everyone gasped. Was it that strict? The moment they entered the depths of the secret realm, they would be disqualified?

“Teacher, how do we determine the location of the depths of the secret realm?” a student raised his hand and asked.

The leading teacher muttered to himself for a long time before saying, “It’s simple. See if there are any people from the Furious Dragon Legion around you. If there are, retreat immediately!”

Lu Benwei was surprised when he heard this. “Even the Furious Dragon Legion has been mobilized. It seems that the monsters in the dark moon secret realm have made a big move.”

At this time, the teacher-in-charge said, “Also, you all need to pay attention to the corrosion of the dark power in the dark moon secret realm. The bracelet that I gave you will remind you to leave the dark moon mystery realm immediately if the alarm goes off! Otherwise, you’ll become monster dwellers and stay in the dark moon secret realm forever!”

All the students gasped and broke out in a cold sweat.

“Damn, the dark moon secret realm is so dangerous, and they still want us to go? What if we die inside?” someone complained loudly.

The teacher-in-charge smiled teasingly.

“Don’t worry, the school has insurance for all of you. If you really die, there will be an insurance payout.”

“How much is the insurance payout? The amount must be huge, right?” Some of the students’ eyes lit up at the sight of money.

“Not much, I’m just taking your bodies home for free!”

...

All the students were speechless.

The leading teacher smiled. “Alright, the teleportation portal has been activated. You guys can go now.”

Chapter 318 Returning to the Dark Moon Secret Realm

The teleportation portal lit up, and the students jumped in one by one.

When it was Lu Benwei’s turn, the teacher in charge stopped him.

“Lu Benwei, Chu Yan, you two wait a moment.”

Lu Benwei and Chu Yan stopped.

“What’s wrong?”

The leading teacher pondered for a moment before saying, “Let’s do it, Principal.”

At this time, Chen Yuan had unknowingly arrived behind the two.

“Good day, Mr. Principal!” Lu Benwei and Chu Yan bowed and greeted.

Chen Yuan had been busy with the Blood Monster Clan's affairs for many days, so it was rare to see him on campus.

At this moment, Chen Yuan had dark circles under his eyes and waved his hand. "No need to be so polite."

After a pause, he continued, "Back to the main topic. I'm sure you and Chu Yan have already guessed what happened in the dark moon secret realm?"

Lu Benwei and Chu Yan nodded.

"Mr. Principal, there must be a monster clan behind the chaos in the secret realm." Lu Benwei asked, "The main monster clan in the dark moon secret realm this time is..."

"I don't know." Chen Yuan shook his head. "But I guess it's either the Succubus Clan or the Black Sky Monster Clan."

"Succubus Clan?" Lu Benwei first thought of the Succubus Shiya, whom he had met in the dark moon secret realm.

"Yes, you all know that with the characteristics of the Succubus Clan, it's not a problem for them to control the monsters to cause chaos!

"As for the Black Sky Monster Clan," Chen Yuan said, "They've been coveting Jiujiang City for a long time. They're the strongest in the dark moon secret realm. It's not strange for them to start a riot!"

Lu Benwei was stunned, and his brows unconsciously furrowed. At this moment, he had a faint feeling that this riot had something to do with Shiya.

Lu Benwei shrugged and asked, "Mr. Principal, you mean..."

Chen Yuan let out a sigh of relief and said, "The commander of the army stationed in the dark moon secret realm asked me for help. As the dark energy in the depths of the dark moon secret realm is too dense, it's very difficult for them to enter further. No one can figure out the situation inside.

"Now, the army can only be stationed at the edge of the depth of the dark moon secret realm. However, after a few days, there have been heavy casualties, and they can't escape..."

Lu Benwei finally understood the ins and outs of the matter.

Chen Yuan sighed. "I had no choice but to trick the students into doing the test. If the monsters escape from the secret realm, it will be a great disaster."

"However, this can only treat the symptoms but not the root of the problem. If we want to solve this crisis, we have to enter the depths of the dark moon secret realm," Lu Benwei said lightly.

"That's right." Chen Yuan nodded. "That's why I'm looking for you. Only you can enter the depths of the dark moon secret realm and not be eroded by the dark power."

Lu Benwei pondered for a while. "Leave this matter to me," he said.

"Leave it to me!" Chu Yan patted her chest and said.

“Okay, when you reach the edge of the dark moon secret realm, as long as you say you’re Lu Benwei or Chu Yan, someone will come to pick you up,” Chen Yuan said.

