Chapter 531 Teaching the Little Loli A Lesson

At this moment, Gao Yiyu and the others finally reacted.

Thank you readers!

“Catch him!” Gao Yiyu stomped her feet in anger.

The people who were protecting Gao Yiyu felt ashamed. If a person could quietly snatch something from the young miss’ arms, he could also quietly take her life. Moreover, none of them could react in time!

Many people rushed forward, wanting to surround Lu Benwei. Lu Benwei knew that this matter would not be resolved so easily. He stopped in his tracks and allowed the Gao family to surround him.

On the other side, there was a person beside Gao Yiyu who was indifferent.

“Young miss, this person was able to snatch the things in your arms without batting an eyelid. In other words, this person’s strength is extraordinary. He’s likely a powerful hunter...”

This person’s words reminded Gao Yiyu.

“Call the people from Leopard Hall over. No, call the people from Tiger Sect directly!”

The Tiger Sect was another force under Gao Shengqiang. All of them were level 50 and above hunters. It was also because of these people that Gao Shengqiang was able to rule Ha City for more than ten years.

That person responded and immediately dialed the number of an expert in Tiger Sect.

“Who are you? How dare you snatch my things?”

Knowing that three tiger generals were coming, Gao Yiyu was full of confidence.

“What do you mean by yours? Have you paid for this?” Lu Benwei laughed coldly.

“The money and goods are clear. This has been the rule of doing business since ancient times. Miss Gao, you’re already so old. Has no one taught you before? Or are you born with no manners?”

“You!” Gao Yiyu gritted her teeth, her face flushed red.

“Alright.” she stomped her foot. “I’ll show you what manners are today! The few of you, smash his mouth and chop off his hand!”

After saying that, a few fierce and ruthless people sneered and swarmed forward.

Lu Benwei could not be bothered to talk nonsense with this group of people. He directly swung his fists and formed a small galaxy in the air.

“He really is a hunter!”

“Protect the young miss!”

There were quite a few powerful hunters among this group of ruthless people. They put on their equipment and attacked Lu Benwei.

Lu Benwei sneered and sent out a miniature Milky Way. Starlight shone resplendently, sweeping away all obstructions.

All the people who rushed up were sent flying dozens of meters away by the starlight fist rain. With just one attack, it had taken away the fighting strength of the hundred people accompanying Gao Yiyu.

“I was wondering why this kid was so confident. So, he’s a young genius.”

“If I remember correctly, the guards protecting Miss Gao are all wolf generals under Master Gao, right?”

“Tiger generals are usually at level 10 or level 20. To be able to take care of so many people at once, this kid’s strength is above level 40!”

Among them, many people were looked at Lu Benwei.

“What’s the use? The wolf generals who serve Miss Gao and the Leopard Hall are all level 40 second transition hunters! ”

“Oh no, someone is going to die in Ha City!”

At this moment, Gao Yiyu’s watery eyes were wide open, filled with anger.

“You, who are you? Do you know the consequences of going against our Gao family?”

Lu Benwei picked his ears disdainfully and said, “What’s the outcome? Another group of people ganging up on us?”

At this moment, the few remaining fierce disciples surrounded Gao Yiyu and frowned.

“Are you the young man who injured our brothers last night?” someone exclaimed, “Where’s that old man?”

The crowd was in an uproar. The news of Lu Benwei and the old beggar fighting the Gao family dogs, wolves, and leopards last night had already spread like wildfire. The citizens of Ha City also learned the ages of Lu Benwei and the old beggar.

Now, the age of the old man and the young man matched the age of the two people in front of him. Some people realized. No wonder this young man dared to challenge the Gao family’s eldest daughter.

At this moment, Liu Yao’s expression was subtle. Her eyes were fixed on Lu Benwei. After knowing Lu Benwei’s identity, Gao Yiyu immediately panicked. A person who dared to openly challenge the Gao family was very likely to endanger her life.

“You, what do you want? I’m telling you, don’t do anything rash!”

The few remaining guards gathered around Gao Yiyu, protecting her tightly.

“He has no eyes, doesn’t know right from wrong, and bullies the weak.”

Lu Benwei narrowed his eyes slightly.

“People like you are a scourge to this world.”

Lu Benwei's toes touched the ground, leaving afterimages in the air as he instantly captured Gao Yiyu in his arms.

The others were stunned. They felt a gust of wind blow past, and Gao Yiyu and Lu Benwei disappeared.

"Pa!"

A crisp sound rang out, waking up the dazed crowd. They looked in the direction of the voice and immediately opened their mouths wide.

Lu Benwei was sitting on a chair, pressing Gao Yiyu against his lap.

Her two soft and boneless wrists were tightly held by Lu Benwei's big hand, and Gao Yiyu could not move.

"What are you doing? Let me go!"

The softest part of Gao Yiyu's back was slapped hard by Lu Benwei. She had been pampered since she was young. How could she bear such grievances? She immediately said something ruthless.

"How dare you humiliate me like this? If my father finds out, he'll throw your entire family into a cement mixing pile!"

"Pa!"

Lu Benwei clapped again and said coldly, "Do the Gao family have a special liking for cement mixing piles? The person who dared to talk to me like this yesterday is still lying in the hospital!"

The remaining Gao family attendants all turned pale.

The eldest daughter of the Gao family was humiliated by a stranger in front of them. If Master Gao found out, they would be thrown into the cement mixing pile.

"Stop!"

"Let go of Young Miss!"

The few of them roared at the same time, but they were afraid that Lu Benwei would suddenly kill them, so they could only watch anxiously.

"Slap!"

"Slap!"

"Slap!"

Lu Benwei slapped three times in a row, and his palms were red.

'Damn it, this girl is too thin. She's not like Qin Lianqing who's a player. It doesn't hurt at all.' Lu Benwei cursed in his heart.

At this moment, Gao Yiyu's eyes were filled with tears, and her lips were bleeding from being bitten.

"Let go of me! I'm not married yet! If you humiliate me like this, no one will dare to want me in the future! Sob!"

"Now you know how it feels to be bullied?" Lu Benwei shouted coldly, "Then have you ever thought about how many people can only swallow their anger because of your overbearing and unreasonable behavior?"

Chapter 532 Training

Lu Benwei's slap mercilessly hit the softest part of Gao Yiyu's body.

Shocking!

Dumbfounded!

Petrified!

A series of expressions changed on the faces of the people who saw this scene. This kid from Tianjin dared to humiliate Gao Shengqiang's beloved daughter!

The faces of the few remaining bodyguards of Gao Yiyu turned green.

"Brother, let's talk things out!"

"Don't hurt our young miss!"

"It's easy for me to let go of your young miss," Lu Benwei said while licking his lips, "Return all the things you stole to him!"

"Okay!" Gao Yiyu's bodyguard nodded.

Then, they immediately went to the parking lot outside the trading center and took out the "spoils of war" from the stalls of various small merchants and hawkers from the van.

They placed the items in the open space in front of the gate and let the small merchants and hawkers collect them themselves.

Many of the onlookers had their belongings stolen. At first, they did not dare to believe it and were a little afraid. However, Lu Benwei waved his hand and muttered, "This matter has nothing to do with you. It's yours to begin with. Just take it."

As soon as he finished speaking, some people took a deep breath and went forward to claim their belongings. The old hunter also got back the Pure White Snow Lotus as he wished and thanked Lu Benwei again.

"Little brother, you're really a good person!"

Lu Benwei gave him a faint smile. Then, his expression turned cold, and he lowered his head. "Do you know your mistake?"

At this moment, the overbearing and barbaric little loli on Lu Benwei's lap was still unconvinced. She pouted and scolded, "Your name is Chu Lu, right? Just you wait! When my father's subordinates come later, you'll be in trouble! I'm going to make them cut off your nose and cut off all your limbs. I'm going

to make you my toilet bowl. And the entire family of everyone here today – the women will be sold to the nightclubs, and the men will be sold to the illegal brothels!"

When Lu Benwei heard this, his expression became even colder. He had thought that this overbearing and barbaric little loli had been spoiled since she was young and was a little unreasonable. However, he did not expect Gao Yiyu to be so evil!

