

Dungeon 361

Chapter 361 The Sea Swamp Secret Realm

“After all this, he’s just a magician. I thought he was a powerful genius!”

“What’s wrong with kids these days? They think they’re amazing just because they’re magicians!”

“I say, young master, have you been cheated? Why would you find a magician as a bodyguard?”

...

!!

“Hehe, a bunch of short-sighted people,” Fan Peng replied on behalf of Lu Benwei, “Open your eyes wide when we’re in the secret realm!”

The crowd burst into laughter.

“Can a magician turn the world upside down?”

“In the secret realm, it’s difficult to deal with the lowest level monsters!”

At this time, it was Chu Yan’s turn. The machine speaker began to read.

[Name: Chu Yan]

[Class: Top secret]

[Level met. You may enter the secret realm!]

Everyone was stunned. What class was it that was kept a secret?

Chu Yan’s class could not help but arouse everyone’s curiosity.

“Little girl, what’s your class? Why are you so mysterious?”

“Do you want to form a team? Big brother can protect you.”

Some people could not help but ask Chu Yan out of curiosity. Coupled with Chu Yan’s beautiful face, some people wanted to get close to her.

Chu Yan turned around and did not even look at them.

“Let’s go in,” Lu Benwei said.

Seeing that Lu Benwei and the others were ignoring them, some people felt that they had lost face!

“After we enter the secret realm, we’ll think of a way to teach them a lesson!”

...

After a burst of dazzling brilliance.

Lu Benwei and the other two brought Zhang Minghua into the sea swamp secret realm.

As soon as he opened his eyes, Zhang Minghua was stunned by the beautiful scenery.

The essence of the sun and moon was dense, and the vegetation was lush as if it was carved out of jade. The ancient trees were tall and fragrant. The sunlight shone into the swamp, and the ripples were like stars falling into the sea.

"It's so beautiful!" Zhang Minghua could not help but exclaim.

Then, he walked forward and into a swamp lake. He scooped up a handful of water and took a sip.

"It's so sweet, sweeter than any water I've ever drunk!"

"Of course," Fan Peng laughed. "Not many people have their essence concentrated here. Of course, it's sweet!"

"What do you mean?" Zhang Minghua blinked.

"It means that this place has been soaked in the bathwater of countless corpses!"

Zhang Minghua's face turned green when he heard Fan Peng's words. His stomach felt like it was in a mess, and he vomited.

Lu Benwei and the other two all laughed.

"You guys still have the face to laugh? Why didn't you warn me?" Zhang Minghua complained.

"Who knew you'd drink the water from the secret realm?" Fan Peng asked.

"Don't be confused by the things in the secret realm. The more beautiful something is, the more dangerous it is," Lu Benwei said.

"I know, I know."

Zhang Minghua vomited for a long time before he felt a little better.

"Do you know the exact location of your grandfather's lost heirloom?" Lu Benwei asked again.

Zhang Minghua sat up and took out a yellow map from his wallet.

"I know. When my ancestor was lost, the location was specially marked."

Lu Benwei took it and found that it was in the middle of the sea swamp secret realm.

"Why did your ancestors leave their family heirloom behind?" Chu Yan asked.

"According to my father, he encountered a powerful monster that kept chasing after the small team that my ancestor was in. It chased them from the depths of the forest all the way to the middle section.

"Later, I found out that it was caused by my family heirloom. To not cause chaos in the secret realm, my ancestors hid the heirloom. After my ancestor returned home, he fell seriously ill and we all forgot about it. It wasn't until my father's generation that we remembered it."

"So, that's how it is..." Lu Benwei and the other two suddenly understood.

“In that case, we might as well look for the marked point first. If we can’t find it, we’ll think of another way,” Lu Benwei said.

Everyone nodded in agreement, and the four of them immediately set off on their search.

...

The four of them followed the directions on the map and stepped into the forest. There were many swamps in the secret realm, but there were few jungles. However, the monsters in the forest were of low levels and easy to deal with.

Along the way, Lu Benwei and the other three met many social hunters.

“Boom, boom, boom!”

“Boom, boom, boom!”

...

...

Suddenly, the earth shook. Smoke and dust rose from the forest not far from the four of them. The drum-like sound spread for thousands of miles!

“What’s wrong? What’s wrong?” Zhang Minghua, who was hiding at the back of the group, shouted!

Lu Benwei immediately activated the Eye of Insight. He instantly knew what was happening in the distance!

“There’s someone fighting with a group of monsters ahead!”

After knowing this information, Zhang Minghua heaved a sigh of relief.

“Since there are people fighting, let’s go!” Zhang Minghua urged.

“No, the other party seems to be at a disadvantage. We must go and rescue them!”

After he said that, he charged forward! Chu Yan and Fan Peng also followed closely behind!

Zhang Minghua was suddenly terrified, and his legs trembled non-stop!

“You can’t be so kind, right?!”

...

At this moment, there was no one beside him. It was as silent as death. A gust of cold wind blew past, causing a chill to run down Zhang Minghua’s spine.

“I don’t care, I’m going too!” Zhang Minghua gritted his teeth and gave chase.

At the same time, on the other side of the forest.

Five to six people were surrounded by a group of giant snapping turtles, their bodies covered in wounds!

The giant snapping turtle was a unique monster in the sea swamp secret realm. It had a crocodile body and a turtle shell! Its offensive and defensive power were strong! The only weakness was that it was too slow, but the giant snapping turtle, which had both attack and defense, could make up for this weakness!

One of the hunters could not take it anymore.

“I don’t care anymore, let’s fight it out with them!”

In the next second, he flicked his wrist and slashed with his sword!

“Slash!”

The giant turtle in front of him was locked in its shell. When the big knife hit the turtle’s back, it only caused some sparks!

The others also attacked the giant snapping turtle in front of them at the same time.

“Clang! Clang! Clang!”

Sparks flew in all directions, and their attacks were completely ineffective!

At this time, Lu Benwei’s situation was clearly seen from the outside.

“This group of people is really... They don’t even have a magician, yet they dare to provoke the giant snapping turtle?”

At this time, the people on the other side still did not give up and were very stubborn!

“Knight’s Aura!”

“Charge!”

A knight raised his spear and shield and launched an attack at the giant snapping turtle clan. The giant snapping turtles’ attention was instantly drawn to the knight.

An archer drew his bow and shot an arrow into the sky.

“A rain of arrows!”

Arrows rained down from the sky, each of them emitting an icy cold aura.

Many of the giant snapping turtles were hit, but they only caused some sparks.

The attacks of the few of them were so loud but the rain was light. They were completely useless!

Chapter 362 Terrifying Physical Strength

Lu Benwei came forward and sighed helplessly.

“This isn’t how you fight the giant snapping turtles.”

When everyone heard this, they immediately turned to look at him.

“How do you think we should fight the giant snapping turtles?” one of them asked in an unconvinced manner.

In that instant, he was stunned, and so was his group of people.

“You are...that little magician?”

Lu Benwei was stunned for a moment. The faces of the people in front of him were somewhat familiar.

Fan Peng and Chu Yan also caught up.

“Holy shit, it’s you guys!” Fan Peng exclaimed.

The hunters who were surrounded by the giant snapping turtles were the ones who ridiculed Lu Benwei at the registration counter.

One of the soldiers even threatened to teach Lu Benwei a lesson. The few of them looked at each other, each with their own ulterior motives.

The leader of the warriors suddenly rolled his eyes and smiled slyly. He took out a bag of raw meat from his storage ring. There was some blood on it.

With a wave of his hand, the piece of meat drew a perfect parabola in the air and fell directly at the feet of Lu Benwei and the others.

“Pfft.”

The bag was torn open, and the strong smell of blood filled the air. In an instant, the entire clan of giant snapping turtles went into a frenzy. The pungent smell of blood and the almost rotten raw meat were delicious meals for them.

All the giant snapping turtles turned around and locked their attack target on Lu Benwei.

The warrior laughed wildly. “Kid, didn’t you say you knew the giant snapping turtle’s weakness? We don’t know. We hope you can teach us.”

