

## Dungeon 431

### Chapter 431 Curtain

“Lu Benwei, your strength has really improved a lot! I think I’m going to lose this match,” Zhou Qingfeng said curiously.

Lu Benwei was startled and knew that he did not use his full strength.

Zhou Qingfeng suddenly smiled brightly.

“But I won’t admit defeat. Lu Benwei, use your full strength. Let me see the gap between you and me.”

Lu Benwei raised his fist and rushed forward to strike first.

This punch was so powerful that there was an explosive sound in the air.

Zhou Qingfeng had expected this. He pointed his finger at Lu Benwei, and a mark appeared on his body. This was his killing move.

All enemies would have nowhere to hide under this attack. At the same time, the damage to marked targets would be increased by 50 percent!

In the next second, a layer of silver knight armor appeared on Zhou Qingfeng’s body, resisting the power of Lu Benwei’s fist.

“Boom!”

The collision of flesh and metal produced a deafening sound. The aftershock spread out like ripples, causing the world to rumble. Only when the two figures separated did the earth-shaking sound stop!

The hearts, livers, galls, and spirits of the surrounding people were all filled with fear.

The situation on the field was equally matched at the moment, and no one had the upper hand. The two of them once again fight for their lives as if this was a world of martial arts.

Lu Benwei’s blood was boiling as he fought Zhou Qingfeng. His hair stood on end, and he was sweating profusely.

It was the same for Zhou Qingfeng. His entire armor was soaked in sweat.

In the end, Lu Benwei could not take it anymore. His fists were broken, and blood oozed out.

At this time, Lu Benwei’s fists moved quickly, and starlight condensed in the air, forming fists.

Each one of them was extremely powerful and shone with a dazzling white light, like real meteorites. Such a powerful skill caused all the spectators below to shiver and gasp!

The star-shattering fist erupted once again like a meteor shower!

Seeing this, Zhou Qingfeng equipped his knight’s spear. Under the starlight, he looked so tiny!

The stars fell! Zhou Qingfeng blocked the attacks with ease and managed to knock the stars down.

Everyone was shocked again. Only someone like Zhou Qingfeng would be able to block such a terrifying skill without using any skills.

As the starlight dissipated, Zhou Qingfeng raised his spear and threw it at Lu Benwei.

Lu Benwei wanted to take it head-on, but the spear suddenly grew in size as it flew, turning into a huge spear that could be used in ancient times.

“Boom!”

Lu Benwei could not dodge in time and was smashed into the ground. The ground caved in, and dust rose, blocking their vision.

“Is it finally going to end?”

“Is the curtain finally falling on the fated battle between the two?”

Under such an attack, Lu Benwei was likely to be seriously injured. At this moment, everyone thought that Lu Benwei would lose.

When the dust settled, some people subconsciously tiptoed and stretched their necks to look down into the deep pit.

However, the result was shocking.

Lu Benwei still had not fallen! They saw Lu Benwei covered in dust, his eyes shining as he stood in the pit.

Everyone took a deep breath again, shocked by Lu Benwei’s defense!

Lu Benwei’s situation was not good at the moment. Zhou Qingfeng’s defense was so great that it made him feel extremely uncomfortable.

“As expected, I can’t underestimate him!” Lu Benwei exclaimed and rose into the sky, ready to fight Zhou Qingfeng again.

“Boom!”

After a long battle, Zhou Qingfeng showed a hint of impatience. Lu Benwei’s physical strength was extremely strong. If it were not for his armor, he would have been beaten to a pulp.

“Lu Benwei, please use your full strength!”

Until now, Lu Benwei still had not used his four skills to strengthen himself.

Zhou Qingfeng thought he was being looked down upon. His voice was a little cold.

“If you can’t even defeat me when I’m not using my full strength, why should I use my full strength?” Lu Benwei said lightly.

Zhou Qingfeng was stunned. He had a complicated expression on his face.

“That’s right. I couldn’t even defeat you when you didn’t use your full strength. Why would I be confident enough to let you use your full strength?”

Zhou Qingfeng mumbled to himself in a self-deprecating manner. Suddenly, he let out a deafening howl that reverberated throughout the entire ancient battlefield!

“Then let me see how big the gap between us is!”

Then, with a thought, the strange double-edged sword turned into a real holy sword, emitting endless white holy light.

“Holy Judgment Sword! Fire of Judgment!”

The next second, the Holy Judgment Sword hummed and burned with golden flames. It was very dazzling.

“Chi!”

Zhou Qingfeng waved his arm, and the golden flame holy light attacked Lu Benwei at a speed that was impossible to avoid.

Lu Benwei activated the Holy Light Shield and blocked it.

However, the golden flaming holy light drew a strange trajectory in the air and bypassed the Holy Light Shield.

Seeing this, Lu Benwei did not panic at all and activated the Holy Key Sage bloodline.

After becoming a Super Holy Demon Magician, the light and dark bloodlines merged. When he activated the Holy Key Sage bloodline, Lucifer’s Bloodline would also be activated.

...

“Boom!”

Lu Benwei’s physical body resisted the Flames of Judgment.

The Fire of Judgment burned with the power of light, which was extremely hot and holy. The people below felt the holy power in it and became obsessed with it. They wanted to go up and kneel against the high temperature.

What a strange skill!

Lu Benwei was shocked and frantically circulated his bloodline power to resist the Fire of Judgment.

“Boom!”

As the flames dissipated, Lu Benwei’s fists moved quickly and he activated the Myriad Light Fist!

Seeing this, Zhou Qingfeng threw out a huge shield to block the attack.

The intense collision caused ripples to spread out. It was so intense that even the clouds in the sky were scattered.

On the other hand, a large part of Zhou Qingfeng’s shield had been damaged after the collision.

Zhou Qingfeng's eyes shone with a threatening light, and the Sword of Judgment in his hand glowed brightly.

...

A six-winged angel holding a sharp sword appeared from time to time. It was holy and terrifying, and all kinds of evil creatures were wailing and crying.

"Lu Benwei, you have a dark bloodline in your body. You must take my attack well!" he shouted. Zhou Qingfeng held the Sword of Judgment in his hand, and the holy light on his body was high and undying.

The great six-winged angel finally appeared. The light of her sharp sword shone, shaking people's souls!

Under this brilliance, even the hearts of the spectators outside the secret realm were purified.

Lu Benwei's face was extremely cold at this moment. He no longer hid his strength and used his four skills to strengthen himself. At this moment, the boundless power of heaven and earth poured into him, and his strength suddenly increased.

" Myriad Thunder Skill! Sharp Blade Punishment!"

The sea of lightning was boiling, and the sacred fire was burning.

An earth-shattering collision occurred, and the aftershocks from the collision covered the world.

At this moment, everyone stood up from their seats.

The great battle was finally coming to an end.

Chapter 432 Exchange Student

The battle had finally come to an end.

The armor on Zhou Qingfeng's body was crushed into dust by Lu Benwei. All the bones in his body were broken, and it was a terrible sight.

Fortunately, Zhou Qingfeng's body was in good condition. He could recover from such injuries in a week.

The battle between the two ended in a draw. Lu Benwei won twice against Zhou Qingfeng.

!!

Now, Lu Benwei was undeniably the number one person at Zhejiang Hunter University. There was no longer any dispute.

Zhejiang Hunter University returned to its peaceful state. The competition between the clubs was held again after three days.

Zhou Qingfeng did not participate because of his injuries.

Lu Benwei thought that the dispute between the Heavenly God Temple and the God Slayer's Club should be resolved by Dugu and the others, so he did not participate.

The result did not disappoint him. Under the leadership of Chu Yan and the others, the God Slayer's Club won first place with more than ten points and became the number one club in Jiangsu and Zhejiang Hunter University.

A month passed in the blink of an eye, and everything began to recover.

The vegetation at Zhejiang Hunter University had sprouted and was lush. Vitality and prosperity returned.

