Chapter 461 The Zhu Family's Young Master

Lu Benwei and Fan Peng walked around and came to the 22nd floor.

"Are you going to bring the dining cart or go up alone?" Fan Peng asked in a fluster, "If we go up together, it will definitely arouse suspicion."

"I'll go up myself," Lu Benwei replied.

"Alright, take care. I'll be waiting for you here."

!!

Lu Benwei went up to the 23rd floor alone. According to Fan Peng's instructions, Chu Yan was at the end of the east corridor. Lu Benwei was currently in the north.

Unfortunately, there was a wall separating him from Chu Yan's area. Lu Benwei could not break the wall with one punch.

Lu Benwei walked quickly to Chu Yan's room. Unfortunately, after turning a corner, he saw two security guards talking and laughing.

Lu Benwei lowered his hat and gathered his courage to walk past the security guard. The two security guards stopped him.

"Who are you and what are you doing here?"

Lu Benwei took a deep breath and said, "I'm here to clean up room 2301 for Miss Chu."

The two people nodded and waved their hands to let Lu Benwei in. Lu Benwei heaved a sigh of relief and walked past the two.

Suddenly, one of the security guards was stunned. "That's not right, Miss Chu said that she doesn't allow anyone to enter the room when she's not in! Miss Chu just left the room!"

Lu Benwei's heart skipped a beat when he heard this.

"Stop right there!" the two security guards shouted coldly and chased after Lu Benwei.

Lu Benwei pretended not to hear her and quickened his pace.

"Chase!"

Thus, the three of them began their pursuit.

Lu Benwei really wanted to knock out the two security guards, but he could not. There were cameras all around and their every move was monitored, otherwise, more security guards would come.

The two security guards were not fast either.

The people who stayed here were all the dignitaries of the Dragon Kingdom. If he acted rashly and caused their dissatisfaction, he might be severely punished.

The two chased to the east and after a turn, Lu Benwei was forced into a dead end.

Lu Benwei felt despair. Chu Yan's room was very close, but he could not enter.

"Chu Yan is not in the room, what should we do now?"

While Lu Benwei was hesitating, the two security guards caught up.

"I told you to stop, did you not hear me?" One of the security guards lowered his voice, but his tone was very angry.

Just then, the door of room 2303, which was next to room 2301, opened.

"What are you guys doing? Why are you so noisy?"

Lu Benwei's pupils immediately widened!

It was the young lady of the Qin family, Qin Lianqing. She was wearing a fiery red spaghetti strap dress, which added a hint of heat to her usual cold temperament. Her long, fair legs were exposed, and there were still drops of water sliding down them.

One look and one could tell that she had just taken a shower. Her chest was faintly visible under the low neckline, and at a glance, they exuded a soul-stirring charm.

"Miss Qin, we found a suspicious person," the two security guards said, not daring to look at her directly.

Qin Lianqing also noticed Lu Benwei and glanced at him.

Lu Benwei's heart skipped a beat. He thought to himself, 'This woman wouldn't be waiting for an opportunity to take revenge, right?'

Yesterday, he had pulled her into his arms and given her a good beating. Who knew, he might take the opportunity to take revenge today.

"Why did you take so long?" Qin Lianqing finally spoke.

Everyone was stunned.

Qin Lianqing's meaning was very obvious. She was the one who called this "waiter".

Lu Benwei reacted quickly and bowed. "I'm sorry, Miss Qin, there are too many people in the elevator."

Qin Lianqing rolled his eyes at him and said coldly, "Come in,"

"Oh," Lu Benwei replied and followed Qin Lianqing into the room.

The two security guards looked at each other, shrugged, and returned to their original positions.

...

Qin Lianqing's room was very big and messy.

Bedsheets and pillows were thrown all over the floor, and the empty mineral water bottle was burning next to the trash can.

The tap was still on in the bathroom, and the hot water was flowing. The whole room was filled with a damp atmosphere.

The black lace underwear that had just been washed was placed on the clothes rack, and water droplets kept dripping down, making the hotel carpet wet.

Lu Benwei thought, 'This woman was really bold. She dared to go out without wearing her underwear.'

"What are you looking at? I'm going to gouge out your eyes!"

Qin Lianqing sat on the edge of the bed. Her tall, moist, and well-proportioned legs were exposed and crossed back and forth. The jade toes on her two pairs of lotus feet were constantly arched as if she was sending an alluring invitation to Lu Benwei.

"Why are you helping me?" Lu Benwei asked calmly.

"I'm just interested in you." Qin Lianqing sneered.

Before Lu Benwei could speak, she continued, "I didn't expect the girl who beat up my brother with you yesterday to be the daughter of Commander Chu. The world sure is wonderful."

"You know everything?" Lu Benwei frowned.

"That's right! Commander Chu is trapped on the battlefield. He's asking the Dragon Kingdom and the eight great families for help. Although my Qin family isn't one of the eight great families, we're still quite well-informed. We suddenly received news that the Zhu family's eldest young master was going to get engaged, so we checked it out of curiosity."

...

The eight great families were the most powerful in the Dragon Kingdom! The Zhu family was one of them.

Lu Benwei also found out about Chu Tianxiong's imprisonment through Chen Yuan.

After the incident in Canglong City, the Dragon Kingdom officials were furious! They had to find out that the God Welcoming Association was the one causing trouble, and the mastermind behind the God Welcoming Association was one of the three great royal families.

The Dragon Kingdom and the eight great families had discussed and decided to send out their respective forces' armies to take advantage of the royal family's defeat and low morale to destroy them.

The Furious Dragon Legion was within the Dragon Kingdom's official sphere of influence. Together with the army of the eight great families, they went on a campaign against the royal family!

Unfortunately, the eight families' army had retreated in the middle of the battle, which trapped the Furious Dragon Legion.

The eight great families clearly wanted to use the royal monster clan to get rid of the Furious Dragon Legion. Moreover, they wanted to take the last bit of value of the Furious Dragon Legion, so they set their sights on Chu Yan.

Thinking of this, Lu Benwei unconsciously clenched his fists and his bloodline power surged. The entire room rumbled.

Qin Lianqing's expression changed drastically. "I say, little man. Don't flip out here. I don't want to be buried with you!"

Lu Benwei recovered and gradually calmed down.

"I say, little man, give up!"

...

At this moment, Qin Lianqing was extremely charming. As she moved her legs, her fair skin rippled like water.

"You want me to give up? Impossible!"

Lu Benwei sneered.

Qin Lianqing also responded with a sneer. "This is the collective will of the eight great families. How can a commoner like you resist them? Not to mention the level-90 powerhouses from the eight families came to attend the birthday banquet today. You can't even deal with Young Master Zhu who stole your little lover!"

Chapter 462 Sneak In

It had to be said at this moment, Lu Benwei was slightly interested in this young master of the Zhu family.

Qin Lianqing revealed a cold smile and said, "Are you afraid of him?"

Lu Benwei smiled.

"From the moment he decided to marry Chu Yan, he was destined to be a stepping stone on my path."

!!

As soon as he finished speaking, the thunderous sound of firecrackers rang out outside the building.

At the same time, many people appeared in the corridor, making it very noisy.

"What's going on?" Lu Benwei asked.

"The birthday banquet has started? It's time to greet Old Master Zhu," Qin Lianqing said.

After a pause, she suddenly stood up. "Alright, I'm going now. You're on your own."

Then, she directly walked past Lu Benwei and was ready to leave the room.

Lu Benwei pulled her into his arms, grabbed Qin Lianqing's neck, and pressed her down on the bed.

"You... What do you want?" Qin Lianqing asked. There was a little expectation in her frightened eyes.

"Don't go out yet, answer a few more questions!"

Qin Lianqing was pressed under Lu Benwei's body. Her body was as soft as snow as if he was stepping on the clouds.

Under the thin clothes, both could feel each other's burning heartbeats.

"What if I don't cooperate with you?"

Qin Lianqing sneered and provoked Lu Benwei.

"You can try!"

Lu Benwei flipped Qin Lianqing's body over, one hand clasping her hands behind her back and the other leg pressing on her thigh. So easily subduing such a beauty.

"You... What are you doing?"

Lu Benwei's eyes were sharp. Under this gaze, Qin Lianqing seemed to have shed all his pretense.

"There are people outside now. Aren't you afraid that my screams will attract them?"

Qin Lianqing was a little frightened, but he was also a little hopeful. Everything that happened yesterday seemed to be vivid in his mind.

