

Dungeon 401

Chapter 401 Crisis

“Boom!”

With a loud crash, four or five warships emerged from below and surrounded the boat in the middle.

“Boom!”

The cannon fire rained down and sparks flew everywhere. The explosion caused wood chips to fly all over the boat.

Li Tiancheng left the driver’s seat and fought with his giant sword! The sword drew a gorgeous arc in the air, sometimes as graceful as a swan, sometimes as ferocious as a dragon!

“Slash! Slash! Slash!”

With a flick of his wrist, seven or eight skeleton warriors that had just boarded the ship were immediately beheaded.

The warhorse neighed, and a huge skeleton warrior boarded the ship. It swung a meteor hammer, trying to crush Li Tiancheng under its hooves.

“Boom!”

The meteoric hammer swung, erupting with a power that could shatter stars.

Li Tiancheng was fearless as he brandished his sword to fight the enemy!

“Slash! Slash! Slash!”

The skeleton warrior’s hammer’s momentum was unstoppable! Li Tiancheng could not gain the upper hand with his sword, so he could only retreat!

At the same time, a few more skeleton warriors surrounded Li Tiancheng, and the situation gradually reached a critical point.

“Lightning Magic: Evil Flame!” Chu Yan’s cold voice rang out, and the purple lightning followed closely behind.

The sound of thunder was like a raging river that fell into the endless galaxy.

The lightning broke through all obstacles, and all the skeletal warriors were turned into charred corpses in the sea of lightning.

“Thank you!” Li Tiancheng expressed his gratitude to Chu Yan for helping him solve the crisis.

“You weren’t this gentle when you were dealing with us at the National Class Tournament,” Chu Yan said with a chuckle.

Li Tiancheng grinned awkwardly and said, “I just wanted to try and see how far I could go with only one sword technique.”

“Now isn’t the time for you to practice.” Chu Yan rolled her eyes and casually tore a random soldier who pounced on her into pieces.

“Alright, then,” Li Tiancheng said faintly.

At this moment of life and death, he really could not be careless. His expression gradually turned cold, and a golden light illuminated his entire body. A huge sword appeared in his right hand. At the same time, a dragon leaped up from under his feet. It was the legendary-level monster!

The blue-gray scales of the dragon flickered as it spiraled into the sky, erupting with powerful life fluctuations. Its scales opened and closed in accordance with its breathing, glistening with life.

“Roar!”

As the dragon’s roar rang out, the starlight dimmed, and the nine heavens rumbled.

Chu Yan also activated her powerful origin bloodline and a seven-colored elemental light source surrounded her.

With a wave of her hands, a magnificent furnace appeared out of thin air. As it opened and closed, flames that rose to the sky burst out and pressed down.

Countless skeleton warriors were burned, and their unwilling voices resounded throughout the universe!

“One sword breaks all techniques!”

A dragon was attached to Li Tiancheng’s body, and he held a sword in his left hand and his right.

The sword struck out like a wild snake, creating ripples in the air and melting away all the trash that attacked!

An angry battle cry was heard, and a powerful skeleton magician boarded the boat. Demonic qi seethed from his body, and his eyes shot out a sinister purple light. The people who met his gaze immediately felt a chill down their spines.

At the same time, the warriors who were already on the verge of defeat were greatly encouraged by this scene. The weapons in their hands glowed with a cold light as they quickly gathered.

Chu Yan flew into the sky and stepped into the air.

The star radiance draped a layer of radiant light armor over her. Her hair danced in the wind, like the light clouds covering the moon and fluttering like the snow returning to the wind.

“Ice Magic: The Chant of the Snow Goddess!”

A huge ice sculpture of a goddess appeared behind Chu Yan, singing a loud and ethereal song.

In an instant, this star field was covered in ice and snow, and the temperature of the cold universe dropped by a few degrees. Countless warships were trapped by the ice, and countless skeleton warriors were frozen.

Then, the powerful skeleton magician roared and chanted a strange magic spell. A purple magic ring rose, starlight flowed, and the void began to collapse.

This was an attack formed from the power of the void. If it hit, the body would be crushed into pieces as if the void had collapsed. It was a one-hit kill move!

A strange purple light burst out and attacked Chu Yan.

Li Tiancheng took advantage of the situation and brandished his sword, sending out rays of sword light to help Chu Yan out of the situation.

The sword danced in the air, breaking through the void. Chaos surged, and in a daze, the sun, moon, and stars rotated, swallowing everything in the world.

“Reincarnation Sword!”

The sword buzzed and the sword light swept through everything in its way.

“Bang!”

The two world-shaking skills collided, and the sun, moon, and stars lost their light, shaking the small universe.

The skeleton magician let out a strange howl and coughed out large mouthfuls of black blood as he continuously retreated.

Li Tiancheng’s condition was not good either. He was bleeding from all seven apertures and spewing out a large mouthful of blood.

At this moment, Chu Yan’s figure appeared. The fire phoenix circled her, her long black hair flying in the wind.

“Fire Magic: Phoenix Cry Shakes the Nine Heavens!”

The fire phoenix’s cry continued, and the flames exploded, spewing out tongues of fire that destroyed everything!

“Boom!”

The situation on the battlefield was instantly reversed. The skeleton magician was engulfed in flames, and even his soul was turned into ashes.

“Are you alright?” Chu Yan landed and said with concern.

Li Tiancheng wiped the blood from the corner of his mouth and nod his head. “Many thanks.”

“You saved me twice today. I’ll remember your kindness.”

This wave of attacks was finally over, and the two of them panted proudly.

Chu Yan smiled faintly, and then her eyes turned cold as she glanced at the Lan Luhu and Hu Taotao.

“Why aren’t the two of you taking out the first aid kit when you see that he’s injured?”

Lan Luhu and Hu Taotao were both dumbfounded. They did not expect Lu Benwei's group to be so strong.

Furthermore, Li Tiancheng could be said to be the outstanding one among the unparalleled swordsmen. Just his sword skills alone could reach the point of unrivaled in the world!

As for Chu Yan, at this moment, they did not dare to look her in the eye.

"Lightning, fire, ice... You're an elementalist?" For the first time, Lan Luhu was shocked.

Chu Yan played with her hair and rolled her eyes. "Uh-huh."

The profession that Lan Luhu was so proud of had been destroyed by Chu Yan in an instant.

Chu Yan continued coldly, "Take care of him, I'll go help Lu Benwei."

"Don't go!" Li Tiancheng's sudden shout startled Chu Yan.

"What's wrong?" Chu Yan asked in confusion.

She saw Li Tiancheng facing her with empty eyes and cold sweat on his forehead.

"Plop, plop, plop!"

Lan Luhu and Hu Taotao knelt on the ground and looked at the thing behind Chu Yan in despair.

Seeing this, Chu Yan suddenly felt a chill down her spine. She slowly turned around and looked up. At this moment, Chu Yan was stunned.

A creature that looked like a mountain appeared in front of them!

Chapter 402 The Sacred Fire Is Bright

A huge creature appeared before everyone's eyes. Its dark green body was as large as a mountain, and its back was full of nails. It was pulled by dozens of warships with iron chains as thick as mountains. Its blood-red mouth opened wide, and the gaps between its fangs were filled with countless corpses.

Chu Yan and the others, in front of this huge creature, were so small that they were not worth mentioning.

"What's this thing...?" Chu Yan asked weakly. Facing such a giant creature, she obviously did not have much confidence.

No one responded.

!!

Both Lan Luhu and Hu Taotao were scared out of their wits. Their bodies and voices began to tremble.

"I... We're now... What do we do now?"

"What else can we do? We'll just have to bite the bullet and do it!" Chu Yan said.

"Do what?" Lan Luhu was dumbfounded. "It's such a huge thing! How are you going to fight it?"

“Do whatever you should!”

After Chu Yan said this, she flew into the sky and faced the mountain monster!

Li Tiancheng followed closely behind.

It would be a lie to say that they were not afraid! However, at this moment of life and death, they had to face it!

Chu Yan flew forward. The seven elemental sources circulated and bloomed with colorful light.

