

Dungeon 411

Chapter 411 Inviting the Blood Monster

“There’s still a week before the club competition. For this week, I’ll come to our activity room at 5 am every morning. Starting at 5:10 am, I’ll be giving you special training! Meeting dismissed!” Lu Benwei said in a deep voice.

Even after a long time, the crowd still could not calm down.

At this moment, the hearts of Dugu and the others were like turbulent waves. They had been living in Lu Benwei’s shadow and had always relied on him.

In the face of Heavenly God Temple’s difficulties, they did not think about solving it by themselves, but hoped that Lu Benwei could help them solve it.

“Brother Lu, don’t worry. Not just for the next week, but every day from now on, I’ll double my cultivation.” Dugu suddenly stood up and waved his arms.

As soon as he finished speaking, someone else raised his fist and swore.

“In the coming week, I’ll train well with the president. When the competition between the clubs comes, I’ll beat up the Heavenly God Temple!

“Me too. I must make the member of the Heavenly God Temple who beat me up pay the price in blood!”

For a moment, the crowd was excited, and their blood was boiling.

Those who were present and those who were not, all swore to make the Heavenly God Temple pay the price in blood.

Lu Benwei looked at the crowd and nodded with relief.

Chu Yan quietly walked behind Lu Benwei and pouted her cherry lips as if she had something to say to Lu Benwei.

“What’s wrong?” Lu Benwei pointed out Chu Yan’s hesitation.

“I’m sorry. I was too impulsive just now. I didn’t think too deeply about it,” Chu Yan said in a mosquito-like voice.

Lu Benwei was startled and remembered that Chu Yan wanted to bring Dugu and the others to the Heavenly God Temple to settle the score.

“It’s okay. In fact, I also want to find the Heavenly God Temple to settle the score now,” Lu Benwei comforted Chu Yan and whispered, “But if we do that, we’ll harm the members of the God Slayer’s Club.”

Chu Yan nodded. “I know I was wrong.”

Lu Benwei stretched out his hand and rubbed Chu Yan's hair. Her hair was as smooth as silk, and it looked like a black waterfall when she held it in her fingers. There was a faint smell of lavender in the air.

"Are you coming tomorrow morning?" Lu Benwei said softly.

"Yes!" Chu Yan replied firmly.

...

That night, Lu Benwei sat cross-legged on the rooftop.

The Milky Way was vast, and the stars covered the bright light of the moon.

Lu Benwei absorbed the power from the universe and his body was like a star, sometimes shining and sometimes dim.

"Break!"

Lu Benwei's eyes suddenly widened, and starlight gushed out of his body like a river! He heaved a long sigh of relief and muttered to himself, "The stars are tempering the body and the Milky Way is forming in the body. How wonderful! Compared to the profoundness of nature's supreme power, the divine treasures in the body are even more extraordinary!"

After the starry sky dragon's guidance, Lu Benwei had a different understanding of the journey of cultivation.

Suddenly, he was startled. His eyes narrowed and a bright light flashed between his eyebrows. The bronze temple was magical and could be big or small according to Lu Benwei's free will. It was very small and exquisite, floating in front of Lu Benwei.

The star tempering had also washed it. The bronze rust on the outside was washed away, and the whole body was surrounded by a layer of hazy starlight.

Lu Benwei's spiritual will moved and entered the bronze temple.

It was not just the outer walls of the bronze temple. The bronze walls inside the bronze temple were also covered with a starry sky curtain, which was hazy and mysterious.

Of course, Lu Benwei's purpose here was not to visit the bronze temple, but to find the Blood Monster.

Lu Benwei slowly walked into the depths of the bronze temple and came in front of the Blood Monster.

"Yo, not bad. You survived. Following me, you've received the grace of this supreme divine treasure."

The moment Lu Benwei saw him, he laughed.

The stars tempered the body and absorbed the power of the stars.

The Blood Monster had also obtained some of the benefits. A faint layer of starlight surrounded his body, and his strength had increased by a lot. However, it was still a little difficult to break free from the restraints of the three bronze monsters.

The Blood Monster raised his head and sneered at Lu Benwei.

Lu Benwei waved his hand and said to the three bronze monsters, "You guys should undo his seal first. With me around, he won't be able to do anything."

The bronze monster followed Lu Benwei's order and released the Blood Monster's limbs.

The Blood Monster stood up. He was tall and majestic, even taller than Lu Benwei.

"If you're trying to please me for the location of the Blood Monster clan's territory, I'm afraid you'll be disappointed," the Blood Monster said with a cold smile while rubbing his sore wrist.

Lu Benwei's mouth curved up and he smiled faintly. "You're wrong. I asked you to come because I wanted to drink with you."

"Drink?" The Blood Monster frowned.

Lu Benwei rubbed his chin and said, "I heard from my friends that you had a few drinks with them. I'm very curious, how did you get to drink with my friend when all your limbs were suppressed?"

The Blood Monster's brows furrowed into a knot. The memories of that day came back to him. Not long ago, a fatty and a blockhead had suddenly been teleported into the bronze temple.

Fatty, who was Zhang Minghua, saw that the Blood Monster was being suppressed and felt pity for him.

In addition, Zhang Minghua felt bored, so he started drinking with the Blood Monster. He vaguely remembered that the fat man had poured a transparent, spicy liquid into his mouth.

At first, he almost vomited, but later on, his body became light. Even though he was bound, he could still feel that he was flying freely in the clouds.

He felt freedom although he was trapped in the dark bronze palace. The Blood Monster expressed his feelings and poured out his grievances to Zhang Minghua. This included the information that the Blood Monster had lied to Lu Benwei.

Lu Benwei did not want to know the answer to this question. He just wanted to remind the Blood Monster that he did not need to pretend anymore.

"So many people interrogated me and used all kinds of torture instruments. Do you think I'll tell you?" The Blood Monster's expression was full of mockery as he sucked on his teeth.

Lu Benwei smiled and replied, "Do you want to go out for a walk?"

"What?" The Blood Monster was stunned and thought he had heard wrong.

...

"Go out for a walk and see the sun outside?" Lu Benwei repeated.

"Human, don't try to get close to me!" The Blood Monster sneered.

"Do you think I can tell you the location if you agree to let me go?"

Lu Benwei pretended to be surprised and said, "I didn't say I'll let you go. You're thinking too much, right?"

The Blood Monster's expression was as if he had just eaten a fly.

"Then why did you let me out for a walk and see the sun?"

"Do me a small favor and I'll let you move within my sight for the next week."

Chapter 412 Crushed with A Single Punch

"What do you mean?" the Blood Monster asked with a frown.

"I want you to help me with the special training. I have a club and I'm about to participate in a competition," Lu Benwei said slowly.

"It's a pity that we're lacking some manpower to help them train, so I thought of looking for you."

"Do you think I'll agree to it?" the Blood Monster said coldly.

"Of course," Lu Benwei replied firmly, "Compared to staying in this dark bronze temple, having a short period of freedom is an irresistible temptation for you."

"It's just another way to keep me locked up." The Blood Monster's eyes were sharp and he sneered.

"You're right! I won't let you go," Lu Benwei did not deny it.

"After all, you'll be my bargaining chip with the Blood Monster Emperor in the future."

Suddenly, Lu Benwei frowned and said, "No, you don't seem to be of any use to me."

"What's the meaning of this?" The Blood Monster was somewhat angered by Lu Benwei's nonsense and raised his voice.

Lu Benwei's expression became playful. "I suddenly recalled that you're just an abandoned pawn to the Blood Monster Emperor."

"You're talking nonsense! I'm the Blood Monster clan's royal grandson, the future Emperor of the Blood Monster clan. How could Grandfather abandon me?"

"Oh? Is that so?" Lu Benwei sneered and looked at the Blood Monster with a teasing expression.

"But if you become the Blood Monster clan's Emperor, isn't it the prerequisite that your grandfather must pass the throne to your father and then to you? However, if the Blood Monster Emperor were to master the undying inborn, do you still think that it's possible for you?"