One day, Chen Yuan asked for Lu Benwei, Chu Yan, Zhou Qingfeng, and the other geniuses of the Zhejiang Hunter University.

"Have you heard of the rumors that have been circulating in our school recently?" Chen Yuan had a faint smile on his face as he asked mysteriously.

Lu Benwei had been studying the Heart Sutra in his dormitory for the past month and did not know anything about the outside world.

"I don't know." He shook his head and took a step back.

Chu Yan had also been acting mysteriously in the past month. Occasionally, Lu Benwei wanted to ask her out for dinner, but he was told that she was not in school.

Zhou Qingfeng rubbed his chin and said meaningfully, "I heard that we're going to have an exchange program with the other eight hunter universities?"

"You're right, but there's no prize for guessing it right," Chen Yuan said slyly with the face of an old child.

Zhou Qingfeng shrugged and said, "Principal, I'm already in my fourth year. I won't be joining this event."

"Oh, right, I almost forgot. You're in your fourth year. You'll be graduating in a few months." Chen Yuan grinned to hide his embarrassment.

Zhou Qingfeng bent his back slightly and bowed before he turned around and left the office.

Now, only Lu Benwei, Chu Yan, and a few sophomores and juniors were left in the office. In total, there were sixteen people.

"Lu Benwei, Chu Yan, I'll assign you two to Yanjing Hunter University, what do you think?" Chen Yuan asked again.

"I don't have any objections." Chu Yan looked at Lu Benwei after speaking.

At this moment, Lu Benwei's eyes were a little dull, making it impossible to know what he was thinking.

"Annoying fellow, what do you think?" Chu Yan said softly and elbowed Lu Benwei's waist.

Lu Benwei's body trembled, and he said in a panic, "Oh, I don't have any objection."

"What are you thinking about?" Chu Yan rolled her eyes and looked at Lu Benwei with disdain.

Lu Benwei rubbed his cheeks and said, "Nothing, I was just in a daze."

“Come on, do you think I don’t know you? Are you thinking about something?”

The meaning of Chu Yan’s words seemed to be a worm in Lu Benwei’s stomach.

Lu Benwei looked at Chu Yan meaningfully and asked lightly, “Then tell me, do you know what I’m thinking?”

Chu Yan suddenly closed her mouth and looked at him with fear. Seeing Chu Yan’s decisiveness, Lu Benwei rubbed her head. The silk-like hair curled around Lu Benwei’s fingertips, giving off a quiet and misty aura.

“It’s nothing. It’s been so long. If I enter Yanjing Hunter University, I can learn more about Ziling’s past,” Lu Benwei said softly, “Maybe we can find some clues.”

At this time, Chen Yuan had already assigned the students to different schools, and they would leave tomorrow.

The news had already been announced, and it caused a huge uproar in the school.

The geniuses from the other eight hunter universities would be coming to Zhejiang Hunter University. They would be able to put on a different show.

Some smart people even started to ask their friends from other schools for information. The result was disappointing. The other eight schools had sent their third-year students to the university.

It seemed like the eight hunter universities wanted to send them to suppress the popularity of Zhejiang and Jiangsu Hunter Universities.

“It’s a pity that Lu Benwei is going to be an exchange student. When this group of people comes, they’ll cause trouble.”

“What’s there to be afraid of? Zhou Qingfeng is still in school. With him around, those exchange students won’t be able to do anything.”

“You’re thinking too much. It’s already the second semester of the fourth year. Every fourth-year student is busy with their graduation assessment. Who would have the time to care about the exchange students?”

After a heated discussion, the first to third-year students at Zhejiang Hunter University unanimously decided to form an alliance to show off their might to the students who would come to the university.

“This is really boring.”

In the God Slayer’s Club activity room, Dugu and his group said disdainfully when they learned about the major league in the school.

Then, he put down his phone and raised his glass.

“Come on, Brother Lu, Sister Chu, let me give you another toast. I wish you a smooth journey.”

“Clink!”

The wine glasses collided, making a dull sound.

After Dugu finished his drink, he grinned, picked up a mouthful of food, and said, “Brother Lu, can you teach us a few moves before you leave?”

Gu Xuan, Qian Hai, and the others also wiped the oil stains from their mouths and said, “Yeah, if those exchange students come to cause trouble, we can also ensure that nothing goes wrong.”

“Didn’t you guys say it was boring?” Lu Benwei’s face darkened.

The few of them laughed. “It’s boring, but we still have to give those exchange students a taste of our power.”

Lu Benwei shrugged helplessly. “As long as you don’t mess with them, they won’t mess with you.”

...

Everyone understood and no longer said anything about this matter.

On the other side, the other eight universities were also bustling with excitement.

Without prior agreement, they were divided into two groups. One faction formed an alliance to intimidate the exchange students. The other group was for the exchange students who were going to major universities.

They all had a common goal. It was the famous Zhejiang Hunter University.

“In my opinion, the exchange students who are going to Zhejiang Hunter University should form an alliance and destroy the reputation of Zhejiang Hunter University.”

“Yes, when you go to the Zhejiang Hunter University, you must teach Lu Benwei a lesson,” someone said among the crowd that was bidding farewell to the exchange students.

As soon as he finished speaking, someone immediately replied, “What are you thinking? Lu Benwei is the pride of Zhejiang Hunter University. He must be an exchange student too.”

The crowd reacted and immediately checked the school Lu Benwei was going to.

#### Chapter 433 Displaying His Might

In the end, the other eight hunter universities learned that Lu Benwei was going to Yanjing Hunter University.

Immediately, some people rejoiced, while others were disappointed.

Meanwhile, there was silence at Yanjing Hunter University. A moment later, someone posted a thread on the school forum.

“What should we do if Lu Benwei comes?”

!!

Not long after, the post had thousands of replies.

“Lu Benwei, this little rascal, stole the National Class Tournament Championship that belonged to us. We must ask for an explanation!”

“Everyone knows that the battle between Lu Benwei and Lu Ziling didn’t have a winner. According to logic, the Blood Monster clan’s arrival has stopped the competition. After the crisis is over, the competition should be restarted!”

“We should be like the other schools and work together to make Lu Benwei admit that he isn’t the champion of the National Class Tournament!”

At the same time, in a dormitory at Yanjing Hunter University.

This was a single dormitory, and it was very different from the other dormitories. The decoration had obviously been modified and was quite luxurious.

The lower parts of the surrounding walls had been scraped off, and red jade and marble were embedded in them. The upper part of the wall was painted with a layer of milky white paint, and a layer of wallpaper and sound-proof sponges were attached.

The wooden bed in the dormitory had also been replaced with a luxurious Simmons bed.

Wang Qiaochu laughed coldly in front of his computer. “ Lu Benwei, there’s a way to heaven but you refuse to take it. I was just looking for a way to deal with you, but I didn’t expect you to come to me.”

On the other side, in a single room adjacent to Wang Qiaochu’s. Compared to Wang Qiaochu’s luxurious dormitory, this one was much simpler.

One of them slowly opened his eyes and returned to reality from his meditative state. This was Li Tiancheng’s homework before he went to bed. He had to meditate and calm his mind, feeling the sword aura between heaven and earth. It had been like this for more than ten years, and it had become a habit.

Wang Qiaochu happened to find out about Li Tiancheng’s habit and jokingly called him an ascetic monk.

After washing up, Li Tiancheng looked at his phone before lying down.

“Lu Benwei and Chu Yan are coming?” Li Tiancheng sat up from the bed in excitement.

He was a fourth-year student, so he naturally did not need to be an exchange student.

Therefore, when Lu Benwei and Chu Yan were here as exchange students, Li Tiancheng would have many opportunities to compare skills with the two.

“I’m really looking forward to it.” Li Tiancheng rubbed his hands excitedly, his eyes full of anticipation for tomorrow.

...