When the others saw this, they were instantly amused. They also learned from the warrior and threw the food that smelled of blood at Lu Benwei and the others.

“F*ck!” Fan Peng cursed. “Did the dogs eat the conscience of this group of people?”

“Lure the giant snapping turtles to us!”

Fan Peng really wanted to teach them a lesson, but they were separated from the group of social hunters by a group of giant snapping turtles. If he wanted to teach them a lesson, he had to get rid of this group of giant snapping turtles.

“Lu Benwei, what do we do now?”

At this moment, Zhang Minghua also came over.

“Damn, what’s going on? Why are they all so big?”

Zhang Minghua saw the giant snapping turtles which were approaching them. He was so scared that his legs went soft, and he sat on the ground.

His comical appearance was seen by the group of social hunters, and they suddenly burst out in full ridicule.

“Haha, he’s scared by the giant snapping turtle to this extent?”

“It’s more than that. Look at that magician. He’s so scared that he can’t even speak.”

“I bet a hundred dollars that the magician will definitely run faster than anyone else!”

When Zhang Minghua heard everyone’s mocking, he instantly panicked.

“What the hell is going on? What kind of monsters are those? They look very powerful! Lu Benwei, let’s run.”

Lu Benwei glanced at Zhang Minghua indifferently.

“They’re giant snapping turtles! Its attack and defense are unparalleled, but its only weakness is its speed.”

“Then what are we waiting for? Run!” Zhang Minghua said hurriedly.

Lu Benwei shook his head and lightly said, “No, our destination is ahead. We don’t know how long it will take for the giant snapping turtles to leave this place.”

Zhang Minghua was dumbfounded. Lu Benwei wanted to fight with the giant snapping turtle clan.

“How are you going to fight them?”

Lu Benwei slowly stepped forward and left a big footprint on the ground.

The social hunters were also stunned, and their mouths were wide open.

“This kid isn’t going to use his body to clear out the giant snapping turtle clan, is he?”

The next second, Lu Benwei gave them the answer. He raised his fist and punched a giant snapping turtle’s shell.

“Boom!”

The fist smashed into the turtle shell that was as hard as steel, creating a loud noise.

In a daze, everyone felt the earth shaking.

“D*mn, he’s really f*cking using his fists.”

“With your strength, not only will you not be able to hurt the giant snapping turtle, but you will also not break its bones, right?”

The social hunters felt their scalps go numb, and their teeth were chattering! However, what happened next made them speechless.

“Crack! Crack!”

The giant snapping turtle's shell shattered, and Lu Benwei's endless power exploded in its body!

"Boom!"

In the blink of an eye, the giant snapping turtle was torn apart from the inside out. Pieces of flesh flew everywhere, and blood splattered everywhere!

One by one, the social hunters tilted their heads and blinked their eyes frantically.

"How is that possible?"

"He used his fist to beat a giant snapping turtle into minced meat? Is this a dream?"

...

"Isn't this kid a magician? How can he be so powerful?"

Suffocating!

Panic!

Terrifying!

A series of expressions were transmitted between them, and there were people who kept gasping!

Lu Benwei did not care about them and attacked again. Another giant snapping turtle's flesh and blood flew on the spot!

A few giant snapping turtles slowly approached and stomped on the ground with their hind legs. Their heads curled up in their shells and they struck out!

They realized Lu Benwei's strength and wanted to suppress him under their bodies!

Lu Benwei's eyes were as calm as an ancient well, and his fists moved rapidly!

"Pfft!"

"Pfft!"

...

"Pfft!"

On the spot, the few giant crocodile turtles turned into blood foam!

"Annoying fellow, how long are you going to fight like this?" Chu Yan asked.

There was a flash of light between his eyebrows, like a star shining. He took out the fire divine cauldron, which spewed out a monstrous flame and suppressed it!

"Boom!"

The boundless flames ignited a huge fire field, traversing the four seas! In an instant, countless giant snapping turtles were roasted into charred corpses.

Fan Peng's blood was boiling as he watched! As an assassin, he also had a very cold attack power. Although it was not as overbearing as Lu Benwei and Chu Yan, it was more than enough to break the defense of the giant snapping turtle.

"Pfft!"

The jade dagger slashed in the air, and a giant snapping turtle's head was cut off. Blood gushed out like a fountain!

Zhang Minghua was full of fighting spirit and could not help but join the battle! However, he also knew his own strength. He found a giant snapping turtle that had just crawled out of the fire field. He also followed Lu Benwei's posture and swung his fists, hitting the back of the giant snapping turtle.

"Crack, crack, crack."

It was the sound of Zhang Minghua's bones breaking.

"You guys are so brave that you can even break such a hard turtle shell?" Zhang Minghua was in so much pain that tears came out. He finally recognized his own strength and no longer made any moves to add to the chaos.

At the same time, the social hunters' faces were ashen.

"Animals... We've worked so hard, but we can't even get rid of one..."

"These few little ghosts can be dealt with just by moving a little?"

Chapter 363 Record Stone Tablet

Dumbfounded!

Shocking!

This group of social hunters had more complicated feelings than one another at this moment. They felt unnatural all over!

"We just lured disaster to their side," someone said weakly.

"Now that they've dealt with the giant snapping turtle, will they come after us later?"

When everyone heard this, their bodies trembled.

The mouth of the warrior in the lead twitched crazily as he said, "What you said isn't impossible. If he really wants to settle the score with us later, we can join forces and defeat them."

"Defeat them? How is this possible?" someone exclaimed.

"It's not like you haven't seen the terrifying level of power that magician has. "One punch and our heads will explode!" Someone echoed.

"There's also that girl with the mysterious class. That cauldron she took out has such great power that it wouldn't be a problem to refine us into immortal pills!"

Fear spread among the crowd, and endless regret rose in their hearts.

"I don't care anymore. I didn't start this. I'm going to apologize to them later."

Some people thought of surrendering, and soon, some people followed suit and apologized to Lu Benwei.

Seeing this, the warrior's face instantly turned listless.

At this moment, Lu Benwei moved and slowly walked over. In an instant, everyone was so scared that they kept quiet out of fear and trembled.

The warrior was also stunned, and his legs began to tremble. The scene of a giant snapping turtle being killed with one punch was too scary. He was simply a monster!

At this moment, the warrior was trembling non-stop. As he recalled the scene of the giant snapping turtle being blown up, he unconsciously imagined himself in the same scenario.

Lu Benwei walked forward, his face very calm. However, in everyone's eyes, this was just the calm before the storm!

"I..." The warrior trembled. He really could not lose face and apologize to a junior. However, he was also afraid that Lu Benwei would smash his head open!

"Make way," Lu Benwei said indifferently without a trace of emotion.

With a thump, the warrior knelt on the ground.

Lu Benwei was stunned for a moment before he continued, "Make way, you're blocking my way."

He then swept his gaze across the crowd, and the others immediately opened a path for Lu Benwei! He waved his hand and motioned for everyone to follow.

"Lu Benwei, are we just going to let these people off?" Fan Peng obviously did not want to let this group of people go.

"That's right. They almost got us killed just now. Isn't it too easy on them to let them off just like that?" Zhang Minghua also echoed.

Lu Benwei stopped and turned around. "Do you think a ferocious tiger would be angry because it tripped over an ant?"

As soon as he said that, everyone was stunned. Normally, if someone dared to say such big words in front of them, he would probably have to spend the rest of his life in the hospital.

However, the person who said this was a complete monster. The group of social hunters did not dare to voice their anger!

The warrior could only swallow his anger and make way for Lu Benwei.

"That's true, there's no need to be angry with them." Fan Peng laughed. After he finished speaking, he followed Lu Benwei.

Zhang Minghua did not dare to walk through them alone, so he followed Fan Peng closely. Chu Yan followed closely behind.

It was not until Lu Benwei and the others disappeared from the sight of the social hunters that they let out a long sigh of relief. Their knees went soft, and they knelt on the ground.

...

