

## Dungeon 441

Chapter 441 Big Sister

Terrifying!

Suffocating!

It was unbelievable!

Everyone stood up shakily, their eyes filled with fear.

!!

Even Liu Yu's clothes were torn and tattered by the shockwaves. He was in a sorry state.

"Tsk, how did this happen?" Lu Benwei pouted.

The podium in front of him had been blown to pieces, and there was nothing left.

The energy-absorbing stone was nowhere to be found, and it was most likely blown to smithereens.

"Teacher, are there any more energy-absorbing stones?" Lu Benwei said helplessly.

The corner of Liu Yu's mouth twitched. He reached out to wipe the cold sweat on his forehead and said, "The entire Yanjing Hunter University only has one energy-absorbing stone, and you just destroyed it."

Lu Benwei was stunned, then he looked at Li He and Zhou Xin. "What's the result of the challenge?"

Zhou Xin and Li He's mouths were wide open in shock, and their eyes were empty.

Suddenly, Zhou Xin's expression returned to normal, and he loudly said, "What do you mean by that? Of course, we won! You know you can't beat us, so you destroyed the energy-absorbing stone!"

Lu Benwei was speechless.

Li He also reacted and refused to lower his head and admit it!

"You supporter mutant, your support ability can't compare to ours, so you destroyed the energy-absorbing stone. You can't hide such a small trick from us!"

At the same time, the other students came back to their senses and accused Lu Benwei of his shameless behavior.

Lu Benwei was slightly surprised, but he sneered in his heart.

This group of people was only pretending to be ignorant. They accused Lu Benwei of cheating and deceiving everyone!

"According to the agreement, you have to loudly say in front of the entire school that you're a weirdo in the support class!" Zhou Xin and Li He pointed at Lu Benwei's nose at the same time and shouted.

The others also agreed and wanted Lu Benwei to keep his promise.

Lu Benwei's face was cold as he turned around and asked, "Teacher Liu, what do you think?"

Liu Yu frowned. As a teacher at Yanjing Hunter University, he had to stand on the side of the students. However, he had been close and had seen it clearly.

Lu Benwei did use a healing skill. Due to the amazing amount of healing, the energy-absorbing stone exploded.

In theory, the energy-absorbing stone could withstand one million healing. In other words, Lu Benwei's healing skill could reach one million. Thinking of this, Liu Yu could not help but shiver.

Taking a step back, Liu Yu smiled apologetically and said, "Lu Benwei, according to the school's rules, students should solve their own conflicts. Teachers won't get involved."

Then, Liu Yu looked at Lu Benwei with a complicated expression. He hoped that Lu Benwei could understand that this was the best Liu Yu could do and that he would give in.

"Teacher, I understand," Lu Benwei said.

Liu Yu nodded with satisfaction.

At this time, the crowd was still indignant and wanted Lu Benwei to publicly announce that he was an anomaly in the support class.

"If I'm a mutant, then what are you?" Lu Benwei sneered.

"A shameless, vile person who confuses black and white?!"

Lu Benwei's voice was cold and gradually became higher.

"I hope you can be this confident when you face powerful monsters on the battlefield."

After that, the bell rang and Lu Benwei turned around and left the classroom. Everyone was stunned on the spot, their eyes bloodshot.

"Lu Benwei, just you wait!" Li He and Zhou Xin said at the same time.

...

After a few turns in the teaching area, Lu Benwei arrived at the teaching building where Chu Yan was.

As soon as he came to the door of Chu Yan's classroom, Lu Benwei was stunned by the scene inside.

He saw Chu Yan sitting on the table, one of her legs wrapped in black over-knee socks resting on the shoulder of a half-squatting boy.

She was surrounded by countless boys, some serving tea and some massaging her shoulders and back, their faces full of flattery.

Lu Benwei let out a long sigh of relief. In just one lesson, Chu Yan conquered the entire class.

Just as she was about to leave, Chu Yan saw Lu Benwei at the door and immediately jumped down from the table.

"Annoying fellow!"

Chu Yan ran like a nimble deer and arrived at Lu Benwei's side in two or three steps.

"Why didn't you tell me you were coming?"

"I saw that you were busy," Lu Benwei said lightly.

Chu Yan gritted her teeth and the corners of her mouth rose, revealing her little canine teeth.

"Are you jealous?"

"Should I?" Lu Benwei immediately denied.

The next second, Chu Yan grabbed Lu Benwei's arm and pulled him into the classroom.

"Let me introduce you. This is Lu Benwei, your second brother."

As soon as she finished speaking, about two-thirds of the boys in the class came forward.

"Good day, second brother!"

...

"I've long heard of second brother's great name. Now that I've met you today, this little brother's admiration for you is truly like a surging river, endless and uncontrollable like the flood!"

"In the future, we swear to follow eldest sister and second brother to the death!"

Lu Benwei listened to their compliments and finally understood. Through some means, she became the big sister of this group of people and he became their second brother.

Thinking of this, Lu Benwei's mouth twitched.

"Class is over now. Why didn't you do what I told you just now?" Chu Yan suddenly said coldly.

When this group of "underlings" heard this, they immediately became frightened and scattered out of the classroom in all directions.

"What are you guys going to do with him?" Lu Benwei asked with interest.

Chu Yan shook her head. "It's nothing. I just asked them to find some people."

"Looking for someone? Who?" Lu Benwei frowned.

Chu Yan rolled her eyes and said, "Of course, it's those who don't like us. What else do you think it is? A handsome man?"

"So, it's like this."

...

Lu Benwei stretched out his hand and rubbed Chu Yan's head.

Lu Benwei's smooth and bright silk-like hair curled around his fingertips, bringing with it a delicate fragrance.

“By the way, aren’t you afraid that they’ll get beaten up?” Lu Benwei smiled and asked.

Chu Yan put her hands on her hips. “What are you afraid of? If they hit my underlings, I’ll help my underlings get back at them! While I’m here at Yanjing Hunter University, I’m going to make everyone here call me big sister in two months!”

Lu Benwei bitterly smiled. Chu Yan was probably the only one who would dare to say such arrogant words.

“Hmph!”

At this moment, a cold and ear-piercing sound was heard.

“What a big joke!”

The two of them looked in the direction of the voice. It was Di Shi and his group from last night.

Chapter 442 Duskgold Berserk Bear

“Yo, isn’t it the swill bro?”

Chu Yan sneered when she saw the man. As expected, her words infuriated Di Shi.

“What did you just say? If it wasn’t for the suppression of the anti-magic array, how could I have lost to the magician?” Di Shi pointed at Lu Benwei, who was standing behind Chu Yan, and said angrily.

“If we can defeat them with the anti-magic array, we can defeat them without the anti-magic array, right?” Chu Yan retorted.

After a battle of words, neither side gave in to the other. After quarreling with it for a while, more and more people started to gather around.

When they saw that it was Di Shi, Chu Yan, and Lu Benwei arguing, they all stood on Di Shi’s side.

“What kind of hero is ambushing from behind?”

“That’s right, or are the students of Zhejiang Hunter University all despicable people who do sneak attacks?”

“Who knows, maybe the champion title of the National Class Tournament was stolen too!”

Facing the crowd’s comments and baseless accusations, Chu Yan was somewhat powerless to respond.

At this time, Chu Yan’s new followers also came out from all corners and joined the debate. They attacked Di Shi with words like swill brother, inferior skills, and thick-skinned.

Di Shi also responded by scolding Lu Benwei for being a villain and Chu Yan’s underlings.

Finally, someone said sarcastically, “How did the swill taste last night?”

When Di Shi heard this, he was furious and his lungs were about to explode.

“Chu Yan, don’t think I don’t know your identity. You’re just a self-righteous whore.”

The moment he said that, there was an uproar. Everyone was silent, not even daring to breathe loudly.

Chu Yan stood rooted to the ground, her body trembling uncontrollably.

Di Shi licked his lips and sneered. "Acting all high and mighty in front of Young Master Wang, being so close to a useless magician, being with him every day, who knew you were..."