The next day, at noon, the cold sun hung high in the sky.

It was still a bit cold in Yanjing in early spring. Lu Benwei and Chu Yan got off the plane and a cold wind blew past them, making them shiver.

The exchange students from Chang’an Hunter University and the Hei Province Hunter University also came along.

Apart from the four who went to Huaqing Hunter University, the two universities sent their students who were all first-year students around level 35.

It could be seen that the four of them were the pride of the two schools.

The few of them were waiting for someone from Yanjing Hunter University to pick them up in the parking lot.

However, everyone looked at each other in tacit understanding, and no one was willing to go forward and talk to Lu Benwei.

They were all proud children of heaven, so it would be a bit too degrading for them to take the initiative to talk to him.

Of course, there were exceptions.

“You’re Lu Benwei, right?”

A dark and skinny boy walked over. He was half a head shorter than Chu Yan, and the cotton clothes he was wearing were very thick, completely covering him.

Lu Benwei looked at him. The boy showed a bright smile, but he did not dare to look at Lu Benwei.

“I am,” Lu Benwei said lightly.

“My name is Gan Yan. I’m from the Hei Province Hunter University.”

Gan Yan extended his right hand in a friendly manner. Lu Benwei smiled and shook hands with Gan Yan.

At that moment, Lu Benwei noticed that the sleeves of Gan Yan’s ill-fitting cotton clothes had turned yellow. That yellow was not a stain, but a mark from wearing it for a long time.

Lu Benwei did not mind and introduced Chu Yan to Gan Yan. “This is Chu Yan, she came with me to Yanjing Hunter University as exchange student.”

Chu Yan’s first impression of Gan Yan was quite good. The two of them introduced themselves to each other.

“Hello, Gan Yan!”

Seeing that the two did not put on any airs, Gan Yan let out a long sigh of relief. Then, he looked at the exchange student who was with him.

The exchange student was a girl with an extraordinary appearance. When she saw Gan Yan looking at her, the girl rolled her eyes at him. Her facial muscles twitched, and her expression was filled with disgust. Then, she hurriedly turned her head away.

Gan Yan laughed in ridicule. He turned around and scratched the back of his head. “The classmate who came with me is called Fu Yaya. She was a little airsick just now and didn’t feel very well.”

Lu Benwei and Chu Yan looked at each other, but they did not expose Gan Yan.

The three of them started chatting casually.

“Did you guys know that almost every student in hunter university is very unfriendly to exchange students like us?” Gan Yan suddenly said.

Lu Benwei thought about the reactions of his classmates at Zhejiang Hunter University and did not find it strange.

“Especially Yanjing Hunter University. When you reach the school, the students will teach you a lesson,” Gan Yan said with anticipation and a hint of fear.

Lu Benwei did not care, but he was very upset.

Chu Yan was very angry. She put her hands on her hips and said indignantly, “Why? Just because we won the championship in the National Class Tournament?”

“It seems so,” Gan Yan scratched the back of his head and said helplessly, “I wonder how they’re going to deal with us.” He sighed.

“In fact, they’ve already started to make things difficult for us,” Lu Benwei said.

After saying that, he raised his wrist and looked at the time. It had been an hour since they got off the plane, but the people from Yanjing Hunter University still had not arrived.

...

The exchange students of Huaqing Hunter University, who were next to them, had already left.

Chu Yan was very angry when she found out and snorted. “What, leaving us in this cold weather, what kind of show of strength? If you have the ability, let’s fight with real weapons.”

Gan Yan was convinced by Chu Yan’s domineering attitude and immediately gave her a thumbs up.

“Sister Chu, you’re so brave!”

“Is that so? Remember to cheer me on when I fight with the students from Yanjing Hunter University.” Chu Yan crossed her arms and was very proud.

Lu Benwei let out a long sigh and patted Chu Yan’s shoulder.

“Young miss, don’t think about taking in underlings for now. Get ready to go.”

“Leave? Where are you going?” Chu Yan was very confused.

Lu Benwei pondered for a moment and then said lightly, “I don’t think the people from Yanjing Hunter University will be here before night. Let’s go to Yanjing Hunter University on our own.”

Chapter 434 The Troublemaker

The three of them gathered and discussed.

A moment later, Gan Yan nodded and jogged to Fu Yaya’s side.

“Fu Yaya, we’re taking the subway to Yanjing Hunter University. Do you want to come with us?” he asked.

Fu Yaya's face was filled with disgust when she saw Gan Yan approach her.

"Who wants to go with you?"

After saying that, Fu Yaya turned her head away.

Gan Yan grinned awkwardly when he heard this. He then thought of something and ran over.

"My two classmates from Chang'an Hunter University, do you want to take the subway to Yanjing Hunter University?"

The two exchange students from Chang'an Hunter University looked at each other, and their expressions changed.

At this time, Lu Benwei also came over.

"I'm afraid the person from Yanjing Hunter University will only pick us up at night. I'd rather take the subway to school than stay here in the cold wind."

One of the two exchange students from Chang'an Hunter University frowned and looked at Lu Benwei.

"You're Lu Benwei from Zhejiang Hunter University?"

Lu Benwei was stunned and then nodded. "Yes, I am. We'll be classmates for the next few days. Please take care of me."

Lu Benwei reached out his hand to express his goodwill.

"Pa!"

"Take your hand away!"

The male student pulled back his hand and flicked Lu Benwei's right hand away.

"What are you doing?" Gan Yan asked, confused.

Lu Benwei was also very puzzled. He rubbed his wrist with his left hand and said, "My friend from Chang'an Hunter University, I don't think I've offended you, have I?"

Another student from Chang'an Hunter University, who was slightly taller, stepped forward and said coldly, "Don't be so fake. We know that Yanjing Hunter University is making things difficult for us because of you!"

Lu Benwei was stunned for a moment. It was true that Yanjing Hunter University was trying to make things difficult for them. However, he could not be blamed.

"Student, Yanjing Hunter University was the one who didn't treat their guests well. It was their fault first. How can you blame it on Lu Benwei?" Gan Yan said on behalf of Lu Benwei.

"Of course!" the tall man sneered. "All the students in the nine hunter universities know that Lu Benwei steals the Championship! Do we need to treat this kind of person as a guest?"

Lu Benwei was stunned. He did not expect that his reputation among the students of the other eight hunter universities would be that of a thief.

Gan Yan suddenly opened his mouth as if he wanted to say something to refute.

“Even if...”

“Gan Yan, say no more,” Lu Benwei said lightly as he stepped forward and pulled Gan Yan back.

He glanced at the two exchange students from Chang’an Hunter University, then turned around and headed for the subway at the airport with Chu Yan and Gan Yan.

At that moment, the two exchange students from Chang’an Hunter University had their eyes wide open. They were holding their chests and breathing heavily.

It was too terrifying!

It was simply too terrifying!

Lu Benwei’s eyes looked like they could kill!

...

After a few turns, the three of them got out of the subway and saw the elegant West Gate of Yanjing Hunter University.

A rainbow bridge was erected in front of the West Gate. A banner was engraved on it, “A warm welcome to the outstanding students on the student exchange program!”

There were also colorful plastic flowers scattered on the ground, which were now dirty from being stepped on.

The three of them looked at each other and shrugged. It seemed like students from other hunter universities had arrived early.

Yanjing Hunter University welcomed them warmly.

Due to Lu Benwei, the students at Yanjing Hunter University who were responsible for picking them up deliberately delay their trip to the airport to pick up Lu Benwei and Chu Yan. They want both Lu Benwei and Chu Yan to suffer in the cold wind together with the exchange students at Hei Province Hunter University and Chang’an Hunter University.

“Stop! Who are you people?”

Just as the three of them were about to enter the university, the security guard at the West Gate stopped them.

As the most advanced school in the Dragon Kingdom, the security guard at the entrance of Yanjing Hunter University was also a hunter.