Lu Benwei slapped her hard again and threw Gao Yiyu into the Bronze Temple. At the same time, Lu Benwei's divine sense entered the Bronze Temple.

"What are you doing? Where is this place?"

Gao Yiyu originally thought that she had been thrown out by Lu Benwei. However, when she looked up, she found that the surroundings were dark. Only the faint candlelight flickering on the bronze walls on both sides illuminated the deep bronze hall. A gust of cold wind blew past, sending chills down Gao Yiyu's spine.

"Chu Lu?" Gao Yiyu hugged her arms, her body trembling slightly.

"Where is this? Come out quickly!"

She kept shouting to boost her courage!

"Let me tell you, I'm very bold. Don't even think about scaring me!"

The candlelight flickered, and the faint light shone on the dark green copper wall, flickering non-stop.

Gao Yiyu was a little anxious. Her tightly pursed lips began to tremble. "Chu Lu, come out quickly. I was wrong, okay?"

"Hehehehe-"

At this moment, a burst of strange laughter that made one's teeth turn cold came from the depths of the deep hall.

"Does that kid know that we're lonely? He sent us a woman?"

A burst of strange laughter echoed on the copper walls on both sides, long and strange.

Gao Yiyu was so scared that goosebumps appeared all over her body. The laughter echoed in all directions. She sat on the ground and looked around.

"Thud, thud!"

A crisp sound of footsteps could be heard. Someone was approaching, but Gao Yiyu did not know what it was and kept whimpering. Finally, she saw a pair of gold-threaded feathered soft armor boots, which were no different from human feet. Then, she looked at a tall and handsome man.

Gao Yiyu was overjoyed and ran toward the man. However, when he got close, Gao Yiyu instantly collapsed. What she was looking forward to was not a human, but a monster! It was a human-shaped monster with blood-red eyes and horns on its head!

Gao Yiyu's eyes were filled with fear. Fear occupied her brain and she even forgot to run.

"Oh?" Blood Demon licked his lips. "You're still a virgin!"

The Blood Monster who spoke in human language made Gao Yiyu cry out and immediately run back. The moment she turned around, Gao Yiyu bumped into a soft object and fell to the ground. When Gao Yiyu saw the object behind her, her knees went weak, and she fainted.

"D*mn, it's not easy for us to have someone to accompany us, but you scared her until she fainted!" The giant crocodile patted its belly to vent its dissatisfaction.

"Damn it!" The Blood Monster rolled his eyes and shouted, "Anyone with eyes can see that you scared her unconscious, alright?"

"You still want to enter human society with this? Take back your big mouth first!"

The giant crocodile raised his claws and touched his mouth. His expression immediately became very awkward. It happened so suddenly that he did not fully transform back into his human form in the hurry, so he was left with a terrifying long jaw on a chubby face.

"It might not be me, right? Besides, you scared her first!"

The giant crocodile was a little unconvinced and bit the bullet.

"F*ck, your skin is itching again, right?" The Blood Monster was very surprised. He did not expect the crocodile to turn black into white.

"Alright, alright."

Lu Benwei's voice sounded. Both of the monsters became much more obedient.

"Big brother, what did this human girl do that you want us to scare her?" The crocodile closed its mouth and returned to its human form.

"This little girl has a bad temper," Lu Benwei said, "Stay here for a few days and train her well. Grind her temper."

"Alright!"

The crocodile patted its belly. "The Bronze Temple is huge, but only the bloody man cares about me. I'm finally going to have some fun!"

Lu Benwei suddenly rubbed his chin. "It seems that the two of you are getting along quite well."

The Blood Monster turned his head away. "Who wants to talk to him? If it weren't for the Bronze Buddha Monster, I'd have killed him long ago!"

"Haha! That's because I don't want to lower myself to your level!"

The two of them started bickering again.

Lu Benwei silently held his forehead and pulled his thoughts back to reality. When he woke up, he was surrounded by a group of people.

Without exception, they were all small merchants and hawkers in the trading center.

"Little brother, you should leave quickly. I just received news that the powerful tiger general is already on his way," the old hunter spoke first.

The others also echoed and persuaded Lu Benwei to leave quickly.

"Everyone, if I leave, won't Gao Shengqiang hold you accountable?" Lu Benwei thanked them for their kindness and asked.

"This..."

For a moment, everyone was stunned on the spot, their expressions uncertain.

At the same time, loud shouts came from outside the gate of the trading center.

Chapter 533 Fighting Three Tiger Generals

Everyone's faces were filled with fear, and they were in chaos like birds and beasts.

Thank you readers!

"It's the Gao family's tiger general!"

"The Gao family's tiger general is here!"

Tiger Sect was another force under Gao Shengqiang. All of them were level 50 and above hunters. It was also because of these people that Gao Shengqiang was able to rule Ha City for more than ten years.

"Who dares to offend my young miss?" outside the gate of the trading center, the three powerful tiger generals shouted in unison.

!!

The level-50 hunters exploded with powerful pressure. It made many people's hearts palpitate. Some ordinary people were so scared that they were foaming at the mouth and fainted.

The three of them comprise of a warrior, a knight, and a magician.

The tiger general magician attacked, and a tornado descended from the sky above the trading center, tearing everything apart. It was incomparably powerful!

In just a few seconds, the firm roof of the trading center was overturned, and all kinds of things inside were swept up into the sky.

The three of them released their pressure at the same time, forcing everyone in the trading center to submit.

"I say, if this continues, people will die."

Lu Benwei sat on the chair in the center of the trading center. He raised his head and stared indifferently at the three tiger generals in the air.

The moment their eyes met, Gao Shengqiang's three tiger generals could not help but twitch. Their expressions were complicated. They were the ones looking down at this kid. However, they felt that this kid was like a king on a throne, looking down at them.

“Who are you?” the leading knight suppressed his discomfort and asked coldly.

At this moment, at the other corner of the trading center, someone suddenly waved at them. They were the wolf generals who had survived Lu Benwei’s attack.

“Tiger generals, this is the kid who injured our leopard, wolf, and dog brothers last night! Just now, he also kidnapped the young miss. We don’t know if she’s alive or dead!”

“What?!”

When the three of them heard this, they glared. “He kidnapped the young miss. Where is she?”

Lu Benwei rubbed the dust on his fingers and said indifferently, “Her temper is too bad. I’ll get someone to teach her a lesson!”

“How dare you!”

The tiger general warrior had a bad temper. After cursing, he charged straight at Lu Benwei!

Lu Benwei sneered and sat up. He raised his fist to block his steel blade!

“Clang!”

The wonton divine light shone brightly, exploding with endless divine power, nullifying the warrior and tiger general’s attack that was filled with slaughter.

The tiger general warrior was using a meteor hammer called Broken Star, a level-50 purple weapon! However, under Lu Benwei’s Myriad Light Fist, he could not gain the slightest advantage. The meteor hammer swung vigorously, continuously forming a circle in the air.

The sound of air being torn apart was heard, and everything in the area was crushed into powder. At the same time, the meteor hammer’s range continued to expand, wanting to drag Lu Benwei into this merciless meat grinder!

Lu Benwei’s expression was extremely cold. The four great amplification skills instantly strengthened his body. At the same time, he activated Lightning Speed and activated One-Click Speed Support, increasing his speed by ten times!

Lu Benwei took a step forward and pierced through the void, leaving the meteor hammer’s range. The tiger general was shocked. Ever since he became a hunter, no one had been able to break free from his meat grinder.

“Boom!”

The tiger general loosened the chain and threw Shattered Star over.

“Holy Light Shield!”

Lu Benwei raised his shield to meet the enemy. A huge shield blocked in front of him.

“Bang!”

The sharp star fragments let out a dull sound, and the mighty attack was completely dissolved by the Holy Light Shield.

Lu Benwei was not secretly pleased because this was a double meteor!

The second meteor head fell from the sky and headed straight for Lu Benwei.

“Rumble!”

The shattered star hit the ground, creating a huge pit. The edges of the pit started to crack like a spider web.

