

## Dungeon 321

### Chapter 321 The Conspiracy of the Succubus Clan

"If I tell you, can you let me go?" Hei Zhou asked.

Lu Benwei pondered for a while and said, "As long as you promise me that you won't attack humans again, I can let you go."

Hei Zhou was on the verge of tears. He would not dare to invade human territory.

"Alright, alright, alright. I promise I won't offend you humans in the future."

!!

After a pause, he looked at Chu Yan. Chu Yan rolled her eyes and raised her hand. "Okay, I swear. After you reveal the secret of the dark moon secret realm, I will not make things difficult for you!"

Only then did Hei Zhou relax. He gulped and said, "It's the Succubus Clan..."

Lu Benwei's face darkened. As expected, his guess was right.

"This matter has nothing to do with you," Hei Zhou continued. At this moment, he looked at Lu Benwei.

"What is it?" Chu Yan asked, "Did you have a fortuitous encounter in the dark moon secret realm previously?"

Lu Benwei nodded and asked Hei Zhou, "The saintess of the Succubus Clan?"

Hei Zhou nodded. "That's right. With your help that day, the saintess received the inheritance of the Succubus Clan. After that, her strength skyrocketed. Now, she has become the Succubus Clan's leader."

"Then why did she start this riot?" Lu Benwei asked again.

"At first, they wanted to re-divide their territory in the dark moon secret realm, but the native clans of the dark moon secret realm didn't agree. After all, the Succubus Clan is a foreign monster clan. Later, the Succubus Clan started a war," Hei Zhou said, "That's how the dark moon secret realm became like this."

Lu Benwei felt a little strange, as he could not figure out what was going on.

"But can the Succubus Clan alone beat so many of your monster clans and make them flee in such a sorry state?"

Hei Zhou's face suddenly darkened. He lowered his head and stammered, "Not willing to say anything."

"Hurry up and tell me!"

Lu Benwei lifted his leg and kicked Hei Zhou's butt.

Hei Zhou was scared. Lu Benwei's strength was too strong.

"I'll talk, I'll talk!" Hei Zhou said, "It's a succubus formation. Once it's completed, all the monsters in the dark moon mystery realm will not be able to escape!"

“What kind of formation is it that?”

“I don’t know, but it’s really amazing! If the formation is completed, what will happen to you?” Lu Benwei frowned.

Hei Zhou was speechless. “Are you sure you want me to say it?”

“Hurry up and tell me, you’re so slow like a girl.”

Chu Yan’s temper was particularly irascible, and she punched the trunk of a big tree next to Hei Zhou. The tree broke on the spot, and with a boom, it fell to the ground.

A chill ran down Hei Zhou’s spine, and he looked extremely embarrassed.

“I’ll tell you, but don’t hit me... Anyone who is affected by this formation, whether they are human, monster, man, woman, old or young, will be entangled by lust and will do it endlessly. In the end, the man will die of exhaustion but the woman...”

Lu Benwei was speechless. “Alright, you don’t have to say anymore. I think I already know.”

Chu Yan shook her head and said, “It’s just a large aphrodisiac!”

Hei Zhou looked as if he had just eaten a fly. “If that’s what you think, you’re not wrong.”

“That’s too scary. If this affects Jiujiang City, the consequences will be unimaginable.” Lu Benwei took a deep breath and felt his crotch turn cold.

Chu Yan shrugged. “This is nothing. We women will be fine!”

“You’re so sure?”

“Anyway, I’ve only heard that there are only cows that die of exhaustion, no fields that are damaged from the plowing.” Chu Yan did not seem to care.

At this moment, Lu Benwei and Hei Zhou’s faces were as ugly as if they had eaten flies.

Hei Zhou suddenly thought of something and blinked. “That’s all I know. According to our agreement, you should let me go.”

Lu Benwei smiled slyly. “Of course! I’ll let you go.”

Hei Zhou muttered to himself as he looked at the evil expression on Lu Benwei’s face. Lu Benwei was rubbing his hands and walking toward it with a smirk on his face. Hei Zhou suddenly felt uncomfortable.

“You... What are you doing?”

” Be good and go to sleep!”

After saying that, Lu Benwei threw a punch at Hei Zhou, causing him to see stars!

“Boom!”

Lu Benwei threw another punch at Hei Zhou’s stomach. There were the most nerves here, and the pain was the strongest.

Lu Benwei promised Hei Zhou to let him go. However, he did not guarantee that he would not do anything before letting him go.

At this moment, Hei Zhou was covered in wounds. It had multiple fractures all over its body and its face was swollen.

“Devil, devil... You’re the devil...”

Even Hei Zhou was traumatized by the attack. It leaned against a tree and kept groaning.

After cleaning up, Lu Benwei clapped his hands and touched his nose. “It’s almost time. It won’t be able to harm humans for at least three months.”

Lu Benwei turned to Chu Yan and said, “Let’s go. After dealing with this batch of monsters, I reckon there won’t be anything that can stop us from finding the rest.”

“Hmph! There’s nothing that can stop the succubus saintess from finding you, right?” Chu Yan said in a strange tone.

With that, Chu Yan did not look back and quickly walked toward the depths.

Lu Benwei was speechless. He spread his hands helplessly and could only follow Chu Yan silently.

However, not long after they left, the two of them stopped in their tracks. In the forest in front of them, rustling sounds could be heard.

“There are so many of them left?” Lu Benwei and Chu Yan also became alert.

...

Although the two of them were in a cold war, they were both in a fighting stance.

Lu Benwei enhanced Chu Yan with four skills. At the same time, Chu Yan also stood in front of Lu Benwei to deal with the first wave of attacks.

The rustling sounds grew louder and louder, as the alarm in their hearts did the same!

Just as the figure was about to appear, a cold voice was heard.

“Don’t move!”

From the forest, more than a dozen black, thick, and long muzzles came out and aimed at Lu Benwei and Chu Yan.

“Eh? You guys are students?”

A dozen soldiers emerged from the forest, followed by a few professional hunters from the army.

The leader of the hunters, who was also the commander of this team, shouted, “Don’t you guys know that you can’t go near the depths of the dark moon secret realm?!”

“Reporting, Sir! A Black Sky Monster has been discovered!” a soldier who was patrolling the surroundings suddenly shouted.

The others immediately became alert. They raised their black, thick, and long muzzles and walked in the direction of Hei Zhou.

...

The officer was instantly infuriated. The two students were causing too much trouble.

“You two, wait here. If the situation doesn’t look right, run on your own!”

Chapter 322 Nine Tribulations Regeneration Technique

Lu Benwei was about to reveal his identity. However, the officer could not wait to keep up with the pace of the team.

“The Black Sky Monster has appeared. When will this chaos end?” the officer complained as he ran.

Lu Benwei and Chu Yan stared at each other. After a long while, Lu Benwei said, “Chu Yan, let’s follow them.”

Chu Yan snorted and rolled her eyes at Lu Benwei. Then, she walked ahead.

!!

At the same time, Hei Zhou slowly opened its eyes.

“Black Sky Monster, don’t move!” All the soldiers immediately raised their guns and warned Hei Zhou.

When Hei Zhou saw this, it cursed in its heart. Which god did he offend today? Why was he so unlucky? It had just sent away Lu Benwei, and now this group of flies came.

Hei Zhou frowned, getting tired of it. At present, its body was seriously injured. If it was any other time, this group of people in front of it would not be a threat. However, if they went all out, at most, both sides would be injured.

“Humans, why don’t you kneel when you see me?!” Hei Zhou was pretentious and very arrogant.

When the soldiers heard this, their expressions sank, and their nerves tensed up. Their index fingers were on the trigger, ready to fire the bullet at any moment. At this moment, the senior officer also ran over quickly and walked to the front of the team.

“Black Sky Monster, I’ll give you three minutes to get the hell back to your territory. Otherwise, don’t blame us for being impolite!”

The officer’s name was Liu De, and he had been stationed in the dark moon secret realm’s army for a long time. He was quite familiar with the Black Sky Monster.

The Black Sky Monster had always moved in groups, and now there was only one, which puzzled Liu De.

Hei Zhou sneered and opened its blood-red mouth. “Just you guys? In your dreams!”