"You seem to be very excited?"

Lu Benwei suddenly had a trace of doubt.

"Get lost! You're the excited one!"

Qin Lianqing cursed angrily and suddenly broke free from Lu Benwei's restraint. She raised her leg high and aimed at Lu Benwei's vital point.

Lu Benwei quickly grabbed Qin Lianqing.

"Is your skin itchy again?"

"Slap!"

After feeling Qin Lianqing's amazing elasticity, Lu Benwei asked again, "At the banquet, how many level 70, 80, and 90 powerhouses are there?"

After being slapped by Lu Benwei, Qin Lianqing became more obedient and no longer resisted. However, she could only answer Lu Benwei's question, "This... How would I know?"

Lu Benwei was stunned. After asking a few more questions, he let go of Qin Lianqing.

Qin Lianqing was in a daze. She flipped his long, messy hair and said, "Little man, do you really want to stir up this situation?"

Lu Benwei did not answer her and prepared to leave the room. Qin Lianqing's eyes revealed a trace of disappointment and his heart felt slow.

"Then take care. Thank you!"

"Little man, do you want to go to Chu Yan's room to take a look?" Qin Lianqing suddenly said.

Lu Benwei was stunned for a moment and then turned his head.

Qin Lianqing pointed outside the window and said, "With your strength, it shouldn't be a problem for you to enter Chu Yan's room from my place."

Lu Benwei thought for a while and nodded.

Qin Lianqing's room and Chu Yan's room were only separated by a wall. As she had said, it was not difficult to enter from the window.

The window in Chu Yan's room was not closed as if she had already expected Lu Benwei to come. The room was very clean. Other than a pulled chair and an open tap, there were no signs of use.

On the door, there were two shoe prints. It must be Chu Yan's silent way of resistance.

Lu Benwei activated the Eye of Insight and tried to find traces of clues in the room. Time suddenly turned back and Lu Benwei saw Chu Yan's figure in the room.

"Chu Yan?"

Lu Benwei's voice was hoarse and he wanted to touch her. However, everything was just an illusion.

Chu Yan's shadow was locked in this room. She paced back and forth in the room. She kept looking at the messages on her phone.

With every notification, she would eagerly open it to take a look. It was not until Lu Benwei called that Chu Yan took a break.

Before she left, she left a string of things under her pillow. Lu Benwei walked over and moved the pillow away.

It was a bracelet. Chu Yan had been wearing it ever since Lu Benwei saw her. It seemed to be extremely precious to her.

Lu Benwei gently put it in his palm and Chu Yan's voice seemed to ring in his ears.

"Annoying fellow, help me take care of it. If you dare to lose it, I'll beat you up!"

Chu Yan waved her fist and threatened Lu Benwei.

"It's really clean."

...

Qin Lianqing sneaked in without anyone noticing.

Lu Benwei carefully put away the bracelet and asked, "Why are you here?"

Qin Lianqing rolled his eyes. "Little man," she said, "I'm here to ask you to go back. Have you forgotten your identity when you entered my room?"

Lu Benwei was stunned. He was currently a waiter.

A waiter entered the Qin family's eldest daughter's room and then left Chu Yan's room. It would be a surprise if the hotel security did not blow up!

"Thanks for the reminder!" Lu Benwei expressed his gratitude.

"Little man, if you really want to thank me, promise me that you won't go and die, okay?"

Lu Benwei did not answer and turned to open Qin Lianqing's door.

A group of people stood at the door, most of them middle-aged men and women. When they saw Lu Benwei come out, their eyes flashed with a strange look.

"Who are you?"

Lu Benwei slightly bowed.

...

"I'm the hotel's waiter. I'm here to deliver something to Miss Qin."

The leader was a middle-aged man with an aquiline nose and sharp eyes.

"What's the thing you deliver that you need to stay in there for so long?"

Lu Benwei was stunned.

The Qin family's people immediately became suspicious when they saw this.

At this moment, Qin Lianqing came out with a hairdryer in his hand.

"The rules of your hotel are too rigid," she said coldly.

Lu Benwei lowered his head and said, "I'll inform my manager when I get back."

"Lianqing, who's this person?" a middle-aged woman asked.

"Is there a need to ask? He's a hotel waiter." Qin Lianqing rolled her eyes.

"Why is a waiter in your room?"

"He sent me a hairdryer," Qin Lianqing answered casually.

"Do you want to return the hairdryer after delivering it?" The hook-nosed middle-aged man asked again, his expression was cold.

"Tsk, how would I know? Are the rules of this hotel so rigid?"

"I'm sorry, this is our hotel's rule." Lu Benwei smiled.

"Alright, alright, get lost. I get angry just by looking at you." Qin Lianqing scolded coldly.

Chapter 463 The Banquet Begins

Lu Benwei nodded and turned to leave.

"Wait!" The hook-nosed middle-aged man shouted at Lu Benwei.

He walked forward step by step, and with every step he took, he exuded a majestic aura that was like a mountain.

“You two, do you think I’m easy to fool? I’ve never heard of a hotel waiter who can stay in a guest’s room for so long,” said the middle-aged man with a serious face.

!!

As soon as he finished speaking, the atmosphere instantly became very heavy.

The Qin family looked at Lu Benwei angrily as if they wanted to see through him.

Lu Benwei saw that things were not good and prepared to escape.

“Alright, alright!” Qin Lianqing shouted impatiently, “I’ll admit it, okay? This is my boyfriend. His name is Lu Mou.”

As she spoke, she walked past the middle-aged man and held Lu Benwei’s arm.

The people of the Qin family were all surprised. The hook-nosed middle-aged man’s face was even more uncertain.

Qin Lianqing was the pearl of the Qin family. She had reached the age where she should get married.

By right, since Qin Lianqing had a boyfriend, the middle-aged man with the hook nose, as his father, should be happy.

However, at this moment, he felt as if the cabbage he had raised with great difficulty had been eaten by a pig. Moreover, this boy seemed to be a little too young.

“Lianqing, how old is your boyfriend?”

“Eighteen,” Qin Lianqing answered casually.

The Qin family’s faces all changed color. Eighteen years old. Qin Lianqing was ten years older than the boy.

“Lianqing, what on earth did you think of?”

The middle-aged woman did not care about Lu Benwei’s presence and scolded her.

“Alright, alright. You’re just a little younger than Lianqing, right? It’s good to be young. You’re young and full of vigor!”

A few people from the Qin family joined in the fun and joked.

The middle-aged woman was helpless, and her head was about to explode. The hook-nosed middle-aged man also had a headache.

At this time, Qin Lianqing stepped on Lu Benwei’s foot and said, “Don’t just stand there, say something!”

“Oh,” Lu Benwei said, “Uncle, Aunty, don’t worry. I’ll take good care of Lianqing!”

Everyone was stunned by his words.

The middle-aged man with the hook nose let out a breath of air. "Since you're Lianqing's boyfriend, then come to the banquet with me."

The others looked like they were watching a show and did not mind it being a big deal. They were extremely happy.

Qin Lianqing's mother glared at Lu Benwei and said, "The Zhu family is the one who organized this banquet. They're not ordinary people. You better take it easy."

Therefore, Lu Benwei pretended to be Qin Lianqing's boyfriend and sneaked into the Zhu family's birthday party.

...

The banquet had already started.

The three mahogany tables at the entrance were filled with birthday gifts. Upon a closer look, the ten thousand taels of gold were all pressed at the bottom.

There were all kinds of people in the banquet hall, all dressed in luxurious clothes. They were all influential people in Dragon City or even the Dragon Kingdom.

The Qin family was an aristocratic family after all, so they were arranged to sit at a table in the middle.

The big stage in front was decorated with lights. Below the stage, a group of men and women with extraordinary temperaments were talking about big things.

From time to time, there would be people who wanted to get close to them, but they were pulled back by the security guards. Only those who were as respected as them had the right to talk to them.

Qin Lianqing leaned over to Lu Benwei's ear and whispered, "The people in front are from the eight great families. They think that their farts are fragrant. Even in our family, other than my father and a few uncles, no one else is qualified to talk to them."

"Lianqing, don't talk nonsense!"

Qin Lianqing's mother hit her with her chopsticks.

At this moment, several elders of the Qin family came back from the front. Their faces were red, and they were talking and laughing. It was obvious that he had improved his relationship with the eight great families.

