

Dungeon 351

Chapter 351 Action

Lu Benwei rejected it again.

The president of the hotel did not try to keep him.

“Lu Benwei, this is my business card. If you need anything, you can contact me at any time,” the president said as he took out his business card and handed it to Lu Benwei.

Lu Benwei thanked him for his kindness and was ready to leave with Chu Yan. After a few steps, Lu Benwei stopped.

“There’s one thing I really hope you can help me with.”

“As long as it’s something I can do, I’ll definitely complete it.” The president of the hotel immediately agreed.

After that, Lu Benwei talked about Manager Liu. After that, the president of the hotel held a meeting and fired Manager Liu in front of everyone.

Furthermore, Zhang Minghua’s father had also heard about his son’s deeds from others. When Zhang Minghua returned home, his father took out a belt, hung him up, and whipped him.

Zhang Minghua’s father also reminded him, “I’m telling you, go and apologize to them!”

...

On the other hand, Lu Benwei and the other two left the hotel.

Lu Benwei, Fan Peng, and Chu Yan had not eaten much, so the three of them found a restaurant with a golden arch at the front of the door. They sat down at a table by the window.

“Lu Benwei, you’ve really shocked me!” Fan Peng could never forget the scene just now.

“I’d never have dreamed that my brother would be the champion of the National Class Tournament!”

Lu Benwei smiled. Chu Yan and Fan Peng, on the other hand, chattered on.

“F*ck, you didn’t know that when Zhang Minghua found out that you guys were the champions of the National Class Tournament, his face was even darker than the bottom of a pot!”

“Is that so? How did that Zhang Minghua offend you?” Chu Yan was curious.

“Sigh, isn’t it because lust is a double-edged sword? Zhang Minghua couldn’t stand it and wanted to get Lu Benwei drunk to make a fool of himself. In the end, the seven of them added up couldn’t even compete with Lu Benwei.”

Chu Yan said happily, “Hey, they didn’t meet me. I can drink until they’re on the news tomorrow. The headline will be – Drink until Drunk. Shocking! Seven Men Ran Around the City Naked!”

“Huh?” Fan Peng shivered. “If I were to drink with you, I’m sure the headlines would be running around the entire province naked.”

Chu Yan and Fan Peng's unruly conversation caused the parents who had brought their children to eat at the Golden Arch restaurant to frown.

"Let's go, child. Don't sit next to an idiot, or you'll become an idiot too."

"What's wrong with the restaurant? Why did they let three idiots in?"

Lu Benwei was speechless. He turned his head helplessly and wanted to pretend not to know these two people.

Chu Yan and the others chose a table by the window. Lu Benwei tilted his head and could see the large square of the shopping mall. There were many children playing in the square.

At the same time, many people put on masks or doll costumes and handed out flyers.

A person entered Lu Benwei's line of sight. It was a woman with outstanding charm, a hot figure, and a soul-stirring figure.

At the same time, she was holding a large bouquet of balloons in her hand. Every time she passed by a child, she would pick one up and give it to him for free.

However, the mask the woman was wearing was too terrifying. It was a white clown mask!

Many children were frightened and curled up behind their parents' legs. Many of the children's parents took the balloons for their children and said to her, "Beauty, since you're distributing the balloons, why don't you wear a cute mask?"

The clown replied in his magnetic voice, "No, I'll die!"

On the other side, Lu Benwei immediately became alert.

"Chu Yan, look."

Chu Yan and Fan Peng stopped talking and followed Lu Benwei's gaze.

"F*ck, why did you only let us see such a beautiful woman with such a good figure now?"

"That's right, annoying fellow, you're the only one eating!"

Chu Yan did not notice anything wrong and complained about Lu Benwei instead.

Lu Benwei listened to the words of these two clowns and silently held his forehead.

Lu Benwei took a deep breath and said, "Chu Yan, have you forgotten the information you shared with me last night?"

Hearing this, Chu Yan's head tilted to the side, then she opened her mouth slightly.

"The mysterious organization? No way!"

Beside her, Fan Peng sensed that something was wrong.

"That's not right. If she's going to distribute the balloons, why is she wearing such a scary mask? It's giving me goosebumps."

"It's probably them!" Lu Benwei said.

"They suddenly appeared in the middle of the chaos. They must be coming for us. Let's go out!"

Chu Yan took the lead and ran out.

"What are you guys talking about?" Fan Peng was dumbfounded.

"Fan Peng, this matter is very complicated, but it's of great importance. It may be life-threatening," Lu Benwei said seriously, "I'm sorry to have dragged you into this."

Fan Peng also realized the urgency of the matter and said, "What are you talking about? We're brothers. If you're in trouble, I'm in trouble!"

After saying that, he rushed out with Lu Benwei.

When the clown saw the three aggressive people, she only gave them a faint smile and continued to distribute balloons.

At this moment, all three of them could sense the powerful energy fluctuations emanating from the clown's body, and they were certain that the clown was no different from what they had guessed.

However, the clown continued to distribute the balloons as if she did not see them.

"When will you stop distributing the balloons?" Chu Yan asked coldly.

...

"..."

No one responded. For a moment, the atmosphere was a little awkward.

Chu Yan could not bear it anymore and was ready to attack.

Lu Benwei stopped Chu Yan and asked, "Why did you come to find us?"

The clown was taken aback. Then she released the balloon in her hand and let them dance freely in the air.

"I didn't expect you to be the champion of this year's National Class Tournament," the clown said indifferently.

"You don't have to come and try to get close to us!" Chu Yan said coldly.

"That's not it. The higher-ups sent me here today to test you," the clown's eyes flashed with a strange green light as she spoke.

"Pak!"

Instantly, all the balloons that the clown had distributed burst. The air was filled with green gas.

Nearly 95 percent of the people in the square had been knocked out by the gas and were lying unconscious on the ground.

...

Fan Peng also felt dizzy, and his eyes were in a daze.

“Don’t breathe it in! It’s poisonous!” Lu Benwei exclaimed.

After saying that, he frantically circulated his bloodline to resist the corrosion of the poison.

“Lu Benwei, Chu Yan, let’s play a game.” The clown laughed out loud.

“Defeat us, and these people can be saved. Don’t you like to save people? I’ll let you save as many as you want today!”

Chapter 352 The Business War

In that instant, more than a dozen mysterious men in red masks rushed out from all directions! All of them were above level 50!

The woman in the clown mask also displayed her strength. She was at level 60!

Seeing this, Fan Peng’s scalp went numb.

“Lu Benwei, how did you offend such a powerful person?”

!!

“It’s a long story, let’s talk about it later.” Lu Benwei’s face was solemn.

“We... Where are we going to talk about it later? Is it heaven or hell?” Fan Peng’s mouth twitched.

At this moment, the clown-masked woman laughed in a high-pitched voice. “This little friend is really humorous. Don’t worry, you won’t die. The ones who will die will just be these ordinary people.”

“What did you do to them?” Lu Benwei’s voice was cold.

“It’s nothing. I just made them fall asleep. If they don’t get the best treatment, they will never wake up. Lu Benwei, defeat me. If you don’t defeat me, the poison won’t disappear.”

The woman in the clown mask started laughing wildly.

Lu Benwei let out a breath of anger and flew up into the sky.

“F*ck, Lu Benwei? You can fly? You’re at level 40?”

Wind Rider was exclusive to level 40 and above second transition hunters.

Fan Peng was the same age as Lu Benwei and was only a little over level 20! The gap between them was absolutely incomparable!

Chu Yan also flew up into the sky. “Little Peng, the fight will be very intense later. Help transfer those unconscious people!” she said.

“You can count on me!” Fan Peng nodded and said.

“Wait!” Fan Peng suddenly realized that something was wrong. “You guys want to fight with them?”

Fan Peng was shocked!

With one level 60 and a dozen level 50s, the other party could probably poke the three of them to death with just a finger.

“Fan Peng, I’m sorry to have dragged you into this. But don’t worry, I’ll definitely make sure you get out of here safely.” Lu Benwei looked back.