Lu Benwei nodded and took Chu Yan into the teleportation array.

After a burst of light, Lu Benwei and Chu Yan came to the entrance of the dark moon secret realm.

There should have been military troops stationed here, but at this moment, there were only a few scattered soldiers distributing bracelets to the students. At the same time, he also warned the students about some things to take note of.

Lu Benwei and Chu Yan also received their bracelets and entered the dark moon secret realm!

It was just as Lu Benwei expected. The dark energy here was much thicker than the last time he was here!

The corpses soaked in blood had rotted, and it was hard to tell if they were humans or monsters. This tragic scene made many of the students who entered the secret realm with Lu Benwei and Chu Yan feel their scalps go numb and their stomachs churn.

A few of the more timid girls collapsed to the ground and sobbed.

It was also at this moment that bone-chilling howls of wolves could be heard. Everyone instantly felt a chill down their spine and kept taking in cold breaths.

“It’s the Blood Moon Wolf! Everyone, be careful!” Lu Benwei warned!

In the next second, red eyes the size of copper bells appeared in the forest in front of them!

Blood Moon Wolves appeared one after another, each of them around level 30! Most of them were only level 25!

The difference in level made them feel despair from the bottom of their hearts.

“How do we fight them?” One of the boys was in despair and sat on the ground powerlessly.

One of them tried to attack and escape! However, his biting cold attacks were all dodged by the agile Blood Moon Wolf.

“Let’s attack together. Otherwise, we might be eliminated,” the man ordered.

The others came to their senses and attacked in unison. Tens of thousands of skills interweaved, incomparably gorgeous!

The leader of this pack of Blood Moon Wolf raised its head and howled. Its howl spread for thousands of miles, shaking the soul and sending chills down one’s spine!

The Blood Moon Wolves formed a strange formation, and a crimson shield enveloped them.

“Boom!”

Thousands of skills hit the shield, causing a deafening sound. Soon, the light dimmed, and the thousands of skills were canceled out. None of the Blood Moon Wolves were injured!

Everyone's scalps immediately went numb. The gap was too great, and they were unable to resist at all! The despair that came from the depths of their souls instantly enveloped everyone.

The person who had commanded the group earlier gritted his teeth. "Hey, magician, can you cast a buff on us? We'll try again!"

Before they came in, they had all introduced their classes during their chat.

"It's useless. No matter how many skills you have, you can't beat the Blood Moon Wolves."

"You're not even willing to try? As expected, magicians are all trash!" that person shouted coldly.

Everyone also looked at Lu Benwei with anger.

...

To survive, everyone suppressed the fear in their hearts and fought desperately against the Blood Moon Wolves!

"You, on the other hand, didn't even put in any effort and you're thinking of giving up!"

"You deserve to be a magician!" Many people ridiculed.

However, the most important thing now was to deal with the Blood Moon Wolves that were approaching!

At this moment, Lu Benwei slowly moved forward.

"Hey, magician, what are you doing?!" the commander shouted, and an inexplicable anger rose from the bottom of his heart. "If you don't want to make a move, then don't. Don't cause us any trouble!"

In the next second, the commander felt a strong wind on his face, which made his facial muscles tremble.

This was Lu Benwei's punch, and it was very cold.

Before the crowd could react, an extremely blinding white light flashed before their eyes!

"What kind of skill is this?!"

In front of them was a vast ocean of stars!

...

"Whoosh, whoosh, whoosh!"

The stars exploded! Each star was like a meteor, smashing toward the Blood Moon Wolves.

Every time a Blood Moon Wolf was hit, it would immediately turn into a bloody mist, and its internal organs and flesh would fly everywhere. The scene was extremely bloody!

Chapter 319 Destination: The Depths of the Dark Moon Secret Realm

The Myriad Light Fist was like the explosion of stars with boundless power!

These Dark Moon Wolves were ruthlessly killed by Lu Benwei!

Everyone gasped and blinked their eyes. What kind of divine being was this, to have such a powerful skill!

It was also at this moment that everyone saw this person's figure. It was that magician!

!!

After hearing this news, everyone sucked in a breath of cold air again, and cold sweats kept breaking out on their backs!

Especially the commander from before, at this moment, his face could be said to be shocked and ashamed, wishing to find a hole to hide in.

"Great god, can I team up with you?"

One of them saw that Lu Benwei had Chu Yan with him and thought that they could form a team with him to pass the test. The others saw this and asked Lu Benwei.