"Why is it impossible?! The Blood Monster could not believe it. His eyes were red.

In a short moment, the dark bronze temple was filled with a thick bloody aura.

"How dare you cause trouble in the bronze temple!"

The three bronze monsters could not sit still any longer. Their staffs, monster-subduing vajras, and other weapons bloomed with threatening demonic light!

Lu Benwei raised his hand and motioned for the bronze monsters to be quiet.

“You’re just an abandoned child. The Blood Monster Emperor has mastered the undying inborn. He doesn’t have to worry about dying of old age. You’re just a dispensable grandson to him.”

Lu Benwei’s words were like a sharp sword stabbing into the Blood Monster’s heart.

“That’s impossible. Grandfather loves me the most. He’ll miss me and come to save me!”

“Save you?” Lu Benwei sneered.

“Jiangsu-Zhejiang Hunter University is located in Jiujiang City, an important city in the Dragon Kingdom. There are four regiments guarding the place, as well as the central army with powerful firepower. Your grandfather finally got to live forever. Why would he take such a risk to save you?”

“You’re talking nonsense!” The Blood Monster’s body was covered in blood qi, and he gritted his teeth so hard that they made cracking sounds.

Lu Benwei’s lips curved up as he looked at the furious Blood Monster and said, “If one day he wants to experience the joy of family, can’t he just ask your father to give birth to another child for him? If your father can’t do it, it’s possible for your grandfather to do it himself.”

“Lu Benwei, I’m going to kill you!”

The Blood Monster could not hold it in any longer and charged forward, pointing at Lu Benwei’s head!

“Bloodline Tide!”

Blood gushed out of the Blood Monster’s body. It was like a wave hitting the shore, causing the surrounding bronze walls to rumble.

It was hard to imagine that after being sealed for so many days, the Blood Monster could still launch such a powerful attack.

Lu Benwei sneered and punched out! This was a simple and unadorned attack. The fist hit the blood wave and directly split open a path.

“Boom!”

The fierce wind from the fist hit the Blood Monster, and his internal organs were overturned. He spat out a large mouthful of blood and was sent flying.

“How did you grow so fast?!” The Blood Monster was dumbfounded.

Lu Benwei only used one punch and he was already in a sorry state. He did not even move.

“Answer me, do you agree or not?”

Lu Benwei’s expression was cold, and his eyes shot out a threatening light.

The Blood Monster swallowed his saliva and did not dare to breathe too loudly, afraid that he would be turned into a bloody pulp by Lu Benwei because of a mistake.

“I agree, I agree...”

The Blood Monster was afraid. He finally knew that Lu Benwei had given him temporary freedom. As long as the Blood Monster showed any signs of escape, Lu Benwei would crush him into pieces!

Lu Benwei took out a handkerchief and wiped the blood on his hand. It was the blood left behind by the Blood Monster's attack.

"I'll wake you up tomorrow morning. Most of the people you're going to train are below level 30, so be prepared."

Then, Lu Benwei left the bronze temple.

After a long time, the Blood Monster's empty eyes finally lit up. "Alright... I got it. "

...

At 4.30 the next morning, Lu Benwei came to the club's activity room.

Lu Benwei opened the door and was immediately shocked by the number of people in the room.

"Hello, President!" With Dugu in the lead, everyone shouted in unison.

"There's still half an hour left. Why are you here so early?" Lu Benwei asked in surprise.

"I'm just hoping that you can train them more." Chu Yan yawned as she walked into the activity room.

"That's right, President." Everyone laughed and requested. "We all want to train well and defeat the Heavenly God Temple with our own strength."

Lu Benwei was very pleased to see everyone's fighting spirit.

"Since everyone's so passionate, I'll go all out. Let's go to the arena now!"

...

Lu Benwei called everyone to the arena.

At this time, the sky had just started to brighten, and since it was the start of the school term, the arena was empty.

"Next, I'll divide you into three groups to fight against me, Chu Yan, and another person!" Lu Benwei said to everyone.

"There's another person?"

Everyone was confused.

"Is it Lin Feng?"

"That's not right, didn't Lin Feng not come?"

"Then who could it be?"

Lu Benwei cleared his throat and said, "I hope everyone can be calm when you see him. Don't cause too much of a stir."

Seeing how mysterious Lu Benwei was, everyone was even more curious. They stretched their necks to see who this person was.

“Come out, Blood Monster.”

...

Lu Benwei’s voice fell, and a blood-red light flashed between his eyebrows.

The Blood Monster appeared in front of everyone. His face was deathly pale, but he was full of vigor, a huge contrast. His eyes shot out a threatening blood-red beam that made people shiver.

Everyone gasped in shock.

” Blood Monster, it’s the Blood Monster!”

Some people were so scared that they turned around and ran, and some even fainted!

The Blood Monster frowned and said to Lu Benwei, “You want me to train this group of people?”

The crowd instantly fell silent.

“Eh, he didn’t attack us. They even seem to be very polite to President Lu.”

Chapter 413 Obstruction

“I say, Lu Benwei, all of you are humans, but why is the difference between you and them so big?”

The Blood Monster yawned as he spoke to Lu Benwei.

At this time, Dugu gave roared and charged over. The Blood Monster smacked his lips and broke Dugu’s attack with his thin fist.

“Boom!”

Dugu screamed and flew out directly.

The other members of the God Slayer’s Club who had come for special training looked at each other when they saw this.

“Let’s attack together!”

“Boom, boom, boom!”

A few of them charged forward and used their strongest attacks.

The flames rolled, the sword glowed, and the thunder roared. They wanted to kill the Blood Monster in one blow.

The Blood Monster’s expression was indifferent as he casually launched an attack.

“Boom!”

The blood was like a huge wave washing away the sand, dissolving the attacks of the few people completely! The blood waves churned and ruthlessly smacked this group of people who had formed an alliance.

“Isn’t this a little too weak?”

The Blood Monster sneered as he yawned.

Half an hour ago.

Lu Benwei summoned the Blood Monster and told everyone that he was the helper. After that, a few of them tried to attack, but they were all neutralized by the Blood Monster. At the same time, the Blood Monster mocked everyone for being trash.

Everyone was furious. A captive dared to say such big words and start a battle with the Blood Monster.

Lu Benwei thought that the Blood Monster would be able to deal with it in a hurry, but he did not expect it to be so easy to deal with everyone’s attacks.

After a round of attacks, no one was able to hurt the Blood Monster.

“That’s not fair. If you have the ability, then suppress the level of those who are the same as us.” Some people were indignant.

The Blood Monster shrugged. “Sure! Then I’ll show you the difference between you humans and us monsters!”

As soon as he finished speaking, the Blood Monster appeared in front of the man. Even though his level was suppressed, his speed was still beyond the reach of ordinary people.

With a punch, the man was forced to retreat and retch.

Only then did the others react. They each used their skills to surround and hunt the Blood Monster.

Another round of battle ended, and the duration was even shorter than the time when he was at the peak level!

With his level suppressed, the Blood Monster did not have to worry about how heavy his attacks were. He could go all out and attack as he pleased.

The Blood Monster heaved a long sigh of relief when the last person fell.

“As expected of a genius from the Blood Monster clan. I’m afraid there are few people at the same level who can suppress him.”

Lu Benwei did not need to give any training. The Blood Monster was enough to do so.

After watching the two rounds of competition, Lu Benwei sat in the audience.

“I don’t know if you’re complimenting yourself or the Blood Monster,” Chu Yan said disdainfully as she hit the railing with her hands.

Under the warm morning sun, Chu Yan’s entire body seemed to be covered in a layer of golden powder.

“Of course, I’m talking about the Blood Monster.”

“Tsk.” Chu Yan rolled her eyes. “You’re using monsters for special training. Think about how you’re going to face public opinion next!” she said.

Lu Benwei shrugged. “It doesn’t matter. I’ve already informed the principal.”

At this moment, the Blood Monster looked over. “Lu Benwei, what’s your special training for them?”

Lu Benwei pondered for a while and then said loudly, “Your task today is to fight them for an entire day.”

“What?!”