Lu Benwei grinned. “Don’t forget, I’m the champion of the National Class Tournament.”

“Myriad Light Fist!”

Lu Benwei suddenly moved his fists and waved out a galaxy of stars.

“Whoosh, whoosh, whoosh!”

The galaxy flowed, and each fist was like a meteor falling from the sky!

A knight from the mysterious organization made his move. He raised his hands, and a light screen appeared out of thin air!

Gradually, the light curtain that was supporting the sky turned into a huge net that contained everything. It caught all the stars in one fell swoop, leaving no one behind.

“Boom!”

With a dull sound, the net was broken, but all the stars also dimmed and turned into dust.

Lu Benwei was not surprised. The opponents were all above level 50. Even if talent was not taken into account, they were still powerhouses who could shock an area!

“Annoying fellow, move!”

Lu Benwei heard this and directly dodged to the side, leaving the stage to Chu Yan.

“The Li Fire Divine Cauldron!”

Chu Yan’s glabella flickered, and a huge red cauldron appeared. There were strange silver monsters engraved on it and it was very extraordinary.

Chu Yan had once used it in the National Class Tournament, and its power was unparalleled! Today, Lu Benwei saw it and realized that it was a divine cauldron passed down from ancient times, comparable to a legendary weapon!

“Tremble!”

The divine li fire cauldron’s cry shook the nine heavens. The members of the mysterious organization trembled. They wanted to run, but they could not. They wanted to attack, but they could not.

“Chi...”

A raging fire ignited in the cauldron, and flames that burned the heavens came out and pressed down.

However, there was one person from the mysterious organization who had extraordinary ability. He wielded a bladeless sword. The sword automatically left his hand and slashed into the sky, creating a vast ocean to counter Chu Yan’s fierce fire attack!

“Swish!”

A huge amount of seawater evaporated, and countless flames were extinguished!

The collision between the two created a billowing smoke that soared into the sky and spread down, gradually enveloping the entire Street. It was like a paradise on earth!

“Myriad Thunder Skill!”

Lu Benwei did not have any mercy and took advantage of this rare opportunity to launch a killing move!

“Boom, boom, boom!”

Instantly, the world turned into a sea of lightning!

The lightning was rolling, and each one of them came from the netherworld, full of cold killing intent!

Lu Benwei let out a strange roar, his clothes fluttered in the wind, and lightning rolled down with an unstoppable meaning!

Everyone on the mysterious organization’s side immediately realized that they could not take this attack head-on. Fear appeared on their faces.

“Quickly retreat!”

Everyone scattered and fled in all directions, wanting to get away from this dead-end area.

“Don’t even think about running!”

Chu Yan reacted quickly and activated her skill to stop them from escaping!

...

“Ocean Magic: Ultimate!”

Instantly, black seawater gushed in from all directions, forming a wall of seawater that pierced through the clouds, covering the sky and blocking everyone’s path of retreat!

All the mysterious masked men were shocked. The chill of death extended from their fingertips to their ankles.

“Boom!”

The sea of lightning spread, and a bolt of lightning tore apart the body of a mysterious masked man. The charred flesh scattered, and the air was filled with the thick smell of meat paste!

The fear of death instantly engulfed everyone. In this state, their brains issued the wrong command.

“If we dive into the sea and rush out, we can still survive!”

However, seawater was the most conductive. When they went into the seawater, it would only make their death come faster! All the mysterious masked men would immediately regret it if they forced their way into the sea.

The temperature of the seawater made their bodies tremble, and the rapidly flowing seawater tore their bodies apart!

In the next second, a sea of lightning struck, as if the god of death had descended with a sickle! The lightning and the ocean intertwined, erupting with infinite power, tearing and bombarding everyone!

There were people constantly struggling to get out of the water, but the rapid current would slap them back into the water in a breath.

...

After an unknown amount of time, the seawater receded, and more than a dozen bodies lay on the ground like dead dogs.

Fan Peng, who was hiding in a corner, opened his mouth wide and drooled all over the ground!

“My goodness, what kind of immortals are you two? You’re so awesome!” Fan Peng cried out in shock!

“This is just a small matter!” Chu Yan landed and said in a daze.

“This is nothing? If it were me, I’d have died countless times.” Fan Peng gave her a disdainful look, thinking that Chu Yan was just pretending.

Chu Yan chuckled and waved her hand. “How is it? How are the people now?”

Fan Peng checked on the general situation of the people, and they were all fine.

“Oh right, where’s Lu Benwei? Why don’t I see him?”

Chu Yan replied, “You mean annoying fellow? He went to look for the woman in the clown mask!”

Chapter 353 Teasing

With a swish, Fan Peng’s face turned extremely pale.

“Ah? That she-devil didn’t leave?” Fan Peng said as he tried to pull Chu Yan away.

“She ran away. That annoying fellow chased after him,” Chu Yan broke free and said with her hands on her waist.

Fan Peng swallowed his saliva frantically. “Has Lu Benwei gone crazy? The other party is a level-60 powerhouse. I admit that you two are very strong, but fighting a level-60 powerhouse, is this a joke?”

“I’m only 11 levels higher than that annoying fellow. What’s there to be afraid of?” Chu Yan said with a relaxed expression.

In an instant, fan Peng felt like his world had collapsed. There was a difference of eleven levels... After reaching level 50, every increase in level required double the effort and time!

At the same time, he was shocked by Lu Benwei’s level. He reached level 49 at the age of 18. He was probably the best among his peers in the Dragon Kingdom!

Suddenly, Chu Yan felt a mysterious energy fluctuation. She calmed her heart and carefully sensed it. She opened her eyes and smiled.

“Let’s go. There’s nothing for us to do here.”

Fan Peng was startled and said, “So we don’t care about these people anymore?”

After saying that, he lowered his head and glanced around. On the ground, there were ordinary people lying unconscious everywhere. He had painstakingly transferred them over one by one.

“No need, someone’s already here.” Chu Yan smiled sweetly, hiding infinite mystery.

“What about Lu Benwei? Do we need to care about him?” Fan Peng was still worried.

“The annoying fellow can protect himself. Besides, that group of people is here, so don’t worry,” Chu Yan said faintly.

“No, I still can’t stop worrying. I have to go and take a look.”

Seeing Fan Peng’s insistence, Chu Yan had no choice but to cast a flying spell on him.

...

On the other side.

Lu Benwei used Lightning Speed and reached his maximum speed. He chased after her and forced her to the outskirts of Qingling City.

The forest was dense and lush. The trees were thicker than a water tank, and there were also strange boulders lying on them.

There were very few people, so Lu Benwei could move freely! His fists moved, and he immediately struck out a galaxy!

“Boom!”

The stars exploded, and each fist was like a meteor, attacking the clown-masked woman!

The woman in the clown mask stopped running and chose to face Lu Benwei head-on!

“Wood Elementals, assemble!”

Suddenly, the trees and grass on the ground seemed to come alive and grew infinitely. Countless vines thicker than a person’s waist came from all directions and wrapped around the clown-masked woman, blocking Lu Benwei’s shocking attack!

Layer after layer of vines was broken, and wood chips flew all over the sky.

The aftershock of the Myriad Light Fist’s impact hit them, causing their clothes to dance wildly.

“Your class is...?” Lu Benwei’s eyes were cold as he said coldly!

“Archer’s hidden profession, forest ranger. Second-stage class change, Thorn Queen! You saw through me.”

The clown-masked woman’s breath was like an orchid. Every word she said was accompanied by an intoxicating fragrance.

Lu Benwei could not afford to be careless as this intoxicating aura was constantly trying to erode his internal organs.

“So, you deliberately led me here?” Lu Benwei sneered.

“I didn’t expect you to have a special technique that can neutralize my poison. No, you’re circulating the power of your bloodline. Does that mean that the power of your bloodline is at work?”

The woman in the clown mask did not answer the question and instead praised Lu Benwei.

“It seems like it’s impossible for me to use the poison to weaken your combat power.”

