Chapter 421 Becoming A War Monster

Sun Hongbin did not respond to Wang Yan. Instead, he turned his head and looked in front of him at the club's activity room that had long been reduced to ruins.

"Lu Benwei, hurry up and come out."

Lu Benwei slowly walked out and faced everyone. In an instant, the crowd became restless.

Some radical students even sneaked behind Lu Benwei, ready to take him down.

!!

"Enough, stop quarreling." Sun Hongbin stopped everyone's discussion. Then, he looked at Lu benwei.

"Lu Benwei, shouldn't you explain this matter?"

Lu Benwei raised his head and looked at Sun Hongbin with calm eyes. "Vice Principal Sun, I'm sure you know very well whether the Blood Monster and I have done anything harmful."

"Indeed, you did nothing harmful," Sun Hongbin said coldly, "However, colluding with monsters is unforgivable!"

"Yes," Lu Benwei replied calmly, "Principal Chen Yuan has given me the right to deal with the Blood Monster. So, no matter what decision I make, it's none of your business!"

As soon as he said that, it caused a lot of discussion in the crowd.

"So, Lu Benwei didn't do anything wrong? Aren't we going too far?"

"F*ck off. The Blood Monster is the prince of the Blood Monster clan. No matter how powerful Lu Benwei is, he doesn't have the right to deal with the Blood Monster."

"Principal Chen Yuan and Lu Benwei are obviously brewing some big conspiracy!"

Everyone was talking at once, and dark clouds were constantly forming, shrouding everyone's heads.

"Lu Benwei, you have to be handed over to the Temple of Judgment for your illicit affair with a monster!" someone in the crowd raised his fist and said.

"Yes, let the Temple of Judgment handle it!" Someone immediately echoed.

The voices rose and fell, and the crowd became indignant.

"Enough, stop quarreling!" Sun Hongbin's cold shout once again stopped everyone.

Then, he looked at Lu Benwei and said, "Lu Benwei, as you can see, everyone has a lot of opinions about you."

"Vice Principal Sun, what do you mean?" Lu Benwei replied lightly.

"After the club competition, Lu Benwei will be handed over to the Temple of Judgment! During this period, Lu Benwei isn't allowed to leave the dormitory!"

As soon as he finished speaking, someone immediately shouted, "Long live Vice Principal Sun!"

"Long live Vice Principal Sun!"

Everyone's voices joined together, and the world trembled.

Looking at this scene, the corners of Sun Hongbin's mouth curled up quietly.

"Do you see this? It's the general trend. You better agree to my request."

Zhou Qingfeng was silent.

"If the accusation is successful, Principal Chen Yuan will step down, Lu Benwei's reputation will be damaged, and you, Zhou Qingfeng, will be able to return to the position of number one. At the same time, I can guarantee to the School Board that you can leave the school freely. You should think about it."

With that, Sun Hongbin landed and escorted Lu Benwei. He detained all the tools that could contact the outside world, including his mobile phone, and put him under house arrest in the dormitory.

Lu Benwei did not resist and let out a long sigh of relief after the door was locked.

"Principal, you must be safe."

Now, Chen Yuan's whereabouts were unknown.

Sun Hongbin could not immediately hand Lu Benwei over to the Temple of Judgment for trial. However, he also had to give his students an explanation.

Therefore, they could only wait for the competition to end before being sent to the Temple of Judgment.

"Come out," Lu Benwei said lightly.

Then, with a flash of light, the Blood Monster appeared in front of Lu Benwei.

"What do we do?" The Blood Monster already knew about the situation outside and asked angrily, "Didn't you say that you would keep me safe?"

"Someone wants to cause trouble so I can't do anything about it," Lu Benwei said lightly, "I'm under house arrest now. I'll be tried the night after tomorrow."

"What? Then what will happen to me?" the Blood Monster asked.

"No matter what the result is, you'll be taken away," Lu Benwei said.

"Plop!"

The Blood Monster fell to the ground, his eyes empty. He would rather stay in Lu Benwei's bronze temple than be a test subject.

"No, no, I have to escape," the Blood Monster said in a panic. A blood-red vortex began to form and was about to appear in Lu Benwei's room.

Just as the blood vortex was formed, a deep sense of powerlessness struck him, spreading from his head to his ankles. The Blood Monster plopped to the ground once again.

“What’s going on?” he asked weakly.

“It’s very simple. To prevent us from escaping, they set up an anti-magic array.”

“F*ck!” The Blood Monster could not help but curse.

“I can’t believe that I, the legendary Blood Monster prince, the supreme bloodline of the Blood Monster clan, am going to be destroyed here!”

He then looked at Lu Benwei. “Is there any other way? I don’t want to spend the rest of my life with instruments all over my body and let you humans collect all kinds of data.”

Before the Blood Monster had entered the bronze temple, there had been such a period. He was stuck in formalin with tubes all over his body, and he could not move.

“It’s not like there’s no other way.”

Lu Benwei’s words gave the Blood Monster hope.

“Hurry up and tell me!” the Blood Monster asked impatiently.

“Become my war monster!”

...

The Blood Monster was stunned for a moment, then his face turned red.

“You want me to become your war monster? How is this possible?! I’m the grandson of the Blood Monster clan, and the bloodline of a king flows in my body. Me become the monster of a puny human like you? In your dreams!”

The Blood Monster was flustered and exasperated. He circled Lu Benwei, panting heavily.

Lu Benwei glanced up and said, “Then there’s no other way.”

The Blood Monster immediately wilted and sat down on the chair. His face was gloomy, and it was hard to tell what he was thinking.

At this moment, heavy footsteps came from the corridor outside the door.

“Someone’s coming, you go in first,” Lu Benwei slowly said.

The Blood Monster opened his mouth and wanted to say something. However, in the end, he kept his mouth shut and returned to the bronze temple.

“Boom!”

Sun Hongbin kicked open the door to Lu Benwei’s room and scanned the interior with his sinister eyes.

“Where’s the Blood Monster?”

...

“Come in,” Lu Benwei said.

Sun Hongbin sneered, pulled a stool over, and sat down.

“Tell me, where did Principal Chen Yuan go?”

“Did the Temple of Judgment ask, or did Vice Principal Sun ask on behalf of the School Board?” Lu Benwei also sneered.

A strange look flashed across Sun Hongbin’s face. He then frowned and said in a ruthless tone, “Of course, I’m asking on behalf of the Temple of Judgment! The two of you are in cahoots, you must know where he is.”

“I don’t know,” Lu Benwei replied lightly.

Chapter 422 Human Skin Mask

Sun Hongbin’s eyes became fiery red, and his face was filled with anger.

“Lu Benwei, do you think you’ll be fine if you say you don’t know?” he suppressed the anger in his heart and said coldly.

“Vice Principal Sun, I didn’t mean that,” Lu Benwei sneered in his heart but replied lightly on the surface, “But I really don’t know where Principal Chen Yuan is. Maybe he knew that someone wanted to harm him, so he escaped from this place first?”

Sun Hongbin was immediately angered by Lu Benwei’s words and kicked the table in front of him.

“Boom!”

The table immediately flew out and smashed into the wall. Some parts were scattered around the dormitory.

“Lu Benwei, do you think that Chen Yuan won’t be able to convict you? Do you think that by saying that the Blood Monster is your war monster, you can avoid trouble? Dream on!”

Lu Benwei’s eyes were still calm as he said, “Vice Principal Sun, I didn’t do anything wrong. Justice will give me an answer.”

“What a good ‘justice will give you an answer’!”

Sun Hongbin smiled noncommittally, and his tone could not hide his exasperation.

“Let’s wait and see!”

Sun Hongbin turned around and was about to leave Lu Benwei’s dormitory. When he reached the door, he suddenly stopped.

“Lu Benwei, you’re trying to increase the strength of your members at all costs. It’s a pity that your God Slayer’s Club is now the public enemy of the entire school. In the club competition, just wait for your crushing defeat!”

With that, Sun Hongbin left Lu Benwei's dormitory. His heavy footsteps echoed in the empty corridor until they could no longer be heard.