It was not just the members of the God Slayer’s Club who cursed. Even the Blood Monster cursed.

“Aren’t you afraid that the Blood Monster will kill them by accident?” Chu Yan frowned and complained about Lu Benwei’s perverted behavior.

“Compared to this, I’m more afraid that they’ll be beaten up and have some special hobbies,” Lu Benwei said with a smile.

“Abnormal!”

Chu Yan rolled her eyes and cursed Lu Benwei.

Then, she yawned again, and the young girl stretched her graceful waist. The light of the sunrise illuminated the lines of her body very clearly, and every part of her was filled with the aura of youth.

“Sigh, annoying fellow,” Chu Yan said lazily.

“What?”

“Put your shoulder over here, I’m sleepy.”

Without waiting for Lu Benwei’s response, Chu Yan leaned her head on Lu Benwei’s shoulder.

Not long after, Chu Yan fell asleep. The girl’s unique breath lingered around Lu Benwei and occasionally entered his nose.

His warm breath hit Lu Benwei’s chest, and even through his clothes, it made his heart itch.

Lu Benwei was like a puppet, trying not to move to avoid disturbing Chu Yan’s beautiful dream.

...

After an unknown amount of time, Chu Yan was awoken by the sound of hurried footsteps.

...

Chu Yan saw Liu Yi, Wang Wei, and a group of teachers from the school entering the arena.

A few of them did not say a word and immediately rushed forward to fight the Blood Monster!

Liu Yi, Wang Wei, and Li Muchen, the form teacher of Class One, rushed to Lu Benwei.

“Lu Benwei, Chu Yan, you’re too bold!” Wang Wei shouted angrily. He was so angry that his hair stood up.

Liu Yi’s face was full of worry. “You little brat. School hasn’t even officially started, and you’ve already caused such a huge mess for me. Are you trying to anger me to death?”

“Mr. Liu, Elder Wang, and Teacher Li, how are you?”

“What’s so good about it? Quickly tell me what’s going on.” Wang Wei suppressed the anger in his heart. As soon as he finished speaking, there was a loud bang.

The Blood Monster coughed out blood. “Lu Benwei,” he roared, “Didn’t you say that no one would come to make me unhappy with you here?”

There were four level-60 teachers surrounding the Blood Monster. He was no match for them and his body was covered in wounds.

“Evil creature, bewitching our students, you’re looking for death!” One of the teachers roared and slashed at the blood fiend with his silver sword.

The Blood Monster had fought a bloody battle and was covered in injuries. He could not organize an effective counterattack.

...

“Holy Light Shield!”

Lu Benwei jumped up and activated the Holy Light Shield to block the Blood Monster!

“Minor Healing!”

“Holy Light Shield!”

The broadsword shattered the Holy Light Shield and continued to slash at the Blood Monster!

The shield buzzed, and the radiance of divinity blocked all attacks for the Blood Monster!

“Boom!”

The sword shattered, and the world temporarily returned to silence.

“Lu Benwei, move!” the professor shouted.

“Teacher, listen to me. This is the Blood Monster. It’s...”

Before Lu Benwei could finish, the professor released a second wave of attack.

“The Blood Monster clan has destroyed the human race in Li City. They deserve to die!”

The large sword fragments reassembled and were even larger than before, occupying the entire sky above the battle arena.

“Swish!”

After a buzzing sound, the large sword once again emitted a dazzling golden radiance that was even more resplendent than the sun!

Lu Benwei stood in front of the Blood Monster and activated the Mountain Sea Seal!

A huge mountain rose from the ground, blocking the sun and blocking the sharp golden sword.

Everyone's expression changed. In an instant, the great mountain collapsed, and the world lost its color.

Chapter 414 War Monster?

The mountains and rivers lost their color, the great mountains collapsed, and the dust that was stirred up covered the rising sun.

"Professor sun, the principal has given me the right to deal with the Blood Monster. I have the right to do whatever I want with him!" Lu Benwei said, trying to calm the misunderstanding.

"I know! But Lu Benwei, you're too bold to be working with monsters to train students!" Professor Sun said in a deep voice.

"Just to be safe, I think it's better to return the Blood Monster to the school!"

!!

After saying that, Professor Sun stepped forward with his sword, ready to snatch the Blood Monster.

"Professor Sun, I'm sorry!"

Lu Benwei was helpless when he saw that Professor Sun was determined to take away the Blood Monster.

The large sword slashed down, and its light flooded the arena like an ocean.

Lu Benwei's fists moved, and the small universe exploded with unparalleled destructive power. The sky was filled with stars, and under the bright sun, a silver river appeared.

The Milky Way fell like a waterfall and hit Professor Sun.

"B*stard, how dare you!"

Wang Wei's eyes widened in anger as he leaped up!

"Shadow Kill!"

A black shadow appeared in the air and tried to stop Lu Benwei.

"Swish!"

The silver radiance of the stars scattered, and all the attacks were obliterated.

The Myriad Light Fist had been upgraded to the Star-shattering Fist that could destroy everything!

"Collect!"

Lu Benwei clenched his fist as if heaven and earth were in his palm.

The starlight dissipated, and the world returned to silence.

Wang Wei and Professor Sun were shocked. Their joint attack was easily resolved by Lu Benwei.

Although 20 percent was holding back, the strength Lu Benwei displayed shocked the two.

“Lu Benwei, do you really want to betray the school and be our enemy?” Professor Sun said coldly.

“Professor Sun, what did I do wrong?” Lu Benwei also responded coldly.

Liu Yi, who was on the ground, clenched his teeth and stomped his feet before flying forward.

“Lu Benwei, just give in. Professor Sun is the vice principal of the school and is in charge of discipline. He can punish you.”

Liu Yi’s heart was broken.

Lu Benwei’s expression did not change, and he stared at Professor Sun and Wang Wei.

“Professor Sun, I’ll say it again. I didn’t do anything wrong.”

Professor Sun snorted and pointed at the Blood Monster behind Lu Benwei. “Colluding with monsters isn’t only a violation of the school rules, but also a taboo in the Dragon Kingdom.”

“May I ask if I’ve done anything outrageous by colluding with the monster? Professor Sun, please point it out. If not, please don’t interrupt my training with the Blood Monster.”

Lu Benwei’s voice gradually became cold.

Professor Sun was stunned and looked a little embarrassed. Lu Benwei and the Blood Monster did not seem to have done anything.

Then, his eyes flashed with a hint of maliciousness as he said, “Lu Benwei, it’s an established fact that you colluded with the monster. We’re all witnesses. Although you haven’t done anything bad with him now, it might not be the case in the future. For the safety of the whole school...”

Before Professor Sun finished, Lu Benwei sneered. “Stop pestering me. I said you were going to kill someone today.”

“Impudent!”

Professor Sun was furious and was about to attack again.

“You dare?”

Chu Yan could not sit still anymore. She took out the Li Fire Divine Cauldron, ready to release a monstrous flame at any moment.

“Why is this place so lively so early in the morning?”

Chen Yuan had also come, and his lazy figure appeared in everyone’s line of sight.

“Principal!”

When Chu Yan saw Chen Yuan, she immediately went up and hugged his arm.

“Someone is bullying me and Lu Benwei.”

Chen Yuan’s expression changed. “Who is it? How dare you bully Chu Yan and Lu Benwei?”

“Principal...”

Professor Sun, Wang Wei, and the others immediately greeted Chen Yuan.

“Principal, it’s him!”

“And Professor Wang!”

Chu Yan pointed at Professor Sun and Wang Wei. Professor Sun was cursing in his heart, but he still put on a smile.

“Principal, it’s like this. Lu Benwei colluded with the monster, and it was us who stopped this tragedy in time.”

“Yes, principal. This monster is the Blood Monster. It used some secret technique to bewitch Lu Benwei.” Wang Wei agreed.

Chen Yuan pondered for a while after hearing their answers.

“Professor sun, you were the first one to know about this, right? You were the one who informed the teachers to gather, right?”

...