In the universe, flowers bloomed one after another. Each of them was extremely bright, and they were fragrant and cold, scattering in every corner.

In the next second, all the flowers trembled, and then the elements in the universe went berserk.

“Elemental Berserk: Bloom!”

“Boom, boom, boom!”

The flowers bloomed one after another, releasing the most beautiful elemental explosions. The entire star field was turned into a sea of fire, and the temperature was close to the sun, burning all the creatures in the mountains!

In the next second, the star field was filled with ice elements again, and layers of frost froze the mountain creature from head to toe.

In the blink of an eye, the star domain was filled with violent lightning elements. The power of lightning was like a raging river, constantly bombarding the body of the mountain creature.

On the other side, Li Tiancheng wielded his giant sword with his right hand, which emitted a golden light. A huge golden statue rose from the ground, holding the same weapon as Li Tiancheng’s giant sword. The only difference was that there were golden patterns on it.

The golden statue wielded the giant golden sword, and it shot out rays of clear light to attack the mountain creature.

As the dragon’s roar shook the sky, the dragon on Li Tiancheng’s body climbed forward and wrapped itself around the giant sword in the golden statue’s hand, becoming one with it.

In the next second, the golden statue’s riding sword slashed diagonally, shooting out wisps of extremely powerful sword qi.

The dragon was a legendary-level beast, and now that it had become one with the golden statue, it had the potential to become a legendary-level weapon. The wisps of sword qi that contained the most biting-cold attack were the best proof.

“Boom, boom, boom!”

A huge explosion of flames exploded on the mountain-like giant, penetrating the entire universe.

“Roar!”

The mountain creature's roar shook the galaxy. Its voice was miserable and angry.

"Li Tiancheng, continue to attack!" Chu Yan roared.

Since the mountain creature was enraged, it meant that their attack had been effective!

"Alright!" Li Tiancheng roared in response.

The dragon scales on the giant sword in the golden statue's hand grew in reverse. Every scale emitted a golden divine light, and the killing light was infinite.

"Slash!"

The wisps of sword qi that he had released earlier burst forth with brilliant light, each of which transformed into a true dragon that was indestructible and unstoppable.

"Fire Magic: Phoenix Cry Shakes the Nine Heavens!"

The fire phoenix's cry continued, and the flames exploded, spewing out tongues of fire that destroyed everything!

"Boom!"

The nine heavens were filled with the cries of phoenixes and the sweeping sounds of flames.

Li Tiancheng and Chu Yan used all their strength to launch a full-force attack, turning all the sword qi into decay.

The world finally quieted down. The golden statue gradually dimmed, and the dragon returned to Li Tiancheng's hands.

The smoke in front of them was endless, blocking their vision.

Chu Yan looked forward vigilantly and asked, "How is it? Is the big guy dead?"

"I don't know." Li Tiancheng's expression was grave.

The thick smoke covered everything, and he and Chu Yan did not dare to move.

"Roar!"

Just as the two of them were hesitating, a roar that could shatter the stars woke them up from their fantasy! The smoke dispersed, revealing the true appearance of the mountain monster.

Countless wounds appeared on his body, and black-green blood kept flowing out of his body like small rivers.

A hint of joy flashed in their eyes, proving that their attacks were effective.

The mountainous creature opened its huge mouth. Behind its blood-red mouth was a pitch-black area, like a black hole!

"He's... Are you going to eat us?" Li Tiancheng swallowed his saliva and a bad feeling rose in his heart.

"Roar!"

The creature roared and sucked in the galaxy! The powerful suction force tore everything on the ship apart.

Under the heavy pressure, they could not even breathe. Chu Yan's face gradually darkened, and her skin began to turn purple.

...

A sense of powerlessness began to spread from their hearts to their limbs and bones. Under the powerful suction force, everyone was pulled closer and closer to the abyss.

However, they did not even have the strength to breathe. They could not even organize an effective resistance.

"Lu Benwei, where are you?"

Chu Yan was in despair and used all her remaining strength to support her body. Countless memories flashed through Chu Yan's mind like an old movie.

Lu Benwei was fighting with the main force of the skeleton army!

"Mountain Sea Seal!"

A cold voice resounded throughout the universe. A huge mountain fell from the sky and crashed into the mountain creature!

"Rumble, rumble!"

The voice was like the rolling of thunderclouds. The mountain creature staggered, and its body moved a little. However, its internal organs were shaken, and it spat out a large pool of blood.

Lu Benwei suppressed him! The mountain creature's angry roar shook the galaxy, and the sun and moon dimmed. He waved his huge arm and slammed it toward Lu Benwei's mountain.

"Rumble rumble!"

...

The huge rocks fell like a meteor shower.

Lu Benwei clenched his fists, and starlight filled the universe, like the Milky Way. The Ancient Sword of Clarity hummed, and thousands of wisps of destructive aura surged from all directions and gathered in one place.

"Boom!"

"Divine Sword of Destruction!"

The destructive sword light filled the sky and annihilated the universe!

"It's not enough!" Lu Benwei shouted, reminding Li Tiancheng and Chu Yan!

"Elemental Storm: Bloom!"

In the universe, flowers bloomed one after another. Each of them was extremely bright, and they were fragrant and cold, scattering in every corner. In the next second, all the flowers trembled, and then the elements in the universe went berserk.

The golden statue appeared again, and the sword slashed at an angle, shooting out wisps of extremely powerful sword qi.

“There’s still me!” Wang Zining’s roar could be heard. Archangel of judgment was showing her might!

“Sacred Flame!”

Chapter 403 The Starry Sky Dragon

Wang Zining flapped her wings, her holy feathers glistening under the starlight.

“I was born in the flames that burn sinners!”

As the great dao was chanted, a blazing holy flame was ignited in the starry sky! The holy fire lit up the entire universe, purifying all evil in the world and driving out darkness!

Wang Zining stood proudly in the starry sky. Her wings were shattered, and she collided with the giant hand!

!!

“Slash!”

Its wings, which were as hard as godly metal, slashed out with a sharp attack and cut off a large hand.

“The disobedient shall be burned by fire. The fallen shall not be forgiven!”

The holy flame burned the universe and combined with the attacks of Lu Benwei and the others, erupting with the energy of star destruction.

The blade of flowing fire moved, and the holy flame shone, punishing all directions! An endless sea of fire ignited, drowning the mountains and giant objects. The wrath of the raging flames surged in the universe, destroying everything!

“It’s over!” Li Tiancheng muttered.

The most powerful enemy they had ever faced had already been destroyed, and the thousands of battleships left were just a bunch of chickens and dogs. It was only a matter of time before they were destroyed.

Suddenly, Li Tiancheng was stunned.

By right, the skeleton army’s trump card had been defeated by them, so they should have retreated. However, that was not all. The warships of the skeleton army were still advancing.

“Don’t be careless! The enemy’s leader hasn’t come out.”

Lu Benwei, who was in the starry sky, felt uneasy.

“Who cares, kill them all!”

Wang Zining was full of fighting spirit. She flapped her wings and rushed to the largest warship of the enemy.

“Hehe!”

A sneer came from the most powerful man in the skeleton army. He was wearing crimson armor, and a demonic aura burst out from the inside.

The large sword in his hand was sparkling with a demonic light, and the starlight in the distance dimmed.

Without a doubt, this was the leader of the skeleton arm – the skeleton general!

Lu Benwei activated the Eye of Insight and was suddenly stunned. The skeleton general was level 80!

He was just about to warn Wang Zining when he saw Wang Zining attack. It was too late.

The skeleton general laughed coldly and swung its huge blade. A ray of demonic light shot toward Wang Zining. It was extremely terrifying and looked like it was going to open a new world!

Wang Zining wielded the blade of flowing fire. Holy fire surrounded her body, and the power of judgment shot out toward the skeleton general.

“Slash!”

As soon as they touched, the holy fire and the power of judgment collapsed at the same time. Wang Zining was hit and fell like a leaf in the wind in the lonely universe!

“Zining!”

