Chapter 331 The Sixth Tribulation

After leaving the bronze temple, Lu Benwei turned around and took out the Nine Tribulations Regeneration stone tablet. This was given to him by Hei Zhou, and its effects were astonishing.

[Nine Tribulations Regeneration Technique]

[Grade: None, but it will increase as the cultivation level increases!]

[Effect: With every tribulation you cultivate, your recovery ability will increase by one level! Upon reaching the ninth tribulation, one's soul cannot be destroyed, and one's body cannot die!]

!!

Lu Benwei deactivated the Eye of Insight and took a deep breath. As long as the soul was not destroyed, the body would not die! This ability was too shocking. To a certain extent, it could be said to be a legendary skill!

Lu Benwei thought of something and frowned slightly. Why would Hei Zhou be so kind to give him such a powerful skill? Was he really just beaten into submission?

Lu Benwei muttered in his heart, 'I don't care, I'll try it first!'

The next second, he looked at the stone tablet.

"Swish!"

A faint light flowed, and the hieroglyphs on the stone tablet glowed one by one. Lu Benwei slowly closed his eyes and tried to use his mind to trigger the mysteries of the stone tablet.

[Ding! Detected that the host is learning a skill. One-click Skill Support activated automatically!]

Lu Benwei did not have time to be surprised and continued to use his mind to move the stone tablet.

At this moment, the One-click Skill Support was activated, and the obscure hieroglyphs on the stone tablet were no longer mysterious. Lu Benwei learned that the Nine Tribulations Regeneration Technique was divided into human tribulation, earth tribulation, and heaven tribulation.

The human tribulation was the first three tribulations. One had to continuously temper their body and soul to successfully cultivate it.

The effect of the first three tribulations was to greatly increase the cultivator's physical attributes in a short period and improve the cultivator's recovery ability.

The next three tribulations could be used to reconstruct the body. His body had become extremely tough, which meant that his defense had been greatly improved!

The most terrifying thing was that after cultivating to the sixth tribulation, as long as one's soul was not damaged, one could recover perfectly!

As for the heavenly tribulation... Lu Benwei thought he could not complete it. Starting from the seventh tribulation, every cultivation tribulation required the use of various natural treasures as support.

At the same time, he had to constantly reconstruct his soul. If he was not careful, his soul and body would be destroyed. The loss outweighed the gain.

Lu Benwei slowly opened his eyes and sighed in relief. No wonder Hei Zhou was willing to give me such a supreme skill.

“Unless you’re an expert or have reached level 80, it’s impossible to complete the human and earth tribulations.”

As for the final heavenly tribulation, that was simply an impossible task.

Lu Benwei looked at the materials for the last three tribulations and found that each of them was a supreme treasure. Once it appeared, it would definitely set off a storm of blood.

“However, the completion of the first six tribulations will also be a great boost to my strength.”

Lu Benwei was thinking about what Chen Yuan had said to him, “No matter what the end result is, don’t forget what your goal is.”

Lu Benwei clenched his fists. In the beginning, he had just arrived in this world, and becoming stronger was only to fight for his pride.

Later, after learning about Lu Ziling’s situation, Lu Benwei’s sole reason for wanting to become stronger changed. He had a new reason. Defeat the monsters and return peace to the people!

Not long ago, the Blood Monster invasion had a great impact on Lu Benwei’s mind. It was also because of the Blood Monster Clan incident that planted this seed in Lu Benwei’s heart.

“Blood Monster Clan, no, all the monsters that harm the human race in this world, I’ll make you walk toward extinction one by one!”

Lu Benwei sat cross-legged and activated his skill support!

“Swish!”

With a buzzing sound, the stone tablet of the Nine Tribulations Regeneration Technique floated in the air!

Lu Benwei followed the instructions and circulated his bloodline power to temper his body. Three rays of light – white, black, and red – appeared on Lu Benwei’s body one after another.

His body temperature was also rising, and his body was covered in sweat. Every pore on his body opened and blood was oozing out.

Lu Benwei’s metabolism reached its peak. He was constantly reconstructing every cell in his body to achieve the effect of the sixth tribulation!

“Boom!”

Finally, Lu Benwei opened his eyes and spat out a large amount of black blood!

At the same time, the new blood in his body exuded endless vitality, and Lu Benwei's body looked brand new.

With his extraordinary self-recovery speed, Lu Benwei's recovery ability could be said to be unparalleled in the world!

Lu Benwei slowly opened his eyes and said, "With the help of the system and my extraordinary constitution, the first six tribulations will not be too difficult."

If Hei Zhou was here and heard Lu Benwei's words, it would be so angry that it would vomit blood. Back then, it had spent a total of three days to complete the third tribulation! After each tribulation, it would lose half of its life.

Now, Lu Benwei only used less than two hours to cultivate to the sixth tribulation!

As for the heavenly tribulation after that, it was not impossible. Lu Benwei scratched his head and muttered to himself, "It's just that the heavenly treasures are a little troublesome."

In addition, there was one more thing that worried Lu Benwei. He had just finished practicing the Nine Tribulations Regeneration Technique and made a mess of the house.

Lu Benwei sighed helplessly and started to clean up.

...

The next afternoon, Lu Benwei woke up in a daze. The first thing he did after waking up was to take out his phone.

He was shocked by what he saw on the screen!

99+ unread messages!

99+ missed calls!

The one who was hit the most was undoubtedly Chu Yan. Next were Zhao Xiaoqi, Hai Yue, Lin Feng, and the others!

Lu Benwei patted his head and remembered that he had to inform the principal of his reward selection today!

This was not a big deal. It was after the final exam and everyone was in a hurry to go home!

Lu Benwei realized that he had delayed someone else's matter.

...

"I can't stay in bed any longer!" Lu Benwei's willpower was amazing, and he jumped up like a carp!

10 minutes later, Lu Benwei appeared in the activity room of the God Slayer's Club.

Zhao Xiaoqi, Lin Feng, and Hai Yue all looked at Lu Benwei with resentment.

"Yo, busy man, you can still remember us, your teammates." Zhao Xiaoqi's voice was the most peculiar.

Her flight was at noon today and she had to change it because of Lu Benwei, which cost her a large sum of money.

Lu Benwei put his hands together and smiled apologetically. "I'm sorry, I'm sorry. I overslept last night. How about this, I'll pay for your rescheduling fee!"

"This is more like it." Zhao Xiaoqi rolled her eyes at Lu Benwei and pulled a chair for him.

"Alright, let's start discussing the prizes."

Chapter 332 The Dead Tablet

Lu Benwei pulled over a stool and sat down.

Then, Chu Yan handed over a list and said, "This is the list of the prizes. Take a look first."

Lin Feng eagerly pulled the list in front of him, his eyes quickly flipping through it.

"Holy sh*t! A full set of level 50 purple equipment! A red-grade weapon?! There's even a legendary skill scroll?!" Lin Feng could not help but exclaim every prize on the list.

Zhao Xiaoqi and Gai Yue could not help but stretch their necks to watch.

"I have to say, the prizes from the National Class Tournament are really generous," Hai Yue said.

"A full set of level 50 purple equipment is the least valuable one here."

Lu Benwei nodded and glanced at the list. He saw the giant stone tablet on it and let out a long sigh of relief.

"As expected, Mr. Liu didn't lie to me."

Lu Benwei was about to speak when Lin Feng suddenly interrupted him.

"Eh, why is there a line of small words here?"

Chu Yan was also quite surprised and stuck her head out. "Hey, I wouldn't have noticed if you didn't mention it."

When the others heard this, they all leaned over and read aloud, "Note: The giant's stone tablet is a dead tablet. Champion team, please choose carefully!"

"Dead tablet?"

When Lin Feng saw the item, he immediately cursed. "What? You have the nerve to take out a dead tablet?"

The dead tablet, as its name suggested, was a "dead" inheritance tablet. This kind of stone tablet either had no more inheritance power or could not obtain the inheritance. Such a situation was also known as a true dead tablet.

It was either sealed by some secret technique or it was in a deep sleep. Ordinary methods were unable to trigger the power of inheritance within it, and it was impossible to obtain the mysteries within the stone tablet.