Lu Benwei did not want to waste any more time talking to her, and a beam of light shot out from his eyes.

The woman in the clown mask twisted her slender waist, and countless vines moved! The entire forest was changing colors, and the trees grew endlessly.

Countless thorny vines grew out from it, scaring the birds and monsters in the forest away!

After casting the four buffs, Lu Benwei strengthened himself!

“Boom!”

He punched out, and the golden light was extremely powerful!

The clown-masked woman took out a crimson-black crossbow and shot out countless arrows!

“Swish, swish, swish!”

The crossbow bolt pierced through the air with the power to penetrate everything!

Lu Benwei did not dodge and a layer of white holy light armor appeared on his body.

“Heavenly Light Shield!”

Resist 95 percent of damage!

The arrow hit Lu Benwei’s body, creating brilliant sparks that lit up the sky as if it was creating a galaxy!

Lu Benwei’s momentum was unstoppable, and all the arrows that hit him bounced off, not even a strand of hair falling!

The woman in the clown mask did not panic at all. Her black hair was like a waterfall, flying in the wind.

The next second, the thorns on the ground rushed up and whipped at Lu Benwei. His eyes flashed coldly, and the Ancient Sword of Clarity appeared in his hand!

“Swish!”

The sword buzzed as destructive power gathered and concentrated on the small sword!

...

“Boom!”

The destructive sword light soared into the sky, and the destructive divine sword showed its power! The sword light that could penetrate through the world turned everything into nothingness.

The woman in the clown mask was too careless and did not manage to escape in time. It was only when the destructive sword light was right in front of her that she suddenly came to her senses and hurriedly dodged!

“Swish!”

In the end, she was one step faster and dodged the destructive sword light, narrowly escaping death.

However, the destructive divine sword’s remaining power tore off a piece of skin from one side of her shoulder, and a corner of her clothes also fell.

Fresh blood flowed down her skin and into her cleavage. It was very alluring with a tinge of red. The only flaw was that the mountain peak was a little dim as if it was man-made. However, even so, her body was unparalleled!

Instead of getting angry, the woman in the clown mask laughed, her voice full of temptation. “Little brother, you’re so rough, you’re so anxious to see my body!”

Lu Benwei was unmoved by the teasing and smiled.

“Yours is so big. I thought you were born with it. I didn’t expect it to be a fake! Sigh... It’s a pity that I like natural ones. You’re making me lose interest.”

Lu Benwei’s rude words angered the woman in the clown mask.

...

“Myriad Vines, strangle!”

The clown-masked woman’s killing intent was revealed, and her usual gentleness was completely gone!

“How dare you humiliate me! I’ll twist your head off and use it as a spittoon!”

Lu Benwei laughed. “So anxious?! I know a doctor from a hospital who can pass the surgery off as real. If you go and do it again, I might be interested!”

The woman in the clown mask was so angry that her lungs were about to explode!

“Lu Benwei! I’m going to cut you into eight pieces. I’ll use your head as a spittoon, throw your limbs into the stinking ditch, and use your body as my toilet!”

Chapter 354 A Cross-level Battle!

The woman in the clown mask was furious!

Lu Benwei’s mocking laughter became even louder!

“Hahaha! If you’re really that capable, why don’t you sell my internal organs and use the money to find a better hospital?”

The moment he said that, the woman in the clown mask was so angry that smoke came out of her seven orifices!

!!

“Die!”

In an instant, the sun, moon, and stars lost their light. The scarlet-black vines grew wildly, each of them as tall as a mountain!

At this moment, Lu Benwei smelled a strong bloody smell. Looking down, he saw that the insects, birds, and monsters in the forest had been pierced by brambles and vines, and their blood had dyed the ground red!

To Lu Benwei’s surprise, the thorny vines were greedily sucking his blood!

“I have to end the battle quickly!”

After all, the other party was a level-60 powerhouse with heaven-defying means!

The four great enhancement skills strengthened Lu Benwei’s body, and his double origin-grade bloodline circulated wildly! It was shining strangely and extremely bright!

Lu Benwei’s fists moved, and a brilliant river of stars shot out with overwhelming momentum! The power of the Myriad Light Fist was unparalleled!

However, the clown-masked woman was a level 60 expert after all. The strengthened vines were comparable to steel!

“Clang! Clang! Clang!”

The earth-shattering collision produced a thunderous boom! Facing the brambles that were as hard as steel in all directions, Lu Benwei felt like he was locked in a metal cage!

The star dissipated!

The red and black thorny vines were still gathering toward Lu Benwei, trying to cut him into pieces! He was not afraid at all. His wrist shook rapidly, and he instantly activated his destructive divine sword!

“Swish!”

The Ancient Sword of Clarity seemed to come alive in Lu Benwei’s hand. The destructive sword light tore a hole in the sky!

Lu Benwei took advantage of the situation and escaped death!

The level difference between the two sides was too big, and Lu Benwei could not have the advantage!

Besides, the woman was an expert in using the wood element, so his Myriad List Fist and Myriad Thunder Skill were of little use.

Seeing Lu Benwei’s strength, the woman in the clown mask let out a roar, and her eyes shot out red and black beams. The brambles and vines gathered rapidly, becoming larger than a mountain!

“Die!”

The mountain-like thorny vines swayed, the wind howled, sand and stones flew, and trees were cut in half!

Lu Benwei did not retreat and formed a seal!

“Mountain Sea Seal!”

A towering mountain rose from the ground and pierced through the clouds! Lu Benwei held the mountain and smashed it toward the huge thorn vine!

“Boom!”

The earth-shattering collision tore the clouds apart and dimmed the sun and moon. The rising smoke and dust instantly enveloped the entire city!

It was as if a magnitude 12 typhoon had swept through the entire Qingling City!

“Mountain Sea Seal?”

The woman in the clown mask widened her eyes in disbelief!

“How did you know the Mountain Sea Seal?! What’s your relationship with Chu Tianxiong?”

Lu Benwei’s expression sank. The clown-masked woman’s repeated questions gave him a different piece of information.

“I don’t know what you’re talking about!” Lu Benwei coldly said, revealing his white teeth. Every word he said was filled with killing intent.

“I only know that the two of us can kill you!”

“Arrogant!”

The clown-masked woman shot an arrow into the sky, and a huge magic circle lit up, covering half of the sky!

“Chi...”

Countless black and thick vines surged out like giant pythons! The brambles continued to attack, trying to tear Lu Benwei to pieces!

Lu Benwei activated the Lightning Speed and moved so fast that no one could catch his movements with the naked eye! The next second, he closed in on the woman in the clown mask.

“Mountain Sea Seal!”

The huge mountain crashed down, causing the ground to shake for thousands of miles!

However, the array did not stop. Countless brambles and vines quickly gathered and attacked Lu Benwei. The speed was so fast that it instantly wrapped around him!

“Die!”

The vines strangled him, and the intent of death was thick. Blood kept flowing out of the cracks! Seeing this, the woman in the clown mask laughed hysterically!

“Lu Benwei, you’re just so-so! What National Class Tournament? In the face of the absolute difference in levels, it’s just a piece of cake!

The next second, the clown-masked woman’s laughter froze. Lu Benwei’s body had already rotted into pieces of flesh and blood like mud!

Logically speaking, he should have been dead. However, at this moment, the pieces of flesh were healing rapidly in front of the clown-masked woman!

Gradually, all the flesh and blood gathered and completely transformed into Lu Benwei’s appearance.

The woman in the clown mask shuddered. This was simply too inconceivable. It could be said to be a heaven-defying skill that could bring the dead back to life!

Only monsters could do such a heaven-defying thing! The woman in the clown mask was trembling as if Lu Benwei was a monster in human form!

Soon, after the shock, the eyes of the woman in the clown mask turned red. No matter how scared he was, Lu Benwei was not more than level 50. It would not be surprising if she killed him thousands of times!

...

“What skill is that?!”

The eyes of the woman in the clown mask were filled with greed.