Chu Yan’s heart was beating fast, she wanted to save Wang Zining. However, in the next second, the skeleton general slashed horizontally and vertically. Terrifying and boundless demonic light burst out and hit the boat!

“Boom!”

There was a huge explosion, and half of the boat was blown up.

Lu Benwei was stunned. He knew that the boat was made of the world’s toughest divine wood, yet it was so weak under the skeleton general’s attack.

Then, the skeleton general waved its blade and slowly, coldly spat out, “Artillery Fire!”

All the warships turned around and aimed their cannons at Chu Yan and the others.

“Boom, boom, boom!”

Chu Yan and the others were instantly drowned in the flames of the explosion.

“You’re looking for death!”

Lu Benwei’s eyes were fiery red, and his body exploded with endless power! His fists moved, and the sound of air breaking was deafening.

The Myriad Light Fist struck out wave after wave, like a wave sweeping through the nine heavens, rumbling endlessly!

The starlight filled the entire world.

Lu Benwei swung his sword thousands of times and sent the entire galaxy flying!

The skeleton general sneered and waved its huge blade, slashing out an immortal demonic light.

“Boom, boom, boom!”

The two great forces intertwined, and the residual power spread in all directions. It was as if it could suppress the heavens, and a terrifying light beam exploded.

The Myriad Light Fist rain was drowned out, and the demonic light pierced through the entire universe.

Lu Benwei roared, his muscles bulging!

“Ten Thousand Lightning Killing Formation!”

This was Lu Benwei’s fiercest attack, with endless killing intent, to avenge Chu Yan and the others!

The thunder and lightning shot up to the sky, and the sea of thunder was endless. It continued to spread, and the entire star field was shaking.

The destructive power dominated the world and wanted to shatter the universe! The demonic light pressed forward with indomitable will, and a world-shaking collision occurred between it and the intertwining lightning and destructive power!

The starry sky collapsed, and this place became the center of a cosmic storm that quickly spread in all directions. It took a long time for peace to return.

Lu Benwei coughed up blood and his body could not stop spasming. The level-80 monster was really terrifying. A casual attack from it destroyed Lu Benwei’s most powerful attack.

The skeleton general attacked ferociously, its black blade slashing in the air. A huge black square object appeared above Lu Benwei’s head and pressed down.

“Boom, boom, boom!”

...

The black object crushed Lu Benwei’s body into dust and disappeared in the air.

Although Lu Benwei’s body was destroyed, his soul was still there!

“Nine Tribulations Regeneration Technique!”

Lu Benwei’s soul roared in the starry sky! His body began to reform, and every piece of flesh shot out purple tribulation light.

“Divine Sword of Destruction!”

The destructive sword radiance surged into the sky and swept away all obstacles!

“Mountain sea seal!”

The great mountain and the ocean were born from each other, and they appeared in the starry sky!

Lu Benwei carried the mountain and moved forward. The waves were surging and hitting the mountain like a huge hand beating a drum. It was as dull as thunder.

“Boom, boom, boom!”

The great mountain smashed toward the skeleton general. The tsunami rolled and tore everything apart!

...

The skeleton general sneered, and its demon eye shot a terrifying light beam at Lu Benwei. Wherever it passed, time, the surging power, and the rumbling sound all stopped.

The universe seemed to have stopped expanding and returned to peace.

Lu Benwei was also fixed in the void, unable to move.

The skeleton general slowly walked toward him with a cold smile. The demonic qi in his body kept surging, and his terrifying pupils were flowing with a red and golden light.

“Hmph, he can’t be killed!”

He laughed coldly, his voice filled with disdain. Then, he gently touched Lu Benwei’s forehead.

Lu Benwei’s body quickly retreated and fell into the depths of the universe.

“Hehe, then I’ll banish you to this endless universe for all eternity.”

After saying that, the skeleton general turned around and walked toward its main ship. The crisp sound of his footsteps reverberated in the quiet universe. He had once again become the king of this universe.

Suddenly, the planets in this star field began to overflow with starlight.

“What?”

The skeleton general was alarmed. One had to know that planets did not emit light on their own. He was a little suspicious and looked around.

Other than the planets, even some meteorites were shining with brilliant light and were extremely resplendent.

The skeleton general realized that something was wrong, and its demon eyes were filled with fear.

“Starry Sky Black Dragon, you’re not dead?!”

Chapter 404 Star Tempering

The starlight was bright and dazzling.

The starry sky dragon that the skeleton general had mentioned had descended into the universe. It was extremely huge and was tens of thousands of feet long. When it was coiled up, it was as huge as a planet.

Its body was half-transparent, hiding the universe. The stars were shining brightly as if a heavenly river was flowing in its body. Its horn was crystal clear and sparkled with starlight. It was filled with mysterious and powerful brilliance.

The skeleton general was 100,000 meters away from it, but he could already feel the terrifying power that it was emitting.

“You... Didn’t you die three years ago?”

The skeleton general wanted to question it sternly, but his voice trembled as soon as he spoke.

“Retreat!”

The starry sky dragon’s comet-like eyes shone with a cold light, and it let out an extremely majestic voice.

The divine souls of the skeleton army were all frightened, and their knees could not help but go soft.

Suddenly, he laughed out loud, and his voice was extremely crazy!

“Starry sky dragon, I understand! Even if you’re not at the end of your life, you’re not far from that moment! Today, we’ll return to the land!” the skeleton general shouted, and tens of thousands of warships fired at the same time!

“Boom, boom, boom!”

Countless cannonballs fell like raindrops, hitting the starry sky dragon’s huge body, creating brilliant sparks. The dragon’s body was as solid as a rock, and its defensive power was astonishing. After a round of cannon fire, there was not a single wound on its body!

The dragon’s tail flicked, turning this star domain upside down. The planet shattered and the void trembled.

“Boom, boom, boom!”

Thousands of battleships began to fall apart and shatter under its tail which was as hard as divine metal.

Countless skeleton warriors turned into dust and floated in the universe.

The skeleton general was shocked. He had underestimated the starry sky dragon’s combat ability.

“Do you want me to repeat myself?” The majestic voice of the starry sky dragon resounded throughout the universe.

The skeleton general’s demonic eyes were red, and his voice was filled with hatred.

“Alright, starry sky dragon! The Lord is about to recover. If you have the guts, you can live until then!”

He waved his ghastly white skeletal hand and said, “Retreat!”

A void gate opened, and the remaining warship entered. Before the skeleton general retreated, it tilted his head and made a throat-cutting gesture at the starry sky dragon.

The starry sky dragon's eyes were fixed in the direction where the skeleton army had gone.

After an unknown period, the starry sky dragon finally moved. Its head slowly lowered, and its gaze extended for tens of thousands of miles.

A broken boat lay in the middle of the space. Chu Yan, Li Tiansheng, and the others fell unconscious on the remaining wooden boards.

With a sweep of the dragon's tail, Chu Yan and the others disappeared.

It looked down for tens of thousands of meters and saw the unconscious Wang Zining floating in the lonely universe. Sighing slightly, the starry sky dragon used the power of the stars to capture her.

"Senior..."

Lu Benwei's voice was like a drop in the ocean in front of the starry sky dragon.

The starry sky dragon pondered for a long time before responding, "Do you know who the skeleton army is?"

The starry sky dragon's voice was like the voice of the old man who helped Lu Benwei and the others embark on the path of the stars. To be precise, the old man was the starry sky dragon.

"I don't know." Lu Benwei shook his head.

"Then do you know where monsters come from?" the starry sky dragon asked again.

Lu Benwei thought for a while and said, "It's from the depths of the starry sky."

The starry sky dragon's head moved slightly. Then, it took a deep breath and said, "These skeletons are the remains of human beings who went to the universe to fight against monsters in the early years. They were formed from their resentment after their failure!"

"What?"

Lu Benwei was very shocked by this revelation! He had never expected that the skeletons that died under his fists were senior hunters from ancient times.

A sense of sadness and self-blame rose from the bottom of his heart, and Lu Benwei's expression became very complicated.

"Senior, who is the enemy in the depths of the starry sky? Why are we the only ones making such a big fuss?" Lu Benwei asked in confusion.