He stood tall and straight, and his entire body was filled with a resolute aura. The scar on his cheek proved that he had been on the battlefield for many years.

Lu Benwei stepped forward and said, “Hello, we’re exchange students at Yanjing Hunter University. Please open the door and let us in.”

The security guard took off his hat and looked up at the rainbow bridge above him.

The next second, his face turned slightly cold. "Get lost. Next time you want to enter the school, make up a better reason! The welcome ceremony for the exchange students today has already ended!"

Lu Benwei and the other two were all stunned.

"No, you might have misunderstood. We're really exchange students."

"Misunderstand? The welcome ceremony is at the West Gate. How can I be wrong?" The security guard waved his hand impatiently, signaling for Lu Benwei and the others to leave.

Lu Benwei did not know whether to laugh or cry.

"It's true that the welcoming ceremony was held, but not all the exchange students are here. We ran into something last minute, so we're late."

The security guard was stunned and thought about it carefully. He felt that Lu Benwei's words made sense.

"Since that's the case..." as he spoke, the security guard moved the baton away from the access control device.

...

Lu Benwei and the other two were about to enter. However, the next second, the security guard's wrist shook and the baton was once again in front of Lu Benwei.

"Damn, I almost fell for your trap!"

The security guard took off his hat and let out a long breath.

"Exchange students are either led by students or guided by professors. You don't have anyone with you. Don't even think about causing trouble in our school!"

As soon as he finished speaking, all the security guards at the West Gate gathered around. A few of them were holding walkie-talkies and asking for reinforcements.

The previous security guard said coldly, "The world is in chaos now. I have the right to protect the safety of all the teachers and students in the school and be their first line of defense!"

Then, the security guards around Lu Benwei and the others looked at them with sharp eyes.

"I'll give you a choice. Leave this place in three seconds!" the security guard said.

Lu Benwei and the other two looked at each other and did not know whether to laugh or cry. They could not help but feel that the security guards of Yanjing Hunter University were too responsible.

"Uncle Lin, what's going on?"

At this time, behind the security wall, a familiar voice came from behind Lu Benwei and Chu Yan.

...

Uncle Lin, who was the security guard from before, heard the voice and said without turning his head, "Tiancheng, don't come over. There are three suspicious people here. They might be very dangerous!"

Chapter 435 III Intentions

Lu Benwei and the others were overjoyed.

"Tiancheng, it's me."

Li Tiancheng's face revealed a suspicious look.

"Lu Benwei?"

At that moment, Uncle Lin tilted his head and said to the other security guards, "They're still not leaving, you guys go!"

Then, several security guards swarmed forward.

Upon seeing this, Li Tiancheng's pupils suddenly shrank.

"Uncle Lin, don't!"

It was too late. A group of security guards surrounded Lu Benwei and Chu Yan. The two of them naturally would not just stand there and take the beating.

A few seconds later, the group of security guards was knocked down by Lu Benwei and Chu Yan. It was almost a one-sided situation. The two of them each punched one person, and it was very clean.

Uncle Lin was dumbfounded.

The current situation was enough to prove that they had come with ill intentions!

"All of you, move!" Uncle Lin took a deep breath and then shouted.

In the next second, his body burst with boundless power. The baton in his hand turned into a meteor hammer, and a set of steel armor was equipped on his body.

"Uncle Lin, wait!"

Just as Uncle Lin was about to gather his strength, Li Tiancheng ran over from behind him and stopped him.

However, Uncle Lin mistakenly thought that Li Tiancheng was here to help him, so he extended his hand and stopped him.

"Tiancheng, you don't need to help me. I'm not old yet!"

Then, Uncle Lin swung the meteor hammer and smashed it toward Lu Benwei. Lu Benwei sighed helplessly and turned sideways, easily avoiding the meteor hammer.

"Boom!"

The ground instantly cracked, and the cracks spread like a spider web. Hot earth qi gushed out!

"It's useless." Uncle Lin sneered. "Even if you manage to dodge the first part of my meteor hammer, the second part of the earth energy will still burn you."

As soon as he finished speaking, Uncle Lin was stunned.

Li Tiancheng's voice came from behind him. As the top student at Yanjing Hunter University, Li Tiansheng was very kind and could chat with anyone. Therefore, Uncle Lin couldn't be more familiar with Li Tiancheng's voice.

"Lu Benwei, Chu Yan, are you okay?"

Lu Benwei and Chu Yan nodded their heads and patted their chests. "It's fine. This little bit of attack is nothing."

Uncle Lin slowly turned his head, and his pupils grew bigger.

Two of the three people who had come with ill intentions had already unknowingly arrived behind him but he did not notice it at all.

Moreover, the two of them were acquaintances with Li Tiancheng, and they were currently chatting and laughing together.

Li Tiancheng heaved a sigh of relief and said, "It's a good thing I came at the right time. Otherwise, Uncle Lin would've been sent to the hospital by you guys."

Then, Li Tiancheng looked at Uncle Lin.

"Uncle Lin, this is my friend. He's also an exchange student at our school."

Uncle Lin grinned awkwardly, scratched his head, and said, "Students, I'm sorry. I really didn't know you were exchange students."

"It's nothing. We're the ones who should be sorry." Lu benwei chuckled.

Lu Benwei looked at the security guards lying on the ground and smiled.

The corners of Uncle Lin's mouth twitched unconsciously. He was very helpless. Before he left, he sighed in his heart. "The youngsters these days are really amazing."

...

Under Li Tiancheng's lead, the three of them entered Yanjing Hunter University.

After entering the campus, a buzzing sound could be heard. Lu Benwei and the other two all felt a sense of supreme oppression, and their breathing became heavy.

"This is our school's anti-magic array. It affects the entire school," Li Tiancheng said as he looked at the bell tower in the distance.

"Everyone in our school is suppressed to around level five, even the principal is no exception."

Gan Yan's mouth opened slightly, and he said in surprise, "Which expert created such a massive anti-magic array?"

Li Tiancheng shrugged his shoulders. "I heard that he was the first principal. But it's been too long. Who knows who he is?"

Lu Benwei was also secretly surprised.

This restraining formation affected the entire school, and its range was very wide. Lu Benwei had seen such a large anti-magic array before, but it was not as terrifying as the one at Yanjing Hunter University.

To put it bluntly, the anti-magic array was a debuff that would stop monsters from entering the array.

Lu Benwei only needed to slightly circulate his light bloodline to break free from this restraint.

Li Tiancheng brought the three of them around and finally arrived at a teaching building.

"Wait a moment, I'll report this to the principal."

Lu Benwei nodded, and Li Tiancheng disappeared into the shadows of the teaching building.

"Sigh, why didn't I get this kind of treatment when I was at Zhejiang Hunter University?" Lu Benwei suddenly said.

"Really, people follow us everywhere we go," Chu Yan chimed in.

The two of them chatted with each other, making Gan Yan completely confused.

"What are you two talking about?" Gan Yan blinked and frowned.

...

"It's nothing. I just feel like I'm being watched all the time. It's not good," Lu Benwei said faintly.

At this point, Gan Yan already understood what he meant. His eyes scanned his surroundings.

It was just past dinner time, and there were still many students on the streets. In groups of twos and threes, they were talking and laughing. However, if one observed carefully, they would notice that these people would occasionally glance over.

There were even people hiding in the grass at the side, revealing a pair of cold eyes.

Lu Benwei's words were obviously meant for them. However, that group of people only glanced at them and still did not repent.

"Forget it, just let them be!"

Lu Benwei let out a breath and shrugged.

Li Tiancheng and the principal of Yanjing Hunter University, Chu Bowen, came out of the teaching building together.

"Lu Benwei, Chu Yan, long time no see!"

Lu Benwei and Chu Yan had met the principal of Yanjing Hunter University before they left the city.

After learning about Lu Benwei's talent, he even invited Lu Benwei to Yanjing Hunter University in front of Chen Yuan.