The tiger general spat, “What kind of sh*t is this? Is it worth my time?”

“Second Brother, you’re too arrogant!” the tiger general knight and tiger general magician landed on the ground and said coldly.

The tiger general warrior was just about to express his dissatisfaction when he was glared at by the magician. “If you smashed him into minced meat, do you know where the young miss is?”

“This...”

The tiger general warrior realized that he had been too eager for quick success and had forgotten his purpose for coming here.

“What do we do now?”

The tiger general magician snorted. “What else can we do? Let’s see if that kid is still alive.”

The tiger general warrior nodded and moved Broken Star away.

A huge hole appeared on the ground where the broken star landed. It was so deep that one could not see the bottom. The three of them extended their divine senses to search for the aura of life in the hole. In an instant, the expressions of the three of them turned cold.

Inside the hole, not only was there no sign of life but there was also no trace of blood. That kid had disappeared!

“What happened?”

The tiger general warrior was shocked. He could clearly feel that the last attack had hit Lu Benwei.

At this moment, a frivolous whistle that sounded like calling a dog interrupted their thoughts. The three of them looked in the direction of the voice. Lu Benwei was in the sky behind them with a mocking expression on his face.

“Are you f*cking calling a dog?” The veins on the tiger general warrior’s face bulged.

“Look, I’ve summoned you, haven’t I?” Lu Benwei smiled insincerely.

The tiger general warrior was furious, he raised his Broken Star and charged toward the sky!

Lu Benwei’s expression was cold. “As hunters, you don’t defend against the monsters. Instead, you help the evildoers. You deserve to die!”

He no longer held back his strength. He swung his fists and formed a dazzling galaxy in the air.

“Buzz!”

The galaxy was struck out by Lu Benwei. The vast and boundless galaxy crushed the heavens with terrifying power, like meteors smashing down onto the ground!

The tiger general warrior waved his Shattered Stars as if he wanted to make the name of the weapon appear, vowing to shatter the Myriad Fist Light.

“Rumble!”

The Myriad Fist Light was like the Milky Way pouring down, drowning large pieces of the earth. Its power was terrifying!

The tiger general warrior cried out in pain. The attack washed over his body, and his life force was rapidly weakening in the vast galaxy.

The remaining tiger general knight and magician were shocked and immediately began to rescue the tiger general warrior.

The tiger general warrior held his staff and chanted a spell. In the same world, tornadoes descended and rose from the sky and the earth, blending.

“Destruction Tornado!”

A powerful tornado was formed, and the terrifying rotating airflow triggered a violent phenomenon of heaven and earth, pouring out a large amount of energy.

In the distance, the outer walls of countless buildings were swept up by the violent airflow, revealing the exposed red bricks.

The citizens within a radius of dozens of miles were all affected. When they saw the scene here, they shouted that the end of the world had arrived!

Chapter 534 Trick!

“My soul is currently damaged, and my strength is less than one-tenth of what it was before!”

Thank you readers!

Lu Benwei and the old beggar began to communicate.

The destructive storm was slowly approaching them.

The tiger general warrior was also rescued by the tiger general knight. His powerful physique instantly restored his vitality.

At this moment, the situation that Lu Benwei had finally opened up had returned to an unfavorable situation.

“What do you want to do? Can you make a move?”

The crisis was right in front of them, and the two of them spoke very quickly.

The old beggar was stunned for a moment before he laughed and said, "Brat, I was wondering why you suddenly flew over to my side. You want me to make a move?"

Lu Benwei chuckled and said, "I can't help it. We've had a life-and-death friendship!"

"Alright, it's not impossible for me to make a move. But I can't deal with that magician," the old beggar muttered, "You have to deal with him!"

"No problem!"

After Lu Benwei agreed, the old beggar disappeared without a trace.

At this moment, the destructive tornado approached, and the powerful airflow swept everything apart.

Lu Benwei let out a breath of turbid air. He held the Ancient Sword of Clarity and struck out the Divine Destruction Sword.

"Buzz!"

The destructive aura poured out like a tidal wave. The destructive sword light towered into the sky, and the sun, moon, and stars dimmed.

The Divine Sword of Destruction was like a surging river as it rampaged. The terrifying aftershock distorted the scenery of the world and finally rushed toward the devastating tornado.

"Boom!"

A deafening explosion reverberated for more than a thousand miles.

The terrifying tornado gradually dissipated, revealing the clear blue sky behind the violent wind. It was as bright as a mirror.

The intense battle between the two sides had alarmed the higher-ups of Ha City, who immediately sent out powerful hunters.

"Let's find a place with no one around and settle this score. How about that?" the tiger general magician said.

"Alright!" Lu Benwei smiled faintly.

The tiger general magician flew toward the outskirts of Ha City. Lu Benwei also followed.

At the same time, the tiger general warrior and tiger general knight soared into the sky and followed in their footsteps. Suddenly, a huge rock smashed toward them. Its might was monstrous, suppressing the entire world.

The tiger general knight blocked the attack but was sent flying by the giant rock.

"Who is it?"

The tiger general knight shouted toward the direction of the boulder, and at the same time, he noticed a half-naked old man.

"Are you the old man who was with that kid last night?"

The old beggar's upper body was naked. His skin was tough, and his veins were bulging. He was filled with strength. He stood on a piece of ruin with his hands behind his back. His heart was beating like a war drum, just like a great general who could hold off ten thousand people alone in ancient times.

The tiger general knight's face was covered in a cold sweat, and he felt a little guilty.

"I can't even tell the level of this old fellow."

At this moment, the old beggar's Adam's apple bobbed. The tiger general knight and tiger general warrior assumed a defensive stance as if they were facing a great enemy.

"Crack! Crack!"

"My old waist..."

The old beggar, who was isolated and independent a second ago, was instantly disfigured. He kept hitting his old waist with one hand.

The tiger general warrior was so frightened that he quivered. After he regained his senses, he laughed in anger. "Half of your body has fallen into the yellow soil. You dare to provoke the Gao family?! You're courting death!"

After saying that, the tiger general warrior directly attacked.

The old beggar also attacked. His footsteps were fast and powerful, leaving a black mark on the ground.

"Shattered Star!"

The tiger general warrior swung his Shattered Stars and launched an unparalleled attack.

The old beggar's steps were vigorous and swift. His thin body was a big advantage for him. With every step he took, his feet dug deep into the ground.

The ferocious attacks of the tiger general warrior and tiger general knight were neutralized by the old beggar. At the same time, every time the attack ended, he would be punched by the old beggar.

"No, this is impossible!"

The tiger general warrior's mentality had changed. The old beggar's simple attacks were not mysterious at all. He managed to neutralize his attacks and counterattack him at the same time. He clearly had the advantage in terms of age and level, but he was the one being beaten up.

"Boom!"

The old beggar took advantage of the gap and stepped out. His old body exploded with unparalleled power as if the small universe contained in his body had exploded.

The sea of qi surged and sent a stream of qi into the body of the tiger general warrior and tiger general knight.

The tiger general warrior felt as if a small snake had burrowed into his body, turning into a giant python, wantonly destroying his limbs and bones!

At the same time, the ground shook violently and rumbled. The aftermath of the battle between Lu Benwei and the tiger general magician had already reached this place.

On the outskirts of Ha City.

A large river meandered like a dragon, dominating the endless plains.

“Boom!”

Lu Benwei raised his sword and slashed. The biting cold sword intent swept across, dominating the world.

The tiger general magician kept dodging, and every time he was hit, his body would produce wisps of green smoke that dissipated in the wind.

‘Isn’t that his real body?’ Lu Benwei thought to himself.

Lu Benwei activated the Eye of Insight and information within a radius of a hundred miles flooded into his mind.

The yellow sky, the thick earth, the river of floating ice, and the birds, insects, and monsters that were disturbed in the distance were all captured by Lu Benwei’s eyes.

“What happened?”

Lu Benwei felt strange from the bottom of his heart that he could not find the real body of the magician.

“Could it be that this magician also has a recovery divine spell similar to the Nine Tribulations Regeneration Technique?”

Without time to think, Lu Benwei and the tiger general magician started the battle again.