Hei Zhou dragged his heavily injured body and mobilized the power of darkness.

“Swish!”

A black demonic light shot out, and a warrior blocked it!

“Boom!”

An explosion rang out, and the shockwaves spread to everyone!

A soldier was just about to shoot when he was hit by the shockwave and flew back several meters. Liu De was also affected and took a few steps back.

At this moment, everyone saw Hei Zhou’s body. One of his wings was missing, and blood was still seeping out of it.

Everyone’s scalps suddenly went numb. The severely injured Black Sky Monster was still so powerful. If it was at its peak, it would be a terrifying existence!

However, they were also curious. Who could cause such damage to the Black Sky Monster?

Hei Zhou was extremely disdainful. The highest-level hunter was only level 35, and he dared to be so presumptuous in front of them!

“Dark Destruction Finger!”

Hei Zhou’s hands did not stop moving. Several dark purple beams of dark energy shot out in succession, each carrying an extremely strong death aura.

Under the night sky, Hei Zhou’s blood vessels glowed with a terrifying luster as energy flowed through them. Its hair flew in the air as if it was a Monster King.

Everyone was shocked, and a chill ran down their spine. They had no way of dodging such a powerful skill!

At this time, Lu Benwei arrived and saw this scene.

“Hei Zhou, what did I tell you just now?” Lu Benwei coldly said.

Instantly, Hei Zhou’s body trembled as its eyes were filled with fear!

“Big Brother, Big Sister, you’re back.” Hei Zhou smiled apologetically.

“Big Brother, Big Sister?”

When the squad heard the Black Sky Monster repeatedly calling the two students “Big Brother and Big Sister”, they felt that their world view had collapsed.

“Why is the Black Sky Monster calling you big brother and big sister?” Liu De was very confused.

“What?” Hei Zhou rolled its eyes at Liu De. “How can you speak to my big brother and big sister like that?”

Then, Hei Zhou ran to Lu Benwei’s side and massaged his shoulders and legs with a flattering look.

“How did you recover so quickly?” Lu Benwei was very surprised.

Logically speaking, he had just severely injured Hei Zhou, so it should not be able to get out of bed for three months. Now, not only was it fine, but it could even activate skills. It was amazing.

Hei Zhou scratched its head. "Big Brother, you cut off my head before. Didn't I revive with full health?!"

"That's true." Lu Benwei did not feel strange about this.

At this moment, Liu De and the others were dumbfounded. It was unbelievable that a monster was so eager to please a human!

"Reporting, Officer Liu! Not far ahead, we've discovered a large number of monster corpses!" a soldier reported.

"How many are there?" Liu De asked.

"According to incomplete statistics, there are probably thousands of them," the soldier said, gulping.

"What?" Liu De frowned.

"According to our investigation, we found that there are only two ways to destroy this group of monsters. One uses the power of all kinds of elements, while the other's attack method is extremely overbearing. It's either torn to pieces or reduced to ashes."

Liu De's scalp went numb after hearing the report. Such a powerful attack, could it be the two students in front of him? Impossible!

Even though the students of Jiujiang City had helped a lot, how could they have torn apart an army of thousands of monsters?

At this time, Liu De looked at Lu Benwei.

"Big Brother, do you want to hear how my injuries recovered so quickly?" Hei Zhou's face was full of flattery.

"Tell me about it."

Hei Zhou laughed. "Big Brother, this miracle was caused by an ancestor of my clan who accidentally obtained a secret technique. It's called the Nine Tribulations Regeneration Technique! After each tribulation, one's regeneration ability will increase by a large margin."

"Which tribulation have you cultivated to?" Lu Benwei asked.

...

Black Curse chuckled. "I'm not talented. I've only cultivated to the third tribulation."

"You can reattach the head after training to the third tribulation?"

Lu Benwei's eyes flashed. If the third tribulation could bring the dead back to life, what would the ninth tribulation be like?

"I don't think so." Hei Zhou shook his head. "Firstly, I can be resurrected because of the Nine Tribulations Regeneration Technique. Secondly, it took my grandfather a lot of effort to resurrect me. If I can reattach my head, I must train to the fifth tribulation."

Lu Benwei was still in disbelief. If one could almost bring the dead back to life after cultivating it to the fifth tribulation, it was a divine skill!

Hei Zhou saw through Lu Benwei's thoughts and laughed dryly. "Big Brother, do you want to cultivate it?"

At this moment, Liu De led his men and surrounded Lu Benwei, Chu Yan, and Hei Zhou.

"No matter what relationship you have with this Black Sky Monster, monsters should be killed!"

Upon hearing this, Hei Zhou was both angry and afraid! If Lu Benwei was not here, the army of humans would've been torn apart.

At this time, Lu Benwei stepped forward and said, "Hello, Sir, let me introduce myself. My name is Lu Benwei."

"What? You're Lu Benwei?!" Liu De's eyes widened.

...

If he was Lu Benwei, then everything that had happened could be explained.

#### Chapter 323 Before Departure

Lu Benwei's name was known by everyone in the dark moon secret realm.

The commander had always said that Lu Benwei had a unique skill that allowed him to enter the deepest part of the dark moon secret realm without being attacked by the dark energy. He did not expect it to be a student!

"Are you really Lu Benwei, the Lu Benwei that was sent to help us?" Liu De said excitedly.

Lu Benwei nodded.

Suddenly, Liu De's expression changed, and he asked, "Then, the monsters in the vicinity..."

"It was me and my companions who killed them." Lu Benwei did not intend to hide it.

Hearing this, everyone's expression became extremely shocked, and they kept gasping. There were at least a thousand monster corpses, and they were all killed by two students. For a moment, everyone felt like they were in a dream. It was unbelievable.

Liu De swallowed his saliva and looked at Hei Zhou.

"Lu Benwei, this Black Sky Monster..." Liu De asked Lu Benwei.

"Let's keep him for now, I can keep an eye on him," Lu Benwei said lightly.

"Oh," Liu De said and waved his hand. He had the others escort the Black Sky Monster while he led Lu Benwei and Chu Yan to the army's base camp.

The security here was extremely tight. When everyone entered the gate, they had to be scanned to see if they were transformed from monsters.

Liu De and his group returned with two unfamiliar students and a Black Sky Monster. The entire base camp was immediately on alert!

The soldiers and military hunters surrounded Liu De and his group, making it impossible for even a drop of water to pass through.

“Liu De, what do you mean by this?”

The leader was a one-eyed man. At this moment, he was staring at Liu De and his group vigilantly through his remaining eye.

“Hehe...” Liu De laughed dryly. “Commander Xu, guess who I’ve brought you?”

The one-eyed man was the commander of this army, and his name was Xu Zhi.

Xu Zhi’s eyes glanced at Lu Benwei, Chu Yan, and then at Hei Zhou. This strange combination looked like they were monsters or monster dwellers.

“What are you talking about?! Take them down!” Xu Zhi shouted.

“Commander Xu, this is Lu Benwei!” Liu De’s face instantly changed.

“Eh? Lu Benwei?” Xu Zhi’s eyes widened.

At this time, there were three consecutive “ka-chak” sounds. Lu Benwei, Chu Yan, and Hei Zhou were all handcuffed with the level suppression handcuffs.

Hei Zhou naturally wanted to resist. However, it could not fight against so many people and was soon beaten up.

“Big Brother, save me!” Hei Zhou helplessly turned to Lu Benwei for help.

“Can’t you just be more honest?” Lu Benwei rolled his eyes.

At this time, a soldier beside Lu Benwei suddenly shouted, “What are you mumbling about?! Be honest!”

Then, he threw a punch, wanting to teach Lu Benwei a lesson.

“Boom!”

After a loud noise, a scream of extreme pain was heard. Everyone’s eyes widened in disbelief.

The soldier from before was holding his wrist and lying on the ground, rolling, and howling.

“What’s going on? Wasn’t that young man handcuffed with a level restriction?”

At this moment, Lu Benwei’s face was as calm as an ancient well as he said, “Is this how your army treats its guests?”

When all the soldiers heard this, they were all furious.

“Damn it, how can you be so arrogant in our territory?”

One by one, they stepped forward, wanting to teach Lu Benwei a lesson.