Di Shi's voice stopped abruptly. He shivered and goosebumps spread from his head to his ankles.

In the blink of an eye, Lu Benwei appeared in front of him.

A "plop" sound was heard!

Di Shi sat on the ground, the corners of his mouth twitching. "You... What are you doing?"

The next second, Lu Benwei stretched out his big hand and picked Di Shi up as if he was picking up a little chick.

"Boom!"

Before everyone could react, Lu Benwei jumped to the ground and flew into the sky with Di Shi in his hand.

Everyone was stunned and rubbed their eyes. No one could fly in the air under the anti-magic array. However, Lu Benwei did it!

"How is this possible? Is the anti-magic array useless against him?" someone exclaimed with his mouth wide open.

Someone else said, "This direction is...the arena?"

Everyone recovered from their shock and quickly ran to the arena.

Chu Yan also recovered from her anger and followed them to the arena.

"Boom!"

Lu Benwei carried Di Shi as if holding a weapon descending from the sky, stirring up smoke as they landed in the arena.

The two people who were sparring in the arena were dumbfounded. Even the surrounding audience was so frightened by this sudden phenomenon that they all shivered.

Under the smoke and dust, a man's eyes shot out a cold light that seemed to be able to kill. The man in his hand was so frightened that his body was convulsing.

"Lu Benwei?"

"Di Shi?"

Someone finally recognized the two of them, and it caused a huge uproar.

"Why did the two of them fall from the sky? Also, why does Di Shi's face look so pale?"

"The two of them had an argument last night, what's going on now?"

...

As the dust slowly settled, Lu Benwei said to the two people who were still fighting, "Students, sorry for disturbing your battle. I hope you can give this stage to us."

The two of them looked at Lu Benwei and felt the calm before the storm. They did not dare to complain and immediately left the stage.

Lu Benwei's eyes fixed on Di Shi.

Di Shi's heart skipped a beat. In a trembling voice, he said, "You... What are you trying to do?"

Lu Benwei's eyes were like an ancient pool as he said lightly, "I'll let you have ten moves, in case you say I'm bullying the weak."

Di Shi was puzzled. Give him ten moves? The strong bullying the weak? They were the same age, so where did the bullying come from?

"You said it yourself, but everyone here is your witness," he said slyly.

At the same time, the audience in the arena thought that Lu Benwei was crazy.

"Giving Di Shi ten moves? Isn't Lu Benwei a little overconfident?"

"If he knew what Di Shi's class is, I'm afraid he'd regret saying such words."

"Lu Benwei doesn't think he got first place by luck. Does he really think he can keep acting tough?"

Di Shi was also very glad. He said mockingly, "Lu Benwei, you're too arrogant!"

Seeing that Lu Benwei was able to get rid of the anti-magic array, Di Shi had a further understanding of Lu Benwei's strength. Now, he wanted to give him ten moves. This undoubtedly gave Di Shi some hope.

Di Shi slowly stood up from the ground and sneered. "I admit that you do have some strength. To be able to break through the anti-magic array, it can be seen that your strength is really as good as the one you displayed in the National Class Tournament. But you want to give me ten moves. I can only say that you're too arrogant."

...

After saying that, Di Shi's body gradually grew bigger and brown hair grew on his body. What was even more shocking was that his palms had turned into a pair of dark golden steel claws. They were shining with dark light and were extremely terrifying.

"It's here!" the spectators exclaimed, "The Duskgold Berserk Bear has appeared!"

Lu Benwei sneered.

As it turned out, Di Shi's class was a Duskgold Berserk Bear, which was one of the most advanced mutation effects of a monster warrior.

After shapeshifting, their strength was incomparable. The power of a level-30 warrior could take on a level-50 warrior!

"Lu Benwei, you asked for this, don't regret it!"

After saying this, Di Shi roared and attacked Lu Benwei.

“Boom, boom, boom!”

The Duskgold Berserk Bear’s massive body ran like a moving mountain. The ground caved in, and with every step he took, a spider web-like crack spread.

“The first move!”

Di Shi waved his claws and attacked fiercely, his momentum like a great mountain collapsing.

...

Lu Benwei did not dodge and used his hand to block the giant claw attack.

At this moment, everyone stood up and stared in front of them in disbelief!

“Is Lu Benwei crazy? Isn’t he afraid of being torn to pieces by using his body to block?”

“Clash!”

After the sound of the collision, everyone was shocked.

Lu Benwei easily blocked it with his arm.

Everyone was in an uproar. “How is this possible?” Under the Duskgold Berserk Bear’s claws, even steel is like cotton.”

It was the same for Di Shi. His eyes were filled with doubt and shock! How did Lu Benwei block this attack?

At this moment, Lu Benwei raised his foot and kicked Di Shi’s stomach.

Chapter 443 Mastermind Behind the Scenes

“Boom!”

There was a loud noise, and everyone in the arena stood up.

A huge meatball was sent flying seven to eight meters away before it crashed into the ground, creating a huge pit. Dust and dirt surged into the sky.

Everyone sucked in a breath of cold air. Their mouths opened and closed repeatedly as if they wanted to say something but stopped.

“The Duskgold Berserk Bear should weigh at least a ton, right? How could it be sent flying so easily?”

“Did Lu Benwei use any skills just now? Why didn’t I see it clearly?”

“I think he kicked Di Shi. Everything happened too quickly. I didn’t see clearly...”

As the crowd discussed, they realized that Lu Benwei’s strength was extraordinary, and cold sweat kept dripping from their foreheads.

At this moment, Di Shi also staggered out of the deep pit. His orange-yellow pupils were full of fear.

“You... What did you just do to me?” Even Zhai Shi’s voice was trembling.

“Nine more moves,” Lu Benwei said indifferently.

“Don’t be too arrogant!”

Di Shi gritted his teeth and exploded with a powerful aura. In the next second, he waved his claws and charged toward Lu Benwei.

Lu Benwei’s eyes were as calm as an ancient well. He exerted a little strength in his feet and instantly pulled away from Di Shi by eight or nine meters.

However, when Di Shi pounced on empty air, he was shocked and angry.

“Eight more moves.”

Lu Benwei’s faint voice came over and Di Shi’s red eyes almost popped out.

At this time, his anger had been completely ignited by Lu Benwei, and anger took over his rational mind. A magician, at most a little stronger, toyed with him in the palm of his hand.

“Roar!”

Di Shi opened his huge mouth and let out a strange roar that shook the mountains and rivers.

Suddenly, the world lost its color, and the sun and moon lost their light.

The surrounding spectators were shocked. “Oh no! Di Shi has gone berserk!”

Berserk had always been a unique talent of monster warriors. After using it, one’s strength, speed, and constitution would all be greatly improved for a short period.

The Duskgold Berserk Bear was one of the top mutants among the monster warriors, with an amplification of up to three hundred percent compared to ordinary monsters.

“Boom!”

Di Shi’s foot shattered the ring as he charged toward Lu Benwei. Its huge body had amazing speed and arrived in front of Lu Benwei in the blink of an eye.

Dark golden claws extended out, shining with a cold light, shattering everything.

Lu Benwei did not move and had no intention of dodging.

Everyone was stunned. Under such a powerful attack, anyone would have to avoid it. Some timid people covered their eyes, not bearing to see Lu Benwei’s blood splattering in the air.

“Clash!”

Lu Benwei raised his arm to block the attack, and the crisp sound of metal colliding rang out.

“What?”

Everyone looked at this scene in disbelief, and their eyes widened to the size of copper bells.

Lu Benwei once again used his body to block Di Shi's claw attack. This time, it was even more intense than before. It was the berserk Di Shi! His strength was many times greater than before!

"This is impossible!"

Di Shi also felt that it was inconceivable and let out a series of indignant howls.

"Seven more moves," Lu Benwei said faintly again.

Di Shi looked up at the sky and let out a long howl, extremely resentful and unwilling. The next second, he began to wave his claws and slash at Lu Benwei.