Lu Benwei heaved a sigh of relief and silently held his forehead. The development of the matter had completely exceeded his expectations.

Chen Yuan disappeared. The God Slayer's Club had become the public enemy of the entire school! Moreover, Zhou Qingfeng seemed to be standing next to Sun Hongbin, which was puzzling.

...

The next day, everything was fine during the day. In the evening, there were a few hurried footsteps in the corridor.

"You're not allowed to enter without permission!"

Currently, there were three people guarding Lu Benwei's dormitory.

Then, Chu Yan's voice was heard. "Move, I want to go in!"

"Chu Yan, I've made it clear that no one is allowed to approach Lu Benwei without permission," a guard said.

"Can't I just deliver food?" Chu Yan shouted coldly.

"No!" the guard answered decisively.

Following that, the voices of Dugu and the others could be heard. "Who gave the order to allow you to do this?"

"Of course it's Vice Principal Sun!"

"Do you have any official documents?" Dugu asked.

"No, I didn't. But so what?" the guards were puzzled.

Chu Yan's eyes became cunning, and she rubbed her fists together, making a cracking sound.

"Chu Yan, what do you want?" the guards asked.

"I'm warning you, don't you dare mess around!"

"Wuwuwu..."

"Ah!"

...

Miserable howls reverberated in the air as Chu Yan finished off the guards in no time.

"You dare to guard Lu Benwei?" Chu Yan touched her nose and said disdainfully.

Then, she opened the door of Lu Benwei's room, and Dugu, Lin Feng, Hai Yue, and the others swarmed in.

Apart from the first time, there was also Master Tang.

“Why are you here?” Lu Benwei frowned.

“Of course, I’m going to save you!” Chu Yan replied quickly and grabbed Lu Benwei’s hand, ready to leave.

“Where to?” Lu Benwei broke free from Chu Yan’s hand and asked.

“We can go anywhere,” Dugu, who was standing guard outside the door, turned his head and said.

“This afternoon, the law enforcement team of the Temple of Judgment has arrived. I guess they’ll take you away after the club competition ends!”

“I didn’t do anything wrong, why should I leave?” Lu Benwei did not show any intention of retreating.

“I knew you would say that,” Chu Yan mumbled to herself as she looked at Hai Yue.

“We’re taking such a big risk to come here, not to persuade you to leave. Now, the God Slayer’s Club has become the public enemy of the entire school,” Hai Yue said, “All the clubs have joined forces and are ready to completely erase the God Slayer’s Club from the list.”

Lu Benwei’s face flashed with surprise. There was indeed such a rule in the school. Besides reranking the teams, the clubs with poor results would be removed from the list of clubs at Zhejiang Hunter University.

Lu Benwei pondered for a moment and asked, “Where’s the competition going to be held this year? What’s the competition format?”

“We’re going to the Northwind Mountain this year,” said Dugu, “It’s already been cleared out. As for the method, it’s to hunt monsters to obtain points. From the start of the competition, you can snatch points from other clubs. The five clubs with the least points will be eliminated.”

Lu Benwei’s face turned serious.

“If that’s the case, our God Slayer’s Club will be in danger.”

When everyone heard this, the atmosphere fell into a depressed state.

With all the clubs in the university working together to besiege the God Slayer’s Club, even Lu Benwei could not guarantee that he would not be eliminated.

“That’s why I said, Brother Lu, you should leave!” Dugu said with some unwillingness, his fists tightly clenched, “It’s fine if the God Slayer’s Club is disbanded, but we can’t just watch you be wronged!”

...

Everyone looked at Lu Benwei, waiting for his reply.

“I won’t leave,” Lu Benwei said firmly, “I want to participate in the club competition!”

Everyone’s faces flashed with a hint of joy, but they quickly regained their calm.

“You’re under house arrest now,” Lin Feng said worriedly, “Vice Principal Sun has ordered that you’re not allowed to participate in the competition. You can’t even participate if you want to, right?”

Lu Benwei smiled faintly. “Really? why do I feel like you have a way to make me participate?”

Everyone laughed in embarrassment.

“You’re smart, Brother Lu!” Dugu gave him a thumbs up.

As soon as he finished speaking, Master Tang stood out from the crowd.

“I have a plan that can help you participate in the competition.”

Then, he took out two human-skinned masks from his storage space. One was Dugu’s appearance, and the other was Lu Benwei’s appearance.

Lu Benwei immediately understood what he meant. This was to make him and Dugu exchange identities.

...

“So, you’ve already planned this all along. You were lying when you said you’d take me away?” Lu Benwei joked.

“If you say you want to go far away, we’ll definitely help you clear all obstacles.”

Lu Benwei and Dugu put on their human skin masks at the same time. The two of them were about the same size, and if they did not open their mouths to speak, others would not be able to tell.

“Damn, look at me, why do I have goosebumps all over?” Dugu shuddered and rubbed his arms back and forth.

Chapter 423 Gloomy

Lu Benwei turned into Dugu. Dugu turned into Lu Benwei.

As they stared at each other, they could not help but shiver and feel a little scared. After a long time, the two of them finally got used to their new identities.

Dugu patted his chest. “Brother Lu,” he said, “Don’t worry. I’ll take care of this.”

“When the club competition starts, the people from the Temple of Judgment will probably take you away,” Lu Benwei said, “But don’t worry, the head of the Temple of Judgment, Li Tianchang, knows me. He won’t do anything to you.

!!

“Of course!” Dugu nodded his head vigorously. “Don’t worry, even if Vice Principal Sun were to torture me, I wouldn’t say a word!”

Very quickly, the group of people left the dormitory building in a hurry.

Not long after, the guards who had been knocked out woke up and the first thing they did was to confirm whether Lu Benwei had been kidnapped.

Seeing that Lu Benwei was still in the room, they breathed a sigh of relief and asked, "What did Chu Yan and the others do to you?"

Dugu was speechless.

The guard saw that "Lu Benwei" did not speak and felt bored. He shook his head and closed the door.

...

The next day, the club competition officially began!

Before entering the teleportation portal, each club had 30 minutes to discuss its tactics.

At this moment, the members of the God Slayer's Club were all dejected and had low morale!

Seeing this, Chu Yan gathered everyone together and said, "The competition is about to start. Why are you all so sad? Don't you want to take revenge?"

As soon as she finished speaking, the sky above the crowd was still covered with dark clouds.

"Everyone, keep your spirits up. We'll definitely be able to get through this." Chu Yan continued to encourage them.

"It's no use. We're the public enemy of the entire school now. The other clubs have established an alliance and are working together to eliminate us."

"Then are we just going to be slaughtered like this?"

"We're from the God Slayer's Club. If we work together, the power we can unleash isn't weak!"

Zhao Xiaoqi and Lin Feng could not stand it anymore, they wanted to arouse everyone's desire to fight.

Everyone still looked listless, unable to lift their heads in front of the three.

"It's useless. Our club is very strong. Everyone knows that this is the work of President Lu Benwei and Vice President Chu Yan."

"Now, President Lu Benwei is under house arrest, and Vice President Chu Yan can't do it alone."

Even though the three of them had put in a lot of effort, no one was able to lift their spirits.

The dark clouds continued to shroud the place, and some people even proposed to withdraw from the God Slayer's Club immediately.

The reason was very simple. After the day of the club competition, the God Slayer's Club would be disbanded. It was better to leave the group now and avoid being beaten up.

When Lu Benwei, who was in the form of Dugu, heard this request, he immediately rejected it.

"What a bunch of trash!" He suddenly stood in front of the crowd and berated them in a deep voice.

"Don't you guys know what President Lu's motive is for causing today's situation?"

Everyone was suddenly scolded, and they looked at Dugu with some anger.

“Dugu, what right do you have to say that about us?”

“Besides, President Lu Benwei is under house arrest, what does it have to do with us?”

Dugu continued to sneer and berate. “For you guys to say such words, your conscience must’ve been eaten by dogs.”

“Isn’t the reason why President Lu Benwei is under house arrest to make you stronger? Isn’t it to let you all end things with the Heavenly God Temple? Now you’re saying that President Lu Benwei’s house arrest has nothing to do with you? Where’s your conscience?”

