

## Dungeon 391

### Chapter 391 The Heavenly Sea Army

The surging destructive aura dissipated. The dazzling elemental storm also gradually dimmed.

The Monster Child revealed his figure. It was not as everyone had expected. At this moment, he could be described as miserable.

His body seemed to have been cut off, and his internal organs fell to the ground in pieces. However, his eyes were fiery red, and his expression was filled with unwillingness.

“I’m going to kill you! I’m going to kill you!”

!!

Ever since he had followed his master, he had never been in such a sorry state.

Lu Benwei’s expression was cold, without a trace of pity.

“Kill us? With your current strength?” Chu Yan shouted and quickly rushed forward, ready to end the Monster Child.

Suddenly, Lu Benwei grabbed her and activated the Heavenly Light Shield for the two of them before they went down.

“Someone’s coming!”

As soon as he finished speaking, a rumbling explosion occurred where Lu Benwei and Chu Yan had just been.

The flames soared into the sky, and the residual power swept away the clouds.

“Who’s there?!” Chu Yan shouted coldly as she dodged the attack.

In the sky, dozens of figures flashed by. They instantly passed by Monster Child, carrying half of his body as they fled into the distance.

This group of people was very fast. Lu Benwei could only vaguely see the leader wearing a golden mask.

“Nine Fingers?” Lu Benwei muttered to himself. He suddenly thought of something and then quickly ran to Hu Wu’s position.

As expected, Ten Fingers had disappeared!

Fortunately, Hu Wu was not seriously injured. He had only been knocked unconscious.

“What’s going on?” Chu Yan asked, blinking her bright eyes.

At this moment, a few black shadows flitted past the top of their heads, chasing in the direction where the God Welcoming Association and the Monster Child had fled.

Lu Benwei and Chu Yan looked up and immediately understood what was going on.

Those people were all wearing sea-blue battle amors, looking heroic and majestic, exuding an extraordinary aura from head to toe.

Lu Benwei was born and raised in the ocean province, so he immediately knew that the other party was a military hunter from the Heavenly Sea Army.

"It seems like the battle is over. The Heavenly Sea Army has filled up the gap. I'll leave the rest to the Law Enforcement Bureau or Chief Luo's army," Lu Benwei sighed in relief and said.

"Really? I haven't had enough yet." Chu Yan stretched.

Suddenly, Lu Benwei thought of something. With a star between his eyebrows, Fan Peng and Zhang Minghua came out of the ancient bronze Hall.

"Finally, a breath of fresh air!"

Zhang Minghua took deep breaths of the air outside.

Chu Yan smiled slyly and said, "I say, little fatty, this area is filled with corpses. Do you like the smell that much?"

The moment she said that, Zhang Minghua's face turned green. Then, he felt his stomach churning, and he almost vomited the rice he had last night.

Fan Peng's injuries were much better. He sat on the ground and suddenly asked, "I say, Lu Benwei, who's that horned man tied up in your bronze palace?"

Lu Benwei's face changed slightly. "You guys released him?"

Fan Peng was about to speak, but Zhang Minghua spoke first, "Hey, that grandson is a thief! At first, I saw him tied up and he looked strange. I knew he wasn't a good person at first glance. At first, I ignored him, but he kept blabbering. He said that if I let him go, he would promise me a yellow robe and a big meal."

As he spoke, Zhang Minghua's brows furrowed slightly as if the real Blood Monster was right in front of him.

"Then I thought about it carefully. Isn't he just asking me to run takeaways for him? Besides, I'm not short of money. I brush my teeth with milk in the morning, and I buy two Australian lobsters. I eat meat with one and place the other on the plate."

Lu Benwei and Chu Yan both laughed and scolded Zhang Minghua for being inhumane.

"I came in after that," Fan Peng said, "Zhang Minghua saw that I was seriously injured and made me a good meal to nourish my body."

"How do you cook in the bronze temple?" Lu Benwei and Chu Yan were shocked.

Zhang Minghua touched his nose. "You guys don't know about this. The last time I went to the secret realm with you guys, I ate dry food day and night. I've lost my appetite. Later on, I thought that when I enter the secret realm in the future, I don't want to suffer anymore. So, I spent a lot of money to build a

kitchen that can be hidden in the storage ring. Although it's a little small, it has a gas stove, a pot, a refrigerator, and everything else!"

Lu Benwei and Chu Yan were even more shocked. A set of kitchen utensils was not expensive, but if they were all specially made and could be stored in the storage space, it would be expensive.

"How much does one set cost?" Lu Benwei asked, thinking that if the price was acceptable, he would also buy one.

Zhang Minghua's answer immediately made Lu Benwei give up on this idea. With this money, would it be nice to buy ribs?

Zhang Minghua touched his mouth. There seemed to be some oil stains on it.

"After that, I got bored and started drinking with that monster. They can't hold their liquor. I've just rinsed my mouth, and they're already calling me brother."

Lu Benwei started to sweat. He wondered how Zhang Minghua would react if he knew that this was the future Monster King, the pride of the Blood Monster Clan.

"Oh right, Lu Benwei. When that monster was drunk, it kept scolding you."

"What did he scold me about?" Lu Benwei asked casually.

Fan Peng thought for a moment, then slowly said, "He said Lu Benwei is an idiot. Does he really think I don't know where the Blood Monster Clan is?"

Suddenly, Lu Benwei was stunned and his heart was in turmoil.

Chu Yan looked at Lu Benwei worriedly and gently said, "Annoying fellow, don't be in such a hurry..."

Fan Peng was also stunned. He hurriedly said, "Lu Benwei, I didn't say it. If I wanted to scold you, I wouldn't have said it in such a low-level language."

Then, Lu Benwei smiled and said, "It's fine, it's not your fault."

However, Chu Yan could not remain calm. She said softly, "Annoying fellow, you have to be careful. There might be a trap."

Lu Benwei smiled faintly and touched Chu Yan's head with his bony hand. "Don't worry, I know what I'm doing."

"Excuse me, are you Lu Benwei, Chu Yan, and their friends?"

...

A deep, magnetic voice came from behind them.

The four of them turned their heads at the same time.

It was a man with long blue hair and an extraordinary demeanor. He was not far behind them. He had an outstanding temperament and was elegant and easygoing. He smiled at Lu Benwei and the others, immediately feeling like a spring breeze.

“And you are...?”

Lu Benwei looked at his clothes and concluded that he was a member of the Heavenly Sea Army.

The man smiled and said, “I’m the Heavenly Sea Army Commander, Tang Wei.”

Chapter 392 Meeting an Old Friend Again

“Wow!”

After listening to Tang Wei’s self-introduction, Zhang Minghua’s eyes immediately became starry. As a native of Hai Province, he had heard of the Heavenly Sea Army’s legend since he was young.

Tang Wei was also the Heavenly Sea Army’s commander, so naturally, Zhang Minghua felt admiration for him.

“Are you really the Heavenly Sea Army’s commander?”

Zhang Minghua was as excited as a monkey on the mountain. He jumped back and forth in front of Tang Wei and rubbed his back.

“Wow, this ice-cold texture, it’s the heavenly sea battle armor without a doubt. And those rough hands. I wonder how many monsters have died under those hands.” Zhang Minghua muttered in surprise.

Fan Peng’s eye muscles twitched when he saw this. He pulled Zhang Minghua and said to Tang Wei, “I’m sorry, Commander Tang. My friend’s brain isn’t that good.”

“It doesn’t matter,” Tang Wei shrugged and said, “If your friend likes it, I can give him a set of the Heavenly Sea armor.”

The corners of his mouth curled up slightly, and he revealed a smile. “It’s just a shell. It doesn’t have any bonus effects when worn.”

Zhang Minghua suddenly shivered and stood up from the ground. He wanted to stick his face on Tang Wei’s body. “Really? Are you really going to give me the armor?”

“I’m just being polite!”

Fan Peng was so angry that he pulled Zhang Minghua away from Tang Wei.

“Commander Tang, please, you guys have a talk!” he said as he walked away.