“But what’s so amazing about this stone tablet that it can be on par with a red-grade weapon?” Hai Yue said indifferently as she saw the difference.

Lin Feng was very disdainful. “Tsk, what’s so great about it? It’s just a display to occupy space. Fortunately, we saw the note. Otherwise, we would’ve been fooled if we took the dead stone tablet.”

“I want this stone tablet,” Lu Benwei said indifferently.

“Huh?” Lin Feng, Zhao Xiaoqi, and Hai Yue all tilted their heads.

“I didn’t hear wrong, did I? You want this dead tablet?”

“This stone tablet is very important to me, I need it.” Lu Benwei nodded.

At this moment, Lin Feng and the other two were all filled with confusion. What could be so important about this giant stone tablet? Only Chu Yan knew why Lu Benwei chose the giant stone tablet.

“Are you sure? If the power of inheritance in the giant’s stone monument is used up, then it will really become a stone,” Chu Yan whispered.

Lu Benwei waved his hand. “I believe that the organizing committee won’t use a real dead tablet to fool us. The giant’s stone monument must’ve been sealed by a secret technique or it fell asleep.”

Chu Yan sighed and said lightly, “I hope so.”

After a while, Zhao Xiaoqi and the others had chosen their prizes.

Zhao Xiaoqi chose a very powerful drug that could enhance all four attributes. This potion was made by the former best alchemist in the Dragon Kingdom. In the outside world, it was a potion that had a price but no market!

Hai Yue chose an inheritance tablet, which contained the inheritance power of a heavy shield knight who was the national pillar of the Dragon Kingdom. If Hai Yue could comprehend it, it would be a huge boost to her strength.

Lin Feng chose a legendary skill that was very suitable for him. His combat strength would increase by a lot.

As for Chu Yan, she thought about it for a while and chose a full set of epic equipment.

Everyone had their doubts.

“Yanyan, do you lack epic equipment?”

Chu Yan shook her head. “I don’t.”

“Then why did you choose the most useless epic equipment set?”

Chu Yan shrugged. “It’s nothing. It’s just that I don’t like the things here. I might as well choose something that I can sell for a lot of money.”

Everyone broke out in a cold sweat. This reply was fierce.

“Since we’re done picking, it’s already nighttime. How about we have a meal together?” Lu Benwei stood up and suggested.

“Why didn’t you say so earlier? My flight is tonight.” Zhao Xiaoqi’s face was sullen.

“Then we’ll change the flight!” Everyone laughed.

“It’s nice to say, but changing the flight will cost a lot of money!”

“Isn’t this money a piece of cake for you now?” Lu Benwei smiled.

Zhao Xiaoqi clenched her fists. “Big Brother, do you think my money came from the wind?”

At this time, Chu Yan patted Zhao Xiaoqi’s shoulder. “Qiqi, did you forget? We still have a cash reward.”

“What? Cash reward?” Zhao Xiaoqi’s eyes turned into the shape of money. “How much?”

“Everyone gets five million gold coins!” Lu Benwei said as he stretched out his hand.

Everyone sucked in a breath of cold air. Five million gold coins were enough for them to live the rest of their lives without worry.

Zhao Xiaoqi was excited. “Let’s go! What are you waiting for? I’ll treat you to seafood tonight!”

“You guys no need to wait for me, I have to give the list of prizes to the principal.” After a pause, Lu Benwei said, “It might take a little longer, you guys go first...”

Everyone nodded in agreement and left.

Lu Benwei brought the list and knocked on Chen Yuan’s office door.

“Please come in.” Chen Yuan’s voice sounded.

Lu Benwei was about to speak when Chen Yuan said, “Lu Benwei, happy winter holidays.”

...

Chen Yuan’s face was filled with a hangover, and the office reeked of alcohol. Fortunately, it was already the holidays, so the school was not too busy.

Lu Benwei handed in the list of prizes and said, “Mr. Principal, too much alcohol is bad for your health.”

“I know, but I’m happy!”

Chen Yuan was dancing with joy.

“You guys won the championship, which made me feel proud in front of the school’s board.”

“The school’s board?” It was the first time Lu Benwei heard that one of the nine hunter universities, Jiangsu and Zhejiang Hunter universities, had a council.

“You don’t understand,” Chen Yuan laughed.

“Lu Benwei, let me ask you. Do you think that all the resources you get are given to you by the country?”

“Yes, I did!”

“You don’t understand.” Chen Yuan opened his eyes. “Not only do you have the support of the country, but you also have the resources and the support of your family!”

Lu Benwei’s mouth opened slightly. This news was still a little unexpected to him.

...

Chen Yuan suddenly became clear-headed and his voice became heavy. “When you were in school, you were nurtured by your family’s resources. After you graduate, you’ll join their company! Or join the army they’re funding! You can’t escape from their hands even if you spend your entire life!”

Chapter 333 Return Journey

Chen Yuan cleared his throat and said in a serious tone, “Lu Benwei, I’m not joking. Ever since the appearance of monsters and the start of the era of everyone changing their classes, countless people have lost their lives! However, there’s only one kind of people who has gained great benefits. That’s them.”

After a pause, Chen Yuan’s voice became gentle again.

“So, Lu Benwei, your enemies aren’t just monsters.”

“I understand, Mr. Principal.” Lu Benwei nodded.

“I’ve said too much. I hope you won’t tell anyone about tonight’s conversation,” Chen Yuan said.

“Understood!” Lu Benwei responded in a deep voice.

...

After leaving Chen Yuan’s office, Lu Benwei let out a deep sigh. Shrugging his shoulders, he went to the restaurant where Chu Yan and the others were.

After a simple celebration, the five of them set off on their return journey.

Lin Feng’s flight was tonight, so he left first. Hai Yue was a local, so she went home directly after the celebration.

Zhao Xiaoqi and Chu Yan were both from Yanjing and they were high school classmates. The two were supposed to go back together, but Zhao Xiaoqi learned that Chu Yan would not be back to Yanjing this year.

“If you’re not going back to Yanjing, where are you going?” Zhao Xiaoqi was very confused.

“It’s a secret,” Chu Yan replied shyly.

Zhao Xiaoqi narrowed her eyes at Chu Yan’s unusual behavior. “Then when are you planning to leave the school?”

“Probably tomorrow afternoon,” Chu Yan replied without even thinking.

“Lu Benwei, what about you?” Zhao Xiaoqi asked Lu Benwei.

Lu Benwei did not even think and immediately replied, "Tomorrow afternoon. Why?"

"Oh, I see!" Zhao Xiaoqi's face turned into a smirk, and she kept raising her eyebrows.

Chu Yan's face was as red as a tomato, and her eyes were frantically avoiding hers.

"Yanyan, tell me the truth..." Zhao Xiaoqi raised her arm and pulled Chu Yan into her arms.

She pulled Chu Yan to the side and asked in a low voice, "Yanyan, have you two confirmed your relationship? You still haven't?" Zhao Xiaoqi's voice suddenly rose a little, and then she quickly lowered it again. "You dare to go to his house for the new year before you confirm your relationship?"

Chu Yan blinked her lively eyes. "What's wrong with it?"

"This..." Zhao Xiaoqi was speechless. "How should I put it...? Look, you two haven't even confirmed your relationship yet, and you're already going to his house. If you're confirmed, are you going to kiss and cuddle to make a baby?"

"Qiqi!" Chu Yan shouted, her neck turning red, "What are you saying?"

Zhao Xiaoqi chuckled and squinted her eyes. "We're all adults. Why are you so embarrassed? If you follow Lu Benwei, I'll be too embarrassed to take advantage of you in the future. You'd better clean yourself up tonight. I'll pamper you well tonight!"

After Chu Yan heard this, she was unhappy. "Alright, Qiqi, I haven't seen you for a few days. It turns out that I'm the one bullying you!"

Then, she reached out and grabbed Zhao Xiaoqi. Zhao Xiaoqi could not dodge in time and was grabbed, and a warm current flowed through her body like an electric shock.