“What? You’ll let me go if I teach you this skill?” Lu Benwei asked with a playful smile.

“You’re tactful!” The woman in the clown mask sneered!

Lu Benwei grinned, revealing his white teeth. “This is my family’s legacy skill. I don’t pass it on to outsiders. It’s not impossible for you to learn it if you want to...”

“What, you want me to marry you?” The woman in the clown mask sneered, revealing her delicate shoulders and making her look very charming.

“That’s not it. If you become my daughter, I can pass it on to you.” Lu Benwei smiled faintly and continued to provoke the woman!

“Quick, call me Daddy!”

“You’re looking for death!” The woman in the clown mask was furious.

Suddenly, she calmed down and said, “Hehe, it’s fine even if you don’t say it! I’ll enter the depths of your soul, and I’ll be able to learn it too! With your level 49 spirit attribute, you’re just a toy to me.”

In the next second, the eyes of the woman in the clown mask lit up. An invisible spiritual attack was sent out to Lu Benwei’s brain.

...

She did not know that this move was what Lu Benwei wanted.

He focused his gaze, and a white light flickered between his brows! The incomplete stigmata hung above his head.

Lu Benwei's four-dimensional attribute, spirit, rose rapidly. His stigmata rotated and released a spirit shock!

"Arrgh!"

After the scream, the woman in the clown mask screamed in pain and quickly retreated while holding her head!

"You... You! What did you do to me? My head hurts!"

The voice of the woman in the clown mask was about to be torn apart. She was in extreme pain!

"It's nothing. It's just a backlash from my spiritual shock," Lu Benwei said jokingly.

"Impossible, you're just a level 49 magician, how could your spirit attribute surpass mine?!"

Chapter 355 Dragon and Tiger!

"You? You think you're worthy to compete with me in spirit attribute?"

This was an arrogant roar, and a form of confidence! The greatest pride of the Super Holy Demon Magician was his surging and powerful spiritual energy!

Lu Benwei was at level 49, but his spirit attribute was comparable to a level-60 powerhouse! With the support of the stigmata, even if it was broken, it would still be a powerful help!

This was Lu Benwei's trump card, and he would not use it unless he had no other choice! At the same time, it was also a killing move!

!!

The mind of the clown-masked woman was on the verge of collapse. She was in a state of chaos!

Below her, countless vines and brambles followed the clown-masked woman's movements, attacking her without any purpose!

Fortunately, they were in the jungle, and there was no one around. Only the trees and boulders were damaged!

However, there were too many sharp vines, and some of them began to attack Lu Benwei. He helplessly gave up on the idea of killing the clown-masked woman and turned to defense.

"Boom!"

The wild attacks of the bramble vines were aimless, and there was no way to predict their trajectories.

Lu Benwei shouted as he used the heavenly light sacred shield and the Ancient Sword of Clarity! He was wearing pure white armor and holding a divine weapon, like a divine general in the sky!

“Swish!”

One of the vines was split open, and milky-white tree sap gushed out.

It was also at this moment that countless thorny vines rushed up as if they had seen blood. Like a fierce tiger eating, they gnawed on the half-broken vine, leaving not a single leaf behind.

Lu Benwei was startled by this scene. This thorn vine could eat its own kind! On the other side, the vines began to attack the clown-masked woman!

Lu Benwei’s pupils shrank and he took a deep breath.

The thorny vines mercilessly smacked the clown-masked woman to the ground! The clown-masked woman’s clothes were instantly torn to pieces, and her ice-like skin was covered in blood. Blood was pouring out like rain. The brambles and vines surged in all directions, like flies seeing rotten meat.

“Stop you damn animals!”

The clown-masked woman roared with her remaining rationality to stop the rebellious behavior of the thorny vines!

However, the effect was not obvious. The thorny vines only hesitated for a moment before they pounced forward crazily!

The woman in the clown mask was in despair. A cold death intent spread from her fingertips to her ankles.

However, in the next second, a cold sword light streaked across the sky and forcefully cut open a hole. A large hand reached in and mercilessly pulled the clown-masked woman out of the layers of encirclement.

After that, he took her and escaped from this place.

“It’s you?”

The woman in the clown mask saw that the person who helped her was Lu Benwei.

Lu Benwei’s body was covered in blood as blood kept flowing out. Soon, his amazing self-recovery ability healed these wounds, leaving dark purple scars.

“Why did you save me?” the woman in the clown mask asked in confusion.

“Save you? You’re thinking too much.” Lu Benwei sneered.

“I just want to interrogate you.”

“Let me ask you, what organization are you from? Why are you making an enemy out of the humans?”

The woman in the clown mask also responded with a cold smile, “Do you think I’ll be grateful to you just because you saved me?”

Lu Benwei frowned and sneered. "Since that's the case, then you shall be beheaded!"

With that, the sword hummed, and the blade emitted a murderous cold light! Lu Benwei looked at the almost naked beauty in front of him coldly, without a trace of pity.

The heart of the woman in the clown mask trembled. Finally, she sneered and said, "You're really heartless."

After she finished speaking, she closed her eyes and waited for death to come.

"Friend, please show mercy!"

A hurried man's voice exploded in Lu Benwei's ears. The next second, a large hand patted his shoulder.

Lu Benwei's hair stood on end, and he immediately slashed with his sword!

"Slash!"

"Hehe, little friend, give me some face and show mercy."

The man held a dagger and laughed.

Lu Benwei looked back, and his pupils shrank. The man behind him was a complete weirdo!

His tall and thin body was covered in oil, and he had a paper bag with a golden arch on his head. There were two holes in it, revealing a pair of brown eyes.

"Who are you?" Lu Benwei asked alertly.

The man in the paper bag chuckled and said, "Can't you tell? I'm on the same side as the clown."

As the paper bag on his head was too dramatic, Lu Benwei could not answer immediately.

"Are you talking about this? I came out in a hurry, so I just took something with me!"

The man touched his paper bag, making a clattering sound.

"You don't say. The quality of the paper bags from the golden arch restaurant is much better than KFC!"

If it was not for the difference in height and body shape, Lu Benwei would definitely think that he was Fan Peng!

He was too f*cking cheap!

"Since it's you guys, then there's nothing more to say."

Lu Benwei was too lazy to waste time with this kind of person and raised his sword to slash!

"Hey, hey, hey, young hero, wait!"

...

The paper bag man raised his hands and surrendered.

"What are you trying to do?" Lu Benwei asked coldly.

“Nothing, I just wanted to tell you to run away. When they come later, they won’t care who you are!”

The paper bag man disappeared with a whoosh as soon as he finished speaking.

Lu Benwei was stunned. Just as he was about to look around, he saw the paper bag man come out of some corner.

“I’m sorry, the clown has been rescued.”

The paper bag man chuckled and lifted the woman.

“Baby, I haven’t seen you for a day and you’ve gained weight again!”

As he spoke, the paper bag man drew a circle in the air with one hand. In the next second, he entered with the woman in the clown mask.

“Space force?” Lu Benwei was stunned.

However, it was at this moment that the round door closed, and the paper bag man and the clown-masked woman disappeared.

...

Lu Benwei cursed under his breath and activated his Eye of Insight to see which direction the two had escaped. For a long time, Lu Benwei did not notice any strange movements within a dozen miles.

Then he deactivated the Eye of Insight and prepared to leave.

“We can only find clues from the people we defeated earlier.”

Lu Benwei pondered as he walked.

Suddenly, the wind and clouds in heaven and earth surged, and strange phenomena appeared! Large pieces of clouds covered the sky, and the sky instantly darkened!

Lu Benwei immediately became alert. As the saying goes, the wind gives birth to tigers, and the clouds give birth to dragons! The wind and clouds moved, so both the dragon and tiger were born!

A long and narrow shadow shrouded him, causing him to immediately look up! A several-foot-long green dragon was hovering above Lu Benwei’s head. Its green-gray scales were shining with a black light, and it could swallow the sun and moon with its big mouth!

At the same time, a tiger’s roar shook the forest, shaking the world and dimming the sun and moon!