After a while, only Tang Wei, Lu Benwei, and Chu Yan were left in the area.

Lu Benwei and Chu Yan greeted Tang Wei one by one and told him their names.

“There’s no need to introduce yourselves.” Tang Wei chuckled. “Since the day the National Class Tournament ended, almost all of the Dragon Kingdom’s armies have already known your names.”

Lu Benwei was slightly surprised. He did not expect his name to be so famous.

“Then, Commander Tang, why did you come to find us?”

Lu Benwei was still a bit puzzled. How could a commander find them for no reason?

Commander Tang took a look at the time and then said with a smile, "Time is of the essence, so I'll make it short. I'm here to transfer the Divine Child embryo."

Lu Benwei did not think much and immediately took out the Divine Child embryo from his storage ring.

With the help of Chu Yan's mysterious magic, the Divine Child embryo, which was originally the size of a small bungalow, was still the size of an ostrich egg.

Lu Benwei was about to hand it over, but at this time, Chu Yan reached out and coldly said, "Wait a moment. First, confirm your identity with us."

Lu Benwei also became suspicious. They had never reported the matter of the Divine Child embryo to Luo Tianxing. It was impossible for Tang Wei to know that it was in Lu Benwei's hands.

"Just to be safe, please confirm your identity with us first," Lu Benwei took two or three steps back and said cautiously.

"There's no need. I've already reported the news of the Divine Child embryo to Commander Luo when you guys were fighting with Monster Child."

Behind the two of them, Hu Wu walked over, step by step.

"Bureau Chief Hu!" Lu Benwei exclaimed and immediately went up.

Hu Wu's injuries were very serious. If it were not for his high level, he would have been separated from Lu Benwei long ago.

"You brat, you only thought of me now?" Hu Wu scolded with a smile.

"But since you and Chu Yan have seriously injured the Monster Child and defeated the Welcoming God Association, I will not argue with you."

Lu Benwei touched his nose and smiled. Then, he cast a Minor Healing on Hu Wu to ease his injuries.

"Old Hu, what happened to you? Why are you so seriously injured?" Tang Wei walked closer and said resentfully when he saw Hu Wu's injuries.

Hu Wu fiercely rolled his eyes at him and bit the bullet, saying, "Isn't it all because of that Monster Child's treachery and sneaky sneak attack? Otherwise, why would I be in such a sorry state?"

"Is that so? Don't tell me you're saying that because you're not strong enough and got beaten up by him?" Tang Wei asked in a strange tone.

Seeing that the two of them had known each other for many years, Lu Benwei and Chu Yan dispelled their doubts.

"I'm sorry, Commander Tang. I was a little suspicious just now and offended you." Lu Benwei scratched his head and apologized to Tang Wei.

"It's fine. It's normal to be a bit cautious now that there are so many things going on." Tang Wei chuckled.

Then, he sighed heavily again.

“However, we’ve managed to repel the monsters this time. When will the next attack be? How much more can we humans pay?”

When Hu Wu heard this, he also sighed.

“That’s right. Who knows how many of our compatriots have died under the claws and fangs of the monsters? And it has only been a month since Li City was attacked.”

A wave of desolation spread out from the two of them.

Looking from afar, more than half of Canglong City had been reduced to ruins. Human corpses were like half-torn cloth, casually thrown in a corner.

The north wind whistled and rustled, and it was unknown how long it would take for the prosperity of the past to be restored.

Lu Benwei clenched his fists and suddenly said in a deep voice, “Seniors, please rest assured! In less than 20 years, I’ll definitely drive the monsters out of the Dragon Kingdom!”

The two seniors were stunned for a moment, and then they suddenly laughed. “Alright, if that day comes, even if we’re old and our teeth fall out, we’ll still go to your celebration with a walking stick!”

The four of them looked determined.

In this era, geniuses coexisted. Lu Benwei was not the only one who provided them with hope. Perhaps it would not be long before Lu Benwei’s goal could be achieved.

The four of them chatted for a while before Luo Tianxing suddenly contacted Hu Wu. First, he made sure that the Divine Child embryo was safe.

Then, he praised Lu Benwei and Chu Yan.

“Lu Benwei, Chu Yan,” Luo Tianxing suddenly said, “To express my gratitude, I have obtained the approval of the head of Canglong City and decided to give you the following rewards.”

Lu Benwei and Chu Yan suddenly became interested and listened carefully.

“Do you still remember when I told you to go to the center of the city and open the sealing array?” Luo Tianxing asked.

...

“I remember.” Lu Benwei and Chu Yan nodded.

“That sealing formation is suppressing a powerful war monster!” Luo Tianxing said, “Normally, the war monster will create a secret realm in the seal, for the excellent students from Canglong City to practice. We want you to open his seal because we hope that it can help us in this battle.

“But now that the monsters have retreated, we don’t need its help anymore. I suggest that you, the young men who are fighting against the monsters, enter this secret realm where the monsters evolve and undergo a trial. It will be of great help to you.”

Chapter 393 Meeting an Old Friend Again

Lu Benwei only had two questions. However, just as he was about to speak, there was a loud noise from the other end of the walkie-talkie.

Very quickly, it drowned out Luo Tianxing's voice. It was the aftermath of the disaster, and Luo Tianxing still had post-battle missions to deal with, so he was quite busy.

Lu Benwei shrugged his shoulders.

"So, do you want to rest for a while, or do you want to go now?" Lu Benwei asked.

!!

Chu Yan thought for a while and said, "Go now."

Although the two of them had experienced a great battle, they had not suffered any substantial injuries. Moreover, Lu Benwei also had the Nine Tribulations Regeneration Technique. In terms of physical strength, the two of them could completely pass a secret realm trial.

Lu Benwei and Chu Yan looked at each other and said goodbye to Hu Wu and Tang Wei.

...

The two walked for about an hour and finally arrived at Canglong City's area A. According to the map, the sealing circle was located in the center of area A.

The problem was that the buildings in area A had all been reduced to ruins by a group of monsters. Without a landmark building, Lu Benwei and Chu Yan could not distinguish their direction and location.

"Hey, Lu Benwei, Chu Yan!"

Just as the two of them were at their wits' end, they heard Li Tiancheng's voice.

As soon as the two of them turned around, they saw Li Tiancheng waving at them and running over.

"Lu Benwei, Chu Yan, were you also invited to participate in the secret realm trial?"

"Yes, we are!" Lu Benwei did not even think and directly answered.

Li Tiancheng smiled faintly. "Looking at you, you must be lost. Follow me!"

Then, he walked in front and led the way for the two.

Lu Benwei and Chu Yan looked at each other awkwardly and then followed Li Tiancheng to Central Park.

On the way, Li Tiancheng said, "Actually, if it wasn't for one of your friends, I wouldn't have been able to find the way to Central Park."

"A friend of ours?" Their hearts skipped a beat. Who else could it be other than Fan Peng and Zhang Minghua?

Li Tiancheng smiled and said, "You'll know when you get there."

Then, under Li Tiancheng's lead, the three of them made a few turns in the ruins. After crossing a ruined building that was as tall as a mountain, they saw the central garden.

Lu Benwei was stunned. There were corridors, pavilions, rockeries, and flowing water.

A dense aura lingered between the green bricks and black tiles, making one's heart and mind happy. The muscle soreness and pain after the tragic battle shook life and death.

After taking a deep breath of the fresh air, Lu Benwei's limbs felt like they had been reborn. What made him feel like a dream was that the outside was full of broken walls and here was a fairyland, with pavilions and pagodas embellished between the pine trees. It was a pleasant scene.

"The pavilions, rockery, and even the placement of some trees here are all so strange."

Chu Yan suddenly blinked her long eyelashes and her lively eyes kept wandering around Central Park.

Lu Benwei heard Chu Yan's exclamation and his eyes began to move back and forth.

As expected!

The arrangement of man-made objects here required a lot of knowledge. For example, the pavilion and pond in the distance.

The pond was divided into seven pools, and their positions were just like the Big Dipper. The position of the "spoon" was the pavilion that represented Polaris.