"Alright, Yanyan. I'm going to catch you when you're not prepared!" Zhao Xiaoqi expressed her dissatisfaction!

"Ahem, you two, be careful. We haven't reached the dormitory yet." Lu Benwei coughed twice to stop the two people.

Chu Yan and Zhao Xiaoqi realized that they were still outside, and their faces turned red.

After that, Lu Benwei sent the two girls back to their dormitory and returned to his own dormitory to rest.

The next morning.

The three of them had breakfast and Chu Yan sent Zhao Xiaoqi to the school gate.

Lu Benwei went to find Liu Yi.

"Mr. Liu, I'm going home."

Liu Yi did not forget to tell Lu Benwei before he go home. He was so excited that tears flowed down his face!

"Good child, be careful when you go home." Liu Yi warned.

“Also, don’t forget to cultivate when you get home.”

“I know.” Lu Benwei nodded and suddenly changed the topic. “By the way, Mr. Liu, I have something for you.”

After saying that, he put his hand into his storage ring. A bright light flashed and a ring with three lines appeared on Lu Benwei’s hand.

“This is a stigmata? It has three runes!” Mr. Liu blinked.

“Lu Benwei, you want to give me such a valuable thing?”

Lu Benwei nodded. “I can’t repay you for your kindness.”

“As you know, I don’t lack stigmata now. I’ve carefully selected this piece of stigmata. It’s most suitable for support classes like us!”

“Good child, you’re so thoughtful.” Liu Yi’s tears flowed freely.

This was Lu Benwei’s kind intention. Liu Yi held the stigmata in his hand as if he had received a treasure.

After a deep sigh, Liu Yi said, “It’s a pity that I’m useless. I can’t help you much on the journey of cultivation.”

“Mr. Liu, don’t be like this. It was you and Zhejiang Hunter University who chose me,” Lu Benwei said.

Liu Yi laughed and said in a self-deprecating manner, “It seems that choosing you was the right choice.”

At this time, Lu Benwei’s phone rang. It was Chu Yan. Lu Benwei picked it up.

“Annoying fellow, where are you? I’ve packed everything. We can go now.”

“Okay, I’ll be right there,” Lu Benwei replied.

After hanging up the phone, Lu Benwei said to Liu Yi, “Mr. Liu, I’ll be leaving then.”

Liu Yi waved his hand and said, “Go, have a safe journey!”

...

Lu Benwei took a deep bow and left Liu Yi’s office.

After Lu Benwei left, Liu Yi grinned and rubbed the stigmata with both hands.

“This child is so thoughtful. I’m going to show off to my old friends when they come over.”

After a pause, Liu Yi seemed to have thought of something.

“That’s not right. Lu Benwei’s family is in Hai province, and Chu Yan is from Dragon City. Both are far from each other. Why would these two children go back together?”

...

After leaving Liu Yi’s office, Lu Benwei went back to his dormitory and packed his luggage. Then, he went to Chu Yan’s dormitory.

Today, Lu Benwei was wearing a black wool coat and black jeans that stretched his long legs. His image was like a male lead that had walked out of a comic.

Along the way, many girls hid behind Lu Benwei and whispered.

At this moment, Chu Yan appeared. She walked out of the dormitory like a goddess. She was wearing a beige woolen coat and dragging an exquisite small box with her soft, jade-like hands.

Her long black hair was tied up high, revealing a mature and playful look. Her appearance made everything around her pale in comparison.

...

Seeing Chu Yan walk to Lu Benwei's side, many girls dispelled their coveting thoughts.

Chapter 334 Terrorist Attack!

A handsome man with a beautiful woman would be the focus of everyone else wherever they went.

When they left the school, the taxi driver who picked them up even gave them a 50 percent discount.

When they arrived at the airport in Jiujiang City, countless people looked at them. Lu Benwei was so handsome that it made people silent, and Chu Yan was so beautiful that it made people cry.

The journey was smooth and unobstructed.

On the plane, the flight attendant also upgraded Lu Benwei and Chu Yan's seats for free.

After sitting down, Lu Benwei sighed. "It's true that clothes make the man. I only tidied myself up a little today, but many people have fallen for my looks."

Chu Yan rolled her eyes. "Tsk! You're still taking advantage of me."

Lu Benwei shrugged his shoulders and did not want to argue with Chu Yan.

"By the way, it'll take about three hours to get there. We'll have to book a car or a bus to get to Qingling City. Sleep a little longer," Lu Benwei said.

Qingling City was a prefecture-level city in Hai Province, so they could only land in Hai City.

Chu Yan nodded, asked the stewardess for an eye mask, and went to sleep.

Time passed quickly and Lu Benwei and Chu Yan got off the plane.

Lu Benwei dragged his and Chu Yan's luggage and followed behind Chu Yan.

"Chu Yan, are we taking the bus or are we going to book a car to go home?"

"Of course, it's a bus. I've never sat on a bus before," Chu Yan said as she jumped.

Hai Province was located in the southernmost part of the Dragon Kingdom. It was the province closest to the monsters territory, but in terms of climate, it was the most suitable for people to live in.

The annual temperature in Hai Province was no lower than 15 degrees. Even in winter when cold currents swept across the Dragon Kingdom, one could wear short-sleeved shirts all day.

Chu Yan had already changed into a short-sleeved shirt and hot pants. She was very curious about everything in Hai Province.

Palm trees with green leaves, coconuts larger than human heads, and seabirds that came to the land to build their nests could all arouse Chu Yan's curiosity.

The afternoon sun was at its peak. The young girl bathed in the sunlight, exuding a youthful aura from head to toe.

Lu Benwei bought a bus ticket and grabbed a seat by the window for Chu Yan. Along the way, Chu Yan stuck her face to the bus window and enjoyed the scenery.

Lu Benwei had been silently leaning against the seat, looking at Chu Yan with a faint smile on his face. Gradually, Lu Benwei grew tired and closed his eyes.

After an unknown amount of time, the bus suddenly braked, and Lu Benwei and Chu Yan's bodies leaned forward violently.

Before the two of them could react, they heard the bus driver in front of them cursing.

"F*ck, do you know how to drive? Not only did you drive so slowly on the road, but you even slammed on the brakes?!"

There was also a bus in front of him, blocking everyone's view.

Hence, the passengers on the bus rolled down their windows and stuck their heads out, ready to see what was happening in front.

Chu Yan also stretched out her hand, ready to open the window to see what was going on.

"Bang!"

"Boom!"

The moment Chu Yan opened the window, there was an explosion in front of her, making the car window buzz.

"Boom, boom, boom!"

The sound of explosions continued. Then, the drivers of the cars in front and their companions abandoned their cars and fled.

"Damn it, the monsters are invading?"

Anyone with eyes could tell that something big had happened in front of them. The bus driver reacted quickly and immediately opened the door.

"Quickly, run for your lives! Everyone, good luck!"

After that, he hurriedly jumped off the bus.

Lu Benwei and Chu Yan looked at each other and immediately understood each other's thoughts.

The next second, the two of them got out of the car. There were too many cars ahead, blocking their vision.

Lu Benwei immediately grabbed a person and asked, "Big sister, what's happening in front?"

The woman in front of him was so frightened that Lu Benwei could hear her heartbeat even from a distance.

"Ghost, it's a ghost!"

The woman's eyelids kept twitching, and she broke free from Lu Benwei's hand and fled.

"Looks like it's most likely a monster!" Lu Benwei said to Chu Yan.

"Not necessarily. If it's a monster, all the vehicles on the highway will be affected the moment the explosion is heard." Chu Yan had a different idea.

Lu Benwei felt that her words made sense and immediately activated the Eye of Insight.

All the information in front of him poured into Lu Benwei's mind.

"How is it? Did you see any useful information?" Chu Yan asked.

"I saw a lot of cars being affected by the explosion 500 meters ahead," Lu Benwei replied with his eyes closed, "But I didn't see any monsters..."

Lu Benwei continued to probe.

"Many people are trapped in the car. We have to help them first. But I didn't see any monsters or suspicious people."