Chapter 356 The Night Watchmen

“Roar!”

A tiger’s roar shook the forest!

Beside the green dragon, a white tiger with golden eyes and a body the size of a small mountain was crouching.

With each step, the wind and clouds surged!

However, what surprised Lu Benwei even more was that the dragon and tiger were protecting something. He took a closer look.

It was a man who was about 25 years old. He was dressed in a spotless green robe, and his sleeves fluttered in the wind. His cold face looked as if it had been cut by a knife, and it was as cold as an Ice Mountain. He could be called a strange man, with a unique and independent style!

On the ground.

At Lu Benwei's position, rustling sounds could be heard from the jungle.

Soon, a group of mysterious soldiers in black combat uniforms and holding standard weapons surrounded Lu Benwei. Lu Benwei knew that this was a secret department of the Dragon Kingdom.

He raised his hand and laughed. "Big Brother, we're on the same side!"

The leader of the combat personnel shouted, "Don't try to curry favor with me, arrest him!"

"Sir, I'm a good citizen!" Lu Benwei panicked.

"Cut the crap!" the leading combat personnel shouted.

"God Welcoming Association, you've committed many evil deeds and repeatedly challenged the dignity of the Dragon Kingdom. I'm arresting you now. When you're back in the police station, you'll be put on trial!"

Lu Benwei was stunned for a moment, but he immediately understood what the God Welcoming Association was.

"So, this mysterious organization is called the God Welcoming Association. No wonder some of its members are so mysterious."

After pondering for a moment, Lu Benwei smiled again. "Sir, you've misunderstood. I've chased the God Welcoming Association members away. Let me show you the way."

Lu Benwei waved his hand and prepared to lead the mysterious organization to the place where the man in the paper bag used the space force.

At this moment, the man in the sky jumped down. The man was able to stabilize his body from a height of a hundred meters, which showed how extraordinary he was.

"You're Lu Benwei?" the man asked without any expression.

Lu Benwei was happy. Finally, someone who could recognize him came!

"Yes, I'm Lu Benwei."

However, the man's next words made Lu Benwei's eyes pop out.

"Capture him!"

"Yes!"

Lu Benwei was shocked and before he could react, he was handcuffed by a man. In an instant, a sense of powerlessness spread from his wrist to his whole body, and Lu Benwei's four attributes were suppressed to the extreme.

At the same time, he felt sleepy and fell asleep.

...

After an unknown amount of time.

Lu Benwei slowly opened his eyes. For the first time, he still felt that his eyelids were heavy, and his hands were heavy. It was the black handcuffs.

He wanted to sit up, but a sense of powerlessness still filled every cell in his body. His four attributes were still suppressed to a freezing point.

'Should I try circulating the power of my bloodline?' Lu Benwei thought.

While he was thinking, the Holy Key Sage's light bloodline was activated, helping him to resist the feeling of weakness.

"Ha!"

Lu Benwei took a deep breath and exploded with peerless strength!

"Crack!"

The specially made shackles were broken, and black debris flew all over the sky.

"What is this place?"

Lu Benwei finally saw where he was. It did not look like an interrogation room. Although it was not big, it had everything and was very warm.

On the coffee table in front of him, there was a pot of hot tea and a few washed fruits. Lu Benwei could not help but have some doubts.

At this time, there was movement outside the room, and they were rushing over.

Seeing this, Lu Benwei pricked up his ears and listened carefully. From the sound of it, there were only two pairs of footsteps. One was heavy and steady, while the other was almost silent.

They stopped outside the room. The owner of the heavy and steady footsteps opened his mouth.

"Lin Feng, do you remember what I said?"

"Lin Feng?"

Lu Benwei had a trace of suspicion, and Lin Feng's image appeared in his mind. However, he quickly dispelled this thought. It was probably just the same pronunciation.

After a long time, the person called Lin Feng responded, "I know. I'm sorry."

From the tone, it was the man that Lu Benwei had met before. His answer was also in line with his personality, he was a man of few words.

The owner of the heavy footsteps heard this and sighed. "You're really... Before you left, I already made it clear that Lu Benwei is someone we have our eyes on. If we have a good relationship with him in the future, we can let him join our Law Enforcement Bureau! This way, the bureau will have you and him, two great geniuses! You, on the other hand, kidnapped him without saying a word. How will he join us in the future?"

Lu Benwei could hear the voice outside the door clearly. It turned out that this was the Law Enforcement Bureau!

It was a special organization in the Dragon Kingdom. They did not face the monsters directly, but they were also involved in life-and-death situations and dealt with all kinds of emergencies in the Dragon Kingdom.

Or monsters would take on human form and infiltrate society, waiting for an opportunity to destroy the safety of humans. Or to fight against the God Welcoming Association, a terrorist group that endangered society!

They walked in the darkness and served the light! The law enforcement officers of the Law Enforcement Bureau were also known as the Night Watchmen!

"By the way, have you unlocked his handcuffs?" the man asked again.

...

Lin Feng did not reply for a long time, and that person almost vomited blood!

Not long after, Lin Feng and a short and strong middle-aged man pushed open the door and entered.

Lu Benwei was lying on the sofa with his legs crossed, drinking tea and eating fruit like a rich man.

"Oh, it's settled, you're a master!"

The short and strong middle-aged man gave a thumbs up and quietly walked behind Lu Benwei.

Lu Benwei waved his hand. "It's okay. It's just a small matter."

Lin Feng looked at the shattered shackles on the ground and was silent for a long time.

"How did you unlock it?" Lin Feng asked.

Lu Benwei did not even raise his head. He did not like this man who always had a sour face.

"I've activated my bloodline power!"

"That's right. According to the information, you have two rare origin-level bloodlines!" The middle-aged man chuckled.

...

"Lu Benwei, you've slept for so long, do you feel uncomfortable anywhere?"

Lu Benwei pondered for a moment and said, "Mmm... It's nothing, my shoulders are just a little sore from sleeping on the sofa."

The middle-aged man smiled like a chrysanthemum flower and massaged Lu Benwei's shoulders.

"Lu Benwei, what do you think of this strength?"

"Not bad, not bad. It would be great if someone could massage my waist!"

"Alright!"

The middle-aged man was very happy to serve Lu Benwei.

Chapter 357 The God Welcoming Association

Lin Feng could not take it anymore.

"Boss, don't forget the purpose of our visit."

"Oh no, I'd have forgotten if you didn't mention it."

Hearing Lin Feng's reminder, the middle-aged man smacked his head.

"Let me introduce myself. I'm Hu Wu, the chief of the Law Enforcement Bureau of Hai Province!"

Lu Benwei's eyes narrowed. He did not expect this short and chubby middle-aged man to have such a powerful background.

The organizational structure of the Law Enforcement Bureau was different and could not be compared with ordinary units.

Although Hu Wu was only a bureau chief, in terms of position, he was on the same level as Yang Wudi. However, they did not obey the orders of the Hai Province government and had an independent command.

"Director Hu, hello!" Lu Benwei did not hold back, and after shaking hands with Hu Wu, he sat down again.

He helped the Law Enforcement Bureau solve a big problem, but they arrested Lu Benwei without saying a word! If he did not extort a sum of money from them, this matter would not end!

Hu Wu did not think much of it. Instead, he looked apologetic.

"Lu Benwei, I'm sorry, my man is a bit naive and caught you without reason," Hu Wu said with an apologetic smile.

After saying that, Hu Wu even madly shot looks at Lin Feng.

Seeing this, Lin Feng dryly said, "Lu Benwei, I'm sorry for arresting you without reason."

"Can't you show some sincerity?" Hu Wu said unhappily.

Then, Hu Wu turned his head and chuckled, saying, "Student Lu Benwei, I'm sorry, my subordinate is a bit stoic."

"I can tell." Lu Benwei did not care much. He was going to extort them anyway, so he wanted to leave a good impression.

"Lu Benwei, there's something I want to talk to you about. I just want to know what happened," Hu Wu said.