"It's the ancestral king," the starry sky dragon said lightly, but it made Lu Benwei's heart tremble.

"The ancestral king of the monster clan is in the depths of the starry sky?"

The starry sky dragon did not answer. Instead, he said, "Lu Benwei, you're excellent, but not enough."

Lu Benwei was even more confused.

The starry sky dragon was not complimenting him. It was more like a farewell.

“I don’t have much time left, and neither do you.”

Lu Benwei recalled the conversation between the starry sky dragon and the skeleton general and gradually understood what the dragon meant.

“Senior, are you going to leave? You’re so powerful, but will your lifespan also end?”

The starry sky dragon laughed and revealed a faint smile. “Child, there’s no living thing in this world that can live forever and never die.”

Lu Benwei was stunned as if all his thoughts had been seen through by the starry sky dragon.

“I don’t have much time left. Once I die, they will come back again. The monsters on land are starting to stir. We really don’t have much time left,” the starry sky dragon said earnestly.

“You’re still a distance away from level 50. Let me give you a hand!”

As soon as he finished speaking, the stars in the star field began to burn, shooting out endless starlight! It was dazzling.

Lu Benwei understood his meaning and sat cross-legged in the air, starting to break through the level 50 barrier with the starry sky dragon!

...

The power of light and the power of darkness led the infinite star power into Lu Benwei’s body.

The universe was resplendent, with countless stars.

In just a few short breaths, endless star power poured into Lu Benwei’s body. Every blood vessel and every cell was crazily absorbing the endless power of starlight.

Level 50 was a huge milestone for hunters. There was a saying in the inner realm that after level 50, a strong person would be born.

There was also another sentence. The difficulty of rising from level 49 to 50 was like a carp leaping through the dragon gate! To be specific, it was equivalent to walking the path from level one to level 49 again.

At this time, although Lu Benwei looked relaxed, he was like a carp that had just swum to the dragon gate.

“Ya!” Lu Benwei let out a strange roar, and his abdomen actually swelled into a balloon.

The star power in Lu Benwei’s body was violent, and so was the star power outside. The star power was violent and constantly surging in his body. If he was an ordinary person, he would have exploded and died.

However, Lu Benwei continued to operate his Nine Tribulations Regeneration Technique to repair his body while greedily absorbing the star power. The broken cells were broken and repaired, and they broke again and again.

The starry sky old Dragon outside was very shocked!

“This kid is using the power of stars to temper his body?!”

...

Chapter 405 Curtain Call

There was a limit to the human body's functions. No matter how powerful a person was, it was impossible for them to continuously absorb one type of energy.

At this time, Lu Benwei's body was like a black hole that could not be filled, constantly absorbing the star power of this star field.

The starlight dimmed, and the sun and moon set. Endless star power entered Lu Benwei's body, bursting his internal organs and cells.

He continued to circulate the Nine Tribulations Regeneration Technique. Every time he died, the power of the stars in his body would become more abundant.

Level 50, breakthrough!

Level 51, breakthrough!

Level 52...

Lu Benwei continued to break through his limits. The strange small world in his body continued to evolve and finally formed a small universe.

[Ding! Congratulations to the host for breaking through to level 50. You have been rewarded with 1,000 points!]

[Ding! Congratulations to the host for comprehending the talent, Stellar Body Tempering. You have been rewarded with 1,000 points!]

A series of system notifications rang out.

[Ding! Congratulations to the host for using the stars to temper his body and mastering the power of stars. You can strengthen your skill once!]

Lu Benwei's heart trembled. It seemed that he had not obtained a new skill for a long time. He opened his interface.

[Name: Lu Benwei]

[Class: Super Holy Demon Magician]

[Level: 55]

While he was greedily absorbing the power of the stars, Lu Benwei advanced six levels consecutively. In this day and age, it could be said that this incident was unprecedented and he would never be able to succeed!

[System message: Host currently has 5,000 free attribute points. Do you want to add them?]

'Average the points!' Lu Benwei thought.

The system automatically added points to Lu Benwei's attributes. At this time, his attributes had far exceeded his peers.

Even if he faced the skeleton general again and could not defeat it, he could escape from it.

[Name: Lu Benwei]

[Class: Super Holy Demon Magician]

[Level: 55]

[Attributes: ...]

[Skills: Myriad Light Fist, Sharp Blade, Heavenly Dog's Wrath, Heavenly Dog's Blade...]

Lu Benwei looked at the series of skills and thought, 'System, upgrade the power of the stars to the Myriad Light Fist.'

"Yes, sir!" the system replied.

[Ding! Myriad Light Fist has been successfully upgraded to Star-shattering Fist!]

[Star-shattering Fist]

[Single or group skill, able to absorb the power of the stars and cause unparalleled damage!]

Lu Benwei slowly opened his eyes after settling everything.

The starry sky dragon had already turned back into the old man's appearance.

"Senior!"

Lu Benwei knelt in the starry sky and cupped his hands in thanks for the starry sky dragon's kindness!

"You may rise."

The starry sky dragon nodded in satisfaction. He was very satisfied with this half-student of his.

Lu Benwei slowly got up and the starry sky dragon continued,- "I'm leaving!"

"Where are you going?" Lu Benwei was stunned and then hurriedly asked.

"Trample the ancestral king!" the starry sky dragon suddenly said in a deep voice.

After that, he transformed into a dragon! It was extremely huge and was tens of thousands of feet long. When it was coiled up, it was as huge as a planet.

Its body was half-transparent, hiding in the universe. The stars were shining brightly as if a heavenly river was flowing in his body. The dragon horn was crystal clear and sparkled with starlight. It was filled with mysterious and powerful brilliance.

The planets were retreating, and the starry sky dragon was getting further and further away from him!

Lu Benwei found that he was rapidly retreating to the way he came! The starry sky dragon was wriggling its huge body toward the depths of the universe!

“Senior!” Lu Benwei roared, but his body retreated uncontrollably. He activated the Eye of Insight and borrowed the power of the stars to look in the direction where the starry sky dragon had fled.

It was a huge white hole that had been there for countless years.

“Radiant ancestral king, come out and face your death!” the starry sky dragon roared, and the planets of time collapsed instantly!

“Starry sky dragon, you’ve come to our door!”

A huge white hand stretched out of the white hole and grabbed at the starry sky dragon. The starry sky dragon waved its tail and struck, shattering the stars!

“Boom!”

An earth-shattering collision occurred, and a Big Bang rang out in the universe!

Lu Benwei was shocked. The monster king was using the power of light! All of this was beyond his imagination!

However, Lu Benwei was still retreating, and the starry sky dragon’s figure gradually disappeared into the dark universe.

In the vast galaxy, it was the only one fighting alone. Lu Benwei’s eyes turned red, and he wanted to help it. However, a boundless power was forcing him to retreat, and his vision was gradually filled with darkness.

...

...

“Child, wake up!”

After an unknown amount of time, Lu Benwei felt someone patting his face. Slowly opening his eyes, an uncle with an unkempt beard appeared in front of him. Then, he saw the blue sky.

Lu Benwei returned to Central Park. He sat up from the ground and looked around. The water from the fountain reflected the sunlight and formed a rainbow.

“Is this the Central Park of Canglong City?” Lu Benwei asked.

“Isn’t that so!” The uncle with a stubbly beard had a simple and honest smile on his face.

“I say, child, you guys are really too much. Why did you enter the secret realm on your own? It’s so dangerous there. I’ve been waiting here for a day and a night, but I didn’t see any of you come out. I thought you’d met with some mishap!”

The uncle was still jabbering on and on, making Lu Benwei a little upset. Suddenly, he thought of something.

“Chu Yan? Where’s Chu Yan?”

“Chu Yan?” the middle-aged man asked in confusion, then he suddenly realized. “You mean the group of friends who came with you? She’s there!”

The uncle pointed and Lu Benwei saw Chu Yan and the others under a pavilion. Chu Yan leaned against a red pillar, the sun shining on her body as she slept soundly.

...

Lu Benwei’s uneasy heart calmed down and he let out a long sigh of relief.