Professor Sun’s face changed, and he answered, “That’s right. I heard from some students passing by that there’s an extremely powerful monster here, and it’s currently fighting with the students. I didn’t expect it to be the Blood Monster and I didn’t expect Lu Benwei to protect him.”

Lu benwei sneered in his heart. This was simply a bunch of nonsense!

It was the start of the semester, so it was impossible for the arena to be here except for the members of the God Slayer’s Club. Moreover, from the very beginning, Professor Sun had charged Lu Benwei for colluding with monsters.

Chen Yuan looked at Lu Benwei and then at the Blood Monster.

“Lu Benwei, what are you and the Blood Monster doing in the arena?” Chen Yuan asked.

“Training,” Lu Benwei replied.

“Nonsense! What training?” Professor Sun said angrily, “Our school has no lack of training methods, but you used a monster!”

“Old Sun, don’t be impatient. The child must’ve his own reasons for doing this,” Chen Yuan said without a care.

Professor sun’s voice was fierce. “You must know that colluding with a monster is a serious crime! Even if the principal insists on covering up for Lu Benwei, the Temple of Judgment will find out about it.”

Professor Sun paused for a second and his face turned cold. "At that time, not to mention you, even if all the teachers and students of our school plead for Lu Benwei, they will also be put in jail."

When everyone heard this, a strange look flashed across their faces.

...

Liu Yi was very anxious and whispered to Lu Benwei, "Stinky brat, hurry up and admit your mistake. If the Temple of Judgment finds out about this, things will be very troublesome."

Lu Benwei remained unmoved.

Liu Yi had no choice but to look at Chen Yuan. Chen Yuan suddenly laughed out loud, causing everyone to have a headache.

"Professor Sun, I think you've misunderstood."

"What did I misunderstand?"

"This Blood Monster has been captured by Lu Benwei and has become his war monster." "Isn't that so, Lu Benwei?" Chen Yuan laughed.

Lu Benwei was stunned at first, but then he quickly reacted. "Y-yes!"

Everyone was stunned. These two people were simply treating them like three or four-year-old children.

"A highly intelligent monster has been tamed into a war monster. This is simply unheard of. It's a big event that has never been heard of before!"

Chapter 415 Grandmaster

Professor Sun's mouth moved. He thought that Chen Yuan and Lu Benwei were deceiving him like a three-year-old child. He took a deep breath and suppressed the anger in his heart.

"Principal Chen, I'll believe your story, but will the Temple of Judgment believe it?"

Chen Yuan revealed an expression of disbelief and said, "Old Sun, I know this is ridiculous, but I won't say anything without evidence."

After saying that, Chen Yuan gave Lu Benwei a look. "Lu Benwei, come and prove to Professor Sun that the Blood Monster is your monster."

"Alright!"

Lu Benwei immediately understood what he meant. A bright light flashed between his eyebrows and directly absorbed the Blood Monster.

Everyone was stunned. They did not expect Lu Benwei to prove that the Blood Monster was his war monster in this way.

"Where are your bloodline imprints?"

Professor Sun smiled.

“Show me your bloodline imprints!”

“All war monsters have a bloodline mark. Don’t even think about getting away with it.”

Chen Yuan put his hand on Professor Sun’s shoulder and said, “Old Sun, isn’t Lu Benwei’s ability to freely summon the Blood Monster the best proof? What kind of bloodline mark is needed? What kind of pain is it that he has to cut his flesh and take his blood?”

Professor Sun shook off Chen Yuan’s hand and said coldly, “Chen Yuan, don’t give me that! Lu Benwei colluded with monsters, but as the principal, not only did you not set an example, but you also protected Lu Benwei. You’ll regret what you’ve done today!”

After that, Professor Sun left.

Other than Chen Yuan, everyone else looked at each other. Wang Wei, Li Muchen, and the rest greeted Chen Yuan and left.

In the arena, only Chen Yuan, Chu Yan, Lu Benwei, Liu Yi, and Dugu were left.

“Mr. Principal, did I bring you a lot of trouble?” Lu Benwei scratched his head and said in embarrassment.

“You did nothing wrong.” Chen Yuan sighed. “Even if today’s incident didn’t happen, Professor Sun and the others would still find a reason to cause trouble for us.”

“They? Who are they?” Lu Benwei was puzzled.

“Lu Benwei!” Liu Yi lowered his voice and kept looking at Lu Benwei.

Lu Benwei immediately stopped talking and looked at Chen Yuan.

“Do you still remember what I told you?” Chen Yuan sighed.

For a moment, Lu Benwei could not recall anything and shook his head.

“Let’s continue with the training.” Chen Yuan patted Lu Benwei’s head three times and said.

“Right, since this matter has already been blown up, it doesn’t matter if you let the Blood Monster help you train.”

After that, Chen Yuan left the arena.

“Will it be alright for me to watch you guys train here?” Liu Yi asked, worried.

Lu Benwei shook his head while Liu Yi casually found a seat and sat down.

Then, Lu Benwei’s spiritual sense entered the bronze temple.

” Blood Monster, come out!” Lu Benwei smiled.

The Blood Monster sat on the ground with his arms crossed. He turned his head away, not willing to look at Lu Benwei.

“It happened so suddenly!” Lu Benwei continued to smile. “Besides, you’re fine.”

“Nothing happened? I’m about to die,” the Blood Monster said with a noncommittal smile. How can I go out?”

“Don’t you want to go out, bask in the sun, and take in the fresh air outside?” Lu Benwei did not get angry and started to lure the Blood Monster.

“No, I’m going to die soon. How can I still bask in the sun and breathe in the fresh air outside?” The Blood Monster was unmoved.

“Alright then. Since everyone in our club is here tonight, we’ll have a gathering. There’ll be a big meal and that hot liquid to drink,” Lu Benwei sighed as he spoke.

“Even if I die here and get trampled to death by you, I won’t get out!” The Blood Monster was very courageous!

That night, in the club’s activity room!

“Cheers!” The Blood Monster raised his cup and drank.

The people around them had started to get familiar with each other after being beaten up by the Blood Monster during the day.

“I’ve offended you today, but in the coming days, the cruel special training will begin now!” The Blood Monster held his wine glass and said in a bold manner.

“I’ll force you to your limits one by one, and then I’ll beat up that Heavenly God Temple!”

After a day of beating, Dugu and the others were not afraid.

“Alright, if you dare to show mercy tomorrow, we won’t let you off.”

Some of the members of the God Slayer’s Club who had just arrived were shocked to see everyone drinking with a monster. They were hesitant at first and refused to sit at the same table as the Blood Monster.

After that, with the intake of alcohol, the atmosphere gradually became lively.

Lu Benwei held a glass of wine and looked at them with a faint smile.

Chu Yan’s face was red from drinking, and she walked over with graceful steps. She bent down and lifted Lu Benwei’s chin.

“Young man, why don’t you have a drink with me?”

The young girl’s posture was graceful, and her eyes were shining under the soft light, bright and moving. Chu Yan was a strange girl.

After drinking, she had an impulse to become a sexy and mature woman to tease Lu Benwei. It was a pity that the performance was a little clumsy, and there was a little sense of imitation.

Lu Benwei frowned and poured a glass of cold water. “Drink it!”

“Okay!”

Chu Yan took the cup and drank it all in one go.

...

“Why don’t you drink?” Chu Yan asked.

“Oh, I have something to do later.”

“What is it?” Chu Yan asked.

Lu Benwei was speechless.

Chu Yan shook her head. “What’s there to be embarrassed about? It’s just going to find the principal. What, are you two going to steal fish tonight?”

Lu Benwei’s eyes widened and asked, “How did you know?”

“F*ck!” Chu Yan shivered and her upper body quickly moved away from Lu Benwei.

Lu Benwei was stunned and quickly responded, “No, I mean, how did you know I was going to find the principal?”

Chu Yan gritted her little canine teeth and looked very proud as if she knew everything.

“It’s all because the principal slapped your head three times today,” Chu Yan said as she patted Lu Benwei’s head three times and moved to the side.

One of her hands curled up as if she was holding a horsetail whisk, and the other hand formed an orchid gesture, hanging over her chest.