"Is that so? Then this is a long story."

"Then, make it short!" Hu Wu pricked up his ears.

Lu Benwei thought for a moment and organized his words. "I have to start from yesterday. My classmate, Chu Yan, and I are on our way back..."

Lin Feng's eyes were slightly cold as he stared at Lu Benwei. Lu Benwei also noticed it, but he did not even look at him.

"We were on the bus when we suddenly encountered a traffic jam..."

...

"Then you came and cuffed me without saying anything. How are you going to compensate me for this?"

When Hu Wu heard this, he was both shocked and speechless. They were shocked that Lu Benwei, who was only at level 49, could fight so many level 50 experts and even seriously injure a level-60 expert.

He originally thought that Lu Benwei did not have any ulterior motives and that the kidnapping incident would be over after some good words. He did not expect him to be so persistent!

Left with no choice, Hu Wu gritted his teeth and said, "Lu Benwei, thank you for helping us solve this crisis. We also express our deepest apologies for kidnapping you! How about this, you name a price and it'll be our compensation!"

"You're just using money to send me away? Isn't that a little too insincere?" Lu Benwei did not give up. "Let me tell you, my principal loves me. If he knows that I'm kidnapped, he might come from Jiujiang and tear this place down."

The corners of Hu Wu's mouth twitched. Although Hu Wu's position was not low, the position of the principal of the nine hunter universities was also very important in the Dragon Kingdom. If this matter were to reach the higher-ups, Hu Wu would have to go through an investigation.

"Then Lu Benwei, how do you think we should compensate you?" Hu Wu said with an apologetic smile.

Lu Benwei was not an unforgiving person. If he had a grudge against the God Welcoming Association, he would inevitably have to deal with the Law Enforcement Bureau in the future!

He extended a finger and said, "An epic-level skill!"

"F*ck, it's just an epic-level skill. We'll talk about it!"

Hu Wu breathed a sigh of relief. He thought Lu Benwei would demand an exorbitant price.

"Come to my room later."

“But the epic skill I want is a bit special!” Lu Benwei said.

“How special can it be? Is it to add four attributes or to attack? I have everything here.” Hu Wu did not mind.

Lu Benwei scratched his head. “The skill I want must be a group purification skill.”

“Group purification?!” Hu Wu immediately began to worry. He had almost forgotten that Lu Benwei was a supporter and a magician!

It was not easy to find a supporter skill, but Lu Benwei wanted a group purification skill, which was as difficult as finding a legendary skill.

After pondering for a moment, Hu Wu could only say, “Alright, I’ll try my best!”

Lu Benwei’s lips curved up unconsciously.

“Oh right, Director Hu, what’s the background of this God Welcoming Association?”

“I was just about to talk to you about this.” Hu Wu suddenly slapped his thigh.

“Do you still remember the woman in the clown mask who you fought against? She’s codenamed ‘Thorn’ here.”

Lu Benwei nodded, thinking that it was quite in line with the description of the clown-masked woman.

“What about the paper bag man?”

“Him?” Hu Wu pondered for a moment. “I think you’re talking about Shadow Whistle. He has an extremely high IQ and is also a hacker. He almost hacked into our base a few times!”

After listening to Hu Wu’s description of Shadow Whistle, Lu Benwei said, “It’s quite in line with his temperament.”

“Director Hu, what exactly is this God Welcoming Association?” Lu Benwei asked, “Why do they keep attacking the officials of the Dragon Kingdom?”

“Do you even need to ask? It’s to welcome the god.” Hu Wu shrugged his shoulders and helplessly laughed bitterly. “That’s the only information we have.”

“God?”

Lu Benwei’s pupils shrank.

...

“Is there really a god in this world?”

“Who knows? It’s not strange for anything to happen these days,” Hu Wu said.

Lu Benwei fell into silence. It was rumored that gods existed, and as long as one reached level 100, one would find a trace of the aura of the gods.

As for becoming a god, if you believe it, you can. If you don’t believe it, you can’t.

After all, in the thousands of years since the start of the universal class-change era, no one had ever taken a single step into level 100.

"It's getting late," Hu Wu glanced at his watch and said, "Lu Benwei, do you have any other questions?"

Lu Benwei thought for a while and shook his head.

"Alright then, let's send you home. Come, Lin Feng, send Lu Benwei home!"

When Lu Benwei heard that he wanted the stoic man to send him back, he immediately became extremely unhappy and said, "No need, I can go back on my own."

"Are you sure?" Hu Wu was in disbelief.

"I'll just take a taxi," Lu Benwei said politely.

...

Hu Wu was startled, and then he smiled slyly. "Alright, then."

"But Lu Benwei, this is a top-secret organization and you're not a member of the Law Enforcement Bureau yet. I may have to cover your eyes before I can send you out."

Lu Benwei thought for a while and agreed.

Chapter 358 Major Event

Lu Benwei was blindfold.

Led by Hu Wu, they walked for an unknown amount of time before they finally walked out of the Law Enforcement Bureau.

After a long time, Hu Wu finally said, "Alright, that's enough. This is the way to Qingling City."

Lu Benwei faintly felt that something was wrong. However, when he thought about the special nature of the Law Enforcement Bureau, Lu Benwei did not think too much about it.

"Lu Benwei, five minutes. You can take off your blindfold after five minutes," Hu Wu said.

"No problem!" Lu Benwei agreed.

"Alright, I'll take my leave then. If you encounter any difficulties, call me," Hu Wu said as he stuffed a business card into Lu Benwei's hand.

Lu Benwei said goodbye to him and then heard the sound of Hu Wu running.

When Lu Benwei could not hear him anymore, he reached out and took off his blindfold.

"Only a fool would really wait for five minutes!"

Lu Benwei was stunned. In front of him was a vast farmland.

The green leaves, the setting sun, the birds returning to their nests... The scenery was beautiful, but Lu Benwei's heart was particularly cold!

There was only a small dirt road in front of him. There was no signal on his cell phone, let alone a taxi!

“What kind of people are in the Law Enforcement Bureau? One is expressionless, and the other is sullen!” Lu Benwei cursed, crumpling the business card in his hand.

Just as he was about to throw it out, Lu Benwei heard Chu Yan’s shout.

“I must’ve fainted from anger. How did Chu Yan find this place?” Lu Benwei said to himself.

Not long after, he heard the roar of an engine, which was extremely deafening!

“Annoying fellow!”

A light voice came into Lu Benwei’s ears with the roar of the engine.

Lu Benwei looked back in the direction of the voice. An old man was driving a tractor, bringing Chu Yan and Fan Peng over slowly.

Chu Yan had changed into a dress with small flowers and put on a straw hat. She was waving her hand with the wind, and the rice in the paddy field swayed with her.

“Chu Yan!”

Lu Benwei’s eyes lit up and he kept waving at Chu Yan.

Chu Yan jumped out of the tractor, stepped on the muddy ground, and ran all the way to Lu Benwei.

The setting sun cast a long shadow on her until it overlapped with Lu Benwei’s.

“How did you find me?” Lu Benwei asked.

Chu Yan’s smile was brighter than anyone else’s. “This is a secret.”

Fan Peng also jumped down. “Hey, I’ve been asking the same question all the way here. I was wondering why you were so sure that Lu Benwei was here. In the end, when I took a look, heh, it really was you!”

After saying that, Fan Peng even rubbed his sore butt.

Lu Benwei shrugged and smiled helplessly. “I really have to hand it to you guys.”

“Where are you guys coming from?”

“Of course, from Qingling City!” Chu Yan said with her hands on her hips.

“From what you’re saying, this isn’t the outskirts of Qingling City?”

“Of course, this is Canglong City’s territory.”

Suddenly, Lu Benwei had the intention to kill his way into the Law Enforcement Bureau.

Hu Wu was really bold. In this place where there was no village or shop, was he not afraid that he would not be able to find his way home?

“Kids, are you guys leaving? I’m waiting to go home and cook!” the old man driving the tractor shouted.