Qin Lianqing leaned over to Lu Benwei's ear and said, "Just listen to me. Even a fart from the eight great families is fragrant."

Her words were naturally heard by the Qin family's elders who had returned.

"Qingqing, how can you say that?"

The middle-aged man with a hook nose, who was also the master of the Qin family, chided Qin Lianqing with a smile.

Qin Lianqing stuck out her tongue in embarrassment.

Then, the Qin family head asked again, "Oh right, Little Lu, where do you live? What does your family do?"

As soon as he said this, the table became quiet. Everyone was looking forward to Lu Benwei's answer.

As the saying goes, you can't judge a book by its cover.

If this young man was also the son of an influential family, this marriage was not out of the question.

Lu Benwei smiled and politely replied, "Uncle Qin, I'm from Green Spirit City in Hai province. My parents are only civil servants."

The light in everyone's eyes dimmed when they heard this. The red glow on the Qin family head's face also disappeared and he did not say anything. Everyone scoffed. In the end, he was just a pretty boy.

Lu Benwei let out a breath and sat quietly at the table.

Not long after, the greeters at the door shouted, "Hosts and guests, please welcome Old Master Zhu!"

In an instant, everyone stood up with a whoosh. Lu Benwei was also stunned for a moment, then stood up with everyone.

At the main entrance, a group of men and women in luxurious clothes with extraordinary temperament, old and young, pushed the old master of the Zhu family in a wheelchair and entered the hall under the gaze of the crowd.

...

The greeters at the door suddenly said loudly, "Wishing Old Master Zhu a hundred years..."

The crowd followed suit and cheered loudly.

The people at the back of the banquet hall worked the hardest, trying to get a trace of attention from the Zhu family by shouting their congratulations.

Lu Benwei looked at the Zhu family's people, and one of them caught his attention. He was about the same age as Lu Benwei, and his skin was fair, and his eyes were full of spirit. He was wearing a set of loose casual clothes and had a frivolous look.

The next second, Lu Benwei was slightly stunned and his body trembled. Chu Yan, wearing a fiery red dress, was among them.

She was about 1.7 meters tall, her skin was smooth and her eyes were like water. Although she was a little careless at times, she was a goddess among goddesses when she was quiet at this moment. Her temperament was like an orchid in an empty valley, incompatible with the impetuous atmosphere at the moment.

Quite a few people noticed her. At first glance, they were attracted to her.

She walked slowly and gracefully, like a fairy from a painting slowly walking into reality. After a glance, people reluctantly looked away. One more look would be blasphemy against beauty.

It was after this that Chu Yan became the focus of the audience.

Chu Yan noticed Lu Benwei when she passed by his table. She was slightly startled, revealing a trace of joy and worry.

Lu Benwei nodded slightly and whispered, "I'm here."

Chapter 464 The Zhu Family's Pride

Chu Yan's beautiful eyes were shining with joy. However, the next second, the light in her eyes began to dim. Chu Yan's red lips opened slightly, and she slowly spat out a few words.

Lu Benwei understood these words. He was stunned for a moment before he clenched his fist and tried to move forward.

Suddenly, Qin Lianqing reached out and grabbed Lu Benwei's wrist.

"You don't want to," Qin Lianqing shook her head and said softly.

At the end of the Zhu family's group, there were two men and a woman. Each of them had sharp eyes and an imposing appearance, exuding the aura of an expert from within.

Lu Benwei activated the Eye of Insight and the information about the three people appeared in his mind.

[Name: Zhu Haixiao]

[Level: 86]

[Class:...]

...

[Name: Zhu Haixiong]

[Level: 89]

...

[Name: Zhu Haixian]

[Level: 91]

[Class:...]

Lu Benwei was stunned when he saw the woman's level. In his heart, he was secretly glad that he did not make a move just now.

A level-90 king could create clouds and rain with a flip of his hand. In the blink of an eye, he could destroy mountains and break seas!

"The eight great families indeed have a strong foundation! There are so many experts in the family!"

At this time, Zhu Haixian, who was in the Zhu family's team, suddenly turned around and locked her eyes on Lu Benwei.

In an instant, everyone behind him was stunned. An inexplicable chill caused goosebumps to appear all over their bodies.

“Whoosh!”

Zhu Haixian appeared in front of Lu Benwei.

Everyone was stunned at this moment, not understanding what this king tier of the Zhu family was up to.

“Did you just use an inspection skill to check me out?” Zhu Haixian said coldly.

“Yes, I did!” Lu Benwei knew that he could not hide it, so he confessed.

At this moment, the Qin family’s people’s faces turned green as they complained in their hearts.

The middle-aged man with a hooked nose, Qin Lianqing’s father, who was also the head of the Qin family, quickly stood up and drew a line with Lu Benwei.

“General Haixian, this kid is my daughter’s boyfriend...”

“So, he’s your son-in-law?” Zhu Haixian’s eyes were cold.

“This...” the Qin family head was speechless.

“What’s wrong, Aunt?”

The boy, whose skin was as pale as paper and who seemed a little cynical, walked over.

Lu Benwei’s eyes turned cold. He thought to himself, “Is this the Zhu family’s pride?”

The gazes of everyone in the hall were also focused on the situation over here. The Wang family was the same.

Seeing Lu Benwei, everyone frowned and felt that this person was a bit familiar.

If Wang Qiaochu was here, he would tell the Wang family, “This person is Lu Benwei who’s with Chu Yan every day!”

Fortunately, Wang Qiaochu was not in the banquet hall, so he did not know what was going on.

“This brat is very disrespectful, he used an inspection skill on me,” Zhu Haixian said.

At this moment, the Qin family’s faces turned green.

The Qin family head’s voice was trembling. “General Haixian, this person is...”

“Does that mean that the son-in-law of the Qin family is not a member of the Qin family?” Zhu Haixian interrupted coldly.

“Hmph!” Qin Lianqing snorted coldly. “You’re a general. You won’t even let such a small matter go?”

“Lianqing!” Qin Lianqing’s mother hurriedly shouted.

“Mom, did I say something wrong?” Qin Lianqing was very brave. She criticized Zhu Haixian in front of everyone.

“Moreover, what did Lu Mou do wrong in this matter? Is it against the law to openly use an inspection skill on someone? Do you want to pay with your life?”

Everyone’s expression changed. Using an insight skill to spy on another person was indeed nothing. Curiosity was something that everyone had. Moreover, there were many people in the crowd who had used their inspection skills.

If they continued to pursue this matter, they would be found out sooner or later. Therefore, no one stood up to blame Lu Benwei.

Seeing Qin Lianqing facing Zhu Haixian, Lu Benwei did not hesitate to pull the entire Qin family to help him out.

“General Haixian, I was insensible and offended you,” he said with a cupped fist, “Please forgive me.”

The frivolous boy at the side said, “Aunt, let it go. Today is Grandfather’s birthday. Blood will be the last thing we want to see. Besides, I saw a lot of people acting like this brother just now. Is Aunt going to settle scores with them one by one?”

Zhu Haixian glanced at Lu Benwei coldly and said, “If you dare to be disrespectful to the Zhu family again, I’ll gouge your eyes out!”

The storm was finally over.

After Lu Benwei sat down, he asked Qin Lianqing, “Who was that boy just now?”

...

Qin Lianqing rolled his eyes and said sullenly, “I just took such a big risk, and the first thing you did after sitting down was not to thank me?”

“Thank you,” Lu Benwei said dryly, then asked, “Can you tell me now?”

“A dog’s mouth can’t spit out ivory.” Qin Lianqing rolled her eyes.

“Don’t worry, the Zhu family’s young master didn’t come today.”

“He didn’t come?”

“He’s still in closed-door cultivation! It’s said that the karma and opportunities he obtained are too huge. He needs to go into seclusion to digest them.”

Lu Benwei nodded. Just from the name, one could tell how extraordinary this secret realm was. Moreover, only the disciples of the eight great families were allowed to enter. Every bit of karma and opportunity that one could obtain from it was extremely precious and worth studying.

“Then, who’s that boy?” Lu Benwei asked again.

“He’s the younger brother of the Zhu family,” Qin Lianqing said impatiently.

Lu Benwei understood and no longer spoke.

Suddenly, a discordant voice came and pointed at Lu Benwei.

...

“Lianqing, who’s your boyfriend? Why hasn’t he given us an explanation?” The man who spoke was the fourth master of the Qin family, Qin Lianqing’s uncle.