Dugu’s words were like a huge bell ringing in everyone’s ears. Countless people woke up with a start. They lowered their heads and pursed their lips tightly.

“Do you still dare to say that President Lu Benwei’s house arrest has nothing to do with you?”

Everyone lowered their heads in silence.

Dugu swallowed his anger and continued, “We’ve been slandered for colluding with monsters. Other than us, I’m afraid only those who defame us would know how defamed we are. If we give up because of this and don’t challenge ourselves, wouldn’t we be falling into the trap of those who have wronged us? They’re just waiting to see us make a fool of ourselves!”

Some people were angered by Dugu’s words and raised their arms, shouting, “You’re right, we can’t let those people have their wish!”

“If we’re eliminated because of this, the God Slayer’s Club will cease to exist, and those people will laugh even more happily.”

The intense burning emotions spread like a fire, and the haze that shrouded everyone’s head was dispelled.

Countless people raised their arms and shouted, “Dugu”. They even spread the word that they would let the rest wait and see who was the knife and who was the fish!

When some clubs heard the news, they burst out laughing.

“Without Lu Benwei, the God Slayer’s Club will be like a grasshopper after autumn and won’t last for a few days.”

“Even if there’s Chu Yan, this blessed girl, does she want to fight with the Union of Club, which has thousands of people?”

“The God Slayer’s Club will disappear from the history of Zhejiang Hunter University after this competition. They will be a laughingstock forever!”

...

On the other side, the School Board and the Temple of Judgment were also paying attention to the competition.

They were sitting in a conference room around a huge solid wood table.

In the middle of the table, there was a large round hole, and a 3D projection could be shown to everyone through the equipment under the hole.

At the same time, the 3D projection also split the huge table into two.

The members of the School Board and the Temple of Judgment sat on one side each.

Lu Benwei had always announced to the public that he cooperated with the Blood Monster to improve the strength of his members. If it could be verified, Lu Benwei's sin would be reduced a lot.

...

Suddenly, a secretary ran into the meeting room and whispered something in President Yan's ear.

"I know, you may leave," President Yan ordered in a deep voice.

"Yes." The secretary bowed and took a few steps back before leaving the meeting room.

Everyone's gaze turned to President Yan.

President Yan cleared his throat and said, "It's nothing major. Vice Principal Sun said that the God Slayer's Club has suddenly regained its fighting spirit. I think everyone can see the results of the Blood Monster's training soon."

As soon as he said this, the directors in the meeting room were secretly surprised.

On the other side, the Temple of Judgment let out a long sigh of relief.

The leader of the group was overjoyed. He was the head of the Temple of Judgment, Li Tianchang.

...

After returning to school, Sun Hongbin gathered all the clubs together and read out the rules of the competition.

It was just as Dugu had said, the location of the competition was Northwind Mountain.

...

The method was to hunt monsters to obtain points.

From the start of the competition, they could snatch points from other clubs. The five clubs with the least points would be eliminated.

Chapter 424 Start of the Competition!

The competition between the clubs of Zhejiang Hunter University had officially started!

Lu Benwei, who had transformed into Dugu, landed in a deserted area.

The north wind howled, and the snow fell. The entire area was covered in a white mist.

The moment everyone appeared, they all shivered and asked in unison, "Where's this place? What should we do now?"

Lu Benwei, who had turned into Dugu, pondered for a moment.

“In my opinion, this should be the central area of Northwind Mountain,” he continued.

“The central area?!”

Everyone’s faces flashed with a strange look, and some even immediately looked around in panic.

“Everyone, don’t panic. This isn’t a bad thing,” Lu Benwei comforted everyone.

“At least for now, it’s hard for other clubs to find us.”

Someone heaved a long sigh of relief when he heard this.

However, there were still people who were worried. “We can’t possibly stay here forever. The competition will be held for three days. Someone will discover us sooner or later.”

Lu Benwei thought for a while and said, “In my opinion, we should split up! I’ll stay here with a few people to build the base. Chu Yan will lead a large group to trigger the hunt of monsters and obtain points.”

As soon as he finished speaking, everyone received a message on their cell phones.

There were already teams that had successfully hunted and killed monsters.

Lu Benwei opened his phone.

As expected, the first kill was from the Heavenly God Temple.

According to the rules, every time you kill a monster, you would get points for the corresponding level of the monster.

At present, the Heavenly God Temple’s score was 424 points. It seemed that they had encountered a monster tide as soon as they entered the arena.

Someone was still worried and asked, “But we’re the public enemy now. How can we prevent our points from being stolen?”

“Yes, we have the courage to fight them, but we can’t fight against their numbers!”

Lu Benwei thought for a moment and then rolled his eyes.

“How about this, Chu Yan will take a large group and move together. Chu Yan will be the center of everything, and no one is allowed to leave without permission.”

According to conventional thinking, the club token would be with the strongest person in the club.

“But we did the opposite and hand the token to me. What do you think?”

The club token stored the points of the entire club. In other words, as long as the club token was stolen, the points would also be stolen. All the hard work of the entire club would be in vain.

Everyone felt that this was a good idea. First, they could move freely, and second, their current location was very hidden, so the other clubs would not be able to find them for a while.

The only problem was safety. They were in the depths of Northwind Mountain, where monsters ran rampant. It was extremely dangerous.

“Dugu, are you sure it’s fine to stay here alone?”

Lu Benwei, who had transformed into Dugu, put his hands on his waist and gave a reassuring look.

“No problem, just leave it to me.”

After everyone left, Lu Benwei asked Qian Hai, Gu Xuan, and the others to stay with him to build the base camp.

After they left, Qian Hai and Gu Xuan revealed strange expressions and surrounded Lu Benwei.

“F*ck, Dugu, did you take the wrong medicine today? Why are you so fierce?”

“If I didn’t see it with my own eyes, I’d have thought you were Brother Lu!”

Qian Hai, Gu Xuan, and Dugu were the first to join the God Slayer’s Club.

Lu Benwei was also the most assured of the two.

“If I say I’m...”

Lu Benwei’s words were interrupted by a strange roar.

A tall and mighty icy war monster had unknowingly arrived in front of the three of them. It was less than a few meters away.

Surprisingly, this ice field battle bear seemed to have undergone a mutation. Apart from its head, which was white, the hair on its body was dancing like flames.

“What’s going on? I’ve never heard of an ice attribute monster that can mutate into a fire attribute.”

Gu Xuan and Qian Hai were extremely puzzled. Lu Benwei was the only one who knew what had happened.

The reason was due to the danger in Northwind Mountain. Blood flowed everywhere, and the ancient Flame Monster clan was defeated. The blood that flowed with the might of a king seeped through the earth.

This ice field battle bear monster had absorbed a portion of the king’s bloodline and had undergone a mutation. Its strength had increased to another level.

After hearing Lu Benwei’s explanation, Gu Xuan and Qian Hai were not afraid. Instead, their fighting spirit was even higher.

“After undergoing such hellish training for such a long time, we’re already very different from before.” Gu Xuan and Qian Hai’s gazes were blazing as if they were unstoppable.

Done talking, the two people attacked.

However, the ice field battle bear was a king level monster in Northwind Mountain. It had been baptized by the blood of the Flame Monster clan, and its battle strength had long surpassed its level.

Gu Xuan and Qian Hai's incomparably biting cold attacks were easily resolved by it. However, the two of them were full of fighting spirit, and their fighting spirit was even stronger.

After his first attack was neutralized, he quickly changed his mind and continued to attack.

Sometimes, one would feign an attack, while the other would attack. Or the two of them retreated to advance, using the terrain to wait for the right time to launch an attack.

This ice field battle bear was very powerful, and its use of ice and fire elements was very unique. However, under the combined attacks of the two, they were only reduced to nothing.

At the last moment, Lu Benwei made his move. With Lightning Speed, he raised his fist and punched out. With one punch, the skull of the ice field battle bear was sent flying. Blood and white brain matter flew all over the sky, melting the snow.

...