Further away, there was a group of rockeries that was arranged in a picturesque disorder. Each rockery was like a star in the sky, just like the constellation of the big bear.

As for the planting of the trees and grass in the park, it was a bit mysterious. Without studying it, it was impossible to figure out the reason.

"Could it be that the layout of this place is related to the secret realm?" Lu Benwei unconsciously asked.

Li Tiancheng shook his head with a bitter smile, indicating that he did not understand what they were talking about.

Lu Benwei swallowed and said, "Tiancheng, if you're not in a hurry, would you be willing to wait for us here for a while?"

Li Tiancheng waved his hand and said, "It doesn't matter. I can wait for you."

Lu Benwei and Chu Yan expressed their gratitude and prepared to study the star map here.

Just as the two of them were about to go all out, they suddenly saw a person in front of the fountain in the middle.

The other party also saw Lu Benwei and Chu Yan.

"Zining?"

"Yanyan?"

Lu Benwei was also surprised to see Wang Zining here. Chu Yan did not say anything and ran straight to Wang Zining.

Lu Benwei had no choice but to follow Chu Yan's pace. He wanted to study the special features of Central Park.

"The friend I'm talking about is Wang Zining," Li Tiancheng said with a smile.

As soon as the two girls met, they opened their arms and hugged each other for a long time, like old friends who had not seen each other for many years. In fact, it had only been two months since they last met.

"Yanyan, why didn't you tell me you were coming to Hai Province?" Wang Zining released Chu Yan and asked. Then, she suddenly froze and glared at Lu Benwei.

"Lu Benwei, do you live in Hai Province?"

Lu Benwei subconsciously nodded, and suddenly a chill swept through his body. The chill came from none other than Wang Zining.

"Speak, did you abduct Chu Yan here?"

Lu Benwei shivered and said, "Wang Zining, don't talk nonsense. My family invited Chu Yan to Hai Province with sincerity."

"You guys, your whole family?" Wang Zining's face turned even darker than the bottom of a pot, and she said coldly.

Lu Benwei immediately covered his mouth, realizing that he had said something wrong.

"Yanyan, did you really go to his house and meet his parents?"

...

Chu Yan nodded, not denying it. Seeing this, Wang Zining took Chu Yan's hand and walked in a certain direction.

"Zining, what are you doing?"

"Go to the toilet. I need to check your body!"

"Why are you checking my body?"

"Of course, it's to see if you've done that thing with this beast!"

Wang Zining was a little angry, and her voice unconsciously rose a few pitches.

Chu Yan was stunned, and her face quickly turned red.

Lu Benwei hurriedly waved his hand and shook his head like a rattle. "I didn't! Don't talk nonsense!"

After three consecutive rejections, his desire to live was directly aroused.

Li Tiancheng turned his head to the side and said faintly, "I didn't hear anything just now."

At this time, Wang Zining also realized that she had lost her composure, so she whispered, "Yanyan, just tell me quietly, have you two done it yet?"

...

Chu Yan pouted and blushed. "I'd like to do that with him."

Wang Zining did not hear it clearly and repeated, "What did you just say?"

Chu Yan's face turned even redder and even a little hot. "No, I'm just a guest at that annoying fellow's house!"

Chapter 394 Lan Luhu

After hearing Chu Yan's explanation, Wang Zining finally gave up. Then, she took Chu Yan's hand and walked to Lu Benwei.

"Here, it's your Chu Yan!" Wang Zining said fiercely.

Lu Benwei was stunned and pulled Chu Yan from Wang Zining's hand to his side.

"Chu Yan saved your life, you can't do anything bad to her," Wang Zining added.

"I know, I know." Lu Benwei nodded.

The four of them seemed to have forgotten the purpose of their visit, and after exchanging pleasantries for a long time, they finally remembered their purpose.

"By the way, how do we enter the secret realm?" Lu Benwei was the first to get the topic back on track.

"According to Chief of Staff Luo," Wang Zining said, "We have to wait here for the park manager."

"Ah, there might still be people in the park now?" Chu Yan blinked and asked.

"Maybe he went to take refuge."

At this moment, Li Tiancheng rubbed his chin and said, "I've heard of the legend of the secret realm in the center of Canglong City. The entrance seems to be this fountain."

The remaining three people heard this and looked at the fountain behind them. The spring water gurgled and gushed out with clear water.

Lu Benwei observed it and found that the fountain was no different from an ordinary fountain, except it was bigger.

"It doesn't look like the entrance to a secret realm." Chu Yan frowned and concluded.

Lu Benwei did not believe it and walked to the end of the pond. He was stunned.

At the bottom of the pond, there were two carps, one black and one white. The two small fish each occupied half of the space at the bottom of the pool, and neither of them disturbed the other.

Lu Benwei first thought of the yin and yang fish in the tai chi eight trigrams.

"Could it be that the secret realm of trials is related to the power of darkness and the power of light?"

If that was the case, then it would be of great help to him in increasing his strength. He might even be able to use this to break through level 50.

Just as everyone was studying the mysteries of the secret realm's entrance, an arrogant voice suddenly rang out.

"Is this the entrance to the secret realm?"

"Didn't we agree on one or two people? Why did it become three or four people?"

"If I had known, I wouldn't have come."

Along with this arrogant voice came a clear and beautiful but sharp and mean voice.

"Brother Lan Luhu, it's one of the best secret realms in Hai Province. It's as good as the lowest-level secret realms in Shanghai. Look at these four people. It's as if they've never seen a secret realm. Today, let's experience the secret realm of the common people!"

The four of them turned around.

A gentle-looking girl from a wealthy family pulled on the arm of a strong man and said sarcastically.

"Is that so?"

The boy named Lan Luhu gave the four of them a flirtatious glance and said sarcastically, "A bunch of dogs!"

The four people's expressions changed when they heard this. At the same time, Chu Yan and Wang Zining looked down at their own clothes. After the battle, their clothes were a little dirty, but they were not unkempt.

It was well known that girls loved beauty. After being repeatedly humiliated by a person as a local dog, the two women were very angry. They rolled up their sleeves and wanted to find this man and woman to give an explanation!

Seeing this, the gentle and pleasant lady's lips curled up and her eyebrows twitched. She continued to mock. "What's wrong? You want to fight? Don't you know who we are?"

Wang Zining was even angrier. "I don't care who you are. You insulted us today, so you must apologize to us!"

Lan Luhu rolled his eyes, waved his hand, and said, "Alright, alright. I'm sorry. I shouldn't have called you dogs."

Even though he had apologized, Wang Zining was still very upset. The other party's apology sounded insincere.

Seeing that Wang Zining would not give up, the lady snorted coldly and said sarcastically, "You're really a dog. Aren't we telling the truth? Why are you so anxious?"

After a pause, her eyes suddenly widened and she said in disbelief, "Don't tell me you want us to compensate you?"

Lu Benwei and the others were stunned. For a moment, they did not know how to describe this couple. They could only silently describe them as being possessed by an actor.

“That’s good,” Lan Luhu laughed out loud and said, “I’ll give you some money to change your clothes. You can dress up. The two of you are so pretty, but you’re dressed too uncouth.”

After he said that, he took out a stack of paper money from his pocket and threw it on the ground.

Chu Yan and Wang Zining’s hearts were burning with anger, and their faces were full of killing intent.

At this moment, Lu Benwei stopped the two girls and slowly stepped forward. He said to Lan Luhu, “We’ve been standing here all this time and didn’t do anything out of the ordinary. If we have offended you, please forgive us.”

Lu Benwei retreated to advance and instantly occupied the moral high ground.

Lan Luhu lost his voice and did not know what to say. A trace of displeasure flashed across the face of the young lady from a noble family. She opened and closed her mouth, but in the end, she closed it.

“Who are you? Did you also receive an invitation to participate in the secret realm trial?” Lan Luhu said.

“Of course, we all did,” Lu Benwei said.

Lan Luhu was stunned for a moment, then he looked at Lu Benwei from head to toe with suspicion. The young lady from a wealthy family was the same. She looked at Lu Benwei and the others with the same gaze as Lan Luhu.