...

At the same time, the people who were silently observing Lu Benwei and Chu Yan all scattered.

“Hello, Principal Chu!” the two of them bowed slightly and greeted respectfully.

Gan Yan also revealed his identity to Chu Bowen.

Chu Bowen’s expression fell when he learned that Lu Benwei and the others came by train.

“Don’t worry, I’ll definitely give you an explanation for this.”

After that, Chu Bowen arranged the dormitories for the three of them.

It was the most luxurious dormitory building in Yanjing Hunter University, just like Li Tiancheng’s.

The three of them packed their luggage and met up with Li Tiancheng. They were ready to head to the cafeteria of Yanjing Hunter University.

Chapter 436 Good People Will Not Come

It was past lunchtime, but there were still many people in the cafeteria of Yanjing Hunter University.

Li Tiancheng busied himself with getting food for the three of them and then sat down.

Just as he was about to sit down, he suddenly received a call. The person who called was his mentor, and he asked Li Tiancheng to look for him immediately.

Li Tiancheng was too embarrassed to refuse, so he could only smile and say, “I’m sorry, I’ll go first. I’ll contact you after dinner.”

“It’s okay, you can go ahead with your work.” Lu Benwei nodded.

After seeing Li Tiancheng off, the atmosphere in the cafeteria suddenly became strange.

Almost at the same time, the students in the cafeteria stopped what they were doing. Only the shouts of the cafeteria aunts and the clanking of kitchenware could be heard.

Every student’s eyes faintly glanced at them, and then they began to whisper.

Lu Benwei sneered in his heart and returned to his seat.

“Will people be looking for trouble with us later?”

Sensing danger, Gan Yan pinched his throat and worriedly said, “I was worried that they wouldn’t come.”

Chu Yan did not seem to care, but she was even looking forward to it.

As expected!

Not long after that, a strong young man rushed into the cafeteria. Seven or eight people, both men and women, followed closely behind.

The man in the lead had bright eyes as he looked around the cafeteria.

At this time, everyone's eyes were on him, except for Lu Benwei and the other two, who did not even raise their heads and buried their heads in the food.

"Let's go!"

The strong young man raised his hand and walked behind Chu Yan, facing Lu Benwei and Gan Yan.

The rest of the men and women followed, forming a semicircle and helping the three up.

At the same time, everyone in the restaurant put down their bowls and chopsticks and assumed the posture of watching a show.

"They don't come with good intentions!" Gan Yan muttered softly as he prepared to stand up.

Lu Benwei stretched out his hands and grabbed Gan Yan.

"Those who come aren't friendly, and those with good intentions will not come. But don't forget, we're the ones who came."

After saying that, he picked up another mouthful of food and put it into his mouth.

The three of them completely ignored the others as if everything in the world had nothing to do with them.

The strong man was stunned, and the few people behind him were also stunned.

After a moment, he cleared his throat and said in a deep voice, "You're Lu Benwei?"

Lu Benwei still did not reply and continued eating.

Suddenly, the atmosphere in the restaurant became very heavy. Except for Lu Benwei and the strong man, everyone else did not dare to breathe.

Who was this person? His name was Di Shi, the number one freshman at Yanjing Hunter University.

On the first day of school, he was already competing for the top 100 at Yanjing Hunter University with a strong attitude. He was currently ranked 36th, and his momentum had surpassed all the senior students. His future was limitless.

Di Shi saw that Lu Benwei was treating him like air and sneered.

"Very good. Lu Benwei, you're indeed different from the other exchange students!"

Everyone present gasped.

Di Shi was extremely arrogant in the school. Apart from Li Tiancheng and the top ten geniuses, he did not put anyone in his eyes.

"If you meet someone you don't like on campus, there's only one word to say to that person! Beat him!"

Many people had been sent to the hospital by him, and some had to spend the rest of their lives in wheelchairs. His methods were extremely vicious.

“Lu Benwei, you’re the number one freshman at Zhejiang Hunter University and I’m the number one freshman at Yanjing Hunter University! Since you’ve come to our school for an exchange, why don’t the two of us have an exchange first?” Di Shi said coldly.

Beside him, Gan Yan lowered his head and swallowed.

Di Shi had obviously come prepared. His words were vicious!

Lu Benwei finally raised his head, and everyone’s eyes began to change.

“I wonder how strong this Lu Benwei is?”

“Isn’t he just a magician? How powerful can he be? I don’t think Di Shi’s underlings can last more than one round.”

“You were lucky enough to be the champion of the National Class Tournament. Do you really think you’re some big shot?”

Everyone whispered and looked forward to Di Shi teaching Lu Benwei a lesson.

However, Lu Benwei took out a handkerchief and wiped the oil from the corner of his mouth.

“Student, didn’t your mother tell you not to speak loudly when others are eating?”

Everyone was stunned, and then they gasped.

“You rascal, you dare to speak to boss Di Shi like that?!”

Behind him, a few of Di Shi’s followers were ready to make a move. They took a step forward and reprimanded him sternly.

“But I think you’re looking for the wrong person,” Lu Benwei said.

As soon as he said that, everyone was stunned and a trace of hesitation flashed in their eyes.

The wrong person? How could he have found the wrong person?

Lu Benwei’s appearance had long been engraved in their bones.

...

“I’m Lu Benwei, but I’m not the number one freshman,” Lu Benwei said.

Everyone’s frown deepened.

Di Shi felt that Lu Benwei was playing with him. He suppressed the anger in his heart and said, “Do you think I’m a three-year-old child? If you’re not the top freshman at Zhejiang Hunter University, who else could it be?”

Lu Benwei spread his hands and said innocently, “It really wasn’t me. I got second place in the freshmen tournament. If you don’t believe me, you can contact your contacts at Zhejiang Hunter University.”

“Then who’s first?” The little follower behind Di Shi shouted coldly.

“Here, isn’t it right here?” Lu Benwei moved his head to signal that the number one person of Zhejiang Hunter University was right in front of him.

Everyone looked down and was instantly stunned.

“You... You’re Chu Yan?”

Zhai Shi was rather surprised.

People were discussing who the most beautiful school belle of the nine hunter universities was.

Many people thought it was Chu Yan from Zhejiang Hunter University!

...

When they arrived just now, Di Shi and the others’ attention was on Lu Benwei. In addition, Chu Yan’s hair fell naturally and covered her face.

The crowd only thought that the woman who was with Lu Benwei had an extraordinary aura and did not think that she was Chu Yan.

Chu Yan slowly turned around. Her brows were like distant mountains, and she was elegant and refined as if she had walked out of a painting.

Her eyes were like limpid autumn waters, and she looked like a fairy. She had the beautiful air of a belle, and she was beautiful on the outside but intelligent on the inside. The first time you saw her, it was enough to leave a deep impression.

When she was quiet, she was like a delicate flower shining on the water. When she moved, she was like a weak willow in the wind. She was like the light clouds covering the moon, floating like the snow returning to the wind!

Only such a sentence could describe the girl’s temperament! However, at this moment, her devastatingly beautiful face was as cold as ice!

“Get lost!” Chu Yan said coldly.

Chapter 437 Trash Can

At this very moment, the temperature in the room had dropped below freezing point.

Everyone swallowed their saliva in unison and looked at Di Shi. Many of them were gloating. They had come to watch the fun and could not wait for the conflict to become more intense.

Even though Chu Yan’s beauty was unparalleled, Di Shi would not show any mercy to her.

“I don’t care who’s the number one freshman of Zhejiang Hunter University. I’d like to have a fight with you two.” Di Shi sneered.

With that, he placed his hands on the table, leaned forward, and suppressed her with his power.

Lu Benwei and Chu Yan looked at each other and shrugged. “I’m not free.”

“We still need to eat. If you have nothing else, please leave and don’t disturb us.”

With that, the two of them sat down again, completely treating Di Shi as air.