“What kind of explanation do you want?” Of course, Qin Lianqing knew that her uncle was still brooding over what had just happened.

“Your pretty boy offended the Zhu family just now. Shouldn’t you give us an explanation?” Qin Lianqing’s uncle was flustered and exasperated.

“Didn’t the Zhu family not pursue the matter? Why are you guys still so hung up on this?”

Qin Lianqing glanced at every member of the Qin family. They either glared at Lu Benwei angrily or looked at him contemptuously.

So she sneered in her heart and said, “As expected, even a fart from the eight great families will smell good to you. The Zhu family has already stopped pursuing Lu Mou. What else do you want?”

Qin Lianqing’s mother frowned and tried to persuade her. “Daughter, it’s true that the Zhu family won’t pursue this matter, but this matter is like a nail that has been stabbed into their hearts. In the future, if our family needs the Zhu family’s help, we’ll have to pay a huge price!”

“Then what do you guys want to do?” Qin Lianqing sneered.

“After the banquet, get your pretty boy to kowtow to the Zhu family and apologize for his offense!” Qin Lianqing’s uncle said, “And clarify that his actions have nothing to do with the Qin family! Apologize to the Zhu family first, then apologize to us!”

Chapter 465 Dispute

“Apologize to the Zhu family first, and then apologize to the Qin family?”

Lu Benwei heard this and smiled.

“You guys really talk big!”

The Qin family’s expressions changed.

Seeing the sly smile on Lu Benwei’s face, everyone’s heart started to get cold.

Lu Benwei’s voice gradually rose and would eventually attract everyone’s attention.

If the dispute affected Old Master Zhu’s birthday, they could not afford to bear the responsibility. Lu Benwei was going to drag the entire Qin family down!

“Cough, cough...”

The Qin family head cleared his throat and said, “Let’s all stop for a while. No matter what, Lu Mou is still Lianqing’s boyfriend. Since he’s our future family, we should stand by him. Let’s just let this matter pass.”

The Qin family head was not the head of the family in vain, his way of speaking was quite smooth.

'Our future family!'

He could stabilize the situation, but he did not make any promises.

Lu Benwei stopped and did not say anything more.

Qin Lianqing's uncle snorted and turned his head away, no longer looking at Lu Benwei.

Not long after, the host on stage began to host the birthday banquet of the Zhu family's elder.

The head of the Zhu family, Zhu Haitian, was glowing with health as he went on stage to give a speech.

"I'm very happy that all my friends can attend my father's 100th birthday banquet..."

He jabbered on and on, all of which were well-prepared pleasantries.

Lu Benwei closed his eyes, and no one knew what he was thinking. Suddenly, he opened his eyes.

Qin Lianqing kept poking his waist with her elbow.

"What's wrong?" Lu Benwei asked.

"What do you plan to do later? Are you snatching his future daughter-in-law away in front of the Zhu family?"

Lu Benwei had already made this decision and nodded without hesitation.

Qin Lianqing was slightly stunned. She let out a breath. "You must think about it carefully. You will not only be facing the Zhu family later. Other than the three powerhouses from the Zhu family, there are still the eight great families. They can't just stand by and watch. Also, many people here want to curry favor with the Zhu family, so they will be eager to teach you a lesson."

"I've already thought about all of this." Lu Benwei patted the back of Qin Lianqing's hand, "Don't worry. I'm going to fight later. No matter what, you have to take the Qin family and leave this place."

Qin Lianqing looked at Lu Benwei with disdain. "What's wrong? Are you going to blow this place up?"

"Maybe." Lu Benwei did not admit or deny it.

"Tsk!"

Qin Lianqing snorted and rolled her eyes. "There are so many experts here, do you think you can succeed? Don't get yourself killed before you can save Chu Yan."

"I know what I'm doing," Lu Benwei said lightly, "I can't watch Chu Yan lose herself..."

Hearing this, Qin Lianqing was instantly interested. "Then tell me, how did you fall in love with Chu Yan? Let me hear about the love of young people nowadays."

"I don't know." Lu Benwei shook his head.

"Maybe it's the first time I saw her."

Qin Lianqing's beautiful eyes blinked. Then, she smiled and revealed her white teeth, which was rare.

“As expected of a young man, lustful at the sight of a beauty.”

Lu Benwei was stunned for a moment before he denied it. “There’s no such thing.”

Qin Lianqing rolled his eyes. “Why not? Didn’t you say it was love at first sight?”

“But isn’t love at first sight the same as falling in love at first sight?”

Lu Benwei’s eyes twitched, and he smiled bitterly in his heart.

To tell the truth. He really did not know how he had fallen for Chu Yan. From the day he met Chu Yan, Lu Benwei’s life had an extra quirky girl.

She would mysteriously appear, help Lu Benwei solve problems, and sometimes cause trouble. However, he never blamed her.

No matter how bad your mood was, the moment you saw her and heard her rude words, all your worries would disappear.

Lu Benwei still remembered that afternoon when he extended an invitation to her while facing the setting sun.

The afterglow shone on her. Every line of her body was youthful and smooth, and every inch of her skin was as warm as jade.

Lu Benwei’s heart was not tempted or itching. From then on, Chu Yan appeared in Lu Benwei’s world.

From then on, every night before going to bed, Lu Benwei would receive Chu Yan’s good night, including the morning sun, the breeze at noon, and the evening glow.

“Little man, why aren’t you saying anything?”

Qin Lianqing interrupted Lu Benwei’s thoughts.

“It’s nothing,” Lu Benwei replied casually.

At this moment, the banquet began to serve the dishes. However, before the Zhu family had finished speaking, no one dared to move their chopsticks.

There were a few children in front. When they heard the rumbling of their stomachs, they clumsily picked up their chopsticks and picked up the dishes they liked to eat.

Lu Benwei’s table also had a few dishes.

The purpose of his visit was not to have a feast, plus he had a conflict with the Qin family, so he naturally would not eat.

At this moment, a strong waiter accidentally bumped into him.

...

“I’m sorry, I’m sorry!” the waiter said.

“It doesn’t matter,” Lu Benwei said lightly.

The attendant apologized again and again before leaving.

Then, Lu Benwei opened the note the waiter secretly handed him.

“Let’s go! Gan Yan and I have already made the necessary preparations.”

After receiving the news from Fan Peng and Gan Yan, Lu Benwei glanced at Fan Peng and secretly nodded. Then, he crumpled the note into a ball.

At this moment, the Zhu family’s head on the stage suddenly said excitedly, “Today, the Zhu family has another piece of good news to announce to everyone.”

As soon as these words came out, the crowd below the stage immediately moved and discussed animatedly.

However, there were a few families who were in the know who were rather calm. For example, the eight great families, and the Wang family, who acted as matchmakers.

“Before that, I have to thank the Wang family. They helped our Zhu family build a bridge and created a golden fate! My son, Zhu Gonghua, is going to marry the beloved daughter of Chu Tianxiong, the commander of the Furious Dragon Legion!

The atmosphere of the entire place instantly became heated.

...

Getting married to Chu Tianxiong’s beloved daughter?!

“They are indeed a match made in heaven. I heard that Chu Tianxiong’s daughter is also a first-class beauty. To marry Young Master Zhu, it can be said that a hero and a beauty are a match!”

“That’s right. Young Master Zhu has obtained a great opportunity in the secret realm. He’ll be the future of the Dragon Kingdom. I heard that Chu Tianxiong’s daughter is also a first-class heaven’s favorite.”

“The combination of the two is definitely a great story!”

Chapter 466 I’m Here for You

While some people congratulated him, some were suspicious.

“I remember Captain Chu... Isn’t he still in the foreign battleground?”

“That’s right. His daughter’s engagement is such a big event, but he didn’t even come.”

“Could there be some unspeakable secret behind this?”

!!

Everyone was whispering, and the atmosphere in the banquet hall was very subtle.

Some people naturally knew the inside story, but this was a joint decision of the eight great families, so they did not dare to rashly comment.

Zhu Haitian, the head of the Zhu family, cleared his throat through the microphone. The banquet hall immediately fell silent.

Looking at this scene, Zhu Haitian said, "My son and leader Chu's daughter's love is a match made in heaven. They are free to love each other. Everyone's unrealistic speculations can be put to an end here. Today is my father's birthday and my son's engagement. It's a double blessing. The Zhu family has always been open-minded. I'll pretend that I didn't hear those unlucky words just now."

