

Dungeon 381

Chapter 381 The Mission

A human figure appeared in the air. His clothes fluttered in the wind. He looked elegant and easy-going, but his eyes were sharp and full of hostility.

Li Tiancheng looked around and saw Lu Benwei, Chu Yan, and Fan Peng. He opened his mouth in surprise, and his eyes became gentle.

“Are you Lu Benwei and Chu Yan?” Li Tiancheng’s tone was filled with uncertainty.

“Yes, I am,” Lu Benwei replied.

A hint of surprise flashed in Li Tiancheng’s eyes, and he immediately descended.

“I heard that your family is in Hai Province. I guessed that you’d come, but I didn’t expect it to be true,” Li Tiancheng said indifferently.

Although Lu Benwei and Li Tiancheng were enemies in the National Class Tournament, Li Tiancheng was still a genius. Li Tiancheng was quite strong and gentlemanly, so Lu Benwei had a good impression of him.

“My family is in Green Spirit City. I came here immediately after receiving the notice from our principal. What about you? Are you here for a vacation?” Lu Benwei asked.

“Yes, I am,” Li Tiancheng replied.

After that, Lu Benwei introduced Fan Peng to him and chatted for a while.

“What about you? What’s your mission?” Li Tiancheng suddenly said.

Lu Benwei was stunned for a moment, then guessed that everyone who came to participate in this operation might have a mission.

“My mission is to investigate the purpose of the God Welcoming Association,” he said.

As for the most important quest, Lu Benwei felt that it was better not to say it.

“I see.” Li Tiancheng nodded. “So, do you guys have any leads now?” he asked.

Lu Benwei smiled bitterly. “I didn’t even meet a member of the God Welcoming Association, let alone find the target.”

“That’s simple.” As Li Tiancheng spoke, he pointed at the high-rise building in the distance, “The main force of the God Welcoming Association is almost all in the high-rise building. I think you can find a way to sneak in and see if you can catch a few tongues.”

Lu Benwei frowned slightly. At that moment, he finally understood why the Chief of Staff had assigned him two seemingly unrelated tasks.

The first was that the high-rise buildings were located in the center of the city, which seemed to have an excellent view and could control the overall situation.

However, their position was very close to the sealing array, which made Lu Benwei suspicious. Could the thing under the seal be related to the purpose of the God Welcoming Association?

At this moment, a middle-aged man ran out from behind a pile of rubble. He was sweating profusely. He was holding his knees, so tired that he was out of breath.

“Slow down, Li Tiancheng. I can’t even catch up to you.”

The middle-aged man raised his leg and was stunned when he saw Lu Benwei.

“Lu Benwei, it’s you?”

“Hu Wu? Bureau Chief Hu?”

Lu Benwei could not be more familiar with the person in front of him. It was Hu Wu, the chief of the Law Enforcement Bureau of Hai province.

“You know each other?” Li Tiancheng was stunned for a long time before he reacted.

“I know him. I can’t be more familiar with him.” Hu Wu chuckled.

“It was because of him that our Law Enforcement Bureau was able to achieve a stage of success in the operation to annihilate the God Welcoming Association.

Suddenly, Hu Wu stopped, and then he punched a huge rock to the side!

“Boom!”

The rock was reduced to dust on the spot, and the hand that Hu Wu had used to punch was dripping with dark red blood.

Everyone was shocked by this sudden move. Then, they heard Hu Wu angrily say, “Damn it, it’s a pity that I made a mistake, allowing the God Welcoming Association to take advantage of a loophole!”

Hu Wu clenched his fist and said, not caring about the crushed stones in his hand.

“I have made such a big mistake. Countless people of the Dragon Kingdom have lost their lives.”

With a mixture of sorrow and hatred, Hu Wu’s eyes were bloodshot as he stared at the skyscraper in the middle.

Lu Benwei sighed and looked at the man who was covered in scars, not knowing how to comfort him.

“Ring ring.”

Suddenly, the bell in Hu Wu’s arms rang.

“It’s a call from the authorities.”

Immediately, the hostility on Hu Wu’s body disappeared by more than half, and he hurriedly took out a silver medium-sized box from his arms.

When the box was opened, there were all kinds of circuit chips inside, as well as a loudspeaker and a microphone. It looked like a special walkie-talkie.

“This is a special walkie-talkie,” Hu Wu explained, “It’s our way of contacting the outside world.”

After that, Hu Wu pulled out an antenna and pressed a green button.

“Password!”

The other party shouted coldly, but Lu Benwei recognized that it was the old man, the Chief of Staff, who was the chief commander of the operation.

Hu Wu’s eyes flashed with a strange look as he glanced at Lu Benwei, Li Tiancheng, and the others.

“If my father doesn’t support me, my mother won’t be close to me. I’m Hu Wu, no one loves me...”

Lu Benwei’s mouth twitched slightly. Which genius thought of this password?

Hu Wu paused again and asked, “Password!”

The Chief of Staff cleared his throat and muttered to himself for a long time before a voice came out of the walkie-talkie.

“Because you’re too beautiful, oh baby, because you’re too beautiful, oh baby, because you’re really too beautiful! I’m the Chief of Staff, Luo Tianxing. You’re so beautiful!”

From the moment Luo Tianxing exchanged the password, Lu Benwei and the others held back their laughter. Their faces were purple and black, and the corners of their mouths were bitten with blood.

Hu Wu rolled his eyes at them and said into the walkie-talkie, “Reporting, Supreme Commander. Li Tiancheng and I have cleared the monsters outside the city. Please give us the next order!”

...

“Good, well done! You’re two hours short of the time I set for you!” Luo Tianxing praised, “Hu Wu, and Li Tiancheng from Yanjing Hunter University, you two did well.”

“This is what I should do! Commander Luo, please give us your next instructions,” Hu Wu replied.

“Hu Wu, I need the two of you to split up and carry out the mission,” Luo Tianxing said in a deep voice.

“Hu Wu, what you need to do is to find a person named Lu Benwei and a girl named Chu Yan. There might be people accompanying them. I need you to find them and help them enter the city center!”

Just as he finished speaking, Hu Wu said, “Commander Luo, I have met with Lu Benwei and Chu Yan. I’ll do my best to help them enter the city center!”

Luo Tianxing was slightly surprised. He did not expect Hu Wu to have already met Lu Benwei.

“Not bad, it saves us a lot of trouble.”

After a pause, Luo Tianxing continued, “Li Tiancheng!”

“Here!” Li Tiancheng stepped out.

“Your next mission is to assist the citizens in the fallout shelter in evacuating.”

“Understood!”

...

He had thought that the matter would come to an end, but Fan Peng suddenly said, "That's not right. Since it's to confirm his identity, why hasn't Li Tiancheng been confirmed?"

Chapter 382 Monster Nest

Li Tiancheng's body trembled violently as he glared at Fan Peng.

The other end of the walkie-talkie also fell into silence. After a long time, he said, "Student Li Tiancheng, according to the usual practice, you need to match the password. Please confirm your identity."

The corner of Li Tiancheng's eyes twitched as he slowly walked forward. He cleared his throat and glared at Fan Peng again.

"The big pinwheel is spinning, the scenery here is so beautiful! The sky is beautiful, and the earth is beautiful. My name is Li Tiancheng, and I'm also very beautiful!"

"Pfft!"

Fan Peng could not hold it in any longer. He slapped his thigh and said, "Which idiot gave you these children's song passwords? He's an idiot to the max."

On the other end of the walkie-talkie, Luo Tianxing heard Fan Peng's words, and a strange look flashed across his face. His eyes moved down and glanced at the book beside his hand – a collection of children's songs on the Dragon Kingdom internet.

"Ahem, Lu Benwei, is the other person your friend?" Luo Tianxing faintly asked.

Lu Benwei faintly smelled something wrong but he did not dare to neglect it.

"Yes, he is!"

"Ahem, for safety's sake, I'll also give you three passwords."

Lu Benwei and Chu Yan heard this and glared at Fan Peng, who was still laughing, their eyes full of killing intent!

"Lu Benwei, your password is..."

"Chu Yan, your password is..."