Lu Benwei's forehead was covered in a cold sweat. Time passed by, and with every second that was delayed, someone would lose their life.

However, Lu Benwei could not be sure of the culprit, so he could not act rashly.

At this moment, he noticed a Toyota Coaster at the center of the explosion. This car seemed to have been specially made. Even though it was in the center of the explosion, it was only overturned, unlike the other vehicles, which had already been turned into an iron frame.

...

At this moment, a man wearing a mask and holding a dagger jumped into the car.

Lu Benwei suddenly froze. This person was wearing the mask of the heavenly dog and looked extremely ferocious. It was very likely that he was the "ghost" that the woman had mentioned earlier!

"Chu Yan, 500 meters ahead, in the center of the explosion, a man is wearing a dog mask! He's the one behind this terrorist attack!" Lu Benwei shouted.

The masked man was extremely alert. When he heard Lu Benwei's shout, he immediately turned his head. His eyes shot out a ferocious gaze as he slashed horizontally with the black-gold dagger in his hand.

A cold sword light swept over, and Lu Benwei immediately activated the Holy Light Shield to block it!

“Boom!”

A deafening explosion and shockwaves swept through the area, shattering many car windows.

At the same time, many people who were still trapped in the car were affected and screamed continuously.

“Tsk, damn it!”

Lu Benwei cursed and then ordered, “Chu Yan, you go and hold the masked man. I’ll go and save the people!”

“Alright!”

...

Chu Yan’s body was as light as a swallow. She charged forward and manipulated the water elements to attack the masked man.

The masked man’s swordsmanship was very ingenious, and it could even cut through the water.

After Chu Yan’s attacks, the masked man’s clothes were not wet. The masked man laughed mockingly. He stretched out a hand and pointed its thumb down at Chu Yan.

Chu Yan sneered. “Idiot, I’m an elementalist. Can you guess why I didn’t use the powerful fire element?”

The masked man realized belatedly that the flames from the explosion had been extinguished.

“F*ck! I’ve been tricked!” The masked man cursed.

“It’s indeed a human!”

Chu Yan’s eyes brightened, and she used a killer move!

Chapter 335 The Head of Qingling City

“Swish!”

Lightning danced wildly and the space around Chu Yan shook violently.

“Boom!”

The thunderbolt shattered the earth and blasted toward the masked man. His eyes shot out a sinister look and the black-gold dagger in its hand slashed in the air.

“Swish!”

A huge black spatial crack opened, devouring the shockingly powerful lightning laws!

“Spatial power?” Chu Yan was slightly surprised.

Those who used spatial power were all magicians, and it was the first time she had seen someone use spatial power with a sword.

The black crack in space was like a huge mouth of the abyss, devouring all the lightning elements in space!

Chu Yan was not scared off by it. The battle intent in her eyes became even stronger!

“Elemental storm-bloom!”

All kinds of elements moved in unison, and the power of all kinds of elements between heaven and earth gathered in Chu Yan’s hands, causing the sky and earth to dim.

“Boom!”

The elemental storm blasted out, and all kinds of elemental power poured out like a galaxy, constantly intertwining together, and moving forward. The rumbling sounds continued!

The masked man’s eyes widened in anger. He had never thought that this little girl in front of him would have such strength!

The next second, he flicked his wrist and the black gold-dagger slashed in the air. A cross-shaped crack appeared, swallowing, and spitting out everything in the world!

“Boom!”

The elemental storm poured down like a galaxy and bombarded the cross-shaped crack.

Instantly, thunderous rumbles sounded, rocks and clouds collapsed, and the world lost its color!

“Lu Benwei!” Chu Yan shouted.

Lu Benwei saw that the Holy Light Shield was immune to a lot of damage and cast the healing skill, Rain!

In an instant, everyone who was still trapped in the center of the storm was covered in a layer of white holy light armor.

The residual power of the impact between the elemental storm and the cross-shaped crack was monstrous. Cracks appeared on the land, and the sky lost its color.

Even though the innocent people were protected by the shield. The impact of the aftershock was still fatal to them.

Fortunately, with the help of Rain, the crowd was able to avoid fatal damage.

At this time, the elemental storm and the cross-shaped crack were still colliding. Dirt and stones were flying, and smoke and dust were rising.

“Crack! Crack!”

A series of crisp cracking sounds could be heard as the huge cross-shaped crack was collapsing!

The masked man saw that things were not looking good and spat. It used the black-gold dagger to draw a circle behind it.

“You want to run?”

Lu Benwei noticed the masked man’s movements and immediately took action. He jumped up and swung his fists in the air!

Suddenly, a river of stars appeared in the sky.

“Boom!”

The stars poured down, locking down every dead corner!

At this moment, the masked man turned around and glared at him. The corners of his mouth curled into a cold smile. The next second, he took something out of his pocket and threw it into a bus that was passing them.

Lu Benwei’s eyes narrowed as he saw what the thing was. It was a bomb!

Lu Benwei’s pupils shrank. The bus was filled with primary school students!

He shouted, “Chu Yan, that’s a bomb! Save them first!”

Chu Yan could not care less about the escaping masked man and followed Lu Benwei.

Lu Benwei got into the bus. The scene was shocking! Countless children were corroded by the thick smoke from the explosion and fell unconscious. Their lives were in danger!

Right now, the more troublesome thing was the bomb that was about to go off.

Lu Benwei suddenly had an idea and a light flashed between his eyebrows. A small bronze temple appeared, and he picked up the bomb and stuffed it in!

“Boom!”

The bronze temple trembled violently, and then a muffled and angry voice came.

“Lu Benwei, I swear I’ll tear you into pieces!”

Lu Benwei could not care less about the Blood Monster. Saving the masses was more important!

“Rain!”

In the car, it was drizzling as the children were treated.

“Annoying fellow, are you alright?” Chu Yan squatted and stuck her head in through the window.

“I’m fine now,” Lu Benwei said.

“What’s the situation outside?” he asked.

“It’s fine,” Chu Yan replied, “With your protection, the people outside will be fine.”

Lu Benwei heaved a sigh of relief.

“Everything was fine. How did we encounter a terrorist attack?” Chu Yan asked in confusion.

...

Lu Benwei pondered for a while and said, "I think the answer should be in that Toyota Coaster."

Chu Yan was stunned and immediately understood Lu Benwei's meaning.

The Toyota Coaster was the favorite vehicle of the Dragon Kingdom's officials, and Chu Yan had noticed the license plate number – Sea A. 00001!

In other words, the person in the car was most likely the governor of Hai Province!

Lu Benwei and Chu Yan looked at each other and then they went to the car!

This car was specially made, and even the glass was made of extremely expensive special glass. Under the impact of Chu Yan's previous battle, it was still intact.

At the same time, the glass was also heavily tinted, so Lu Benwei could not see what was inside.

"Chu Yan, move aside."

Chu Yan made way for Lu Benwei obediently.

Lu Benwei walked to the door and pulled it hard.

"Boom!"

...

The door that could be said to be welded shut was pulled open!

The people in the car were all officials in suits. When they saw the car door suddenly open, they were all so frightened that their bodies trembled violently!

Lu Benwei said, "Leaders, don't be afraid. The matter has been resolved. The terrorists who attacked you have escaped."

When some of the leaders heard this, they heaved a sigh of relief. However, some of the leaders were still worried. They thought that he was a terrorist!

It was also at this moment that police sirens sounded, and more and more patrols rushed over.

Seeing that Lu Benwei did not run or take any further action, and there was no fighting outside, some of them felt relieved.

With the help of Lu Benwei, the leaders came out of the car. When the last person came out, he saw Lu Benwei's face and asked in surprise, "Lu Benwei, you're Lu Benwei?"

Lu Benwei was also a bit shocked. He was just an ordinary person, so how could he know any officials?

However, when he focused his gaze, he felt that the leader in front of him was familiar.

"You're...Mayor Yang?" Lu Benwei recognized the leader. He was the mayor of Qingling city, Yang Wudi.

"I'm no longer the mayor of Qingling City," Yang Wudi said, waving his hand, "I'm now the provincial governor of Hai Province.