At this time, Qin Lianqing, who was below the stage, quietly spat, "You're so open-minded. Don't you blush when you say that?"

On the stage, Zhu Haitian continued to "threaten" the crowd. "If you hear those disheartening words again, don't blame the Zhu family for being impolite."

Everyone broke out in cold sweats.

"Since it's free love, then we have nothing to say."

"The marriage between the Zhu and Chu families is a wonderful thing."

Many people stood up and went forward to congratulate Zhu Haitian and Chu Yan.

"Then I wish Young Master Zhu and Miss Chu a happy marriage!"

Lu Benwei also followed these people. When the Qin family members saw this scene, they were all stunned.

"Little man, what are you doing? Don't be rash! Shut up!" Qin Lianqing shouted in a panic.

When the Qin family members saw this, they immediately had a bad feeling.

"Lianqing, what's your boyfriend doing? Is that a place he can go to?" the crowd hurriedly shouted.

A member of the Qin family tried to stop him, but Lu Benwei knocked him to the ground.

The Qin family was stunned once again. The head of the family's expression was very cold. "Qin Lianqing, what's your boyfriend doing? Go and stop him."

At this moment, Qin Lianqing's lips curled up slightly and he smiled like a flower. "You mean him?"

"He's going to snatch the bride!"

The people of the Qin family all opened their mouths wide.

"Snatch the bride?!"

For a moment, their minds exploded with a buzz. The amount of information was a little too much for them to react in time.

Kidnapping the bride?

Was Lu Mou not Qin Lianqing's boyfriend? Why was he snatching the bride?

Qin Lianqing chuckled. "It's very simple. His name is not Lu Mou. He's not my boyfriend either. He's called Lu Benwei."

As soon as she finished speaking, a figure flew out from the front and fell straight behind with a bang.

The pupils of the Qin family's people suddenly shrank. That person was an expert from the Wang family, and his strength was very impressive. Who was it that could send him flying without a sound?

"Lu Benwei, you're presumptuous!"

In the Wang family's seats, the head of the Wang family, Wang Yuanzhen, who was also Wang Jiaochu's father, suddenly stood up and pointed at Lu Benwei.

Lu Benwei sneered.

"I didn't expect that the Wang family had put in so much effort and was full of lies just to sit in this position."

With the Wang family's influence, it was impossible for the Wang family to get the VIP seats at the front. However, they had used lies to deceive Chu Yan to come here and built a connection with the Zhu family, so that they were qualified to sit here.

"What's the use of it? Isn't it just a dog that guards the door?"

The area where the Wang family was located was coincidentally at the junction of the VIP area.

It was not an exaggeration to say that he was guarding the door. The commotion had already attracted everyone's attention.

Zhu Haitian, the head of the Zhu family, frowned at the sudden change and asked, "Wang Yuanzhen, what's going on? Who's this kid?"

At this moment, he still did not know the entire picture. In addition, the Wang family was considered half a matchmaker for the Zhu family, so they had to ask first before making a decision.

"Brother Haitian, this kid is Lu Benwei?"

Zhu Haitian was slightly stunned. His gaze gradually turned sinister.

Except for the eight great families and a few members of the Wang family, the rest of the families did not know the inside story of the engagement between Young Master Zhu and Chu Yan.

Otherwise, if the world knew about it, they would be criticized. Therefore, the Zhu family guarded it strictly. However, he did not account for Lu Benwei.

Before discussing with the Wang family, Zhu Haitian had already learned about Lu Benwei from Wang Yuanzhen.

Although Lu Benwei and Chu Yan did not express their relationship to each other, they were like a couple in the eyes of outsiders. Lu Benwei's appearance here was a big variable!

"You're looking for death by causing trouble at my Zhu family's banquet! Zhang Qunxing, take him down!"

Zhang Qunxing was the head of the Zhu family's bodyguards, and his strength was not ordinary.

"Yes!"

After responding, Zhang Qunxing suddenly appeared in front of Lu Benwei. The muscles on his body tightened, and his eyes revealed endless killing intent!

"I'll give you three seconds to cut off your arm and then kneel in front of the old man to apologize!"

Just as he finished speaking, Lu Benwei threw a punch and Zhang Qunxing was sent flying, his bones broken. He was only a level-60 assassin.

Although Lu Benwei was currently level 55, his four-dimensional attributes had long reached a terrifying level! Under normal circumstances, dealing with a level-60 powerhouse with a flip of his hand would not be a problem.

...

"You're looking for death!"

Several bodyguards came out and surrounded Lu Benwei.

"Pa pa pa!"

After a few slaps, the Zhu family's bodyguards flew out one after another, and their skulls were half broken.

"No wonder you dare to provoke the Zhu family!"

Many people in the banquet hall gasped when they saw this scene!

This kid who suddenly appeared looked like he was only twenty years old, but he could defeat so many level-50 to -60 powerhouses as if he was stepping on ants!

On the other hand, the eight great families appeared to be extremely apathetic. A cold smile hung on the corners of their mouths.

"I remember who this kid is."

"Is he the champion of this year's National Class Tournament?"

"I think it's him."

...

Apart from the Zhu family, the remaining seven families sat in their seats, only a few steps away from Lu Benwei.

They were very calm and composed as if they were watching a play to pass the time after a meal.

Chu Yan sat in the Zhu family's seat, her makeup wet with tears.

"Don't! Didn't I tell you to leave?"

The people from the seven great families were all ridiculing him.

“Yo, the little kitty is crying.”

“She saw her sweetheart coming to save her!”

After Lu Benwei finished off the last bodyguard, he let out a breath. He shifted his gaze and saw Chu Yan crying.

“I’ve come for you! Today, as long as you say the word, no one can force you to get engaged!”

Chapter 467 Bloody Battle of Level 80!

Everyone was in an uproar.

The brat who had suddenly appeared was closely related to the Zhu family’s fiancée.

Zhu Haitian was furious. The muscles under the corner of his eyes twitched slightly.

“Lu Benwei, you offended my Zhu family, do you know your crime?”

“I don’t know what crime I’ve committed!” Lu Benwei said coldly, “But I know that it’s also a crime to marry against someone’s will!”

“How audacious!”

The members of the Zhu family were all furious!

The level-90 expert of the Zhu family, Zhu Haixian, said coldly, “For more than a hundred years, no one has ever dared to disobey the Zhu family!”

Then, she stood up and was about to kill Lu Benwei!

“Second sister, do you really need a butcher’s knife to kill a chicken?” one of them shouted at Zhu Haixian and stood up.

This person was the Zhu family’s level-86 powerhouse, Zhu Haixiao.

The surrounding spectators all retreated. A level-80 powerhouse could destroy the heavens and earth with a single angry blow!

At the same time, many people looked at Lu Benwei with ridicule.

Even if you were a heaven’s pride expert, in front of the absolute difference in strength, you were as small as an ant.

Zhu Haixiao strode over to Lu Benwei and rushed over to her.

A huge phantom of a barbarian snake with wings on its back appeared. Its huge mouth opened as if it could swallow the world.

“It’s the flying snake!”

“The Zhu family’s totem!”

“Zhu Haixiao used the power of her bloodline to kill this brat!”

Lu Benwei was fearless, and his eyes were cold! In the next second, Lucifer's Bloodline and the Holy Key Sage's bloodline surged together, and the chaotic light covered the sky and drowned everyone!

"It's an origin-level bloodline!" everyone exclaimed in unison, feeling incredulous about Lu Benwei's background!

However, very quickly, the surprise in everyone's eyes was extinguished.

"So, what if you have two origin-level bloodlines? I'll still kill you with one finger!"

Zhu Haixiao sneered endlessly! Suddenly, her smile froze.

The mighty power of heaven and earth surged, and the glass walls of the banquet hall shattered.

Lu Benwei used his four skills to strengthen his attributes! At the same time, a raging fire surrounded his body, accompanied by a loud dragon's roar!

The crowd was so agitated by the loud dragon's roar that they had a splitting headache and could not help but kneel.

"It's the Furious Dragon Battle Armor!" some of the people kneeling on the ground exclaimed!

"No, it doesn't look like the Furious Dragon Battle Armor!"

"It's even more violent than the Furious Dragon Battle Armor!"

Someone could not help but use an observation skill to peek at Lu Benwei's current four-dimensional attributes. The moment that person saw it, he was so shocked that he retreated.