"F*ck, Lu Benwei, we were really acting cool just now!" Fan Peng could not help but boast when he recalled the scene just now.

Zhang Minghua also felt the joy of acting cool. "Damn it, it's really good! I, Zhang Minghua, have lived for so many years and acted tough many times, but I've never acted tough like this before."

Lu Benwei's mouth twitched as he listened to the two's nonsense.

"Alright, alright, don't be so happy. Zhang Minghua, can you tell me what your family heirloom is?"

Zhang Minghua did not hesitate and said, "It's nothing much. It's just a record stone tablet. Actually, my family didn't start selling pork. We made potions."

Lu Benwei deduced Zhang Minghua's next words.

"In other words, that stone tablet records the recipe of the potion passed down by your ancestor?"

"Not only those," Zhang Minghua swallowed and said, "There are also all kinds of strange potion recipes that my ancestors collected."

"Then how many are there?" Chu Yan asked.

"I don't know, but it should exceed ten thousand prescriptions!"

When everyone heard this, they all gasped.

Even if one-tenth of the 10,000 formulas were successfully researched, they would still be able to obtain endless benefits from those potions.

"Look, what's that?" Fan Peng suddenly pointed to the front and shouted.

Lu Benwei and the others looked over, and their faces slightly changed.

The horizon appeared, and a green-gray line appeared. It was endless.

"What is that?" Zhang Minghua asked in confusion.

"Let me take a look."

Lu Benwei immediately activated the Eye of Insight. In an instant, Lu Benwei's pupils shrank.

"It's a wall. There's an army stationed there!"

Everyone's expression changed. Fan Peng picked up the map.

"That's not right. I... I remember that the army was stationed in the deepest part of the secret realm. We're not even in the middle section yet. Why are they there?"

...

“Could we have gone the wrong way and passed the middle section?” Zhang Minghua asked.

“No, our route is correct,” Lu Benwei said.

“This is really strange. Why would the army appear here? Aren’t they supposed to be guarding the monsters in the dreamy cloud swampland?” Fan Peng touched his mouth and frowned.

The dreamy cloud swampland was a swamp in the sea swamp secret realm. As it was boundless like the sea, hence the sea swap secret realm got its name!

At the same time, the dreamy cloud swampland was filled with man-eating water-type monsters. It was a dangerous place!

However, the monsters outside the dreamy cloud swampland in the sea swamp secret realm were much weaker. Hence, the army was stationed around the dreamy cloud swampland to protect it.

“There’s also another possibility.” Lu Benwei’s face became serious.

“As time passes, the world changes. The dreamy cloud swampland has expanded.”

Zhang Minghua’s legs began to cramp.

“Then, my family heirloom is buried under the swamp?”

“It’s very likely that we came for you,” Lu Benwei said, “The dreamy cloud swampland is an extremely dangerous place. If you want to leave, we’ll go back. If you want your family heirloom, we can go with you!”

...

Zhang Minghua started to worry. On one hand, it was an extremely dangerous place. On the other hand was the family heirloom that his family had been talking about for a long time.

After thinking for a moment, Zhang Minghua gritted his teeth. “Hey, since we’re already here, let’s go in!”

Chapter 364 Monsters

As expected, Lu Benwei’s guess was right!

As time passed, the world changed. The dreamy cloud swampland had expanded! The guards told them that the expansion was twice its original size!

One said that it was due to the geographical changes of the secret realm, and another said that it was caused by monsters.

However, most of them were inclined to the former. If it was caused by a monster, it must be extremely powerful! Even after the cloudy dreamy swampland had expanded for a few decades, the stationed troops had never been able to find this peerless monster!

However, to be on the safe side, the condition to enter the dreamy cloud swampland had also been raised from level 35 to 40!

If a party were to enter, the leader's level must be higher than level 45. Lu Benwei and Chu Yan's levels met the requirements.

The guard saw Lu Benwei and Chu Yan's level and his body trembled.

"Level 49? Level 46? You all are so young!"

The guard looked at Lu Benwei and Chu Yan in disbelief.

After confirming it again and again, the guard's eyes turned from shock to admiration.

However, after the guards learned of Fan Peng and Zhang Minghua's level, their faces were filled with black lines, and the corners of their mouths twitched crazily!

It was reasonable for one to be at level 23. The other one was only level three and had just leveled up. The key was that he was not a combat class, but a pharmacist!

However, this was the first time that Zhang Minghua found out that he had leveled up to level three. He immediately smiled like a blooming flower.

"Are you sure you're not lying to me? I'm at level three?" Zhang Minghua asked happily, looking forward to confirmation.

"Student, don't you know what kind of danger is waiting for you ahead?" The guard was speechless.

"I know! Isn't it just a lot of powerful monsters?" Zhang Minghua's face was filled with naivety.

"Do you still want to go if you know?" The guard's mouth twitched.

"I'm fine!" Zhang Minghua's face was fearless as he patted his fat chest. "I was also very scared at first! But when I think about it, since I'm already here, if I don't take a look at the vast dreamy cloud swampland, it would be a waste of my time here!"

The guard's mouth was already twitching. "So, you're here for a vacation?"

"Of course. We'll also dig for treasures and see if there's any sunken ship treasure or something."

The guard was speechless and did not want to pay any more attention to this little fatty.

"Student, are you sure you want to bring him into the dreamy cloud swampland?"

The guard confirmed with Lu Benwei again, and after knowing that there was no mistake, he asked his superior. He did not expect the commander to know Lu Benwei's name!

After knowing that he was going to bring a pharmacist into the dreamy cloud swampland, he did not think it was a big deal. He patted the shoulder of the guard who had reported to him and said, "Who's Lu Benwei? He's a genius! A genius' thoughts can't be understood. What we need to do is to help him!"

The guard suddenly felt that either he had gone crazy or the world had gone crazy. However, he had no choice but to let Lu Benwei and his group enter the dreamy cloud swampland.

Before they left, the commander also gave Lu Benwei a military rubber boat. It was sturdy and durable, and the body of the boat was made of a special light material that could withstand a full-force attack

from a level 50 monster. In addition, it also came with an electric propeller, which saved Lu Benwei and the others the trouble of rowing.

“By the way, Lu Benwei, Fan Peng, you talk about magical beasts and then monsters. What’s the difference?”

In the boat, Zhang Minghua asked in confusion.

Lu Benwei heard this and sighed.

“The first class in elementary school introduced the types of monsters. Now, you’ve returned it all to the teacher.”

Zhang Minghua laughed naively. “It’s not like you don’t know me. I always doze off in class.”

Lu benwei sighed again. “How should I put it...? In short, the emergence of monsters is a symbol of the beginning of the era of national class advancement. Demonic monsters, magical monsters, spirit light monsters, and even resentful monsters can all be called ferocious monsters!”

“That’s right.” Zhang Minghua understood a little. “In other words, since the start of the era of everyone changing their class, all the living creatures with intelligence and energy can be called ferocious monsters.”

“You can say that,” Lu Benwei said.

“Then what exactly are magical monsters and demonic monsters?” Zhang Minghua’s ears perked up as he asked.

Lu Benwei pondered for a while and said, “Monsters are easy to understand. They have been living with us since the beginning of the era of everyone’s class change.”

Lu Benwei continued, “However, the era of class change began. An unknown energy eroded them. They became violent and aggressive. They turned from monsters to demonic monsters.”

After a pause, Lu Benwei felt a little thirsty and swallowed his saliva. “As for the magical monsters, they’re enemies from the outside world. They’ve come to the earth with problems. Some people say that the start of the era of everyone changing classes is mostly because of magical monsters.”

“No wonder. There’s a rumor on the internet saying that magical monsters are the gods and that they’re here to guide us to the divine realm!” Zhang Minghua said casually.

Then, with such a casual sentence, Lu Benwei and Chu Yan’s eyes widened.

“What did you just say?” Lu Benwei suddenly asked in a deep voice.

Zhang Minghua was shocked by Lu Benwei’s sudden question and his brain froze.

“The difference between magical monsters and demonic monsters?”