After a brief pause, Yang Wudi's smile bloomed like a chrysanthemum. "You played a big part in me becoming the provincial governor. You've become the top scorer of Hai Province and made our Qingling City famous. I've also been noticed by the higher-ups and have been promoted two ranks in half a year."

Lu Benwei scratched his head in embarrassment. "Governor Yang, you're overestimating me. I don't have that much power."

Yang Wudi smiled again and waved his hand. He turned to the other officials. "You guys, are you all okay?"

Among the group of people, one group shook their heads, and another group said they were not feeling well.

Yang Wudi heaved a sigh of relief and said, "Then, treat those injured. Those who aren't injured, go and coordinate with the patrols and assist in the treatment of the injured."

Chapter 336 Framed

Yang Wudi asked after he was done, "Lu Benwei, were you the one who fought with the masked man earlier? His level is over 50!"

Lu Benwei was stunned and then said, "It's not me, it's me and my classmate."

Then, Lu Benwei held Chu Yan's hand. "Governor Yang, this is Chu Yan, my classmate. The two of us worked together to block the masked man."

Yang Wudi saw Chu Yan and was stunned.

"Governor Yang, nice to meet you," Chu Yan greeted politely.

It was also at this moment that a patrol officer jogged over.

"Governor Yang, I'm sorry I'm late!" he said.

As this was already within the territory of Qingling City, the person who had just arrived was the director of the patrol bureau, Fang Tianyou.

"It's alright, Bureau Chief Fang. It happened too suddenly. No one expected this attack," Yang Wudi waved his hand and said indifferently.

Fang Tianyou heaved a sigh of relief and continued, "Governor Yang, as far as I know, this attack was targeted at you. It's great that you're safe and sound. But I'm a little confused. I've sealed off the surrounding area, but I haven't found anyone suspicious. Who drove the terrorist away?"

Yang Wudi chuckled. "I'm fine thanks to this young man and his classmate. According to what they said, they were the ones who chased the terrorist away."

"Is that so?"

Fang Tianyou followed Yang Wudi's gaze and saw Chu Yan and Lu Benwei.

"Just them?"

Fang Tianyou's heart grew suspicious. The combined level of these two youngsters might not even be as old as his age. How could they be the people who had saved Governor Yang?

Coincidentally, at this moment, a patrol officer came to report. "Sir, according to the witness's testimony, there's only one suspect. He's wearing a mask of the heavenly dog and is probably level 50. His abilities are unknown."

"Alright, you guys can leave first. Collect more testimonials," Fang Tianyou ordered, "Also, conduct an on-site inspection. The traces of battle at the scene show that it's not something that can be done by someone at level 50."

The subordinate responded and went to work.

"Come, Bureau Chief Fang," Yang Wudi said cheerfully, "Let me introduce you to this young man. He's..."

Before he could finish, Fang Tianyou interrupted him.

"Governor Yang, forgive me for being presumptuous, but this young man is a complete liar. They don't look older than 18. The two of them combined aren't even the size of my shoes. How could they defeat a level-50 terrorist?"

Fang Tianyou looked at Lu Benwei and Chu Yan coldly, his tone slightly angry.

"They must've seen the terrorist run away and wanted to take credit for it. Governor Yang, you can't be fooled by them!"

Lu Benwei listened to Fang Tianyou's imagination and frowned slightly, not knowing whether to laugh or cry.

Chu Yan could not get used to Fang Tianyou's bad temper and sneered.

"I didn't expect a first-class inspector to be so short-sighted."

Fang Tianyou was stunned for a moment, then his face turned red with anger. To think that he would be looked down upon by a young lady, and in front of Yang Wudi. If this were to spread out, where would he put his face?

"Men, handcuff these two people!"

Fang Tianyou waved his hand, and immediately, six patrol officers appeared.

"Oh, you're in a hurry?" Chu Yan mocked. "I say, bureau chief, shouldn't we have evidence before arresting someone?"

Fang Tianyou smiled and said, "Evidence? I suspect that you two are the suspects who targeted Governor Yang. I'll have you brought to my station!"

"Wait, Bureau Chief Fang," Yang Wudi spoke, "If you knew who he was, you wouldn't think it's impossible."

Fang Tianyou did not listen to him at all. Without turning his head, he said, "Governor Yang, it doesn't matter who they are. I'm just following the law. According to the investigation at the scene, the suspect hasn't left this place, which means the suspect is still at the scene. This man and woman are the closest to you, so they are most likely the terrorists who wanted to kill you."

When Chu Yan heard Fang Tianyou's guess, it was like she had heard the biggest joke in the world. She immediately retorted, "Didn't you just say that our levels added together aren't even as big as your shoe size? Why are you saying that we're the culprits of the terrorist attack?"

Fang Tianyou was stunned, and his face turned red. After a long while, he said, "I misjudged before!"

"You're clearly flustered and exasperated." Chu Yan sneered with her hands on her hips.

Fang Tianyou was furious. He said to the patrol officer, "Why aren't you taking them down yet!"

These bottom level constables did not dare to disobey and immediately took action.

"Come on, if you can take me to the police station today, I'll consider you amazing." Chu Yan got into a fighting stance.

"Chu Yan, don't make a scene. Attacking a patrol officer is a serious crime. Let's do as he says. Governor Yang will explain for us!" Lu Benwei reminded her.

Sure enough, it was as Lu Benwei had expected! Yang Wudi immediately stepped forward to stop Fang Tianyou's unreasonable arrest. Unfortunately, a large group of people appeared in front of him, surrounding him.

"Governor Yang, I'm a reporter from Qingling City's TV station. What are your thoughts on the terrorist attack targeting you?"

"I'm a reporter from Xixi TV in Hai Province. May I ask..."

Yang Wudi was enraged. He could not get away, and he was angry!

These unscrupulous reporters ran faster than anyone else. The incident of him being attacked today should have been blocked! Now that the reporters had arrived, this attack could no longer be hidden.

On the other side, six constables surrounded Lu Benwei and Chu Yan.

Chu Yan listened to Lu Benwei and did not resist, letting the cold handcuffs cuff her wrists.

Fang Tianyou licked his lips. "Hehe, you should be honest but it's not too late. If I don't make you two suffer today, don't even think about going home to find your mother."

"Sir, if you don't want to lose your hat, please let us go," Lu Benwei said coldly.

"Lost my hat?" Fang Tianyou smiled noncommittally. "I suspect that you're the suspects in this terrorist case. I'll escort you back to the police station. It's reasonable, legal, and compliant! Where did you get the idea of losing my hat?"

"Then, Bureau Chief Fang, is the reason you're arresting us based on the fact that we were at the scene at the first moment?" Lu Benwei's voice was so cold that it sent a chill down everyone's spine!

Fang Tianyou shivered and broke out in a cold sweat.

After a long while, he finally came back to his senses and said fiercely, "You're so long-winded, hurry up and send them to the police station!"

Before his subordinates could respond, a childish voice came from behind them.

...

Chapter 337 The Hero

“Big bad guys, you’re not allowed to take my brother and sister away!”

Everyone’s eyes turned to the child-like voice. It was a child of about four or five years old.

Lu Benwei remembered this child. At the beginning of the battle, the first person he saved was this child.

At this time, he was walking in small steps, waving his young fists and blocking the way of the patrol officer who was escorting Lu Benwei and Chu Yan.

The constables were slightly stunned and did not know what to do.

“Bureau Chief Fang, what should we do now?”

“Just take him away!” Fang Tianyou said impatiently.

“Okay,” the patrol officer replied. Just as he was about to take the child away, an old woman came over with a walking stick.

“Little brother, I’ve finally found you.”

Lu Benwei also remembered this old woman. She was also saved by him. The old grandma walked past the patrol officer and grabbed Lu Benwei’s hand excitedly. Then, she saw that Lu Benwei’s hands were handcuffed.

“Little brother, what’s going on?” The old grandma was so shocked that her fake teeth fell off.

“I’m fine, grandma,” Lu Benwei replied softly, “It’s just that some people think I’m the terrorist who created this attack without distinguishing right from wrong!”