...

“Wukong, do you understand?”

After that, Chu Yan and Lu Benwei stood side by side, one foot on the ground, and imitated a monkey’s posture.

“I understand, I understand.”

This was the plot of the novel Journey to the West.

The monk patted Sun Wukong’s head three times. Then, in the middle of the night, Sun Wukong fumbled into the monk’s room and learned the cloud somersault and the 72 tricks.

After that, a series of events happened in the heavenly palace.

Chapter 416 School Council

Jiujiang City, by the West Lake.

The moonlight sprinkled on the lake water, shimmering. The willow trees by the lake had sprouted, and their branches were rustling in the wind.

A black Rolls-Royce drove along the lakeside and entered a manor. In addition to the Rolls-Royce, there were all kinds of luxury cars there.

Cheng Liang's outer walls were painted milky white, and he had planted all kinds of precious green plants inside. He also had an independent greenhouse system.

!!

The quaint little garden next to the lake was packed with bodyguards in suits. Their eyes were sharp, and even a fly would find it difficult to fly into the place they were guarding.

In the middle hall, a round mahogany table was filled with people. Their faces were thin and their hair was white, making it hard to tell which century they were from.

"Chen Yuan is too much. Not only did he ask Lu Benwei to graduate freely, but he also rejected our arrangement for Zhou Qingfeng," an old man from the eastern side spoke first. His voice was filled with anger.

"Chen Yuan just submitted an application. He wants Chu Yan to graduate early."

"Does he really think that he founded Zhejiang Hunter University?"

One by one, the old men said angrily, their drooping facial muscles trembling violently as their mouths opened and close.

Among them, the old man who was complaining about Chen Yuan's suggestion for Chu Yan to graduate early held a document. It was the information that Chen Yuan had applied for early graduation for Chu Yan.

At this moment, a bodyguard behind the old man leaned over and whispered a few words into his ear. The old man's eyes widened instantly, attracting everyone's attention.

"What's wrong, Patriarch Liu?"

"The Ministry of Education has already approved it and urged us to submit it as soon as possible," said the Liu family's master.

"What?"

Everyone was very puzzled.

"I remember Chu Yan's early graduation application was submitted this afternoon, right?"

"Chen Yuan submitted it without us knowing?"

The crowd discussed at once, their voices rising and falling.

The old man sitting in the main seat slowly opened his eyes.

"Everyone, be quiet. Don't forget the purpose of our visit. Chu Yan is just a small character."

He was the highest director of the Zhejiang Hunter University and came from a mysterious city. Even the other people in the room only knew that his surname was Yan.

When everyone heard President Yan's words, they all fell silent.

“President Yan, Chen Yuan has been doing a good job all these years. We really can’t think of a reason to impeach him,” someone said.

As soon as he finished speaking, someone immediately said in a cold and disdainful voice, “He did a good job, but he’s not very obedient. All these years, he’s been trying to get rid of our control over the school. We’ve spent so much money on education. It’s fine if the Dragon Kingdom wants a share, but Chen Yuan wants to strip us of our power!” someone was very angry and said in a hoarse voice.

“If we continue to let this go, we have to think of a countermeasure.”

“It was okay for the first two years,” someone else said, “But we really can’t find a reason this year.”

“I don’t know where Lu Benwei came from. I’ve never heard of a first-year student winning the National Class Tournament!”

The atmosphere in the middle hall was frighteningly cold.

“I have to say, Chen Yuan’s recruitment of Lu Benwei for the school has made the school cough up blood.”

President Yan stood up and placed his two large hands on the table as if he was going to swallow the world.

“But he violated our interests and tried to separate us from Zhejiang Hunter University. We have to kick him out!”

“But... Now that you’ve put it this way, it seems that we can’t do anything to Chen Yuan,” someone stammered.

“You don’t have to worry about that.” President Yan straightened his back and clapped his hands in the direction of the door. “Vice Principal Sun, please come in.”

The voice fell.

Vice Principal Sun, the professor who insisted on punishing Lu Benwei and the Blood Monster this morning.

He bent down and jogged all the way to the middle hall. His eyes excitedly swept around the seats of the directors, and then he bowed at a 90-degree angle.

“Good evening, board members!”

Vice Principal Sun rubbed his hands, his face full of flattery.

“Please allow me to introduce myself. My name is Sun Hongbin, the vice principal in charge of discipline in our school.”

“Sun Hongbin, I remember you.” A board member surnamed Zhang waved at him.

Sun Hongbin immediately smiled like a chrysanthemum. “It’s my honor to be known by the Zhang family head.”

“Ahem.”

President Yan cleared his throat and the hall returned to silence.

“Principal Sun, tell us what you’ve seen and heard today! The thing that can make Chen Yuan step down!”

When Sun Hongbin heard that, he nodded like he was pounding garlic. “I understand, I understand!”

Immediately after, he straightened his clothes and cleared his throat, putting himself in the most perfect state.

“All directors, please listen carefully. I’m going to tell you a piece of shocking news.”

Everyone perked up their ears. As this was related to Chen Yuan’s departure, everyone’s eyes turned sinister.

“This morning, Lu Benwei was in the arena, giving special training to his student union club members. But I found out that Lu Benwei wasn’t training alone. He was with a monster, the Blood Monster!”

Sun Hongbin immediately stopped talking. He found that the atmosphere in the hall was so tense that it was about to freeze.

The atmosphere was so silent that one could hear a pin drop!

“Hmph, he’s really looking for death!” One of the school directors slammed the table, his remaining hair standing on end.

“The Blood Monster Prince is the royal bloodline of the Blood Monster clan. His body is a huge asset to us. I’ve been asking Chen Yuan to hand over the Blood Monster. I didn’t expect him to hand it over to Lu Benwei!”

...

“What I’m curious about is, why would the Blood Monster help Lu Benwei do such a boring thing?” another chairman asked.

“I don’t know.” Sun Hongbin grinned. “But I’m sure you’ll be very interested in what’s going to happen next.”

Sun Hongbin continued, “A monster appeared on campus, so I gathered some people to suppress it and arrest Lu Benwei. I didn’t expect Chen Yuan to suddenly jump out and protect Lu Benwei.”

“Alright!” One of the directors was very excited and waved his hands and feet. “In other words, we can use this as a reason to impeach Chen Yuan!”

The other directors were also happy.

“The students are colluding with monsters, and the principal is shielding the students. This is enough to make them suffer!”

“There’s going to be a good show at the Temple of Judgment.”

The crowd laughed.

Sun Hongbin rubbed his hands and said, "Dear directors, there's one thing I have to say..."

Chapter 417 Secret Talk Late at Night

The people who were originally cheering and jumping for joy suddenly froze.

"If you have something to say, just say it!" One of the directors scolded.

Sun Hongbin suddenly shivered and did not dare to keep him in suspense.

"To protect Lu Benwei, Chen Yuan claimed that the Blood Monster was Lu Benwei's war monster..."

"What?"

As soon as Sun Hongbin's voice fell, it immediately caused a big commotion in the hall.

"Chen Yuan is so smart. This way, Lu Benwei's actions can't break the law."

"By doing this, he's not guilty of sheltering anyone."

All the directors sighed one after another, feeling a headache.

"Everyone, please don't be discouraged. We still have a way," President Yan suddenly said.

When everyone heard this, they all turned to look at President Yan.

"As long as we can get Lu Benwei and the Blood Monster's blood, we can use the device to determine whether they have signed a blood contract or not. Then we can determine their relationship," President Yan said unhurriedly.

Everyone's eyes lit up as if the clouds had parted to see the light.

"What?" someone asked in confusion, "Can you determine if two people have a bloodline contract through two sets of blood? If I'm not mistaken, this kind of testing method is still at the laboratory stage, right?"

Just as he finished speaking, President Yan took out a document. He placed the document on the table and gently pushed it into the middle of the table.

All the directors in their seats bent their eyes forward and stared at the contents of the document without blinking.

"This is..."

"The patent for the bloodline contract evaluation device?"