“No, the next sentence!”

Zhang Minghua thought for a long time before saying, “There’s a rumor on the internet saying that magical monsters are the true gods, and that they’re here to guide us to the divine realm!”

“Where did you see it?” Lu Benwei asked again.

He had a faint feeling that this had some connection with the welcoming of gods.

“It’s on all the major platforms,” Zhang Minghua said weakly, “Even my father is following the news!”

Lu Benwei gradually realized that things were not good.

“Zhang Minghua, we have to hurry back.”

Chu Yan also said, “This matter is of great importance! Zhang Minghua, we swear that we’ll get your heirloom back for you, but there’s something that annoying fellow and I have to do!”

After that, Chu Yan and Lu Benwei looked at each other.

“No!”

Chu Yan and Lu Benwei were stunned for a moment. They heard a rejection.

...

“I’m fine with it.” Zhang Minghua was also stunned.

The three of them looked at Fan Peng, who was operating the electric propeller, in unison.

Fan Peng was sweating profusely as he replied, “I mean, do you guys feel that it’s getting hotter and hotter?”

Fan Peng swallowed his saliva and said, “And I’ll tell you something terrifying. We’ve been walking in circles. It seems like we’ve been targeted by something.”

“F*ck, don’t scare me in broad daylight.” Zhang Minghua was so scared that he felt a chill down his spine, and his eyelids kept twitching. However, the next second, his pupils widened, and his heart was about to jump out of his throat.

Chapter 365 Water Mirror Monster Flower

It was an extremely shocking scene.

Fan Peng and Zhang Minghua sat down. Chu Yan hid behind Lu Benwei.

Even Lu Benwei could not help but feel a chill down his spine. They saw themselves!

Four people were walking on water. They looked the same as Lu Benwei, Chu Yan, Fan Peng, and Zhang Minghua as if they had come out of a mirror!

!!

The strange thing was that their faces were as white as paper, and the corners of their mouths curled up, drawing a sinister smile on their faces.

Fan Peng’s scalp went numb as he gasped for air. “This should be a magical monster’s skill, right? Which magical monster has such a strange skill?”

Lu Benwei suddenly came back to his senses and his eyes lit up. The Eye of Insight was activated!

“Swish!”

Lu Benwei frowned and said in a deep voice, “I can’t see it?”

“What?” Chu Yan was very confused. She knew that Lu Benwei’s Eye of Insight was a heaven-defying skill. Under his gaze, all monsters would have nowhere to hide!

“What the hell is that?!” Zhang Minghua was anxious.

“It’s not that I can’t read it,” Lu Benwei said in a deep voice, “It’s just that the information I read is the same as our own! In other words, we’re the ones on the other side.”

“How is that possible? I’m not that stinky.” Zhang Minghua cursed.

Lu Benwei glanced at Zhang Minghua and said, “Be prepared!”

“Prepare what?” Zhang Minghua did not understand.

“Prepare to kill yourself!”

After saying that, the fake bodies suddenly grinned, and the corners of their mouths rose to an unbelievable arc.

Their teeth were as white as snow, and their faces were as pale as a sheet of paper. They looked extremely sinister and strange.

Lu Benwei took the initiative and rushed into the sky, his fists swinging! A boundless galaxy of stars filled the sky, exuding boundless power!

Lu Benwei let out a strange roar and created a galaxy!

“Whoosh, whoosh, whoosh!”

Countless fiery meteors covered half the sky as they rained down on Lu Benwei’s fake body!

The rain of fists fell and hit the water’s surface, causing endless ripples and waves, and a towering water pillar!

“Did you succeed?” Fan Peng asked.

Lu Benwei stepped on the water, his clothes fluttering.

“No, I didn’t.”

The water pillar dissipated, and a huge shield blocked everyone’s vision!

Holy Light Shield!

Lu Benwei’s attack was completely dissolved by his Holy Light Shield!

Fan Peng and Zhang Minghua were dumbfounded. “Lu Benwei, do you think he knows all your moves?!”

“If I’m not wrong, the other party is another me,” Lu Benwei said with a solemn expression.

“What the f*ck!”

Fan Peng was dumbfounded.

“One pervert is enough. Two more?!”

“It’s over, it’s over. I’m done for this time. If I can’t get my family heirloom, I’ll have to die here,” Zhang Minghua sat on the ground and said in despair.

“So what if I’m dealing with myself? The path of the strong is to continuously become stronger!”

Lu Benwei shouted and flew into the sky! At the same time, the fake Lu Benwei also soared!

The fake Fan Peng also took action. A black and gold dagger was taken out from his sleeve, and his figure became ghostly!

“Watch out, annoying fellow!” Chu Yan shouted, “Kill Fan Peng first!”

“That’s right, kill me first!” Fan Peng also reminded loudly.

After he finished speaking, he was stunned. Why did this sentence sound so strange?

Lu Benwei thought to himself, ‘Since the opponent has the full strength of the real body, then I’ll get rid of Fan Peng first!’

In an instant, the four skills strengthened his body and endless power poured into Lu Benwei’s limbs from all directions!

“Boom!”

A golden fist shot out with great force, directly aiming for the face of the fake Fan Peng!

“Pfft!”

The fake Fan Peng’s head exploded on the spot, and white brain matter splattered in all directions!

“F*ck, I’m dead, I’m dead.”

Fan Peng was so nervous that he thought Lu Benwei had really hit his head. However, the next second, he was stunned. A chill that made him shiver came from behind him.

Lu Benwei unknowingly appeared behind him.

“Are you a real Lu Benwei or the fake Lu Benwei?” Fan Peng was so scared that he broke out in cold sweat.

However, Lu Benwei’s mouth curved up, revealing all his white teeth.

“Oh my god, you’re a fake!”

Fan Peng did not panic and launched a fierce attack! However, how could a fake body with Lu Benwei’s full combat power be Fan Peng’s opponent?

...

He casually dodged to the side, aimed at an interval between attacks, and kicked Fan Peng’s chest!

“Pfft!”

Fan Peng coughed up a mouthful of blood and fell into the water.

The fake Lu Benwei continued to attack, wanting to end Fan Peng!

“Don’t even think about it!” Chu Yan shouted, and a light flashed between her eyebrows.

A huge red cauldron smashed toward the fake Lu Benwei!

“Boom!”

Just as it was about to hit, another cauldron appeared and ruthlessly collided with the Li Fire Divine Cauldron!

The shockwaves from the huge collision spread out, shaking out many corpses and bones underwater!

The fake Chu Yan moved! She took out the Li Fire Divine Cauldron too!

“It can even duplicate such a divine artifact?” Chu Yan muttered in disbelief!

...

“Annoying fellow,” she added, “I’ll hold you back. You go and save Fan Peng!”

Chu Yan’s bright eyes blinked and were immediately filled with the desire to fight.

The Li Fire Divine Cauldron rose to the sky, spewing out an endless divine fire! In an instant, the world turned blood red, and the water surface began to evaporate, emitting hot air!

It was at this moment that Fan Peng came out of the water.

“Big sister, are you trying to cook me too?”

Chu Yan’s expression turned cold, and she helplessly took back the Li Fire Divine Cauldron.

However, the fake Chu Yan remained unmoved. She activated the Li Fire Divine Cauldron and shot out endless flame energy.

Seeing this, Fan Peng was so angry that he cursed.

“Lu Benwei, there’s a flower underwater, and it’s controlling them!”

Hearing this, Lu Benwei immediately took out his Ancient Sword of Clarity and dived into the water!

As expected, there was a huge flower under the water, blooming freely.

Within the pistil, a huge crystal grew. On every prism, the faces of Lu Benwei and his group were reflected!

“Divine Sword of Destruction!”

Lu Benwei activated his godly sword of destruction, and the destructive sword light crushed everything!

“Boom!”

A huge explosion took place underwater, sending thick smoke into the air. The crystal shattered, and the four fake bodies disappeared!

The few people on the surface of the water heaved a sigh of relief. The crisis was finally resolved.