“Little brother, you saved us. How could you be a terrorist?!” The old lady’s voice became furious. “Tell me and I’ll help you!”

After saying that, the old lady smacked the heads of the few patrol officers with her walking stick.

“Thump, thump, thump!”

There were seven crisp knocks. No one was spared from her walking stick. This was considered an assault on a patrol officer, and it was a crime in the Dragon Kingdom.

However, this old woman was at least 85 years old, at the age where she could be blown away by the wind. If she went to the police station, she would be served good food and drinks.

At this moment, Fang Tianyou did not dare to voice his anger. After taking a deep breath, Fang Tianyou said to the old lady, “Grandma, they are suspects in this case. They need to go to the police station!”

“No!”

The old lady’s walking stick made clanking sounds on the ground.

“This little brother is my savior. How could he be a suspect?”

“Grandma, please cooperate with us,” Fang Tianyou said with a forced smile, “If you refuse to cooperate, don’t blame me for being impolite.” Fang Tianyou’s tone was heavy.

“What do you want? Do you want to handcuff me too?” the old woman was furious.

As soon as she finished speaking, the old lady threw her walking stick away and sat on the ground, and wailed.

“The patrol officer is beating someone up! The patrol officer is beating someone up!”

The old lady’s voice was very loud, and it attracted a lot of reporters in a short time. They took photos of her with all kinds of cameras.

Lu Benwei and Chu Yan bit their lips and laughed crazily.

Fang Tianyou’s expression was interesting. The corner of his eyes kept twitching, his face was like meat sauce, and his lips were tightly pursed together.

“What are you two laughing at?”

Fang Tianyou was exasperated. The next second, he turned around angrily and shouted at the group of reporters.

“This man and woman are the current suspects of the attack. This old woman is obstructing official business. Take her away as well!”

At this time, the reporters were like flies that had smelled rotten meat. Their greedy eyes immediately turned to Lu Benwei and Chu Yan.

“I didn’t expect you to find the suspect so quickly. Bureau Chief Fang’s speed in handling cases is really amazing.”

“This guy looks familiar. I feel like I’ve seen him somewhere before.”

“Who cares? Let’s take some photos first.”

Therefore, all the cameras were aimed at Lu Benwei and Chu Yan.

“Alright,” Fang Tianyou said loudly, “My dear reporters, please make way. I’ll bring the suspects to the police station.

The reporters were also very tactful and knew that it would not end well for them to confront the patrol officers.

However, at that moment, a group of primary school students appeared out of nowhere.

“Stop, Big Brother isn’t a bad person!”

“Big Brother saved our lives, you can’t take him away!”

“Yes, Big Brother is the hero who saved us!”

Most of the primary school students, relying on their height, shuffled back and forth in the crowd, forming a human wall, blocking the way of Lu Benwei and Chu Yan.

In addition to this group of primary school students, many people were saved by Lu Benwei, and they all stood up to support him.

“Let him go! This young man saved my life. He can’t be a suspect!”

“After I was saved by this young man, I saw the girl beside him fighting with a man wearing the mask of the heavenly dog when I was running away. Why didn’t you go and catch the man with the mask?”

“That’s right. There’s also something else. At that time, my wife’s neck was cut by a piece of glass, and she was bleeding non-stop. It was this young man who acted and cast a healing skill, which saved my wife.”

An uncle with an unkempt beard said as he knelt to Lu Benwei. “He’s my family’s savior.”

On the other side, the primary school students were not to be outdone. They spoke into the reporters’ microphones.

“I saw with my own eyes that a man wearing a scary mask threw a bomb into our bus. It didn’t go off because Big Brother came in and stuffed the bomb into his head!”

“No, no, you’re wrong. Big Brother ate the bomb!”

“You’re the one who’s wrong, he clearly stuffed it into his head!”

The primary school students started quarreling over this matter.

Lu Benwei did not know whether to laugh or cry. He was flustered, asking people to get up quickly, and clarifying the facts for the primary school student.

...

On the other side, Fang Tianyou was dumbfounded. His hands and feet gradually turned cold.

The testimonials of so many people were enough to prove that this young man was not a suspect, but a hero.

If others knew that he, Fang Tianyou, was abusing his power to take revenge for a private matter, he would be in deep trouble.

He kept wiping the cold sweat from his forehead and walked to Lu Benwei in a panic. He smiled and said, “I made a mistake. I made a mistake. Come, I’ll uncuff you.”

Then, he took out the key from his pocket and unlocked Lu Benwei and Chu Yan’s handcuffs. As soon as the key appeared, Lu Benwei moved his hand to the side. Chu Yan also did the same thing.

“Bureau Chief Fang, didn’t you say that we’re suspects? Why are you changing your mind now?”

“It’s all a misunderstanding!” Fang Tianyou chuckled. “I’ll get someone to take a statement later.”

“What misunderstanding?” Chu Yan shouted coldly, “You’re clearly abusing your power to take revenge!”

At this moment, the reporters smelled something different and quietly raised their cameras.

The smile on Fang Tianyou’s face froze, and a cold sweat broke out. However, he still held on. “I already said that this is a misunderstanding. What evidence do you have to prove that I’m abusing my power to take revenge?!”

“I can prove it!”

...

A voice suddenly burst out, making Fang Tianyou feel as if the sky had collapsed.

Chapter 338 The Mysterious Organization

Yang Wudi stepped in. Fang Tianyou was so scared that he took a few steps back.

“Governor Yang, I’ve always been thinking about your safety.” Fang Tianyou kept wiping his cold sweat.

“The combined level of these two youngsters isn’t even the size of my foot. I was just suspicious...”
Before he could finish his sentence, Fang Tianyou hurriedly covered his mouth.

Yang Wudi’s gaze turned into mockery as he said coldly, “Listen to yourself. Don’t you think it’s funny? You’re saying that their levels are too low, but you’re also saying that the suspect is a powerful level-50 hunter. You’re contradicting yourself!”

At this time, the surrounding crowd was also in shock, and some were even extremely angry.

“I was almost fooled by you. I really thought it was just a misunderstanding.”

“I didn’t expect that you’re just abusing your power for personal revenge! You almost killed our benefactor!”

“Governor Yang, punish him!”

In an instant, the public’s resentment boiled, and Fang Tianyou became a street rat that everyone hated.

Yang Wudi had no choice but to step in. “Bureau Chief Fang, your behavior is atrocious. I’ll write a report and hand it over to your superior.”

“Boom!”

It was as if a bolt of lightning had struck from the clear sky. Fang Tianyou suddenly felt that the sky had turned dark.

After a bitter laugh, Fang Tianyou asked, “Governor yang, let me ask you a question. Who’s this young man? Why do you think he was the one who chased the terrorist away?”

At that moment, the reporters and many people were also very curious. These two young people looked to be only eighteen or nineteen years old. At most, they were around level 20. How could they have repelled a level-50 powerhouse?

“Take a closer look. Who’s this young man?” Yang Wudi smiled faintly.

Everyone heard this and looked at Lu Benwei. Lu Benwei saw so many people staring at him and scratched his head in embarrassment.

Finally, someone figured it out.

“You’re... You’re Lu Benwei, the top scorer of last year’s martial arts assessment!”

Hearing this, someone slapped his thigh and said, “I was wondering why he looked so familiar. It’s Lu Benwei from Qingling City!”

After knowing Lu Benwei’s identity, everyone suddenly surrounded him and asked him all kinds of questions. All the reporters were taking pictures with their cameras! There were also many parents who asked about their children’s learning methods.

Lu Benwei was surrounded in the middle and had a headache.

Only after Yang Wudi’s intervention did Lu Benwei manage to escape. After a while, he and Chu Yan got into the car with Yang Wudi.

In the end, they stopped at a guest house in Qingling City.

“Lu Benwei, I’ll have someone take you home later. I have something to talk to you about.” Yang Wudi said, not getting out of the car.

Lu Benwei knew it was about today’s matter and nodded.

“First of all, thank you for saving me today. If you have any difficulties in Hai Province in the future, you can call me,” Yang Wudi took out his name card as he spoke.