When Gu Xuan and Qian Hai saw this, they said angrily, "You only know how to pick up scraps. We almost killed him, but you finished him off with one punch."

Lu Benwei laughed and said, "I'm just afraid of gossip. Let's get to work."

After cleaning up the mess on the ground, the three of them started to set up camp.

Time also flew by quickly. The three of them completed the construction of the entire base camp, and in the blink of an eye, it was already evening.

Along the way, they also encountered many monsters, which were besieged by Lu Benwei, Gu Xuan, and Qian Hai.

Although they were in the depths of Northwind Mountain, they could not withstand the many enemies. Soon, someone came to find them.

The other party was a rather strong club at Zhejiang Hunter University. This club was unconventional as its members were made up of only warriors.

The leaders of the club were named Fan Liu and Zhou Liang, and they were both in the top 100 of the hunter university rankings.

"Are you guys from the God Slayer's Club?" the vice president, Zhou Liang, stepped on the corpse of a monster and shouted at the three of them.

Qian Hai and Gu Xuan saw that there were many people and wanted to get away.

"Brothers, I think you're mistaken. We're just an unknown club." Qian Hai put on a smiling face, which was very bright.

...

Zhou Liang frowned and pointed at the flag in the main tent.

"Do you think I'm blind? What's written on it?"

Chapter 425 Remorse

Qian Hai and Gu Xuan were stunned for a moment.

The two of them clearly remembered that when the warrior group came, the flag with the symbol of the God Slayer's Club had not been hung up yet.

At the same time, they turned their heads to look, and the two immediately thought of killing Dugu.

Lu Benwei, who had turned into Dugu, slowly slid down the flagpole. At this time, he also discovered the warrior group.

"What a coincidence, I just hung up the flag. Do you guys think that this club has discovered our identity?"

Qian Hai and Gu Xuan's faces were filled with black lines, and in their hearts, they wished they could skin Dugu alive.

Zhou Liang sneered. "I was wondering why I didn't see any sign of your God Slayer's Club after searching for so long. So, you're hiding here like a turtle!"

The group of warriors laughed and looked at the three of them in disdain.

The leader, Fan Liu, sneered and said, "Tell me, are you going to hand over the token yourself, or do you want us to help you take it out?"

Qian Hai rolled his eyes and said, "Everyone, even if we want to hand it over, we have no choice. The token is in Chu Yan's hands, how can it be in our hands?"

"Oh, really?"

The eyes of the warriors turned mocking as they sneered. "Then I'm sorry."

"We're members of the alliance. We have an agreement. If we encounter any member of the God Slayer's Club, we must teach them a lesson."

Qian Hai and Gu Xuan no longer showed any signs of weakness, and their voices suddenly became a bit higher.

"If you have the ability, then come! Even though President Lu isn't around, as long as Vice President Chu returns, you guys will have to bear the consequences!"

The warriors were all shocked. They all knew that the God Slayer's Club had two trump cards, one of which was Chu Yan. Chu Yan's strength was not inferior to Lu Benwei's.

"Chu Yan?" Fan Liu laughed.

"She can't even protect herself, so why would she bother with you?"

Zhou Liang continued to agree, his attitude extremely arrogant. "Since you said that the token is with her, we'll give you a choice. Call her back. Otherwise, the three of you will spend the rest of this semester in the hospital!"

“Dream on!” Qian Hai roared and charged forward!

Zhou Liang’s eyes were burning with passion. He raised a large blade, which was also a purple-grade weapon!

“Boom!”

The large blade slashed down with an extremely sharp sword momentum. The power was extremely powerful.

At the same time, Qian Hai exploded with a power that exceeded his level.

However, the level gap between the two sides was very wide. Moreover, Zhou Liang was a second class warrior, and had the power to suppress Qian Hai.

“Ouch!”

Qian Hai was no match for him, and he flew out with a miserable cry.

In the next second, Qian Hai quickly stood up from the ground and wiped the blood from the corner of his mouth.

After training with the Blood Monster for so many days, other than his combat ability and experience, he had also improved a lot. That was the ability to take hits!

A strange look flashed across Zhou Liang’s face. He sneered. “Yo, you’re pretty good at taking hits?”

With that, the second wave of attacks was launched.

Qian Hai pulled himself together and continued to deal with the situation calmly. Gu Xuan wanted to help but was immediately blocked by Fan Liu.

“Dugu, quickly go find Sister Chu!”

Gu Xuan felt a powerful pressure head-on, and even breathing was difficult. Before being enveloped by this pressure, Gu Xuan’s first reaction was to let “Dugu” escape.

“You guys, catch him!” Zhou Liang sent Qian Hai flying again and turned around to order.

The few of them immediately rushed forward and surrounded Lu Benwei.

On the other side, Gu Xuan was knocked down, and Fan Liu stepped on his chest.

“I’ll give you a chance. Either you hand over the club token, or you call Chu Yan.”

As he said that, Fan Liu exerted force with his feet.

A heart-wrenching pain spread throughout Gu Xuan’s body. Under immense pressure, his entire chest was filled with blood.

Gu Xuan raised his head with great difficulty. His mouth was wide open as he slowly spat out, “Dream on!”

“Since that’s the case, if I don’t teach him a lesson, he won’t remember.” Fan Liu sneered.

After saying that, he grabbed the back of Gu Xuan's head with his large hand and lifted him like a little chick.

"Boom!"

Fan Liu pressed Gu Xuan into the snow.

The accumulated snow had long become as hard as a small stone.

Fan Liu's large hand tightly clutched Gu Xuan's head and dragged it back and forth on the ground.

The snow that was as sharp as a rock made Gu Xuan feel a heart-piercing pain. His face was soon covered in scratches, and his blood stained the white snow.

The ice-cold snow brought Gu Xuan a feeling of powerlessness and suffocation. He could not even struggle.

On the other side, Zhou Liang copied Fan Liu's actions and started to torture Qian Hai. He was having a lot of fun.

After an unknown period, Zhou Liang shuddered violently, and goosebumps rose from his head to his feet.

"What's going on? Why is it so cold?"

Zhou Liang stopped playing. He crossed his arms and rubbed them.

"The few of you, go and burn down this camp. Let me warm up." As he spoke, he raised his head.

...

In the next second, Zhou Liang was stunned. The remaining dozens of members of the warrior group were all looking in one direction in a daze.

"What are you guys looking at?" Zhou Liang shouted coldly as he followed everyone's gaze and looked over.

It was also at this moment that his pupils suddenly shrank, and his mouth formed an "O" shape.

The people he had ordered to stop "Dugu" were all hanging on the tree like willow branches.

If it was not for the occasional screams from their mouths, Zhou Liang would have thought that they were dead.

"Who are you?" Zhou Liang shouted coldly.

Lu Benwei's face was covered in a cold sweat, and his deep eyes were filled with killing intent.

"A member of the God Slayer's Club!"

A bone-chilling cold spread through Zhou Liang's body. He could feel the strong pressure from Lu Benwei, and his two legs trembled.

"You... You guys go!" Zhou Liang braced himself and said.

The alarm in his heart kept ringing, and his brain subconsciously told him to stay away from this person. It was the same for the others. Their scalps were numb, and their eyelids were twitching.

...

The north wind howled, and the cold wind was bone-piercing. Everyone's hearts were about to jump out of their throats.

Lu Benwei approached step by step, like the god of death!

"What are you guys waiting for? Hurry up!" Zhou Liang ordered again, "He's just an insignificant character in the God Slayer's Club. Besides Lu Benwei and Chu Yan, you're all level 30 and 40. Why are you afraid of him?"

Hearing Zhou Liang's words, many people had no choice but to attack Lu Benwei. However, when they came in front of Lu Benwei, their hearts were filled with regret.

Chapter 426 Ants

It was a terrifying aura and overwhelming power.

"Boom!"

Lu Benwei no longer suppressed his power and released his full combat power.

Just by relying on their levels, they had already suppressed the warriors where they could barely breathe.

!!

No one could withstand a single punch from Lu Benwei.

"Boom!"

One by one, the members of the warrior group were sent flying by Lu Benwei's punch.