“My name is Hu Taotao. In this crisis, I assisted the people in Canglong City’s E and D districts in the evacuation.”

“My name is Lan Luhu, just like Taotao.”

The two of them said proudly as if they were the only ones who had contributed the most.

Lu Benwei smiled and said, “My name is Lu Benwei. I made a small contribution in this battle.”

The two of them believed him and sneered at the same time.

Lan Luhu suddenly said in a commanding tone, “Since we’re all going to the secret realm trial together, you guys should introduce yourselves.”

Li Tiancheng was quite an easygoing man. He just laughed at what Lan Luhu had done.

...

“I’m Li Tiancheng, a swordsman.”

The moment he finished speaking, Hu Taotao’s sharp and unkind voice was heard.

“I asked you to introduce yourself, why did you reveal your class? Those who don’t know would think that you graduated in secret.”

Li Tiancheng frowned slightly and said with a bitter smile, “What’s wrong? Don’t we all introduce our class before entering the secret realm so that it’s easier for our teammates to cooperate?”

“Who wants to cooperate with you?” Taotao said sarcastically, “It’s fine as long as you guys don’t drag Luhu down.”

Lu Benwei frowned and asked, "Luhu, may I ask what your class is?"

Taotao raised her head and looked at Lu Benwei with disdain.

"Lan Hulu's class is...Monster Warrior!"

Chapter 395 The Strange Old Man

Beast warriors, a mutated class of warriors. During combat, it could be used to fight by mutating into a specific animal. This phenomenon was based on the mutation of the genes.

Its combat ability was determined by the species of the animal.

For example, if one's mutated gene was a turtle or a fly, one could only become a turtle or a fly. However, would the turtle warriors and the fly warriors have high combat power? The answer was no!

Judging from Lan Luhu's arrogant look, Lu Benwei could guess what kind of animal he would shapeshift into.

Lu Benwei grinned and pretended to compliment, "Such a powerful class. I hope I can benefit from your glory in the secret realm."

As he spoke, he extended his right hand.

"Hello, my name is Lu Benwei, I'm a magician."

Hearing Lu Benwei's self-introduction, Lan Luhu was stunned for a moment, and then his expression changed from confusion to mockery.

"Magician? How did you, a magician, help to repel the monsters?"

Hu Taotao put on a disgusted expression. "Eh, why am I on the same team as the magician, participating in the secret realm trial together?"

After saying that, she pulled Lan Luhu away from Lu Benwei with a frightened look.

"Luhu, he's trying to get close to you so that he can get your help in the secret realm trial. It's fine if he's of any other class, but he's a useless magician. Don't bother with such a person."

Lu Benwei's heart was calm and he even wanted to laugh. He tilted his head and said to Chu Yan and Wang Zining, "That's good too, so they won't have any trouble with us."

Chu Yan and Wang Zining rolled their eyes and said, "Tsk, some people's hot faces can't get the cold butt of others, so they're starting to find excuses for themselves."

Lu Benwei knew that the two women were teasing him and smiled awkwardly.

After a short while, an old man with a nearly 90-degree hunchback slowly entered everyone's sight with a walking stick. He had a head full of white hair, and his muscles were loose. He was close to death.

"Oh, this old man is so lucky," Lan Luhu said jokingly all of a sudden, "He's even slower than a turtle. He didn't get hurt at all during this monster invasion. What is this called? This is called 'if you don't die in a great disaster, you'll have good fortune.'"

Lu Benwei and Chu Yan looked at each other.

The next second, Lu Benwei ran to the old man and asked softly, "Grandpa, where are you going?"

The old man did not respond.

"Grandpa, where are you going?" Lu Benwei had to raise his voice.

However, the old man raised his head and glared at Lu Benwei.

"Cough, cough!" The old man coughed a few times and said in a hoarse voice, "You're disturbing me!"

After saying that, he pointed to his ear.

Lu Benwei did not know whether to laugh or cry and said in a low voice, "Grandpa, where are you going? Maybe I can carry you there."

The old man mumbled and then knocked the ground in front of him with his walking stick.

Lu Benwei immediately understood his meaning and ran to the old man. With his back facing him, he squatted.

"Lower!" the old man said sternly.

Although Lu Benwei was helpless, he still lowered his body.

"Let's go to the fountain!" the old man ordered coldly.

Lu Benwei nodded and got up with the old man on his back.

"Boom!"

Lu Benwei suddenly squatted. To be precise, he did not squat but was pressed down.

At this moment, Lu Benwei only felt like he was carrying the universe on his back!

If he had not reacted in time and exerted force on his waist, he and the old man would have fallen backward.

"What are you doing? You can't even carry an old man like me?" the old man coldly shouted.

In the distance, Chu Yan saw and heard the old man's actions. She stood up for Lu Benwei, "What kind of person is this old man? He's bullying the annoying fellow for having a good temper!"

Lu Benwei stood up with difficulty and took a step forward with all his strength.

"Hurry up, I'm in a hurry!"

The old man was very unreasonable as he hit Lu Benwei's butt with his walking stick.

Lu Benwei gritted his teeth and took two or three steps forward with difficulty. After a few steps, Lu Benwei's hair was soaked in sweat.

Chu Yan saw this and was so angry that her gums itched. "No, I can't take it anymore. I'm going to get that annoying fellow to come back and take care of that stinky old man!"

“Yanyan!” Wang Zining called out to Chu Yan.

“Don’t go. Do you think Lu Benwei can’t carry that old man with his strength?”

Chu Yan suddenly realized how extraordinary the old man was.

“I think this old man is the overseer of this secret realm trial,” Li Tiancheng said, “He probably wanted to test Lu Benwei on a whim?”

At this time, a burst of unpleasant mocking laughter came over.

Hu Taotao laughed mockingly. “Look at that magician. He can’t even carry an old man!”

“A magician is a magician, a piece of trash!” Lan Luhu joined in and taunted.

Lu Benwei had already arrived in front of the two of them, and his teasing laughter continued to enter his ears.

“That Wei or something, do you need my help?” Lan Luhu said with a sneer.

“No... No need,” Lu Benwei said with difficulty.

“Oh, really?”

Lan Luhu’s expression changed. He picked up a palm-sized rock from the ground behind him. He closed one eye and aimed at Lu Benwei’s feet.

...

“Swish-”

The palm-sized stone accurately fell to Lu Benwei’s feet. At this time, Lu Benwei’s eyes were wet with sweat and blurred. A palm-sized rock was completely unnoticeable.

“Be careful!” Chu Yan shouted coldly.

However, it was too late. Lu Benwei accurately stepped on the stone. The balance that he had tried so hard to maintain was broken, and he staggered to the left.

In addition, the old man on his back was as heavy as a planet, so Lu Benwei sprained his foot.

Chu Yan rushed over.

“Annoying fellow, are you alright?” she asked hastily.

“I’m fine. It’s nothing.” Lu Benwei shook his head.

Then, Chu Yan glared at Lan Luhu and said, “What are you doing? You think that’s interesting, don’t you?”

Lan Luhu put on an innocent face and said, “What are you talking about? I don’t understand.”

Chu Yan’s face turned cold. “People like you will only be honest after you have suffered!”

...

“You want a fight?” Lan Luhu gave a noncommittal smile and said, “I’m all for it!

In an instant, his body expanded rapidly! At the same time, yellow and black striped hair grew on his body, and the word ‘king’ was faintly visible on his forehead.

“Beast Warrior: Ferocious Tiger!”

Chu Yan’s lips curled into a cold smile as she looked at him sarcastically.

“Elements...”

“Stop!”

Chu Yan was about to release her most powerful killing move when she was interrupted by a sudden sound that sounded like an ancient bell.

Chapter 396 Comments

The sound was like an ancient bell that shook Chu Yan’s soul.

In all four directions, the elemental powers of various colors that were about to go berserk suddenly returned to calmness.

Lan Luhu was the same. The signs of transforming into a tiger were also gradually declining, and he returned to a normal person.