Lu Benwei was only level 55 but his basic four-dimensional attributes were already close to the value of a level-70 powerhouse. Moreover, the number was still rising, and it was close to level 80!

[Mad Demon: Furious Dragon Battle Armor +10]

[Equipment effect: Mad Dragon's Power]

[When one's strength was above 50 percent, all four attributes would be enhanced by 300 percent. When one's strength was below 50 percent and above 20 percent, all four attributes would be increased by 500 percent.]

[When your blood volume drops below 20 percent, your four-dimensional attributes will be increased tenfold!]

This was one of Lu Benwei's trump cards. With it, he would have the strength to challenge a level-80 powerhouse!

Zhu Haixiao's eyes flashed with a trace of surprise. He did not dare to underestimate Lu Benwei anymore!

"Damn you, little brat! You ruined my father's birthday banquet!"

No matter what, this battle was inevitable.

Zhu Haixiao could not be sure that she could defeat him! However, there was no doubt that if a battle were to break out here, the entire Dragon City Hotel, or even half of the street, would be turned into ruins!

“Chu Yan, I’m taking you away today. No one can stop me!”

Lu Benwei’s words were like a heavenly sword pressed against everyone’s throat. Everyone could not help but shiver in fear!

“What big words!”

Zhu Haixiao howled and began her endless attacks.

Lu Benwei let out a breath and rushed out of the window.

Zhu Haixiao also followed.

“Clang! Clang! Clang!”

Both sides did not hold back at all.

Zhu Haixiao held a purple dagger in both hands, which was very extraordinary. Upon closer inspection, it was half an orange-grade legendary weapon!

Lu Benwei’s eyes were cold. He was at loggerheads with Zhu Haixiao on the Ancient Sword of Clarity!

“Clang! Clang! Clang!”

A magnificent metal movement resounded between heaven and earth, and the intertwining sparks surged in all directions!

Under the sword qi, Lu Benwei was like an ancient god of war, full of killing intent and chaotic divine light!

...

Everyone stuck their heads out of the window to watch the battle, and their mouths were wide open.

Zhu Haixiao fell into a passive state and was forced to retreat by Lu Benwei.

“This kid is extraordinary!”

“In the future, it will be a great weapon to deal with monsters!”

Some people opposed!

“Zhu Haixiao is the general of the dark night and is essentially an assassin. Of course, she’s not Lu Benwei’s opponent in a head-on fight!”

At the same time, Zhu Haixiao, who was fighting with Lu Benwei, also knew this. It was as if she had pulled out a gap and hidden herself in the darkness.

However, Lu Benwei was determined and did not give Zhu Haixiao any chance!

“Shadow Killing Formation!”

In the end, Zhu Haixiao could not take it anymore and used a skill.

“Whoosh, whoosh, whoosh!”

...

Behind Zhu Haixiao, nine black shadows appeared and surrounded Lu Benwei from all directions! Each figure had the same combat strength as Zhu Haixiao. They attacked together and instantly reversed the offensive!

“Holy Light Shield!”

A layer of white holy armor appeared on Lu Benwei’s body, and his body was like an iron wall. He began a bloody battle with the nine figures.

“Clang! Clang! Clang!”

Each of the nine figures was a Zhu Haixiao. It was extremely difficult to deal with them when they attacked together! However, Lu Benwei’s defense was extremely strong.

The half orange-grade weapons in the hands of the nine Zhu Haixiao only made a clanking sound when they hit him. At the same time, the holy light on Lu Benwei’s body became more and more intense, destroying all attacks!

“Boom!”

Lu Benwei used his Myriad Thunder Skill and turned the world into a sea of lightning! Countless thunderbolts fell from the sky of the netherworld like divine weapons, destroying everything and turning all the shadows into wisps of black smoke.

Zhu Haixiao’s true body appeared. Her face was filled with rage. The nine shadows were formed by her consciousness. Now that they were all killed by Lu Benwei, her divine sense was also damaged.

One must know that if a level-80 powerhouse wanted to advance, she must major in her divine sense. Therefore, even a trace of spiritual energy was extremely precious.

“Die!”

Zhu Haixiao opened her mouth and let out a shrill cry. The half-legendary dagger in her hand turned into 99 daggers and they all pointed at Lu Benwei.

“Whoosh!”

The 99 daggers glowed with a black light and pressed down on Lu Benwei like the night.

Lu Benwei clenched his fists and activated Myriad Fist Light.

“Boom!”

The wind from the punch was divine and brave, and the power of the stars was poured in, but nothing could stop them.

The 99 daggers that were made from the half-legendary dagger were all crushed into powder like paper.

Chapter 468 A Group of Heroes

When the spectators saw this scene, they were so shocked that their scalps went numb, and their bodies trembled.

It was unprecedented for a level 55 to fight a level 80 without being at a disadvantage!

Zhu Haixiao roared indignantly. She felt as if she was about to cough up blood. A level-86 expert could not even kill a junior. It was a great humiliation!

“Die!”

Zhu Haixiao could not hold it in any longer. She used all sorts of great offensive techniques.

The black shadow under her feet spread out like mist, forming a huge black net that covered the sky. Under the thick black fog, it was so dark that one could not even see their own fingers. All kinds of dangers were lurking around!

Lu Benwei’s expression was calm, and his Eye of Insight became the only light source in the darkness!

“What?”

Lu Benwei was a little surprised. With the Eye of Insight, he could not catch Zhu Haixiao’s figure.

Just as he was trying his best to find it, the flying snake appeared behind Lu Benwei. It opened its blood-red mouth and spat out a laser, which broke through the black mist and attacked Lu Benwei.

“Careful, annoying fellow!” Chu Yan could not help but exclaim, her ethereal voice reaching Lu Benwei’s ears.

It was too late. The laser hit Lu Benwei.

“Pfft!”

Lu Benwei’s chest was pierced through, and the muscle tissue around his chest turned into a piece of rotten meat that scattered all over the sky.

The head of the Zhu family heaved a sigh of relief. Everything was over.

Just now, their hearts were in their throats. If a level-80 expert of the Zhu family could not kill a level-55 kid, then they did not know how to face the world. To them, this would be a great humiliation, and it would be engraved in the Zhu family’s history forever, becoming a laughingstock.

The people from the other seven families could not help but tease, “Brother Zhu, I’m afraid your pants are wet, right?”

Zhu Haitian snorted coldly and waved his sleeves, ignoring him.

The people from the other seven families were not annoyed. They waited quietly for Zhu Haixiao to return and continued the banquet.

“Where does this Lu Benwei’s family come from?” Zhu Haitian asked.

The head of the Wang family, Wang Qiaochu's father, Wang Yuanzhen, replied, "He's from an ordinary family in Hai Province's Green Spirit City. Both his parents are civil servants."

Zhu Haitian snorted disdainfully. "A lowlife maggot. He almost ruined our plan. We must teach him a lesson."

"Brother Zhu, Lu Benwei is already dead and you still want to hurt the innocent?" someone from the seven great families said jokingly.

"Hmph, my father had a heart attack because of him. This kid's family must apologize to our Zhu family! I'm already kind enough not to ask Sister Haixian to help!" Zhu Haitian said gloomily.

At this moment, a loud shout came from outside the hotel.

"Old b*stard, you dare!"

Everyone looked toward the source of the voice, and their expressions changed drastically.

Lu Benwei, whose chest had been pierced, fell like a leaf in the wind. Furthermore, his empty chest was healing at an extreme speed!

Nine Tribulations Regeneration Technique! As long as the soul did not die, the body would not be destroyed! This was one of Lu Benwei's trump cards!

As long as it was the eight great families no one would be able to wipe out his spiritual sense with a single strike. Lu Benwei could be reborn endlessly and fight with the eight families to the end!

Zhu Haixiao, who had already returned to the hotel, was furious. The killer move she was so proud of just now failed to kill Lu Benwei! It was a great humiliation!

"Boom!"

With a loud bang, Zhu Haixiao rose into the air and used all her killing techniques without holding back!

This was an earth-shattering strike. Black shadows curled around it. It was terrifying beyond compare. Endless killing intent occupied the entire sky.

Many people were aghast. Under this attack, whether this land could be preserved was another matter. She was indeed worthy of being a level-80 powerhouse!

"Void: Ten Killing Formation!"

The void collapsed and countless abysses appeared, leading to the unknown. There was surging lava, a shore of the sky with an endless thunder, and an icy plain with bone-chilling cold sweat!