Luo Tianxing chose two extremely embarrassing children's songs for Lu Benwei and Chu Yan. The level of shame was no less than taking off one's pants in the street.

As for Fan Peng, he could no longer be described as taking off his pants. It was simply like taking a dump t on the street.

"Daddy, Daddy, I want candy. Is one enough? Not enough! Is two enough? Not enough! Is three enough? That's enough. Thank you, Daddy!"

Hu Wu brought Lu Benwei and the others to the center of Canglong City.

After walking a block, Luo Tianxing called and asked Fan Peng to match the password.

“Revenge, it must be revenge! That old man must be taking advantage of me!”

The four of them had already started causing trouble, and the danger factor had also increased several times.

Luo Tianxing no longer contacted the three of them for no reason. He only told Lu Benwei and the others to complete the mission. At the same time, in their last call, they informed the three that one of them would be joining them in the operation.

...

“This old man, he asked if there would be someone to pick us up, but he didn’t even tell us his name. What the hell is this?!”

Fan Peng was very dissatisfied. He kicked away an empty can. It kept rolling on the empty street, hitting the ground and making a crisp sound.

There was no one in the city. The once busy city had been reduced to ruins. The blood-colored fog was particularly desolate.

“Lu Benwei, Chu Yan? And that uncle, where are you?”

Only then did Fan Peng realize that he had been separated from Lu Benwei and the others. The thick blood mist blocked his vision. Fan Peng could not even see objects that were three meters away.

A gust of cold wind blew past, and Fan Peng had goosebumps from head to toe. His legs were trembling.

“Lu Benwei, Chu Yan?”

In a daze, Fan Peng saw a black shadow flash in front of his eyes, and he was frightened. In front of him, a thick blood mist was staring at him as if a giant beast had opened its mouth.

Fan Peng’s scalp went numb. He swallowed, gritted his teeth, and said, “I don’t care, at most I’ll just walk out horizontally!”

After saying that, he braced himself and continued to grope forward.

“Unity is strength...”

To boost his courage, Fan Peng even started to sing a song. In the empty ruins and wilderness, only Fan Peng’s heavy and out of tune singing echoed!

“This strength is iron, this strength is steel, compared to iron... Ouch!”

Just as fan Peng reached the climax of his song, he missed a step and slid down! He did not panic. He opened his eyes against the strong wind.

“F*ck, who dug this up? It’s huge!”

At this time, Fan Peng was still at the top of the pit slope, constantly sliding down at a rapid speed. A short 10 seconds had passed, and Fan Peng continued to slide into the deep pit.

With a rough estimate, the radius of the deep pit was hundreds of meters long! Even with the help of modern equipment, it would take at least half a month to dig this pit!

Fan Peng's first thought was that it was the doing of monsters, and he felt a chill down his spine. At this time, the speed of his descent was still accelerating. Fan Peng knew that he could not wait any longer. He pulled out a dagger and plunged it into the ground!

A white light flashed past, and the dagger stabbed into the ground. However, the huge inertia of the fall caused the dagger to move two or three meters in the direction of Fan Peng's fall.

Fan Peng's arm was also pulled so hard that it seemed like it was going to fall off.

"That was close, I almost fell."

Fan Peng also saw what was at the bottom of the pit. It was a hole with a diameter of 10 meters.

The hole was like the mouth of an abyss, devouring all light. It was pitch black, and nothing could be seen inside.

Fan Peng wanted to see what was inside the hole. He stretched his neck and looked down. However, the moment his eyes met the entrance of the cave, he felt a chill from head to toe.

"Motherf*cker! What unlucky thing is this?!" Fan Peng cursed and retracted his neck.

"Brother, what are you looking at?"

Behind him, a child-like voice sounded.

"Oh, nothing. It's dangerous now. Go and find your parents." Fan Peng did not even turn his head. He waved his hand and replied. The next second, he shivered again.

How could a child appear in such a remote place? He turned his head mechanically and slowly looked behind him. It was true that the one standing behind him was a five or six-year-old child.

However, he was just too strange. His skin was greenish-gray, and he had a pair of inverted triangular eyes. His nose was as small as a rice grain, but his mouth was very big.

"Brother, do you want to go down?" the boy, no, the monster said.

...

Fan Peng did not know how to answer, so he silently pulled out his dagger.

"Brother, it's not good to sneak attack!"

The monster grinned.

Suddenly, Fan Peng's scalp went numb, and he almost lost his grip on the dagger.

The monster's mouth was also greenish-gray, and its sharp teeth filled its entire mouth. Even if Fan Peng did not have trypophobia, he was still trembling at the sight of this monster!

The monster's eyes flashed with a trace of coldness, and it placed its numb arm on Fan Peng's stomach. Suddenly, a bone-chilling cold swept through his body.

“Boom!”

Fan Peng was sent flying backward and rolled down into the abyss!

In the distance, Lu Benwei used his Eye of Insight and captured this scene.

“Not good! Fan Peng is in danger!”

...

Chapter 383 Divine Child Embryo

“Oh...”

Fan Peng opened his eyes in a daze. In front of him, other than a faint yellow light, he could only see his fingers.

Just as he was about to get up, he felt a heart-piercing pain in his abdomen that struck his bone marrow and soul.

“Motherf*cker, you’ve opened a hole in me! Don’t let me catch you, or I’ll break your teeth one by one!” Fan Peng cursed.

Fan Peng’s stomach was torn open, and blood gushed out like rain, flowing down his thigh to the ground. If it were an ordinary person or an assassin of the same level, they would have fainted from such a large amount of blood loss.

However, Fan Peng’s physique was different from ordinary people’s. At the same time, he had also learned an extraordinary passive skill. In the dark, he could absorb dark energy and turn it into blood to recover. That was why Fan Peng was spared from death.

He took out a first aid kit from his storage space and treated his wound. Then, he started to think about how to get out.

“What the hell is this place? Why is there a stinky smell?”

Fan Peng groped along the source of the dim yellow light source while observing the environment of the cave under the deep pit. The air was filled with a sour smell, and the environment was humid. Fan Peng could even hear water dripping on the ground.

Gradually, Fan Peng was getting closer and closer to the source, and the yellow light was getting brighter and brighter.

When they were less than two or three hundred meters away from the source, he finally saw what the source looked like.

“This is...a monster egg?!” Fan Peng exclaimed in shock.

In front of him was a golden egg. The size of the egg alone was comparable to a heavy car. The faint yellow light was also emitted by this golden egg.

Dozens of red vines were tied on the surface of the egg, and a huge flower bud bloomed on it. At the same time, countless vines stretched out and stuck to the surrounding walls.

First, it was fixed in place, but it also had a protective effect. The flower bud bloomed, and a wolf-type monster walked on the vines with a corpse in its mouth. In the end, it threw the corpse into the flower on the egg.

The huge flower petals bloomed, gathered, and wriggled as if they were chewing on the meat. After about half a minute, the huge flower began to swallow like a human. A large mass of bloody mud appeared in the egg, and the fetus inside was crazily sucking the nutrients from it.

Fan Peng was so surprised that his mouth was slightly open.

In the next second, another hyena-type monster held a dying man in its mouth and offered him the egg. The man looked at the fetus and struggled madly. He let out a hoarse whimper and tears kept flowing down from the corners of his eyes.

His four limbs had long been torn off, and this was his last cry of despair. However, the power that a person could unleash before they died was very powerful. The man's waist muscles burst with strength, and he broke free from the monster's mouth.

Using the muscles on his waist, the man wriggled madly, distancing himself from the egg. However, in front of a fully recovered monster, the man was like an insect.

The monster looked at the man on the ground with a sneer.

Fan Peng could not stand it anymore. He had to help the man. Even if he knew that it was futile, he still had to contribute his strength.

However, the moment Fan Peng pulled out the dagger, he was stunned. A person appeared in front of the poor man. Yes, that was right, it was a human!

Fan Peng would never have thought that there would be a person swaggering out of the monster's lair.

He was wearing a purple robe, and his head was hidden under the hood. He wore a golden mask, so Fan Peng could not see his face. Of course, Fan Peng also knew that the golden-masked man was a member of the God Welcoming Association.