"God, can I team up with you? I promise I won't drag you down!"

"I can give you gold coins, and I guarantee that you won't suffer a loss!"

Lu Benwei looked at the crowd surrounding him and said, "I want to enter the depths of the dark moon secret realm. If you all are willing, you can follow me in."

Everyone was stunned. The depths of the dark moon secret realm? Was it not off-limits? What right do you have to enter?

"If you don't want to bring us along, just say so. Why do you have to put on airs in front of us?"

Many people were disdainful and did not want to pay attention to Lu Benwei anymore.

Chu Yan smiled. "These people don't seem to believe you."

Shrugging, Lu Benwei said, "I originally intended to let them leave on their own."

"What should we do now?" Chu Yan asked again.

"Let's hurry to the depths of the dark moon secret realm. There are already level-30 monsters here, so I'm afraid the situation in the depths of the dark moon secret realm isn't optimistic!"

Chu Yan nodded and continued to advance toward the depths of the dark moon secret realm!

...

Along the way, Lu Benwei and Chu Yan encountered many monsters. Not only were they powerful, but they were also teaming up with each other. The monsters of different clans joined forces and attacked.

In front of Lu Benwei was an army of berserk monsters, and there was a monster among them that Lu Benwei knew.

"Hei Zhou?" Lu Benwei was shocked when he saw him! "Didn't I cut off your head?"

Hei Zhou's eyes turned red when he saw Lu Benwei! "It's you, human magician! You dare to come back. I'll take revenge for you cutting off my head and killing my brothers today!"

Lu Benwei sneered. "You were the one who wanted me to show mercy. I left you a head. There's nothing wrong with that!"

Hei Zhou was furious. He asked the leader of alliance, the clan leader of the Black Sky Monster Clan, for instructions and said, "Grandfather, this is the man who killed Hei Zhen and Hei Yan and severely injured me! I can't live under the same sky as him, let me kill him!"

The clan leader of the Black Sky Monster Clan nodded in agreement, and Hei Zhou stepped forward.

"You almost killed me back then. Today, I'm going to tear you into pieces. No, I'm going to make you beg for death!" Hei Zhou shouted!

Lu Benwei sneered. "Is that so? I could kill you three useless brothers back then. I can do it today too!"

Hei Zhou was furious. It flapped its wings, and the endless power of darkness surged!

Lu Benwei clenched his fists and used the star fist! The stars shattered, and the flaming meteors crashed toward Hei Zhou!

"Black Flames Burning the Heavens!"

The flames were filled with the power of darkness and formed a large net that covered Lu Benwei.

The Myriad Light Fist struck everything, and the power of light it contained swept through everything!

"Boom!"

The black flame net was destroyed, and the rain of fists continued to fall on Hei Zhou!

"Grandson, be careful!"

The clan leader of the Black Sky Monster Clan could not stay calm anymore. Hei Zhou was his grandson and his only inheritor! He had paid a huge price to resurrect Hei Zhou the other day, so he could not afford any mishaps today.

"Death Light Sword Qi!"

A black sword qi shot out, bringing along the dark energy in the space, its power growing stronger and stronger. Wherever it went, the ground was rolled up and the vegetation was broken.

Lu Benwei's eyes narrowed, and he used his body to block the terrifying dark energy sword qi.

"Boom!"

The Death Light Sword Qi created layers of smoke on Lu Benwei's body. Under the smoke, Lu Benwei was unharmed, but Hei Zhou escaped.

The clan leader of the Black Sky Monster Clan sneered. "Kid, you've got something. It's a pity that you must die here today and tell the spirits of my people in heaven!"

"Then try to kill me, old b*stard!" Lu Benwei laughed and scolded.

“Hehe!” The clan leader of the Black Sky Monster Clan was so angry that he laughed. “Don’t forget that I have thousands of troops behind me! Go! Tear him apart!”

The group of monsters roared again and again. Their combined roars shook the mountains and rivers. The deafening sound spread for ten thousand miles. It was extremely terrifying!

Lu Benwei sneered. A group of small fish, but nothing more than clouds!

“Ten Thousand Lightning Killing Formation!”

Chu Yan did not stay idle either and used a very powerful skill!

“Ocean Magic: Ultimate!”

Thunder and lightning interweaved with the raging waves, repeatedly bombarding the monsters! They dodged the lightning, but they could not avoid the furious waves.

The seawater instantly turned into a sea of blood. This was the work of the corpses of the monsters!

“Break!”