All kinds of phenomenons, each of which contained a killing intent, rapidly approached Lu Benwei!

Lu Benwei used Lightning Speed to penetrate layer after layer, but he was still hit by one of the abysses. The hot lava that gushed out from the abyss burned everything!

"Mountain Sea Seal!"

The sound of waves came rolling over, and the vast ocean waves formed a huge wall that came crashing over, crushing everything in the sky!

“Chi...”

The hot lava met the cold seawater. Steam rose and covered the sky, turning it into a fairyland.

The battle between the two had already spread for thousands of miles. Many people thought that the dragons had been captured by the monsters and began to flee in all directions.

Dragon City’s officials responded, and experts from all walks of life approached.

“Pant...”

Zhu Haixiao panted heavily, and bean-sized beads of sweat fell like rain.

“Haixiao, how is it?” Zhu Haitian asked anxiously.

They were not in the right to begin with, and the longer they dragged on, the more disadvantageous it would be. If Lu Benwei was dead, the Zhu family could accuse him of being killed by a monster or something else. If Lu Benwei did not die...

There was no light in the sky. White steam was rising, like a vast sea.

Chu Yan bit her lips and her heart was beating fast.

“The commander of the Dragon City military government has arrived!”

“May I ask what happened to the Zhu family’s patriarch?”

Zhu Haitian’s heart tightened. What was to come would come.

...

“The commander of the Dragon City is here. Who is causing trouble in Dragon City?”

“Dragon City Guard Legion, the Vice Commander of the Dragon Legion, Xin Zibo, is here. No one is allowed to leave this place!”

...

Dragon City’s various experts rushed over and asked the crowd sternly.

This banquet was organized by the Zhu family. All the regiment commanders who came looked at Zhu Haitian.

“Head of Zhu family, what’s going on? Is your family planning to tear down Dragon City by holding a birthday banquet?”

Most of the officials in Dragon City did not like the people of the eight great families, so they asked in a bad mood after such a big commotion.

The eight great families did not dare to challenge the royal family for the time being. In addition, the eight great families' armies were no longer in Dragon City. Zhu Haitian could only smile honestly and said, "Generals, you've wronged me!"

The powerhouses who came had different official positions. Zhu Haitian referred to them as generals.

"There was a monster that sneaked into Dragon City, and my fifth sister took action to suppress it!"

The group of powerhouses was shocked.

...

"Monster?"

"There was a huge battle just now. Why didn't I sense any aura of a monster here?"

Zhu Haitian was stunned. He did not know how to answer for a moment.

At this time, a master of the Qi family, one of the eight great families, said, "Generals, it's precisely because this monster is cunning and able to conceal its aura that it's extremely dangerous to the entire Dragon City. That's why we're willing to pay any price to kill it!"

This person was extremely cautious when he spoke.

When he said that it was a cunning monster, many of the doubts in the hearts of the visitors were dispelled.

Chapter 469 Regeneration Divine Technique

The people who came were all famous figures.

However, the eight great families also had a strong foundation and controlled the economic lifeline of the Dragon City. Moreover, nearly 60 percent of the hunters in the Dragon City worked under the eight families.

The commander of Dragon City, Li Longduo, said in a deep voice, "Why did I sense a trace of Mountain Sea Seal during the battle? Is Chu Tianxiong here too?"

"Uncle Li!"

!!

As soon as Li Longduo finished speaking, a clear and moving voice sounded.

Chu Yan pushed aside the crowd in front of her and pounced into Li Longduo's broad chest.

"Yanyan, why are you here? And what are you dressed for?"

Li Longduo was surprised to see Chu Yan here. Chu Yan raised her head. Her originally clear eyes were filled with sparkling tears.

"Uncle Li, you have to stand up for me!"

The Zhu family's expression turned cold.

“Chu Yan, have you forgotten our previous agreement?” Zhu Haitian asked in a low voice.

“If you don’t want to keep your promise, you can try!”

Many of the experts who had just arrived were on good terms with Chu Tianxiong.

Seeing this, he said coldly, “Yanyan, it’s fine if you say it. We’re here to hold the fort. The eight great families won’t dare to act rashly!”

Chu Yan let go of Li Longduo and wiped away the tears in her eyes. Then, she told the entire story, including the battle between Lu Benwei and Zhu Haixiao.

When the group of people who came heard this, they were all shocked. “In that case, the commotion just now was caused by the Zhu family and your classmate? Is that so?”

Chu Yan nodded. When she thought of Lu Benwei’s unknown life and death, her body could not help but start to twitch.

Suddenly, she was stunned as if she had thought of something. “I need to find him!”

Everyone could not stop Chu Yan at all and let her go. Just as Chu Yan was about to enter the outside world, a figure walked out from the vast sea of steam.

He was covered in blood and moved very slowly. Nearly half of his body had turned into charcoal. His muscles, cells, and other tissues continued to regenerate, transforming into a new body. However, the next time, his new body began to burn and turned into black charcoal again.

This was Zhu Haixiao’s supreme killing technique.

It shattered the void and triggered the power of the laws of heaven and earth, giving a destructive blow. The power of laws had yet to dissipate, and the attacks continued.

Half of Lu Benwei’s body was accidentally hit by the power of the flame law. Like an oracle, he could only let it burn.

The Nine Tribulations Regeneration Technique was activated, and half of Lu Benwei’s body was destroyed and reborn at the same time.

“Idiot!”

Chu Yan stomped her feet and pounced forward, pulling Lu Benwei into her arms.

“Why are you so silly?”

Lu Benwei coughed out a mouthful of blood and reached out to touch Chu Yan’s soft hair.

Her smooth and bright hair was like silk, bringing with it a dense fragrance that permeated one’s heart, lingering around his fingertips.

“I told you, I came here today for you. Even if I die, no one can take you away!”

As soon as he finished speaking, the power of law dissipated, and Lu Benwei stood in front of everyone intact.

“Clang!”

While everyone was in a daze, the Ancient Sword of Clarity was pressed against Zhu Haixiao’s throat!

“Today, I swear to kill you!”

Lu Benwei’s condition had recovered to its peak, and his gaze was incomparably cold!

Everyone present shuddered and thought to themselves, ‘This kid is too terrifying. In time, he’ll become a magnate in the future!’

The Zhu family’s gaze was sinister. Their plan had been completely disrupted by Lu Benwei. They wished they could eat his flesh and sleep with his skin!

“I’ll kill you today!” Zhu Haixiao gritted her teeth.

Immediately, both parties returned to the outside.

Some of the generals who came saw that the two of them were going to continue fighting and could not help but shout, “How dare you? Do you want to involve the entire Dragon City in your private affairs?”

After saying that, someone wanted to stop them.

However, it was all stopped by Li Longduo.

“Annoying fellow, you must kill her!” Chu Yan shouted at the sky.

Zhu Haixiao looked at Chu Yan disdainfully. “What big words! I’ll kill him now and cut off your thoughts!”

As soon as she finished speaking, Lu Benwei raised his sword and attacked.

Zhu Haixiao took out half a legendary-grade dagger and hurriedly blocked the attack!

“Clang!”

“Clang! Clang! Clang!”

The black light from the saber and sword made the sky as bright as day!

At this moment, Zhu Haixiao had already completed her third transition. Her figure was like a ghost, always appearing in unexpected positions.

However, her movement technique seemed to have been seen through by Lu Benwei. No matter where her true body was hidden in the darkness, he could easily find it.

“Buzz!”

Lu Benwei activated his Eye of Insight, his eyes bright like fire.

A divine light seemed to shoot out from Lu Benwei’s eyes, and time seemed to freeze for an instant again!

...

Zhu Haixiao's body stiffened. Lu Benwei raised his sword and attacked. However, the stun did not last long before Zhu Haixiao broke free.

"Chi-"

The Ancient Sword of Clarity cut off half of Zhu Haixiao's forearm and it fell from the sky like a lump of rotten meat.

"You're courting death!"

This small injury was nothing to a level-80 expert! However, this was the first time she had been injured in her battle with Lu Benwei!

Half of her forearm had been chopped off by a level-55 kid. If word got out, she would be too ashamed to face anyone!

"Hundred Void Techniques, Fire Killing Formation!"

Zhu Haixiao let out a strange cry.

The void shattered. In the endless lava, there were strands of power.