When the man on the ground saw the golden-masked man, it was as if he had seen his savior!

"Save... Save me!" the man shouted in excitement.

The golden-masked man slowly squatted and put his right index finger to his mouth.

"Shh... Don't wake up the Son of God..."

The golden-masked man lowered his voice and began to stroke the man's hair.

"Celebrate the Son of God's birthday, burn your life... The Son of God will definitely like you. You're still alive!"

The golden-masked man's voice seemed to have magic.

When the man on the ground saw that the golden-masked man was on the side of the monsters, his eyes returned to calmness from their initial fear. In the end, they became dull and lifeless.

“Yes, it is my honor to sacrifice my life for the Son of God.”

The next second, the man on the ground turned around and wriggled toward the so-called Divine Child Embryo.

Fan Peng was stunned and did not know what to do.

The huge flower bloomed, revealing a huge gap that reached into the embryo.

“Wriggle...”

However, the man continued to wriggle forward, walking step by step into the abyss.

“Don’t!” Fan Peng roared!

It was too late. With a plop, the man fell into the embryo.

First, his clothes slowly melted, then his skin, fat, and muscle tissue, and then his internal organs... In the end, even a drop of the man’s blood was refined by the embryo.

However, at this moment, all the attention in the cave was on Fan Peng.

At first, when he was here, no one noticed him. However, the roar just now had completely exposed his position.

In just a minute, Fan Peng saw thousands of different kinds of monsters.

A demonic beast came forward and was about to capture Fan Peng. Its eyes were filled with greed, slyness, and even mockery.

The mysterious golden-masked man extended an arm and stopped the monster. Then, he jumped down from the vine and walked to Fan Peng’s side.

Fan Peng glared at him with hatred, wishing he could blow his head off with a punch.

However, he had to wait. He knew that the golden-masked man was powerful and had some confusion skills.

Fan Peng had to find a suitable opportunity to strike.

“Child, you’re close to perfection...” This was the first thing the golden-masked man said.

“Are you very angry?” he asked, “You didn’t help him and even let him jump into the embryo of the Son of God and lose his life? But the child... He’s willing...”

It had to be said that the golden-masked man’s voice was full of magic. Fan Peng was in a daze. His hands and feet moved unconsciously as he walked toward the embryo.

“My child, your body is intact. You’re the Son of God’s favorite nourishment. When you reach the divine world, the Son of God will fulfill his oath and give you eternal life...”

...

Fan Peng slowly stepped forward as if he had lost consciousness.

The mysterious golden-masked man's lips began to curl up, and a hint of joy flashed across his face.

"Child, look into my eyes. Are you willing to sacrifice yourself for the Divine Child?"

Fan Peng's unfocused eyes met his. "I'm willing to..."

Chapter 384 The Secret of the God Welcoming Association

"I'm willing to..." Fan Peng spoke slowly and walked step by step into the trap that the mysterious golden-masked man had dug.

The mysterious golden-masked man's lips curled up.

Under his Confusion skill, ordinary people would lose their lives. Including Fan Peng, it was the 1,000th life that he had taken!

However, at this moment, Fan Peng suddenly spoke, "Hell yeah I'm willing!"

After saying that, a white ray of light flashed, and the sharp edge of the dagger ruthlessly stabbed into the right eye of the mysterious golden-masked man! Blood gushed out like a fountain, and the mixture of black and white spurting out one to two meters away.

"Argh!"

The mysterious golden-masked man screamed in pain and retreated quickly. He raised an arm shakily and pointed at Fan Peng, "Kill him! Kill him!"

Instantly, the cave was in chaos, and countless terrifying monsters surged out! Seeing this, Fan Peng immediately fled the way he had come.

As an assassin, Fan Peng was most proud of his speed! In the cave, a black shadow was shuttling back and forth as if no one was there. However, there were simply too many monsters in the underground world.

In addition, some of the members of the God Welcoming Association were also present!

After a short while, the monsters and the members of the God Welcoming Association formed an inescapable net and surrounded Fan Peng!

Fan Peng had no choice but to bite the bullet and fight with a warrior of the God Welcoming Association!

Clang! Clang! Clang!

Daggers, sabers, and cold lights kept clashing with each other, giving off a crisp sound of metal colliding!

"Die!" the warrior suddenly roared. Flames surrounded his body as he leaped high into the air, erupting with unparalleled power.

"Boom!"

The saber slashed vertically, and the flames raged, crushing everything.

Fan Peng squatted on one foot and extended his other foot, holding the dagger in front of him. He was using this strange posture to block the powerful blow.

“Slash!”

The two weapons clashed, and the light of the fire and the cold glinted.

The flames that could crush everything followed Fan Peng’s body as he extended his other leg from the ground.

This was a strange blocking skill that could block the attacks of weapons with additional attributes.

In the next second, Fan Peng flicked his wrist and attacked the warrior’s throat. The warrior reacted quickly and prepared to block with his blade.

However, Fan Peng’s attack was even more brutal. With a flash of cold light in his eyes, his body turned into a beam of light.

“Chi..”

A white ray of light flashed through the dark cave. Fan Peng had slit the man’s throat. Then, he ran toward a gap!

“Stop him!” the mysterious golden-masked man roared, “Stop him!”

Fan Peng’s running speed was very fast, and he tore open the gap in the monster almost instantly.

The mysterious golden-masked man went crazy. He covered his eyes and flew into a rage!

“Catch him!”

As Fan Peng ran, he turned around with confidence. “If you want to catch me, go home and practice for a few more years!”

“Boom!”

As soon as he finished speaking, Fan Peng collided with something and flew out.

“What is it? I didn’t see it just now!”

Fan Peng shook his head and opened his eyes in a daze. He was stunned. He bumped into the child-like monster that had caused him to fall into the cave.

“Motherf*cker, it’s you again!”

Fan Peng was suddenly furious.

The child-like demonic beast sneered and raised its stick-like arm.

“Slap!”

A heavy slap landed on Fan Peng’s face. Fan Peng was sent flying. When he slowly got up and was about to fight back, the child-like monster raised its hand again.

Purplish-red vines stretched out from the ground and wrapped around Fan Peng's limbs, covering his mouth.

At this moment, the mysterious golden masked-man also ran over. Seeing the child-like monster, the viciousness in his eyes dissipated by more than half.

"My lord envoy, it's the people of the gods who didn't do their job well and disturbed you!"

The mysterious golden-masked man knelt and bowed, extremely respectful to the monster. The other monsters were the same. Some of them knelt on the ground with two legs, while some of them crawled on the ground with four legs.

The child-like monster spoke in the human language and said coldly, "You've made such a big commotion and disturbed the Divine Child. What should you be punished for?"

The mysterious golden-masked man was so scared that his body trembled. He said in a trembling voice, "The people of god know their mistakes. Please punish us! Even if I have to die, the people of god are willing!"

The child-like monster sneered. "Die?" If you die, what will happen to the Divine Child?"

"This..." For a moment, the mysterious golden-masked man was speechless.

The child-like monster's eyes were sinister as he said, "You can keep your little life. Quickly capture the humans and provide them with nourishment for the Divine Child!"

The mysterious golden-masked man touched the mask on his face, his eyes darting around.

"My lord envoy, to tell you the truth, most of the citizens in Canglong City have been transferred."

"What? We've given you immeasurable support for the revival of the Divine Child, and now you're telling me you can't do it?!"

The child-like monster's eyes widened as it questioned the mysterious golden-masked man.

The mysterious golden-masked man trembled and said in fear. "No, no! What I mean is that most of them have been transferred. There's still a group that hasn't been transferred, and many of them are still hidden in the ruins or some corner. Although the number isn't as much as expected, it's enough for the Divine Child to be resurrected."

...

After hearing the mysterious golden-masked man's explanation, the child-like monster stopped.

"Right, how's the matter over there?" the child-like magical beast asked.

"We're hurrying up to remove the seal. Nine Fingers is supervising over there. The things we need to arrest him have been prepared. But as far as I know, the Dragon Kingdom thinks our goal is to seal that thing," the mysterious golden-masked man replied, "The birth of the Divine Child is basically a fact."