“Stop!”

A roar stopped all the soldiers.

“Commander Xu, what’s wrong?” Everyone was puzzled.

“Hurry up and untie Lu Benwei!” Xu Zhi spoke quickly!

Lu Benwei? All the soldiers knew that they would have a powerful helper named Lu Benwei. They did not expect it to be the young man in front of them.

How old was he, yet he dared to say that he could help them resolve the crisis in the dark moon secret realm? At first, Xu Zhi was also in disbelief. However, after hearing Liu De’s words and Lu Benwei’s performance, he was convinced.

“What are you still doing? Untie Lu Benwei and Chu Yan!” Xu Zhi said.

The soldiers did not dare to delay and quickly uncuffed Lu Benwei and Chu Yan.

“Commander Xu, what should we do with the Black Sky Monster?” a soldier asked.

“This...”

Xu Zhi fell into deep thought. According to Liu De, the Black Sky Monster was Lu Benwei’s underling. However, it was the most dangerous monster in the dark moon secret realm with shocking damage.

At this time, Hei Zhou could see that this group of people treated Lu Benwei as a guest of honor and could not help but raise its nose.

“My big brother Lu Benwei. I’m his little brother. Why don’t you release me?” Hei Zhou was very arrogant.

Xu Zhi’s mouth twitched as he looked at Lu Benwei.

Lu Benwei glanced at Hei Zhou coldly and said, “This guy called me big brother, but it’s its own wishful thinking. You can do whatever you want with it. Just make sure you don’t kill it. I still have a use for it when I enter the depths of the dark moon secret realm!”

Hearing Lu Benwei’s words, Hei Zhou’s heart turned cold.

At this moment, the soldiers around him were overjoyed. “I thought you had a deep relationship with Lu Benwei, but you’re just a bootlicker!”

After saying that, the soldiers went into battle and gave Hei Zhou a good beating!

...

On the other side, Xu Zhi treated Lu Benwei and Chu Yan as distinguished guests.

“Lu Benwei, can you really go into the depths of the dark moon secret realm without being eroded by the dark force?”

Lu Benwei did not intend to be polite and said, “To be honest, Commander Xu, I have the bloodline of the dark power in my body. Not only will the dark power not erode me, but it will also be beneficial to me.”

“I see.” Xu Zhi suddenly understood and looked at Chu Yan. “Then Chu Yan also has a bloodline with a dark power?”

Chu Yan shook her head. “No, I just want to go in and play.”

After that, he glanced at Lu Benwei with disdain.

“Go in and play ...” The corners of Xu Zhi’s mouth twitched.

Lu Benwei sighed and explained, “Don’t worry, Commander Xu, Chu Yan has the ability to protect herself.”

“That’s good!” Xu Zhi nodded and took a deep breath. “I’ll leave the reason for the chaos in the dark moon secret realm to you.”

“Commander Xu, I’ve already found out the reason for the chaos in the dark moon secret realm through the Black Sky Monster.”

Xu Zhi’s pupils shrank, and he immediately perked up his ears. “What is it?”

...

“It’s the Succubus Clan!”

Lu Benwei told Commander Xu what Hei Zhou told him.

Everyone present sucked in a cold breath. Their pants were cold, and just thinking about it made their waists hurt.

“It’s all because of someone,” Chu Yan said faintly, “If he hadn’t been kind enough to save the saintess of the Succubus Clan, this wouldn’t have happened.”

#### Chapter 324 The Conclusion

Lu Benwei’s mouth twitched. What Chu Yan said was true.

The riot in the dark moon secret realm was related to Shiya and also a little bit to Lu Benwei. Therefore, he had to personally deal with this riot.

Lu Benwei pondered for a moment and then said, “Commander Xu, there’s no time to lose. I want to enter the deepest part of the dark moon secret realm immediately.”

Xu Zhi was surprised when he heard that Lu Benwei wanted to leave immediately.

!!

“You’re leaving now? Don’t you want to rest?”

Lu Benwei shook his head and said, "Time is tight. No one knows how far the Succubus Clan has reached."

Xu Zhi thought about it and agreed. "Be careful on your way back."

"As for the Black Sky Monster, I want to use him as my map, so can you...?" Lu Benwei said.

"No problem. I can hand it over to you." Xu Zhi nodded repeatedly.

After a while, Hei Zhou, who had been beaten black and blue, hid behind Lu Benwei, tears and snot flowing down its face.

"Big Brother, they're bullying me! You have to stand up for me!"

Lu Benwei kicked Hei Zhou's butt and said, "Cut the crap. Lead the way. Take us to the Succubus Clan's territory."

Hei Zhou did not dare to disobey. It rubbed its butt and led the way for Lu Benwei and Chu Yan.

"Everyone, fire and salute!" Just as Lu Benwei stepped out of the base camp, Xu Zhi suddenly shouted.

The soldiers in the base camp instantly got into formation and fired three shots into the sky!

"Bang, bang, bang!"

The next second, Xu Zhi led all the soldiers and military hunters and saluted in the direction where Lu Benwei had gone. He clenched his fists when he saw the high hopes everyone had for him.

This crisis had started because of him, and it had to end because of him.

...

Lu Benwei and Chu Yan, under the leadership of Hei Zhou, officially entered the depths of the dark moon secret realm.

"Big Brother, are you sure you want to enter the Succubus Clan's territory?" Hei Zhou asked.

"Yes," Lu Benwei replied.

Hei Zhou gulped. "Then I'll only be responsible for bringing you into the Succubus Clan's territory. I'll leave the rest to you."

Lu Benwei nodded. Compared to the outside, the power of darkness in the depths was much denser. Even Lu Benwei had to activate Lucifer's Bloodline to constantly catalyze the dark power from the outside world.

However, to his surprise, Chu Yan was in much better spirits than him.

"Chu Yan, are you okay?" Lu Benwei thought for a while and asked with concern.

"I'm fine," Chu Yan replied lightly.

Lu Benwei shrugged his shoulders and activated the Eye of Insight to quietly observe Chu Yan's state.

[Name: Chu Yan]

[Class: Elemental Oracle]

[Level: 46]

[Talent: ...]

[Status: Continuous blood loss...]

“Is she losing blood?” Lu Benwei was shocked and his face darkened.

“Chu Yan, when did you get injured?”

Chu Yan blinked and asked, “What did you say? I didn’t!”

“You’re clearly injured. I knew it!” Lu Benwei’s expression became serious.

“You can see...clearly?” For some reason, Chu Yan’s face turned red.

“Don’t pretend that you’re fine. You’re clearly losing blood. You must’ve been injured in the battle just now. Sit down and let me examine you.” Lu Benwei very considerately found a big flat stone for her to sit on.

“You still want to examine me?” Chu Yan’s beautiful eyes were filled with disbelief, disdain, and anger!

“Slap!”

A loud slap landed on Lu Benwei’s face. Chu Yan gritted her teeth and said fiercely, “Hooligan!”

Lu Benwei covered his face and was about to cry. “I just wanted to see where you were hurt. How could I be wrong?”

Hei Zhou was gloating at the side. It patted Lu Benwei’s shoulder. “Big Brother, did you forget? You human women have a few days every month...”

“F\*ck, how could I have forgotten about that?” Lu Benwei slapped his thigh and wished he could slap himself a few more times.

Lu Benwei laughed and said, “Chu Yan, I’m sorry. I was just a little worried about you, so I used the Eye of Insight to check your condition.”

Chu Yan looked at Lu Benwei. Seeing how sincere he was and that it was not a big deal, she felt a little less sulky.

“So that insight skill of yours is called the Eye of Insight, huh? How old-fashioned.”

Chu Yan shook her head.

“I’ll forgive you for the time being since you’re concerned.”

On the side, Hei Zhou was grinning from ear to ear. “It turns out that you humans are also so afraid of women!”

“Don’t talk nonsense, I’ll beat you up.”

“I’m just a classmate of that annoying fellow,” Chu Yan showed her fist and said angrily.

Hei Zhou immediately shut its mouth. Suddenly, its eyes lit up and it beckoned to Lu Benwei and Chu Yan, "Big Brother, Big Sister, come quickly."

...

After saying that, it flashed into the dense forest not far away. Lu Benwei and Chu Yan followed.