...

The lightning and the seawater formed a lightning net. All the monsters in the net were wiped out. Not even a hair was left.

The clan leader of the Black Sky Monster Clan was shocked. What was the background of these two humans? Their combined strength was so powerful!

“Old b*stard, let me ask you. Did something happened in the depths of the dark moon secret realm? Why are you all trying to escape?”

Lu Benwei also understood. This monster was not starting a riot, it was running away!

“What?!” The clan leader of the Black Sky Monster Clan’s face darkened. “Why do you care?”

“It seems like my guess was correct!” Lu Benwei sneered.

The clan leader of the Black Sky Monster Clan was furious and wanted to kill Lu Benwei!

Lu Benwei and Chu Yan started a battle with him!

The clan head of the Black Sky Monster Clan was at level 60. However, it was currently nighttime, and the dark energy in the dark moon secret realm had doubled. The strength of the clan leader of the Black Sky Monster Clan had also doubled! At this moment, he could fight a level-65 hunter!

In the face of such a strong enemy, Lu Benwei did not dare to be careless. The four major enhancement skills enhanced him and Chu Yan together and activated their origin level bloodline.

Lu Benwei’s eyes were bright, and his fists punched out like a god, causing the sky to collapse.

...

“Boom!”

Chu Yan summoned an elemental storm, which made a tsunami-like sound. It rumbled and rumbled, and its power was terrifying!

“Swish!”

The clan leader of the Black Sky Monster Clan transformed his dark power into a huge saber. It cut through the void and shot out two rays of black light.

“Boom, boom, boom!”

The earth trembled. The first blow of the battle between the two sides created a terrifying scene.

This must be another great battle.

Chapter 320 The Great Battle with the Clan Leader of the Black Sky Monster Clan

“Boom!”

The monster attacked continuously, using its most powerful attack right from the start.

“Boom!”

It received the seal with both hands and clapped. Suddenly, a huge black pot appeared in the sky and instantly covered Lu Benwei and Chu Yan.

!!

“Boom!”

Lu Benwei and Chu Yan were not afraid and used the Mountain Sea Seal at the same time. This was a legendary skill. It was hard to imagine that a human could summon the power of mountains which could suppress the heavens and shook the earth!

“Boom, boom, boom!”

Two great mountains rose from the ground and resounded through the world!

Chu Yan waved her lotus-like arms and directed a big mountain to attack the big black pot, looking for an opportunity for Lu Benwei to attack!

Lu Benwei held the mountain and suppressed the monster! Lu Benwei’s speed was so fast that the Black Sky Monster could not dodge!

“Boom!”

The great mountain directly pressed down with terrifying power. It was as if even the sky was collapsing, and the earth was shaking non-stop!

The Black Sky Monster suffered a severe shock and coughed up a large amount of blood. At this moment, it was furious. A human boy and a human girl had made him bleed!

It pointed with its finger, and a black demonic light shot out, capable of penetrating everything! In an instant, Lu Benwei’s mountain had a big hole in it.

Chu Yan came to help.

“Elemental Storm: Bloom! Go!” Chu Yan shouted. The power of various elements formed a huge flower that occupied half of the forest.

“Boom!”

The power of the elements bloomed, and a white and crystal-like substance poured out. It was extremely resplendent, and it was like a huge waterfall!

The heavens and earth were filled with brilliant light as it bombarded the Black Sky Monster!

“What a terrifying skill. How many more godly skills do you have?” Lu Benwei asked curiously.

“I’m not telling you!” Chu Yan said, putting her hands on her hips. “Unless you tell me what level you are now?”

Lu Benwei scratched his head. When he was dealing with the monster army, he accidentally triggered a few 10x experience points.

“Probably, maybe, level 49!”

“You’re level 49. You’ve leveled up so many levels without a word?” Chu Yan gritted her teeth in anger!

Chu Yan did not know that Lu Benwei had a system. He only knew that his level had increased much faster than ordinary people.

Of course, Chu Yan also thought that her level was not much slower than Lu Benwei’s. At this moment, she gritted her teeth crazily, thinking that Lu Benwei was cultivating behind her back!

“Alright, it’s time for you to tell me how many more godly skills you have!” Lu Benwei said.

“Who’s going to tell you!”

Lu Benwei was stunned and shook his head. “Woman’s mind is really hard to figure out.”

The Black Sky Monster was just as dumbfounded as Lu Benwei.

“I’m fighting with you, but you’re here flirting with her?”