Many of them retaliated, hoping to inflict some damage on Lu Benwei before they fall to create a chance for their teammates to beat Lu Benwei.

However, Lu Benwei used his powerful body to resist all kinds of attacks.

Fan Liu and Zhou Liang were both dumbfounded, their mouths forming an "O" shape. This was just the power displayed by an unknown member of the God Slayer's Club.

"Who are you?"

Zhou Liang's entire body was trembling, and a bone-piercing chill ran down his spine.

Lu Benwei did not say a word and just stared at him indifferently.

"Hurry... Quickly call for help!" Zhou Liang said with a trembling voice.

When Fan Liu heard this, he immediately took out a phone from his pocket.

After pressing a button in a hurry, the request for help immediately turned into an electric signal and spread to every corner of Northwind Mountain. All the clubs in the alliance received this message.

“You found the base camp of the God Slayer’s Club?”

“But the warrior group was almost annihilated by an expert?”

All the clubs had doubts. The expert that the warrior group was talking about could not be Chu Yan. However, apart from her, who else was there in the God Slayer’s Club?

“Could it be the swordsman named Lin Feng?”

“That’s impossible. Lin Feng is indeed very powerful, but he’s far from having the strength to wipe out a group of warriors.”

“I don’t care, I’ll go take a look first!”

Nearly two-thirds of the clubs gave up on hunting monsters to obtain points. Instead, they set off for the location of the base camp of the God Slayer’s Club.

...

“Didn’t you have a lot of fun just now?”

Lu Benwei hung Fan Liu and Zhou Liang upside down on the tree. The middle of the rope was fixed with a fixed pulley while he held the other end of the rope.

“Qian Hai, Gu Xuan, how long have they been torturing you?” Lu Benwei asked lightly.

At this moment, the two of them roughly understood the identity of “Dugu”.

“I don’t know. It’s been at least an hour, right?”

“I understand.”

Lu Benwei released the end of the rope, and Zhou Liang and Fan Liu fell straight down. The two of them fell into the snow like huge rocks.

The snow, which was like crushed stones, scraped against their cheeks, leaving small bloody marks.

Lu Benwei pulled the rope again and lifted the two again.

The piercing pain and the feeling of blood rushing to their brains made them feel like they were being tortured.

Lu Benwei was not a saint. In addition, it was these two who had bullied him first, so he did not feel the slightest bit of guilt.

“Tell me, how many people do you have in your alliance? Who was the one who suggested forming an alliance?” Lu Benwei asked coldly.

He did not expect Fan Liu and Zhou Liang were so stubborn that they did not want to reveal any information.

“It’s useless. Almost the entire school’s clubs see you as enemies.”

“You can wipe out our entire team? Do you think you can make an enemy out of all the students in the school?”

“Almost two-thirds of the school will be here soon. Pack up and run away with your tails between your legs!”

“It’s not like I’ve never made an enemy of the entire school before.” Lu Benwei sneered.

As soon as he said this, Fan Liu and Zhou Liang’s pupils shrank.

“Make an enemy of the entire school?”

Their voices trembled as they recalled that unbearable memory. An endless sea of lightning and a monstrous destructive aura. Nearly all the elites of the school had fallen into that sea of lightning.

“It’s you? It’s you!” their pupils contracted as they shouted hysterically.

“You’re Lu Benwei?”

Lu Benwei’s lips curved up and he sneered. “If you say so, then it is.”

With that, he knocked the two out with a punch. The reason was that Lu Benwei’s situation was very sensitive, and he could not expose himself.

Qian Hai and Gu Xuan both came forward to welcome him. Both were extremely excited.

“Lu... Dugu, I didn’t expect it to really be you.”

“How did you get out?”

Dugu smiled faintly and told the two of them what had happened.

“I didn’t expect Master Tang to have such a skill. This human skin mask is so real.”

Suddenly, Qian Hai stopped smiling.

...

“Dugu, now that all the clubs in the school know our location, should we evacuate?”

“No need.” Lu Benwei waved his hand.

“But almost two-thirds of the school’s students have been mobilized.”

“There’s no need to do this when the spiritual light is being kept a secret.”

Gu Xuan also tried to persuade him.

“You’re the one from the spiritual light secret realm. You represent our first year and are going against the fourth year. And now, we’re going against the entire school.

“The two of them just said that two out of three people from the school are here. Do we really not need to change locations?”

As soon as he finished speaking, the surrounding ice field and jungle were lit up with flames that soared to the sky.

There were more than a thousand students. It was so packed that not even water could pass through.

There were so many of them that they could drown Lu Benwei and the other two to death with just a mouthful of saliva.

The leader was the eleventh person at Zhejiang Hunter University, Ma Han, who had previously lost to Lu Benwei.

...

Seeing that there were only three people in the base camp, a trace of disappointment flashed across Ma Han's face.

"Who was the one who annihilated the warrior group?" he shouted.

Lu Benwei, who turned into Dugu, slowly stepped forward. His eyes were calm like an ancient pool.

"It's you?"

Ma Han was not surprised. He patted his head and said, "I remember you. You're called Dugu, right?"

Dugu was quite active in the God Slayer's Club, so it was not strange for him to be recognized. However, the crowd started to discuss it.

"It's Dugu?!"

"I remember that he was very weak."

"Zhou Liang and Fan Liu are in the top 100 in our school. How could they be defeated by him?"

Some people heard that Dugu's strength was very weak and began to provoke him.

"Dugu or whatever, come over and kneel before me. I guarantee that I won't hit you."

Upon hearing such a mocking voice, someone echoed.

"Come kneel and I won't hit you."

"Why don't you just kowtow to each of us?"

"I hope your forehead is hard enough. It won't be fun if your head is broken."

...

Mocking voices rose and fell, and mocking laughter rang out continuously.

Someone lit a torch and set the camp of the God Slayer's Club on fire. The blazing fire melted the snow and dyed the sky a bloody color.

Lu Benwei looked at these reckless people and sneered in his heart.

"Your alliance is just a bunch of laughable ants."

Chapter 427 The Starlight Covers Half the Mountain

Lu Benwei sneered in his heart.

“Did you form an alliance to seek justice, or to use justice as an excuse to cause destruction?”

As soon as he said that, everyone was stunned.

“Cut the crap!” Ma Han said angrily, “We formed an alliance to eliminate evil and remove the God Slayer’s Club from Zhejiang Hunter University! Tell me, where’s Chu Yan?”

The others followed suit and shouted, wanting Lu Benwei and the other two to tell them Chu Yan’s whereabouts so that they could snatch the God Slayer’s Club’s points.

Lu Benwei sneered and took out the club token. When it was taken out, everyone was stunned. They did not expect that the God Slayer’s Club token would be right in front of them.

“Kid, I’ll give you three seconds to hand over your token!” Ma Han ordered arrogantly.

“If you want me to hand over the token, it’s not impossible,” Lu Benwei said coldly, “Answer me, where’s the Heavenly God Temple?”

As soon as he finished speaking, everyone was stunned. Even Qian Hai and Gu Xuan, who were standing behind Lu Benwei, were stunned.

“Lu... Dugu, what do you want the whereabouts of the Heavenly God Temple for?”

Lu Benwei pondered for a moment and then said lightly, “Did you guys notice that there isn’t a single member of the Heavenly God Temple among this group of people? In addition to the appearance of the president of the Heavenly God Temple, Zhou Qingfeng, and Vice Principal Sun, I suspect that they are the ones who are instigating the students!”

“That’s right, why didn’t I think of that?” Qian Hai smacked his head.

However, Ma Han’s next answer made Lu Benwei’s jaw drop.

“How would I know? The Heavenly God Temple doesn’t belong in our alliance,” Ma Han replied impatiently.

Lu Benwei was secretly shocked. Logically speaking, if Zhou Qingfeng was the mastermind behind this, the Heavenly God Temple should be the anchor club in this alliance. However, the club was not in the alliance.

At the same time, some people in the alliance started to get impatient and started to attack Lu Benwei. Lu Benwei punched the man and sent him flying more than ten meters away.