"That's good. I'm relieved to have Nine Fingers there..."

Fan Peng listened to the conversation between the two, and his emotions kept on surging. It seemed that there were two purposes for the God Welcoming Association to attack Canglong City with the monsters.

One was to resurrect this so-called Divine Child. The second was to remove the seal as if he wanted to take away the thing sealed inside.

Also, what or who was Nine Fingers? Could it be a code name for the members of the God Welcoming Association?

As for why a sealing barrier was set up, it was most likely an attack by experts. A battle would affect the birth of a godchild.

“The longer we delay, the more likely it will be. You guys hurry up and hatch the Divine Child. I’ll go and keep an eye on Nine Fingers,” the child-like monster said.

“My lord envoy, this person has disturbed the birth of the Divine Child. How should we deal with him?” the mysterious golden-masked man asked.

“Suit yourself!”

...

After the child-like monster finished speaking, it disappeared without a trace.

At this moment, everyone’s eyes were on Fan Peng.

The mysterious golden-masked man said coldly, “Do you know your crime for disturbing the birth ceremony of the Divine Child?”

Hearing this, Fan Peng put on a fake smile.

“You want me to atone for disturbing the Divine Child? I think you’re the one who wants to take revenge on me for blinding you in one eye, right?”

Chapter 385 An Exchange

The mysterious golden-masked man was stunned.

The cave fell into a dead silence.

Fan Peng was hung high up in the air. He lowered his head and looked at the mysterious golden-masked man with a mocking gaze.

“If you want revenge, just say it. What do you mean by disturbing the Divine Child? That little brat has already left, and you’re still acting like a grandson!”

Under the golden mask, the corner of the mysterious golden-masked man’s eyes twitched continuously!

“You disturbed the birth of the Divine Child. You should be cut into a thousand pieces!” The mysterious golden-masked man’s voice rose a few octaves!

Fan Peng was still not afraid. He also shouted back, "You b*stard, come at me if you dare. Do you really think I'm afraid of you?! Do you know who my brother is? When he comes, none of you will be able to escape!"

The mysterious golden-masked man cursed back at him, "I don't care who your brother is. You must give the Divine Child an explanation today."

After saying that, a member of the God Welcoming Association wearing a red mask handed over a small knife.

When Fan Peng saw this, his feet, legs, and stomach cramped up, and the corners of his eyes twitched unconsciously.

The mysterious golden-masked man chuckled. "Hehe, are you scared now? As long as you kneel on the ground and call me lord, kowtowing three times and bowing nine times, I can consider giving you a quick and painless death."

In response to the mysterious golden-masked man's threat, Fan Peng coldly scolded, "Are you the emperor? Three kowtows and nine bows? Hurry up and give me a quick death. If I say 'it hurts', I'll be your grandson!"

As he cursed, Fan Peng puffed out his chest with a very firm look.

The mysterious golden-masked man licked his lips and revealed a cunning smile.

"Curse all you want. If you disturb the Divine Child, you'll go to hell."

"Then I'll wait for you in hell!" Fan Peng laughed coldly. Just as he finished speaking, a loud shout rang out.

"Fan Peng, you can't go to hell if you want to."

It was Lu Benwei's voice!

Fan Peng looked up and was so excited that he burst into tears.

"Damn, Lu Benwei, you're finally here."

The mysterious golden-masked man, his subordinates, and the monsters all turned around. When they saw Lu Benwei, Chu Yan, and Hu Wu, the mysterious masked-man's facial features under the mask twisted.

"It's you, Lu Benwei? And you, Hu Wu!"

Obviously, Lu Benwei's name had already spread in the God Welcoming Association.

"You two are b*stards! If it weren't for you, the birth of the Divine Child wouldn't have been delayed until now! Kill him!" The mysterious golden-masked man's eyes were red as he roared his order.

In an instant, all the members of the God Welcoming Association rushed forward, and the monsters also pounced on Lu Benwei.

Fan Peng's eyes lit up when he saw Lu Benwei's position.

“Lu Benwei, the egg on your head is this grandson’s lifeblood. Destroy him!”

Lu Benwei heard this and immediately looked up. The so-called Divine Child embryo was right above their heads!

Then, Lu Benwei waved his fists and the sea of stars surged. The situation on the field changed in an instant. All the members of the God Welcoming Association and the monsters stopped in their tracks when they saw this scene.

The hatred in his eyes turned into a pleading look.

Lu Benwei sneered and said, “It seems like this embryo is really something!”

“Lu Benwei, you dare!”

The mysterious golden-masked man pulled Fan Peng down and pressed the dagger against the main artery of Fan Peng’s throat.

“Lu Benwei!” Fan Peng shouted, “That embryo is the lifeblood of the entire God Welcoming Association. The monsters attacked Canglong City because of it. Destroy it and let this b*stard...”

Before Fan Peng could finish, the mysterious golden-masked man stabbed Fan Peng’s neck.

“Chi...”

Bright red blood flowed down his neck, dyeing the ground red.

Fan Peng knew that as long as he spoke, the muscles on his neck would further expand the wound.

Lu Benwei also knew that the mysterious golden-masked man was threatening him with Fan Peng’s life!

The situation was in a deadlock.

Lu Benwei tilted his head and looked at Chu Yan and Hu Wu.

Chu Yan suddenly stepped forward and said, “In that case, let’s make a deal...”

Before she could finish, Chu Yan suddenly mumbled a sentence in an obscure language.

“Swish-”

The light yellow embryo suddenly shrank and Chu Yan opened her palm. The embryo appeared in her hand in the blink of an eye.

The mysterious golden-masked man and the others immediately panicked.

“What are you doing?”

The mysterious golden-masked man stared at the Divine Child embryo in Chu Yan’s hand, afraid that something would happen to it.

“I already said we should make a deal.” Chu Yan repeated

“Release Fan Peng and I’ll give you this embryo.”

“Alright!”

To protect the Divine Child embryo, the mysterious golden-masked man had to do this.

Lu Benwei and the others were the same.

“What kind of exchange?” the mysterious golden-masked man asked.

...

Of course, both sides were afraid that the other party would trip them up and cause irreparable losses.

Chu Yan pondered for a while and said, “How about this? Let’s go forward separately, no one is allowed to follow.”

“When we meet, I’ll put this egg on the ground. You have to let go of Fan Peng!”

“Alright!”

After weighing the pros and cons, the mysterious golden-masked man nodded in agreement.

Hence, the mysterious golden-masked man grabbed Fan Peng and walked forward slowly. Some monsters wanted to follow, but he stopped them. “Are you crazy? Aren’t you afraid that they’ll fight to the death?”

On the other side, Hu Wu did not want to give up on such an important embryo, and he also wanted to follow.

Chu Yan looked back and blinked her black eyes. “Don’t worry, I won’t let them have their way.”

After saying that, she held the embryo and walked forward step by step.

When both sides met, they could see the killing intent in each other’s eyes.

“Are you going first, or should I go first?” Chu Yan asked coldly.

...

“Nonsense, of course you go first!” The mysterious golden-masked man was anxious. “You guys have legs. What about the Divine Child embryo?” he asked.

Both knew that as long as the deal was completed, a great battle would break out between the two sides.

Some monsters were already getting restless and started to grind their claws and teeth.

Lu Benwei and Hu Wu were also ready to launch a powerful attack at any time.

“Alright, then I’ll go first.”

Chu Yan slowly squatted on the ground as if she was going to place the embryo at the feet of the mysterious golden-masked man.

The mysterious golden-masked man was overjoyed and let go of Fan Peng in a hurry.

“Little Peng!” Chu Yan shouted.

“Alright!”

In the next second, Fan Peng raised his leg with all his might and kicked the embryo, regardless of his injuries.

However, Fan Peng had forgotten that the embryo was an extraordinary magical monster egg. Its shell was not like ordinary eggshell.

The embryo was like a football, rolling down the ground and into the cave.

Chapter 386 Furious

The people and monsters on the mysterious golden-masked man’s side were all stunned.

Lu Benwei and the others were also dumbfounded!