Lu Benwei's eyes were cold as he entered the void. He did not hesitate and looked at death with indifference!

"Hahahaha! You're simply courting death!" Zhu Haixiao laughed maniacally.

...

Previously, Lu Benwei was already half-dead after being contaminated by a wisp of the hellish fire killing array's fire law power.

Now, he dared to directly enter the void. Zhu Haixiao even suspected that Lu Benwei's brain was damaged.

However, in the next second, Zhu Haixiao's smile froze. The space in front of her shattered like a mirror.

Lu Benwei shattered the void and came out. He was completely intact, and his skin was as tender as a baby's as he had been reborn from the ashes!

"What?!"

Zhu Haixiao and the Zhu family felt as if they were in an ice cellar!

Lu Benwei's recovery ability was heaven-defying! It was as if he could recover from any damage he suffered!

This was completely beyond everyone's imagination!

"Regeneration Divine Technique?"

"Is it the Regeneration Divine Technique?"

Old Master Zhu suddenly jumped up from his wheelchair and looked up at the sky. His voice and entire body were trembling! At this age, eternal life was his only desire!

At this moment, Lu Benwei swung his fists, and the punches formed a river!

Zhu Haixiao was not to be outdone either. She activated a wisp of nomological power and summoned a sea of lightning!

“Boom!”

The endless sea of lightning was filled with killing intent!

At this moment, there was a commotion below.

“Father! Father!”

Old Master Zhu flew forward without caring about anything, wanting to pry into the secret of the Regeneration Divine Technique!

Chapter 470 The Furious Zhu Family

Lu Benwei’s eyes swept over Old Master Zhu.

“Be careful!”

He made a prompt decision and canceled the Myriad Light Fist.

At the same time, Zhu Haixiao’s attack technique arrived. Lu Benwei could only take care of himself in a hurry to avoid harm!

At this moment, the Zhu family’s old master only had Lu Benwei in his eyes as he pounced on him recklessly.

“Rumble!”

The endless sea of lightning instantly drowned Lu Benwei and Old Master Zhu.

The world fell silent at this moment. Only the rumbling of thunder could be heard.

Under the shock of the lightning sea, the Zhu family’s old master turned into a charred corpse at a speed visible to the naked eye.

Zhu Haixiao was shocked. She had never expected her father to suddenly appear in front of her.

“Father!”

The Zhu family members all flew into the sky and surrounded him.

After confirming that Old Master Zhu had lost his vitality, they were all heartbroken and cried toward the sky.

“Lu Benwei, I want you to die without a burial place!” Zhu Haixiao was furious!

The other Zhu family members were also very angry and indignant. They gritted their teeth until they shattered!

“Haixian, capture him and cut off his limbs. Let him die with the old man!”

“Which dog eyes of yours saw that I killed him?” Lu Benwei shouted coldly, “It was her killer move that hit him, why blame it on me?”

Zhu Haitian cried bitterly as he said angrily with a flushed face, “You clearly had the chance to save my father just now. Why didn’t you save him?”

Lu Benwei smiled and said, “I don’t know him at all. If I save him, I’ll lose my life. Why should I save him?”

“Impudent! If you hadn’t caused a ruckus at my father’s birthday banquet, my father wouldn’t have died!”

The Zhu family was unreasonable. The conflict between the two sides had already reached an irreconcilable point.

A person from the Zhu family was extremely indignant and charged forward. Lu Benwei sneered and rushed forward to respond.

That Zhu family member used all his killer moves, each move wanting to take Lu Benwei’s life.

Lu Benwei’s Ancient Sword of Clarity hummed as he used the Divine Sword of Destruction to blast his opponent into a bloody pulp.

Two people from the Zhu family had died in succession. They were all furious and vowed to kill Lu Benwei. All the experts were mobilized!

“Annoying fellow!”

Chu Yan could no longer watch from underground. She soared into the sky and wanted to help Lu Benwei!

“You bunch of old men, if it wasn’t for the fact that you allied with the eight great families to force Chu Yan to marry you, how could you have ended up like this?!”

Lu Benwei scolded coldly.

After seeing Chu Yan come up, he reached out to stop her.

“There’s no point in saying anything now. The conflict has already reached the point where we won’t rest until one of us dies. I’ll use all sorts of killer moves, but with you by my side, I wouldn’t be able to use them freely.”

On the ground, when the other seven families learned that Lu Benwei only had a supreme healing divine technique, their eyes turned green and they were extremely greedy.

“You guys go, capture Lu Benwei and avenge Brother Zhu!”

“Go take down Lu Benwei and give justice to the Zhu family!”

Some elders or family heads of the seven families ordered their mighty figures to go forward and surround Lu Benwei. There were more than 20 experts in total. Moreover, they were all level-80 experts, and Zhu Haixian, a level-90 king level, was among them.

Zhu Haixian's attack was very powerful and filled with killing intent. With one blow, Lu Benwei was turned into dust.

The Nine Tribulations Regeneration Technique circulated, and wisps of divine light reconstructed Lu Benwei's body!

At this moment, no matter who it was, everyone was extremely shocked. They had once again witnessed the heaven-defying recovery ability. At the same time, it made the greed in the hearts of the old people on the ground even stronger!

"No matter how many times you resurrect, you must die with the old man today!"

"No, your whole family must!"

"Including your friends and everything related to you!"

The Zhu family's people let out vicious words, their eyes about to split open.

"Is this how the eight great families do things?" Lu Benwei cursed.

"Confounding black and white, hurting the innocent? As long as I, Lu Benwei, am alive, I swear that I'll deal with all of you!"

"Brat, you sure have big words!" A person from the eight great families suddenly appeared behind Lu Benwei, holding a large black sack in his hand. The mouth of the sack was open as if it could swallow everything.

"Come back with me, kid," he whispered, "There's still a way out if you come with us!"

Lu Benwei sneered. He already understood that those old men from the eight Great families had evil intentions toward the Nine Tribulations Regeneration Technique!

"Boom!"

Lu Benwei's fist emitted chaotic divine light as he circulated his dual bloodlines. He smashed the black sack that could devour everything into powder with one punch.

A second punch was thrown. The man screamed and flew backward.

At this moment, Zhu Haixian's second killer move arrived. It was extremely powerful and contained the power to burn mountains and boil seas, crushing the sky. The aftershock spread for over a thousand miles, and the sky of the entire street collapsed.

Lu Benwei was affected and once again turned into a bloody paste. However, the Nine Tribulations Regeneration Technique's divine light reappeared and reconstructed Lu Benwei's body again!

As soon as he revived, someone else attacked!

"Zhu family, are you sure you don't want to leave?" Lu Benwei cursed.

...

The Zhu Family experts led by Zhu Haixian sneered. "If we don't kill you, our Zhu family will never leave!"

"Then your old man might not even have a place to be buried in a few days," Lu Benwei said sarcastically.

"What did you say?"

Everyone from the Zhu Family trembled, and a bad premonition arose in their hearts.

At this moment, a servant of the Zhu family came to report. The Zhu family's ancestral grave had been burned down. All kinds of treasure were stolen, and countless ancestors' corpses were hung on a crooked tree!

Moreover, the Zhu family's old house had also been burned down by someone. The fire had not been extinguished yet.

"This is your doing?" The Zhu family members were so angry that their faces turned green.

"What do you think?" Lu Benwei sneered.

Before the birthday banquet, Lu Benwei ordered Gan Yan to find the Zhu family's old house and ancestral grave and burn them down to get rid of some people.

"Father, I'll bring some people back to take a look!" Zhu Haitian's second son said.

Thus, he took a group of people away.

...

Even so, Lu Benwei could not be careless. It was because he had overlooked one thing, which was the variable of the remaining seven families.

The seven families did not care that the Zhu family's ancestral home and ancestral grave were burned. They only had Lu Benwei's supreme regeneration divine technique in their eyes!

After calming himself down, Lu Benwei thought to himself, 'Looks like I can only use my final killing move!'

The two sides started a new round of battle, and all kinds of offensive techniques surrounded Lu Benwei.

At the same time, on the ground.

Chu Yan begged the generals to stop the war from continuing.

Li Longduo wanted to help, but someone said, "It's best not to rashly intervene in the matters between the eight great families."

Although most of the Dragon City officials did not get along with the eight great families, some people were secretly enticed by the eight great families to restrain those who wanted to help.

“Commander Li, the leader specially instructed us not to interfere in the internal affairs of the eight great families.”