"Slash!"

"Six more moves."

"Slash! Slash! Slash!"

"Five more moves!"

...

Lu Benwei activated the Holy Light Shield.

"Boom!"

The Duskgold Berserk Bear's claw and the Holy Light Shield collided, creating countless electric sparks, like a surging galaxy.

The next second, the galaxy dissipated, and Lu Benwei used the Holy Light Shield to send Di Shi flying.

"Impossible! What are you?!"

Di Shi stood up from the ground, his eyes filled with fear. Just now, he had used all his skills, but he still could not touch a single hair on Lu Benwei's head. At this moment, every hair on his body was standing on end, and he was emitting cold air.

"Why? Why can't I land an attack on you?"

Lu Benwei slowly approached and walked in front of Di Shi.

"You've used ten moves."

As soon as he finished speaking, Lu Benwei activated the Mountain Sea Seal.

"Mountain Sea Seal!"

...

A huge mountain came down from the sky and smashed into the arena.

"Boom!"

Suddenly, the sky darkened, and the sun, moon, and stars lost their color. The huge arena was completely covered by mountains.

Everyone was sent flying, except for Di Shi, who was pressed under the rock, revealing his head. The brown fur on his body slowly faded away, and his ferocious face began to show human characteristics.

“You... What are you doing?”

Di Shi swallowed his saliva frantically, his body trembling.

“Pa!”

Lu Benwei did not say anything and slapped him.

“What do you think?”

Di Shi spat out a mouthful of blood and suddenly remembered that he had humiliated Chu Yan in the battle of words with her just now.

“You wanted to battle with me just to help Chu Yan show off?”

...

As soon as he finished speaking, Lu Benwei slapped him again.

“Pa!”

Zhai Shi was dizzy and disoriented from the slaps. He saw stars and his right cheek was swollen. He was in a very sorry state.

Seeing that Lu Benwei had no intention of stopping, Di Shi quickly begged for mercy. “Brother Lu, Brother Lu, I was wrong.”

“What’s the point of apologizing to me?” Lu Benwei let out a breath and slapped him again.

This time, it hit the left side of Di Shi’s face. It was so powerful that the left side of Di Shi’s face was swollen. He looked like a pig’s head.

“I have no enmity with you, but you’ve repeatedly provoked me. There must be someone behind this,” Lu Benwei said coldly and slapped him again.

“Pa!”

Di Shi’s mouth was full of blood and foam as he mumbled incoherently.

“It was him. He was the one who incited me to provoke you. If I succeeded in provoking you and humiliated you, he’d give me a large sum of money.”

Lu Benwei sneered when he heard this. As expected, Wang Qiaochu was the mastermind! Then, his eyes flashed with a cold light, and he gave Di Shi another slap on the cheek.

“Pa!”

“Argh!” Di Shi screamed and spat out another mouthful of blood.

“Rumor has it that you’re proud and arrogant, and you won’t submit to anyone you see, right? Why would you work for someone?” Lu Benwei coldly asked.

Di Shi smiled apologetically, revealing a mouthful of teeth that were missing one front tooth. "I have no choice, Brother Lu. They're offering a lot of money."

"Pa!"

Lu Benwei slapped him again. This time, he had smacked Di Shi's other front tooth away.

Chu Yan also rushed over at this time. When she saw that Di Shi had been defeated by Lu Benwei and was in a sorry state, her anger dissipated.

"You, this fellow, deserve to be beaten!" Chu Yan crossed her arms and said angrily.

Di Shi chuckled and nodded vigorously. "Elder sister Chu Yan is right, I really should be beaten."

Chapter 444 The Public Enemy of the School

Lu Benwei and Chu Yan left the arena after cleaning up.

Unexpectedly, Wang Qiaochu arrived at the arena.

Upon seeing Chu Yan, Wang Qiaochu chuckled and rubbed her hands together. "Yanyan, long time no see."

After saying that, he ran forward.

"Get lost!"

Chu Yan's cold shout scared Wang Qiaochu away.

"Yanyan, I haven't seen you for such a long time. I've missed you so much," Wang Qiaochu said shamelessly.

Chu Yan's pretty face turned cold, and she said, "Is that so? You want to slander me behind my back?"

Wang Qiaochu's smile froze on his face. Then, he stuttered, "Yanyan, what are you talking about? Which b\*stard said I was slandering you behind your back? I'm telling you, it's utter nonsense!"

At this moment, a sneer could be heard, immediately drawing Wang Qiaochu's attention.

"Who's that?"

When he looked up, he found that the sneer was from Lu Benwei. Instantly, Wang Qiaochu's expression turned complicated.

"Lu... Lu Benwei, you're here too."

"Of course," Lu Benwei coldly replied, "I've already dealt with the person you sent. He's lying in the school hospital now."

"Lu Benwei, you're wrong." Wang Qiaochu continued to play dumb. "I have nothing to do with Di Shi. Instead, he came to me yesterday and invited me to deal with the two of you. I'm already guilty of what I did to Yanyan," he said, swallowing his saliva, "How can I have the nerve to deal with you?"

With that, Wang Qiaochu looked at Chu Yan with fear.

In the last National Class Tournament, Wang Qiaochu made a sneak attack which resulted in injuring Chu Yan. However, it was not his intention. Wang Qiaochu wanted to deal with Lu Benwei, but he accidentally hurt Chu Yan.

“Yanyan, I really didn’t do it on purpose last time. I was also punished when I got home. Our family also paid a great price to appease your father’s anger.”

Wang Qiaochu’s eyes were filled with sincerity.

Lu Benwei and Chu Yan could not find any fault with him.

“Then why have you come to find us?” Lu Benwei asked coldly.

Wang Qiaochu scratched the back of his head and said, “It’s like this, in order to apologize, I plan to book a table at the Dragon Kingdom Hotel as a token of apology.”

“Is that so? You didn’t secretly put poison in the food again, did you?” Chu Yan asked coldly.

Wang Qiaochu waved his hands frantically. “How could that be? I wouldn’t dare to poison you even if I had a hundred guts. Chu Yan, since we’ve known each other since we were young, please do me a favor.”

“We’ll see.”

Chu Yan glanced at Wang Qiaochu and left with Lu Benwei.

After the two left, Wang Qiaochu heaved a sigh of relief. Then, he walked into the arena fiercely. “Damn Di Shi, you can’t do anything right, but you’re good at ruining things! You even gave me up. If I wasn’t smart, I’d have buried you with me before I died!”

Just as he finished speaking, the phone in Wang Qiaochu’s pocket rang. Taking it out and looking at the caller ID, Wang Qiaochu hurriedly pressed the answer button.

“Hello, Grandpa!”

On the other end of the phone, Wang Qiaochu’s grandfather’s voice was hoarse. “Qiaochu, I heard that Chu Yan came to your school as an exchange student?”

“Yes, she did!”

“Qiaochu, try to get in touch with her over the next two days and find a way to invite Chu Yan out. We’ll have a meal together with her family.” Wang Qiaochu’s grandfather said.

“Huh?”

Wang Qiaochu’s jaw dropped. Just now, he invited Chu Yan as a way to deal with her. He did not expect that his family would really want him to invite Chu Yan.

Hearing Wang Qiaochu’s reaction, the person on the other end of the phone was furious. “What’s wrong, Qiaochu? Did you offend Chu Yan again?”

“No, no, no,” Wang Qiaochu quickly denied it and said, “I didn’t.”

Wang Qiaochu's grandfather heaved a long sigh of relief. "That's good. You must complete this task."

"I understand! I'll complete it." Wang Qiaochu patted his chest and promised his grandfather.

Just as he was about to hang up, Wang Qiaochu's grandfather reminded him again in a deep voice, "Qiaochu, you can't offend Chu Yan now and in the future. Do you hear me?"

After hanging up, Wang Qiaochu muttered to himself, "Why are Grandpa's words so strange? Even if Chu Yan's father is Chu Tianxiong, our family is deeply rooted in Dragon City. We don't need to be afraid of him."