Everyone was stunned. The two of them were so calm that they could remain indifferent even under such provocation.

However, Di Shi seemed to have expected this and was neither happy nor angry. He slowly walked behind Lu Benwei and patted his shoulder. "If you don't agree, then please don't eat here."

"This seat is for everyone," Lu Benwei said lightly.

Di Shi laughed coldly. "No, Lu Benwei, I think you've misunderstood. Your exchange student seats are over there."

He pointed to a corner of the restaurant as he spoke.

At the same time, his followers and the students at Yanjing Hunter University who were watching the show all laughed.

Lu Benwei raised his head and looked in the direction that Di Shi was pointing at. It was a row of trash cans used to dispose of the leftovers.

Every trash can was stained with oil, and swill flowed down the copper walls, giving off an unpleasant smell.

Lu Benwei was a distance away from the trash can area and naturally could not smell it.

Gan Yan could not stand it anymore. He stood up and loudly said, "I say, aren't you guys a bit of a bully?"

Everyone was suddenly stunned. It was only when Gan Yan stood up that they noticed his existence.

Di Shi pondered for a while. He kept searching for information on this young man in the back of his mind.

"It's student Gan Yan from Hai Province Hunter University..." Di Shi had a playful smile on his face.

At this moment, everyone came to a sudden realization and began to discuss in low voices.

He scratched his head and continued, "I think you've misunderstood. I don't have any intention of bullying you. I just want you to eat at the seats you deserve."

As soon as he finished speaking, the followers behind him and the students at Yanjing Hunter University who were watching the show all laughed.

"Yes, that's where you exchange students should stay!"

"You guys aren't students at Yanjing Hunter University, so you're not allowed to eat at the same table as us!"

...

Di Shi's sidekick sneered and laughed in an ear-piercing manner.

At that moment, Gan Yan's dark face turned red with anger.

Di Shi patted Gan Yan's shoulder and said, "That Yaya or something is already there. You should go too!"

"What?" Gan Yan's eyes narrowed when he heard this.

He stood on his tiptoes and looked at the corner of the trash can area. Gan Yan saw Fu Yaya behind the row of trash cans.

Even the two exchange students from Chang'an Hunter University were there. They sat around a small table, barely taking a few bites from the dishes on it.

It was hard to have an appetite in that kind of environment.

At the same time, Gan Yan also discovered that they were not in very good condition. Their bodies were covered in wounds.

"You guys had a match with them?" Gan Yan asked.

"Of course!" Di Shi sneered.

"Yanjing Hunter University doesn't accept weak students, and it's the same for you exchange students! They didn't beat me, so they don't deserve to be sitting here!"

"You guys are going too far!" Gan Yan was furious.

"I can't help it. This is the rule of Yanjing Hunter University. I think your school has similar rules. Come and have an exchange with me. You can only be an exchange student at Yanjing Hunter University if you can beat me."

Gan Yan had already lost his mind from anger. He roared, "Alright, I'll fight you! If we win, I want all three of them to come back here!"

His voice was so loud that almost everyone in the restaurant heard him, including Fu Yaya and the other two.

"We don't need you to stand up for us." Fu Yaya walked over and sneered.

The other two shook their heads and looked at Di Shi with fear.

"You're going too far!"

Gan Yan could not care less. The only thing on his mind was to vent his anger.

Di Shi's gaze was sly as she smiled and said, "In that case, I'll fulfill your wish. Let's go to the arena."

"Alright!"

After Gan Yan said this, he turned around and prepared to follow Di Shi and the others.

After a few steps, Lu Benwei suddenly stood up. "Wait a moment."

Everyone stopped in their tracks and turned to look at him.

Lu Benwei wiped his mouth and asked, "I want to ask, what if you lose?"

"Lose? How could I possibly lose?" Di Shi smiled noncommittally.

The people around them also laughed mockingly. Clearly, they were very confident in Di Shi.

...

"I'm asking you, what if you lose?" Lu Benwei coldly repeated.

In an instant, the entire place fell silent, and many people shuddered violently. It was the same for Di Shi. At that moment, his heart was pounding.

Lu Benwei slowly stepped forward.

At this moment, the entire place was silent, and only the sound of Lu Benwei's feet stepping on the ground could be heard.

Everyone's eyes were on him, and they were all shocked and scared!

"Let me ask you, what if you lose?" Lu Benwei's tone was calm.

Di Shi stammered, "I... If I lose, you'll get our recognition, we... We'll naturally not make things difficult for you."

Lu Benwei sneered. "Just this?"

"You... What else do you want?" Zhai Shi was frightened by Lu Benwei's imposing manner and spoke incoherently.

Lu Benwei smiled faintly, but it made people shudder.

"How about I throw you into the trash can?"

...

After saying that, Lu Benwei swung his arm and slapped Di Shi, sending him flying into the trash can.

"Plop!"

His strong body fell into the bucket of swill, splashing water everywhere.

It was a good thing that everyone was far away, or else they would all be affected.

At this moment, everyone's mouth formed an "O" shape.

They were at least 16 to 17 meters away from the trash can, and Di Shi weighed at least 100 kilograms.

It was just a slap, and it was under the suppression of the magic suppression array. How did he do that?

Chapter 438 A Great Uproar

There was another point that shocked everyone.

Lu Benwei was like a world champion in archery. He had excellent control over his strength and sense of direction. Di Shi was sent flying into the trash can.

One of Di Shi's followers wanted to pull him up. However, when he walked closer to take a look, he shuddered. White foam came out of Di Shi's mouth as he fainted.

Everyone gasped and sighed.

!!

“What kind of monster is this?”

“One slap and he made Di Shi faint?”

One of Di Shi’s lackeys was not convinced and thought that Lu Benwei’s sneak attack was immoral.

Lu Benwei sneered. “Fine, all of you come at me together!”

“Arrogant!”

The group of people roared and surrounded Lu Benwei.

“Under the anti-magic array, everyone’s level is only at level five! You’re no exception!”

“Even if you were born with divine strength, you’re still no different from an ordinary person!”

Then, a man rushed forward and tried to grab Lu Benwei.

Lu Benwei sneered, and the corners of his mouth rose. The next second, he exerted force on his waist and turned his body to the side.

The man’s hand missed, and he was stunned for a moment.

Lu Benwei’s eyes flashed, and he took advantage of this gap to kick the man’s abdomen. After a scream, the man flew backward and hit the back kitchen, falling into a big iron pot.

When the others saw this, they all shouted and swarmed forward.

Lu Benwei tried his best to suppress his powerful strength, but he could only compress it to around level 30. If he was not careful, he could paralyze these people.

After a few breaths, the cafeteria was in chaos.

Some of them were stuffed into the trash can, some had a large piece of meat in their mouths, and some were even stuffed into a bucket of rice.

The students from Yanjing Hunter University were dumbfounded.

In addition, during the fight, more than a dozen people were beaten up by Lu Benwei and had no power to fight back.

Lu Benwei dusted his hands off.

“If anyone still insists on fighting me, I, Lu Benwei, will accompany you at any time!”

With that, he left the dining room with Chu Yan and Gan Yan.

A student from Yanjing Hunter University who was watching the show could only watch him leave.

“You’re crazy!” Finally, one of them slammed the table and stood up. “You’re too arrogant!”

Lu Benwei's words were not for them to hear, but for the entire Yanjing Hunter University!

"Our levels have been suppressed. If we can unseal it, we can trample Lu Benwei under our feet!"

...

After they left the cafeteria, Li Tiancheng was waiting for them at the door. He was aware of what was going on inside.

"It seems like there will be a good show to watch every day for a period."

"I do hope that we can safely get through the duration we're here." Lu Benwei smiled bitterly.

After that, Li Tiancheng led Lu Benwei and the other two to go through the formalities and collect the necessary items from Yanjing Hunter University before returning to their respective dormitories.