As soon as they entered, they were shocked by the scene upfront.

The dense forest that Lu Benwei and Chu Yan had seen before was just an illusion. Behind the dense forest was a small secret realm.

The area was vast, stretching for thousands of miles. In the forest in the distance, there were towering trees that reached the sky.

"This is your tribe's territory?"

Lu Benwei soon found some traces of the Black Sky Monsters here.

"Yes." Black Curse nodded. "This is the only small secret realm in the dark moon secret realm."

As he spoke, Hei Zhou became resentful. "It's a pity that we have to give up on this land because of that damn Succubus Clan."

Lu Benwei nodded in understanding. This secret realm was filled with extremely dense dark energy, pure and surging. To the dark creatures, it was a treasure trove. Now that it had no choice but to abandon it, it was understandable for Hei Zhou to be angry.

Lu Benwei suddenly thought of something and asked, "I remember you said that the Succubus Clan is a foreign clan. Is that true?"

Hei Zhou said angrily, "That's right, when their entire clan was in trouble, we were kind enough to take them in. Now, they keep saying that the dark moon secret realm has always been the Succubus Clan's since ancient times. All the other clans must get out."

...

"Hence, a huge war broke out. The Succubus Clan activated that bewildering formation, and the other clans in the dark moon secret realm had no choice but to escape as if they had gone crazy."

Chu Yan finally understood and came to a new conclusion. "It turns out that there are conflicts of interest between different clans."

Lu Benwei also felt that this information was very important. There were conflicts of interest between the monster clans, which proved that some monster clans could be roped in and let them consume themselves.

Chapter Meeting Shiya Again

Hei Zhou took Lu Benwei and Chu Yan around the Black Sky Monster Clan's territory.

When they arrived in front of a huge palace, Hei Zhou was extremely excited. "Big Brother, Big Sister, wait for me here. I'll be right back."

Then, it quickly walked into the palace. Lu Benwei and Chu Yan waited for a long time, but Hei Zhou did not come out.

“Is this kid trying to trick us?” Chu Yan felt a little strange.

Lu Benwei shook his head. “No, he won’t. Although this kid’s quality isn’t good, it is still honest in front of us,” as he spoke, the palace door opened.

Hei Zhou ran down the stairs.

“Big Brother, look what I brought you.”

At this moment, a red stone tablet ran into Lu Benwei’s arms as if it was possessed.

“My guess was right. The Nine Tribulations Regeneration Technique is the most suitable for Big Brother,” Hei Zhou said.

“This the Nine Tribulations Regeneration Technique? You’re giving him to me?” Lu Benwei was shocked.

“Yes, that’s right. I can’t practice the Nine Tribulations Regeneration Technique anymore,” Hei Zhou said while scratching the back of its head, “I might as well use it to do business with Big Brother.”

“What kind of business do you want to do with me?” Lu Benwei asked.

The Nine Tribulations Regeneration Technique could be said to be a treasure, and the reason why Hei Zhou used it as an exchange was by no means a trivial one.

“I want Big Brother to help me reclaim the territory that belongs to our Black Sky Monster Clan from the Succubus Clan.”

Lu Benwei heard this and thought that this request was not too much.

“No problem, leave this to me. But still, you and your clan aren’t allowed to harm humans in the future,” Lu Benwei said in a deep voice.

“Big Brother, aren’t you making things difficult for me?” Hei Zhou was troubled. “I can guarantee it, but I can’t guarantee that my people won’t harm humans.”

“I don’t care, you have to figure it out yourself,” Lu Benwei said.

“Wait a minute, don’t you think something is wrong?” Chu Yan suddenly said.

“What do you mean?” Lu Benwei asked.

“Since the Black Sky Monster Clan’s territory has been occupied by the Succubus Clan, it’s impossible that there isn’t a single succubus at all, right?” Chu Yan said.

“F\*ck, it really is!” Hei Zhou thought for a moment and was shocked.

Lu Benwei’s face instantly froze, and alarm bells rang in his heart!

“Not good, quickly run!”

As soon as he finished speaking, the wind and clouds surged in all directions.

“Chi...”

Succubi came out one after another and surrounded Lu Benwei and the other two.

The male succubus was devilishly handsome and had strong muscles.

The female succubus was sexy, charming, and graceful. Her long, snow-white legs were wrapped in black silk, constantly shifting. Her pink heart-shaped eyes moved slightly at the tip of her brows and the corner of her eyes. A faint light flowed, stirring people’s hearts and souls.

“What a handsome human.” The leader of the group was a female succubus. She was very proud and eye-catching.

“Come, come into my arms,” she beckoned.

Then, a pink heart was thrown out and quickly floated to Lu Benwei.

“Crack!”

The pink heart shattered. Lu Benwei was immune to this succubus’ skill!

“An immunity type skill?”

The proud succubus smirked, her laughter charming and disdainful.

“Come, let’s go and squeeze this human dry.”

The succubi on the scene used all their skills and cast their charm skills.

The male succubi also activated their charm skills, displaying their heroic postures and continuously seducing Chu Yan.

Lu Benwei and Chu Yan did not move, letting the charm skill attack them. In an instant, the Black Sky Monster Clan’s territory was filled with a pink halo, and the air was filled with thick, lascivious air.

All the succubi tried their best to shake Lu Benwei’s heart!

A tall succubus released a clone and leaned over to Lu Benwei’s ear. “It’s so cold tonight. I’m very lonely.”

The wind kept blowing on Lu Benwei’s ears, but he only shivered and had goosebumps all over his body.

“Get lost!” Lu Benwei punched out, and the succubus’s clone was smashed into pieces.

On the other side, Chu Yan did not want to waste time with this group of male succubi.

“A bunch of tiny dogs is delusionally trying to seduce me?!” Chu Yan did not care about her image.

She threw out several punches in succession, causing the group of male succubi to run away like rats.

The Succubus Clan’s prideful charm skill did not work at all in front of the two. This group of succubi was no different from ordinary people.

Hei Zhou, on the other hand, was affected by the residual power of the succubus’ charm skill and was controlled by its own desire.

“Master, please humiliate me as much as you can! Use your precious feet to step on me ruthlessly. Trample on me!”

Unfortunately, the succubus had no interest in the Black Sky Monster.

“Where did this wild dog come from? Get lost!” The succubus directly stretched out her feet wrapped in black silk and sent Hei Zhou flying a few meters away.

Not only was Hei Zhou not in pain, but he was also immersed in its own happy world. It clutched its chest and said, “Cool! Master, use more strength on me!”

Lu Benwei was speechless.

...

The succubus was speechless. Hei Zhou continued to pounce forward, infatuated. The succubus was unable to refute. Hei Zhou was like a piece of chewing gum that stuck to the sole of a person’s shoe, and it was difficult to get rid of.

A kick wrapped in black silk, but in return, Hei Zhou became even happier.

“Master, use more strength! Cool!”

Lu Benwei’s face darkened, thinking that he should learn a group immunity skill in the future.

At this moment, the succubi were also tired. Fragrant sweat covered their bodies, and their chests heaved up and down.

Lu Benwei saw that the time had come, so he clenched his fists and threw out countless punches. The galaxy surged and attacked the succubi!

“Boom!”

The stars exploded, and the succubus screamed as she was sent flying.

“Little Brother, please show mercy.”

The proud succubus moved her fleshy legs as if she wanted to escape with her beauty.

“If you let me go tonight, I’ll agree to any position you want.”

...

The other succubus saw this and begged for mercy.

“Little Brother, I’m not clingy. As long as you let me go, I’ll definitely repay you.”

“Little Brother, as long as you spare my life, my sister and I will serve you together.”

Lu Benwei smiled and said, “You’re already at death’s door, yet you’re still delusional about seducing me!”

After saying that, he continued to swing his fists to destroy this group of succubi.

“Brother, please show mercy.”

An ethereal voice came from the air. Lu Benwei felt a little familiar and stopped his movements.

At this time, a spatial fluctuation came from the sky. It was caused by the transmission array. A group of succubi appeared, led by Shiya, the saintess of the Succubus Clan that Lu Benwei had once saved!