Both were surprised, especially Lan Luhu, who asked sternly, “Old man, what are you doing? I’m just sparring with someone. What does it have to do with you?”

The old man did not respond and just looked up at Lu Benwei. After a long time, he let out a heavy sigh.

“I’m so disappointed. I thought someone would pass my test.”

Lu Benwei and the others all had strange expressions on their faces. They all knew what the old man’s test was. It seemed like they only needed to carry him and walk a distance.

However, even the strongest of them, Lu Benwei, could not pass the test, let alone the rest of them?

Chu Yan pointed at Lan Luhu and defended Lu Benwei. “They’re deliberately causing trouble! Lu Benwei was already at the finish line!”

The old man coldly glanced at Chu Yan. “Really? Why didn’t I know?”

Chu Yan was so angry that she puffed up her cheeks. She took a few big steps and picked up the palm-sized stone.

“Look, it’s this rock. They threw it. Otherwise, this annoying fellow would’ve already completed your so-called test. Besides, they kept calling you ‘old man’. Are you not teaching them a lesson?”

Hu Taotao and Lan Luhu’s faces flickered with a strange look. At this moment, they could all tell the identity of the old man.

Just now, Lan Luhu had spoken rudely to the old man. He would surely be severely punished.

The old man just glanced at the stone and then looked at Lu Benwei with contempt. "Even this stone can trip you. What are your eyes for? My old bones are about to fall apart because of you."

Then, he looked at Chu Yan, then at Hu Taotao and Lan Luhu.

"As for what you said, these two people are rude to me, Chu Yan. I didn't know about it!"

Chu Yan was dumbfounded. She almost thought that the old man was related to Hu Taotao and Lan Luhu.

As for Hu Taotao and Lan Luhu, they let out a long sigh of relief and looked at Chu Yan with ridicule.

Lu Benwei awkwardly grinned and said, "I'm sorry, old man. I'm not capable enough."

"Hmph!" The old man snorted and turned his head away.

Chu Yan could not help but feel anger well up in her heart. She clenched her fists and said, "It's not your fault, you don't have to apologize to this old man! Today, I'll make him give you an explanation!"

After saying this, Chu Yan rolled up her sleeves and stepped forward aggressively, ready to fight.

"You're the people who came to participate in the starry sky path secret realm trial, right?" The old man cleared his throat.

As soon as he said this, Chu Yan was directly ignored. Chu Yan's mood at this time was like a fist hitting cotton, and she had no way to vent her energy.

"Yes!" Lu Benwei and the others replied.

'So, this secret realm trial is called the starry sky path,' After Lu Benwei answered, he thought to himself.

The old man knocked on the concrete floor with his walking stick and motioned for them to line up.

Hu Taotao and Lan Luhu were on the far left, followed by Li Tiancheng, Wang Zining, Chu Yan, and Lu Benwei.

The old man's gaze began to focus on the few of them. The first one was Hu Taotao.

"Level 48, thorn assassin. Not a bad class," the old man commented.

Hu Tao smiled proudly and glanced at Lu Benwei and the others with contempt.

The next one was Lan Luhu. The old man raised his head and looked at Lan Luhu from head to toe.

"Beast warrior, second-stage class change absorbed the berserker wind tiger. That's the king of tiger-type beasts!"

The old man's words were a compliment to Lan Luhu.

Lan Luhu raised his nose, then bowed and cupped his hands. "Many thanks for senior's praise."

As soon as he finished speaking, Lan Luhu looked at Lu Benwei and the others with a teasing look.

It was Li Tiancheng's turn! At first glance, the old man let out a heavy sigh!

“Do you know what the nature of the unparalleled swordsman’s desire to be strong is?” The old man’s voice was extremely stern.

Li Tiancheng was stunned for a moment, then he shook his head and said, “I don’t know,”

“It’s independence!”

The old man’s tone was still very stern!

“It’s the unique one who is unparalleled in the world! It’s a unique skill that leads the pack! If you want to master all your skills, you won’t be able to achieve anything great!”

The old man’s ruthless words suppressed Li Tiancheng.

It was Wang Zining’s turn. The old man ruthlessly pointed out her flaw again.

“It’s not good to only leave a path for you by walking the path of your predecessors! I’ve lived my entire life in the shadow of my predecessors.”

Wang Zining was stunned for a moment, then she cupped her hands in thanks.

Meanwhile, Hu Taotao and Lan Luhu were extremely pleased with themselves. They were the only ones who had received the old man’s praise.

The old man continued to walk forward until he was in front of Chu Yan.

“Hmph!”

Chu Yan snorted and turned her head away. The old man sighed as if he did not see it. His voice did not sound disappointed or resentful. On the contrary, it sounded rather pitiful.

“You have the same issue as your friend, but you’re a little different. You want to step out of the path that your family has set for you, but you’re lost. You want to find your own path.”

He raised his hand as if he wanted to stroke Chu Yan’s hair. However, after some thought, the old man lowered his hand and continued, “You’ve found it too, but you’re not sure if this is the path you’re going to take.”

After a pause, the old man said in a low voice, “Child, don’t worry and just step on it. Don’t look back.”

...

The old man looked at Lu Benwei. After another sigh, the old man returned to his original position with the help of his walking stick.

Lu Benwei and the others felt a bit strange. Why did it change so much when it came to Lu Benwei?

“That’s simple.” Lan Luhu sneered. “He’s just a magician. What’s there to talk about?”

After a pause, he looked at the old man. “Senior, in my opinion, don’t let this magician enter the secret realm. It’s troublesome. We still have to take care of his safety!”

The old man shook his head and said, “That’s wrong. Since you have done something for Canglong City and saved the people of the city, you naturally have the right to enter the secret realm.”

Lan Luhu snorted, rolled his eyes, and turned away.

The old man cleared his throat and said, "All right, children, come with me to the boat."

After saying that, he took out a sailboat, which looked very delicate.

"It's so small. How are we supposed to get on it?" Hu Taotao asked in surprise.

As soon as she finished speaking, the old man lowered the sailboat to the bottom of the fountain. It was also at this moment that the yin and yang fish at the bottom of the pool became bigger.

...

Chapter 397 Stepping Into the Starry Sky Secret Realm

The yin and yang fish continued to grow, and finally, they filled half the pond.

The bottom of the pool had also completely turned into a yin and yang eight trigrams diagram.

The sailboat continued to swim in the pond, growing larger and larger.

Then, a beam of light shot up to the sky, reaching the clouds and connecting heaven and earth.

!!

Everyone was stunned. They raised their heads but could not see the source of the light pillar.

"Board the boat!"

The old man threw down his walking stick and jumped onto the deck.

Lan Luhu followed him closely, followed by Hu Taotao. Lu Benwei and the others also jumped onto the boat.

The sailboat was huge and had all the essentials. In addition to the kitchen, warehouse, power room, and watchtower needed for the voyage, there were also five lounges.

Three of the rooms were the most luxurious, while the other two only had a table and a single bed. One of the most luxurious rooms would definitely be reserved for the old man.

As for the ownership of the remaining four rooms, there was a dispute.

Lan Luhu rolled his eyes, then whispered something into Taotao's ear. The two of them immediately smiled slyly and occupied two rooms.

"I snore when I sleep. I'll sleep in my own room and won't disturb you guys," Lan Luhu said.

Hu Taotao also said, "I'm a light sleeper. I can't be disturbed. So, I'll just sleep in one room."

Chu Yan was surprisingly not angry at the two's overbearing behavior. She even turned a deaf ear to their words.

"Zining, it's been a long time since we've squeezed under the same blanket. Let's have a good chat tonight."

“Alright!”

Li Tiancheng shrugged. “Lu Benwei, my sleeping posture isn’t very good. Do you mind?” he asked.

“Your sleeping posture is definitely not as good as mine!” Lu Benwei smiled.

The four of them completely treated them like air.

Lan Luhu and Hu Taotao felt a sense of defeat.

“Two big men sleeping together, how disgusting!” In the end, Hu Taotao could only roll her eyes and speak in an enigmatic tone.