Lu Benwei did not hesitate and accepted it.

“There’s one more thing. I hope you can keep today’s matter a secret.” Yang Wudi suddenly added.

At this time, Lu Benwei and Chu Yan both had doubts. There were so many reporters at the scene, so it was impossible to keep it a secret.

Yang Wudi saw through Lu Benwei’s thoughts and said, “I know what you’re thinking. I’ve already informed the reporters and the people you saved today. We’ve already done our job, so it won’t be revealed for a while.”

Lu Benwei and Chu Yan were still confused.

“Governor Yang, may I ask why you’re doing this?”

“Actually, this kind of attack has already happened more than once or twice in Hai Province,” Yang Wudi said after a pause.

“It’s not just once or twice?” Lu Benwei and Chu Yan were slightly surprised.

“Yes, it even appears in the entire Dragon Kingdom, but it’s particularly frequent in Hai Province,” Yang Wudi said with a heavy heart, “The previous governor died because of them. That’s why I was appointed as the new governor.”

Lu Benwei shivered, and a huge conspiracy emerged in his mind.

“Even the previous governor was killed. Isn’t the other party too arrogant?” Chu Yan put her hands on her hips and said angrily.

Yang Wudi let out a deep sigh. “It’s a pity that we’re useless. We only have a few scattered clues about them.”

“Is the other party that mysterious? We’ve made such a big scene and made so many movements, but you’ve only managed to grasp a few scattered clues.” Lu Benwei gasped.

“Governor Yang, can you tell us what the clues are?” Chu Yan asked.

Yang Wudi was taken aback for a moment before he replied, “I’m sorry, student Chu Yan, I can’t.”

“Okay.” Chu Yan shrugged her shoulders and did not care. As long as she wanted to know something, she could just give the Furious Dragon Legion a call.

“Lu Benwei, Chu Yan.”

Yang Wudi stood up and bowed deeply to Lu Benwei and Chu Yan.

“Thank you again for saving me. You’ve disrupted the mastermind’s plan, and he’ll take revenge on you. You must be careful these few days.”

Lu Benwei was stunned at first, but then he also stood up.

“Governor Yang, this is what I should do,” Lu Benwei said humbly.

Chu Yan also stuck out her tongue playfully. “Yes, this is what we should do.”

After that, Yang Wudi sent a driver to send Lu Benwei and Chu Yan home.

...

In a dilapidated neighborhood in Qingling City, unfinished buildings were everywhere.

If one looked closely, one would find that there were a few electrical wires in an unfinished building in the northernmost part.

When they went further into the basement of the unfinished building, they would find a moving figure inside.

In the deepest part of the basement.

...

A woman with a voluptuous figure and wavy hair with mesmerizing curves was holding a cigarette in one hand and supporting herself against the wall with one leg.

This was a woman who could be said to be a heavenly gift. Who knew how many men had fallen for her?

Unfortunately, the woman was wearing a clown mask. No one knew what she looked like under the mask.

“Have you found the information?” the woman asked.

In front of her was a man who wore the same clown costume as her. He was typing away on the keyboard in front of a computer.

On the left, right, and upper corners of the computer screen were photos of Lu Benwei and Chu Yan heroically saving people on the highway today.

“I didn’t.” The man shook his head.

The woman sighed and took out a USB flash drive from her pocket.

“Try this.”

The man took a look and immediately smiled. “That man is really bold. He even dared to take out his authority and the secret key.”

“Aren’t you afraid of being exposed?”

...

Chapter 339 Top Secret

The woman’s eyes turned cold when she heard the man’s words.

“Cut the crap, quickly investigate!”

The man inserted the USB drive into the computer and immediately logged into a website.

“Haha, I can read the files of everyone in the Dragon Kingdom!” the man said excitedly as he rubbed his hands.

!!

Then, he narrowed the filter to Qingling City in Hai Province, entered “Lu Benwei”, and gently hit the Enter key on the keyboard.

In an instant, the command processed by the computer was fed back to the server of the Dragon Kingdom’s archives at the speed of light.

“Beep! Identity verification successful. Check in progress...”

A mechanical but sweet female voice sounded and Lu Benwei’s information quickly appeared on the computer screen.

[Name: Lu Benwei]

[Gender: Male]

[Place of origin: Hai Province]

...

[Class: Magician (completed second class change)]

[Experience:...]

...

The man and woman glanced at each other, and their mouths were slightly open.

“This kid is a top student at Zhejiang Hunter University. No wonder he has such an insane healing ability,” the man muttered in shock.

“There’s nothing special about it. Let’s make a copy of the information first and study it slowly later,” the woman ordered.

“Alright!” The man’s answer was very straightforward.

The next second, he copied all of Lu Benwei’s information into the USB drive.

“What’s the girl’s name?” the man asked again.

“I think she’s called Chu Yan, but I don’t know where she’s from.”

The man pouted. “There are so many people in the Dragon Kingdom. There is more than one or two Chu Yan. How long will it take to find out?”

“First, lock onto the target in Yanjing.” The woman urged.

The man rolled his eyes and casually tapped on the keyboard. The next second, Chu Yan’s name and photo appeared in the results column.

The man was amused. “This little girl is from Dragon City!”

“Don’t talk nonsense. Quickly look at her information.”

“The higher-ups are very dissatisfied with today’s operation. These two troublemakers must be thoroughly investigated!” The woman urged.

“Tsk, is there a need to? They are just two students. Besides, wasn’t today’s operation a success?” The man grinned, not caring at all.

“Stop being so long-winded, why are you so long-winded when I ask you to do this?”

The man shrugged his shoulders and clicked on Chu Yan’s profile picture, ready to check her details.

“Sorry, you do not have the right to view this person’s information!”

The cold mechanical voice sounded, and the man and woman were stunned.

“Insufficient authority?”

“Prohibited from checking?”

The man suspected that he had heard wrong. He had very high access rights.

It could be said that 99.999% of the people in the Dragon Kingdom could be found. He did not believe it and tapped on the keyboard again.

“Warning! Access denied, the system will automatically log out of your account after 3 seconds.”

The system’s warning tone became serious and cold.

The man was stunned. “No! How can it be like this?”

The next second, the computer screen began to count down.

“3...”

The two of them immediately panicked.

The man’s brain heated up and he clicked on Chu Yan’s profile picture with the mouse.

“Warning! Due to frequent operations, the system will automatically retaliate!”

Suddenly, their computer screens flashed, and they directly entered the bottom interface of the computer operating system.

“What kind of operation is this?” The man looked at the blue background and white words on the message, and he felt a headache.

After a long while, the man finally saw some clues.

“This is bad!”

The man panicked and immediately typed on the keyboard at full speed.

In an instant, the computer screen quickly turned off, and the man let out a long sigh of relief.

“What’s wrong? Why does it look like you’ve just escaped from death?” the woman asked.

The man wiped the cold sweat from his forehead and said, “I have good news and bad news, which one do you want to hear first?”

“Quickly say it! Don’t keep me in suspense.” The woman stomped on the man’s foot in a very irritable manner.

...

The man was in so much pain that his tears fell. “The good news is that our location hasn’t been exposed, so we don’t have to move.”

“What kind of good news is this? What’s the bad news?”

“The bad news is that we might be exposed.”

“Why?” The woman asked in a panic.

“Because Chu Yan’s file is too top secret. We tried to check her information many times, causing the system to think that we were people with bad intentions. It remotely locked onto our IP and implanted a trojan virus,” the man said casually, but the woman’s face became more and more serious.

“What was the result?”

“In the end, I was better and cut off the network in time, so our location wasn’t locked.” The man raised his eyebrows smugly.

“But we’re using that person’s authority and secret key. He might be called in for a talk.”

“That’s not a problem. He won’t arouse any suspicion for the time being.” The woman let out a sigh of relief and sneered. “Next, we’ll wait for the orders from above and carry out the next step of the plan.”

The man sighed helplessly. “Sigh! I’m going to be busy again! But really, that Chu Yan girl has such a powerful background that she could even make the system fight back.”

The man stood up slowly and left the room with the woman.

...