In the dead of the night, Lu Benwei prepared to lie down and rest. However, at this moment, someone rang the doorbell of his dormitory.

"Who is it?"

Considering the current situation, Lu Benwei guessed that this person was probably one of the students who wanted to provoke them.

Lu Benwei suddenly got up and went to the door.

"Who is it?"

After repeating that sentence, the person outside the door fell into silence.

"I don't think you remember me. I'm your sister's teammate," the man said after a long time.

Upon hearing the identity of the person, Lu Benwei opened the door.

A man who looked refined, easy-going, and graceful revealed a simple and honest smile.

"Lu Benwei, do you still remember me?"

Lu Benwei suddenly remembered this person. He had competed with this person on the same stage in the National Class Tournament.

Now, he only vaguely remembered that this person's strength was not bad, and he was one of the best among his peers.

"My name is Lan Yixiu," the man said indifferently, "I've come to see you so late at night because I want to talk to you about your sister..."

...

At the same time, all students at Yanjing Hunter University had heard about the incident in the restaurant.

"Really? He defeated Di Shi and his gang in the cafeteria?"

"I saw it with my own eyes. I was shocked. Di Shi and the rest were like toys in Lu Benwei's hands."

“Is the anti-magic array useless?”

The crowd discussed spiritedly, extremely puzzled.

Under normal circumstances, everyone was no different from ordinary people under the anti-magic array.

...

It was beyond everyone’s imagination that one person could beat up so many people.

Unless...

“Unless Lu Benwei was born with divine strength!”

Some people thought of such a post in the forum.

As soon as this remark came out, it immediately caused a heated discussion.

“That’s the only possibility. Otherwise, Lu Benwei wouldn’t be so special as a magician, and he wouldn’t be able to stand with us.”

“If the array is unsealed and we fight with our true strength, we’ll beat Lu Benwei.”

“It’s such a pity that he was stuffed into the trash can.”

...

Di Shi read all the comments on the forum.

“Lu Benwei, I swear I’ll kill you!”

...

At this moment, Di Shi had just finished cleaning the dirt off his body. When he saw the comments on the internet, he could not help but be angry.

“Boss, calm down!” one of his followers said with a flattering expression.

“Calm down? How do you want me to calm down?!”

After saying that, Di Shi slapped the man, making him dizzy and see the stars.

“Boss, I’m also very angry!”

The man covered his ears, feeling wronged.

“I was stuffed into a bucket of rice by Lu Benwei today. I can’t wait to skin him alive!”

“However, Lu Benwei only has the divine power of a god. Unless we take care of him in the arena, we’ll still end up in the same situation as today.”

After hearing this, Di Shi’s tightly furrowed brows relaxed a little.

“But Lu Benwei is very cunning. How can we trick him into the arena?”

The man chuckled and said, "Boss, that's easy. You just need to..."

...

On the other side, Lan Yixiu bade farewell to Lu Benwei and said, "Don't tell anyone that I came to find you today."

Lu Benwei looked at him with determination. "Sure!"

Lan Yixiu came here to tell Lu Benwei a secret about Lu Ziling. This was something Lan Yixiu had stumbled upon by chance. Later, Lu Ziling had been captured by the Blood Monster clan, and this secret had been temporarily buried at the bottom of his heart.

Now that Lu Benwei was an exchange student at Yanjing Hunter University, Lan Yixiu decided to reveal the secret to him.

Lu Benwei opened the window and looked at the lake. The moonlight shone down, and the waves sparkled.

He heaved a sigh of relief. "Making a deal with a monster? How is that possible?"

Chapter 439 Backlash Healing Energy-Absorber Stone

The next day, in a classroom on the first floor of the Support Department of Yanjing Hunter University.

Compared to the class-based teaching method at Zhejiang Hunter University, Yanjing Hunter University used a professional teaching method.

The Head of the Department, Liu Yu, was facing more than a hundred first-year students at Yanjing Hunter University.

"Students, I believe you've heard that the students from the other eight hunter universities will be at Yanjing Hunter University as exchange students. Lu Benwei, a freshman from Zhejiang Hunter University, will join our class."

Most of the students in the audience were indifferent, but a few students craned their necks, wanting to see Lu Benwei's elegant demeanor.

At this moment, Liu Yu waved at the door and said, "Lu Benwei, come in."

Lu Benwei adjusted his expression and walked into the classroom.

"Tsk."

"You don't look like much of a scholar!"

"I'm curious how he defeated Li Tiancheng."

"It's obvious. It's all thanks to that elementalist named Chu Yan..."

Lu Benwei's expression did not change as he heard the disdainful whispers from the audience. He raised his hand and greeted, "Hello everyone, my name is Lu Benwei..."

As he spoke, he picked up a piece of chalk and wrote his name on the blackboard.

Many people in the audience were even more disdainful. “F\*ck, what are you putting on airs for? Do we not know your name?!”

“A support-type mutant!”

As a magician, he was not well-liked by the public.

Moreover, Lu Benwei’s fighting style was completely beyond the scope of a supporter, and he was regarded as an anomaly by the students at Yanjing Hunter University.

Liu Yu pointed to a corner in the back row and said, “Lu Benwei, is it okay for you to be at the back?”

“No problem.” Lu Benwei shrugged.

After saying that, he walked toward the location Liu Yu pointed at.

“In the next two months, everyone must get along well with Lu Benwei. Alright, let’s cut to the chase,” Liu Yi said, clapping his hands. “Let’s start the supplementary training class!”

Everyone was overjoyed. Nearly two out of three students secretly looked at Lu Benwei with mocking expressions.

Some of them looked at each other as if they were brewing some shocking big plan.

Lu Benwei was indifferent.

Zhejiang Hunter University also had a similar course, so there was probably not much difference between Yanjing Hunter University and Zhejiang Hunter University.

At this moment, an assistant teacher slowly pushed a small cart into the classroom. There was a healing energy-absorbing stone on the cart.

Different colors could be produced based on the amount of healing. When the amount of healing was 0 – 1,000, the stone would turn white. When the healing amount was between 1,001 to 10,000, it would turn green.

The healing amount...

At this moment, a group of students saw the healing energy-absorbing stone and their faces changed slightly. They asked with some doubt, “Teacher Liu, are you testing our healing capacity?”

“Didn’t we all take the test when school started? Why is it still being tested now?”

Liu Yu shook his head. “You’ve misunderstood. Today, we’re not testing the healing capacity of your skill. We’re just letting you know where your limit is. Look at this healing energy-absorbing stone. What’s the difference between it and the energy-absorbing stones you usually encounter?”

Everyone was stunned for a moment before they looked at the energy-absorbing stone on the cart.

Lu Benwei also began to think about the extraordinariness of this energy-absorbing stone.

“It’s a bit more transparent than normal energy-absorbing stones. I can feel that this stone has a backlash.”

“Teacher, do you want to test the limits of our bodies?”

After looking at it for a while, Lu Benwei saw that this energy-absorbing stone was extraordinary.

“Yes, Lu Benwei is right. This energy-absorbing stone is a backlash healing energy-absorbing stone! When you use a healing skill on it, it will take back one-tenth of the healing amount, and the damage will be transferred to you. If it’s a continuous treatment, it will cause continuous damage to you. It can hurt you while healing you. I’m thinking to simulate a complex battlefield environment, which will be helpful for you to improve your combat strength in the future.”

As soon as he finished speaking, the students came to a sudden realization.

However, more than that, they were dissatisfied with Lu Benwei.

“Tsk, so what if you know what’s good for you? We’re not afraid of you if we compete in healing abilities.”

At this moment, Liu Yu chanted an incantation. An array halo appeared above the classroom. Under this halo, everyone could not help but feel refreshed.

“Students, I’ve temporarily removed the suppression from the anti-magic array. Who would like to try first?” While speaking, Liu Yu’s eyes darted back and forth in the crowd provocatively.