Everyone was shocked by “Dugu”’s power. The real Dugu was just an ant to them.

Seeing that one person was instantly defeated, two clubs discussed and joined forces to suppress Lu Benwei.

“Kill!”

Battle cries shook the heavens as Lu Benwei faced the battle alone, looking extremely valiant.

None of the hundreds of people in the two clubs could take a second punch from Lu Benwei.

They fought in the sky, and the bodies that were seriously injured by Lu Benwei fell like dead bodies.

There were naturally powerful hunters in the Alliance. Seeing that “Dugu” was so powerful, they discussed with a few other strong people and decided to take “Dugu” down together.

Lu Benwei was full of battle spirit, fighting against many of the school’s powerhouses! One by one, they fell to the ground like corpses.

Screams, explosions, and the sound of fists clashing filled the air. They reverberated in the sky and pierced through the heavens.

Moreover, Lu Benwei also used a skill to enhance Qian Hai and Gu Xuan. They displayed astonishing strength, in addition to the training they had with the Blood Monster. Their strength was on par with the combat strength of a second class hunter.

In the sky, the expert was defeated by Lu Benwei and his bones were broken. He spat out a mouthful of blood and asked, “Why are you so strong? Or are all the members of the God Slayer’s Club like this?”

“There are still many people like me in the God Slayer’s Club!”

With that, Chu Yan led the army of the God Slayer’s Club and joined the battlefield.

“The God Slayer’s Club is colluding with monsters. We must remove them from the school!”

“We have a clear conscience. You were the ones who were blinded by vile people!”

After the two sides argued with each other, no one could convince the other, and the battle became even more intense.

Lu Benwei used the four major enhancement skills to strengthen the members of the God Slayer’s Club to a new height.

The alliance also had a lot of powerful support to help everyone strengthen their attributes.

The battle was even more intense, and the ice field cracked.

Lu Benwei fought against the crowd and punched out with an aura that could swallow mountains and rivers, sweeping everything in its path.

A level-43 expert was struck, and his ribs were all broken. After coughing up a large mouthful of blood, he lost the ability to fight.

The powerhouses who were fighting with Lu Benwei used their strongest moves and even injured their allies to defeat “Dugu”!

Lu Benwei roared and the entire ice field trembled. He clenched his fists, and the starlight covered the entire Northwind Mountain.

“Boom!”

The fist rain was like a heavenly river, blasting out. His divine might was unparalleled, and he was invincible.

One by one, they fell. It was a shocking sight. The alliance had lost two-thirds of its soldiers.

Lu Benwei stood in the sky, his eyes shooting out starlight and his clothes fluttering in the wind, like a god.

“Sun Hongbin, do you want to see students killing each other? Compared to me colluding with monsters, what are your actions?”

Lu Benwei looked up at the sky and roared, not hesitating to expose his identity.

Everyone was stunned. This person was Lu Benwei! No wonder he was so brave!

The sound spread thousands of miles and was captured by Sun Hongbin and the directors of the school.

“What? Lu Benwei is pretending to be Dugu?” Sun Hongbin slammed the table and stood up as he said in disbelief.

The directors panicked. Lu Benwei was participating in the club competition!

At this moment, Lu Benwei continued to look up and said in a deep voice, “Sun Hongbin, since you want to take over Principal Chen Yuan and me, I’ll give you a chance! I’m going back now to receive my trial!”

After that, Lu Benwei activated the teleportation array and returned to Zhejiang Hunter University.

Everyone was stunned. Compared to the fact that Dugu was Lu Benwei, the current situation was more difficult to figure out. The club competition had been forced to end, and many people had returned to the campus.

Lu Benwei directly barged into the meeting room and faced Sun Hongbin and the directors!

“Lu Benwei, what are you doing?”

...

Lu Benwei’s menacing aura scared many school directors and they hid behind Sun Hongbin.

Sun Hongbin was also so scared that his eyelids were twitching. “Lu Benwei, don’t mess around, the Temple of Judgment is also here, you have to think about the consequences.”

Lu Benwei sneered and said, “You don’t even care about the students’ danger. Sun Hongbin, are you worthy of being a teacher?”

Sun Hongbin’s pupils widened, and he said angrily, “Lu Benwei, do you know what you’re saying? As the vice principal, I’m more worried about the students’ safety than anyone else.”

Lu Benwei sneered and said contemptuously, “Oh? Is that so? You’re worried about the students’ safety, but you’re instigating infighting among the students? You’re worried about the students’ safety but you’re hiding here to watch the show even when things are already beyond repair?”

Chapter 428 Trial

“Lu Benwei, do you know what you’re saying?”

One of the school board members coldly rebuked.

After a strange look flashed across Sun Hongbin’s face, he also said coldly, “Isn’t this all because of you? I’m sure everyone knows who caused the current situation!”

As soon as he finished speaking, the door of the meeting room was kicked open.

Chu Yan barged in with several members of the God Slayer’s Club.

“What are you doing? Don’t be too impudent!”

The school directors were bewildered and stood up from their seats in a panic.

Chu Yan did not respond to them. She rushed forward, pulled up the chair from the main seat, and sat down. Her long, slender legs were placed on the table, making her look like the queen of the conference room.

Everyone swallowed their saliva unconsciously and was so intimidated by Chu Yan’s powerful aura that they did not dare to speak loudly.

“Speak, let’s hear how you want to convict Lu Benwei.” Chu Yan picked at her nails, completely disregarding Sun Hongbin and the other directors.

“Chu Yan, don’t be too presumptuous. How can you mess around in front of the directors?”

Sun Hongbin scolded at this moment, showing his loyalty to the directors.

Chu Yan did not put him in her eyes at all. She blinked her beautiful eyes. “How honorable are those people? Aren’t they just a bunch of old dogs with a little money at home?”

Everyone’s body trembled in unison, and their eyes were bloodshot. However, none of them dared to step forward and scold Chu Yan. She was just sitting there, exuding a very wonderful aura.

Sun Hongbin should have looked down, but under this aura, he looked up at Chu Yan.

The leader of the School Board, President Yan, cleared his throat and said, “Lu Benwei and Chen Yuan colluded with monsters. They have violated the laws of the Dragon Kingdom and cannot be forgiven. According to the law, the two of them should be deprived of all rights and be at the disposal of the Temple of Judgment.”

As soon as he finished speaking, everyone’s focus was on the Temple of Judgment task force.

The leader of the Temple of Judgement, Li Tianchang, knew Lu Benwei and liked him very much.

Seeing this, he grinned and said, “This is only the School Board’s one-sided statement. I want to hear Lu Benwei’s explanation first. How did the Blood Monster Prince end up in his hands?”

Li Tianchang had already learned about the situation before he came to Zhejiang Hunter University.

Lu Benwei stepped forward. "I was the one who captured the Blood Monster. I handed it over to the principals of the nine hunter universities. According to Principal Chen Yuan, the Blood Monster has no research value so the other eight principals have pushed it to him."

After a pause, Lu Benwei continued, "Later on, I discovered that the Blood Monster could constantly break free from the shackles and try to escape human society. I also happened to discover a divine treasure in my body that could restrain it. So, Principal Chen Yuan passed it to me."

Li Tianchang heaved a sigh of relief when he heard that. Lu Benwei's answers were perfect and within a reasonable range.

Sun Hongbin sneered. "That's just your side of the story. Where's Chen Yuan now? Can he testify for you?"

Li Tianchang frowned slightly.

Chen Yuan's whereabouts were unknown, and Lu Benwei could not explain it.

At this moment, the door of the meeting room was kicked open again.

"What are the bodyguards doing?!" The directors were furious as the guards could not guard the door properly.

As soon as he finished speaking, a lazy voice was heard.

"My old friends, what are you so angry about?"

Chen Yuan?! All the school directors were surprised.

"You still dare to come back?"

"My student is fighting for me," Chen Yuan said quietly, "As the principal, how can I just ignore him and hide in some unknown place?"

After that, he waved to Sun Hongbin. "Hey, my old friend, are you used to your position as the acting principal?"