...

On the other side, Chu Yan and Lu Benwei went to the cafeteria for lunch. The two of them were surprised to see the students of Yanjing Hunter University hiding away when they saw them. Some of them even looked at them from afar with fear.

"What's wrong with everyone?"

Chu Yan and Lu Benwei were both very confused. They even wondered if they had become monsters.

"You guys still don't know?"

Gan Yan had also finished his morning class and arrived at the cafeteria. When he saw the two's depressed expressions, he was very surprised.

"What's going on?" Lu Benwei asked.

"The news of you beating up Di Shi this morning has spread like wildfire!" Gan Yan said, putting down his chopsticks.

"So, it's that." Lu Benwei heaved a sigh of relief as he thought it was a big deal. "Didn't I just teach that fly a lesson? What's there to discuss?"

"You may think so, but the others don't," Gan Yan said after swallowing his saliva.

"What's going on?" Chu Yan's interest was piqued, and she pricked up her ears.

Lu Benwei also put down his chopsticks.

"When you slapped Di Shi, you have to think about who he is," Gan Yan said.

"Who is he?" Lu Benwei and Chu Yan asked at the same time.

...

"He's the number one hunter at Yanjing Hunter University! And you, in their eyes, are the number one person at Zhejiang Hunter University!" Gan Yan raised his voice.

"You won the competition, which means that the new batch of Zhejiang Hunter University students is stronger than the new batch of Yanjing Hunter University students!"

"Isn't that the truth?" Chu Yan was even more confused.

“But the problem is that Lu Benwei beat up Di Shi!” Gan Yan knocked on the table.

“The students at Yanjing Hunter University all think you’re here to provoke them.”

“So, it’s like that.” Lu Benwei finally understood.

“What’s the plan of the students at Yanjing Hunter University?” he asked.

Gan Yan’s expression became serious. “The entire Yanjing Hunter University sees you as an enemy. Firstly, they’re asking you to leave the university. Secondly, they’ve formed an alliance to kill you!”

Chapter 445 Physical Training

“Tsk, what big words.” Chu Yan laughed.

Lu Benwei was helpless. “Don’t they know the cause of this? It was Di Shi who provoked us first.”

“How would they know?” Gan Yan replied, “In any case, you’ve already become the public enemy of the entire school.”

As soon as he finished speaking, Li Tiancheng sat down. “In any case, if I were you, I’d sleep with my eyes open tonight.”

!!

“Go to hell.” Lu Benwei laughed and said, “Li Tiancheng, can you come out and help me clear my name as the number one person at Yanjing Hunter University? I didn’t mean to offend the students here.”

Li Tiancheng waved his hand and said with great interest, “To be honest, I’ve already joined this alliance.”

“Huh?” Lu benwei’s face was full of question marks.

“Ever since I lost to you last time, I’ve been looking for an opportunity to spar with you again. Now that the opportunity is right in front of me, I don’t want to waste it,” Li Tiancheng said faintly.

Lu Benwei was speechless. He never thought that his biggest enemy would be in front of him.

Chu Yan shook her head. “In that case, I’ll join this alliance,” she said.

“Then everyone has joined.” Gan Yan chimed in. “I can’t be on your side. I’ll apply to join the alliance now.”

Then, he took out his phone and log into the campus forum of Yanjing Hunter University.

Lu Benwei was dumbfounded and his mouth twitched. Now, almost everyone at Yanjing Hunter University had become his enemy.

Facing this situation, Lu Benwei could only sigh and mutter, “Since that’s the case, we can only deal with it as it comes!”

...

In the afternoon, Lu Benwei came to the field. This afternoon, there would be a physical training course.

A dark-skinned and burly physical training teacher stood on one side of the track with his hands behind his back.

“When facing monsters, you must have a strong physique to provide you with physical strength! Hey you, hurry up. You’re taking your time. With your speed, you’ll be eaten by the monsters sooner or later!”

The physical training teacher inspected the students who had just flashed past him. On the track, the students of the support class were sweating and panting as they ran.

The most basic way to improve one’s constitution was to train. As one trained, one would accumulate vitality attribute points.

Of course, the speed of improvement was very slow by simply training. Every student at Yanjing Hunter University who went through physical training could achieve twice the result with half the effort if they were given a bottle of medicine.

“The weakness of your support is your constitution! If I want to become a powerful supporter, I must put in a lot of effort on my physique attribute!”

The physical training teacher kept berating the crowd. As long as someone fell behind, he would kick his \*ss.

As for the students, they looked at the pointer in his hand and naturally did not dare to say anything. They could only curse in their hearts and continue to run forward.

Finally, after running for about 15 kilometers, a girl could not take it anymore. She fell on her back.

A layer of stone stirred up a thousand ripples, and immediately, seven or eight students fell one after another.

The physical training teacher was furious. He waved his pointer and walked over.

“Pa!”

The whip hit the horse hard, and the air was shaken with a whistling sound.

“Stand up quickly. If I were a monster right now, you’d all be dead!”

Eight or nine students sat on the ground, paralyzed, gasping for air.

“Teacher, we really can’t take it anymore. Let us rest for a while,” a thin and weak-looking boy said weakly.

“In the secret realm or on the battlefield, will the monsters let you rest?” the physical training teacher’s eyes almost popped out of their sockets as he shouted fiercely.

Some of the girls even started to sob softly.

On the side, the students of other vocations were gloating, sneering as they watched the show.

The physical training teacher turned a blind eye to this. He was already used to such situations.

“Cry again and I’ll add another 50 kilometers!”

As soon as he finished speaking, someone immediately expressed his dissatisfaction. “Teacher, you’ve gone a little too far. Even a warrior can’t withstand 50 kilometers! If it was 20 kilometers, we’d have gritted our teeth and persevered. But 50 kilometers will kill us!”

Unexpectedly, the physical training teacher clapped his hands and said, “Good! Dying here is better than being a burden to the others in the secret realms or battlefields!”

Some people were furious and wanted to get up and argue with the physical training teacher. However, when the physical training teacher glared at them, they all immediately shrank back.

Lu Benwei leisurely stopped running, walked to the foot of a football post, and picked up a bottle of mineral water.

“Gurgle!”

Lu Benwei raised his head, his handsome Adam’s apple throbbing as he swallowed. His forehead was covered with sweat, which was crystal clear in the sun, and his body exuded the warm aura of a teenager.

After drinking, Lu Benwei heaved a sigh of relief and threw down the bottle of water. “You guys rest first, I’ll continue!”

After Lu Benwei left, someone immediately said, “Teacher, you’re biased! We wanted to drink water just now, but you didn’t let us!”

The other students also stood up and accused the physical training teacher of discrimination.

On the side, the students from the other classes who were watching the show also began to fan the flames. “Teacher, since we’re all in the same class, if you can’t give us the same treatment, you’ll disappoint everyone.”

It was a young man in white. The eagle logo on his clean white clothes revealed that he was from a rich family.

The rich man continued, “Although Lu Benwei is an exchange student, since he came to our school, he’s also a member of our university. We can’t treat him differently.”

The physical training teacher was stunned and was about to speak when Lu Benwei ran over again.

“Lu Benwei, you, come over here!” the rich man suddenly shouted.

Lu Benwei did not know what was going on and stopped.

The rich man gave a look to his friend beside him and smiled slyly.

“What’s the matter?” Lu Benwei asked.

...

“You didn’t get permission from the physical training teacher to drink water,” the rich man said coldly.

Suddenly, Lu Benwei's face was filled with question marks.

"I'm just sweating a lot, and I want to drink some water. What, I can't even drink water?"

"No!" The rich man widened his eyes.

Lu Benwei was very helpless and said, "What happens now that I've drank it?"

Chapter 446 Another Entitled Man

The rich man sneered. "It's very simple. First, you spit it out! The second option is for you to go to the side and do 5,000 squats."

Lu Benwei rolled his eyes.

"Boring."

After that, he turned around and continued with his physical training.