Compared to the first time he met Shiya, her face was much more delicate and had a more mature charm. Her figure was also surprisingly good, with curves in all the right places, and very attractive.

Chapter 326 Jealous

The succubi's eyes lit up when they saw Shiya.

"Queen Shiya!" All of them knelt and bowed. "Greetings, Queen Shiya."

"Queen Shiya, please be careful. This human is immune to our charm skill."

"Queen Shiya, you have the inheritance of our Succubus Clan. You can take him down!"

Shiya ignored them and looked at Lu Benwei, her eyes as clear as water.

"Brother, are you here to see me or to settle the chaos in the dark moon secret realm?"

"Solve the riot in the dark moon secret realm," Lu Benwei said lightly, "Queen of Succubus, since we've met, I can let your entire clan go, but you must stop that harmful formation of your clan!"

"Impudent!"

Behind Shiya was an old succubus. Although she was old, she still had her charm!

"You humans are just toys to us, succubi. You dare to rebel and order us around?!"

The old woman's eyes were cold as she shot out a shock attack, causing ripples in the space! The Succubus Clan's charm skills were driven by the spirit attribute. The stronger the spirit attribute, the stronger the charm skill!

At the same time, when one's spirit attribute reached a certain level, it could launch a substantial shock attack, shattering one's divine sense and directly attacking one's soul! This old woman had used the soul shock, which could be said to be a killing move!

"Granny!"

Shiya was anxious and tried to stop the old woman. However, the old woman didn't listen and attacked directly!

Lu Benwei's eyes were cold as he sneered. "Spiritual shock?! I'll join you too!"

Then, he took out the incomplete spirit stigmata and hung it above his head!

"Tremble!"

"Swish-"

Lu Benwei's four-dimensional attributes had long surpassed his level. The spirit attribute was the highest among the four attributes. With the addition of the spirit stigmata, it had reached a terrifying level!

If the old woman's spiritual fluctuation was a ripple, then it would be the same as the old woman's. Lu Benwei's spiritual fluctuation was like a waterfall hitting a boulder!

"Pfft!"

The old woman's mental energy fluctuations could not even withstand a single blow from Lu Benwei.

After it was shattered, she was affected by the remaining power. She spat out a mouthful of blood and fainted. The succubi were shocked and hurriedly went up to check on the old woman's condition.

"Brother, please show mercy!"

Shiya stopped Lu Benwei from killing her grandmother!

"I'll repeat myself. Stop the formation. Otherwise, your Succubus Clan will disappear from this world!" Lu Benwei said coldly.

Shiya looked at Lu Benwei helplessly and then nodded. Then, she took off a lanyard from her neck. There was a pink diamond on it. Shiya closed her eyes and chanted.

"Swish!"

The pink diamond trembled and buzzed. After a while, Shiya slowly opened her eyes and said, "The formation is closed."

On the side, a loud gasp was heard, followed by Hei Zhou's voice.

"Hiss, why does my chest hurt so much after sleeping?" he asked.

Hei Zhou stretched its muscles and checked if it still felt any discomfort.

"Hey, this isn't right. Why are my pants wet?"

The next second, Hei Zhou realized that something was wrong, and its face turned red.

"I'm sorry, I'll be right back!"

After saying that, it ran to the back of a small forest.

"When the charm circle is activated," Shiya explained, "Not only will the creatures within the area be continuously charmed but also the charm skill of our clan be strengthened. Otherwise, the Black Sky Monster would never be charmed."

"Then how can you promise me that you won't use the formation again?" Lu Benwei coldly asked.

Shiya's eyebrows twitched when she heard that. Her eyes were filled with sorrow.

"Brother, do you not trust me that much?"

With that, Shiya clenched her fist.

"Crack! Crack!"

Shiya crushed the pink diamond with her bare hands.

“This is the key to the formation. If you don’t have it, it won’t open again.”

Hearing this, Lu Benwei was relieved.

At this time, Chu Yan had also finished off the group of male succubi who followed behind her like minions.

Seeing Lu Benwei, Chu Yan clapped her hands. “Look, I’ve taken in another group of underlings.”

“Really? Aren’t you afraid that they’ll kill you while you’re sleeping?” Lu Benwei smiled faintly.

“Them?” Chu Yan shook her head.

“Their combined combat power isn’t even as strong as one of my toes!”

Lu Benwei shrugged and smiled.

“Alright, the matter has been resolved. Shall we go back?”

“It’s settled just like that?”

On the side, Shiya looked at how intimate Chu Yan and Lu Benwei were, and her heart was filled with mixed feelings.

...

It was also at this moment that a wolf’s howl came from the forest not far away. Hei Zhou finally remembered what had happened. The succubi had attacked it!

“Succubus, you dare to charm the great Hei Zhou! I’m going to kill you all!”

Hei Zhou rushed out aggressively, wanting to attack the Succubus Clan!

“Hei Zhou, it’s over,” Lu Benwei said softly.

“It’s over?”

Hei Zhou stopped in its tracks and glanced at the succubi. It saw the female succubi, who were afraid of Lu Benwei. Then, it saw many male succubi standing behind Chu Yan like minions. Next, it saw Shiya looking deeply at Lu Benwei, her eyes as tender as water!

“Big Brother, you’re awesome!” Hei Zhou gave him a thumbs up!

Now that the Succubus Clan’s leader’s heart had been stolen by Lu Benwei, it was just a matter of opening her mouth to return to her territory.

“Big Brother, don’t forget our agreement.” Hei Zhou winked at Lu Benwei.

“I didn’t forget!”

At this time, Chu Yan finally noticed Shiya and the way she looked at Lu Benwei. Suddenly, Chu Yan was unhappy and glared at Shiya. Shiya felt Chu Yan’s unkind gaze and retaliated with the same cold eyes!

...

“Blackie, beat her up! “Chu Yan was immediately unhappy.

“Alright!”

Shiya was not to be outdone and was ready to release her charm skill.

“Enough, stop it,” Lu Benwei coldly said, “The matter is almost settled. We should go.”

He ordered, “Shiya, return the Black Sky Monster’s territory. That won’t be a problem, right?”

“No!” Unexpectedly, Shiya refused on the spot!

“The entire dark moon secret realm belongs to us, succubi!”

Hei Zhou said, displeased, “Hey, Shiya, you’re looking for trouble on purpose, aren’t you? Since ancient times, the dark moon secret realm has been the property of the Black Sky Monster Clans and other clans!

“When your clan was in trouble, it was my ancestor’s kindness that allowed you to stay despite the objections of the masses. Not only are you not grateful, but you’re also delusionally trying to take over the secret realm today?”

Hei Zhou rolled up its sleeves. “Do you think I’m a sick cat if I don’t show my power?”

“Oh, really?” Shiya said disdainfully.

“The dark moon secret realm has been the dark monsters’ since ancient times. How can it be the inheritance of our Succubus Clan?”

#### Chapter 327 Two-faced

Shiya crossed her arms in front of her chest and said to Hei Zhou in an aggressive manner, “Then tell me, this dark moon secret realm has been the dark monsters’ territory since ancient times. How can there be a land of inheritance for our Succubus Clan here?”

When Hei Zhou heard this, he was stunned on the spot, and its eyelids kept twitching.

“This... This is because...” Hei Zhou stammered, unable to give a reason.

“Hmph!” Shiya snorted and said, “Why can’t you explain it?”

!!

“This is because the dark moon secret realm has always been the territory of our Succubus Clan. It’s only because of the invasion of the dark force that it became the territory of you dark monsters.”

“Bullshit! F\*ck!” Hei Zhou could not help but curse. “That’s just a one-sided story from your Succubus Clam!”

Shiya shrugged and rolled her eyes at Hei Zhou. “It’s up to you to believe it or not.”

At this time, Lu Benwei asked, “Shiya, does this mean that you won’t return the territories of the Black Sky Monster Clan and the other clans no matter what?”

Normally, Lu Benwei would not even care about it. However, the monster clans in the dark moon secret realm were too numerous. If so many monster clans had no home to return to, they could only choose to snatch human territories as their own. This was also one of the reasons for the chaos in the dark moon secret realm.

Shiya's pink heart-shaped eyes blinked when she heard Lu Benwei's words. "It's not that I won't. If you can agree to one condition of mine, I can even lead the entire clan out of the dark moon secret realm."