“Let’s go, of course we’ll leave,” Chu Yan waved her hand and replied to the old man.

...

Chu Yan and Lu Benwei returned to their home in Qingling City.

It was almost eleven o’clock at midnight. Lu Benwei gently opened the door and then tiptoed into the house.

He turned on the light and Lu Benwei suddenly shivered.

Lu Dayong and Jiang Xiuqin, each wearing pajamas, sat on the sofa and looked at Lu Benwei with a serious faces.

“What time is it already? You still have the face to come back?!” Lu Dayong shouted.

Lu Benwei was so scared that he trembled!

“Uncle, Aunt, I’m sorry. I’ve been playing outside for too long.” Chu Yan started to help Lu Benwei out.

Lu Dayong was immediately overjoyed. “Little Yan, it’s fine. It’s your first time in Hai Province. Have some fun and see the local customs and practices!”

After that, Lu Dayong glared at Lu Benwei and growled, “You, come over here!”

Lu Benwei had no choice but to follow Lu Dayong into his room. Seeing this, Jiang Xiuqin first greeted Chu Yan and then entered the room. As soon as she entered the room, Jiang Xiuqin heard Lu Dayong’s scolding!

“What the hell are you doing? You can either come back earlier with Chu Yan, or you can spend the night outside with Chu Yan and come back in the morning!”

Lu Benwei was speechless.

“Dad, you’re implying something.”

Jiang Xiuqin pushed Lu Dayong impatiently. “You old man, you’re talking nonsense!”

Jiang Xiuqin sat down with a straight face.

...

“Tell me, where did you go today?”

Lu Benwei’s eyes rolled, thinking that the news of today’s incident might have spread.

“I had lunch with my old classmates at noon, and then went to Canglong City in the afternoon, so I came back a little late.

When Lu Dayong and Jiang Xiuqin heard this, they let out a long sigh of relief.

“It’s almost the new year. It’s not peaceful anywhere. If you and Little Yan are going out to play, come back early,” Jiang Xiuqin said.

“I know.”

Lu Benwei thought to himself, 'Sure enough, the incident has spread.'

Lu Dayong's face was serious as he said, "Although you're very strong now, don't forget that there's always someone stronger than you. Be more magnanimous when you're outside. Don't be angry with others. Little Yan saved your life. You can't be impulsive because of your matter and cause her to get hurt again."

Lu Benwei nodded.

"Alright, get out and sleep!"

After leaving Lu Dayong's room, Lu Benwei found that Chu Yan was already asleep.

...

When he came to the bathroom, Lu Benwei found that the toothpaste had been squeezed out and the cup was filled with water. In addition, there was a small note.

"Annoying fellow, I'm tired. I'll go to bed first. Good night."

Lu Benwei pursed his lips and put the note away. After washing up and preparing to sleep, Lu Benwei received a message from Fan Peng.

"Lu Benwei, are you asleep? Something bad has happened. There's something I need to discuss with you. Forget it. I'll come to you tomorrow morning. You haven't moved, have you?"

Lu Benwei heaved a sigh of relief and sent his home location.

...

The next morning.

Chu Yan and Lu Benwei had been waiting for Fan Peng downstairs.

Fan Peng also arrived as promised.

"What is it that you had to come personally!" Chu Yan rubbed her eyes and yawned lazily.

"It's nothing big. If it was, you'd have told me last night." Lu Benwei was like a worm in Fan Peng's stomach.

Fan Peng chuckled and said, "Lu Benwei, you're wrong about that. It's really a big matter, and it's not a small one!"

Chapter 359 An Invitation

"Really?"

Chu Yan blinked her lively eyes, very curious about the big event Fan Peng was talking about.

Lu Benwei pursed his lips and reminded Chu Yan. "Don't worry, the thing that this guy is talking about is definitely not a big matter."

"Go to hell."

Fan Peng rolled his eyes at Lu Benwei and then laughed. "You guys might not know who I met when I got home last night."

"If you have something to say, then say it!"

Lu Benwei felt that Fan Peng was hesitating and urged.

"It's none other than Zhang Minghua!" Fan Peng chuckled.

"Ha!"

Lu Benwei and Chu Yan were both stunned for a moment.

"Did he come looking for you?" Lu Benwei asked.

"Yes, he's been waiting downstairs for a long time," Fan Peng said in a profound tone, "That guy came to apologize to me. He said that he had a conflict with us yesterday afternoon and felt very sorry."

"And then? It's that simple?" Lu Benwei asked.

"Of course not. He said that he was taught a lesson by his father when he went back and realized the mistake he made yesterday."

Fan Peng paused for a second and then continued, "He said that to have a deeper understanding of the difficulties of being a soldier, he invited us to accompany him to explore the secret realm and face the monsters. He also said that his great-grandfather lost a family heirloom in the sea swamp secret realm.

The sea swamp secret realm was in the Northwest of Qingling city. It was a secret realm for all levels below level 50. Anyone from level one to level fifty could enter. The deeper it was, the more dangerous it was.

Lu Benwei snorted coldly. "To find his family heirloom? I'm afraid he wants us to be his free bodyguards?"

Fan Peng was stunned for a moment, then said, "It's not free. He offered a reward."

Lu Benwei stopped Fan Peng. "I'm not interested in any reward. Help me reject him."

"Since you don't want to go, I'll reject him," Fan Peng said with slight disappointment.

"It's not impossible," Chu Yan suddenly said.

Lu Benwei was stunned for a moment, while Fan Peng's eyes lit up.

"What, you want to go?" Lu Benwei asked.

"Since I have nothing to do today, why don't I take a walk around the secret realm?" Chu Yan shrugged her shoulders. "Just in time to level up. I'm about to break through to 46."

Lu Benwei thought for a while. He had been stuck at level 49 for a long time. It was a huge threshold to cross from level 49 to level 50.

Even though he had previously fought against the allied army of monsters led by the Black Sky Monster in the dark moon secret realm, he had only managed to increase his progress by 10 percent.

Lu Benwei sighed and said, "Alright, let's go to the sea swamp secret realm."

"If that's the case, I'll tell Zhang Minghua that you've agreed," Fan Peng said with a smile.

Lu Benwei and Chu Yan nodded, then brought Fan Peng home to wait for Zhang Minghua's arrival.

It was about nine o'clock in the morning when a Lincoln Stretch limousine stopped at Phoenix Lake Community. It was extremely eye-catching.

Zhang Minghua got out of the car and fixed the creases on his clothes. Then, he put on a chrysanthemum-like smile and immediately went up to the rest.

"Lu Benwei and Brother Fan Peng, I'm really sorry for yesterday!"

Zhang Minghua smiled apologetically.

"Yesterday's incident has hurt our relationship. I'm here today to apologize to you."

With that, Zhang Minghua waved his hand, and his personal driver took out three boxes from the trunk.

Two of them contained the latest game console that was released today, the PS5! The last one was an LV bag!

"It's just a small token of my appreciation. I hope you'll give me the honor."

Fan Peng's eyes were wide open, and he really wanted to take it. However, seeing that Lu Benwei did not want to accept it, he was too embarrassed to open his mouth.

"It's good that you're aware of your mistake," Lu Benwei said coldly, "The ones you should really apologize to should be the soldiers on the front line."

Zhang Minghua nodded. "I understand. Also, I have to apologize to the armies that are stationed in the secret realm to ensure our safety."

Lu Benwei saw that Zhang Minghua's apology was sincere and said, "Fan Peng, please accept it for us."

When Fan Peng heard this, he was overjoyed.

However, in order not to embarrass Lu Benwei, he cleared his throat and said in a deep voice, "I'll take it. You're not allowed to say such things to me in the future."

"I understand, I understand!"

The three of them then got into the car. The moment the car doors and windows were closed, the entire world fell silent.

The car started slowly, and the sound-proof and shock-absorbing effects of the limousine made Lu Benwei feel like he was in a steadily moving house.

"Come, let's toast to a smooth operation. Let's drink first."

Zhang Minghua took out a bottle of red wine from the car refrigerator and poured three glasses for the three of them.