At this time, the old man suddenly gave a command.

“Lu Benwei, put down the sail. Li Tiancheng, go and take charge of the helm. Chu Yan, Wang Zining, go to the power room and control the oars!”

Apart from Hu Taotao and Lan Luhu, Lu Benwei and the other three were assigned tasks.

“Senior, do we need to do anything?” The two were puzzled.

The old man coldly glanced at the two of them. “You’re not happy that I don’t want you two to work?”

When the two of them heard this, their hearts were filled with joy. Not doing any work was naturally excellent!

“Raise the sails, set sail!”

The sails were lowered, and the oars moved. The sailboat set sail and embarked on the starry road.

Lu Benwei put down the sail and was about to return to the deck. Then, he glanced outside the sailboat. They were not rising but sinking.

The two yin and yang fish at the bottom of the pool were like doors, already opened. Although they were descending, there was starlight shining inside.

This was a very dreamy scene. The city soon disappeared, and everyone arrived in the vast starry sky. The universe was vast, dotted with stars.

However, everyone was dissatisfied and disappointed. He had originally thought that the starry sky was vast and brilliant, but there were even more places without stars. It was just dead silence and darkness.

In the vast universe, there was endless silence. It was so quiet that it was terrifying, so quiet that it made people tremble.

Lu Benwei suddenly felt so small. The universe was vast and boundless.

It was like a drop in the ocean, like the home of the ancient people, where the three thousand worlds were, and the illusion of hundreds of millions of lightyears had disappeared.

At the same time, in Central Park of Canglong City, a middle-aged man was holding a bunch of keys, rushing to the center of the park.

Looking at the pillar of light that shot into the sky, he said in a daze, "Damn, that group of children opened the path to the stars by themselves?"

...

Lu Benwei and the others continued their journey through the boundless starry sky.

The old man moved a rattan chair over and sat on it leisurely, humming an unknown tune.

Li Tiancheng controlled the rudder and felt the silence of the universe.

In the power room, Chu Yan and Wang Zining paddled the oars, sweating.

Lu Benwei only had a few questions for the old man, and he sneaked up behind him.

"Senior..."

The moment he opened his mouth, he was interrupted by the old man's voice.

"Lu Benwei, go clean up my room. After you're done, wipe the floor outside."

Lu Benwei had no choice but to do as he was told.

Seeing that everyone was working, Lan Luhu felt that something was not right.

"Senior, do we need to do anything?"

The old man opened one eye and glanced at Lan Luhu.

"Go to my room and get a blanket. Also, bring out the small stove in my room."

"Alright!"

...

Lan Luhu laughed and followed Lu Benwei to the old man's room.

"Hehe, useless thing, only worthy of doing some odd jobs!" Lan Luhu said sarcastically as the two of them walked past each other.

"I hope so," Lu Benwei replied with a smile.

Hearing that, Lan Luhu was so confused that he did not know how to respond. He glared at Lu Benwei and walked out with the stove and blanket.

...

After Lu Benwei finished cleaning up the old man's house, half an hour had passed. Next, he had to follow the old man's order and clean the deck.

At that moment, Lan Luhu had brought two folding stools out of nowhere. He sat beside the old man and started a conversation with him.

Meanwhile, Hu Taotao sat to the side and munched on melon seeds as she listened with relish to the old man describe the legend of his youth.

Lu Benwei glanced at Hu Taotao's side and immediately caught her attention.

"Ouch!"

Hu Taotao suddenly cried out and scattered the melon seed shells in her hands all over the ground.

...

"I bit my tongue."

Lan Luhu stood up from the folding stool and said with concern, "How could you be so careless?"

Lu Benwei looked at the melon seed shells on the ground and frowned slightly. He had already cleaned the entire area.

The ground was wet, and the melon seed shells were wet, making it even more difficult to clean.

Lu Benwei looked at Hu Taotao's nonchalant expression and sneered in his heart. He had a good temper and did not want to stoop to their level, but did they really think he was a fool?

"Pick it up!" Lu Benwei said in a deep voice.

"What did you just say?" Hu Taotao put her hands behind her ears and asked jokingly. This was both contempt and a threat.

"I told you to pick it up!" Lu Benwei's voice suddenly rose a few octaves.

Hu Taotao sneered and said, "What if I say no?"

"Splash!"

Lu Benwei turned the dirty water bucket over and covered Hu Taotao's head!

The dark, dirty water flowed down her beautiful face and down to her ankles.

Both Lan Luhu and Hu Taotao were stunned.

However, this was not the end!

#### Chapter 398 Disputes

Lu Benwei reached out his hand. A large hand pressed down on Hu Taotao's head. Exerting a little strength, he lifted Hu Taotao like he was picking up a little chick.

"What are you doing?!" Hu Taotao and Lan Luhu shouted at the same time.

"Clean up the trash!" Lu Benwei said coldly, then glanced at Lan Luhu.

The murderous look in his eyes instantly sent a chill down Lan Luhu's spine. He was so scared that he shuddered and shrank to the side, stammering and not daring to go forward.

Lu Benwei was not a magician. Hu Taotao challenged Lu Benwei's bottom line again and again. Naturally, he would not show any mercy to women.

He pressed Hu Taotao to the ground and rubbed her back and forth. Wherever there was melon seed skin, it would rub back and forth.

The effect was surprisingly good. After dragging it back and forth two or three times, the melon seeds on the ground were all attached to Hu Taotao's exposed skin, like black scars.

It was only when Lu Benwei let go of Hu Taotao that Lan Luhu came to his senses.

"You dare to treat Taotao like this?"

"What, you want to try too?" Lu Benwei's expression was cold as if he could hold Lan Luhu in his hands in the next second. "I don't mind mopping the floor again."

"You're looking for death!"

Lan Luhu was infuriated. The fine hair on his body stood on end and turned yellow at a speed visible to the naked eye. Furthermore, the word "king" was faintly visible.

Chu Yan and Wang Zining, who were in the cabin, were also alarmed and came to the deck. Li Tiancheng also stuck his head out to watch the show.

Seeing Hu Taotao in a sorry state and Lan Luhu in a rage, they immediately understood what had happened.

"You want to fight, don't you?" Chu Yan rolled up her sleeves. She had long disliked these two people.

"If we lose later, don't say that we're bullying you with our numbers!" Wang Zining also agreed. She was also quite angry with Hu Taotao and Lan Luhu.

"You're so noisy!"

The old man's hoarse voice came, stopping the crowd that was ready to attack.

"If you want to fight, get out of my boat."

Lan Luhu could not take this lying down. He said to the old man, "Senior, Lu Benwei bullied Taotao, are you going to let it go?"

Hu Taotao stood at the side, holding a small mirror and carefully observing the red blood marks on her face from the scratches.

"One, two, three...six marks!"

A total of six! Even if the injuries were healed, they would leave scars. If she wanted to eliminate it, she would have to wait at least half a year for the scars to fade! In other words, Hu Taotao could not go out to meet anyone for the next six months.

"No, I must make Lu Benwei pay the price!" Hu Taotao was so angry that her lips were trembling!

The old man only glanced at the two of them indifferently and said, "Since Lu Benwei made a mistake, he should be punished. Punish him to patrol tonight and protect the ship."

Lan Luhu and Hu Taotao were dumbfounded. This punishment was not even painful! At most, he was not allowed to sleep for a night.

Chu Yan and Wang Zining looked at the two of them with a sneer on their faces.

“Senior, are you going to let him off so easily?” Hu Taotao pressed on, unwilling to give up.

“This is my boat. I can punish you however I want.” The old man snorted. “If you’re not convinced, then get off the ship!”

Hu Taotao was immediately dumbfounded when she heard that. Lan Luhu was the same.

The old man’s heavenly voice, which forced back his beast transformation, was still vivid in his mind. His power was unfathomable. His behavior was unreasonable and unpredictable.

Besides, he was the king of the ship, so Lan Luhu and Hu Taotao did not dare to be presumptuous. However, Lan Luhu did not plan to give up.