"What condition?" Hei Zhou was even more excited than Lu Benwei and asked on his behalf.

"Marry me!" Shiya glanced at Chu Yan after she finished speaking.

In an instant, the world was filled with the thick smell of gunpowder.

"Lu Benwei, she's asking you a question." Chu Yan ground her teeth and her eyes seemed to be on fire.

At this time, Lu Benwei was still confused, not knowing that the war had already started. After pondering for a long time, Lu Benwei finally thought of a solution.

"That Shiya, to be honest..." Lu Benwei pretended to scratch his head. "I already have a wife."

"Huh?"

Chu Yan and Hei Zhou were speechless!

"You... You have a wife?" Shiya blinked in disbelief. She calculated in her mind, and a hot breath lingered in her eyes.

"Big Brother, when did you find me a sister-in-law?" Hei Zhou's eyes widened to the size of copper bells. He was gossipier than anyone else present.

Lu Benwei touched his nose and did not know why he suddenly felt guilty. He spoke faster and faster, "It's an arranged marriage when we were children. We've known each other for many years."

"They're childhood sweethearts! When can I meet my sister-in-law?" Hei Zhou was amused.

Chu Yan heard Lu Benwei's words and her eyebrows and eyes twitched.

"So, it's her." The corners of Chu Yan's mouth twitched, and she revealed a silent smile.

"Don't say anything!" Lu Benwei suddenly shouted. Hei Zhou immediately shut his mouth.

"You're lying!" Shiya did not believe him. "You're lying!"

"No, I didn't."

"Do you have a photo of you both together?"

Lu Benwei was speechless.

Seeing Lu Benwei's silence, Shiya smiled faintly. "Since they're childhood sweethearts and even married, it's impossible that they don't even have a photo, right? Then tell me what your wife looks like," Shiya said after a pause, "Then I'll believe you."

Lu Benwei was a little upset and felt like using Lu Ziling's appearance to send Shiya away.

"She's a very beautiful girl."

Lu Benwei's mood immediately eased a lot as he continued in a soft voice.

"She's very strange, like a little devil. No one can guess what she'll do next or what she'll say. Although she has a bad temper sometimes, I don't mind. Oh right, when she smiles, she'll have little canine teeth..." Lu Benwei's deep eyes became brighter.

After he finished speaking, he heaved a long sigh of relief. Soon, Lu Benwei began to worry again. The person he had just mentioned was not Lu Ziling at all. He had unconsciously said it. In other words, Lu Benwei did not even realize the existence of this person.

'Oh no, can't you tell that I'm just making it up?' Lu Benwei thought.

Shiya had been silent the entire time. The light in her eyes was constantly extinguished, and then lit up again. She really wanted to say something, but after thinking about it, she finally sighed.

"Is that so? I knew it."

"Eh? What do you know?" Lu Benwei suddenly panicked. Did he see through her? At this time, Lu Benwei's brain was spinning rapidly, constantly thinking of countermeasures.

He thought about it and decided to use force! With the true combat power of the Succubus Clan, it was not a problem for Lu Benwei to destroy their entire clan!

Shiya sighed and looked back. "Shall we go?"

The proud succubus from before blinked her eyes. "Go? Go back to where?"

"Return to our territory. We'll return all the territories of the dark monsters."

"But..." The proud succubus was extremely unwilling.

"No buts. We have been living in the dark moon secret realm for a long time. We should live together."

"Alright, then."

The succubi were all extremely disappointed, but they did not dare to disobey Shiya's words.

Lu Benwei saw that the succubi were leaving and was puzzled.

"Brother," Shiya said, looking back, "Although you lied to me that you're married, I still want to give you my blessings. You must be with her."

"Huh?"

Lu Benwei was confused and did not understand what Shiya meant.

"Who is she?"

"The answer is in your heart." Shiya laughed. With that, Shiya turned around and followed the succubi.

Lu Benwei shrugged and said helplessly, "Another riddle."

...

At this moment, Hei Zhou walked over with a smile. "Big Brother, you're really awesome. You conquered Shiya in no time."

Lu Benwei's mouth twitched as he casually responded.

"Oh right, where's Chu Yan?"

At this time, Lu Benwei found that Chu Yan was gone.

"Big Sister told me that something came up," Black Curse said, "She went back to school first."

"She just went back like that without even saying a word?" Lu Benwei sighed helplessly, "This girl is really unpredictable."

"Yeah, Big Sister is good at everything, but she has a weird temper. I even saw her wiping her tears just now," Hei Zhou mimicked Lu Benwei's tone and said helplessly.

"Wipe her tears?" Lu Benwei could not remain calm.

"Alright, I'm done talking to you. I've already communicated with the succubus. Quickly recall your clan. I have to go back to school too."

"Big Brother, don't you want to play a little longer in the secret realm?"

As soon as Hei Zhou finished his sentence, Lu Benwei disappeared from his sight.

...

"Sigh, Big Brother is also unpredictable," Hei Zhou spread his hands and muttered to himself.

#### Chapter 328 Back to School

Lu Benwei went straight out of the dark moon secret realm.

When he passed by Xu Zhi's camp, Lu Benwei told them that the riot was over and that all the dark monsters would return to their habitats soon.

Xu Zhi and the others heaved a long sigh of relief when they heard that.

"Student Lu Benwei, you played a big role in calming down this riot," Xu Zhi patted Lu Benwei's shoulder and said, "Come, I'll have my men slaughter pigs and sheep tonight to celebrate for you!"

Lu Benwei waved his hand and declined Xu Zhi's kind invitation.

"Commander Xu, I still have something urgent to attend to. I need to go back to school first."

Xu Zhi was slightly disappointed. However, when he thought about how the chaos had not completely subsided, he could not be careless, so he felt embarrassed to drag Lu Benwei along. Hence, Xu Zhi nodded in agreement.

Lu Benwei quickly returned to Zhejiang Hunter University in the evening. At this time, many students had already completed the combat test and were busy packing their luggage and heading home.

Lu Benwei first found Zhao Xiaoqi and learned that Chu Yan did not return to the dormitory.

“Didn’t Yanyan go with you on a mysterious mission? Why did she suddenly come back?”

Zhao Xiaoqi sensed that something was wrong.

“Tell me, did you bully her during the mission?”

“Zhao Xiaoqi, you’ve really wronged me.” Lu Benwei spread his hands. “She’s always the one bullying me, I’ve never been the one bullying her.”

Zhao Xiaoqi scratched her head. “That’s true. Then tell me, what did you do before Yanyan left without a word?”

Lu Benwei pondered for a moment and told her everything that had happened since Shiya’s appearance. Zhao Xiaoqi listened to him without missing a word, and suddenly, she was angry.

“You, you, what do you want me to say to you? It’s no wonder that Yanyan is sad when you say that!”

“Ah, did she come back because she was sad?” Lu Benwei was very puzzled.

Zhao Xiaoqi was furious. “Lu Benwei, you’re so talented, but how can you be so stubborn in love? I really feel sorry for Yanyan! How dare you say you’re married in front of Yanyan?”

“I was lying!” Lu Benwei spread out his hands, his mouth twitching.

“You’re a liar. Chu Yan is standing behind you. Why are you talking about other women in front of her?! Can’t you use your wooden brain? Think about how Yanyan was good to you and used her to trick that succubus Shiya!”

The more Zhao Xiaoqi spoke, the angrier she became and she kept punching Lu Benwei’s chest.

“But this isn’t to the point of being angry, right?”

Lu Benwei knew that Chu Yan was good to him. She had accompanied him through life and death, killed enemies with him, recommended Commander Chu to him, gave him the precious Furious Dragon Battle Armor, and even helped him block a fatal poison arrow.

The only thing Lu Benwei had done for Chu Yan was to give her a spirit light monster. He still remembered that Chu Yan had been happy for a long time, but she had never used it.

Lu Benwei had asked about it that day. Chu Yan smiled. “You gave this to me. I want to grow up with him.”

Countless memory fragments were like the night wind blowing the sea, constantly emerging on the shore. Lu Benwei was at a loss and did not know what to do for a while.