!!

The rich man was stunned for a moment and clenched his fists. "Damn, Lu Benwei, you dare to ignore me?!"

Then, he turned to the people around him and said, "You guys, stop him later."

A few casual staff members beside the rich man immediately nodded and bowed, their eyes staring at Lu Benwei.

At this moment, there was a lot of discussion around them.

"Who's that? So arrogant."

"You don't know him? He's Young Master Qin, one of the four young masters at Yanjing Hunter University," someone replied in a low voice.

"Young Master Qin? The Qin family that controls the transportation industry of the entire Dragon Kingdom?"

The people around them opened their mouths in disbelief.

"This young man is the young master of the Qin family, Qin Lunhai!"

"Young Master Qin's family is much stronger than Young Master Wang's. No wonder he dared to embarrass Lu Benwei in public. This is going to be a good show."

Then, Lu Benwei ran around again. Seeing this, Qin Lunhai's lackeys immediately formed a human wall and blocked his path.

"No, what are you doing?" Lu Benwei asked.

Qin Lunhai smiled slyly as he walked toward Lu Benwei. Pushing aside the crowd in front of him, he said, "It's nothing. I just want to seek justice for the students."

"How do you want to get justice back?" Lu Benwei rolled his eyes.

“It’s very simple. Do as I say, or you spit it out! Or go to the side and do 5,000 squats!”

Lu Benwei felt that this person was like an old sister-in-law undergoing menopause and was unreasonable.

He looked at the physical training teacher and asked, “Teacher, this student from another class is disrupting our lesson. What do you think we should do?”

The physical training teacher frowned slightly, stepped forward, and advised, “Well, student Qin, this is indeed making a mountain out of a molehill. Lu Benwei was just tired from running and wanted to drink some water.”

At this moment, Qin Lunhai’s expression turned into one of ridicule. “Teacher, this is where you’re wrong. The other students in your class also want to drink some water. Why can’t they rest for a while?”

“There’s a reason for this,” the physical training teacher replied with a frown.

“There’s a reason for this?” Qin Lunhai’s eyes were filled with mockery as he spoke in a strange tone, “Are you deliberately covering up for Lu Benwei?”

After that, Qin Lunhai shifted his gaze to Lu Benwei’s classmate, who had just collapsed to the side and was resting. “Don’t you guys agree?”

Lu Benwei’s classmates, who had just collapsed from exhaustion, were already quite critical of the physical training teacher and Lu Benwei. With Qin Lunhai standing up for them, they naturally shouted in unison, “Yeah, Teacher, you can’t just blatantly cover up for Lu Benwei, right? We couldn’t even drink water just now, so why can Lu Benwei?”

Faced with the crowd’s deliberate criticism, the physical training teacher let out a long sigh. “I didn’t deliberately cover up for Lu Benwei. If you can do what Lu Benwei did, of course you can take a break. What do you think?”

Everyone’s eyes flashed with suspicion as they looked at Lu Benwei.

“Lu Benwei, let them have a look,” the physical training teacher said.

Lu Benwei nodded and took off his clothes.

“Clang! Clang!”

Lu Benwei threw a thick plate armor to the ground. Then, he rolled up his trousers revealing four lead-like things tied to one leg.

The physical training teacher let out a long sigh. “These aren’t ordinary weight-bearing training props. Each one of them is specially made. Just that lead plate alone is half a ton heavy.”

“What?”

Everyone was shocked. One piece weighed half a ton.

There were four pieces on Lu Benwei’s leg, weighing four tons in total.

One of them stepped forward and tried to pick up the lead plate that Lu Benwei had thrown on the ground.

“Ha!”

The man used a lot of strength to pick up the lead plate. As for the plate armor, one of them could not move it even after using all his strength. Judging from its weight, it should be six tons.

Seeing such a scene, everyone’s scalps began to go numb as if countless ants were crawling.

Qin Lunhai’s mouth was wide open, shocked by Lu Benwei’s physical strength.

The physical training teacher’s expression turned serious and returned to his usual stern look. “If you can do what Lu Benwei did, carrying 10 tons of weight, I won’t stop you from eating, let alone drinking water.”

Lu Benwei’s classmates felt their scalps go numb as they looked at Lu Benwei and cursed in their hearts. “Abnormal!”

Qin Lunhai was dumbfounded and did not know what to do.

At this moment, Lu Benwei picked up the plate armor easily and walked over to Qin Lunhai. “This student, do you still have any objections?”

Qin Lunhai swallowed his saliva as if he had gone crazy. His eyes kept glancing at the plate armor in Lu Benwei’s hand. It was as if the six-ton plate armor would smash into his head in the next second.

As for his underlings, they were hiding on the side and looking at Lu Benwei with fear.

Lu Benwei sneered and reached out his hand.

Qin Lunhai’s heart, liver, guts, and spirit were all frightened by this. He hurriedly closed his eyes and covered his head with his hands. It seemed that the next second, Lu Benwei would take the six-ton plate armor and hit his head.

After waiting for a long time, Qin Lunhai only felt three light pats on his shoulder. He did not feel Lu Benwei’s killing intent. When he opened his eyes again, Lu Benwei had already put on the weight training equipment and left.

Qin Lunhai’s knees gave way, and he fell to the ground. After a long time, he finally came back to his senses and punched the ground with his fist. “Lu Benwei, you dare to trick me? Just you wait!”

...

The physical training class finally ended in the evening. Everyone heaved a sigh of relief as the hellish lesson ended.

...

The physical training teacher waved at Lu Benwei, who was still running in the distance, “Lu Benwei, the lesson is over. You’ve run extra ten laps.”

“Teacher, you go eat first, I’m not hungry yet.” Lu Benwei waved his hand.

After a pause, he added, "By the way, Teacher, can you give me the key to the equipment room? Ten tons of weight isn't enough."

The physical training teacher was stunned for a moment, then joked with a smile, "You lunatic, do you want to add more?"

"Yes, I want to try carrying 20 tons of weight."

"You're really a madman! It would be great if the students here were like you."

After saying that, the physical training teacher threw out a key. "Alright, you can train by yourself. Just lock the door when you're done."

#### Chapter 447 Pursuit

The cold evening wind could not calm Lu Benwei's burning heart. He ran around the field, showing off his perfect muscle lines. He was as beautiful as a leopard.

Students who had just finished dinner were walking in groups of two or three and soon noticed Lu Benwei's weight training equipment.

"My god, there are four lead plates on his calves, four on his thighs, and he's wearing a ten-ton plate armor. Is this guy a bull?"

"No wonder Lu Benwei is so powerful. I'm convinced!"

Many people were shocked when they saw it.

"Hey, annoying fellow!"

Chu Yan stood at the entrance of the field, waving at Lu Benwei.

Lu Benwei saw this and ran over.

"Have you eaten?" Lu Benwei asked.

"No!" Chu Yan replied as she took out a pink handkerchief from her bag.

"How long have you been training? Why are you sweating so much?"

Then, Chu Yan wiped the sweat from Lu Benwei's forehead with her handkerchief.

The handkerchief was made of long cotton, soft and skin-friendly, and it also had Chu Yan's unique fragrance.

Such a scene attracted the attention of many people.

Many male students' eyes were all on Chu Yan. Chu Yan's appearance style was the standard type of beauty. Her small, white, and flawless face was beautiful even without makeup.

She wore a seemingly casual coffee-colored coat and cardigan with a white shirt inside, which showed off her tight figure.

The only flaw was that a fresh flower was stuck in a pile of cow dung. This cow dung was no doubt the public enemy of Yanjing Hunter University, Lu Benwei!

Lu Benwei could also clearly feel that many of the boys around them were looking at Chu Yan.

“Let’s go.”

He hated this feeling and took Chu Yan’s hand to leave the field.

At this moment, they heard a roar from the end of the asphalt road outside the sports field.

Everyone’s eyes looked over in unison.

A Lamborghini with a carbon fiber outer shell appeared in front of everyone.