The middle-aged man continued to jabber on. “Child, how did you open the entrance to the secret realm? You have to tell me. Otherwise, I won’t be able to explain it to Staff Officer Luo.”

Lu Benwei pondered for a moment, thinking about how to answer.

However, at this moment, the sky suddenly darkened and then became extremely bright. In less than a second, the sky had returned to its usual color.

The middle-aged man’s eyes were drawn to this strange phenomenon. He covered his eyes with his hands and looked at the sun. “Strange things happen every year, but there are especially many this year. Why is there a helium flash for no reason? The weather is going to be abnormal this year.”

As soon as he finished speaking, he looked at Lu Benwei and suddenly felt strange.

“Child, why are you crying?”

Lu Benwei lowered his head and wiped the tears from his eyes.

“It’s nothing, just sand in my eyes.”

Chapter 406 Before Leaving

After dealing with a series of affairs, Lu Benwei and his group received a commendation from Canglong City.

Then, Lu Benwei and Chu Yan returned to Green Spirit City.

Due to the destruction in Canglong City, the flow of people in Green Spirit City increased.

The two of them finally returned to their home after many twists and turns. When Lu Benwei opened the door, Lu Dayong and Jiang Xiuqin immediately came up to him.

!!

“You two, why did you go to Canglong City without a word? You haven’t even graduated and are already participating in the rescue mission. If something happens to you, how am I going to explain it to Little Yan’s parents?”

Lu Benwei lowered his head in the face of the two’s accusations.

Chu Yan stood up and helped Lu Benwei out. “Uncle, Aunty, I was the one who dragged Lu Benwei along.”

“That won’t do either. It’s too dangerous. Fortunately, you’re all fine! Otherwise, how do you think we can reason with you?” Lu Dayong said with a frown.

Chu Yan and Lu Benwei smiled awkwardly.

“Mom, Dad!”

“Uncle, Aunt, we won’t do it again.”

...

It was late at night. There was an old church in an unknown forest in the Dragon Kingdom.

Today and tomorrow were not the weekend, so the priest and nun should be asleep. However, the place was still brightly lit.

On the stone walls on both sides of the church, the candlelight elongated the shadows of the people sitting on the seats.

There were eight people in golden masks on each side of the seats. On one side sat seven to eight people wearing silver masks.

At the entrance of the church, many followers were standing there.

In the empty area on the stage, a man in a black-white robe stood straight. The eyes under the hat were staring at the people kneeling in front of him.

They were Nine Fingers, the woman in the clown mask, and the man in the clown mask.

Compared to Nine Fingers and the woman in the clown mask, who were trembling, the man in the clown mask was looking back and forth with a playful expression.

“Oh, even the shadows are here. How lively!” the man in the clown mask said casually.

“J, shut up! You have no right to speak now!” the black-white-robed man said. His voice had been processed by the computer, so no one could hear the emotion in his tone.

The clown-masked man’s codename in the God Welcoming Association was J, and the black-robed man was obviously his superior.

Hearing the black-robed man’s words, J immediately lowered his head and stared at the black-white-robed man’s shoes.

“Everyone’s here, let’s start!” the black-white-robed man said, and the rather noisy church instantly fell silent.

“Now, let me summarize the failures of the revival of the Divine Child!

“Nine Fingers, you go first.”

Under the Nine Finger’s golden mask, his facial muscles twitched slightly. At this moment, he was cursing in his heart. He did not know how his plan had failed!

“I’m not too sure.” Nine Fingers scratched his head, and his tone was very conflicted.

"I followed the original plan and broke the seal on the path to the starry sky, but the Heavenly Sea Army's actions were too fast. Although this is also part of the plan, if the Heavenly Sea Army comes, we can rely on the oracle to stall for time. However, the oracle was injured after fighting them.

"How do you explain the Divine Child embryo and Ten Fingers?" the black-white-robed man asked.

When Nine Fingers heard this, he cursed in his heart. 'Wasn't my meaning clear enough? I wasn't even there, how would I know?'

"Such a perfect plan, yet you and Ten Fingers can't even carry it out. What are you doing?"

The sound of the electric current was filled with anger.

Nine Fingers' body trembled, and he was so scared that he did not even dare to breathe.

"You're really trash!" the black-white-robed man shouted coldly. It was not hard to hear that he was very angry.

One of the important leaders had been captured, and the Divine Child embryo was missing. How could he not be angry?

"Enough, this has nothing to do with Nine Fingers!"

A person slowly stood up. He was tall and wore a woolen tunic suit. Under the silver mask, he revealed a refined and easy-going aura.

"It's Seagull. Tell me about the situation."

This man's code name was named after an animal. To be precise, this group of silver-masked men was all named after animals.

"It's a child named Lu Benwei and a child named Chu Yan," Seagull said slowly.

"J, K, why don't you two talk?"

Everyone's eyes were focused on J and K. J was the man in the clown mask, and K was the woman in the clown mask.

"In the third part of our plan, which was the attack on Qingling City, our plan was disrupted by these two people," K said.

"Later, we wanted to find information about Lu Benwei and Chu Yan through Seagull. In the end, we returned empty-handed. The identity of that little girl named Chu Yan is very mysterious."

K swallowed and continued, "Then, I personally led people to test Lu Benwei and Chu Yan's strength. Although Lu Benwei is only a level-49 magician, he has unparalleled power. He can shake a level-55 opponent!"

Immediately, there was a lot of discussion in the church, and the candlelight danced as if it was going to be extinguished by the wind.

J added, "According to the information I found, our purpose was also exposed by Lu Benwei and Chu Yan. Otherwise, Tang Wei wouldn't have returned to the Heavenly Sea Army so early. It's impossible for the Law Enforcement Bureau to destroy our nest."

As soon as he said that, the noise in the church became louder.

"These two people are too terrifying. We must get rid of them!"

"That's right. He's only at level 49, and he's able to shake up level 55. Even the oracle was severely injured by him. We have to get rid of him."

"But according to our current intelligence, he seems to be in control of the Divine Child embryo. What if he comes to a life-and-death struggle?"

The crowd was noisy, but only a few people remained unmoved. Their expressions were cold, and some even had a hint of mockery.

...

They were Five Fingers and above, and there were some shadows of silver masks.

"Seagull, tell me what else you know!" the black-white-robed man continued to ask.

Seagull paused and pondered for a moment before saying, "As far as I know, Lu Benwei and Chu Yan are both students from Zhejiang Hunter University. And the Divine Child embryo is most likely still in their hands!"

As soon as he finished speaking, the church began to clamor again.

"Zhejiang Hunter University, isn't that easy? Lead the elites to Zhejiang Hunter University. Or find out the family background of Lu Benwei and Chu Yan and kidnap their parents! We must retrieve the Divine Child embryo."

At this moment, a gust of cold wind blew in the church, and a crow barged in. It first circled the church for a while, then landed on a candle stand.

"The divine messenger has ordered we must ensure the safety of the Divine Child embryo!"

Chapter 407 Zhang Minghua's Gift

Time flew by, and the winter break came to an end.

"Little Yan, are you still coming to play during the summer break?" Jiang Xiuqin asked Chu Yan with a smile as she helped to pack the luggage.

Chu Yan stuffed her clothes into her suitcase and said, "I'll come and visit Auntie and Uncle when I'm free."

When Jiang Xiuqin heard this, she could not stop smiling.

"Mom, hurry up. We won't be able to catch the plane in a while," Lu Benwei urged.

Jiang Xiuqin frowned and scolded, "Hurry, hurry, hurry, you only know how to hurry! What time is it now? there's still a long way to go before you fly!"

Lu Benwei looked at the time and frowned.

There were still four hours before the plane took off. It would take about one and a half hours to get from Green Spirit City to the airport of Hai Province. If there was traffic jam, four hours would not be enough.

At this moment, the phone in his pocket vibrated. Lu Benwei took out his phone and saw that it was a message from Zhang Minghua.

"Lu Benwei, do you still have time to come out?"

Lu Benwei quickly typed a reply: "We'll be leaving in a while, what's the matter?"

Very quickly, Zhang Minghua's reply came.