"There's even a purchasing document from an official?!"

"In other words, this device has successfully hit the market?"

"That's right. This means that Chen Yuan's little tricks can't be hidden from us!" President Yan said.

The crowd cheered, thinking that they could successfully pull Chen Yuan down.

"President Yan, how did you know about this?" someone asked excitedly.

“Isn’t that simple? President Yan’s family is the largest and most influential in the Dragon Kingdom...”
Someone echoed.

Halfway through his words, the man immediately quivered.

An extremely cold glint shot out of President Yan’s deep eyes.

The man’s mouth twitched, realizing that his mouth had caused big trouble.

After clearing his throat, President Yan continued, “This problem has been solved. Now what we need to do is get the blood of Lu Benwei and the Blood Monster.”

The hall was silent once more.

“The Blood Monster’s blood is still manageable,” someone said with a troubled tone, “After all, the Blood Monster clan’s way of attacking is to rely on their own massive blood qi to attack. It’s not difficult to get his blood. But the problem is, what about Lu Benwei?”

Everyone fell into deep thought.

“Vice Principal Sun, you had a conflict with Lu Benwei today. What do you think of his current strength?”
President Yan asked.

“This...” Sun Hongbin was a little hesitant.

“Hurry up and tell me!”

With a cold shout, Sun Hongbin shivered fiercely.

After swallowing a big mouthful of saliva, Sun Hongbin said, “According to my judgment, Lu Benwei’s combat power may be beyond your imagination.”

“Just tell me his level!” President Yan urged coldly.

“I can’t guarantee it, but Lu Benwei’s current combat power is above level 65!”

Everyone in the hall had their mouths wide open and their eyes almost popped out.

“Above level 65? How can you be so sure?”

“Today, Wang Wei and I made a move together to suppress Lu Benwei,” Sun Hongbin said in a trembling voice, “However, our combined attacks were all nullified by Lu Benwei who used only one skill.”

Everyone took a deep breath, and someone asked Sun Hongbin, “Sun Hongbin, did you use your full strength?”

Sun Hongbin smiled awkwardly and said, “I don’t know if Wang Wei used his full strength, but I did...”

The haze continued to shroud them.

As the vice principal of a school, Sun Hongbin’s strength was self-evident. They were well aware of Wang Wei’s strength.

Lu Benwei's one skill could offset the joint attack of the two people. His strength was probably beyond their imagination.

Suddenly, President Yan laughed coldly and said, "It seems like a new problem has arisen."

Everyone turned to look at President Yan again.

"Lu Benwei is so powerful. We can't let him do as Chen Yuan wants."

"That's right." Someone nodded. "With such a powerful combat force, our family's strength will be greatly improved with a little training."

"This problem isn't difficult to solve. After we convict him of his crime, we'll let him serve us and atone for his sins."

"Good idea!" Many school directors praised.

"It's still early, we still have a lot of time," President Yan said, "Let's observe the situation first and gather more evidence. After the club competition, we'll impeach Chen Yuan!"

Someone yawned and agreed with President Yan's words.

...

Half an hour passed, and only President Yan and Sun Hongbin were left in the hall.

At this moment, President Yan was sitting on the main seat with his legs crossed. A thick document was placed on his lap.

The night was silent, and only the rustling of pages being flipped could be heard in the hall.

Sun Hongbin had been standing at the side, not even daring to take a deep breath, for fear of disturbing this supreme person.

After an unknown amount of time.

Sun Hongbin's legs were numb from standing. Only then did President Yan slowly ask, "Vice Principal Sun, is there anything else?"

"I just wanted to remind President Yan that you've forgotten something." As Sun Hongbin spoke, he moved his feet back and forth to let the blood flow into his legs.

"Oh, what did I miss?" President Yan propped his head up with one hand and asked unhurriedly.

Looking at President Yan's faint gaze, Sun Hongbin suddenly felt his hair stand on end.

"Our most important problem hasn't been solved yet," he said after a silly laugh, "How to get Lu Benwei's blood..."

After saying that, Sun Hongbin glanced at President Yan in fear.

...

President Yan kept the documents and placed another hand on his head. "Just this matter?"

“Yes, yes!” Sun Hongbin nodded like he was pounding garlic.

President Yan laughed coldly, sending chills down sun Hongbin’s spine.

“Vice Principal Sun, how many years have you been the vice principal?” President Yan asked indifferently.

Sun Hongbin pondered for a while, and a hint of joy flashed in his eyes.

“About ten years.”

“That’s long. You don’t have to care about Lu Benwei’s blood anymore,” President Yan replied casually, “Your mission is to smear Chen Yuan and Lu Benwei’s reputation. The worse, the better!”

Chapter 418 Re-entering the Musashi Area

Late at night, at the teaching building of Zhejiang Hunter University.

“Knock, knock.”

The crisp knock echoed in the quiet corridor as Lu Benwei came to Chen Yuan’s office.

“Is it Lu Benwei? Come in.”

Chen Yuan’s lazy voice came, and Lu Benwei pushed the door open.

“Good evening, Mr. Principal.”

Lu Benwei greeted Chen Yuan and his gaze reverberated in Chen Yuan’s office.

The large office was very messy. All kinds of books were casually thrown away. Chen Yuan sat behind his desk with his back facing the door.

An old TV was playing a blurry video. Chen Yuan’s eyes were fixed on it without blinking.

“Mr. Principal, why did you call me here for?” Lu Benwei asked softly.

Chen Yuan turned his chair and looked at Lu Benwei indifferently.

“Sit down first.”

Lu Benwei found a random seat and sat down, silently looking at Chen Yuan.

“I might not be able to be the principal anymore,” Chen Yuan suddenly said.

Lu Benwei was secretly surprised and asked, “Is it because of today’s matter?”

“Yes.” Chen Yuan nodded and then shook his head. “Yes and no.”

Lu Benwei was even more puzzled and frowned. “Mr. Principal, what happened?”

“They’ve long found me an eyesore. But they haven’t been able to find a suitable candidate, and with your appearance, they have no reason not to impeach me,” Chen Yuan said with some resentment, “Today’s incident was just an opportunity.”

After a pause, Chen Yuan continued, "Even if today's incident didn't happen, they might use this as an excuse to impeach me for not greeting each and every one of them when I report to them the day after tomorrow."

Lu Benwei silently nodded.

"Mr. Principal, why do they want you to step down so badly?" he asked, puzzled.

Chen Yuan sighed. "The world is bustling with activity. Everyone is after their own interests. They regarded me as a blockade to their interests."

Lu Benwei frowned again. He knew that ever since Chen Yuan became the principal of Zhejiang Hunter University, he had been passionate about the reform. However, he did not expect that he would be blocking some people's interests.

Then, Chen Yuan took out a USB drive and inserted it into a computer. It was playing the contents of the secret discussion in the School Council.

"This was secretly recorded by a board member who has a good relationship with me. You listen first."

Lu Benwei pricked up his ears and listened carefully to the contents of the meeting.

The reason why Chen Yuan was recruited by the school board was because he wanted to exclude the aristocratic families from the plans of the university. However, this was simply impossible to achieve.

The training of a hunter required a huge amount of resources. The resources provided by the Dragon Kingdom officials alone were not enough. Hence, he needed external help.

After a few decades, the great clans used this to obtain huge benefits. They took advantage of this to control the army, control a huge amount of resources, and penetrate every family in the Dragon Kingdom.

"Mr. Principal, don't worry. I won't be careless for the next few days," Lu Benwei said.

Lu Benwei knew that his blood could not fall into the hands of the school.

"Under the interrogation of the Temple of Judgment, you must pass the test. That's why they don't need to send people to snatch it."

"Do you want me to disappear for a few days?" Lu Benwei thought of an idea.

"No." Chen Yuan shook his head. "If you leave, what about the club competition?"

"I don't want you to leave Zhejiang Hunter University even more than lose the competition," Lu Benwei replied in a deep voice.

"What's going to come will come. The two of us can't shake the School Council," Chen Yuan said lightly.