Lu Benwei was extremely brave. As the Ancient Sword of Clarity swung, the power of destruction gathered.

“Divine Sword of Destruction!”

Lu Benwei charged forward, and a terrifying crack appeared in space. Destructive power poured out, drowning the sky and earth under this attack.

The tiger general magician let out a blood-curdling scream, and his body turned into wisps of green smoke once again, dissipating into the air.

“Ah, I see! Stop hiding!”

Lu Benwei had seen through the tiger general magician’s little trick. This magician had learned a mysterious spatial skill. When the body was hit by a powerful skill, the injured body would be teleported to a certain space.

To conceal himself, the tiger general magician even released green smoke to create a misconception.

“You, how did you know?” The tiger general magician broke out in a cold sweat. This was his life-saving skill, and very few people could see through it.

“The reason is simple. You’re injured.”

Lu Benwei’s expression was cold as he pointed at the wound on the magician’s thigh.

“You and I are at the same level. Even if you come into contact with the aftershock of the destructive sword light, you’ll be washed away by the destructive power.”

“But the wound on my leg wasn’t caused by your skill!” The tiger general magician was still confused.

“Idiot!”

Lu Benwei sneered.

“Your wound was obviously caused by the shattered space. How do you think I could tell?”

Chapter 535 Victory

At the same time.

Thank you readers!

Ha City Urban area, Trading Center.

The tiger general warrior coughed up a mouthful of blood as the old beggar’s “qi” wreaked havoc in his body. His internal organs were all damaged, and he could not even counterattack.

“You stinky old man!”

The tiger general warrior spat out blood in rage. He had never been so humiliated since he was born.

!!

The old beggar sneered and casually raised a piece of rubble under the ruins. It was made of steel and weighed ten tons! It was hard to imagine that this skinny old man’s body hid such divine power. The steel rubble was smashed out like a meteorite.

The tiger general warrior’s eyes widened. He was a warrior, the embodiment of strength. An attack of this level could have been easily resolved. However, the attack was wreaking havoc in his body, and he could not even use his escape skill.

“Boom!”

The steel rubble smashed heavily on the tiger general warrior, and the ground along with his body began to split apart. Rumbling sounds could be heard as large pieces of the ground rolled up along with the cracks, and hot blood splashed on the cold steel.

“D*mn, senior, how did you do this?!”

Lu Benwei’s shocked voice came from behind the old beggar. He turned around and saw that the tiger general magician’s limbs were tied by a hemp rope and tied to a stick. Lu Benwei carried the rod as if he was carrying a pig.

The tiger general magician kept struggling, opening his mouth to chant a skill, but Lu Benwei mercilessly interrupted him.

After Lu Benwei saw through his trick, he was defeated like a clay chicken and a pottery dog. Then, Lu Benwei found a rope and a strong wooden stick, which was why this scene happened.

Seeing that the old beggar had defeated his companion again, the tiger general magician broke down.

“Let go of me. I’m Master Gao’s man! If you offend Master Gao, there will be no place for you to stay even if you go to the ends of the earth!”

Lu Benwei slapped the tiger general magician, causing him to see stars. Finally, there was silence.

“Old beggar, teach me while there’s no one around.”

Lu Benwei’s eyes were filled with stars. He was looking forward to the old beggar teaching him some ancient martial arts tricks.

“You didn’t have a specific class. How did you lift such a heavy boulder and throw him out at the same time? Also, how did this huge rock create such a powerful force?”

Although Lu Benwei could also rely on his skills and shocking strength to do the same thing as the old beggar, he was still able to do it. However, the old beggar was just an ordinary person.

At this time, the tiger general warrior who was provoked sneered. “To be able to tear the earth apart without relying on skills, are you the one who’s not awake or am I?”

“Shut up!”

Lu Benwei slapped the tiger general magician, causing him to see stars.

“Old beggar, don’t listen to his bullsh*t. Quickly teach me.”

“Know how to look?”

Lu Benwei felt that the old beggar was a little mysterious. Just by looking, he could split the earth into pieces? He could beat a powerful hunter into pieces?

The tiger general magician snorted disdainfully. “I say, old man, you’re too good at spouting nonsense, aren’t you? If you don’t want to teach, then don’t teach. You even said that you’re relying on looking. Can you kill someone by looking at them?”

After saying that, the tiger general magician closed his eyes and waited for Lu Benwei to slap his face again. However, after waiting for a long time, the slap did not land on his face. The tiger general warrior let out a long sigh of relief and slowly opened his eyes. The moment he opened his eyes, a withered and withered hand came toward his face.

“Slap!”

A loud and clear sound was heard, and the tiger general magician saw stars and even lost a few teeth.

“Why are the tiger generals under Gao Shengqiang so stupid?” The old beggar had his hands behind his back. He was cursing as he walked slowly in front. Finally, he stopped in front of a dilapidated building and took a deep breath.

“Old beggar, what are you doing?”

Lu Benwei did not understand and stared at the old beggar in confusion.

The old beggar pounded his waist. "Kid, watch carefully. I'll only demonstrate this once."

After saying that, the old beggar shouted. He put his right index finger and middle finger together and stabbed into the hard wall!

The tiger general magician and Lu Benwei shuddered at the same time. They felt as if their fingers had pierced into a cold wall, and they felt a sour itch in their bones.

Moreover, the tiger general magician did not believe that the old beggar had relied on the strength of a mortal to defeat his companion. If an ordinary person learned a little skill, they might be able to defeat a level-10 or even level-20 hunter. However, defeating a level-50 expert was simply a fantasy.

This old beggar had hidden his aura, causing ordinary people to be unable to see his level. Anyone with a discerning eye could tell at a glance, but this silly kid who had defeated him believed it without a doubt. At this moment, his eyes were staring at the wall without blinking.

The tiger general magician sneered in his heart. He took out a small knife from his sleeve and began to cut the rope.

At this moment, a cracking sound was heard. Deep cracks spread from the old beggar's fingertips to the entire building!

The tiger general magician was so stunned that the rope he cut could not bear his weight and fell straight to the ground.

Lu Benwei was the same, his eyes wide open.

Countless cracks spread rapidly like a plague, engulfing the entire building.

"Kid, have you learned it?"

The old beggar exhaled and rolled his eyes at Lu Benwei.

Lu Benwei chuckled. "Senior, you only demonstrated it once. How can I learn it?"

"Little brat!" The old beggar patted Lu Benwei's head. "Then do you understand what I mean by 'look'?"

Lu Benwei nodded and muttered, "I understand. It's 'eye'!"

"That's right!"

The old beggar nodded in relief.

The master of ancient martial arts knew and mastered this technique. He could shatter a boulder with a finger, or he could destroy an entire building with a finger like the old beggar.

One had to use the most delicate force to strike the weakest spot. The ancient martial arts practitioners called that spot the "eye". A huge rock had its eye, and so did a human body.

The ancient martial arts master poured his power into his eyes like flowing water, turning it into a strange force that spread to every corner and even turned into powder in an instant!

The old beggar was a master of ancient martial arts. He could accurately inject power into the “eye” of an object. The power was like flowing water, disintegrating the object from the inside out and triggering a huge amount of energy. He could easily rely on his mortal body to compete with a hunter!

The old beggar had used this to defeat the tiger general warrior and tiger general knight.

Chapter 536 Instigating

The tiger general magician’s eyes widened. If he had not seen it with his own eyes, he would not have believed it even if he was beaten to death. A person could destroy a building without relying on skills or powerful four-dimensional attributes.

Thank you readers!

Lu Benwei was also very shocked.

If ancient martial arts were combined with the hunter’s path and used in a battle against beasts, what kind of miracle would happen? However, now was not the time to think about this problem.

The commotion caused by Lu Benwei and the old beggar was too big. The city’s patrol, garrison, and law enforcement bureau were all dispatched and rushing over.

“Go back and tell Gao Shengqiang that I have no intention of making things difficult for you! But you’re the one who’s looking for trouble with me everywhere. If you want to fight, I’ll fight you anytime!” Lu Benwei said coldly to the tiger general magician.

!!