Suddenly, he was startled as if he had thought of something. He turned around and ran in another direction.

Zhao Xiaoqi looked at Lu Benwei’s back and gritted her teeth helplessly.

...

In the fountain garden at Zhejiang Hunter University.

At this time, the moon was high in the sky, and the lights in the fountain garden had long been turned off. However, in a corner, there was a warm glow from time to time.

Chu Yan squatted on a bench and reached out her hand, stroking the spirit deer in front of her.

“Lu, Lu, how old are you?”

Perhaps she was bored, Chu Yan started singing a children’s song. The ethereal song reverberated, and only the honking of the spirit deer responded.

At this moment, a series of hurried footsteps sounded, getting louder and louder.

Chu Yan slowly put away the spirit deer and prepared to leave the fountain garden. She had just taken a few steps when Lu Benwei’s voice sounded.

“Chu Yan, you’re really here,” Lu Benwei ran all the way here and tried to balance his breath as he spoke softly.

“How did you know I was here?” Chu Yan blinked and asked.

“I guessed.”

The fountain garden was located in front of the freshmen reception room, where Lu Benwei and Chu Yan first met.

Chu Yan was very disdainful. “Why are you here?”

Lu Benwei sat down and placed his hands naturally on the ground, his fingers constantly moving.

“Are you going to tell me or not? If not, I’ll leave.” Chu Yan puffed up her cheeks and got up to leave.

“I just want to say that I’m grateful for having you by my side all this time,” Lu Benwei said softly.

Chu Yan shook her head. “You have a conscience. You know how to thank me.”

Then, she sat next to Lu Benwei.

“Anything else you want to say?” Chu Yan lowered her head and asked.

“Also...”

It was already winter, and the winter in Jiujiang was bone-piercingly cold and wet. The cold moonlight shone down, covering the two with a layer of silver light.

Lu Benwei and Chu Yan were very close to each other. They could feel each other’s warmth and hear each other’s breathing.

“Also...”

“Lu Benwei, Chu Yan, why didn’t you tell me you were back?”

Just as Lu Benwei was about to speak, an untimely voice sounded. It was Chen Yuan.

“You didn’t answer my calls and you weren’t in the dormitory. I had to look for you all over the campus.”

...

Lu Benwei and Chu Yan stood up and said dryly, “Hello, Mr. Principal!”

“Yes, hello.” Chen Yuan nodded in agreement.

“Mr. Principal, is there anything I can help you with?” Lu Benwei asked.

“I almost forgot.” Chen Yuan patted his head. “You two, come with me.”

Lu Benwei and Chu Yan heard this, looked at each other, and smiled helplessly.

...

The two of them followed Chen Yuan and explored the dark campus.

Although it was dark everywhere, Lu Benwei could still recognize that this was the way to the Monster Research Center of Zhejiang Hunter University.

“Mr. Principal, it’s so late. Why are you taking us to the Monster Research Center?” Lu Benwei asked on the way.

Chen Yuanyuan replied, “Yes. There’s a new monster in the beast Research Center. I need your help.”

“What monster?” Lu Benwei was curious. “Even the professors at the Monster Research Center can’t do anything to it. Why do they need me?”

...

“Is it a darkness-type monster?” Chu Yan asked.

Lu Benwei also had the same idea. If it was a dark attribute beast, Lu Benwei could use the power of light to suppress it.

“You’ll know when you get there. You know each other too!”

“Chen Yuan’s identity has been verified. Please enter.”

Chen Yuan led Lu Benwei and Chu Yan through layers of automatic metal doors and arrived at a huge room.

There was a four-meter-tall cylindrical container inside, and a monster was locked inside.

Blood Monster Clan, Blood Monster Prince!

Chapter 329 The Outcome of the Blood Monster

In the container, other than the Blood Monster, two-thirds of it were liquid. The Blood Monster’s body was also connected with many tubes, making him look like a test subject.

“The principals of the nine hunter universities can’t get any useful information from him,” Chen Yuan said.

“We wanted to hand him over to the military, but something happened and we had to stop this idea.”

“What is it?”

After saying that, Chen Yuan snapped his fingers. When the staff saw this, they pushed a gear handle on the equipment in front of them.

“Zap, zap, zap...”

Electric currents flowed through the tubes and into the Blood Monster’s body. The Blood Monster opened his eyes and the solution in the container started to surge violently as he struggled!

At the same time, a huge blood-colored vortex appeared above the container. The Blood Monster kept struggling and tried to move upward, trying to get into the blood-colored vortex!

“Hurry up!” Chen Yuan suddenly shouted.

The next second, another staff member pushed the gear handle on another piece of equipment. A large dose of tranquilizer was injected into the Blood Monster’s body. The blood-colored vortex disappeared, and the Blood Monster gradually became quiet.

“As long as he’s awake, he’ll be thinking of running away at all times,” Chen Yuan shrugged his shoulders and said helplessly.

“Besides, we can’t tell if the Blood Monster Clan will know if he uses the vortex to teleport away.”

“So, you’re worried that the coordinates of the army will be exposed to the Blood Monster Clan?” Lu Benwei asked.

“Yes, I am!”

“Can’t we just let him kill him?” Chu Yan did not care.

“You can’t be so violent.” Chen Yuan laughed.

“You all know that this Blood Monster is the grandson of the Blood Monster Emperor. This is the first time in human history that we have caught a monster with such a noble bloodline. The heir of the Blood Monster is very important to our research on monsters. We can’t destroy it so easily.”

“Alright, I’ve been rude.” Chu Yan stuck out her tongue to hide her embarrassment.

“Then, Mr. Principal, how can I help you? I’m not very good at researching this!” Lu Benwei scratched his head and said.

“I’m not asking you to study him. I’m just helping to keep him safe.”

“Safeguard him? How?”

“Don’t you have a bronze temple? Lock him up there,” Chen Yuan said.

Lu Benwei was slightly surprised and asked, “Mr. Principal, are you guys not going to study it anymore?”

“The research is almost done. The rest can only be researched if we dissect him or pry open his mouth. I’m worried about leaving it here!”

Lu Benwei nodded.

Then, under Chen Yuan's instructions, Lu Benwei placed the Blood Monster in the bronze temple.

"It's getting late, you guys should go back and sleep."

After packing up, Chen Yuan waved his hand and sent the two away.

Lu Benwei said goodbye to Chu Yan, but before he could take two steps, Chen Yuan stopped him.

"Lu Benwei, there's something I don't know if I should say," Chen Yuan looked at Lu Benwei and stammered.

"It's about my sister?" Lu Benwei saw through Chen Yuan's thoughts.

"Yes and no." Chen Yuan heaved a sigh of relief. "Alright, I won't keep you in suspense. It's about the National Class Tournament. The final winner will be decided."

Lu Benwei and Chu Yan were stunned. They had thought that this year's National Class Tournament would end without a conclusion. They did not expect that there would be an end to it.

Chen Yuan cleared his throat. "The final result of the tournament, after much discussion, we have decided that you're the champions. Other than cash rewards, there will be physical rewards. The physical prize is five out of ten. I'll send the list of prizes to your phone. Let me know when you and your teammates have chosen. In the end, it will be mailed directly to your home."

Lu Benwei nodded. He was neither excited nor sad about this result.

Seeing Lu Benwei's calm expression, Chen Yuan let out a sigh of relief. "Lu Benwei, no matter what the final result is, don't forget what your goal is."

Lu Benwei did not understand what Chen Yuan meant. After thinking for a while, he still could not figure it out, so he was ready to ask. However, Chen Yuan had already left Lu Benwei's sight.

"Let's go," Chu Yan said.

"Let's go, I'll send you back to the dormitory." Lu Benwei nodded.

Chu Yan's heart throbbed. This was the first time Lu Benwei personally said he would send her back to the dormitory.

From the Monster Research Center to the female dormitory, it was more than half of the campus distance.

On the way, Lu Benwei and Chu Yan chatted with each other out of boredom. Soon, they arrived at the female dormitory.

"That... I'm going up."

As Chu Yan spoke, she kept complaining in her heart about the distance between the Monster Research Center and the girls' dormitory.

Lu Benwei pondered for a moment.