"Compared to me leaving, I'm more worried that I can't escape from their hands. I'm afraid you can't graduate from the university early," he said after swallowing, "They want you to be their dog, they want you to serve them."

"That's impossible." Lu Benwei sneered.

“That’s not something you can decide.” Chen Yuan shook his head.

“Lu Benwei, I said that your enemies aren’t only monsters! They’re involved in all walks of life in the Dragon Kingdom. They can tempt you with tremendous resources, and they can also threaten you with their own strength! You can’t escape from them no matter what, just like how Sun Wukong can’t escape from Buddha.”

“I’m not Sun Wukong! If they’re mountains, I’ll cross them. If they’re seas, I’ll cross the seas. If they’re imperial palaces, I’ll fire at them!” Lu Benwei said in a deep voice.

“Alright!” Chen Yuan clapped his hands and praised, saying excitedly, “No wonder you’re the man I like! I came to find you because I want to make use of my special privilege to help you. Follow me.”

Then, Chen Yuan got up and pulled Lu Benwei to the library.

...

The Musashi area was located in the depths of the top-secret area of Zhejiang Hunter University’s library.

“Do you still remember the first time you came here?” Chen Yuan asked faintly.

Lu Benwei nodded. “I remember. I remember you kicked me down.”

“Unknowingly, half a year has already passed. I still remember that you were only level 20 back then.” Chen Yuan sighed. “But now, you’re already level 50. Your talents frighten me.”

Lu Benwei smiled faintly as if he was talking to himself. “But if I don’t become stronger quickly, how can I drive out the monsters?”

Then, Lu Benwei directly jumped into the Musashi area.

“Swish!”

The interior of the pagoda rumbled, and all kinds of divine treasures emitted a brilliant light, like a galaxy.

Lu Benwei did not rush to resonate with the various divine treasures but was thinking about what he was lacking now.

In terms of offense, he had the Star-shattering Fist, the God-destroying sword, and a series of other enhancing skills.

...

In terms of speed, Lightning Speed was enough.

In terms of defense, the Holy Light Shield and the Heavenly Light Shield could block anything.

Moreover, Lu Benwei also had Stellar Body Tempering, which could strengthen his attributes.

“What do I lack now?” Lu Benwei asked. He sat cross-legged and pondered carefully.

“In the future, I will not only have to face magical beasts, but also humans. Compared to monsters, humans are more sinister and cunning. To achieve their goals, they would do anything.”

Lu Benwei thought carefully.

The interior of the ancient pagoda rumbled, and the divine treasures emitted a dreamy glow that shone on his body. There was divinity emitting from him.

“Yes, I want to cultivate a Heart Sutra.”

Lu Benwei suddenly opened his eyes and swam in a certain direction. This was a kind of summoning. When Lu Benwei had this idea, it had already resonated with a certain divine treasure here.

The ancient pagoda trembled, and the starlight dissipated.

A phantom appeared in front of Lu Benwei, holding an ancient sutra.

Chapter 419 A Storm of Public Opinion

It was an extremely ordinary sutra.

It talked about the way of nature of flowers, birds, fish, insects, and so on. It was like a personal letter of an ordinary person, but it contained the way of nature and was very mysterious.

Lu Benwei carefully studied it and gained something. He slowly opened his eyes. It was drizzling and misty.

He was in a dark green bamboo forest. The drizzling rain hit the foundation of the pavilion, and the fragrance of the soil filled the air. In just a few seconds, his state of mind had been greatly elevated.

The name of this ancient sutra was also very common. It was called the Natural Heart Sutra.

Lu Benwei stopped reading and returned to reality.

“How was it? Did you obtain any good treasures?”

Chen Yuan saw that Lu Benwei had stayed in the tower for a long time and was a little curious.

“It’s just an ordinary ancient sutra for cultivating one’s body and mind.”

Lu Benwei did not intend to hide it and handed the Natural Heart Sutra to Chen Yuan.

Chen Yuan took it and casually flipped through a few pages. The dry and boring content described some plants, fish, and insects.

“Are you sure this is the immortal treasure of the tower of martial treasures?” Chen Yuan frowned in surprise.

As the principal of the university, he was busy with work and depressed. Therefore, Chen Yuan could not immediately feel the mystery like Lu Benwei.

“This Heart Sutra is very suitable for me, so I’ll take it,” Lu Benwei replied indifferently.

Chen Yuan was puzzled. There were many mysterious books in the ancient pagoda of martial treasures. However, ordinary books like this Heart Sutra, which was so obscure and mysterious, were rare.

However, Lu Benwei chose this book.

“Forget it. You have your own thoughts. I won’t interfere.” Chen Yuan waved his hand and yawned.

After that, the two of them left the ancient tower of martial treasures and went back to rest.

...

Everything was proceeding in an orderly manner.

The next day, school officially started. Chen Yuan attended the opening ceremony and never appeared again.

In the next few days, Lu Benwei supervised the Blood Monster and trained the members of the God Slayer’s Club. However, the location was in the bronze temple.

On the second night before the competition, a piece of news exploded on the Zhejiang Hunter University forum!

[Shocking! The number one in our school, Lu Benwei, is colluding with monsters. I don’t know what conspiracy he’s plotting!]

As soon as this post was posted, it immediately caused a heated discussion among many students.

“How is it possible for Lu Benwei to collude with a monster?”

“I don’t believe that Lu Benwei would collude with monsters.”

“I’m afraid that someone is trying to frame Lu Benwei because the competition is about to start.”

Fortunately, Lu Benwei’s popularity in the school was not bad, and many people were complaining about the post.

Public opinion was quickly quelled.

However, not long after, another post appeared!

[The scene of Lu Benwei colluding with the monster has been exposed. He’s from the Blood Monster clan who destroyed Li City!]

The post was accompanied by a few pictures, showing the Blood Monster training the members of the God Slayer’s Club the day before school started.

The entire school was in an uproar.

“It must be fake. How could Lu Benwei collude with the Blood Monster clan?”

“This must be photoshopped. I don’t believe it!”

“It’s true. I’ve asked my roommates who are in the God Slayer’s Club, and it’s true!”

As soon as this statement was made, many students asked the members of the God Slayer's Club for confirmation.

The information that the Blood Monster helped Lu Benwei train the members of the God Slayer's Club was confirmed.

In an instant, the entire school was in an uproar!

"The Blood Monster clan has invaded Li City and killed so many of our people, but Lu Benwei is working with them? I can't forgive you!"

"I'm from Li City, and many of my family members died in that attack. I can't accept Lu Benwei's actions!"

"Lu Benwei must give us, the students of Li City, an explanation!"

The crowd was furious and gathered, demanding Lu Benwei hand over the Blood Monster.

Lu Benwei was still in the bronze temple, training the members of the God Slayer's Club with the Blood Monster.

"Brother Lu, something bad has happened."

Dugu, who had already gone to rest, rushed in when he learned of this.

"The whole school knows about the existence of the Blood Monster. They are all at your dormitory now, demanding you to hand over the Blood Monster!"

Lin Feng stood up immediately. "Who posted these two posts? What are their intentions?" he asked.

"Let's go. I'll ask my classmate who manages the forum to find out who this person is!"

Under Lin Feng's lead, the group of people decided to settle the score with this person.

"No need."

Lu Benwei stopped them.

"I've long expected this day to come. And it's too late to find him now. We're like rats on the street now, and it's hard to offend the public."

...

"Then what should we do?" Chu Yan asked.

"We'll wait," Lu Benwei said lightly.

"When the competition between the clubs comes, the results will naturally prove our innocence."

At the same time, Lu Benwei also said, "Now our God Slayer's Club has become a street rat. In the next few days, there will be a lot of people who will insist on clashing with us. Everyone, bear with it. On the day of the competition, we'll return the favor."

However, the development of the situation was far beyond Lu Benwei's imagination.

As it was close to 10 pm, another piece of news broke out, causing the entire Zhejiang Hunter University to be unable to sleep.

The news that Chen Yuan was covering for Lu Benwei was also exposed. With someone fanning the flames, the conflict completely erupted!