“As for his daughter, I’ll let him go after I leave Ha City!”

After saying that, Lu Benwei and the old beggar left the place in a hurry.

Not long after the two of them left, the experts of the Gao family, the Tiger Sect, and the Leopard Hall arrived first.

After learning that Gao Yiyu had been kidnapped, they immediately chased after her.

Then, the city’s patrol, garrison, and law enforcement bureau arrived one step later. When they found out that it was a conflict between two outsiders and the Gao family, they all had different reactions.

The Law Enforcement Bureau and the stationed army were originally dealing with monsters. After learning that it was a conflict between the two gangs, they all went back.

The city police had no choice but to deal with the aftermath.

The matter started because of the conflict between the Gao family and the people, causing a lot of damage and losses. The Patrol Bureau had to calculate the losses and then ask for compensation from both sides.

According to the laws of the Dragon Kingdom, any hunter could engage in a private fight, but the property damage caused must be compensated by both parties. However, the outcome of a battle

between powerful hunters was often earth-shattering. The compensation would be astronomical. It was an invisible restriction on the private fights between hunters.

However, Fan Lei, the director of the Ha City Patrol Bureau, had no choice but to call Gao Shengqiang.

“Brother Gao, how have you been recently?” Fan Lei pretended not to know anything and asked about his well-being.

There was only the sound of Gao Shengqiang’s even breathing on the phone. When Fan Lei heard this, he could not help but mutter, and his heart began to beat faster.

“Brother Gao? You...”

At this time, Gao Shengqiang suddenly spoke, “Chief Fan, let me ask you, if your son was kidnapped, what would you do?”

Fan Lei’s heart skipped a beat.

What did this mean? My son was kidnapped? For a moment, Fan Lei’s thoughts were running wild. Or did he accidentally offend Gao Shengqiang, and this was a way to threaten him?

Thinking of this, Fan Lei was a little angry. After all, he was the chief of a city’s patrol bureau, with more than a hundred people under him. He and Gao Shengqiang, the Underground King of Ha City, usually minded their own business. He even turned a blind eye to Gao Shengqiang’s shady businesses.

After saying that, he heaved a sigh of relief. His words were not only a reply to Gao Shengqiang, but also a demonstration to him.

Then, he felt that it was not enough and said, “Brother Gao, I’ll make it clear. Your subordinate fought with someone in the city and caused quite a commotion. This compensation ...”

“You’re asking me for compensation?” On the other end of the phone, Gao Shengqiang was furious and even cursed. “I want your mother, do you believe me?”

Fan Lei was stunned for a moment and blinked. “That’s for sure. According to the laws of the Dragon Kingdom, all private fights...”

“Don’t talk to me about the bullsh*t law. My daughter has been kidnapped. Can this bullsh*t law help me get it back?” Gao Shengqiang was so angry that his face turned pale. Even from dozens of miles away, Fan Lei could see the veins on his face bulging.

“I just found out that your daughter was kidnapped...” Fan Lei was dumbfounded. “Your subordinate never mentioned this to me!”

On the other end of the phone, Gao Shengqiang swallowed a mouthful of saliva. “Fan Lei, I don’t care how much the compensation is or what the law is. I want my daughter back! These few days, I’ll frantically look for those two people. If they resist, I’ll... In short, don’t bother me for the next few days!”

Gao Shengqiang hung up the phone fiercely.

Fan Lei was dumbfounded, and his mouth was wide open.

“So, that’s what happened.”

At this moment, Fan Lei’s subordinate blinked and asked, “Did you get the compensation? If we don’t get it, won’t it be deducted from our funds?”

Fan Lei glared at him fiercely. “Money, money, money. You only know about money all day long! Now we have a new job. Go and investigate who had a conflict with Gao Shengqiang’s daughter today.”

...

On the other side, in the liveliest area of Ha City, a tall black building rose from the ground. The polished glass reflected the dazzling sunlight.

At the top of the tall building, there were four large words on the door plate!

Shengqiang Corporation!

This building was Gao Shengqiang’s property, and next to it was a slightly shorter one, which was the property of the Liu family.

The hall on the top floor of the Shengqiang Corporation building was an extremely luxurious office. There was a full set of custom-made furniture, leather and horse-hair sofas, and a wall full of master paintings of various schools. Even the city art gallery was inferior.

Gao Shengqiang, who was wearing a full Armani suit, leaned against the window and drank glass after glass of wine. Behind him were his capable assistants. There were the remaining brothers of Tiger Sect, as well as the representatives of Leopard Hall and the wolf general.

The heavy door of the office was pushed open, and a panic-looking person with a round frame entered.

“Master Gao, they lost him.”

As soon as he finished speaking, tiger general, who was originally sitting on the sofa, suddenly sat up.

“Master Gao, why don’t we go and look for him?”

Gao Shengqiang did not reply. He handed the wine glass in his hand to the maid standing behind him. Then, he took a silk handkerchief and wiped his mouth. He walked forward step by step. With every step he took, many people’s hearts trembled.

“Trash!”

Gao Shengqiang took off his belt and looked at the middle-parted man with a fierce gaze. He was very fat, and his fur was thick. At this moment, he looked like an angry black bear.

The middle-parted man’s heart skipped a beat and he said, “Master, this subordinate is incompetent. Please punish me!”

After saying that, he closed his eyes and waited for the belt to fall.

“Pa!”

Gao Shengqiang turned around angrily and whipped the maid behind him.

“Pa!”

The belt fell mercilessly on the maid. Her black and white maid outfit was torn, revealing her fair skin.

Chapter 537 Liu Yao

Bloody marks appeared on her fair skin.

Thank you readers!

It was very eye-catching on the maid wearing a black and white outfit.

The maid was like a doll, allowing Gao Shengqiang to whip her with the leather belt.

After a long time, Gao Shengqiang was tired. The maid obediently handed him a silk handkerchief.

Gao Shengqiang wiped his hands and said, “It’s not your fault. Those two could even defeat the brothers of the Tiger Sect. It’s just a matter of time before they escape from your pursuit.”

!!

Hearing this, the middle-aged man let out a long sigh of relief. Then, he muttered, “Master, there’s one more thing. It’s the identities of these two people...”

“Speak!” Gao Shengqiang coldly glanced at him.

The middle-aged man swallowed his saliva. “That old man claims to be called Lu Benwei. But I’ve checked. There are many people in the Dragon Kingdom called Lu Benwei, but their ages didn’t match this old man.”

“Wait a minute.” Gao Shengqiang frowned. “Why do I feel like the name Lu Benwei is familiar?”

“Of course, you’re familiar with him. Lu Benwei has recently become an influential figure in the Dragon Kingdom. He’s a magician, but he won the championship of this year’s National Class Tournament. Moreover, he seems to have some conflicts with the eight great families of Dragon City. A few days ago, the Qi family, Zhu family, and Yan family in Dragon City called us one after another. They said that if we meet Lu Benwei, we must contact them.”

Gao Shengqiang was very dissatisfied and raised his voice. “How can we be in the mood to help them find this Lu Benwei? What about the young one?”

“That young man is called Chu Lu. We still haven’t found any information that matches his identity,” the middle-aged man said carefully.

“Master, what do you think we should do?”

“They are coming for us! Miss should still be in Ha City.”

Gao Shengqiang spat out a mouthful of anger. “Then find him. Find him even if you have to dig three feet into the ground!”

“Yes!”

The middle-aged man nodded and signaled his brothers from the Dog, Wolf, and Leopard Halls to follow him.

When only the tiger generals were left, Gao Shengqiang asked again, "What do you guys think?"

The tiger general in the lead was a graceful woman. "Master, in my opinion, these two people are probably the doing of our enemies. Otherwise, they wouldn't have provoked us time and time again. Or our competitor?"

Gao Shengqiang's eyes narrowed as he sneered. "No matter who it is, I want these two people's heads to fall to the ground."

"Yes!" the tiger generals stood up and shouted in unison.

"You mean, you want me to invite the dragon out of seclusion?" Gao Shengqiang asked.

"This is for you to decide personally," the slim woman replied cautiously.