The veins on Sun Hongbin's forehead bulged slightly as he shouted angrily at the door, "Where are the bodyguards? Quickly arrest Chen Yuan!"

After a shout, there was no movement outside the door.

"Where are the bodyguards? Are you guys dead?"

After the second ring, there was still no movement.

Someone looked out the door and was shocked. "All the bodyguards have been knocked unconscious."

Everyone present was shocked. The group of bodyguards who were protecting the respected directors of the school had extraordinary strength. To be knocked unconscious without a sound, it was enough to show that this person's strength was powerful to a certain extent.

Everyone looked at Chen Yuan.

Chen Yuan spread out his hands and said innocently, "Why are you looking at me? They were already on the ground when I came. However, there were a few people who looked down on me before, so I kicked them a few times."

Sun Hongbin and the other directors' lips twitched. They felt that Chen Yuan's shamelessness had reached another level.

Then, everyone's eyes turned to Chu Yan.

"What are you looking at me for? Am I that violent?"

Everyone was speechless, and the atmosphere in the conference room was very subtle.

"Everyone, let's get back to the main topic," Li Tianchang said softly.

"Principal Chen, do you agree with what Lu Benwei said?"

"Of course, it's true," Chen Yuan said as he took out a document, "The remaining eight principals can also vouch for me."

Everyone looked at the document in unison. It was as Chen Yuan had said. The document was about the ownership of the Blood Monster. The eight principals had agreed to give Chen Yuan full authority to deal with the Blood Monster. At the end of the document were the signatures of the eight principals.

The faces of Sun Hongbin and the other directors darkened, and the corners of their mouths twitched crazily.

"Then why did you give the Blood Monster to Lu Benwei?"

Sun Hongbin was silent for a long time before he launched another attack.

"It's very simple. I can't restrain the Blood Monster, and only Lu Benwei's divine treasure can restrain him."

...

Li Tianchang looked at Lu Benwei.

"Lu Benwei, why did you let the Blood Monster train your club members instead of you doing it yourself?"

Lu Benwei stepped forward and replied, "I'm replying to the chief of the Temple of Judgment holy because I think that using the Blood Monster will be more able to arouse the hatred of the members and stimulate their potential. And the ultimate goal of our training is to fight against monsters, not humans."

"That's right." Li Tianchang nodded with satisfaction. "It's a good reason."

"Something's wrong!"

Sun Hongbin saw that the situation was hopeless, but he was still unwilling to give up.

"The Blood Monster must be training them for some big scheme. How can the training be an illusion?"

“I can be the witness. The training of the Blood Monster is not an illusion.”

It was none other than the president of the Heavenly God Temple, Zhou Qingfeng.

Chapter 429 Fighting Zhou Qingfeng Again

Zhou Qingfeng slowly walked into the meeting room. He raised his right hand and swore, “I, Zhou Qingfeng, swear on my character that the members of the God Slayer’s Club have achieved remarkable results under the training of the Blood Monster. Every student’s combat ability has been strengthened, and they can fight above their level.”

At the scene, Sun Hongbin had completely lost his momentum. His and the School Board’s plan to use this opportunity to get rid of Chen Yuan had failed.

Chen Yuan and Lu Benwei managed to escape.

Zhou Qingfeng turned around and said to Li Tianchang, “Dear head of the Temple of Judgment, I want to report the Vice Principal, Sun Hongbin.”

!!

Everyone was shocked. Things had not ended yet.

Sun Hongbin’s body trembled, and he staggered a few steps forward, trying to stop Zhou Qingfeng.

“Zhou Qingfeng, what are you doing? What did I do wrong? Tell me, what did I do wrong?”

Lu Benwei and Chu Yan rushed forward and stopped him. Chen Yuan also made his move, and the three of them formed a human wall.

Separated by the wall of people, Sun Hongbin suddenly felt as if he was thousands of miles away from Zhou Qingfeng.

“I’m reporting Sun Hongbin for favoritism. To rise, he maliciously fabricated rumors and incited most students to deliberately attack Lu Benwei and Principal Chen Yuan.”

At this time, Lu Benwei finally understood that Sun Hongbin was the only one who incited the students behind their backs.

Previously, Zhou Qingfeng and Sun Hongbin had appeared together, causing Lu Benwei to misunderstand.

Li Tianchang nodded and asked, “Lu Benwei, is that true?”

“Yes! Since the night before yesterday, rumors have been spreading. Almost all the students thought that I was colluding with monsters to kill all students in school,” Lu Benwei replied without hesitation.

“Then, Vice Principal Sun, please come with me.” Li Tianchang looked at Sun Hongbin with a firm gaze. “We’ll investigate this case. If it’s true, you must bear the consequences.”

At this moment, Sun Hongbin’s eyes were empty as he slowly sat on the ground.

When the law enforcement officers of the Temple of Judgment were ready to arrest Sun Hongbin, he suddenly burst forth with a powerful force, breaking through all obstacles and arriving by President Yan's side.

"Plop--"

Sun Hongbin knelt in front of President Yan and said with a sobbing tone, "President Yan, I beg you to save me! You were the one who told me to frame Lu Benwei and Chen Yuan at all costs!"

President Yan's expression turned into one of defeat. Then, he kicked Sun Hongbin away fiercely. "You're talking nonsense. When did I ever say such things to you?"

"On that day, after all the directors left..."

Sun Hongbin sat up from the ground and crawled toward President Yan with a sobbing tone.

President Yan's face turned green with anger. "Nonsense! Stop slandering me! Li Tianchang, quickly take him away!"

Li Tianchang laughed and said, "Alright."

After saying that, he whistled, signaling his two subordinates to continue their operation.

When the level-suppressing handcuffs were put on, Sun Hongbin no longer had the chance to resist.

The world was finally peaceful.

"Since the truth has been revealed, there's nothing more for us to do here. Goodbye."

President Yan and the other directors stood up and prepared to leave the meeting room.

Chen Yuan waved at them. "My old friends, I won't be sending you off. Be careful on the road."

Many people stopped in their tracks, and a hint of maliciousness flashed in their eyes.

President Yan continued to move forward and walked to Chen Yuan and Lu Benwei's side.

"Chen Yuan, don't get too cocky. One day, I'll kick you out of this place."

Chen Yuan's eyes flashed with a hint of slyness as he laughed. "Oh, then I'll look forward to that day."

In the face of this provocation, President Yan did not get angry. Instead, he smiled and looked at Lu Benwei.

"And you, that thing will be mine sooner or later."

Lu Benwei frowned when he heard this.

"What thing?"

Just as he wanted to ask more, he was stopped by Chen Yuan.

After a while, only Lu Benwei and a few people from the Temple of Judgment were left in the conference room.

Li Tianchang shook hands with Chen Yuan and said a few words to Lu Benwei before he left.

“This matter is over. Lu Benwei, Zhou Qingfeng, I owe you two a favor,” Chen Yuan yawned and said lazily.

“Mr. Principal, it’s my duty.” Zhou Qingfeng bowed slightly.

“Alright, I’ve been on the train for a few days straight and I’m a little sleepy. Help me inform the entire school that the club competition will be postponed,” Chen Yuan stretched his back and ordered Chu Yan and the others.

Chu Yan directly asked Dugu and the others to do it.

Then, Chen Yuan left the office, leaving only Lu Benwei, Zhou Qingfeng, and a few others.

“Thank you for helping me. I owe you a favor,” Lu Benwei looked at Zhou Qingfeng and said sincerely.

Zhou Qingfeng chuckled and said, “What if I ask you to return the favor now?”

“If it’s not too much, I’ll definitely do it.” Lu Benwei was stunned.

“It’s not a big deal.”

Zhou Qingfeng waved his hand, his eyes gleaming.

“How about a match with me?”

Lu Benwei heard this and frowned.

Earlier on, he had heard that Zhou Qingfeng had inherited his family’s legacy and that his abilities were ahead of his time. Lu Benwei also wanted to see it.

...

“Of course.” Lu Benwei replied firmly.

Zhou Qingfeng heaved a long sigh of relief and shrugged. “It’s a good thing you agreed. What do you think about tomorrow?”

“Sure!”

...

At night.