At first, a group of people had gathered in front of the teaching building, demanding an explanation from Chen Yuan!

However, for some reason, thunder and lightning suddenly struck down from the clear sky, injuring many students.

Everyone knew that Chen Yuan's profession was a thunderstorm magician. Many students pointed their fingers at Chen Yuan, claiming that he was trying to silence them!

Immediately, the students gathered, rushed into the building, and set Chen Yuan's office on fire.

...

The teachers in charge of security were unable to stop the students and could only turn around to put out the fire.

On the other side, a large group of students gathered at the entrance of the God Slayer's Club activity room, demanding an explanation from Lu Benwei.

Despite Lu Benwei's repeated warnings not to start a conflict, some people were still angered and more than a dozen members of the God Slayer's Club started a fierce battle with the crowd!

After many days of training, the strength of these dozen people had been greatly improved, and they broke out with combat power that exceeded their level.

However, this move was undoubtedly adding fuel to the fire.

Some people claimed that Lu Benwei made a deal with the Blood Monster and sold his soul to increase his strength!

At this moment, the monster's heart was hidden under the skin of the more than 100 members of the God Slayer's Club who trained with him.

"What are you waiting for? Exterminating monsters and their lackeys is our duty!"

In an instant, nearly half of the Jiangsu and Zhejiang Hunter University students were dispatched to encircle and annihilate the God Slayer's Club!

"This group of people is simply going too far. Have we done anything outrageous?" Chu Yan gritted her little canine teeth and said angrily.

Chapter 420 Public Enemy

As soon as Chu Yan's voice fell, the sound of spell chanting suddenly came from all around!

"Boom!"

Monstrous flames came from all directions, lifting the roof and sending dust and wood flying.

“She’s being bullied.”

Lin Feng’s eyes were fiery red, and he gritted his teeth. He could not take it anymore. He rolled up his sleeves and was about to attack, but Lu Benwei stopped him.

“Don’t be rash!” Lu Benwei warned.

“They’re already at our door, and you still want us to back down?” Lin Feng was extremely unconvinced.

“We have to wait,” Lu Benwei said lightly.

“What are we waiting for?” everyone asked in confusion.

Lu Benwei’s eyes became deep and said, “I’d like to see who’s the mastermind behind this conspiracy.”

“Lu Benwei, get out here and give us an explanation!”

“Come with us to the Temple of Judgment and accept your punishment!”

...

A group of incited students gathered in front of the God Slayer’s Club activity room, raising their arms and shouting with righteous indignation. Everyone’s expression was filled with confidence as if they had become the messengers of justice.

“Lu Benwei, don’t hide, come out quickly!”

“That’s right. What kind of hero is he if he hides inside and locks his head like a turtle?!”

“We only want an explanation!”

Lu Benwei remained unmoved and hid behind a pile of ruins, quietly waiting for something. Chu Yan and the others were helpless. They could only wait in the corner with Lu Benwei.

As for the students who were incited, they were very strange.

“It’s been so long, why hasn’t Lu Benwei come out yet?”

“Could it be that they are afraid of us?” someone in the crowd said.

However, the others only felt that this person was hysterical.

Lu Benwei’s strength was recognized by the university.

“Why don’t we send someone in to take a look first?” someone said weakly and suggested an idea.

However, the next second, everyone rejected it.

“If you want to go, go by yourself. If Lu Benwei is just waiting for you to fall into his trap, we won’t be able to get out of bed for three months.”

Many people gasped, but no one dared to go forward to check the situation. They could only stand there and talk to Lu Benwei.

However, as more and more people gathered, everyone's confidence grew.

Even Wang Yan and a few other high-ranking officials of the Heavenly God Temple had arrived with many experts.

"Lu Benwei, I'm Wang Yan!" Wang Yan stood at the head of the crowd and shouted in Lu Benwei's direction.

"We'll give you two choices. Come out quickly, we'll accompany you to the Temple of Judgment! Or we can all go together and tie you to the Temple of Judgment!"

Someone else shouted, "I have another request. Hand over the Blood Monster and disband the God Slayer's Club!"

After a long time, Chu Yan and Lin Feng stood out from the ruins and faced the blinded students.

"You want us to disband the God Slayer's Club? Dream on!"

"Shut up!" Wang Yan shouted coldly, "The God Slayer's Club is in cahoots with the Blood Monster. You've absorbed the power of the monster and joined forces. You've endangered the safety of the entire school! We're already very polite. You just need to disband the God Slayer's Club and hand over the leader, Lu Benwei!"

Chu Yan's pretty face and eyes were cold. "If you want to punish someone, you need to find a good excuse! We just wanted the Blood Monster to accompany us for special training. We didn't do anything outrageous, and we didn't have such intention either!"

Lin Feng held a sword with a bone-chilling glint in his hand and said coldly, "We, the God Slayer's Club, have no intention of hiding our cooperation with the Blood Monster. But all of you believed the rumors that our club is colluding with monsters. Bullsh*t! I, Lin Feng, want to tear the monsters to pieces even in my dreams. How can I collude with them to harm my own people?!"

Wang Yan sneered and said, "Since you're so open and righteous, why doesn't Lu Benwei want to face us and give everyone an explanation?! He's just feeling guilty! And you were all blinded by him!"

"You're talking nonsense!" Chu Yan could not help but burst out.

At this time, some of the students who had gotten too excited attacked Chu Yan and Lin Feng. Chu Yan and Lin Feng were helpless and were forced to face the enemy!

However, Chu Yan's strength was too strong. Soon, some students were seriously injured, coughing up blood and flying back dozens of meters.

When the remaining students saw this, their hearts burned with anger, and they immediately surrounded her.

"Chu Yan!" Wang Yan also shouted, "You're with Lu Benwei every day. You might be the mastermind behind this!"

Chu Yan's pretty face was cold. "If you want to fight, then fight. Stop being so long-winded!"

With that, she raised her hands and took out the Li Fire Divine Cauldron! In the blink of an eye, flames that burned the heavens filled the sky as if they could refine the world.

Many people felt their scalps go numb when they saw this. They had forgotten that Chu Yan was also comparable to Lu Benwei.

The flames rolled down and surrounded Wang Yan as if they wanted to refine him.

Wang Yan's eyelids twitched wildly. He had to deal with it with great difficulty before he could resolve the crisis. However, even so, his skin was still burning red, and the burning pain was unbearable.

"You, what are you doing?!" Wang Yan summoned up his courage and asked, "Do you want to slaughter us all?"

The fire lit up the sky. Chu Yan stood there, her black and soft hair dancing in the fire.

"If I had used my full strength, you'd have lost your life long ago!" she said with a noncommittal smile.

Wang Yan's face revealed a strange expression, and then his eyes rolled as if he had thought of a good plan.

"You're bullsh*tting! You've clearly revealed your true nature! Students, Chu Yan wants to kill us. Come and suppress her together!"

Wang Yan's voice spread over a thousand miles, and countless students rushed over. Many people did not know Chu Yan's strength. When they saw that she had injured Wang Yan, they mistakenly thought that Chu Yan had used the power of a monster.

...

Lu Benwei, Chu Yan, and the God Slayer's Club had become the public enemy!

His anger completely overcame his resignation, and the campus became a battlefield.

Wang Yan's injuries were healed and he led many strong people from the school to surround Chu Yan.

Lin Feng had also dealt with many enemies and was at a stalemate.

"All of you, stop!"

Just as everyone was fighting to a standstill, the school finally made its move.

The owner of the voice was not Chen Yuan, but the vice-principal of Zhejiang Hunter University, Sun Hongbin!

The president of the Heavenly God Temple, Zhou Qingfeng, also came with him.

Sun Hongbin stood in the sky and looked at the wolves that were all over the campus. His cold voice spread to every corner of the school.

"Look at what you've done. Do you want to tear down the school?!"

He glanced around the crowd and did not find Lu Benwei. Then, he looked at Wang Yan.

...

Wang Yan immediately rushed into the sky and reported, "Vice Principal Sun, we just want Lu Benwei to be punished!"