The more the Black Sky Monster thought about it, the angrier he became! An indescribable anger erupted from its body. It was as if the end of the world had come.

“Roar!”

The black demon’s roar shook the mountains and rivers. Demonic light burst out in all directions, and the wind and clouds all dissipated at this moment. This was a heaven-destroying technique that was extremely terrifying!

Lu Benwei returned to his normal state, and the Ancient Sword of Clarity appeared, humming continuously! The destructive sword light filled the sky and blasted out!

“Boom!”

The violent collision caused the earth to shake and the mountains to shake. It was extremely intense!

Chu Yan's eyes flickered, and she took the opportunity to attack!

"Boom!"

An endless elemental storm burst out. Chu Yan used a variety of elemental skills. The endless colors occupied half of the sky!

The Black Sky Monster coughed out blood. Lu Benwei's destructive divine sword had caused him a lot of damage! Now, it had to face Chu Yan's elemental storm!

It let out a muffled groan and exerted all its strength to shake. A monstrous black gas spread out. The black light sparkled and tried to drown the sky, suppressing the endless elemental storm! However, it had taken it for granted.

Lu Benwei and Chu Yan's combined strength was very powerful and could not be compared to ordinary monsters! The Black Sky Monster felt boundless pressure and intended to retreat!

"You want to run?"

Lu Benwei quickly blocked the Black Sky Monster's retreat with his fists.

The monster was infuriated. It met the attack with its skinny and shriveled fist and smashed it heavily. It was so heavy that it could almost crush the sky!

"Boom!"

The stars were torn apart, and the Black Sky Monster dissolved the attack.

"Grandson, run!" the Black Sky Monster shouted.

Below, Hei Zhou's body trembled violently. The grandfather that he was so proud of was about to be defeated! This was unbelievable. Was that kid not a magician?

Before he could be shocked, Hei Zhou ran away!

The clan leader of the Black Sky Monster Clan was the same. It kept releasing black fog to block the vision of the two people in an attempt to escape!

"Where are you running to?"

Lu Benwei's eyes lit up! The Eye of Insight was activated!

...

The Black Sky Monster and Hei Zhou were instantly locked onto his right!

"Chu Yan! Right front!"

When Chu Yan knew about this, she took out her staff and her elemental power went berserk!

"Lightning Magic: Evil Flame!"

The world was shaking. A purple ball of lightning hung high above her head. The purple lightning that shot out from it poured down like the Milky Way. Then, it roared in unison and surged forward.

Mountains collapsed and tsunamis crashed, and rocks and clouds collapsed!

In the sky, the wind and clouds were destroyed, and the evil thunder and lightning surged in all directions with infinite power!

Lu Benwei circulated the Holy Key Sage's light bloodline to the extreme and then took out the Ancient Sword of Clarity!

The power of destruction and the power of light gathered on the sword. This was a skill that he had created. The power of his bloodline combined with this skill could produce unparalleled power!

"Divine Sword of Destruction: Power of Light!"

A strong wind blew away the sand and stones. Such a rich power of light had made the world appear like an apocalyptic scene!

...

The black mist dispersed, and the clan leader of the Black Sky Monster Clan and Hei Zhou fled in a panic. Their figures were very comical.

"Boom!"

The lightning and the destructive sword light were blasted out. It hit the clan leader directly!

The Black Sky Monster Clan leader coughed up blood. A large part of his chest had rotted, and blood was flowing out. His signs of life were constantly weakening until they were all gone.

At the same time, the remaining power of the lightning and the destructive sword light continued, cracking the earth and shattering the sky!

Hei Zhou was affected, and one of his wings was torn apart. He spat out a mouthful of blood and fell to the ground!

"Speak! What's happening in the depths of the dark moon secret realm?"

Lu Benwei stepped on Hei Zhou's body and stuffed the Sword of Ancient Clarity into its mouth!

Hei Zhou sneered and mumbled, "Puny human, do you want me to tell you what happened in the dark moon secret realm? No way!"

Lu Benwei smiled and said, "It seems like you still don't understand the situation!"

In the next second, he flicked his wrist and turned the sword. Hei Zhou's teeth were all broken, and its mouth was pierced.

"Pfft!"

Blood kept flowing out of the corner of his mouth, but Hei Zhou was in so much pain that it could not even howl.

“I’ll talk, I’ll talk!” Hei Zhou was scared and begged for mercy.

“Tsk, I thought you would never yield!” Chu Yan said disdainfully.