The forum of Zhejiang Hunter University was in an uproar again. Three pieces of news shocked everyone.

One was to delay the club competition. This piece of news did not cause much of a stir in the beginning and was quickly drowned out by the second piece of news.

The school issued an official statement. It cleared up Chen Yuan and Lu Benwei’s names. It also listed Sun Hongbin’s crimes. All incidents that happened were because of him.

“So, it’s Vice Principal Sun’s doing.”

“The principal has always treated us well. How could he possibly collude with monsters?”

“The same goes for Lu Benwei. We all owe Lu Benwei, the principal, and the God Slayer’s Club an apology.”

...

...

When the third piece of news came out, the entire Zhejiang Hunter University went crazy.

Lu Benwei and Zhou Qingfeng were going to fight again!

“If I’m not mistaken, this is the third time the two of them are fighting, right?”

“The first time was a tie. The second time was at the National Class Tournament where Lu Benwei won. Now is the third time. Who will win?”

“I think it’s Zhou Qingfeng.”

“You may not know this, but Zhou Qingfeng has received his family’s inheritance, and his strength has increased greatly!”

“It will be difficult for Lu Benwei to win this match!”

Chapter 430 A Shocking Battle

Everyone thought that Zhou Qingfeng had inherited his family’s legacy and that his abilities had improved by leaps and bounds. Hence, Zhou Qingfeng would win this battle.

In the blink of an eye, it was the next day.

The largest arena in Zhejiang Hunter University was packed. People were moving about, continuously discussing how exciting this battle would be.

Chen Yuan and a group of teachers were also present. They wanted to see how much these two favorites had grown after the National Class Tournament.

!!

“Students, please enter the secret realm.”

Under Chen Yuan’s command, a huge teleportation array was activated.

The two of them were peerless heaven’s favorites, and the shockwaves from their battle would probably affect the entire school. Therefore, everyone suggested that the arena should be set up in the secret realm.

Lu Benwei and Zhou Qingfeng appeared at the same time. The two of them were in high spirits, their eyes bright and full of spirit.

Amid the cheers, the two entered the secret realm. This was an ancient battlefield. The mountains and rivers lost their color, and the sun, moon, and stars lost their light.

The ground was like blood, and it was unknown how many corpses were buried there.

Lu Benwei's bloodline opened and burst out with endless power.

"Zhou Qingfeng, I'm very curious about what kind of inheritance you've obtained," Lu Benwei said slowly.

Zhou Qingfeng slowly opened his eyes. They shone with incandescent light. A huge illusionary image of a divine sword enveloped him. It was majestic and reached the sky!

"Origin-level bloodline?" Lu Benwei was shocked.

At that moment, Zhou Qingfeng's body was also glowing with the light of his bloodline. It was extremely dazzling.

"Blood of the Holy Sword!" Zhou Qingfeng shouted and took the lead.

Lu Benwei faced the attack head-on. His dual origin-level bloodline circulated, and his body was dazzling.

The two of them fought in the sky. In an instant, the sky and earth cracked, and beams of dazzling holy light burst out.

Lu Benwei used all his strength, but he could not break Zhou Qingfeng's defense.

It was clear that Zhou Qingfeng's power had reached an unparalleled level.

Lu Benwei and Zhou Qingfeng tested each other's strengths. Both were extremely brave and unstoppable.

The students outside were dumbfounded.

The power that the two of them were unleashing now was enough to withstand hundreds, thousands, or even tens of thousands of them.

The two of them raised their fists and charged at each other, aiming for each other in a domineering manner.

"Boom, boom, boom!"

One punch, two punches... Countless fists landed, dazzling the eyes of the onlookers. Layers of gray smoke and dust rose on the battlefield, covering the sky.

"Boom!"

With the heaviest punch, the two of them coughed out a mouthful of blood and were sent flying.

"You're level 60?"

Lu Benwei determined Zhou Qingfeng's level.

Similarly, after the first round of testing, Zhou Qingfeng also learned Lu Benwei's approximate level.

"Are you currently at level 52 or 53?" Zhou Qingfeng said in surprise.

The conversation between the two caused the scalps of the people on the outside to go numb.

“What kind of monsters are these two?”

“One is level 60 and the other is level 53? Wasn’t Lu Benwei a freshman? Also, I remember that Zhou Qingfeng was only at level 53 at the end of the last semester!”

Compared to Zhou Qingfeng’s seven-level upgrade, the crowd was more surprised by Lu Benwei’s unparalleled talent. He was only 18 years old, but he had already reached a height that ordinary people could not reach.

The principal and many professors were also very surprised.

“It seems that the two of them didn’t idle around during the winter break. Their levels have increased so much.”

“Both are terrifying geniuses. After so many years, we can finally see a new light.”

...

The battle continued.

After the two’s previous wave of probing, they began to let loose.

Zhou Qingfeng brought out a double-edged sword. It cut through the sky and earth as he pounced.

Lu Benwei was as still as a rock. He looked at Zhou Qingfeng coldly. His dual origin-level bloodlines circulated rapidly, and his body emitted a dazzling bloodline light! It was a punch that could shatter the heavens and earth!

In his body, the boundless power of the stars turned into a vast river of stars, pouring out along his left and right fists. The stars shattered, and the fist wind fell like meteors!

The power of the stars poured out in torrents, vast and boundless, covering the entire sky. Its might was terrifying beyond compare.

“Swish!”

Zhou Qingfeng raised his sword and slashed. The sword qi was domineering and fierce as it clashed with Lu Benwei’s star-shattering fist.

The domineering blood of the holy sword circulated, helping Zhou Qingfeng to unleash a destructive sword aura that dissipated the starlight in the sky.

“Whoosh!”

Zhou Qingfeng suddenly concealed himself and disappeared. However, countless battle cries rang out in the surroundings, and it was extremely loud.

Lu Benwei raised his head and saw countless Zhou Qingfengs at the top of the sky. It was very strange.

“Lightning Speed!”

After a roar, Lu Benwei rushed into the sky, ready to explore the situation.

...

Countless Zhou Qingfengs waved their swords at the same time, trying to suppress Lu Benwei.

Lu Benwei took out the Ancient Sword of Clarity and began a sword fight with countless Zhou Qingfeng!

Clang! Clang! Clang!

The swords intertwined, creating a grand metal symphony. The crisp sound of metal colliding lingered in the ears, lingering.

The people on the outside felt their blood run cold.

Zhou Qingfeng's abilities were at its peak, and his swordsmanship was unparalleled.

Someone recognized Zhou Qingfeng's swordsman, a master swordsman from the Dragon Kingdom. This person relied on his perfect swordsmanship and his mortal body to be on par with a level-80 hunter.

However, Lu Benwei's performance was even more hair-raising. In the face of Zhou Qingfeng's cold attacks, Lu Benwei was like a dragon as if he had entered a no man's land. No matter how sharp the swords were, he did not even touch a single leaf.

However, Lu Benwei gradually lost to Zhou Qingfeng's attacks.

"The Eye of Insight!"

Lu Benwei activated the Eye of Insight and saw a hazy figure controlling everything from within the army. Then, he activated Lucifer's Bloodline and the power of destruction.

...

"Divine Sword of Destruction!"

The destructive power was monstrous. Lu Benwei waved his sword and a vacuum suddenly appeared around him.

The spectators were stunned. Their eyelids twitched wildly as they began to worry about Zhou Qingfeng's safety.

Under the destructive sword light, the army was like a tsunami crashing into the land, like a mountain collapsing.

Zhou Qingfeng was not afraid. He soared into the sky and slashed with the holy sword in his hand. The holy power was so overwhelming that it could tear the universe apart! The destructive sword light dimmed. Zhou Qingfeng took the blow head-on!

The crowd outside gasped.

"Zhou Qingfeng is indeed powerful to be able to withstand Lu Benwei's ultimate attack," someone praised.

Someone else felt sorry for Lu Benwei. Zhou Qingfeng easily blocked his strongest attack. Lu Benwei might lose to him.

On the other side, Chen Yuan and the other professors looked solemn. They all knew that the war had just begun.