"Alright, I'll consider this matter," Gao Shengqiang nodded and muttered.

"You guys go down first. When the people below find those two people, you can move out."

"Yes!"

...

As evening approached, the afterglow of the setting sun shone on the abandoned second-hand car recycling station.

The old beggar and Lu Benwei returned.

"It's not easy now. Patrol, the Gao family is looking for trouble with us!" The old beggar sighed.

"Nonsense, who told you to fight in the city? You hurt so many people, do you have a conscience?" Lu Benwei muttered.

"What?" The old beggar's face turned pale. "Check your conscience. Who caused such a huge commotion?"

"Alright, alright. This matter started because of the Gao family. If you want compensation, it has to be the Gao family!"

The old beggar sighed.

"Speaking of which, why do you want to grow that thing called the Pure White Snow Lotus?"

"You're not thinking of trading him for Nascent Soul Fruits, are you?" the old beggar asked after a pause.

"What else? Why would I go to the trading center?" Lu Benwei did not hide anything and said directly.

The old beggar was puzzled and asked again, "Even if this Pure White Snow Lotus is a top-grade medicinal herb, its value is several times lower than the Nascent Soul Fruit!"

The Nascent Soul Fruit and the Pure White Snow Lotus were both top-grade medicinal herbs. However, supreme-grade medicinal herbs were also divided into three, six, and nine grades.

The Pure White Snow Lotus could only be considered as a basic top-grade medicinal herb, and its value was far inferior to the Nascent Soul Fruit, even if the Pure White Snow Lotus in Lu Benwei's hand was the best known in public!

"You don't have to worry about this!"

"So, Brother Chu is here for the Nascent Soul Fruit."

Just as Lu Benwei and the old beggar sat down to rest, a voice suddenly sounded.

The two of them immediately stood up vigilantly and looked in the direction of the voice.

"Liu Yao?"

A young man in luxurious clothes stood there. He was Liu Yao, the son of a wealthy businessman in Ha City, who had a short conversation with Lu Benwei at the trading center.

At the trading center, Lu Benwei called himself Chu Lu. Therefore, Liu Yao called Lu Benwei Brother Chu.

Lu Benwei was slightly surprised. When he returned to the abandoned station, he had already made a round of inspection. He did not notice Liu Yao's presence.

"What are you doing here?" Lu Benwei's expression was very cold. His intuition did not have a good impression of Liu Yao.

"Nothing. I just wanted to see why Brother Chu would offend the Gao family to obtain the Pure White Snow Lotus. Oh, that's not right. Perhaps I shouldn't call you Brother Chu. I should call you Brother Lu Benwei."

Lu Benwei's pupils constricted, and his brows twitched. "Are you here to beg me to release Gao Yiyu?"

Lu Benwei was surprised that Liu Yao recognized him. However, when he thought about it, he did not find it strange.

Lu Benwei did not change his appearance. In addition, the eight great families had released news that Lu Benwei had gone to the three northern provinces. A troublemaker suddenly appeared in Ha City, so it was not difficult to guess his identity.

"Not really," Liu Yao said with a smile.

"Gao Yiyu and I are just smiling on the surface, but we're secretly f*cking close."

Lu Benwei was speechless.

"Then are you here to beg us to turn ourselves in?"

The old beggar interrupted, but he shook his head and dismissed the idea.

"I'm here to help Brother Lu out." Liu Yao still had a smile on his face, staring at Lu Benwei until his hair stood on end.

“Help me find the Nascent Soul Fruit?” Lu Benwei asked.

“Brother Lu is indeed smart!” Liu Yao clapped his hands and praised. He paused for a moment before continuing, “I can even give one to Brother Lu.”

“The Nascent Soul Fruit is expensive. You can’t be so kind as to help me.”

Lu Benwei’s expression was very cold. He felt that Liu Yao was up to no good.

“One Nascent Soul Fruit to befriend Brother Lu. I think there’s no one in the world who wouldn’t be willing to do this deal.”

...

When Lu Benwei heard this, he sneered in his heart.

“To be friends with me, you don’t hesitate to become enemies with the eight great families and the Gao family... Brother Liu Yao is a businessman. You know the consequences, do you?”

“You’re such a hypocrite!” The old beggar spat.

Chapter 538 Sucking

Liu Yao was not annoyed by the old beggar’s accusation.

Thank you readers!

“Old mister, you must be joking. Of course, I won’t do a losing business. If Brother Lu can take out something of equivalent value, I can naturally offer the Nascent Soul Fruit with both hands.”

The old beggar pursed his lips in dissatisfaction. “Say a thousand or ten thousand, but don’t you still want to make a deal with us? Also, do you have Nascent Soul Fruits? Why should we believe you?”

“You must be joking, sir,” Liu Yao said with a smile, “The Nascent Soul Fruit is a top-grade medicinal herb. If I had it, I’d have taken them out long ago to make a deal with you.”

Before he could finish, the old beggar spat, “Then what are you talking about here?”

!!

Liu Yao fiddled with her fingers and said, “Old sir, don’t be anxious. I know where to find it.”

“Where?” Lu Benwei’s eyes lit up as he asked.

“Gao family!”

Hearing Liu Yao’s answer, the old beggar cursed in his heart.

Lu Benwei also smiled bitterly. It turned out that the Nascent Soul Fruit that was far away was right in front of him.

“Haha!” Liu Yao laughed. “Brother Lu, you’re thinking of attacking the Gao family? Snatch the Nascent Soul Fruit? Although Brother Lu’s talent is outstanding and you’re a peerless prodigy, don’t forget that Gao Shengqiang’s brother, Gao Shengtang, is the pillar of the Dragon Kingdom...”

“So?” Lu Benwei asked with a solemn expression, “How do you plan to help us?”

“Now, the Gao family is like fire and water with you. Even if Brother Lu were to exchange something as valuable as the Nascent Soul Fruit, Gao Shengqiang might not appreciate it. And I am willing to do you a favor,” Liu Yao said mysteriously with a fake smile.

“You mean you’re willing to exchange the Nascent Soul Fruit for us?” Lu Benwei muttered.

“Of course, the premise is that Brother Lu has to give me a treasure of the same value. Only then will I not be embarrassed to go to the Gao family.”

“Is the Pure White Snow Lotus alright?” the old beggar asked Lu Benwei.

“Old mister sure knows how to joke. Although the Pure White Snow Lotus is a top-grade medicinal herb, the Nascent Soul Fruit is of a higher grade in comparison.” Liu Yao chuckled, and a mocking look appeared on his face.

The old beggar did not notice and waved his hand impatiently. “Alright, alright, we’ll consider it. We’ll contact you when the time comes!”

Liu Yao ignored the old beggar and looked at Lu Benwei. “What do you think, Brother Lu?”

Lu Benwei was silent for a long time. No one could tell what he was thinking. Liu Yao and the old beggar stared at him blankly.

The sun gradually set in the west, and a hazy color appeared where the sky and the earth intersected. It spread to every corner of the north, south, east, and west like a painting belt.

The hard-earned warmth gradually dissipated, and the chill rose. Every breath of the three people was accompanied by warm water vapor.

“In that case, we’ll wait for Brother Lu’s reply.”

Liu Yao saw that Lu Benwei did not speak for a long time, so he took out a business card from his pocket. His business card was quite exquisite. It was printed in platinum, and his name and contact information was engraved on it.

“Wait for me in your office tomorrow morning,” Lu Benwei suddenly spoke.

“Brother Lu, are you agreeing?”

“That’s right. Tomorrow morning, I’ll bring you a treasure that will satisfy you,” Lu Benwei muttered.

“Good! Then I’ll see you there.”

After saying that, Liu Yao left with Lu Benwei and the old beggar.

...

After Liu Yao left, Lu Benwei was about to speak when the old beggar beat him to it. “No, Liu Yao is obviously a villain who hides a knife behind his smile. Did you really agree to his request?”

Lu Benwei rolled his eyes. "Right now, he's the only one who can help us exchange for the Nascent Soul Fruit. If we don't rely on him, who else can we rely on? Did we really need to break into the Gao family's house and steal the Nascent Soul Fruit?"