The atmosphere at Yanjing Hunter University was relatively relaxing. In addition, the anti-magic array suppressed the level of the students, so they could not fly in the air. The students were allowed to drive on campus.

However, this kind of big thing that was worth millions of yuan was not something that ordinary students could afford.

A young man in a white shirt and sunglasses got out of the car. He was valiant and spirited, and there was a faint smile on his lips. With every step he took, he exuded a confident aura.

“D\*mn, it’s Young Master Qin!”

“Young Master Qin, why are you here?”

“I remember he was still at the field this afternoon. Why did he come back in a luxury car?”

Lu Benwei frowned when he heard the exclamations.

Why did Qin Lunhai, this entitled son of a rich family, come back?

“Is this a clown invited by the monkey? Who wears sunglasses at night?”

Beside Lu Benwei, Chu Yan snorted and looked at him as if he was an idiot.

“Let’s go,” he said. Lu Benwei let out a breath of air and pulled Chu Yan out.

Qin Lunhai suddenly shouted, “Who said that Chu Yan is here?”

One of the students in the crowd ran over to Qin Lunhai.

“Young Master Qin, it’s me!” The man’s face was full of flattery.

Qin Lunhai glanced at the man and said loudly, “Where’s Chu Yan now?”

The man laughed and pointed at Lu Benwei and Chu Yan. The moment he saw Lu Benwei, his smile froze.

The next second, he moved his mouth crazily toward Lu Benwei, which made people very confused.

Qin Lunhai took off his sunglasses and looked in the direction the man was pointing.

“Chu... Lu Benwei? You haven't left yet? Why are you with Chu Yan?”

Qin Lunhai was very surprised. He did not know that Chu Yan was from Zhejiang Hunter University and that she knew Lu Benwei. He only heard that there was a devastatingly beautiful girl among this year's exchange students. Her name was Chu Yan.

Someone had provided Qin Lunhai with Chu Yan's photo. At first glance, he was attracted by her appearance and temperament. This was a woman who was like a fairy in a painting. Her beauty was natural and picturesque.

It was much better than the flirtatious b\*tches he had played with before, who had had a knife stabbed in their faces!

The only one who could be compared to her was the former goddess, Lu Ziling, the campus belle at Yanjing Hunter University. It was a pity that Lu Ziling did not seem to be in school.

Chu Yan's appearance instantly replaced Lu Ziling's position in his heart. Now, Chu Yan had truly appeared in front of him.

She was as beautiful as a distant mountain, her pupils were like a drop of paint in a silk handkerchief, her facial features were exquisite, her skin was ice-cold, her limbs were jade-like, and she stood there with a moving appearance.

Qin Lunhai felt his nose heat up as if something was about to burst out. He finally understood. He was in love.

However, the only flaw was that the person beside her was an eyesore. Especially Lu Benwei's right hand, which was pulling Chu Yan's wrist.

Qin Lunhai's expression was extremely dark, but he immediately remembered that he could not lose his temper in front of Chu Yan, in case he left a bad impression. He immediately adjusted his expression and revealed a kind smile as he slowly walked toward Chu Yan.

“That... Chu Yan...”

Qin Lunhai's heart trembled as he walked closer, causing him to stammer for a moment. Finally, he heaved a long sigh of relief and finally stabilized his mind.

“My name is Qin Lunhai, the third young master of the Qin family in Dragon City. I hope to invite you to dinner tonight.”

...

In his opinion, as long as he used the name of the third young master of the Qin family in Dragon City, Chu Yan would have no reason to refuse him.

Qin Lunhai was quite good-looking, had more than a billion yuan in wealth, and was quite famous in the entire Dragon City. Countless innocent female college students would throw themselves into his arms when they heard the name “third young master of the Qin family in Dragon City”.

He believed that Chu Yan would be no exception. Even if she had a powerful heaven's favorite like Lu Benwei by her side, she would not refuse him!

No matter how strong a hunter was, he had to listen to the words of the aristocratic family behind him! Besides, the Qin family had a lot of assets in Dragon City.

"Oh."

However, Chu Yan only gave a faint "Oh" and pulled Lu Benwei away.

"Huh?"

Qin Lunhai was stunned for a moment. He felt a faint burning sensation on his face. The face-smacking came too quickly, and he was caught off guard!

"Chu Yan, I just want to have dinner with you. I don't mean anything else... Why don't we exchange numbers first?"

Qin Lunhai waved his latest iPhone around, and the expensive watch on his wrist was also shining in the starry sky.

"I'm not going! I won't!"

...

Chu Yan's voice was cold.

#### Chapter 448 Suffering A Loss

Chu Yan had lived in Dragon City since she was young. She had seen countless rich playboys. However, Chu Yan only had one attitude toward these people, which was to look and speak to them coldly.

Wang Qiaochu was a good example. In her eyes, the man she loved should be like her father, who had strength, ambition, and a sense of responsibility. He would not bully the weak. Lu Benwei was a good example.

People like Qin Lunhai were both boastful and arrogant to drive a super sports car to school as a means to show off how rich he was. Moreover, he spoke arrogantly.

If it was a normal suitor, Chu Yan would politely tell him that her heart already belonged to someone and that they could be friends. However, for someone like Qin Lunhai, Chu Yan would tell him to get lost to where he came from.

Seeing Chu Yan reject him twice in a row, Qin Lunhai was already a little annoyed.

Outside of school, as long as he revealed his name, there would be girls throwing themselves into his arms, eager to have an in-depth exchange with him on the spot.

Even in school, in the face of those shy female students who had not seen the world, he would only act half-heartedly, playing hard to get, and deliberately pretending to be aloof.

However, they were not as cold as Chu Yan, who did not give Qin Lunhai any face. The reason might be Lu Benwei.

Thinking of this, Qin Lunhai sneered in his heart as he looked at Lu Benwei. The air instantly froze, and the atmosphere was so oppressive that everyone could not breathe.

Quite a few onlookers were amused by this.

“There’s going to be a good show, a good show!”

“Lu Benwei is going to fight Qin Lunhai!”

“I didn’t expect Young Master Qin to be the one who made things difficult for Lu Benwei after Di Shi!”

Speaking of which, they were also very curious as to why Chu Yan did not agree to Qin Lunhai’s request.

Compared to Lu Benwei, Qin Lunhai’s strength was much stronger. He had the temperament, the looks, and the power!

Although most of them could not compare to Lu Benwei, money was enough. Besides, Qin Lunhai was the third young master of the Qin family in Dragon City. He had an extraordinary status.

No matter how talented Lu Benwei was, he could not be compared to Young Master Qin.

Qin Lunhai’s eyes were dark, and he was just about to speak.

At this time, Lu Benwei spoke first, “Get lost! Can’t you see that we’re ignoring you?”

In an instant, everyone was shocked. Lu Benwei dared to tell Qin Lunhai to get lost?

Dumbfounded!

Shocking!

After a moment, everyone calmed down.

Lu Benwei’s actions were also very logical and in line with his personality. After all, he was a heaven’s pride expert of his generation, and he was naturally a little arrogant.

In addition, Chu Yan and Lu Benwei had an ambiguous relationship.

After being provoked by Qin Lunhai in front of everyone, it was only natural that his temper would flare up. He still remembered the rumor circulating at Yanjing Hunter University.

When Qin Lunhai first entered Yanjing Hunter University, he had taken a fancy to a second-year senior. At that time, the second-year senior had a boyfriend, who was ranked quite high, and his family was quite powerful.

The man had warned him once. In the end, the man was tortured by Qin Lunhai to the point where his family was almost destroyed, and he had mental problems.

What was even more pitiful was that the second-year senior had also left him. After being toyed with by Qin Lunhai for a few days, he was tired of her.

This was the strength of the aristocratic families, which created these entitled offspring.

Qin Lunhai sneered at Lu Benwei’s rude words.

“Lu Benwei, you have guts. I was lucky to let you slip away this afternoon. I didn’t expect you to come looking for me.”