“Lu Benwei, if you’re a man, then go down and fight me one-on-one!” he said to Lu Benwei, “If I win, I can turn a blind eye to this matter. If you lose, I’ll let you use your tongue to clean up Taotao’s room!”

“There’s more, there’s more!” Hu Taotao wanted to add more but suddenly pointed at Chu Yan.

“I’m going to take a knife and cut your girlfriend’s face six times!”

Lu Benwei was stunned and looked at Chu Yan. Then, he sneered and slowly walked forward. “You’re not worthy to fight me.”

“You’re a magician, why are you acting like a big-tailed wolf?” Hu Taotao shrieked.

Lu Benwei walked past the two and seemed to bump into them inadvertently. The two of them staggered and almost fell to the ground.

“You motherf\*cker!” Lan Luhu was infuriated.

The next second, Lu Benwei slowly walked to Chu Yan and Wang Zining.

“This is our enmity. When we disembark, I’ll resolve it with you.”

After a pause, Lu Benwei slowly looked into Lan Luhu’s eyes, and a bone-chilling gaze shot out from his deep eyes.

“But if you dare to touch my Chu Yan or my friends, I promise you won’t be able to get out of bed.”

The two of them immediately quivered and took two to three steps back.

“Tsk!” Wang Zining scoffed. “They won if they can even touch a single hair on my head.”

After Chu Yan heard Lu Benwei’s threat, her face unconsciously began to turn red and hot.

“Who’s your Chu Yan?” Chu Yan snorted like a mosquito.

Li Tiancheng stuck his head out from the helm and smiled faintly. “Lu Benwei, am I considered your friend?”

“Of course.” Lu Benwei turned around and smiled.

Li Tiancheng chuckled. “Then, I can rest easy tonight. With Brother Lu around, I won’t have to worry about anything.”

Lan Luhua and Hu Taotao had no choice but to swallow their broken teeth.

“Cough, cough!”

The old man heavily coughed a few more times, attracting everyone’s attention.

“It’s getting late. Let’s eat and rest. Lu Benwei, you’ll be responsible for everyone’s dinner.”

...

Lu Benwei nodded and went to the kitchen.

Although they were in space, the time difference was the same. According to the time on the Blue Planet, it was exactly 6:30 in the evening. It was indeed time to eat.

Lu Benwei’s cooking skills were not bad, and there was a lot of food on the ship. Very quickly, eight dishes and a soup were prepared.

After dinner, everyone went to their respective rooms to sleep.

This sailboat was extraordinary. Even if no one paddled, it could rely on the power of the stars to slowly move forward.

Lu Benwei took over Li Tiancheng’s position and controlled the helm.

It was “late night”. On the deck, only Lu Benwei, who was helming the ship, and the old man, who was sitting on the rattan chair by the fire, were left.

“Senior,” Lu Benwei said softly as he rowed the rudder.

The old man snorted, indicating for Lu Benwei to continue.

“What’s in the starry path secret realm?” Lu Benwei asked this question as soon as he got on the boat.

The old man just tightened the blanket around him and turned over but did not answer.

...

### Chapter 399 The Enemy Above the Stars

Lu Benwei saw that the old man did not respond for a long time and helplessly sighed. After an unknown period, a loud snoring sound rang out in the vast universe.

Lu Benwei continued to steer the rudder to avoid some small meteorites or asteroids.

“Honk...”

The melodious sound of a horn woke up the drowsy Lu Benwei.

!!

“It’s already the second day?” Lu Benwei muttered to himself.

Then, he looked at the time and realized that it was only a little while ago. There was still some time before the next day.

Lu Benwei looked at the deck again and saw the old man still drowsy. He yawned and continued to control the rudder.

Suddenly, he thought of something and shivered, a chill running down his spine. Where did the horn sound from?

He looked around. The universe was boundless, and the stars were dazzling. Where did such a melodious horn sound come from?

If there was not anything around, then it could only be above or below him. Lu Benwei looked up.

As expected!

Above his head, there were thousands of huge warships. They were so densely packed that they blocked the starlight.

The warship’s surface was glistening with black light, and cannons as thick as a human’s waist protruded from both sides of the ship.

On the watchtower of the warship, a skeleton warrior in black armor was observing Lu Benwei’s ship with binoculars.

After a while, he put down the telescope and waved to the bottom of the boat. He spoke in an unknown language as if he was saying, “Pull the boat over!”

“Enemy attack!” Lu Benwei was shocked and shouted.

As soon as he finished speaking, the sound of a cannon was heard! A warship was firing at them!

Lu Benwei quickly moved the rudder and dodged sideways. The cannonball missed, but the ship lost its balance and was tilted to the side.

“You little brat, are you trying to kill me?” The old man cursed as he was thrown off the rattan chair.

Lu Benwei paddled with the rudder and said, “Senior, there’s an enemy attack!”

The old man finally noticed the enemy above him, and his expression changed slightly.

At this time, Li Tiancheng kicked the door open, and asked, “Brother Lu, what’s wrong?”

As soon as he finished speaking, a cannon hit the hull of the ship. With a boom, flames flew in all directions, and wood chips flew in the air.

“Brother Lu, I’ll take control of the helm. You go and deal with the enemy!”

Lu Benwei left and came to the deck.

Chu Yan, Wang Zining, and Lan Luhua were also awakened. When they saw the warships and enemies in the sky, their expressions changed.

“Is this the enemy from the secret realm?” Chu Yan asked.

Lu Benwei looked at the old man, trying to get an answer. However, the old man continued to half-lean on the rattan chair and tighten the furry blanket around him as if this crisis had nothing to do with him.

Chu Yan saw that the old man was unmoved and looked at Lu Benwei.

“What do we do?”

Lu Benwei’s brain worked quickly and immediately said, “Chu Yan, Zining, you two go to the cabin immediately and use the maximum horsepower to escape this place!”

Then, he turned to Lan Luhu and Hu Taotao.

“Although we have some grudges between us, I hope that in this life and death situation, we can put down our prejudices.”

After saying that, Lu Benwei rushed into the sky and faced the enemy!

Lan Luhu was also ready to rush into the sky, but Hu Taotao pulled him back.

“I remember that Lu Benwei is a magician. I want to see how long he can last with so many enemies!”

At this time, Chu Yan had yet to step into the cabin, so she naturally heard Hu Taotao’s vicious words. She suddenly turned around and coldly criticized the two, “The enemy is right in front of you, and you’re still so calculative!”

Hu Taotao smiled noncommittally and said, “I didn’t plan anything. It’s only natural for Lu Benwei to face the enemy. Don’t forget, it’s him, not us, who’s responsible for guarding the safety tonight!”

Hu Taotao laughed heartily, and the scars on her face moved along with her. They were practically like wriggling black maggots.

A trace of killing intent flashed in Chu Yan’s eyes. Just as she was about to attack, a black cannonball flew over and exploded on the deck.

“Boom, boom, boom!”

The flames soared into the sky, and wood chips flew everywhere.

Li Tiancheng shouted, “Chu Yan, now is not the time for infighting. We need to increase our horsepower. Leave quickly.”

Chu Yan heard this and took a deep breath. She looked worriedly at Lu Benwei, who was fighting alone in the sky.

“Careful, annoying fellow!”

Then, she entered the cabin.

At this moment, in the sky.

Lu Benwei was blocking an army of thousands of men! The skeleton soldiers lit up their cold swords and spears, and the skeleton warhorses neighed!

This was an army from who knew how many years ago. They had been buried on the path of the starry sky, and their souls had not dispersed for a long time, turning into this skeleton army.

Lu Benwei's fists moved quickly, and starlight covered the galaxy, becoming a very bright star in the vast universe.

"Swish-"

The starlight fist rain was like a heavenly river as it struck toward a warship of the skeleton army.

"Boom, boom, boom!"

The starlight swept across the universe and destroyed everything. It turned a warship into dust.

...

In this vast starlight, a skeleton enemy wearing silver armor and riding a skeleton warhorse appeared. Lu Benwei knew that this enemy was the captain of this warship.