Lu Benwei asked lightly, "Have you been to the secret realm before? If you've never been there, I don't recommend you to drink."

"No, why?" Zhang Minghua felt a little strange and asked.

Fan Peng smiled faintly. "The secret realm reeks of dead bodies and blood everywhere. How can you drink it? What if you vomit it all out?"

While speaking, Fan Peng swirled his wine glass. The wine-red liquid made Zhang Minghua unconsciously think of blood, and cold sweat appeared on his forehead.

Seeing this, Fan Peng downed a glass of wine. Zhang Minghua was so scared that he thought Fan Peng had drunk a glass of blood.

Lu Benwei and the other two laughed at Zhang Minghua's funny face.

...

"Don't laugh!" Zhang Minghua blushed.

Lu Benwei waved his hand and said, "Zhang Minghua, since you haven't been to the secret realm, are you unemployed?"

"Unemployed? How is that possible?" Zhang Minghua was instantly displeased.

"Then you're a lifestyle job holder?" Lu Benwei asked again.

Levels did not matter to the unemployed and lifestyle job holders.

Without a job, the unemployed could only do some low-level work. There were all sorts of lifestyle classes, but leveling up would only make their job-oriented labor more convenient.

"I'm a pharmacist," Zhang Minghua waved his hand and said.

Fan Peng's eyes immediately widened. "Pharmacist? That's the most popular class among the strengthening-type classes. Why don't you go and train?"

Zhang Minghua scratched his head. "My family has so much money that I can't spend it all in my lifetime. It doesn't matter if I don't go through the training."

Fan Peng's mouth twitched when he heard this.

"Even if your family is rich, leveling up will still help you a lot." Lu Benwei smiled faintly.

...

"For example?"

"For example, you can improve your physique and drink more."

"Really?" Zhang Minghua's eyes lit up.

At this moment, the driver in front said respectfully, "Young Master, we've arrived at the sea swamp secret realm."

Chapter 360 Registration

Zhang Minghua could not wait to get out of the car.

At this moment, the camp in front of the secret realm was packed with people. Most of them were social hunters in their 30s or 40s.

“Why are there so many people?”

After Lu Benwei and the others got out of the car, he explained to Zhang Minghua, “Because it’s almost the new year. Everyone wants to get some benefits from the secret realm and go home to celebrate the New Year.”

!!

“So that’s how it is.”

At the same time, Lu Benwei’s group also attracted a lot of attention. Zhang Minghua glanced around and noticed that many people were looking at him with ridicule. Some of them were even sneering.

His bad temper immediately came up and he was about to get angry when Lu Benwei stopped him. “The first rule of survival in the secret realm – don’t get into disputes with others.”

Zhang Minghua was very unconvinced. “But the way they looked at me was disdainful. I didn’t provoke them, did I?”

“Because your level is low, and you drove a luxury car here. It’s natural that some people look down on you,” Lu Benwei said lightly, “Most of them are around level 20 or 30. They don’t pose much of a threat. Just pretend you didn’t see them. If you make enemies everywhere and get into trouble, don’t blame me for falling out with you.”

Zhang Minghua heard Lu Benwei’s stern warning and nodded. “Lu Benwei, you’re the boss of our team, I’ll listen to you.”

When the crowd heard the conversation between Lu Benwei and Zhang Minghua, the mockery in their eyes turned into anger. Many people began to whisper to each other.

“Who’s this kid? They said we’re not a threat!”

“No matter what, we’re still seniors. We should know how to respect them, right? It seems that if I don’t teach him a lesson, he won’t know what his last name is.”

One of them stepped forward and prepared to teach Lu Benwei a lesson.

However, someone quickly dissuaded him. “Forget it. Look at him. His entire body isn’t even as expensive as the shoes of the rich young master. He’s probably invited by the rich young master to help explore the secret realm. This young man probably has some strength.”

The person who was about to teach him a lesson earlier was disdainful after hearing this.

“After all this, he’s just a bodyguard. Kid, I’m in a good mood today, so I won’t stoop to your level,” the man said loudly, “I’ll give you a piece of advice. You’d better restrain your arrogance when you’re out. If you don’t, you might lose your destiny.”

After saying that, he turned around and entered the registration area of the camp.

Watching the man leave, Fan Peng snorted in disdain. “Lu Benwei, don’t you think this kind of person deserves a beating? They’re allowed to look down on us, but we’re not allowed to look down on him? No, I have to teach him a lesson!”

Lu Benwei’s mouth twitched, and he said lightly, “Forget it. Don’t make enemies everywhere when you’re out. Just say a few words.”

Fan Peng snorted and followed Lu Benwei to the registration counter. However, when they got in line, the group of social hunters in front of them made way for them.

The four of them were stunned.

Soon, Lu Benwei reacted and whispered, “This group of people probably wanted to see our strength, so they made way for us.”

Chu Yan shook her head. “Since they want to see it so much, let’s let them see it.”

Then, Chu Yan nudged Zhang Minghua. “Little fatty, you go first.”

Zhang Minghua was slightly chubby, and Chu Yan called him little fatty all the way.

“Alright!” Zhang Minghua was very happy and ran forward.

“I want to enter the sea swamp secret realm!” Zhang Minghua said expectantly.

However, the soldier in charge just looked at him silently, and the corner of his mouth twitched inadvertently.

Zhang Minghua thought the soldier did not hear him, so he repeated, “I want to enter the sea swamp secret realm. Please register me.”

The veins on the soldier’s face suddenly popped out, and at the same time, the social hunters who were watching the show burst into laughter.

“Is this your first time entering a secret realm? You only asked me to register, where’s your ID card?!”

Zhang Minghua did not know what to do. “I need my ID card, I don’t... I didn’t bring it. ”

Suddenly, the group of social hunters laughed even harder.

“Haha, young master, is this really your first time entering a secret realm?”

“The monsters in the secret realm are terrible. Don’t wet your pants!”

“Don’t worry, they have bodyguards.”

The soldier also looked at him in an unreasonable manner. “Are you here to have fun with me, or do you really want to enter the secret realm?”

“How would I dare to have fun with you?” Zhang Minghua’s face was red with anger.

In the next second, he began to mutter, “When I’m outside, I can’t argue with others... It’s bearable, I can bear it!”

The soldier in front of him was furious and roared, “Read your name and ID number without your ID card. I’m not asking you to chant scriptures here!”

“Oh!” Zhang Minghua hurriedly replied and read out his ID number.

The next second, the loudspeaker in front of him sounded.

[Name: Zhang Minghua]

[Class: Pharmacist.]

[Your level doesn’t meet the requirements. You’re forbidden from entering the secret realm without a companion.]

Everyone was stunned. The sea swamp secret land was an all-ranking secret land under level 50. Anyone from level one to level fifty could enter. Not being able to enter meant that Zhang Minghua did not even have a level, he was currently level 0!

In an instant, the room burst into laughter.

“Level zero! This is the first time I’ve seen a level zero in my life!”

“Even if he only took part in the awakening assessment once, his level shouldn’t just be level zero, right?”

The soldier was even more furious, thinking that Zhang Minghua was really using him to have fun.

“How could you be level zero? Didn’t you take part in the awakening assessment organized by the school?”

“I didn’t...” Zhang Minghua scratched his head and said, “I drank too much the night before, so I didn’t take the test.”

Lu Benwei and the other two were also speechless. For a moment, they regretted agreeing to come to the sea swamp secret realm!

...

“F*ck, I thought this guy would be at least level four or five. I didn’t expect him to be level zero! Lu Benwei, what do we do now?” Fan Peng’s mouth twitched.

Lu Benwei was also speechless. He thought for a moment and said, “Since he’s already here, I didn’t plan on him helping us. Fan Peng, you can go and register first. I’ll take a break.”

“Alright!”

Fan Peng stepped forward and handed over his identity card.

Lu Benwei followed closely. Many of the hunters in the community straightened their bodies, ready to take a good look at this braggart.