“Chase!” the mysterious golden-masked man ordered!

“Snatch!”

Lu Benwei waved his hand and used Lightning Speed.

The two sides began to fight for the so-called Divine Child embryo, and a crazy chase began in the cave.

“Roll, roll...”

The Divine Child embryo continued to roll down the slope at a faster speed!

Lu Benwei’s group used Lightning Speed to get close to the Divine Child embryo.

Seeing this, the mysterious golden-masked man had mixed feelings. On one hand, he wanted to kill Lu Benwei and the others. On the other hand, he was afraid that the Divine Child embryo would be damaged.

“Sir Ten Fingers, I have an idea, but I’m not sure if I should say it?” a member of the God Welcoming Association, who was wearing a red mask, suddenly came to the front of the mysterious golden-masked man and said respectfully.

“Hurry up and tell me!”

“Since the Divine Child embryo isn’t an ordinary egg, it might be able to withstand our attacks,” the man said, “Besides, our attacks might not even hit him. Even if it was accidentally destroyed, it’s better than falling into their hands, right?”

The mysterious golden-masked man thought for a while. Seeing that the Divine Child embryo was about to fall into the hands of Lu Benwei and the others, the mysterious golden-masked man stomped his feet.

“Motherf*cker, let’s fight it out with them!”

After saying that, the red-masked member of the God Welcoming Association shouted, “Lord Ten Fingers has ordered that we don’t have to worry about the safety of the Divine Child. We must prevent the Divine Child embryo from falling into the enemy’s hands!”

As soon as he said that, everyone hesitated for a moment before releasing their powerful skills toward Lu Benwei and his group.

“Damn it, isn’t this guy afraid that the egg will break?”

Hu Wu cursed as he thrust his thick palms into the soil.

“Earth Flow Wall!”

The ground under his feet seemed to come to life, surging like a river. The soil and rocks surged up, forming a thick earth shield that blocked all attacks.

“Earth shaker?”

This was the first time Lu Benwei had seen Hu Wu’s ability. He was an earth shaker.

However, Fan Peng’s performance was very different.

Lord Ten Fingers?!

“Lu Benwei, I think I know the organizational structure of the God Welcoming Association.”

“What did you just say?” Lu Benwei asked as he ran.

“The high-level members of the God Welcoming Association wear golden masks, which they call Ten Fingers to One Finger,” Fan Peng said as he ran, “If I’m not wrong, Ten Fingers is the weakest, and One Finger is the strongest!”

“How did you know?” Lu Benwei was still a bit puzzled.

Fan Peng pointed at Ten Fingers who was fighting against Hu Wu and said, “Do you think that such a weak person would be the strongest person in the God Welcoming Association?”

Under Hu Wu’s attack, Ten Fingers and the other members of the God Welcoming Association were forced to retreat!

“There are a few more things I must say in case I don’t have the chance later,” Fan Peng swallowed his saliva and said.

“The golden-masked cultivators of the God Welcoming Association are a group, and Nine Fingers is also here! Their goal is to resurrect the so-called Divine Child and to remove the seal mentioned in your mission. It seems that they want to take away the thing sealed inside.”

Fan Peng’s tone was not like a statement, but more like a farewell.

“Lu Benwei, you’re my brother. If I die, can you help me take care of my parents?”

Lu Benwei became more and more confused and felt uneasy. “You’re fine, why are you suddenly saying this?”

At this time, Chu Yan suddenly said, “Little Peng, why are you bleeding?”

Lu Benwei followed Chu Yan’s gaze and looked at Fan Peng’s stomach. In an instant, Lu Benwei’s pupils dilated and a chill swept through his body.

A huge gash appeared on Fan Peng's abdomen. Blood flowed like a river down his thigh and onto the ground.

"Why didn't you say so earlier?" Lu Benwei was shocked and angry.

Fan Peng chuckled. "It's because we've been captured. Plus, the Divine Child embryo is too important. I can't let those b*stards succeed because of me. I saw it just now. That group of people used a living person as a blood sacrifice for the Divine Child embryo. You can't let them go! Also, you'll encounter a scary-looking child on the road. You can't believe his nonsense!"

"Cough, cough..." Fan Peng coughed out blood, which made Lu Benwei's heart ache.

"Let me finish. That child is a monster. He's very powerful. He was the one who opened this big hole in my stomach! You must improve your strength and take revenge for me in the future!"

Fan Peng's tone was getting weaker and weaker, but he still did not forget to smile.

"Right, I forgot to mention that the God Welcoming Association is very respectful to that child-like monster. They call him Lord Oracle!"

Fan Peng suddenly sneered and said, "What divine messenger? In my opinion, it's just dog poop!"

At this moment, Lu Benwei really wanted to slap himself. One was that he had just shouted at the seriously injured Fan Peng.

Second, when he saw Fan Peng, he did not notice the wound on his abdomen. If he had been treated in time, the situation would have been very different.

"Rain!"

Lu Benwei gritted his teeth and activated his most powerful healing skill. The surging vitality gathered and condensed into raindrops that sprinkled down on the world.

Fan Peng had also recovered a bit of his vitality, and his strength, which had almost hit the bottom, finally stopped decreasing.

Lu Benwei then used a Minor Healing to increase Fan Peng's strength to half. Then, he simply bandaged Fan Peng's wound and placed him in the bronze temple.

With Zhang Minghua inside to take care of him, Fan Peng's life would be safe for a while.

Lu Benwei suddenly stood up, tilted his head, and said, "Chu Yan, I need to do something."

...

Chu Yan knew that Lu Benwei was going to take revenge. She could see the fire in his eyes!

...

On the other side, Hu Wu was constantly activating his skills to kill the monsters and the God Welcoming Association!

"Earth-shattering and Heaven-shaking!"

“Boom boom boom!”

The earth quaked and the mountains shook. Huge rocks shattered and shook in all directions!

“Die!”

Under Hu Wu’s control, every piece of debris was like a cannonball.

The monsters and the members of the God Welcoming Association in front of them were hit, and a wound instantly opened up on their bodies, blood pouring out like rain.

However, there were simply too many enemies, and at the same time, monsters were constantly coming to reinforce them.

“Damn it, even if I, Hu Wu, die here today, you won’t be able to leave this place!”

...

The mysterious golden-masked man of the God Welcoming Association, Ten Fingers, sneered. “Hu Wu, you’ll only end up in a tragic death!”

“Then open your eyes wide and see!”

“Don’t use the hidden dragon!”

Suddenly, the ground shook and the rocks in the cave moved crazily!

Chapter 387 The Furious Oracle

The earth and rocks gathered, forming a yellow dragon that was dozens of feet long. It flew in the sky.

It was lifelike, and its scales opened and closed as it breathed. Every time it breathed, it exuded a majestic aura.

Nine Fingers saw that Hu Wu had used his ultimate skill, and gritted his teeth.

“Hu Wu, you’ve forced me to do this!”

The next second, his remaining eye widened.

“Swish!”

He released his divine sense, and his powerful mental energy took form! As a gold-level, ten of them had the lowest combat power, but that did not mean they were not terrifying.

Ten Fingers was a psychic magician. His combat abilities might not be as good as an average magician, but once his level reached a certain level, he would be able to use his full strength.

He could then use his mental energy to turn it into a substantial attack! He released his powerful mental energy, and it immediately collapsed, sending debris and dust flying!

Hu Wu’s eyes shot out a ray of light, and with a strange roar, the dragon pounced toward Ten Fingers and the group of monsters!

The other party also used their own powerful skills, and all kinds of skills were dazzling!

“Boom!”

In the cave, it was as if an asteroid had hit the ground, sending flames everywhere! In a moment, lightning flashed and thunder rumbled, striking the ground. The charred color continued to spread.

Smoke and dust rose, covering the entire cave. At the same time, the intense collision between the two sides caused a huge earthquake.

...

“Boom, boom, boom!”

Thousands of miles away, in the west of Canglong City, the headquarters of the Dragon Operation!

“What’s going on? Is it an earthquake?” Luo Tianxing suddenly stood up and asked the person in charge of monitoring the situation.