"Ancient Sword of Clarity! Furious Dragon Battle Armor!"

Double origin-grade bloodline circulation and four great enhancement skills to strengthen his body!

This was Lu Benwei's peak state. So far, no enemy had ever seen Lu Benwei's fierce attack.

With a flick of his wrist, he stepped into the void and blasted out.

The Ancient Sword of Clarity flicked forward and directly cut the skeleton warrior down. The white bone armor was completely shattered into powder and dissipated into the starry sky.

At this time, Lu Benwei's combat power had reached its peak and he once again waved out a river of starlight.

The Myriad Light Fist erupted!

Each fist was like a real meteorite, bombarding the warship.

"Boom, boom, boom!"

It was unknown how many battleships had exploded. It was as if supernovas had begun to evolve. The scorching temperature, the vast starlight, and the deafening explosion occurred in the endless star field.

...

On the boat, Lan Luhu and Hu Taotao were dumbfounded. A question arose in their minds at the same time. Was this a magician?

On the other side, the old man saw Lu Benwei's battle scene and his eyes were excited. His expression was complicated and subtle.

At this moment, the skeleton warriors on the exploded warship surrounded Lu Benwei. Some of them were holding spears, some were holding swords, and some were swinging meteor hammers. All of them looked fierce and malevolent.

The warship they relied on for survival had been destroyed by Lu Benwei, and they wanted to eat skin him alive!

“Kill!” a skeleton warrior holding a spear in one hand suddenly spoke in the human language. He rode forward with undefeatable courage!

Chapter 400 The Shattering of the Stars

Lu Benwei’s expression was cold, and the Ancient Sword of Clarity in his hand flashed.

The skeleton and the horse’s head fell into the starry sky and disappeared. The other skeletal warriors trembled in fear as they made cracking sounds.

Every time Lu Benwei took a step forward, they would take a step back. However, a melodious battle bugle call was heard, and they were reinvigorated.

The heavy weapons in the hands of the skeleton warriors shimmered with cold light, as cold as the lonely universe.

“Ya!”

The skeleton warriors rushed forward and surrounded Lu Benwei.

“Pfft!”

A spear-wielding skeleton warrior was cut in half by Lu Benwei’s sword, and black blood splattered everywhere.

“Chi...”

At this time, the skeleton warriors’ attack had not stopped, and they pounced forward one by one. Lu Benwei dodged to the side and avoided a fatal attack.

Then, he took advantage of the situation and pierced through the chest of one of the skeleton warriors.

The Ancient Sword of Clarity was swung, and with a cracking sound, the white bones were sent flying in all directions.

“Slash!”

Lu Benwei swept his sword in all directions and cut another seven or eight skeleton warriors in half. Black blood splattered, adding a bit of depth to the dark universe.

“Boom!”

After another attack, the skull of a skeleton warrior behind him was sent flying, and all the bones in his body were shattered into fine powder, which glittered under the starlight.

The skeleton warrior’s corpse fell straight down, no longer having the possibility of standing up.

“Ah!”

Another skeleton warrior, who was as strong as a level-40 hunter, used his strongest attack, but he still could not block Lu Benwei’s peerless blade.

Lu Benwei's wrist shook, and the sword drew a white arch in the universe, like a comet.

The power of the skeleton warrior's attack was dispelled, and his head was chopped off.

On the boat, Lan Luhu and Hu Taotao could clearly see Lu Benwei's combat power, and a strange look flashed across their faces.

"This guy is a magician?" Lan Luhu could not help but exclaim. The first thought he had was that Lu Benwei was pretending to be a pig to eat a tiger.

On the other side, the corners of the old man's mouth rose, and his turbid eyes gradually brightened.

Lu Benwei's expression was cold, and his body exuded a high-spirited battle intent, like the explosion of a small universe.

"Is there someone dares to fight me?" Lu Benwei asked coldly as he faced the thousands of warships.

"Who else dares to fight me?!" Lu Benwei roared, his voice breaking the void and penetrating the universe.

As soon as he finished speaking, a black spear suddenly shot toward Lu Benwei.

"Slash!"

Lu Benwei's wrist shook and he used his sword to block the attack!

When his gaze focused, a skeleton enemy that was taller than ordinary skeleton warriors stepped through the air.

The black battle armor on his body glowed with a dark light. Under the armor, his eyes flashed with a red light.

This skeleton warrior was in charge of 100 battleships, and the 10,000 skeleton warriors would listen to his orders. In ancient times, those who led ten thousand people were called lieutenants.

Lu Benwei sneered as if he was just a skeleton in the grave!

The bright sword hummed, and the destructive aura of the universe gathered toward it.

"Boom!"

The destructive sword light drowned everything. The light was as bright as the sun, and all the stars were dim.

The skeleton lieutenant let out a strange roar and waved his long spear to shatter the meteorites around him!

One by one, the meteorites were shattered into pieces by his spear's radiance. There was also a drowning destructive power.

"Boom, boom, boom!"

The aftermath of the explosion drowned out tens of thousands of miles of the starry sky, pushing meteorites off their trajectories one after another!

Lu Benwei suddenly stepped forward, using Lightning Speed, and in just a few breaths, he flew past a star and hid behind it.

The skeleton lieutenant pursued, not giving Lu Benwei a chance to catch his breath.

At the same time, dozens of battleships fired their cannons, drowning the planet in the flames of the explosion.

“You’re looking for death!” Lu Benwei’s expression was cold as he shouted.

“Swish!”

Lightning surrounded it and exploded in the deep universe, bombarding it continuously.

“Myriad Lightning Techniques!”

The sea of lightning was endless, and it drowned the planet in an instant.

The lightning spread in all directions. Every skeleton and battleship was struck by the lightning, and a large part of them collapsed.

In just a few seconds, one-third of the skeleton army had fallen. From the skeleton army, shrill and angry ghostly howls reverberated in the cold universe.

Lu Benwei was in the heat of battle, his body full of battle intent. The dual bloodlines continued to circulate, and every cell was filled with endless energy. Sweat continued to flow out of every pore, turning into steam and rising into the universe.

“Come, let me kill to my heart’s content!”

Lu Benwei’s roar shook the galaxy, and every skeleton warrior trembled in fear.

“Swish, swish, swish!”

Countless black lights shot toward Lu Benwei with the strongest power of death.

Lu Benwei waved the sword and slashed.

“Slash! Slash! Slash!”

The power of death was completely dissipated by Lu Benwei and the universe returned to silence.

When it was over, hundreds of skeleton magicians rose and chanted an obscure magic language. A sad song resounded in the universe. It was the muffled cries of the countless dead who had died on this starry sky path.

The sounds of the songs took on a corporeal form and gathered. It was very complicated. The song continued to gather, and the terrifying power of space laws constructed a door! The door slowly opened, revealing the pitch-black source.

Lu Benwei secretly exclaimed as he clearly saw the essence of this door, “Do you want to banish me to a foreign land for eternity?”

Lu Benwei coldly laughed.

“Then I’ll smite the resentment of you undead into pieces!”

The sea of lightning churned, and endless destructive power surged from all directions.

The two sides gathered and formed the most terrifying destructive lightning territory in the universe.

“Ten Thousand Lightning Killing Formation!”

The destructive lightning domain expanded, affecting many of the surrounding small stars. Everything, alive or dead, was turned into dust in this certain-kill array. In the universe, thunder and rain scattered, shining like comets, brighter than the sun.

On the boat, Lan Luhu and Hu Taotao were so shocked that they could not speak.

When the destructive lightning zone was gone, Lan Luhu fell to the ground.

“This... Is this something a human can do? Is he really a magician?”

The shock Lu Benwei brought to them was from the body to the mind and finally to the soul.

Even if they were beaten to death, they would not dare to believe that a human of their age had created such a scene of stars shattering.

On the other side, the old man had already sat up from the rattan chair. Looking up at the deep starry sky, the corners of his mouth curled up and he nodded in relief.

Suddenly, he was stunned. Then, his expression suddenly became very serious.

“Everyone, face the enemy!”