"Nothing, my father wants to see you. If you're not in a hurry, you can come down and look for us. We'll stop at the entrance of your neighborhood."

Lu Benwei saw this message and could not help but frown.

Zhang Minghua's father was looking for him, and it was at the entrance of Lu Benwei's neighborhood. It seemed that this matter was quite important.

"Mom, I'm going out for a while. Take my luggage downstairs."

Lu Benwei finished packing, hurriedly took off his shoes, and left the house.

Behind him, Jiang Xiuqin could not help but complain, "You child, what's the matter? Why are you in such a hurry?"

...

At the entrance of the neighborhood, Lu Benwei saw an extended version of a Lincoln.

Zhang Minghua's driver had also seen Lu Benwei a few times. After seeing him, his double lights flashed.

Lu Benwei walked over and opened the door. He saw Zhang Minghua and Zhang Minghua's father.

It had to be said that Zhang Minghua's father and Zhang Minghua were practically carved from the same mold. Their figures and facial features overlapped, making them look like two identical people.

If it was not for their different hairstyles and temperaments, Lu Benwei would have thought that they were identical twins.

Zhang Minghua's father had combed his hair back and waxed it, making it as bright as a mirror.

Under the gold-rimmed glasses was a simple and honest face, and when he saw Lu Benwei, his smile became even brighter.

"Uncle Zhang! How are you?" Lu Benwei greeted.

“Lu Benwei, hello!”

Zhang Minghua’s father hurriedly pulled Lu Benwei to his seat.

Lu Benwei and Zhang Minghua’s father sat side by side. Zhang Minghua was sitting opposite Lu Benwei.

“Uncle Zhang, is there something you need me for?”

Lu Benwei was in a hurry to catch a plane and planned to get straight to the point with Zhang Minghua’s father.

Zhang Minghua’s father smiled and said, “Lu Benwei, I called you here to thank you for finding our family heirloom.”

The Zhang family’s heirloom was left in the secret realm by Zhang Minghua’s great-grandfather. Later, after some twists and turns, Lu Benwei found it and returned it to the Zhang family.

Lu Benwei smiled and politely replied, “Uncle, I’m classmates with Zhang Minghua. If Zhang Minghua has a request, I’ll help him if I can. It was just luck that I found the family heirloom.”

“I don’t care if it’s luck or not. You’ve helped us find our family heirloom, so we should at least express our gratitude!” Zhang Minghua’s father said politely.

Before he could finish, he looked at Zhang Minghua.

“I’m a boorish man without much education. In the early years, I’ve been busy with business and neglected Minghua’s education. But in the few days that you’ve been with Zhang Minghua, he’s grown a lot with you.”

Zhang Minghua’s father’s gaze became kind.

“Ever since he followed you to the sea swamp secret realm, Minghua came back and said that he wanted to go to the hunter university to learn more. He wants to become a great alchemist. Later, he told me about what happened in the sea swamp secret realm. You played a big role in Minghua’s big change.”

“Uncle, you must be joking,” Lu Benwei scratched his head in embarrassment and said, “I didn’t do anything.”

Zhang Minghua’s father continued to laugh. “Later, he followed you to the rescue in Canglong City. Although he didn’t help much, his courage is commendable! This can’t be done without your influence on Minghua. Minghua is also lucky. When he was young, he didn’t have his father, me, who was his role model. In the end, when he grew up, you appeared! So, I’ve decided to let Minghua...”

At this moment, Zhang Minghua’s expression changed slightly. “Dad, you’re not thinking of making Lu Benwei my godfather, are you?”

“You little brat, why are you so talkative?” Zhang Minghua’s father glared at Zhang Minghua.

Lu Benwei’s mouth could not help twitching. Just now, he almost thought that Zhang Minghua’s father had the same idea.

Zhang Minghua's father cleared his throat and continued, "So, I've decided to have Minghua give our family heirloom to you!"

Lu Benwei and Zhang Minghua's expressions changed slightly.

"Dad..." Zhang Minghua wanted to say something.

"Uncle Zhang, this is your Zhang family's heirloom. Isn't it inappropriate for me to hold onto it?" Lu Benwei interrupted him.

Zhang Minghua's father was very open-minded and said, "What's wrong with it? I've seen that stone tablet too. It's almost an encyclopedia of potions! But you also know that the inheritance of alchemy was broken at the moment my father, Minghua's grandfather, left. So, we have no use for it!"

Lu Benwei did not know whether to laugh or cry and said, "But Uncle Zhang, didn't Minghua want to become an alchemist? It'll be good for him in the future if he keeps the stone tablet."

"Is that so?" Zhang Minghua's father rolled his eyes at Zhang Minghua. "This kid's talent is there! Lu Benwei, you're a genius. You'll be able to shine more if you hold the stone tablet than if you put it with this kid!"

"Dad..." Zhang Minghua wanted to say something, but he was still ruthlessly interrupted by his father.

"Brat, am I wrong to say that?"

...

"Who is Lu Benwei? He's the champion of the National Class Tournament and the hero of Canglong City!"

Zhang Minghua's father scolded him sternly. The next second, he looked at Lu Benwei and immediately smiled. "In any case, you must accept this stone tablet."

Lu Benwei saw Zhang Minghua's father's insistence and nodded helplessly.

Zhang Minghua's father heaved a sigh of relief. "Brat, take out the stone tablet."

Chapter 408 Returning to School

Zhang Minghua's expression became complicated, and his eyes were filled with hesitation.

"Dad, actually..."

Zhang Minghua's father urged him. "Actually what? Where did you put the stone tablet?"

Zhang Minghua's face turned pale and he stammered, "When you gave me the stone tablet this morning, I thought it was heavy, so I left it at home..."

!!

"What?"

Zhang Minghua's father was dumbfounded. Lu Benwei silently held his forehead. This was quite in line with Zhang Minghua's style.

“You brat, why did you leave it at home?”

Zhang Minghua’s father gave Zhang Minghua a hard blow.

“I don’t know. You gave it to me because you wanted me to give it to Lu Benwei,” Zhang Minghua said with a long face.

Zhang Minghua’s father was furious, but the most important thing now was to hand the stone tablet to Lu Benwei.

“Student Lu, when is your flight?”

Lu Benwei looked at the time and frowned. “There are still two and a half hours left.”

The highway to the airport was in the North of Green Spirit City, while Zhang Minghua’s home was in the South. If he were to go back and get it now, he would not have enough time.

Lu Benwei also had to leave immediately for the airport.

“Uncle Zhang, if we really don’t have enough time, then let’s just forget about it,” Lu Benwei said, “Moreover, I’m not an alchemist by profession, so the stone tablet isn’t of much use to me.”

“Hmph, you don’t understand.” Zhang Minghua’s father slapped his thigh and said, “Refining medicine isn’t something exclusive to alchemists.”

“Is that so?” Lu Benwei was stunned. This was the first time he had heard of this concept.

Zhang Minghua’s father said, “As long as it’s refining medicine, anyone can do it. The only difference between an alchemist and a non-alchemist is that an alchemist is faster and has better comprehension.”

“I see.” Lu Benwei understood.

Then, he muttered to himself for a while and said, “Uncle Zhang, we don’t have enough time. Let Minghua hold onto the stone tablet.”

“It’s fine.” Zhang Minghua’s father waved his hand. “Lu Benwei, get out of the car first. Go to the airport with your friend. I’ll get the driver to drive home now. He’ll catch up after stepping on the gas a few more times!”

Seeing Zhang Minghua’s father’s insistence, Lu Benwei did not dare to refuse.

After getting out of the car, Lu Benwei saw Chu Yan, Lu Dayong and his wife at the entrance of the neighborhood.

Lu Benwei waved goodbye to Zhang Minghua, and then the Lincoln limousine roared and headed home. He even ran two red lights.

“They didn’t even look at the red light?” Lu Dayong frowned and muttered, “Little Lu, who’s that?”

“My classmate. He’s here to discuss something with me,” Lu Benwei casually replied.

“Get in the car.” Lu Dayong did not mind and told him to get into the car.