“Huh? That’s strange. Why haven’t I seen my fake body attack from the beginning to the end?” Zhang Minghua suddenly asked.

Fan Peng was shocked.

“Doesn’t that mean it’s the same whether you’re here or not?”

Zhang Minghua was unhappy when he heard that. He retorted with a red face, “You still have the nerve to say that? Whose head was split open by a punch?”

“I’m still stronger than you!”

As the two of them argued, Chu Yan suddenly plunged into the water.

Chapter 366 Heavenly Secrets

Chu Yan dived into the water and stood behind Lu Benwei.

Lu Benwei looked ahead and saw that the body of the water mirror monster flower had been broken into pieces.

Chu Yan pointed at the debris in the middle and looked over.

It was a stone tablet.

!!

Chu Yan released her divine sense and there were hundreds of thousands of different types of medicine recorded on it. At the same time, it also recorded the deeds of the ancestors of Zhang Minghua’s family.

Lu Benwei and Chu Yan looked at each other and then tacitly took the record stone tablet off the water.

Fan Peng and Zhang Minghua were still arguing.

“You’re trash. You didn’t even have to move your hands and you’re dead!”

“Your head was blown open by Lu Benwei.”

Lu Benwei silently held his forehead.

“Zhang Minghua, stop arguing,” Chu Yan said, “Hurry and see if this is your family’s heirloom.”

When Zhang Minghua heard this, he was instantly amused.

“You found it?”

Zhang Minghua studied the greenish-gray stone tablet for a long time. He closed his eyes and rubbed them with his hands for a long time before he slowly opened them.

“How is it? Is it your family’s stone tablet?” Lu Benwei asked.

Zhang Minghua muttered to himself for a while and said, "I don't know. I can't feel it."

Lu Benwei, Chu Yan, and Fan Peng were speechless.

"Then what are you doing there?" Fan Peng was speechless.

"Don't talk and pretend to be an expert!" Zhang Minghua responded in a low voice.

Lu Benwei's mouth twitched.

"It should be your family heirloom. It records the deeds of your family's ancestors!"

Zhang Minghua's eyes lit up and he asked anxiously, "Really? What great things did my ancestors do?"

After a pause, Zhang Minghua scratched his head and said in embarrassment, "My level is too low, I can't tell."

Lu Benwei helplessly released his divine sense and carefully read the information on it again.

"There's too much information. I might need some time," Lu Benwei said lightly.

Everyone was in no hurry and silently waited for Lu Benwei to read it. As time passed, Lu Benwei closed his eyes, but his brows kept furrowing.

At this time, everyone realized that the Zhang family's ancestor was extraordinary, and he could even surprise Lu Benwei.

"What did your ancestors do? Why are they so mysterious?" Fan Peng said faintly.

Zhang Minghua smiled proudly. "More than ten generations ago, my grandfather's grandfather's grandfather was the best alchemist in the Dragon Kingdom! My father said that my grandfather's grandfather's grandfather... Even the current principal of the Dragon Kingdom's Technology Hunter University is the best alchemist in the Dragon Kingdom. Even my grandfather's grandfather..."

Before he could finish, Chu Yan stopped Zhang Minghua. "Shut up, don't disturb annoying fellow."

"Okay," Zhang Minghua replied, then silently shut his mouth.

After a long time, Lu Benwei opened his eyes and took a deep breath.

"Zhang family's ancestors above, this junior has offended you, please forgive me!"

Hearing Lu Benwei's words, Chu Yan and Fan Peng both realized the Zhang family's ancestor was extraordinary.

"What's going on? Is Zhang Minghua's grandfather very powerful?" Fan Peng asked.

"Yes!" Lu Benwei muttered.

"The Zhang family's ancestor was a powerful alchemist. More than a hundred years ago, the era of everyone changing their class began. It was both a crisis and an opportunity. Countless families and classes rose.

“At first, alchemist was a very unremarkable class, and was once classified as a lifestyle-class class. It’s the appearance of the Zhang family’s ancestors that changed this phenomenon! People discovered that with the appropriate medicinal ingredients and a reasonable ratio, their strength could be greatly improved! That’s how alchemists rose to power!

“In this regard, the contributions of the Zhang family’s ancestors cannot be denied. They continued to develop various potions with various effects and made continuous contributions to the cause of fighting against monsters. Until now, the first batch of alchemists still regards one of the Zhang family’s ancestors as the ancestor!”

When everyone heard this, they all looked at Zhang Minghua.

“Sigh, how did such a powerful family end up like this when it came to Zhang Minghua?” Fan Peng said faintly.

“Go to hell!” Zhang Minghua retorted.

“But, even if that’s the case, you don’t have to have such a reaction, right?” Chu Yan was a little confused.

“Yes, guess why the Zhang family declined in the alchemy world?” Lu Benwei nodded and said.

“Is there a need to guess? It’s precisely because of a prodigal like Zhang Minghua!”

“You’re the prodigal, your whole family is prodigal!”

Fan Peng and Zhang Minghua started to bicker again!

“It’s because of the curse!” Lu Benwei said.

“A curse?!”

“Yes, from the first-generation of the Zhang family to the ancestors of the Zhang family a hundred years ago, all the family heads who have received the true inheritance will bleed from their seven apertures and explode into a pool of mud on the day they turn 60!”

When Zhang Minghua heard this, he shuddered violently!

“F*ck, Lu Benwei, I’m still young. Don’t scare me.”

Lu Benwei shook his head and lightly said, “It’s fine. In your great-grandfather’s generation, he also realized that the source of the curse was this stone tablet. In other words, your great-grandfather might not have lost this stone tablet by accident, but he threw it away of his own accord.”

Zhang Minghua’s face turned green when he heard that. He threw the record stone tablet on the boat’s hull.

...

“No, I don’t want this thing!”

As he spoke, Zhang Minghua wiped his hands, afraid that they would be stained by something dirty.

“What’s that curse?” Fan Peng asked again, “It has affected so many generations.”

“It’s heavenly secret!” Lu Benwei responded in a deep voice.

Heavenly secret?! Everyone’s eyes widened.

“Right!” Lu Benwei continued, “The Zhang family’s first-generation ancestor encountered a bottleneck in his alchemy in his later years, so he wanted to steal a wisp of heavenly secret.

“As the saying goes, heaven’s secrets cannot be revealed. When the first-generation ancestor of the Zhang family found that wisp of heavenly secrets at the age of 60, he was punished by the heavens. Knowing that he did not have much time left, he recorded the heavenly secrets. But this wisp of heavenly secrets is really too tempting. The ancestors of the Zhang family have always wanted to steal it! After that, he was cursed by the heavens.”

“What?” Zhang Minghua’s face turned green as he asked, “Then, on this stone tablet, is that damn heavenly secret written?”

Lu Benwei shook his head. “It was erased by your great-grandfather. Without any clues, I don’t know what it is. But the prescription on the stone tablet is still quite useful. Zhang Minghua, you can take it back first.”

Zhang Minghua helplessly kept the stone tablet carefully.

After that, the group embarked on their return journey.

...

As for what the Zhang family’s ancestor wanted to steal, Lu Benwei did not want to know.

Chapter 367 Midnight Operation

It was dinner time when he got home.

Lu Dayong and Jiang Xiuqin were a little surprised to see Lu Benwei return so early.

After that, the couple happily made dinner.

Time passed by again, and it was already late at night. The moon was high in the sky, and the stars were sparse.

Lu Benwei took out a business card and dialed the phone number on it. Very quickly, the call went through.

“Du, du, du-”

After three rings, a slightly stiff male voice came from the other end of the phone.

“I’m sorry, the number you’ve dialed is not in service. Sorry...”

Lu Benwei took a deep breath.

“Director Hu, do you think I’m a three-year-old child?”

Hu Wu's voice came, and he was very surprised.

"I can't lie to you!"

After a pause, Hu Wu cautiously said, "You just got home? You won't be angry that I left you in the wilderness, right?"

Lu Benwei almost choked to death. How could Hu Wu be such a person?

After that, he said, "I won't..."

"I don't believe it!"