The old beggar instantly drooped his head and stammered, unable to speak.

The Gao family has ruled Ha City for many years. They were truly a local tyrant.

Besides Leopard Hall and Tiger Sect, there was also a dragon general.

It was said that his strength had surpassed level 60. Lu Benwei's current strength was damaged, and he did not even have 10 percent of his peak strength. If he really forced his way into the Gao family, he would die.

Lu Benwei was not that stupid, so cooperating with Liu Yao was a last resort.

"Old beggar, do you know anyone in Ha City?" Lu Benwei saw that the old beggar was a little unhappy, so he chuckled and asked.

"What's wrong?" the old beggar glared at him and asked dryly, "Needless to say, he must be asking if the news about the Nascent Soul Fruit is true."

The old beggar waved his hand. "No, I didn't! If you want to find out, go and find out yourself!"

Seeing this, Lu Benwei slapped his thigh happily.

"Old beggar, your reaction is very unusual! You definitely know someone in Ha City! Let me guess who it is? Is youth the debt-holder of a love affair?" Lu Benwei laughed and teased.

"Go away, go away, you sly one. Your brain is full of yellow trash!"

Just as Lu Benwei said, the old beggar's face turned red.

Lu Benwei no longer teased him. Instead, he straightened his expression and took out the Pure White Snow Lotus.

The old beggar blinked in confusion and said, "Didn't I say that the value of the Pure White Snow Lotus is definitely not enough to exchange for the Nascent Soul Fruit?"

"That's now, but not in the future."

After saying that, Lu Benwei bit his finger and dripped a drop of blood onto the stamen of the snow lotus. In an instant, the snow lotus seemed to come alive. Its petals opened and closed like human breathing.

The blood that dripped in the middle of the stamen was gradually absorbed by the Snow Lotus. A trace of blood appeared on the pure white petals.

"Cuckoo!" the old beggar cried out in disbelief, "How did you do that?"

"I have an origin-grade bloodline in my body. It's the purest power of light that can purify all disasters in the world. The Pure White Snow Lotus also has a purifying effect. The power of light in my bloodline is a great tonic for it," Lu Benwei explained.

“But, can this thing evolve with just one drop?” The old beggar could not believe it.

“Of course not. If I want the Snow Lotus to evolve into a medicinal herb as precious as the Nascent Soul Fruit, I’ll probably need all of my blood.” Lu Benwei denied.

The old beggar was dumbfounded. “F*ck! Doesn’t that mean you’ll be dead?”

“Am I that stupid?” Lu Benwei said speechlessly.

“But why do you keep dripping blood inside?”

At this moment, Lu Benwei was no longer satisfied with the blood essence from his fingertip. Instead, he cut open the artery on his wrist.

The scarlet blood was feeding the Snow Lotus. It was like a hungry baby, sucking on the supreme delicacy.

Chapter 539 Blood God Lotus

“I can’t explain it to you in a short time.”

Thank you readers!

Lu Benwei’s right hand could no longer squeeze out blood. He felt a little dizzy.

“Hold it for me. I’ll switch hands.”

Lu Benwei handed the Snow Lotus to the old beggar and cut open his other wrist in the blink of an eye.

The entire process happened so quickly that the old beggar did not even have time to react.

!!

“Ah, aren’t you tired of living?”

The old beggar quickly hid the snow lotus behind him, cutting off Lu Benwei’s thoughts of self-harm.

“Hurry up and return it to me. I’m about to succeed!” Lu Benwei said unhappily.

“Tell me first, what methods do you have that can prevent your life from being harmed?” the old beggar asked.

“I already said that I can’t explain it to you in a short time. Besides, do you think I can die?”

The old beggar thought about it. When this guy was fighting with the Three-headed Dog, he was like a cockroach that could not be killed, so he put down his worries.

“Then let me make it clear in advance. If this hand still doesn’t work, you can’t do anything else.”

“Why are you naggier than my mom?” Lu Benwei said and continued to drip his blood on the flower.

[Ding, congratulations to the host for triggering the One-Click Divine Material Talent. The Pure White Snow Lotus is about to evolve into the Blood God Lotus!]

[One-Click Divine Material Talent!]

[Effect: The host can upgrade the heavenly and earthly treasures obtained by consuming some items of equivalent value!]

This was a one-key talent that Lu Benwei had activated when he first obtained the Magician Heart.

He had never been able to put it to use. Now, Lu Benwei was using his blood as a treasure to offer to the Snow Lotus.

It was also at this moment that the Snow Lotus underwent a world-shaking transformation. The eighteen petals of the flower bloomed wantonly, swallowing and spitting the essence of the sun, moon, and stars.

An intoxicating fragrance gushed out like a tidal wave, covering the sky and drowning the entire city.

The pedestrians on the road stopped and sniffed the refreshing fragrance.

“Is spring here? Why do you think so?”

“I feel like I’ve become several years younger!”

...

At the same time, in the abandoned recycling bin.

The old beggar was so shocked that he could not speak.

The evolved Snow Lotus in his hand bloomed wantonly. The originally Pure White Snow Lotus had changed color. The petals opened and closed with his breathing, jumping like flames.

“Is this the evolved Pure White Snow Lotus?” the old beggar cried out in surprise.

“That’s right. Now, it has a new name. It’s called the Blood God Lotus,” Lu Benwei replied, “I think its value far surpasses that of the Nascent Soul Fruit.”

The old beggar stared at the Blood God Lotus as if he was staring at his own child. “Blood God Lotus, what a good name. In that case, I’ll make a trip and ask someone to inquire about it.”

The old beggar returned the Blood God Lotus to Lu Benwei and left.

Lu Benwei was not idle either. He sat cross-legged on the roof of a house.

The setting sun fell on the earth, and the lights were lit up. Stars appeared in the deep blue sky.

In the past, the stars could not be seen at night in a heavy industrial city like Ha City. Today, the stars were exceptionally bright.

Lu Benwei’s body was covered in a layer of light. He had a faint divinity, and his entire person was like glass.

His breathing was synchronized with the blinking stars in the sky, even and relaxed.

The power of the stars was pouring into his body continuously, providing Lu Benwei with endless power.

Suddenly, Lu Benwei's breathing quickened, and his eyeballs kept moving. The divine sense origin deep in his glabella was also shaking

The Six-tailed Crocodile and Blood Monster, who were teaching the little lolita a lesson, were shocked.

"F*ck, what is this kid doing?" the Blood Monster called out.

"Did Big Brother meet with an accident?" the Six-tailed Crocodile asked with concern.

At this moment, the usually silent bronze Buddha Monster spoke, "Master wants to level up."

"Level up?"

"That's right!" The leader of the bronze Buddhas nodded.

"What level did he level up to cause such a huge commotion?"

"Master's soul is damaged. It can't withstand Master's huge four-dimensional attributes. It's like a dangerous building."

"F*ck!" The Six-tailed Crocodile patted his head. "I remember now. When Big Brother fought with that Three-headed Dog, he did say that his soul was damaged."

"But, he knows that his soul is damaged. Why did he forcefully upgrade?" The Blood Monster was puzzled.

"I guess Master encountered a little danger and had no choice but to improve himself first." the bronze Buddha Monster said truthfully.

As soon as he finished speaking, the sacred Bronze Temple shook even more violently. They could not move an inch!

"Boom!"

With a loud bang, the gate of the Bronze Temple opened, revealing the outside world.

"What's going on?" The Six-tailed Crocodile and Blood Monster were shocked.

"It's the divine temple that realized that it can't protect itself and wants us to go out."

The Six-tailed Crocodile had seen the power of the Bronze Temple before. It was a supreme divine item with divinity.

"Even the divine temple has sensed the danger. What are we waiting for?"

After saying that, he and the Blood Monster ran out. Not only that, the two of them even pulled Gao Yiyu along.

However, the bronze Buddha Monster had no intention of escaping. "Why aren't you running?"

"I'm one with the Bronze Temple. Running is useless."

At this moment, the roof of the Bronze Temple suddenly disappeared, revealing Lu Benwei's soul source. It was a glowing sphere.