The car started slowly, and Lu Dayong and his wife brought Lu Benwei and Chu Yan to the airport. The journey was smooth, and Lu Benwei and Chu Yan arrived at the airport very quickly.

After getting out of the car and bidding farewell to the two elders, the two checked in, waited for the flight, and then began boarding.

Lu Benwei looked at the time and waited in line at the empty airport.

"It seems like they won't be able to make it," Lu Benwei said lightly.

"What did you just say?"

As soon as Chu Yan's voice fell, the roar of the engine and the siren of the police car came from the far end of the parking square.

"Boom!"

A Panamera entered the parking lot. Dozens of patrol cars were closely following behind.

"Damn, Zhang Minghua this guy..." Lu Benwei's mouth twitched.

He did not expect that Zhang Minghua would pay such a huge price to give Lu Benwei a stone tablet.

Barging into the airport with a private car was not a small crime.

Lu Benwei's phone rang. Without a doubt, it was Zhang Minghua.

Lu Benwei used Lightning Speed and quickly approached Zhang Minghua.

"Whoosh!"

Lu Benwei's burst of speed created a strong wind field. In an instant, all the passengers waiting to board the plane were attracted.

"Damn, this is a scene that only appears in a game!"

"This kid is so fast! Which school did you graduate from?"

Zhang Minghua was driving the car when he saw Lu Benwei running toward him.

"Damn, Lu Benwei, how can you be so fast? Don't you know that a man can't be too fast?" Zhang Minghua said as he handed the stone tablet to Lu Benwei.

Lu Benwei understood Zhang Minghua's meaning and laughed. "Go to hell."

After receiving the stone tablet, the airport patrol arrived and pressed Zhang Minghua to the ground.

Lu Benwei said, "How daring of you to speed to the airport."

The patrolmen wanted to arrest Lu Benwei. However, the moment he said that, the patrolman immediately dispelled this thought.

Although it was not right to say that, it could dispel the suspicion of the patrolmen.

As Lu Benwei was about to board the plane, the patrol did not request for him to record his statement.

...

On the plane, Lu Benwei took out the stone tablet.

...

It was covered with dense and complicated patterns, and it contained the blood essence of the Zhang family's ancestors for hundreds of years.

Lu Benwei kept rubbing it with his hand. He knew why the Zhang father and son were willing to give up everything to send the stone tablet to Lu Benwei.

One was to express his gratitude to Lu Benwei. Secondly, he hoped that this legacy would continue.

At this time, Lu Benwei received a message on his phone.

"Don't worry, Lu Benwei. My father has used his connections. I'm fine! I'm going to study hard in the future and become an alchemist. When that time comes, you must return my family's legacy stone tablet."

Lu Benwei chuckled, replied with an "OK" emoji, and went to sleep.

...

After a day and a night of travel, Lu Benwei and Chu Yan returned to Zhejiang Hunter University at eight in the morning.

The registration period for the start of the school term was in two days.

It was the morning of the first day, and the crowd on the campus was still quite sparse.

After Lu Benwei finished packing his luggage, he immediately received a message from Chen Yuan.

...

"Lu Benwei, please come to my office when you arrive."

Lu Benwei did not say anything and went directly to Chen Yuan's office.

"Welcome back, the hero of Canglong City!"

The moment Lu Benwei entered, he saw Chen Yuan raising his glass to congratulate him.

"Mr. Principal, I'm flattered," Lu Benwei touched his nose and said, "I only made an insignificant contribution!"

"Is that so?" Chen Yuan was playing with a pair of walnuts.

"But you've only accumulated a few insignificant contributions, and your name has already spread throughout the entire Dragon Kingdom. Right now, countless guild leaders are fighting to ask me for you."

Lu Benwei blinked, not understanding what Chen Yuan meant.

"It's for you to graduate early and join the army," Chen Yuan said.

Chapter 409 The Future

“Graduate early? Enter the army?”

Lu Benwei could not understand the strange requests of the so-called regiment commander.

“We can graduate in advance?”

“Of course!” Chen Yuan said, “Our school’s graduation requirement is to reach the second transition and pass the graduation assessment. To be honest, the day you completed your second transition, you already completed the requirements for graduation. And we can’t give you anything more.”

!!

Lu Benwei’s eye muscles twitched.

“Mr. Principal, what do you think I should do?”

Chen Yuan looked at Lu Benwei.

After an unknown amount of time, he finally said, “Don’t you already have the answer in your heart? You don’t want to join the army for the time being. Can you tell me why? I’ll be able to reject those people in the future.”

Lu Benwei pondered for a while and said, “It’s cultivation. After entering the army, my cultivation speed will slow down. I think I’m still young. I still want to try to reach higher levels. Besides, I don’t want to enter the army and be restricted by those red tapes!”

“Oh?” Chen Yuan’s eyes brightened. “From what you’ve said, you want to be a social hunter?”

“Yes, I am!” Lu Benwei replied firmly.

“You’d better think it through. As a hunter, you’ll have to walk your own path in the future.”

“I’ve already thought about it!” Lu Benwei said firmly.

Looking at Lu Benwei’s determined eyes, Chen Yuan sighed.

“Alright. Since you’ve made such a choice, I won’t stop you,” Chen Yuan said as he handed a document to Lu Benwei.

After taking it, Lu Benwei did not open it but asked directly, “Mr. Principal, what’s this?”

“This is a special document. You can leave after you graduate this semester.”

Lu Benwei was shocked. He blocked Chen Yuan’s face and opened the file.

There were dozens of documents inside. Other than one, the rest were all stamped or signed.

Chen Yuan scratched his face and said with a frown, “The remaining document is from the Board of Directors. That bunch of old fogeys, they won’t approve no matter what!”

“Why?” Lu Benwei was confused.

From the moment he got to know Chen Yuan, Lu Benwei had heard him complain about the school board of directors a lot. The board was very mysterious, and Lu Benwei had never seen any of them.

“Give this to me first,” Chen Yuan said, “If they don’t sign it by the summer break this year, I’ll go to their house and use my lightning magic against the back of their heads. I don’t believe they’re so reluctant to do it.”

Lu Benwei smiled awkwardly.

Chen Yuan had told him before that the nine hunter universities were funded by the Dragon Kingdom and the big families.

After the students graduated from the nine hunter universities, they would either join the army or the central army. The other option was to work in the family’s business, commonly known as bag distribution!

According to the rules, if the students of the nine hunter universities refused the allocation, they had to go through layers of review.

As Chen Yuan said, Lu Benwei was stuck on the school board’s side.

Lu Benwei did not know whether to laugh or cry as he asked, “Mr. Principal, may I ask what the family at the school board sees in me that they don’t want me to become a social hunter?”

“Who knows?” Chen Yuan shrugged. “Perhaps one of the directors saw your ability and wanted you to be their child’s home tutor.”

Lu Benwei grinned helplessly.

“Mr. Principal, is there anything else?”

“There’s nothing else.”

“Then I’ll take my leave.”

Lu Benwei turned around and left. When he reached the door, Chen Yuan said, “By the way, there’ll be a competition between the clubs in a week. You should prepare yourself. I heard that Zhou Qingfeng received his family’s inheritance during the winter break, and his strength increased by a huge margin. You can’t let your guard down.”

“He obtained the family’s inheritance?” Lu Benwei was interested.

Zhou Qingfeng seemed to be from a big family in Dragon City. Since he had inherited his family’s legacy, his strength must not be underestimated.

“What’s your level now? Have you broken through level 50 yet?” Chen Yuan asked again.

“You’ll know soon during the club competition.” Lu Benwei grinned.

“Little brat, you’re still keeping me in suspense.” Chen Yuan laughed.

“If there’s nothing else, I’ll take my leave. Chu Yan is still waiting for me in the club’s activity room.”

“Get lost!” Chen Yuan waved his hand quickly.

...

When he reached the activity room, Lu Benwei found Chu Yan, Zhao Xiaoqi, and Dugu there.

“You’re so late. Did the principal give you something good again?” Chu Yan complained to Lu Benwei.

“That’s not true, the principal is fair!” Lu Benwei denied.