In the deepest part of the room, there was a cage.

A man wearing a mask of the heavenly dog was trapped inside. He was covered in wounds and blood was dripping from his body. The wounds looked as if he had been bitten by a wild monster.

...

“Dad, Mom, I’m back!” in the evening, in Phoenix Lake Community, Lu Benwei pushed open the door of his home and said excitedly.

Lu Dayong and Jiang Xiuqin were watching TV in the living room.

After hearing Lu Benwei’s voice, the two did not even raise their heads. Jiang Xiuqin even said, “You’re back? Go and wash some rice and cook it. Clean up the fish in the sink and scrape off the mucus, or else it’ll be too fishy to eat.”

“Mom, it’s not easy for me to come home. Other people at least have good food for three days. Why do you want me to work the moment I come back?” Lu Benwei expressed his dissatisfaction.

Jiang Xiuqin still did not look back, and she raised her voice. “Then you can go out. If you’re so envious of other people’s houses, go to other people’s houses.”

Lu Benwei was speechless.

Chu Yan chuckled and said, “Go, I’ll help you in a bit!”

Her voice startled Lu Dayong and Jiang Xiuqin, and they both turned around in unison.

Chu Yan hid behind Lu Benwei and politely bowed to the two elders. “Hello, Uncle and Auntie. I hope I’m not disturbing you.”

Lu Dayong and Jiang Xiuqin stood up and quickly greeted her, “You’re not disturbing us at all.”

Although they did not know what to do, they could not help but be happy.

Chapter 340 Clue

Lu Benwei was dumbfounded. Lu Dayong and Jiang Xiuqin, who had just been ignoring him, seemed to have completely changed.

“Lu Benwei, why didn’t you tell me you brought Little Yan back?”

Lu Dayong complained as he took the bags from Chu Yan’s hands. Jiang Xiuqin had just put on her apron, but she took it off again.

“You guys came back so suddenly. There’s not much food at home. I’ll go to the supermarket to buy some more.” Jiang Xiuqin picked up her small purse and turned around to leave.

“Auntie, it’s okay. I eat very little.” Chu Yan called out to Jiang Xiuqin.

At this moment, Lu Dayong came out of Lu Benwei’s room. “How can you just eat a little?”

Lu Dayong looked up at the clock in the living room and continued, “It’s a little late to buy food now. Let’s go to a restaurant! Little Yan, you’re new here. Try our coconut chicken and seafood in Hai Province. Aunty will buy some good ingredients to cook tomorrow afternoon.”

“Alright, alright.” Chu Yan agreed.

Lu Benwei was even more speechless.

Lu Dayong and Jiang Xiuqin’s enthusiasm for Chu Yan had deeply stimulated him.

They arrived at a high-end hot pot restaurant. Lu Dayong was very forthright. All kinds of precious seafood were stuffed into Chu Yan’s plate. After a while, the plate in front of Chu Yan was piled up into a small mountain of seafood.

Lu Benwei reached out his chopsticks, wanting to pick up a small shrimp, but Lu Dayong stopped him. “Save some for Little Yan. Look at how much you’ve eaten.”

Lu Benwei was about to cry. From beginning to end, he only ate a few pieces of chicken, one of which was a chicken butt.

‘What sin have I committed to bring Chu Yan back?’ Lu Benwei thought to himself.

Chu Yan was at the side, happily eating all kinds of delicious food.

“Little Yan, I thank you for saving Little Lu during the competition.”

When everyone was almost done eating, Jiang Xiuqin began to talk.

“Little Lu must’ve made you worry a lot in school, right?”

“Aunty, Lu Benwei took care of me a lot at school,” Chu Yan replied.

“That’s good.” Jiang Xiuqin did not forget to remind Lu Benwei. “Little Yan saved your life. You must remember this favor for the rest of your life. You must protect Little Yan in the future.”

Lu Benwei nodded. “Mom, don’t worry. I’ll remember it for life. I won’t let anyone hurt Chu Yan.”

Chu Yan blushed and lowered her head, her eyes clear and bright.

“By the way, what was the final result of your match with Ziling?” Lu Dayong said casually.

The dining table suddenly fell into a dead silence. Lu Benwei was silent and Chu Yan did not know what to say.

After five seconds, Lu Benwei said, “In the end, we’ll consider it a draw. If there’s a chance in the future, we’ll have another match.”

Lu Dayong pouted in dissatisfaction. “What? You guys have to compete again? You’re both siblings. Isn’t it good to tie for the match?”

Lu Benwei grinned.

After a pause, he deliberately asked, “When is Ziling coming back for the holidays? Our house only has three rooms. What is the room arrangement?”

Jiang Xiuqin heard this and sighed. “A few days ago, the principal of Yanjing Hunter University called to say that Ziling is going to go into seclusion to level up. I’m afraid she won’t be back this year.”

Lu Benwei’s eyebrows twitched and he secretly sighed in relief. He thought it would be hard to find a reason for Lu Ziling not to go home, but the principal of Yanjing Hunter University was quite thoughtful.

Lu Benwei grinned and said, “In that case, Chu Yan will sleep in my room tonight and I’ll sleep in Ziling’s room.”

“You’re sleeping in your sister’s room?” Jiang Xiuqin rolled her eyes at Lu Benwei. “In your dreams. You’ll sleep on the sofa tonight.”

“Why?”

“What if your sister comes back and sees that you’ve made a mess in her room? I won’t care if she takes care of you.”

Lu Benwei’s mouth twitched, and he was speechless.

Chu Yan covered her mouth and chuckled.

She leaned over to Lu Benwei’s ear and whispered, “Annoying fellow, do you regret inviting me to your house now?”

“Regret, I regret it very much!” Lu Benwei wanted to cry but had no tears.

...

After the meal, the family returned home very late.

Very quickly, the lights in the rooms were turned off.

Lu Benwei was lying on the sofa. After a while, he heard Lu Dayong’s snoring. He sat up and picked up the phone on the coffee table.

“Beep...”

“Beep...”

After a few ringtones, Lu Benwei heard Chen Yuan's voice.

"Lu Benwei, you got home safely, right?" Chen Yuan asked with concern.

"We're home. Mr. Principal, I'm sorry to disturb you so late." Lu Benwei continued.

Chen Yuan yawned and said, "It's fine. I'm old and sleep late. Speak, what's the matter?"

Lu Benwei took a deep breath and said, "Mr. Principal, have you heard of the recent happenings in the Dragon Kingdom? For example..."

"For example... Are there incidents of officials being attacked throughout the Dragon Kingdom?" Chen Yuan answered for Lu benwei.

Lu Benwei's eyes immediately shrank, and he replied, "Yes. But, Mr. Principal, how did you know?"

"There's some news that officials in your province have encountered the most attacks." Chen Yuan lazily said, "Since you know about this, does that mean you've encountered it today? What's the name of the official who was attacked?"

"Yes, that official is the governor of Hai Province. Chu Yan and I took care of him together," Lu Benwei answered without hesitation.

Chen Yuan suddenly laughed. "Oh, Chu Yan went to Hai Province with you. Did she go to your house?"

...

Lu Benwei was speechless.

"Mr. Principal, can we return to the topic of the attack?"

"Sure, no problem." Chen Yuan chuckled.

"Can you tell me more about this organization? I have a feeling that this matter isn't that simple."

Chen Yuan rubbed his mouth and said, "The information about this organization is actually top secret."

Lu Benwei heard this, and a trace of disappointment flashed in his eyes.

"But there's no harm in telling you," Chen Yuan suddenly changed the topic and said.

"This organization is very mysterious. I only know a little..."

Lu Benwei pricked up his ears and began to listen.

...

After hearing Chen Yuan's story, Lu Benwei took a deep breath.

...

"It's too terrifying. They've committed crimes in all the provinces of the Dragon Kingdom, but no one has been caught. They all wore masks. When they committed the crime, they didn't leave a trace, or if they were caught, they would choose to self-destruct."

Lu Benwei muttered to himself in disbelief,

“Until now, we don’t even know the name of this organization. This proves that the leaders of this organization are very cautious, or...