He thought about this afternoon. Qin Lunhai’s eyes turned sinister, and a nameless flame of karma burned in his heart.

As the son of a well-known family in Dragon City, he had always been the one who slapped others in the face, bullied and toyed with others. He, Qin Lunhai, had never been slapped in the face by someone else.

This afternoon, Qin Lunhai wanted to teach this arrogant exchange student a lesson. However, when he saw the 10 tons of weight on Lu Benwei’s body, he instantly gave up.

At that time, there were quite a few people around. If word of this got out, it would be a disgrace to Qin Lunhai’s reputation.

So tonight, he could teach Lu Benwei a lesson in front of the entire school.

At the same time, he wanted to show off in front of Chu Yan and watch him kill Lu Benwei as easily as stepping on an ant.

After a moment of silence, Qin Lunhai sneered. “Lu Benwei, do you know what happened to the first person who spoke to me like that?”

Lu Benwei sneered in his heart as he looked at Qin Lunhai with interest.

“What happened to him?”

Qin Lunhai smiled noncommittally and said, “The consequences are very serious. As far as I know, he’s still in a garbage factory in Dragon City, picking up garbage for a living.”

After saying that, Qin Lunhai pulled Chu Yan’s hand and walked into the Lamborghini.

“What are you doing?” Chu Yan broke free from Qin Lunhai’s grasp and shouted coldly.

Lu Benwei was also shocked. He did not expect Qin Lunhai to be so bold.

“Back off!” Lu Benwei shouted coldly and stood in front of Chu Yan.

The three of them began to confront each other.

“Chu Yan, I didn’t do anything. I just wanted you to look at my car,” Qin Lunhai said with a chuckle.

Although Qin Lunhai had a simple and honest smile on his face, he was very sinister on the inside. He had a packet of drug in his car, especially for girls who refused to submit.

Then, his eyes turned cold, and he said to Lu Benwei, “Get lost, you have nothing to do with this!”

As soon as he finished speaking, Lu Benwei slapped Qin Lunhai’s cheek. Of course, Lu Benwei did not use his full strength. Otherwise, Qin Lunhai’s skull would have been sent flying.

“Slap!”

A crisp sound was heard.

Qin Lunhai spun five or six times on the spot, staggered, and fell to his knees.

...

Chu Yan was also disgusted. When she saw Lu Benwei's attack, she also raised her foot and kicked Qin Lunhai's chest.

"Pfft!"

A large mouthful of blood spurted out of Qin Lunhai's mouth, dyeing the ground red.

Shocking!

Suffocating!

Dumbfounded!

The onlookers around them felt their scalps go numb and a chill ran down their spines.

"They, they dared to beat Qin Lunhai like this?"

"It's over, it's over!" Some people covered their eyes. A bloody storm was about to happen.

For Lu Benwei, nothing mattered. The truth was on his side.

Moreover, after slapping Qin Lunhai, Lu Benwei's mood suddenly became much better, and the anger in his chest suddenly disappeared.

...

"It seems that I have to study the Natural Heart Sutra deeper," Lu Benwei muttered to himself with a calm expression.

Chapter 449 We'll Wait

As for Chu Yan, her situation was much simpler.

She had teased him in public. Who cared if he was the eldest or second young master of some aristocratic family? At most, he would tell the higher-ups of the Furious Dragon Legion to destroy his family!

An ordinary army might be afraid of the power of the aristocratic families, but the Furious Dragon Legion would not!

Qin Lunhai got up from the ground and shook his head. His vision gradually became clear.

"You... You dare to hit me!"

His tone was filled with disbelief. From the beginning to the end, he was the only one who slapped others. No matter if it was a girl or a mature woman, or a young woman or someone's wife, he would still slap them!

Today, he, Qin Lunhai, the third young master of the Qin family, had been slapped and kicked by someone in broad daylight in front of everyone! He was extremely furious!

In the next second, he took out his phone and dialed the number of his bodyguard.

“I give you ten minutes to come to the South Field at Yanjing Hunter University!”

After giving his orders, Qin Lunhai decisively pressed the red hang-up button.

“You two, just you wait!”

Chu Yan crossed her arms and gritted her little canine teeth. “Alright, we’ll be waiting!”

At this moment, everyone was dumbfounded. If they had not heard wrong, Qin Lunhai had called for his family’s bodyguards.

When he saw that Lu Benwei and Chu Yan were unmoved, he was puzzled and shocked.

They had long heard that the Qin family’s bodyguards were very fierce, and even the lowest level was above level 30. Most importantly, they had more people!

Even though they believed that Lu Benwei was a rare heaven favorite, it was difficult for two fists to fight against four hands.

As expected!

Ten minutes later, three cars roared and stopped in unison behind Qin Lunhai. Each car was filled with brawny and fierce-looking bodyguards. There were 21 people in total! It was more than what the audience had expected!

Moreover, they were all experts above level 30. Even with the suppression of the anti-magic array, Lu Benwei would be drowned in their saliva.

Furthermore, they were physically strong, and their wrists were thicker than Lu Benwei’s thighs! With their levels suppressed, they could display their advantage even more!

“Third Young Master, what’s wrong?”

The leading bodyguard bent down and listened to Qin Lunhai’s orders.

“Do you see that man and woman?” Qin Lunhai pointed at Lu Benwei and Chu Yan and ordered, “Break one of the man’s legs and tie up the woman!”

“Yes, sir!”

The leading bodyguard nodded and bowed, then rubbed his fists and palms, making the sound of bones shaking.

“So, you two are the ones who bully the third young master?”

The bodyguard tightened his waist and exerted force. He groaned repeatedly and showed off his iron-like biceps without any restraint.

“So what?” Lu Benwei sneered.

“Kowtow and admit your mistake to my young master!” another bodyguard shouted and stepped forward with another man.

The three of them formed a human wall, blocking everyone's view.

Many people began to gloat and scolded, "Lu Benwei, you've finally suffered a loss."

At this moment, the three of them pounced forward. Their huge bodies pounced forward, like a tiger pouncing on its prey.

Lu Benwei sneered and raised his fist!

"Pfft! Pfft! Pfft!"

The three of them spat out a mouthful of blood and were sent flying.

Lu Benwei's speed was so fast that no one could catch his figure. They suspected he had used a skill!

The surrounding onlookers were still sneering at Lu Benwei and did not react.

"Bang bang bang!"

With three consecutive muffled sounds, the three bodyguards fell to the ground, and everyone reacted.

"Awesome!"

Everyone subconsciously praised him.

Qin Lunhai was stunned for a moment. He did not expect that his three bodyguards would be defeated in less than a minute.

"You guys, attack!" Qin Lunhai's expression turned cold as he recovered from his shock.

Lu Benwei raised his fist again and punched out countless times.

"Bang bang bang!"

With 19 muffled sounds, the remaining 19 bodyguards were all kicked away by Lu Benwei and fell to the ground, wailing silently. Without a doubt, they had all lost their combat power.

Shocking!

Suffocating!

A series of expressions appeared on the faces of the surrounding onlookers.

Suppressed by the anti-magic array, they were no different from ordinary people. However, Lu Benwei's performance was unusual.

Twenty-one people with twenty-one punches. There was not the slightest bit of sloppiness, it was clean and neat!

Dumbfounded, the scene was as silent as death. Only the frost crows perched on the old tree at the side were cawing, which was particularly ear-piercing.

Qin Lunhai was so scared that he stood rooted to the ground, unable to even breathe. He could only watch as Lu Benwei approached him step by step.

“Slap!”

...

It was another solid slap, and Qin Lunhai’s teeth were knocked out. This slap had completely woken him up.

“Do you know who I am?” he asked in a trembling voice, “You dare to hit me?”

“Slap!”

Lu Benwei ignored Qin Lunhai’s warning and slapped him again.

“Where did you come from, you little b\*stard? So what if I hit you?”

“I’m the third young master of the Qin family, one of the four young masters at Yanjing Hunter University. Do you see that car? It’s enough to buy your life!” Qin lunhai’s heart burned with rage.