He did not expect that his words would immediately cause everyone to look down on him.

“The principal treats everyone equally. If we didn’t know that you’re so talented, we would have thought that you’re the principal’s illegitimate son!” Dugu and the others said with red eyes.

“Dugu, are you itching for a beating again?” Lu Benwei threatened with a smirk.

“I wouldn’t dare!” Dugu was shocked and raised his hands in surrender.

“Back to the main topic, what meeting did you call me here for?” Lu Benwei no longer played with the crowd.

“What else can it be? It’s the club competition!” Chu Yan supported her chin with her hands and rolled her eyes at Lu Benwei.

“Could it be that you guys have some plans?” Lu Benwei asked in confusion.

“Who was the one who said that we were going to form a club and become the number one club in Jiangsu and Zhejiang Hunter University?” Zhao Xiaoqi suddenly said.

...

As one of the earliest members of the God Slayer’s Club, Zhao Xiaoqi worked hard for the club, while Lu Benwei was a hands-off manager.

“Aren’t we the same now? With me here, who would dare to ride on our heads?” Lu Benwei asked in surprise.

However, as soon as he finished speaking, he was beaten up by everyone.

“You’re the best at Zhejiang Hunter University, but we’re not!” Zhao Xiaoqi rolled her eyes.

“We’re not stupid. With your current strength, it’s only a matter of time before you graduate early.”

Lu Benwei was speechless and fell into silence. They were all smart people and had more or less received some news.

“Just based on the name of the God Slayer’s Club, can you guarantee that the Heavenly God Temple will not be torn down by us after you leave?” Dugu continued.

Lu Benwei thought that Dugu was right.

Based on his understanding of the Heavenly God Temple, they would never let go of the God Slayer’s Club.

“Then what do you want me to do?” Lu Benwei asked again.

“It’s very simple. You’re not allowed to go there for the entire week. When it’s time for the club competition, you’ll trample on Heavenly God Temple!”

...

Chapter 410 Hatred

“Yes, that’s right! We want to go through this club competition. When Heavenly God Temple sees us, they will be like mice seeing a cat! We want them to fear us when they see us.”

The crowd chattered noisily, and a few unknown members of the God Slayer’s Club chimed in.

Lu Benwei felt a headache. It was not difficult to get first place, but it would be a little difficult to make Heavenly God Temple fear the God Slayer’s Club.

“We’re not perverts. Isn’t this a little immoral?” Lu Benwei’s expression turned ugly.

“What’s immoral about it?” Zhao Xiaoqi crossed her arms and looked indignant. “You’re a hands-off shopkeeper, so you don’t know.”

“The members of the Heavenly God Temple have repeatedly come to our God Slayer’s Club to find trouble. And it’s all when you’re not around!”

Lu Benwei was surprised. “There’s such a thing?”

“Of course!” Zhao Xiaoqi gave Dugu a look.

Dugu immediately stood up and took out his phone.

“Brother Lu, look, this is the evidence that the Heavenly God Temple came to our God Slayer’s Club to find trouble when you participated in the National Class Tournament last semester!”

After saying that, Dugu opened the photo album on his phone.

Lu Benwei stretched out his head.

It was a colorful picture. The door and the surrounding walls of the God Slayer’s Club activity room had been painted with a myriad of colors.

Among them, there was a line of words written in black paint, which was extremely eye-catching!

“The God Slayer’s Club! Change the name immediately! Otherwise, we’ll disband you!”

Lu Benwei frowned slightly. No wonder the environment of the club activity room and the corridor outside had changed after he came back from the National Class Tournament.

“Are you sure that it’s the doing of the Heavenly God Temple? Could it be that other societies are trying to frame them?” Lu Benwei asked again.

“It can’t be fake,” Dugu suddenly said indignantly, “That day, I passed by the activity room of Heavenly God Temple but I didn’t mess with their trash can. Several members of the Heavenly God Temple know that I’m from the God Slayer’s Club. They kept pestering me to clean up the garbage!”

Dugu seemed to have suffered a great grievance, and his eyes gradually turned red.

“I thought it wouldn’t be a big deal, so I did as I was told. But the other party didn’t let me off and insisted on cleaning up their area. I didn’t want to, so I started fighting with them!”

“You guys fought?” Lu Benwei asked again.

However, the next second, Dugu was like a deflated leather ball, and weakly said, “No, I didn’t.”

This was the first time Chu Yan had heard Dugu talk about this and she was very angry.

“Dugu, let’s go. We’re going to reason with them! Who else has been bullied by the Heavenly God Temple? Let’s go and reason with them!” Chu Yan called out.

“Alright!”

“I’ll go! That day, I was in the battle arena for no reason and was challenged by an unknown person. Later, I happened to see that person enter the activity room of Heavenly God Temple!”

“And me, before the winter break...”

Under Chu Yan’s lead, a few more people suffered injustice from the members of the Heavenly God Temple.

For a time, the crowd was in a frenzy, and everyone could not wait to remove the Heavenly God Temple from the list!

“Alright, let’s notify the group and see if there’s anyone else who has encountered similar situations!” Chu Yan said.

As expected!

Once Chu Yan’s message was posted in the group, there were immediately hundreds of responses. Nearly one-third of the people had suffered a tit-for-tat confrontation with the Heavenly God Temple!

The timing was also when Lu Benwei and Chu Yan were not in school!

Lin Feng heard that Chu Yan and the others were about to make a big move and texted the group, “Since so many of you are being targeted, I, Lin Feng, cannot just sit back and wait for death! @proud and aloof wolf, Yanyan, wait for me. I’ll be at school soon!”

Proud and aloof wolf was Chu Yan’s name in the group, and she used it as her codename.

Chu Yan replied, “Then hurry up!”

“Yanyan, don’t start a conflict with the Heavenly God Temple first,” Lu Benwei suddenly said.

For a moment, many people in the activity room were very confused.

“Why? Are you scared?” Chu Yan asked.

“Why would I be afraid of the Heavenly God Temple?” Lu Benwei denied.

“So many of our members have been bullied, and we’re just going to sit back and wait for death?”

Lu Benwei shook his head and said, "We must revenge them. But what happened after that?"

The activity room fell into silence.

Lu Benwei continued, "You said that I should trample on the Heavenly God Temple in this competition, but what about after that?"

Everyone was speechless.

Dugu smiled awkwardly and said, "If we ruthlessly trample on them, they'll fear us in their bones. Naturally, they won't look for trouble.

"Then, may I ask, are they afraid of me, or are they afraid of us God Slayer's Club?"

"This..." Dugu did not dare to answer.

"Then let me ask you, since the Heavenly God Temple bullied you, why didn't you fight back, but wait for me to come back?" Lu Benwei's voice gradually turned cold.

Dugu lowered his head, his nails digging.

"They're all elites from the second and third years," Gu Xuan said weakly, "Our club is mainly made up of first-year students. We're not their match."

"Oh, I see."

Lu Benwei's voice became playful.

"Then you guys deserve to be bullied."

...

As soon as he said that, the activity room fell into dead silence. Everyone's expressions changed.

"The God Slayer's Club is ours! When I'm still in school, I can protect you. But when I'm not here, you'll still be bullied by the Heavenly God Temple.

Lu Benwei swallowed his saliva and continued in a deep voice, "When I heard that you were bullied by the Heavenly God Temple, I'm also very angry and I'm ready to help you settle the score."

Chu Yan stood aside, quietly listening to Lu Benwei's speech.

Halfway through, his tightly furrowed brows relaxed. He took out his phone and turned on the group voice chat. Almost everyone was on the phone, listening to Lu Benwei's speech.

"I thought that we'd be united and take revenge for our brothers and sisters. But what I saw was everyone waiting for me and Chu Yan to come back and take revenge for you! Don't you all plan to become stronger and then take revenge on those people from the Heavenly God Temple who bullied you?"

Lu Benwei's cold words spread thousands of miles and entered everyone's ears.

Everyone's face turned red, and they lowered their heads.

Lu Benwei ruthlessly destroyed the cover in their hearts but also aroused their hatred.