“Reporting, Commander, a magnitude five earthquake has been detected in Area B of Canglong City!”

“A magnitude five earthquake? B zone? Last time I contacted Hu Wu, was their location in Area B?” Luo Tianxing asked, frowning.

“Yes, they are!” the soldier in charge of monitoring answered.

After receiving a reply, Luo Tianxing immediately took out a special walkie-talkie and dialed Hu Wu’s frequency.

“Hu Wu! Hu Wu!”

“Rustle...”

“Hu Wu, if you can hear me, please answer. How’s the situation over there?”

“Rustle...”

The call went through, but the only response he got was static sound.

“What exactly happened?” Luo Tianxing’s brows became even more serious as he muttered to himself in his chair.

“It’s nothing. I just cut open the stomach of your dear subordinate Hu Wu.”

An unfamiliar voice suddenly came from the other end of the walkie-talkie. It was a little immature, but also a little evil.

“Who are you?”

Luo Tianxing immediately stood up and lowered his voice.

“I’m an emissary of god,” the child-like monster said in a mocking tone. He pointed the walkie-talkie at Hu Wu’s face and sneered. “Come, Hu Wu, say hello to your superior!”

Hu Wu was coughing up blood. Previously, he had used his ultimate skill to oppress Ten Fingers and his men until they were almost dead.

However, in his daze, a black shadow flashed past and pierced his heart from behind.

“Pfft!”

A large amount of blood gushed out, and Hu Wu’s face turned pale. “I’m fine, Chief Commander...”

What he said was true. Hu Wu had already reached level 70. In addition, an earth shaker’s constitution was different from ordinary people at level 70. Even if his heart was pierced, there was still a possibility of survival even if he was saved. Of course, the premise was that he could be saved!

The child-like monster laughed coldly. “You’re fine? What about now?”

He flicked his wrist, and the wound on Hu Wu’s chest widened!

“Pfft!”

Bright red blood spurting out, and even Luo Tianxing could hear his cries.

“Stop!” Luo Tianxing roared!

“You want me to stop?” The child-like monster sneered and said, “Alright. The first option is to have the Heavenly Sea Army retreat. All of you must retreat thirty miles as well!”

“Do you think that’s possible?” Luo Tianxing smiled noncommittally. “If we retreat another thirty miles, the millions of civilians in Canglong City will all become your food!”

“Then it seems like Hu Wu isn’t that important?” The child-like monster sneered. After saying that, the child-like demonic beast crushed the walkie-talkie!

Luo Tianxing was stunned. He had not expected the other party to be so direct!

“What do we do now? Is Bureau Chief Hu giving up?” someone at the side asked.

Luo Tianxing was silent for a long time before he asked, “How’s the evacuation of the citizens in Canglong City? How’s the progress of breaking the level barrier?”

“Report, according to a conservative estimate, the evacuation of the citizens of Canglong City is almost complete. There are less than a million people now!”

“How many are they?” Luo Tianxing asked with a gloomy face.

“There’s still around 800,000!”

“What about the level barrier?”

“It’s estimated to take another two hours!”

...

Hearing this, Luo Tianxing’s brows furrowed. None of them could help Hu Wu delay time.

“Inform the ground forces to advance! Wait for my next order. Avenge Bureau Chief Hu!”

In the end, Luo Tianxing decided to give up on Hu Wu.

“We can only pray that Lu Benwei is fine and can break the seal.”

...

On the other side, underground.

The child-like monster laughed slyly. “Haha, your boss has given up on you. Don’t you feel pitiful?”

With a change of topic, his tone became lecherous. “How about this? Join the God Welcoming Association, and I can spare your life!”

Hu Wu sneered. “You want me to join the God Welcoming Association? What kind of dream are you talking about?!”

“Spit!”

Hu Wu spat on the monster’s face and laughed mockingly.

...

The monster was so angry that it laughed. “It’s just a struggle before death. Ten Fingers, go and feed him to the Divine Child!”

At the side, his hands were on the ground. When he heard that the oracle wanted to feed him to the Divine Child, he shivered.

“Reporting to Lord Oracle...” Ten Fingers stammered and did not dare to speak.

The child-like monster’s eyes widened. “I told you to go, quickly go! What are you doing?”

“Lord Oracle... The Divine Child embryo...” Ten Fingers was so scared that his entire body was trembling.

“Hahahaha!” Hu Wu laughed. “Lu Benwei already took the egg, right?!”

The Oracle was stunned, and his eyes widened in disbelief.

“Ten Fingers, is what he said true?”

“Yes...”

“Boom!”

A bolt of lightning streaked across the top of his head! The next second, the oracle strode to the front of Ten Fingers and kicked him on the shoulder.

“You lost the Divine Child embryo. I won’t forgive you even if I cut you into pieces!” the oracle said in a stern voice, his eyes seemed to be spewing fire!

After Ten Fingers rolled on the ground a few times, he quickly knelt on the ground and kowtowed like pounding garlic. “I know my mistake!”

The Oracle was even angrier, and he kicked Ten Finger’s shoulder again.

“What are you still standing there for? Hurry up look for it!”

Chapter 388 Monster Child

Only then did Ten Fingers come back to his senses and stood up, staggering.

“You guys, follow me!”

With that, a few people followed him.

At this time, Hu Wu was constantly laughing madly.

“I’m dying of laughter. Your god is gone!”

Hu Wu’s unbridled laughter once again provoked the oracle! The veins on the oracle’s face bulged as he pulled out a weapon with two sharp forks.

It was red and black, and there was a silver light at the tips of both ends. The dazzling patterns looked very extraordinary.

“If I can’t find the embryo, I’ll use you to vent my anger and make you my slave. You’ll be like a dog, lying down and kneeling when I tell you to!”

Hu Wu was about to retort when he suddenly saw a figure slowly approaching. At the same time, Ten Fingers and the rest also saw that person. They were both angry and frightened.

Lu Benwei slowly advanced and stepped on the Divine Child embryo. The Ancient Sword of Clarity in his hand flashed with a cold light!

“You’re Lu Benwei?” the oracle asked in surprise.

“I’m Lu Benwei from the God Slayer’s Club of Zhejiang Hunter University!” Lu Benwei replied.

“The God Slayer’s Club? What a big tone!”

A member of the God Welcoming Association was very dissatisfied, thinking that the name God Slayer’s Club was a disgrace to them.

The oracle glared at the man, causing him to shiver in fear.

“Lu Benwei, don’t get too excited. Let’s discuss this properly!”

The oracle smiled and stared at the embryo under Lu Benwei’s feet.

“I have nothing to say to you!” Lu Benwei said coldly, “There’s only one outcome, death!”

Seeing that they had shed all pretenses of cordiality, the oracle no longer hid anything. “If that’s the case, then there’s nothing more to say! You guys, go! Get the Divine Child embryo back!”

The monsters could no longer hold themselves back and pounced forward, each of them unleashing a fatal blow!

One of the monsters opened its mouth and spat out a black pearl while pouncing on Lu Benwei.

When the black pearl was flying in mid-air, it instantly exploded with considerable power!

This was a group of monsters that followed the oracle. Each of them was a bloody monster, and they vowed to crush Lu Benwei's bones into ashes!

"Pfft!"

Lu Benwei's wrist shook, and he swung the sword, breaking the void. Then he flicked forward and cut off the muscles and veins of a monster's neck. The head flew far away, and blood gushed out like a fountain!

Then, he stabbed forward, and the black pearl that had exploded turned into dust. All the power of the explosion was gone.

Lu Benwei then pushed the edge of the sword forward and nailed it between the eyebrows of the monster that had spat out the black pearl. Blood immediately gushed out and the body fell.

Following that, a dozen monsters following the oracle let out a strange howl and pounced forward. Some stretched out their huge claws and tore through the void, while others spat out black lightning beams. Their might was threatening, and they were going to take lives!

Lu Benwei flicked his sword, and the bright sword hummed.

"Boom!"

The Divine Sword of Destruction was activated! The destructive sword light was like a heavenly river that submerged the earth.

A dozen monsters were instantly reduced to ashes!