The next second, Lu Benwei slapped again.

“Slap!”

“Do you know what this is? A slap that can kill you!”

Qin Lunhai took a deep breath and felt a chill run down his spine. He was truly frightened by Lu Benwei’s words.

“Brother Lu Benwei, let’s talk this out. Could this be a misunderstanding?”

...

Lu Benwei ignored Qin Lunhai’s begging and picked him up by the collar like he was a dead dog. He raised his hands and attacked from both sides.

“Slap!”

“You know how to beg for mercy? Why didn’t you beg for mercy when you called your bodyguards to take us down? Why didn’t you beg for mercy when you were teasing Chu Yan?”

After a few more slaps, Lu Benwei felt that it was enough, so he threw Qin Lunhai to the ground like garbage.

At this moment, Qin Lunhai’s face was swollen. His mouth was filled with broken teeth. After a long while, he finally opened his mouth with difficulty and spat out blood and teeth.

When the surrounding people saw this scene, they could not help but frown and cover their scalps.

“Violence! That’s too violent!”

“Lu Benwei’s actions have undoubtedly triggered the school rules!”

“Young Master Qin, don’t panic. Report this to the teacher, and he’ll give you justice!”

When Qin Lunhai heard this, he almost fainted.

## Chapter 450 The Second Princess of the Qin Family

To think that the third young master of the Qin family would stoop so low as to seek help from a teacher.

“I, Qin Lunhai, will never tattle on others in my life.”

However, seeing Lu Benwei approaching step by step again, Qin Lunhai was afraid.

Gritting his teeth, he turned his head and shouted, “Help me call the teacher over!”

!!

The crowd was in an uproar. They never thought that there would be a day when Qin Lunhai would ask for help.

It was also at this moment that a female voice suddenly rang out from behind the crowd.

“Qin Lunhai, are you bullying people again?”

This voice was like ice, causing one to shiver.

The crowd turned to look at the voice, and almost everyone stopped breathing at that moment. This was especially true for the men where their hearts beat wildly.

If Chu Yan was the prettiest girl at Yanjing Hunter University, this person must be the most beautiful teacher at Yanjing Hunter University, or even the most beautiful teacher of the nine hunter universities.

She was Qin Lunhai’s sister, Qin Lianqing. At the same time, she was also the target of countless boys’ fantasies.

Every time Qin Lianqing had a class, there would be no empty seats. There would even be students from other majors who would look through the windows and admire Qin Lianqing’s elegant demeanor in class.

Qin Lianqing’s appearance brought a powerful aura. The students all made way for her.

Lu Benwei finally saw the teacher named Qin Lianqing. Her facial features were naturally beautiful, bright and moving, and peerless in beauty.

However, her appearance was very cold, and her clear eyes were like a pool of ice spring on the heavenly mountain, making people keep a respectful distance.

Qin Lianqing was wearing a teacher’s uniform. Her white shirt with black stripes was tucked into a black knee-length skirt, which set off her pear-shaped figure at a glance. The waves were surging, and the peaks were gathered.

With a pair of well-proportioned legs wrapped in black silk stockings, one’s heart and soul would be drawn in if one looked at it for another second.

Unfortunately, Qin Lianqing’s cold temperament was too powerful. It was invisible and kept people at a distance.

“Sister, please save me!”

Qin Lunhai covered her face with her hands. He suddenly got up from the ground and covered his face with his hands.

“You’re causing trouble and you still want me to save you?!” Qin Lianqing scolded him sternly.

“Have you forgotten what you promised me? Do you want me to tell Father and cut off your funding?”

As Qin Lunhai’s older sister, Qin Lianqing naturally knew what kind of person her younger brother was at school. It was not just the students who were suffering. Even many of the teachers were having a headache.

For example, if they did not want to do physical training, they would bring people to cause trouble. Another example was that if he felt that it was too dangerous to enter the secret realm for actual combat, he would spend money to find someone to replace him!

Therefore, Qin Lianqing heard many complaints from many colleagues, who asked her to control her brother.

Therefore, Qin Lianqing had to clean up Qin Lunhai’s mess.

However, at this moment, Qin Lianqing looked at Qin Lunhai and felt that something was wrong. When Qin Lunhai saw Qin Lianqing, it was as if he had seen his savior.

“Sister, you’ve wronged me. I was bullied!”

“What?”

A trace of suspicion immediately appeared on Qin Lianqing’s face. There had been many times when Qin Lunhai had pretended to be pitiful to gain her sympathy. However, when she saw Qin Lunhai slowly release his hands, a clear handprint was revealed.

Qin Lianqing could not help but frown.

“Who did this?” Qin Lianqing asked coldly.

Qin Lunhai lowered his head and did not dare to meet Qin Lianqing’s eyes.

At this time, Qin Lianqing noticed the black blood on Qin Lunhai’s lips. She could not help but frown. If his lips were injured, it would be impossible for them to show such a color.

A bad thought emerged in her mind. She suddenly reached out her hand and pinched Qin Lunhai’s cheeks to pry open his mouth.

When she saw that there were only two or three teeth left in Qin Lunhai’s mouth, Qin Lianqing’s vision turned black. Then, her body began to tremble violently, and her eyes became extremely cold.

The temperature of the surrounding air seemed to have dropped by dozens of degrees, and ice crystals even formed in the air.

Everyone in the area sneezed a few times in succession!

Other than her identity as the second princess of the Qin family, Qin Lianqing was also a powerful hunter. Her strong emotions could cause changes in her surroundings.

“Who hit Qin Lunhai?”

At this moment, she could not care less about her identity as a teacher and coldly questioned the people around her. Everyone shook their heads and took a step back.

Qin Lianqing started to look around the crowd. When everyone looked at her, they could not help but shake their heads in fear. She understood that it was not these people.

When her eyes landed on Chu Yan, Qin Lianqing was slightly stunned. She only felt that this girl was somewhat familiar. She seemed to have seen her somewhere outside the school.

Suddenly, she saw Lu Benwei beside Chu Yan. Her mind buzzed as if a bomb had exploded.

“You’re Lu Benwei? Are you the one who bullied my little brother?”

Lu Benwei looked calm and said, “I didn’t bully him, I just taught him a lesson.”

“It’s just a good one,” Qin Lianqing smiled noncommittally and answered calmly.

Qin Lunhai was gloating at Lu Benwei’s misfortune as he smiled slyly at him. He knew his sister’s personality. As long as she treated a man as her enemy, he would suffer from Qin Lianqing’s indescribable torture.

There was once an ungrateful man who had coveted Qin Lianqing’s beauty and had almost molested her. He was caught red-handed by the bodyguards at home.

The people of the Qin family gathered to discuss how to deal with this man. On the other hand, Qin Lianqing smiled lightly and said, “Leave it to me.”

Therefore, Qin Lianqing brought the man into a small dark room and tortured him. A day later, the man came out and became a completely different person. He had become Qin Lianqing’s dog and was still guarding the Qin family’s gate!

Qin Lianqing was twenty-eight years old and was not married yet. Four years ago, when she had just graduated, countless boys had proposed to her on blind dates.

With Qin Lianqing’s personality, everyone thought that she would be difficult to pursue.

However, when they thought of Qin Lianqing’s good looks and the Qin family’s status, they gritted their teeth and chose to persist.

...

However, that was not the case. As long as you had good looks and there was no big problem, Qin Lianqing would not reject you.

However, every man could only persevere for a month. They had been humiliated by Qin Lianqing verbally and even mentally. They were ordered around like dogs. As long as one did not listen, one could be whipped in public.

After the deed was done, she felt that it was not enough and even introduced those men to her little sisters so that they could humiliate the man together. Over time, fewer and fewer men came to the Qin family to propose to Qin Lianqing.

However, things were different now. Qin Lianqing had already regarded Lu Benwei as an enemy.

Qin Lunhai rubbed his hands excitedly and said slyly, "We'll have another dog in the house."