Lu Benwei immediately pinched his thigh and felt like he was about to vomit blood.

"Director Hu Wu, I'm very angry about you throwing me into the wilderness," Lu Benwei said with a forced smile, "If I say this, can you talk to me properly?"

"That's more like it." Hu Wu chuckled. "As for whether I can talk to you properly or not, we'll talk about it after you're no longer angry."

Hu Wu then hung up the phone. Lu Benwei was dumbfounded, and his young heart received a critical hit! The next second, he took a deep breath and unlocked his phone!

"Director Hu, I know a secret of the God Welcoming Association. I'll give you an hour to appear in front of me. Otherwise, this secret will rot in my stomach, and you'll never find out."

After typing, Lu Benwei sent it out. Three seconds later, his phone notification rang.

"Where are you? We'll go find you!"

Lu Benwei touched his nose and smiled slyly. "Little guy, do you think I can't subdue you?"

About half an hour later, Lu Benwei left the house quietly. He arrived outside the neighborhood.

"We're here. The car's parked at the entrance of the neighborhood. Let's talk in the car."

Hu Wu sent a message.

"What's your car plate number? I'll find you." Lu Benwei replied.

Hu Wu replied: "My phone's out of battery. I can't send any more messages."

When Lu Benwei saw this message, he was so angry that he wanted to vomit blood. Soon, he suppressed the anger in his heart and madly typed on the keyboard.

"You've already sent me a message. Why can't you send me your car plate number as well?"

After clicking "send," Lu Benwei still did not feel relieved.

'I encountered so many strange people recently!'

Then, he started to worry. There were so many cars parked outside the neighborhood. Which one was from the Law Enforcement Bureau?

Lu Benwei wandered around on the sidewalk, glancing at the cars parked on the side of the road from time to time.

“Hu Wu kept saying ‘we’ which means he’s not acting alone!”

Lu Benwei wandered around while thinking.

“Since it’s a group operation, according to the temperament of the Law Enforcement Bureau, they must’ve dispatched a lot of people. A normal household car definitely won’t work.”

At this time, Lu Benwei’s eyes were aimed at an Alphard on the side of the road and unconsciously thought of the mobile battle room in the animation. As soon as the carriage door was opened, all kinds of screens and instruments would appear inside.

Lu Benwei wondered if this Alphard was the Law Enforcement Bureau’s car. Before he knew it, he had walked up to the Alphard.

After careful observation, Lu Benwei found that Alphard’s tires were slightly dented. The engine was also in working condition!

Lu Benwei was certain that this was the Law Enforcement Bureau’s mobile combat vehicle!

If there were not so many people sitting on it, why would the tires be dented? Why did the driver start the engine?

Before he could think about it, Lu Benwei opened the back door. A dynamic DJ dance song shook Lu Benwei’s eardrums, and from time to time, there were a few flashes. He was dumbfounded.

“Quick, call Mommy!”

“Pa!”

“Mommy!”

“Pa!”

...

It was a woman who was about 160 centimeters tall. She was wearing a large bikini and riding a handsome young man. The small leather whip in her hand kept whipping the young man’s butt.

A gust of cold wind blew and the woman saw Lu Benwei.

“You hooligan!”

The young man also became vigilant and coldly shouted, “Who are you? What do you want?”

“It’s nothing, I just wanted to praise your car for its shock absorption,” Lu Benwei replied in a hurry.

...

After he finished speaking, he closed the door of the rear compartment and ran off!

The young man chased after Lu Benwei and asked for an explanation!

Lu Benwei cursed as he ran. "You want me to give you an explanation?! You guys almost made my eyes pop out!"

The scene just now was so shocking that it had a huge impact on Lu Benwei's young heart!

Lu Benwei's speed was very fast, but his endurance was also extraordinary. Otherwise, how could he bear such a heavy weight?

"Tell me, did you follow us because you wanted to take advantage of her beauty?"

Lu Benwei was so angry that he cursed.

"You can question my character, but you can't question my taste. You should enjoy it yourself."

In the next second, he no longer held back and directly used his Lightning Speed to pull away.

Lu Benwei did not stop until they reached the next block.

"You scared me to death." Lu Benwei gasped for air.

...

At this time, Lu Benwei happened to see Hu Wu. He poked his head out of a van and frowned. "Lu Benwei, why are you so slow?"

"What?"

Lu Benwei was angry again. "You said you're in my neighborhood? If I had to search car by car, I'd have to find it tomorrow morning."

Hu Wu chuckled. "Don't be angry. Isn't this to maintain the Law Enforcement Bureau's sense of mystery?"

Lu Benwei thought for a while and felt that it was true, so his anger was immediately reduced by half.

Hu Wu tilted his head and said in a very pretentious manner, "Get in the car!"

Lu Benwei went to the side of the passenger seat. As soon as he got in the car, he was shocked.

"Hey, are you here to reunite?"

The back seat of the van had been unloaded, leaving a lot of space.

At this moment, ten Watchmen in combat uniforms, each with a small stool under their buttocks, were sitting on both sides of the back row.

"Is your Law Enforcement Bureau very short of money?" Lu Benwei said happily.

"What you said really made me sad."

Obviously, Lu Benwei's words had touched Hu Wu's sore spot.

"Lu Benwei, let's talk about business first."

Chapter 368 An Invitation

Hu Wu was no longer smiling.

“What secret did you say you discovered about the God Welcoming Association?”

Lu Benwei asked, “Director Hu, do you know about the rumors circulating on the internet recently?”

“No, I rarely surf the internet,” Hu Wu was stunned for a moment before he replied.

Tilting his head, Hu Wu asked his subordinate, “Have you guys been surfing the internet recently?”

The Night Watchmen of the Law Enforcement Bureau behind him shook their heads in unison, and someone protested. “Chief, you always make us work overtime. We don’t even have the chance to eat. How do you have time to surf the internet?”

“Time is like water in a sponge. You just must squeeze it a little,” Hu Wu rebuked.

“When we do that, you’ll say that we’re playing with our phones at work instead of working,” the Night Watchman at the back of the car said contemptuously.

Lu Benwei’s mouth twitched.

A question arose in his mind. How did a person like Hu Wu become the director of the Law Enforcement Bureau?

Lu Benwei grinned and reminded. “Director Hu, we have more important things to do.”

With Lu Benwei’s reminder, Hu Wu’s expression became serious. “Lu Benwei, please continue. What is it you think is on the internet?”

Lu Benwei was also very straightforward. He directly took out his phone and found the information he had collected.

In the past few days, there was news on all major social media platforms in the Dragon Kingdom. Monsters were the emissaries sent by the heavens to bring humans into the divine realm. Only those who had passed the test would be able to enter the divine realm!

Hu Wu flipped through Lu Benwei’s information, and his expression became more and more serious. In the beginning, a month ago, this news first appeared on the internet.

This kind of news was very soft, and almost no one believed it. However, in just a month, the news spread like a religion. Anyone who fabricated evidence of the existence of a god on the internet would receive a huge amount of traffic.

There was even news that said that many people wanted to disband the army and live in peace with the monsters!

Co-exist peacefully with the monsters?!

Hu Wu had fought monsters for most of his life, and his colleagues, friends, and relatives had all given their lives for it.

“I won’t agree even if I dream a hundred times!”

Hu Wu was so angry that he threw his phone out. Even the battery fell out. However, he was still not satisfied. He hit the steering wheel a few more times before he stopped.

Lu Benwei was dumbfounded. It was not because he was frightened by Hu Wu's sudden rebellion. It was his phone that Hu Wu had just thrown away.

"Director Hu, please calm down," Lu Benwei said weakly.

"It's fine. I'm just like that. I'm impulsive, but I'll be fine after I vent it out." Hu Wu put on a smile.

"Then do you remember that you threw a phone out when you were venting your anger?"

"I remember. It's not mine, so I won't feel bad."

Lu Benwei was speechless. At this moment, he really wanted to punch Hu Wu in the face.

However, Lu Benwei gave up on this idea when he thought about the number of people on the other side.