The oracle was furious. He opened his greenish-gray mouth and scolded coldly, "Are you all trash? You can't even deal with a little brat!"

As soon as he finished speaking, a few more monsters pounced forward.

"Pfft!"

One of the monsters was cut in half by Lu Benwei's sword, and blood splattered everywhere.

"Chi..."

At this time, the attacks of the monsters had not stopped, and they kept pouncing forward.

Lu Benwei turned to the side, and the Divine Child embryo under his feet followed his movements. He then took advantage of the situation and stabbed the monster in the chest.

As the Ancient Sword of Clarity swung, cracking sounds could be heard as bones and flesh flew in all directions.

"Slash!"

Lu Benwei swept his sword in all directions and cut another seven or eight monsters in half. Blood splattered everywhere, dyeing the ground red.

"Boom!"

After another attack, the head of a monster behind him was sent flying. Brain matter and blood mixed. The stench that came from it made Lu Benwei frown!

The monster's corpse fell straight down, with no possibility of standing up again.

"Ah!"

Another level-50 monster used its strongest attack, but it still could not block Lu Benwei's peerless blade.

Lu Benwei's wrist shook, and the sword drew a rainbow in the air. The power of the monster's attack was dispelled, and its head was chopped off. A long trail of blood splattered on the ground, and its head rolled in front of everyone present.

Ten Fingers and his subordinates' expressions changed. The monsters were also trembling, and the oracle's expression was frozen.

Lu Benwei was more like a monster than them. He killed one person every ten steps, and no one could stop him. What was more hateful was that the Divine Child embryo had been under Lu Benwei's feet from the beginning!

"It's your turn!" Lu Benwei said coldly. His voice was like a murderous roar that echoed in the cave, causing the temperature to drop.

"What big words!"

The oracle snorted coldly. His greenish-gray scales almost popped out. They were so densely packed that it made people feel terrified.

"I'm a messenger of the gods. You disturbed the birth of the Divine Child and trampled on his dignity. You must be killed!"

...

Lu benwei sneered, "God's messenger? Aren't you a servant of the three royal families? You're quite sad. You were born to serve a monster that's the same as you. It's funny!"

As soon as the two sides banter, Lu Benwei activated the Eye of Insight and saw the child-like monster's information.

Although he called himself the oracle, his name was Monster Child. His race was born to serve the three royal families of the monsters.

No matter which of the three great royal families, they would automatically serve the moment they were born, and then they would give up their lives for it!

"Audacious!" The Monster Child's face was gloomy. "It's my honor to be able to serve my god!"

Lu Benwei's lips curved up and he sneered. "You're indeed made for a dog!"

The Monster Child's anger intensified. His body expanded, and his scales were dense. He was extremely malevolent and terrifying!

Lu Benwei's fists moved quickly, and suddenly, starlights filled the entire cave as if it could collapse the world.

Myriad Light Fist, exploded! It was very powerful!

This was Lu Benwei's strongest attack. At this moment, his double origin level bloodline and four enhancement skills were all displayed to the extreme.

"I can't underestimate the Monster Child. His strength had already reached level 60 and above."

...

Lu Benwei had to attack with all his essence, qi, and spirit to fight!

On the other side, the Monster Child's battle qi was suffused, and a terrifying demonic light overflowed into the sky. With just a slight movement, he could collapse the cave!

Chapter 389 Death

The Monster Child finally made his move. In his hands, the two-pointed spears bloomed with silver light.

Suddenly, the demonic light burst out of the ground and countless silver lights fell on Lu Benwei.

"Boom!"

Lu Benwei's expression was cold as he raised his fists to meet the attack.

The sound of the fist was deafening like a tsunami crashing into the sea. Ten thousand layers of starlights filled the sky like a heavenly river, rolling and surging over, vast and bright.

The earth-shaking collision caused shockwaves to spread for tens of millions of miles.

Even Luo Tianxing and the others in the distance noticed this great collision! Everyone was stunned. Who were the two sides? Why was there an intense battle there?

However, in the end, it was the silver radiance that devoured all the starlights in the sky!

Lu Benwei activated the Holy Light Shield.

"Swish!"

The huge shield tore through the sky and protected Lu Benwei.

The silver light fell and finally dimmed.

"Hahaha!" The Monster Child laughed. "In the end, you're just a little kid. Your level hasn't even exceeded level 50. You want to be my opponent?"

Lu Benwei sneered and coldly said, "Let's see if I'll kill you or you'll kill me!"

After both were done talking, they started fighting again!

In the first round of confrontation earlier, it seemed that the Monster Child had defeated Lu Benwei with two moves.

However, it was not. Just now, Lu Benwei was only testing the Monster Child's strength and stalling some time for Chu Yan.

The Monster Child's level was above 60.

Lu Benwei activated his double origin bloodline and four enhancement skills, but he could only barely cope with the enemy. If he wanted to defeat the Monster Child, he would have to pay a huge price.

On the ground.

Ten Fingers escorted Hu Wu out of the cave. When he looked up, he immediately let out a maniacal laugh.

"Look! Lord Oracle beat Lu Benwei up so badly that he fled like a rat. I believe it won't be long before Lu Benwei becomes our prisoner. When the time comes, I'll be chopped up together with you. I'll offer my blood to the Divine Child, and I'll offer my flesh and blood to the emperor of god. My soul will fall into a cage and suffer endless torture for all eternity!"

"Is that so?" Hu Wu sneered. "You should protect your little life first."

He clenched his fingers and felt a chill down his spine.

"What did you just say? You've been tied up by me, and Lu Benwei has been beaten by the oracle. Do you think you can still resist?"

"Really?" Hu Wu sneered. "Have you forgotten someone?"

As soon as he finished speaking, a huge cauldron smashed down on Ten Fingers, followed by his shout.

"Have you all forgotten about me?"

Chu Yan stood with one foot on the corpse of a monster and her hands on her hips.

Behind her, the members of the God Welcoming Association were either dead or injured. Even the monsters that had come with the Monster Child had been completely wiped out!

...

In the sky, the Monster Child waved his two long spears and then fiercely slashed in Lu Benwei's direction.

In an instant, a ray of silver light burst out, sending out fluctuations like lightning and thunder. It was like a great river surging, shocking the entire world.

Lu Benwei did not know that Chu Yan had succeeded and continued to delay time.

"Holy Light Shield! Heavenly Light Shield!"

Two great defensive skills were used at the same time.

"Swish!"

The moment the silver radiance touched the first layer of defense, a powerful shockwave spread out in all directions.

However, the stalemate did not last long before the Holy Light Shield broke and the silver light quickly bombarded Lu Benwei. His shirt was torn and his muscles were bulging.

Facing the Monster Child's killer move, his expression was extremely cold, his eyes shooting out a cold white light.

"Kill!"

Lu Benwei rose and used his body to defend against the silver light.

"Boom!"

The moment the two sides collided, monstrous flames filled the sky and explosions rumbled.

In the distance, in the human base camp.

Luo Tianxing and the others saw this scene through the satellite and other detection vehicles. Their hearts thumped and their mouths were wide open.

"As expected of this year's champion of the National Class Tournament!"

"He's using a power that isn't even level 50 to fight a level-60 monster!"

The people in the base camp all exclaimed in admiration.

"After this war ends, we'll reward Lu Benwei!"

"That's right! This kid is a future star!"

"Your future achievements will be much higher than us old guys!"

...

Some people were surprised, while others were worried.

...

"But Lu Benwei is facing a level-60 monster. Will there be any accidents?"

As soon as he said that, dark clouds immediately shrouded everyone.

No one could guarantee that Lu Benwei would be able to walk out unscathed from the attack of the level-60 Monster Child.

After all, this kind of thing had never happened before!

"You guys, quickly look!"

"Lu Benwei is in danger!"

Suddenly, someone slammed the table and stood up, drawing everyone's attention to the big screen!

Everyone's eyes and mouths were wide open at the same time.

To be more precise, Lu Benwei was not in danger but he was in trouble!

Lu Benwei was floating in the sky above Canglong City. His eyes were dazed, and sweat kept dripping down. A huge wound appeared on Lu Benwei's body. It spread from his right shoulder all the way to his left thigh.