Under the cold moonlight, Chu Yan's nose was red from the cold and her body was covered in a layer of silver light.

Her brows were like distant mountains and her eyes were like autumn water. She was beautiful and refined, like a fairy with a Jade-like appearance. She was like the light clouds covering the moon, floating like the snow returning to the wind! The current Chu Yan was like a fairy.

Lu Benwei's mouth opened and closed before he finally said, "Yes, sleep early."

"Yes..." Chu Yan was slightly disappointed, but she was still secretly happy.

The two said good night to each other. Chu Yan turned around and prepared to go upstairs.

"The moon is beautiful tonight," Lu Benwei suddenly whispered.

Chu Yan stopped and looked back. "Annoying fellow, can you not talk about riddles?"

"I want to invite you to my house for the new year." Lu Benwei scratched his head.

Chu Yan rolled her eyes. "Didn't you already invite me? Let's talk about it later."

...

"I invited you on behalf of my parents," Lu Benwei shrugged and said, "My parents like you a lot. They also want to thank you for saving me, so they asked me to invite you. I'm only inviting you as per my parents' request."

"Oh," Chu Yan said, "What about this time?"

"This time, it's me who wants to invite you to my house as a guest," Lu Benwei said.

Lu Benwei scratched his head and laughed at himself. "I know it's weird for a guy to invite a girl to his house for the new year, but I'm really afraid that it's not safe for you to spend the new year alone at home. So, do you want to come?"

Looking at Lu Benwei's embarrassed expression, Chu Yan chuckled. "Sure!"

"I'll look for Qiqi to choose a prize tomorrow. What do you think about the morning after tomorrow?"

"Alright!" Lu Benwei agreed.

The two of them laughed, very happily. However, just as the atmosphere was rapidly heating up, the dormitory manager walked out cursing.

"You young people, what time is it already and you're still not sleeping? Girl, are you still going back to the dormitory? If not, I'll lock the door," she asked Chu Yan.

Chapter 330 Reward

"I'll go in."

Although she was interrupted again, Chu Yan's mood was particularly good. She unconsciously replied to the dormitory aunty in dialect.

Chu Yan looked back as she stepped onto the stone steps in front of the dormitory.

“Goodnight, annoying fellow,” Chu Yan said as she waved her hand.

!!

After getting Lu Benwei’s response, Chu Yan smiled and ran all the way into the dormitory building.

Chu Yan walked on tiptoes, probably because she was afraid that her heavy shoes would wake up her sleeping classmates.

After a few steps, Chu Yan was so happy that she jumped up and down like a deer.

Behind her, the dormitory manager’s face darkened, and she said in a low voice, “Student, if you keep doing this, I’ll deduct your credits.”

...

After Lu Benwei returned to the dormitory, he washed up but did not rush to sleep. He carefully recalled everything that had happened since he met Chu Yan.

They had experienced many things together such as the weapons pavilion, the freshmen competition, and the fight against Heavenly God Temple. All these things added up could not be counted on ten fingers.

Lu Benwei had lived two lives and was not very emotional, but he still knew some basic things. Today, he knew Chu Yan’s thoughts and knew his own true thoughts.

Lu Benwei did not know when it started. He wanted to make it clear today, but after calming down and thinking about it, he still had one more thing to do.

Cut it off!

The next second, Lu Benwei’s soul entered the bronze temple.

In the outer hall of the bronze temple, the three bronze Buddha monsters suppressed the Blood Monster Prince, cutting off his connection to the outside world.

“You three pieces of scrap metal, do you know who I am? let me go!”

The Blood Monster Prince’s back, hands, and legs were all stepped on by the three bronze Buddha monsters. As he spoke, the Blood Monster’s body ached. However, his anger made him disregard everything and use all his strength to break free!

“Let him go first!” Lu Benwei’s mind turned into a physical body and ordered.

He had become the master of the bronze temple long ago, and the three bronze Buddha monsters listened to his orders.

After the three Buddha monsters responded, they let go of the Blood Monster and slowly pushed it to the side. The Blood Monster stood up and coughed.

After a while, he finally looked at Lu Benwei.

“So, it’s you. I didn’t expect you to have a divine item. The Blood Monster looked at every corner of the bronze temple. “If you’re willing to let me go and present this divine object to me, I’ll be merciful and spare your life!”

Lu Benwei smiled and said, “What kind of dream are you having? I’m here to ask you one last time. Where’s the Blood Monster Clan’s territory?”

The Blood Monster sneered and lay on the ground casually.

“Didn’t I tell you? Other than my grandfather, no one knows where the Blood Monster Clan’s territory is.”

Lu Benwei suddenly clenched his fist and punched out!

“Boom!”

The bronze temple was shaking, and the air was filled with rust.

“Hahahaha, I’m so scared!”

The Blood Monster was sent flying, but he soon endured the pain and laughed, mocking Lu Benwei.

“You’re really tight-lipped!”

Lu Benwei sneered.

“If you didn’t summon the vortex, I might have believed you. But from what I know, you’ve been trying to escape ever since we caught you. The human world is so big, where do you think you can escape to?”

“Haha, you’ve seen through me.” Instead of getting angry, the Blood Monster laughed. His unpleasant laughter echoed in the bronze temple.

“Then what can you do even if you know? Kill me!” the Blood Monster mocked. “If you kill me, you’ll never find your sister. Or should I say, you’re going to interrogate me and execute me? Those old men used everything they could on me. How much ability do you think you have to beat them?” His voice suddenly turned cold.

Lu Benwei shrugged and smiled. “Indeed, I can’t beat them.”

The Blood Monster’s eyes flashed with a cold light. “I know, why aren’t you letting me go? Do you want the tragedy of leaving the city to happen again?”

Lu Benwei laughed and then said, “You can talk big after you get out of this bronze temple.”

The Blood Monster smiled and said, “I can’t, but that doesn’t mean my grandfather and the Blood Monster Clan can’t!”

“Ah, what are you talking about?”

Lu Benwei deliberately put on a puzzled posture, but his tone was very playful.

The blood demon repeated, “I, the Blood Monster heir of the Blood Monster Clan, will make you, your humans, pay a painful price for what you’ve done today!”

Lu Benwei could not stop laughing as if he had heard a big joke.

The Blood Monster was furious and raised his voice. "What are you laughing at?"

"Are you not afraid?"

"Afraid? Why should I be afraid?" Lu Benwei jokingly asked.

"You're just an abandoned child. You'll die of old age in this bronze temple. What's the point of me being afraid of you?"

"Impudent! I'm the heir of the Blood Monster Clan!" The Blood Monster was furious. "How can I be abandoned?"

"Is that so? Tell me, did your grandfather take any action since you were arrested?" Lu Benwei sneered.

"Did he come to save you, grandson?"

The Blood Monster seemed to have been stabbed in the heart and flew toward Lu Benwei in anger!

"Boom!"

The bronze Buddha monster attacked decisively and stepped on the Blood Monster! His four limbs were bound, but his eyes were filled with an intimidating murderous light.

...

"I can tell you responsibly that there has never been a Blood Monster invasion in the Dragon Kingdom since you were captured by us. You said that you're the Blood Monster Emperor's precious grandson. In that case, shouldn't the Blood Monster Emperor at least take some action?"

At this moment, the Blood Monster calmed down. He raised his head and said, "I almost fell for your trick. When my grandfather has mastered the undying inborn, he'll come to rescue me!"

Suddenly, he was stunned. At this moment, Lu Benwei's eyes were full of ridicule, looking at him like he was a clown.

"Don't you think you're being a little funny?"

Lu Benwei laughed.

"What your grandfather practiced was the undying inborn. He has already obtained an endless lifespan. Why would he risk his life to save you, who is so insignificant?"

"Of course, it's not impossible. When your grandfather becomes the ultimate existence of the world, he might remember that he still has a grandson in the hands of humans."

Lu Benwei paused and looked down at the kneeling Blood Monster.

"But by that time, you'll already be a pile of dust."

Then, Lu Benwei left! The Blood Monster was dumbfounded, and all the hair on his body stood on end!

"No!"

...

The Blood Monster struggled under the feet of the Buddha monsters, and his roar reverberated in the bronze temple!

“Lu Benwei, I swear I’ll kill you!”