"Don't worry, I'll take responsibility for what I've done." Hu Wu patted Lu Benwei's shoulder.

Lu Benwei sighed in relief and shrugged. "I guess that's the only way."

At this time, a notification on Hu Wu's waist rang. Hu Wu lifted his butt, lifted his shirt with one hand, and groped around his waist with the other. He had a small black bag on his waist, and inside it was an old man's keyboard-like phone. In this era, it was rare.

"Hey, Lin Feng. It's so late, why aren't you asleep yet?"

Seeing that the caller was Lin Feng, Hu Wu's smile bloomed like a flower.

Lin Feng's voice came from the phone's speaker, still so cold.

"Chief, I have something to report."

"What is it?"

"Director, let me ask you, have you been online recently?"

Hearing Lin Feng's words, Hu Wu laughed happily.

"Lin Feng, you're too outdated. Are you going to say that there's a piece of news on the internet recently?"

"They said that monsters are the messengers sent by heaven to guide humans into the divine realm. Only those who have passed the test can enter the divine realm!"

"And to live in peace with those b*stards and monsters?"

For a moment, the other end of the phone fell into silence.

"Yes," Lin Feng said after a long time.

Hu Wu was amused and said with exultation, "That's why I said, Lin Feng, you should go out and walk around more. Don't always bring it around by yourself."

“Look at me. I traveled all over the place and met different people to get this information.”

Lu Benwei’s mouth twitched, thinking that Hu Wu was really shameless.

“Director, what should we do now?” Lin Feng asked again.

Hu Wu pondered for a moment and said, “Let’s go back to the station first, we’ll discuss the countermeasures.”

After that, he hung up the phone.

“Director Hu, is there anything I can help you with?” Lu Benwei asked.

“Not yet.” Hu Wu waved his hand and said, “Besides, we won’t tell you even if we do take action.”

Lu Benwei shrugged his shoulders.

“If there’s nothing else, I’ll take my leave. If you need my help, I will not refuse.”

Then, Lu Benwei opened the door.

...

“Wait.” Hu Wu stopped Lu Benwei and threw something at him.

Lu Benwei took a look and saw that it was an epic skill scroll!

“According to your request, it’s a group purification skill. It wasn’t easy for me to find it.”

Lu Benwei was stunned. He did not expect Hu Wu to be serious about it.

“Many thanks!”

Hu Wu called out to Lu Benwei, “Lu Benwei, when you graduate, can you consider our Law Enforcement Bureau?”

Hu Wu laughed naively.

“Our Law Enforcement Bureau is short of talents. The only one we can send out is Lin Feng.”

Lu Benwei shrugged and said, “I’m still far from graduation. We’ll talk about it when the time comes.”

Hu Wu was slightly disappointed. He lowered his head and waved his hand.

Lu Benwei also waved his hand and said, “Goodbye.”

...

...

Soon, Lu Benwei returned home.

As soon as he entered the house, he was greeted by the faint fragrance of flowers. Chu Yan stood in the dark living room with her hands on her hips.

“Where have you been? Why you didn’t pick up my calls?” Chu Yan said coldly.

Lu Benwei rolled his eyes and said, "I was a little hungry, so I went out to eat some snacks."

"Then why didn't you answer my calls or reply to my messages?"

Lu Benwei did not even think and replied, "I fell and broke my phone."

"I'll spare your life for now." Chu Yan turned around and entered the room.

Chapter 369 Family Banquet

With that, Chu Yan closed the door.

Lu Benwei did not think much of it and just shrugged his shoulders.

"Middle-aged perverted uncle, I like this name."

He was about to change his shoes and wash up, but when he lowered his head, his expression turned serious.

Chu Yan's shoes were wet as if they had just been soaked in water.

...

Time really flew by, and in the blink of an eye, it was the night of New Year's Eve. The entire Dragon Kingdom was in a jubilant mood.

Every family gathered to have their New Year's Eve dinner and watch the boring but necessary Spring Festival Gala.

It was brightly lit outside, and the sound of fireworks and firecrackers could be heard.

Even the stationed troops got a rare short rest.

In the southeast of the ocean province, along the coastline of Cang long city, there was a strange peak. Huge waves surged to the sky, and the raging waves slammed on the shore!

In the distance, the fireworks in the Dragon Kingdom rose to the sky, shining brightly. Even though they were tens of kilometers away, they could see everything clearly from this strange peak.

The light from the fireworks shone on the peak. A man was standing on the cliff of the peak, facing the sea.

He was wearing a white robe and a gold mask. He looked at the ocean ahead until he reached the end.

It was an endless city wall that surrounded the entire ocean province, defending the entire coastline of the Dragon Kingdom and blocking the erosion of the fog. Countless warriors were stationed on the city wall, defending against the invading monsters day and night!

In the fog, there was 90 percent of the secret realms in the world. The secret realms that existed on land could not be compared to the secret realms on the sea. They were like a strand of hair on an oxen's body.

Outside the city walls, countless monster races were constantly threatening the safety of humans. It was this continuous wall that had protected the Dragon Kingdom for a hundred years. The Dragon Kingdom called it the front line!

Under the mask, the man's facial features were extremely distorted and filled with anger.

His eyes were filled with tears. He raised his hands high as if he was embracing the whole world!

"What a vast and great project. This is a project that will shock any creature in the world! The perseverance of humans is indeed endless!"

The golden-masked man was praising the front line! After all, the front line connected the head and tail of the Dragon Kingdom's coastline. It took hundreds of years and blood and tears to complete the task!

As the masked man had said, the front line was a great masterpiece that shocked the world. Tears streaked across the masked man's face, his features contorted together!

"But humans are also stupid! The gods sent messengers to us, but we built a high wall to block them from the Dragon Kingdom!"

Suddenly, a huge firework rose and exploded in the air. It was extremely bright!

Behind the golden-masked man, the Night Watchmen surrounded him in formations, and their black and thick muzzles were aimed at him!

"Chang Lu, one of the leading figures of the God Welcoming Association," the leader of the Night Watchmen read aloud.

"I wasn't wrong, right?"

Chang Lu's eyes widened in anger. "How many times have I said this? I've already been chosen as the spokesperson of god. I'm now the Great Messenger!"

"Good, good, good, my respected Great Messenger." The leader of the night Watchmen laughed mockingly.

"Now, my Great Messenger, please come with me to the bureau and have an audience with the god of law. As for the other emissaries or gods you mentioned, they will also be with you."

After that, the Night Watchman made a gesture of invitation.

Chang Lu was thoroughly humiliated, and he roared hysterically. "Law Enforcement Bureau, how dare you humiliate the gods?!"

"So, what if I humiliated you?! We've cleared out all your nests. The law enforcement agencies all over the country will take action against you! Today is the beginning of the destruction of your God Welcoming Association!"

Chang Lu immediately laughed wildly, his hair ruffled by the sea breeze.

"The destruction has begun? Night Watchman, let me tell you, today is our new life!"

After saying that, Chang Lu took out a button and quickly pressed it.

The Night Watchman had just reacted when his attention was attracted by a huge explosion. A huge mushroom cloud rose from the sea, and smoke and dust soared into the sky!

The Night Watchmen were all stunned. A hole was blown open in the front line, and countless ominous lights flashed.

“What’s going on? Where are the guards at the C35 front line? How could someone has planted a bomb?”

“Haha!” Chang Lu laughed. “Night Watchman, come and see the gods with the people of the Dragon Kingdom!” as he spoke, Chang Lu’s figure began to dissipate.

“Catch him!” the leader of the Night Watchmen ordered.

However, it was too late. A group of people pounced on him, but they missed.

“Damn it! God Welcoming Association, you’re all damned!” The leader of the night Watchmen cursed.

It was also at this moment that a series of monsters’ strange howls rang out, giving people goosebumps.

The leader of the Night Watchmen took off his hat, revealing his weathered face.

“Comrades, it seems like our wish to go home for the New Year’s Eve dinner is gone.”