The Monster Child sneered and stomped his feet in the air, his body shooting out like a cannonball. In the blink of an eye, he was in front of Lu Benwei.

...

"Swish-"

He quickly flicked his hands, and the two sharp spears attacked like tongues of fire in a raging fire! Each attack was aimed at Lu Benwei's vital points.

Every time it swung, Lu Benwei's bones and flesh were torn apart, and blood poured down like heavy rain.

Everyone was shocked and thumped their chests.

"So cruel! Lu Benwei is still a child!"

Luo Tianxing was also furious. He slammed the table and stood up.

"Relay my orders. First line of defense, aim at Area B and fire!"

As soon as he finished speaking, someone immediately said, "Commander Luo, please wait a moment. Quickly look at the big screen."

...

Looking at the blood clots all over the sky, the Monster Child let out a strange laugh.

"Haha, this is the consequence of opposing the divine emperor! I won't even leave you an intact corpse!"

Then, he regained his calm and said, "Ten Fingers, collect Lu Benwei's flesh and blood and offer it to the Divine Child."

No one responded for a long time.

"Ten Fingers, where the hell have you been?" The Monster Child was angry.

"He's with me!" Chu Yan raised her head and jokingly said to the Monster Child.

"Again, another one seeking death!" The Monster Child sneered.

"Again?" Chu Yan crossed her arms and smiled noncommittally. "You haven't even defeated that person just now. Why did you say 'again'?"

"I didn't defeat him?"

The Monster Child was a little confused. He had just crushed Lu Benwei into pieces of blood. How could he not be defeated?

Chapter 390 Joint Attack

A gust of cold wind blew.

The Monster Child suddenly felt a chill down his spine. At the same time, a very strange sound came from behind him.

Instantly, the cold intent on the Monster Child's body became even colder. There was clearly nothing behind him.

All that was left was Lu Benwei's broken body.

Was it really like what that little girl said that Lu Benwei did not die? Doubting the outcome, the Monster Child slowly turned around.

It was also at this moment that he was stunned.

Lu Benwei's body, which had already been torn into pieces, did not fall. It was as if there was an invisible hand that held the pieces in mid-air.

Following that, the blood that had been scattered on the ground began to gather and congeal together, slowly rising into the air! In the end, they formed blood-colored threads that connected the countless blood clots, forming a human figure.

When the Monster Child saw this scene, he felt a chill run down his spine.

"Boom!"

A bolt of lightning suddenly fell from the sky and landed on Lu Benwei's blood. His body was reassembled, and he was resurrected again.

The moment Lu Benwei's face reappeared, the Monster Child shivered. All of this was beyond common sense and extremely unbelievable. A person who had been beaten into a blood clot could come back to life!

It was an ancient and modern divine art that had never been heard of before!

For a moment, the Monster Child was both shocked and frightened. At the same time, a greedy thought emerged in his heart. Such a divine technique to resurrect the dead! Obtaining it would greatly increase one's combat strength!

"What kind of divine art is this?" the Monster Child held two long Spears and interrogated Lu Benwei.

"A technique that can allow me to defeat you!" Lu Benwei replied jokingly.

The broken blood clots from before were glued together, and the gaps shone like stars, making him look holy and strange.

In fact, what he said was not false. The Nine Tribulations Regeneration Technique was Lu Benwei's trump card.

With it, Lu Benwei had the confidence to fight against the Monster Child.

“Teach me quickly. I may consider retreating!”

The Monster Child’s eyes emitted a green light, and there was only this kind of supreme technique in his eyes.

“Do you think that’s possible?” Lu Benwei asked coldly.

The Monster Child frowned and continued, “Then what conditions do you have for me to learn it? I can fulfill them!”

Even though the Monster Child was only an attendant in the monster clan, he served the royal family of the monsters, which could be said to be an influential figure in the monster clan.

It was not difficult for him to satisfy a human’s condition.

“I’ll take your life!” Lu Benwei replied coldly! “So many of our fellow countrymen have died in your hands. How can you and I decide with just one word?”

The two’s negotiation was unsuccessful, and the battle resumed.

Lu Benwei’s fists moved, and a star radiance rushed out! His powerful aura made people tremble. At this time, it was as if he could control the sun, moon, and stars!

The Monster Child also took action and stretched out his hand. Suddenly, the heavens and earth rumbled. A huge greenish-gray hand covered the sky and pressed down.

Thousands of star fist raindrops hit the big greenish-gray hand, and it instantly became silent. The five lights dimmed, like a black hole absorbing a galaxy.

It had to be said that there was still a gap in strength between the two sides.

Lu Benwei sighed. If only he could level up and reach level 50 soon, he would not need to fear the Monster Child at all.

“Annoying fellow, I’ll help you!”

Just as Lu Benwei was hesitating, Chu Yan joined the battle.

“Lightning Magic: Evil Flame!”

The purple lightning was like water, covering the sky. This was a terrifying apparition. A vast ocean of lightning was controlled by Chu Yan and blasted toward the Monster Child.

“Boom!”

The green-gray hand was drowned out, and the remaining power spread to the Monster Child.

The damage of the evil flame lightning to the monsters was increased by 100 percent again. Under the bright night sky, the Monster Child’s screams continued.

The waves of the sea of lightning scattered, and Monster Child looked extremely disheveled. His greenish-gray skin darkened, and his body twitched from time to time. There was also purple lightning flashing on his body from time to time.

The Monster Child was enraged. He swung his two-pointed spears, drawing out dozens of mysterious trajectories.

“Boom!”

Dozens of terrifying demonic lights appeared and pressed down on the sky. They continued to charge forward, shattering the void and were almost unstoppable!

The space was like a painting as it was ruthlessly torn apart by the overlapping beams of demonic light.

Lu Benwei and Chu Yan were calm. The two of them simultaneously activated the Mountain Sea Seal and pushed forward.

Two huge mountains occupied half of Area B and flew forward at the same time.

One person blocked and weakened the devil light. Under his cover, one person ruthlessly suppressed the Monster Child!

“Boom, boom, boom!”

The mountains crumbled and huge rocks rolled down. The Monster Child was hit ruthlessly, and he spat out a large mouthful of blood.

“Boom!”

Lu Benwei carried the mountain and heavily smashed the Monster Child’s body, like Sun Wukong being pressed under the Five Finger Mountain.

“Crack! Crack!”

This was the sound of the Monster Child’s bones breaking.

However, monsters had a strong life force, especially an extraordinary monster like the Monster Child.

...

“Crack, crack, crack!”

His shattered bones were constantly being repaired through the flow of time. At this moment, his mind had long been ignited by anger.

“You two must die today!”

After saying that, he opened his mouth and let out a shrill howl.

A beam of demonic light shot into the sky, its might even more majestic than before.

The demonic light rushed to the top of the sky, then turned into countless small demonic lights and fell in all directions.

In the end, it formed a large cage, trapping Lu Benwei and Chu Yan here.

The matter was far from over. The Monster Child brandished his two long spears!

“Hu-”

A strange Black Wind blew, crushing countless debris and buildings. Even steel was turned into powder.

“Demonic Wind Sweeps the Scattered Clouds!”

...

“Die!” The Monster Child roared and swung the two long spears, erupting with an unparalleled black gale!

As the sand and debris flew, each of them was like a bullet. As long as they were hit, they would penetrate the body and leave two bloody holes in the front and back!

Lu Benwei and Chu Yan looked at each other and then each used their strongest killing moves.

“Divine Sword of Destruction!”

Boundless destructive sword radiances collided, and the sun, moon, and stars lost their light. It was as if the end of the world had arrived.

“Elemental Storm: Bloom!”

The elements of various colors went berserk and slowly compressed and gathered. A powerful aura and destructive power fused, forming a monstrous force that broke through all obstacles.

“Boom, boom, boom!”

The demonic wind receded, and the cage dissipated.

All the spectators were stunned.

Lu Benwei and Chu Yan’s combined attack had reached the level of a level-70 master!

Moreover, they dared to conclude that there was no one in the world who dared to face the combined attack of the two!