However, it was already broken and full of cracks. At the same time, it was flickering in and out of existence in this soul earthquake.

“Buzz!”

His soul origin suddenly rose, wanting to drill out of Lu Benwei’s body.

“Oh no!” The bronze Buddha Monster was shocked. “This is bad! Once the soul source comes out of Master’s body, Master will explode and die!”

After saying that, the bronze Buddha Monster leaped up and tried to grab the soul origin.

However, Lu Benwei’s soul origin was extremely heavy. The bronze Buddha Monster alone was unable to hold him.

“Without Big Brother, I wouldn’t have evolved from a Three-tailed Crocodile to a Six-tailed Crocodile. Big brother is my benefactor!”

The Six-tailed Crocodile was quite loyal at this moment. He patted his belly and transformed into his original form, pressing down on the soul source.

The Blood Monster cursed his bad luck and braced himself to help Lu Benwei. Then, he suddenly turned his head and looked at Gao Yiyu.

“You go up and help me too!”

Gao Yiyu did not dare to disobey and was carried up by Blood Monster.

The six of them worked together and directly escaped from Lu Benwei’s consciousness.

At the same time, Lu Benwei’s veins bulged, and his closed eyes suddenly opened. His eyeballs kept rolling up.

Lu Benwei did not wake up. Instead, he fell into a state of suspended animation.

The six people in his divine sense were still helping Lu Benwei.

“Isn’t this kid level 55? Why is his spirit attribute so huge?” the Blood Monster cried out.

Chapter 540 Spirit Attribute

Soul consciousness and spiritual sea of consciousness. The sea of spirit attributes.

Thank you readers!

It was also the hiding place of the soul origin of intelligent creatures.

Right now, the six of them were above Lu Benwei’s sea of consciousness, suppressing the soul origin together.

Beneath their feet was a vast ocean. It was formed by Lu Benwei’s spirit attribute.

Under the nourishment of the boundless mental power, Lu Benwei’s soul source had powerful energy and provided it with an endless stream of energy, causing the six of them to complain endlessly!

!!

“Old crocodile, is your spiritual energy that dense?” the Blood Monster asked as he suppressed Lu Benwei’s soul origin.

The Six-tailed Crocodile was currently at level 73, much higher than Lu Benwei.

“If Big Brother’s spirit attribute is the bright moon in the sky, then my spirit attribute is the light of a firefly. No wonder I lost to Big Brother. His spiritual attribute has already condensed into a physical body,” the Six-tailed Crocodile said with difficulty.

The spiritual entity he mentioned was the spiritual sea under his feet. Meanwhile, the crocodile’s spiritual sea had just condensed into a corporeal form.

Gao Yiyu was also in disbelief. She had long heard of the things that the monsters were talking about.

She had seen his uncle’s spiritual sea of consciousness a few years ago. Lu Benwei’s spiritual sea of consciousness was only a little smaller than her uncle, who was the pillar of the Dragon Kingdom.

“If Lu Benwei’s soul source flew out, what would happen to us?” Gao Yiyu asked.

“Is there a need to ask? We’ll also be annihilated.”

Gao Yiyu was shocked. She gritted her teeth and said, “If you want to die, don’t drag me with you. Let me out quickly.”

“How far do you think you can hide to avoid death when such a powerful soul source and a vast sea of consciousness explode?” The Blood Monster sneered.

Gao Yiyu was shocked. She gritted her teeth and gave up the idea of running away.

The six of them continued to fight hard.

At the same time, Lu Benwei’s chest heaved up and down violently.

The so-called “qi” was also rampaging in his body, trying to break free from the corpse.

Moreover, Lu Benwei’s muscles and bones were cracking as if they were about to break. His blood boiled violently as if it was boiling.

Large amounts of hot sweat were secreted from his skin, and there was even blood mixed in.

This was the consequence of the soul not being able to suppress it, and the various divine treasures in his body began to fall apart.

Muscles and bones oversaw strength and agility, while blood was in charge of the physique. These three attributes were all controlled by the spirit attribute. Once his spirit collapsed, Lu Benwei would only end up exploding and dying.

The six people in the soul consciousness screamed in pain. Lu Benwei’s abnormal mental power became a hindrance, providing endless energy for the soul origin.

Suddenly, Lu Benwei’s body shook violently. A crescent moon rose in his spiritual sea of consciousness.

“Buzz!”

In an instant, other than the bronze Buddha Monsters, the remaining three people felt cold from head to toe. An icy cold will of death assaulted their faces.

“No way, he wants to get involved too?” The Six-tailed Crocodile’s eyelids twitched wildly. After that, it kept muttering, “Damn it, damn it.”

“Old crocodile, what is this?” the Blood Monster called out.

“Can’t you see? To think that you’re the heir of the Blood Monster clan! This is a flawless stigma. It’s just that half of it is missing!” The crocodile shouted.

The Blood Monster immediately began to mutter, “F*ck, f*ck, it’s over, it’s over. This kid wants us to die with him!”

Gao Yiyu, who was standing at the side, wanted to cry but had no tears. Her heart was burning with anxiety. “What is this?”

“This is the flawless stigma above the six-rune stigma. It controls the law of death!”

“You can understand it as an imperial edict from you humans. If you want to die, you have to die!” the Blood Monster said with a slight breakdown. In the end, he still could not return to the Blood Monster clan.

“If I had known earlier, I’d have returned to the Three Mountains Secret Realm and become the king of the mountain,” the Crocodile said regretfully.

Gao Yiyu felt the same way. She was filled with regret. If time was reversed, she would never provoke Lu Benwei!

“Don’t panic, the stigma of death might be here to help us!”

After the bronze Buddha Monster finished speaking, the half wheel of the stigmata of death vibrated and emitted a wisp of the power of the laws of death.

Suddenly, the sea of consciousness under his feet surged and created waves to attack the law of death.

The power of law of death was extremely powerful. Thousands of spiritual waves were instantly scattered by it, and his spiritual sea of consciousness returned to peace.

The Blood Monster and the Six-tailed Crocodile’s eyelids twitched.

They could sense that the stigma of Death had only released a trillionth of the law of death’s power, and it had restored peace to the vast sea of consciousness.

If they were the ones who had collided with the stigma of death, they would have been turned into ashes the moment they came into contact with it.

With the suppression of the stigma of death, his soul origin could not be nourished by his spiritual power, so his resistance was much weaker.

The six of them worked together to help Lu Benwei suppress his soul origin.

At the same time, Lu Benwei opened his eyes and heaved a sigh of relief. The first thing he did was check on the people from the Bronze Temple.

“Are you guys alright?”

Apart from the Bronze Buddha Monster, the Blood Monster, Six-tailed Crocodile, and Gao Yiyu were all paralyzed. They lay on the ground motionless.

After a long time, Gao Yiyu snorted. “Lu Benwei, if you have a conscience, let me go.” As she spoke, her voice gradually became weak.

The Blood Monster and Six-tailed Crocodile rested for a while and regained some strength.

“Big Brother, how many levels did you increase after causing such a commotion?”

“About level three or four!” Lu Benwei muttered.

“What?”

The Six-tailed Crocodile and Blood Monster were shocked. In just a few hours, he had increased by three to four levels. One had to know that after level 50, it was difficult to advance further.

Within a few hours, Lu Benwei had completed an improvement that an ordinary person could only achieve in a few months.

“If it’s in a place with dense star power, I might be able to break through to level 60 in one go!” Lu Benwei laughed awkwardly.

“Damn, damn, damn.” The crocodile opened its mouth wide and exclaimed, “Big Brother, aren’t you a little too abnormal? Are you going to let the monsters live after this?”

At this moment, Gao Yiyu shouted again, “Hey, Lu Benwei, let me go!”

Lu Benwei pretended not to hear and asked, “Are you all really alright?”

“Of course!”

The Six-tailed Crocodile patted his belly and said in a low voice, “Just hurry up and repair your soul origin. I won’t be able to help you a second time.”

Lu Benwei smiled and thanked everyone for their help. Then, he returned to reality and checked his four-dimensional attributes!