“Zhou Xin, you first?”

“Alright, teacher!”

The student named Zhou Xin stood up from the first row of the classroom. However, he did not go to the podium. Instead, he walked straight to Lu Benwei.

“Lu Benwei, do you dare to accept my challenge?”

The moment he said that, there was an uproar.

“Zhou Xin wants to challenge Lu Benwei?”

“Well done, Zhou Xin! No wonder he’s the number one supporter freshman!”

“Let’s teach this mutant a lesson!”

...

Lu Benwei heard the discussion around him. Zhou Xin was the number one supporter at Yanjing Hunter University.

[Class: Cleric (mainly used as a supporter to increase combat power)]

Healers were the strength of priests, but Zhou Xin was still very confident that he could defeat Lu Benwei, who was a mutant!

...

Lu Benwei raised his head, casually glanced at Zhou Xin, and sighed.

“As you wish.”

Everyone was stunned. This feeling was like an iron fist hitting cotton.

Zhou Xin confidently challenged Lu Benwei, but Lu Benwei did not care at all.

“Are you afraid?” Zhou Xin was naturally very angry, to the point that Lu Benwei did not even look at him.

Lu Benwei yawned and lazily said, “No, you should hurry up and test it. I’ve wasted all my time on you.”

Zhou Xin’s entire body trembled violently, and he gritted his teeth so hard that they almost shattered.

“Just you wait!”

With that, he strode like a shooting star to the front of the podium. As a cleric, healing skills were the most basic!

“Great Healing!”

A staff slowly appeared in Zhou Xin’s hand, and with a roar, a green healing light beam hit the backlash healing energy-absorbing stone.

...

“Boon!”

What followed was a loud explosion. Zhou Xin screamed in pain and was sent flying. A few tables were smashed into pieces, and wood chips flew everywhere.

Chapter 440 Unbelievable

“Zhou Xin, are you alright?” someone asked in concern.

Amid the flying dust and wood chips, Zhou Xin stood up shakily. He wiped the blood from the corner of his mouth and said, “I’m fine. It’s just a small injury.”

“You guys, quickly look!” someone suddenly shouted and pointed to the front!

The backlash healing energy-absorbing stone emitted a blue light that was so bright that it was blinding. For a moment, everyone could not open their eyes.

“Blue light. That means that Zhou Xin’s healing amount has reached 100,000.”

“That’s unbelievable! Zhou Xin’s healing effect is almost on par with a priest of the same level!”

“No wonder the backlash effect is so strong. Just the damage from the feedback alone is enough to instantly kill a low-level monster.”

Zhou Xin was very satisfied with his result. He spat out a mouthful of foul air and looked at Lu Benwei.

“Lu Benwei, it’s your turn.”

Everyone looked at Lu Benwei in unison, anticipating that he would be overshadowed by Zhou Xin.

Lu Benwei sighed and prepared to step forward.

“Wait a moment!” at this moment, someone suddenly stood up and shouted from another corner of the first row.

The man’s name was Li He, and he was a tall and slightly chubby boy. He was a priest, and in terms of talent, he was not inferior to Zhou Xin.

It was just that the two of them had different classes, so there was no way to quantify the comparison.

“Zhou Xin is a spiritual master, so he’s not good at healing. As a priest, I challenge Lu Benwei!”

The classroom was in an uproar again.

“There’s a good show to watch.”

“Zhou Xin has already reached blue rank. I wonder if Li He, as a priest, will reach purple level.”

“No matter what, with these two people, Lu Benwei will lose without a doubt!”

...

“Since it’s a challenge, shouldn’t we bet on something?” Li He said.

Lu Benwei sighed and said, “What do you want to bet on?”

“If you lose, I want you to shout three times in front of the entire school that you’re a weirdo among supporters!”

Everyone heard this and looked at Lu Benwei. They all knew that Lu Benwei had a certain level of combat power and was extraordinary.

However, the ability was the foundation of a supporter, and it was the same for a magician.

“What if you lose?” Lu Benwei’s expression was calm.

“I won’t lose!” Li He was very confident.

“If I lose, I’ll follow your lead for the next two months!” Li He said after a pause.

After saying that, Li He quickly went up to the podium. Li He took a deep breath and placed his hand on it.

At this moment, everyone stopped breathing and stared at the energy-absorbing stone without blinking.

“Blood Infusion!”

With a roar, Li He’s blood vessels all over his body bulged, forming a complicated web, like a horned dragon.

Every blood vessel became crystal clear. Endless blood glowed and began to flow slowly, pouring into the energy-absorbing stone in his palm.

Everyone held their breath, their eyes fixed in front.

Li He closed his eyes and waited for the energy-absorbing stone to explode.

“Boom!” Li He staggered back as the energy-absorbing stone emitted a weak green light.

Everyone was immediately disappointed and sighed.

Li He’s healing skills were like thunder, but the effect was minor. As a priest, he could not even surpass Zhou Xin.

One of them sighed and prepared to pack up.

The next second, Li He shouted, “Don’t go over, it’s dangerous!”

Just as that person took a step forward, a strong wind blew in his face!

“Boom!”

There was another explosion, and the strong wind it produced swept through the entire room, even causing some people to almost fall.

“Boom!”

There was another explosion, and the entire podium was blown to pieces. Even if Liu Yu had acted, the explosion would not have spread.

Everyone’s eyes were fixed on the energy-absorbing stone. The original green light was getting darker and darker. Gradually, it began to turn blue.

Everyone heaved a sigh of relief, thinking that Li He had not disappointed them.

“As expected of Li He. Looking at the power of the backlash and explosion, he’s much stronger than Zhou Xin!”

“I don’t believe it. If Lu Benwei can beat Li He, I’ll wash my hair upside down!”

As they were talking, everyone’s attention was attracted by the movement of the energy-absorbing stone. The blue light was constantly getting darker, and the bright light was overflowing, shining on everyone’s face.

“It’s turning purple!”

“The light is turning purple!”

Everyone exclaimed at the same time, their eyes filled with disbelief.

The blue light deepened to a certain degree and gradually turned into a light purple. Moreover, the light purple light continued to deepen and finally turned into a pink purple.

...

The purple level was one level higher than the blue level.

If the healing amount was between 200,000 and 400,000, it would release a purple light. Furthermore, the pink-purple light proved that Li He’s healing amount was around 300,000.

Li He was only around level 25, but he was able to heal hunters who were more than ten levels higher than him. It could be seen that he was very powerful.

As Li He's teacher, Liu Yu was very pleased when he learned of the result. He immediately praised, "That's right. When I was your age, I was also struggling to emit purple light. Everyone will have to look up to Li He from now on!"

"Thank you for your praise, Teacher Liu." Li He thanked him and then looked at Lu Benwei. "It's your turn."

Lu Benwei straightened his expression and walked forward unhurriedly. After a pause, he seemed to have suddenly thought of something.

"Oh right, you guys take a step back."

Many people were puzzled and looked at each other in confusion.

Only a few people understood Lu Benwei's words and sneered. "Just you alone, how much damage can you cause?"

"Don't tell me you can flip this roof over?"

Lu Benwei heard this and sighed deeply. "Then if you're willing, you can wait here."

...

"Teacher Liu, let's start."

After saying that, Liu Yu put the energy-absorbing stone back in place and stood behind Lu Benwei.

"Teacher, I'll have to trouble you to block the aftereffect." Lu Benwei kindly reminded.

Liu Yu smiled and waved his hand. "It's fine. You can take the test. I don't mind."

Lu Benwei sighed and reluctantly put his hand on the energy-absorbing stone.

"Minor Healing!"

With a clear shout, the power of heaven and earth silently poured into Lu Benwei's body, flowing several times before surging into the energy-absorbing stone.

"Boom!"

An earth-shattering explosion occurred, and the shockwaves broke through the air, creating a strong wind and force that directly blew everyone in the classroom out.