In the next second, his eyes focused, and he said in a deep voice, “Dragon Kingdom City Law Enforcement Bureau, listen to my order. Block the gap. Even if you die on the battlefield, you must wait for the reinforcements to arrive!”

As soon as he finished speaking, a huge bunch of fireworks rose and the new year bell rang.

The city in the distance was brightly lit, and the firecrackers that symbolized the end of the year crackled in the streets and alleys, creating a peaceful scene.

...

“Time to get up!”

Lu Benwei’s quilt was pulled away, and Jiang Xiuqin woke him up.

“It’s only nine o’clock. Mom, you also went to bed so late last night. Why are you up so early?”

“Do you think I want to?” Jiang Xiuqin said angrily, “Don’t you know what day it is today?”

...

“It’s the first day of the new year.”

“It’s the first day of the new year. This year, your uncle’s family is organizing a gathering. We should have a meal with your grandparents.”

Lu Benwei suddenly opened his eyes. in the past, it was always our family who organized the event. Why is it suddenly Uncle’s turn?”

"It's all because of your Uncle. He wants to take advantage of this opportunity to show off," Jiang Xiuqin said in a strange tone, "You also know your uncle's character..."

"Hey, hey, hey, how can you say that?" Lu Dayong's face was full of complaints.

Jiang Xiuqin was very unconvinced. "You have always complained about your big brother. Why you can do that but not me?"

"Just talk about it in private, don't do it in front of the children."

"Alright, alright, I know."

Then, Jiang Xiuqin urged Lu Benwei, "Alright, don't stay in bed. Get up quickly and call Little Yan to get up too. We'll go eat together."

Lu Benwei helplessly got up and put on his clothes. Then, he checked his new phone.

In addition to the blessings that filled the screen, there was a message from Hu Wu.

...

Chapter 370 Dispute

"Lu Benwei, the annihilation operation has been very smooth these days. Without the clues you provided, we wouldn't have been able to progress so fast. In addition, I wish you a Happy New Year!"

This message was sent before 11 o'clock last night.

After pondering for a moment, Lu Benwei typed a reply.

"Alright, then be careful!"

He went to wake Chu Yan up.

After a simple wash-up, Lu Benwei's family arrived at the Eight Immortals Pavilion located in Sheraton Hotel. The hall was decorated in an ancient and elegant manner. It could accommodate twelve people.

Before they entered the hall, Chu Yan stopped Lu Benwei.

"Why don't I not go in? It's not good for an outsider like me to have a meal with your family."

Lu Benwei smiled and patted the back of Chu Yan's hand.

"We're family, what's there to be afraid of?"

Hearing this, Chu Yan immediately blushed and said weakly, "Alright, then."

With that, Lu Benwei's family entered the hall. In an instant, Chu Yan became the focus of the audience.

Her beautiful hair fell to her neck, her eyes were soft, and her temperament was like a quiet lake bathed in the moon, making people feel ashamed. Looking from afar, it was like the sun rising in the morning glow.

Lu Benwei's grandparents, his eldest uncle's family of four, and youngest uncle had all arrived and were looking at Lu Benwei's family in shock.

Lu Dayong was the first to speak. He smiled and said, "What's going on? The last time we had a family gathering was not long ago. Why are you all looking at us like that?"

As he spoke, Lu Dayong took care of Chu Yan. "Come, Little Yan, you sit here first. Let me introduce you. This is Little Yan, Little Lu's classmate."

"Oh, I thought she was your son's future wife. It turns out she's just Lu Benwei's classmate."

This was an extremely sharp and mean voice, and the owner of the voice was Lu Benwei's aunt.

Lu Benwei sneered. "That's right. It's not easy for Eldest Uncle to treat us to a meal. I specially invited my classmate to eat with us and get back what we originally owed."

His aunt's face immediately turned red. She turned her head away and secretly cursed. "Little brat, why don't you stuff yourself to death?"

"Lu Benwei, how can you speak to your aunt like that? We're family!" Lu Dayong reprimanded. "Why do you have to make such a clear distinction?"

Lu Benwei stood up helplessly and bowed. "I'm sorry, Aunt."

His aunt still looked away and did not accept Lu Benwei's apology. "Stop echoing each other."

"Alright, alright. The guest is here, so stop talking."

Old Master Lu knocked his walking stick hard on the ground and stopped the fight between the two families. Only then did this battle stop.

On the side, Lu Benwei's uncle gently poked Lu Benwei's arm.

"Not bad, Little Lu. You've finally found a chance to provoke Sister-in-law."

Lu Benwei's uncle, Lu Shuangquan, was about the same age as Lu Benwei. As he was not married, he had been living with his brother's family and Old Master Lu.

Usually, Lu Shuangquan was always bullied by Lu Benwei's aunt.

"This is...?" Lu Shuangquan was very interested in Chu Yan.

"I'm Lu Benwei's classmate, Chu Yan!" Chu Yan said obediently.

"Oh, so you're also a top student at Zhejiang Hunter University?"

Lu Shuangquan was very happy.

"Hello, top student. My name is Lu Shuangquan."

The three of them began to chat about their daily lives.

"You two don't know," Lu Shuangquan said, "Before you came, Sister-in-law had been talking bad about your family."

"Did she say anything bad about Lu Benwei?" Chu Yan was curious about the gossip about Lu Benwei's family.

“Well, it’s because Lu Benwei won the first place in the provincial martial arts assessment. He got into Zhejiang Hunter University?”

Then, he swallowed and said, “Be careful later, she might use this matter to find trouble with you guys again.”

As expected!

When the dishes were almost ready, Lu Benwei’s aunt suddenly smiled and said, “Lu Benwei, I just thought about it, it’s my fault.”

Lu Benwei was a little wary, thinking that his aunt was trying to please him for no reason.

So out of courtesy, Lu Benwei said, “Aunt, I didn’t take it to heart. It was my fault just now. I shouldn’t have offended you.”

“That’s good.” Lu Benwei’s aunt smiled and nodded. “It’s just that I have a presumptuous request that I need your help with.”

As Lu Benwei expected, this old fox revealed its tail.

“That’s right, Benwei,” Lu Youzhi said, “There’s really something I need your help with.”

“Eldest Uncle, just say it!” Lu Benwei was very polite on the surface.

At this time, Lu Benwei’s aunt patted Lu Feifei’s head.

“Feifei should be taking the martial arts assessment this year. Since you’re a top student at Zhejiang Hunter University, can you help us find a way to get Lu Feifei into Zhejiang Hunter University?”

“It’s not so simple. Just let Feifei get a good score!” Lu Benwei said.

Lu Youzhi and his wife looked a little embarrassed and said, “Lu Benwei, you also know that unless there’s a mutation, it’s impossible to awaken a good class.”

The two of them spoke in an extremely obscure manner.

The reason for this was Lu Benwei’s cousin, Lu Feifei. Not only he was not talented, but he was also fat. He would pant heavily after taking two steps. Even if one was lucky, getting a good result in the martial arts assessment was like ascending to heaven.

Lu Feifei, the son of Lu Youzhi and Lu Benwei’s cousin, spoke up, “Brother Benwei, can you do us a favor and introduce us to a teacher from Zhejiang Hunter University?”

...

Lu Benwei was in a difficult situation. The admission to hunter universities was fair and open. It was almost impossible to get in through the back door!

“I’m afraid not. It’s not easy to get into a hunter university,” Lu Benwei said lightly.

His aunt's expression drooped on the spot and she said coldly, "Lu Benwei, just help your cousin. Are you going to let your cousin be useless for the rest of his life? After this matter is settled, I'll give you a lot of benefits."

The aunt added after a pause, "Don't forget, our family is not your family. We're very rich!"

Lu Benwei sneered in his heart and said, "Aunt, this really isn't a matter of good or bad. The recruitment of hunter universities is fair and open. If you're found to have entered through the back door, you'll be punished!"

"Moreover, after entering the hunter university, as a professional hunter, you have to face monsters! You only thought about letting cousin Feifei enter Zhejiang Hunter University, but you didn't think about what he could do in the future..."
